## Demographic Form

The Demographic Form collects important demographic information that pertains to Purpose Area 1 and **only** applicants applying for Purpose Area 1 should complete the demographic form.

The name of each federally recognized Indian tribe that will be served by the proposed project(s):

---

Please enter the approximate square mileage of the reservation or jurisdiction to be served (in square miles): \_\_\_\_\_

What is the actual population your department serves as the primary law enforcement agency entity?

---

Population served counts must not be adjusted upward to account for daytime business/shopping visitors, highway traffic passing through a jurisdiction, nor should it include annual visitor totals. This may or may not be the same as the population reported in the U.S. Census, the tribe's current enrollment, or the local population base. A tribe with primary law enforcement authority is defined as having first responder responsibility to calls for service for all types of criminal incidents within its jurisdiction.

Enter the Fiscal Year Budgeted Sworn Force Strength for the current fiscal year below.

The budgeted number of sworn officer positions is the number of sworn positions funded in your agency's budget, including funded but frozen positions, as well as state, Bureau of Indian Affairs, and locally funded vacancies. Do not include unfunded vacancies or unpaid/reserve officers. NOTE: For tribes with multiple component law enforcement departments (e.g., Department of Public Safety and Fish and Wildlife Department), please report the cumulative, full- and part-time sworn-force strength number for all law enforcement departments in your tribe that would receive funding through this request if awarded.

## Officers Requested (complete only if requesting officers)

### Instructions

If you are applying for career law enforcement officer positions please answer the below questions.

The COPS Office’s statute defines a “career law enforcement officer” as “a person hired on a permanent basis who is authorized by law or by a State or local public agency to engage in or supervise the prevention, detection, or investigation of violations of criminal laws.” 34 U.S.C. §10389(1). Successful applicants may use officer hiring funds to pay the salary and benefits of recruits while in academy training to become “career law enforcement officers” if it is the standard practice of the agency to do so with locally funded recruits. The State of Alaska, and any Indian tribe or tribal organization in that state, may also use officer hiring funds for a “village public safety officer” defined as “an individual employed as a village public safety officer under the program established by the State pursuant to Alaska Statute 18.65.670.” Tribal Law and Order Act of 2010, Pub. L. 111–211, title II, § 247 (a)(2).

How many entry-level, full-time career law enforcement officer positions is your agency requesting in this application?

### Instructions

**IMPORTANT:** Next, your agency must allocate the number of positions requested under each of the three hiring categories described below based on your agency’s current needs at the time of this application. Be mindful of your agency’s ability to fill and retain the officer positions awarded, while following your agency’s established hiring policies and procedures. Awards will be made for officer positions requested in each of the three hiring categories, and recipients are required to use awarded funds for the specific categories awarded.

It is imperative that your agency understand that the COPS Office statutory nonsupplanting requirement mandates that award funds may only be used to supplement (increase) a recipient’s law enforcement budget for sworn officer positions and may not supplant (replace) state, local, or tribal funds that a recipient otherwise would have spent on officer positions if it had not received an award. This means that if your agency plans to:

(a) Hire new officer positions (including filling existing vacancies that are no longer funded in your agency's budget): It must hire these new additional positions on or after the official award start date, above its current budgeted (funded) level of sworn officer positions, and otherwise comply with the nonsupplanting requirement as described in detail in the award owner's manual.

(b) Rehire officers who have been laid off by any jurisdiction as a result of state, local, or tribal budget reductions: It must rehire the officers on or after the official award start date, maintain documentation showing the date(s) that the positions were laid off and rehired, and otherwise comply with the nonsupplanting requirement as described in detail in the award owner's manual.

(c) Rehire officers who are (at the time of application) currently scheduled to be laid off (by your jurisdiction) on a specific future date as a result of state, local, or tribal budget reductions: It must continue to fund the officers with its own funds from the award start date until the date of the scheduled layoff (for example, if the award start date is September 1 and the layoffs are scheduled for November 1, then the funds may not be used to fund the officers until November 1, the date of the scheduled layoff); identify the number and date(s) of the scheduled layoff(s) in this application (see below); maintain documentation showing the date(s) and reason(s) for the layoff; and otherwise comply with the nonsupplanting requirement as described in detail in the award owner's manual. [Please note that as long as your agency can document the date that the layoff(s) would occur if award funds were not available, it may transfer the officers to the grant funding on or immediately after the date of the layoff without formally completing the administrative steps associated with a layoff for each individual officer.]

Documentation that may be used to prove that scheduled layoffs are occurring for local economic reasons that are unrelated to the availability of award funds may include (but are not limited to) council or departmental meeting minutes, memoranda, notices, or orders discussing the layoffs; notices provided to the individual officers regarding the date(s) of the layoffs; or budget documents ordering departmental or jurisdiction-wide budget reductions. These records must be maintained with your agency's award records during the award period and for three years following the date of the submission of the final expenditure report in the event of an audit, monitoring, or other evaluation of your award compliance.

If your agency's request is funded, your agency will have the opportunity after the award announcement to request an award modification to move awarded funding into the category or categories that meet your agency's law enforcement needs at that time (including updating the dates of future scheduled layoffs).

**Category A:** *New, additional officer positions (including filling existing vacancies no longer funded in your agency's budget).*

**Category B:** *Rehire officers laid off (from any jurisdiction) as a result of state or local budget reductions.*

**Category C:** *Rehire officers scheduled to be laid off (at the time of the application) on a specific future date as a result of state or local budget reductions.*

Instructions

We also need some information about when the layoff of officers in this category is scheduled to occur. In the space below, please indicate when the officer(s) specified in this category are scheduled to be laid off.

Because your agency plans to use funds to rehire officers who are currently scheduled to be laid off on a future date (under category C above), please certify (by checking the appropriate boxes) to the following Certification:

**Select All**

My agency has and will maintain documentation showing the date(s) of the scheduled layoff(s) and demonstrating that the scheduled layoff(s) is/are occurring for fiscal reasons that are unrelated to the availability or receipt of award funds

My agency will use its own funds to continue funding these officers until the scheduled date(s) of the layoff(s) and will use funds to rehire these officers only on or after the scheduled date of the layoff(s).

My agency recognizes that the program provides funding based on our entry-level salary and benefits package and that any additional costs for rehired officers beyond entry level are our responsibility to pay with other sources of funding.

School Resource Officer Request Instructions

If your agency requests officers to be deployed as school resource officers (SRO), you must answer the following questions. A “school resource officer” is a career law enforcement officer, with sworn authority, who is engaged in community policing activities and is assigned by the employing agency to work in collaboration with schools. If awarded an award for SRO position(s), please note that the COPS

Office requires that the officer(s) deployed into the SRO position(s) spend a minimum of 75 percent of their time in and around primary and secondary schools working on school and youth-related activities. The placement of law enforcement officers in school carries a risk of contributing to a “school-to-prison pipeline” process where students are arrested or cited for minor, nonviolent behavioral violations and then diverted to the juvenile court system. This pipeline wastes community resources and can lead to academic failure and greater recidivism rates for these students. If awarded, the recipient will agree that any officers deployed while implementing the award may not be involved in the administrative discipline of the students.

There must be an increase in the level of community policing activities performed in and around primary or secondary schools in the agency’s jurisdiction as a result of the award. The time commitment of the funded officers must be above and beyond the amount of time that the agency devoted to the schools before receiving the award. Recipients using funding to hire or deploy school resource officers into schools must submit to the COPS Office a signed memorandum of understanding (MOU) between the law enforcement agency and the school partner(s) before obligating or drawing down funds under this award. An MOU is not required at time of application; however, if the law enforcement agency already has an MOU in place that is applicable to the partnership, the MOU can be uploaded as an attachment in the section of the application titled “MOUs and other Supporting Documents”. The MOU must contain the following: the purpose of the MOU, clearly defined roles and responsibilities of the school district and the law enforcement agency focusing officers’ roles on safety, information sharing, supervision responsibility, and chain of command for the SRO and signatures. If awarded, a recipient must submit an MOU to the COPS Office within 90 days from the date shown on the award congratulatory letter. Implementation of the award without submission and acceptance of the required MOU may result in expenditures not being reimbursed by the COPS Office or award deobligation.

Is your agency requesting that all or some of these officer positions will be deployed as school resource officers (SRO)?  Yes  No

If Yes, how many of your requested positions in this application will be deployed as school resource officers (SRO)? \_\_\_\_\_

## 28 C.F.R. Part 23 (Criminal Intelligence)

### Reviews and Certifications

Certification of Review of 28 C.F.R. Part 23/Criminal Intelligence Systems: If your agency is requesting COPS Office funds for equipment or technology that will be used to operate an interjurisdictional criminal intelligence system that receives, stores, analyzes, exchanges, or disseminates data regarding ongoing criminal activities, you must agree to comply with the operating principles at 28 C.F.R Part 23.

If you are requesting COPS Office funds to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply.

Please check one of the following, as applicable to your agency's intended use of COPS Office funds:

- No, my agency will not use these COPS Office funds (if awarded) to operate an interjurisdictional criminal intelligence system.
- Yes, my agency will use these COPS Office funds (if awarded) to operate an interjurisdictional criminal intelligence system and will comply with the requirements of 28 C.F.R. Part 23.

## Duplication of Funding

Applicants are required to disclose whether they have pending applications for federally funded assistance or active federal awards that support the same or similar activities or services for which funding is being requested under this application.

Be advised that as a general rule, COPS Office funding may not be used for the same item or service funded through another funding source. However, leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate. To aid the COPS Office in the prevention of awarding potentially duplicative funding, please indicate whether your agency has a pending application or an active award with any other federal funding source (e.g., direct federal funding or indirect federal funding through state sub-awarded federal funds) which supports the same or similar activities or services as being proposed in this COPS Office application.

Do you have any current, active non-COPS Office award with any other federal funding source (e.g., direct federal funding or indirect federal funding through state subawarded federal funds) that supports the same or similar activities or services as being proposed in this COPS Office application?

Yes       No

If Yes, for each potentially duplicative non-COPS Office award, provide the following detailed information: name of federal awarding agency, or state agency for subawarded federal funding; award number; program name; award start and end dates; award amount; and description of how this project differs from the application for COPS office funding.

If Yes, for each potentially duplicative non-COPS Office grant application, provide the following detailed information: application number (if known); program name; project length; total requested amount; items requested; and describe how this project differs from the application for COPS Office funding.
