2A:CHP Eligibility Questions

In this section, we will ask you several questions about your law enforcement agency operations and authority to determine your eligibility to apply for a COPS Hiring Program (CHP) grant. Please note that CHP applicants must have a police department which is operational as of the 03/01/2012 date of this application, or receive services through a new or existing contract for law enforcement services. Applicants must also maintain primary law enforcement authority for the population to be served.

Additionally, if funds under this program are to be used as part of a written contracting arrangement for law enforcement services (e.g., a town which contracts with a neighboring sheriff's department to receive services), the government agency wishing to receive law enforcement services must be the legal applicant in this application (although we will ask you to supply some information about the contract service provider later).

Part I. Law Enforcement Agency Operations

A law enforcement agency is established and operational if the jurisdiction has passed authorizing legislation and it has a current operating budget.

Q1) Is your agency established and currently operational?

Yes

Part II. Contracting to Receive Law Enforcement Services

A law enforcement agency is established and operational if the jurisdiction has passed authorizing legislation and it has a current operating budget.

Q1) If awarded, does your agency plan to use funds awarded under this grant to establish or supplement a written contract for law enforcement services (e.g., a town contracting for services with a nearby sheriff's department)?

No

Part III. Law Enforcement Agency Authority

An agency with primary law enforcement authority is defined as the first responder to calls for service for all types of criminal incidents within its jurisdiction. Agencies are not considered to have primary law enforcement authority if they only: respond to or investigate specific type(s) of crime(s); respond to or investigate crimes within a correctional institution; serve warrants; provide courthouse security; transport prisoners; and/or have cases referred to them for investigation or investigational support.

Q1) Based on the definition above, does your agency have primary law enforcement authority? [Or, if contracting to receive services, does the agency that will be providing law enforcement services have primary law enforcement authority for the population to be served?]

Yes

SECTION 3: GENERAL AGENCY INFORMATION

A. Applicant ORI Number: NJ00112

The ORI number is assigned by the FBI and is your agency's unique identifier. The COPS Office uses the first seven characters of this number. The first two letters are your state abbreviation, the next three numbers are your county's code, and the next two numbers identify your jurisdiction within your county. If you do not currently have an ORI number, the COPS Office will assign one to your agency for the purpose of tracking your grant. ORI numbers assigned to agencies by the COPS Office may end in "ZZ."

B.Applicant Data Universal Numbering System (DUNS) Number: 0455063420000

*A Data Universal Numbering System (DUNS) number is required **prior** to submitting this application. A DUNS number is a unique nine or thirteen digit sequence recognized as the universal standard for identifying and keeping track of entities receiving federal funds. For more information about how to obtain a DUNS number, please refer to the "How to Apply" section of the COPS Application Guide*

C.Central Contractor Registration (CCR)

*All applicants (other than individuals) must be registered in the Central Contractor Registration (CCR) database **prior** to submitting this application. Applicants must also maintain an active CCR registration with current information at all times during the grant application process and, if awarded, the grant award period. The CCR database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. For more information about how to register with the CCR, please refer to the "How to Apply" section of the COPS Application Guide. Please note that applicants must update or renew their CCR at least once per year to maintain an active status.*

Section 5A: COPS HIRING PROGRAM OFFICER REQUEST

Enter the Fiscal Year Actual Sworn Force Strength as of the date of this application. *The actual number of sworn officer positions is the actual number of sworn positions employed by your agency as of the date of this application. Do not include funded but currently vacant positions or unpaid positions.*

Number of officers employed by your agency as of the date of this application:

Full-Time Part-Time

For FY 2012, COPS Hiring Program (CHP) applicants are eligible to apply for the number of officers equal to 5% of their actual sworn force strength up to a maximum of 25 officers with a minimum of one (1) officer per agency.

FY 2012 CHP grant funds cover 75 percent of the approved entry-level salary and fringe benefits of each newly-hired and/or rehired, full-time sworn career law enforcement officer for three years (36 months) up to \$125,000 per officer position. CHP grant funding will be based on your agency' current entry-level salaries and fringe benefits for full-time sworn officers.

Based on the information provided in this application:

Your agency is eligible to apply for up to 2 officer position(s).

How many entry-level, full-time officer positions is your agency requesting in this application?

2

Next, your agency must allocate the number of positions requested under each of the three hiring categories described below based on your agency's current needs at the time of this application. Please be mindful of the initial three-year grant period, and your agency's ability to fill and retain the officer positions awarded, while following your agency's established hiring policies and procedures. CHP grant awards will be made for officer positions requested in each of the three hiring categories, and grantees are required to use awarded funds for the specific categories awarded.

It is imperative that your agency understand that the COPS statutory nonsupplanting requirement mandates that grant funds may only be used to supplement (increase) a grantee's law enforcement budget for sworn officer positions and may not supplant (replace) state, local, or tribal funds that a grantee otherwise would have spent on officer positions if it had not received a grant award. This means that if your agency plans to:

- (a) Hire new officer positions (including filling existing vacancies that are no longer funded in your agency's budget). If awarded under this category, a department must hire a post September 11, 2001 military veteran as defined in the 2012 CHP Application Guide. It must also hire these new additional positions on or after the official grant award start date, above its current budgeted (funded) level of sworn officer positions, and otherwise comply with the nonsupplanting requirement as described in detail in the Grant Owner's Manual.
- (b) Rehire officers laid off as a result of state, local, or tribal budget cuts: It must rehire the officers on or after the official grant award start date, maintain documentation showing the date(s) that the positions were laid off and rehired, and otherwise comply with the nonsupplanting requirement as described in detail in the Grant Owner's Manual.
- (c) Rehire officers who are (at the time of the updated application) currently scheduled to be laid off on a future date as a result of state, local, or tribal budget cuts: It must continue to fund the officers with its own funds from the grant award start date until the date of the scheduled lay-off (for example, if the CHP award start date is September 1 and the lay-offs are scheduled for November 1, then the CHP funds may not be used to fund the officers until November 1, the date of the scheduled lay-off); identifying the number and date(s) of the scheduled lay-off(s) in this application (see below); maintain documentation showing the date(s) and reason(s) for the lay-off; and otherwise comply with the nonsupplanting requirement as described in detail in the Grant Owner's Manual. [Please note that as long as your agency can document the date that the lay-off(s) would occur if CHP funds were not available, it may transfer the officers to the CHP funding on or immediately after the date of the lay-off without formally completing the administrative steps associated with a lay-off for each individual officer.]

Documentation that may be used to prove that scheduled lay-offs are occurring for local economic reasons that are unrelated to the availability of CHP grant funds may include (but are not limited to) council or departmental meeting minutes, memoranda, notices, or orders discussing the lay-offs; notices provided to the individual officers regarding the date(s) of the lay-offs; and/or budget documents ordering departmental and/or jurisdiction-wide budget cuts. These records must be maintained with your agency's CHP grant records during the grant period and for three years following the official closeout of the CHP grant in the event of an audit, monitoring, or other evaluation of your grant compliance.

If your agency's request is funded, it will have the opportunity after the award announcement to request a grant modification to move awarded funding into the category or categories that meet your agency's law enforcement needs at that time (including updating the dates of future scheduled lay-offs).

If you need additional information regarding requesting a modification, please contact the COPS Office Response Center at 1-800-421-6770.

Category A: New, additional officer positions (including filling existing vacancies no longer funded in your agency's budget). Please note that any officer hired under this category must be a post September 11, 2001 military veteran as defined in the 2012 CHP Application Guide.

Funds for the hiring or rehiring of officers for assignment to Internet Crimes Against Children (ICAC) are not available in this program for FY 2012. Please disregard this question

1. In FY 2012, up to \$30 million is available for the hiring or rehiring of officers who will be assigned to Internet Crimes Against Children (ICAC) task forces. Will any of the officers requested above be assigned on a full-time basis to an ICAC task force?

Yes No

2. How many of the officers requested above will be assigned to an ICAC task force?

As noted previously, the number of officers an applicant can request under the COPS Hiring Program in 2012 is capped. However, the COPS Office is interested in learning more about the overall need for officer positions within your department. Therefore, if no officer caps were in place, what is the total number of officers that your agency would be requesting in this application?

SECTION 6B: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

Community Policing Strategy

COPS Office grants must be used to reorient the mission and activities of law enforcement agencies through initiating community policing or enhancing their involvement in community policing. If awarded funds, your responses to sections II(a) and II(b) that follow will constitute your agency's community policing plan under this grant. Your organization may be audited or monitored to ensure that it is initiating or enhancing community policing in accordance with this plan. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving and community policing implementation tools. Please note that the COPS Office recognizes that your COPS-funded officer(s) (or an equal number of veteran officers who are redeployed after hiring the entry-level COPS-funded officers) will engage in a variety of community policing activities and strategies, including participating in some or all aspects of your identified community policing plan. Your community-policing plan may be influenced and impacted by others within and outside of your organization; this is considered beneficial to your community policing efforts

At any time during your grant, you should be prepared to demonstrate (1) the community policing activities engaged in prior to the grant award that are detailed in section I of this application and (2) how the grant funds were specifically used to enhance (increase) or initiate community policing activities according to your community policing plan contained in sections II(a) and II(b) of this application.

Finally, we also understand that your community policing needs may change during the life of your grant. **Minor changes to this plan may be made without prior approval of the COPS Office;** however, grantees will be required to report on progress and/or changes to the community policing plan (if any) through required progress reports. **If your agency's community policing plan changes significantly, you must submit those changes to the COPS Office for approval.** Changes are "significant" if they deviate from the specific crime problems(s) originally identified and approved in the community policing plan submitted with the application. In some cases, changes to the approved community policing strategies may also be deemed significant and may require approval of a modified community policing plan by the COPS Office, depending on the scope and nature of those changes as identified in the quarterly progress reports.

Community Policing Definition Framework

The following is the COPS Office definition of community policing that emphasizes the primary components of community partnerships, organizational transformation, and problem solving. Please refer to the COPS Office website (www.cops.usdoj.gov) for further information regarding this definition.

Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues, such as crime, social disorder, and fear of crime.

The COPS Office has completed the development of a comprehensive community policing self-assessment tool for use by law enforcement agencies. Based on this work, we have developed the following list of primary sub-elements of community policing. Please refer to the COPS Office website (www.cops.usdoj.gov) for further information regarding these sub-elements.

<p><u>Community Partnerships:</u> Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to both develop solutions to problems and increase trust in police.</p>	<p><u>Organizational Transformation:</u> The alignment of organizational management, structure, personnel and information systems to support community partnerships and proactive problem-solving efforts.</p>	<p><u>Problem Solving:</u> The process of engaging in the proactive and systematic examination of identified problems to develop effective responses that are rigorously evaluated.</p>

SECTION 6B: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

II(a) Proposed Community Policing Plan: Problem Solving and Partnerships

COPS grants must be used to initiate or enhance community policing activities. In this section you will be asked to identify the crime and disorder problem(s) and the partners to be engaged through your requested COPS funding. Identifying the specific problem(s) and partnerships that your agency plans to focus on is important to ensure that you satisfy the requirements for COPS funding under this program and to ensure that ultimately the use of these funds will initiate or enhance your agency's capacity to implement community policing strategies.

7) Using the following list, select a problem(s) that will be addressed with these grant funds. Please choose the option that best fits your problem. You may select up to five problems to address through this grant funding. When identifying a problem(s), it is important to think about the nature of similar incidents that taken together comprise the problem, and accordingly describe it in precise, specific terms (e.g. "burglary of retail establishments", rather than just "burglary"). In doing this, it can be helpful to consider all aspects of the problem, including the likely offenders, the suitable targets/victims, and how these come together in time and space.

Non-Violent Crime Problems

Quality of Life Problem

Fear of crime -residents and transcient population
--

7b. Briefly describe the problem that you will address with these grant funds.

The Township of Hamilton (Atlantic County) is the largest municipality in the State of New Jersey. The designation 27 years ago as a Pinelands Commission Growth Area has caused the rapid growth of population, commercial and retail business, temporary population, and a tremendous increase in highway and pedestrian traffic.

The Hamilton Mall is located directly in the center of the Safe Corridor and over 8.6 million patronize it each year. It is estimated that over 50,000 vehicles pass through the area each day and this number is expected to increase.

The Township of Hamilton has experienced a 29% growth in population. The increase in residential population mixed with a transient population continues to affect the quality of life for our citizens.

Over the past 5 years our department has seen a steady 4% increase per year in calls for police service. Nationally violent crime is down 5.4% but locally our violent crime is up: 11.6% due to an increase in simple assault. Since 2005, 911 Emergency Calls have increased by 45%. This has all occurred while staffing has decreased by 34% since 2007.

The Township of Hamilton Police Department is based on the community policing philosophy. The department has incorporated this mindset in 100% of the agency. Citizens, businesses, complexes, etc see the same officers on a more frequent basis improving their rapport and relationship with the department.

Our presence in the community and foreword approach to problem solving has allowed us to predict and plan keeping us ahead of the "issues." The reduction in staffing and increase in demands has stretched resources. We have organized and maintained a monthly Condo/Housing Managers Association meeting for several years. In 2009 our department implemented a modified "Compstat" process.

These programs and initiatives have focused our resources on the community and their concerns. Our mission "To Help People" becomes less reachable while the threat of social harm increases.

8) Which of the following information sources did you use to prioritize this problem as a problem to address through this grant program (please check all that apply):

- Police department data (e.g. police reports, calls for service, crime data, citizen complaints)
- Agency personnel (e.g. officer feedback, command staff priorities)
- Other local non law enforcement government agency data
- Community based organizations (e.g. faith based, non-profits, social service providers)
- Local businesses
- Individual community members/community meetings
- Community survey
- Local government officials
- The media
- None of the above

9) If awarded funds, my agency will improve our understanding of this problem by examining (please check all that apply):

- Routinely collected law enforcement data/information related to the problem (e.g. arrest, incident reports, calls for service)
- The location and/or time aspects of the problem (e.g. mapping)
- The conditions and environmental factors related to the problem
- The strengths and limitations of current responses to the problem
- Non-law enforcement data/information related to the problem (e.g. insurance crash data, other government agency data, census data, survey data)
- Existing research and best practices related to the problem
- Data/information from the community related to the problem (e.g. resident associations, business groups, non-profit community service organizations)
- Information about offenders contributing to the problem (e.g. offender interviews, arrest records)
- Information about victims affected by the problem (e.g. crime reports, victim interviews)
- Strengths and weaknesses of previous responses to the problem
- None of the above

10) An important part of a comprehensive community policing plan is the formation of partnerships, such as working with other public agencies, private organizations, or participation in regional law enforcement partnerships. If awarded funds, will your agency initiate or enhance a partnership with an external group/organization to develop responses to this problem?

Yes No

10a) If awarded funds, how many external groups/organizations will your agency initiate or enhance a partnership with to develop responses to this problem

II(b) Proposed Community Policing Plan: Organizational Transformation

COPS grants must be used to initiate or enhance community policing activities. In this section you will be asked to identify the organizational change(s) that your agency plans to focus on through your requested COPS funding. Identifying the specific organizational change(s) that your agency plans to focus on is important to ensure that you satisfy the requirements for COPS funding under this program, and to ensure that ultimately the use of these funds will initiate or enhance your agency's capacity to implement community policing strategies.

13) If awarded funds, will your agency initiate or enhance any of the following internal changes to personnel management? (Select no more than 2 internal changes to personnel management that will be addressed with these grant funds.)

Flexibility in officer shift assignments to facilitate addressing specific problems

Assignment of officers to specific neighborhoods or areas for longer periods of time to enhance customer service and facilitate more contact between police and citizens

In order to provide such a high quality of service we have broken our Township down into six community policing areas. One sergeant and three officers are permanently assigned to these areas to provide stability. By doing this these officers are familiar with the "goings on" in and around their beats and their efforts are recognized members of our community. If they need police assistance they know there are specific officers assigned to protect and help them and they will be there to do so day in and day out. In reality it is quite simple, same faces in the same place all the time. Our community policing strategy has earned the trust and respect from members of our community and with that comes an open exchange of information.

Each month we meet with the managers of our condominium, apartment, and housing complexes. It is at these meetings where open dialogue is encouraged. The quality of life for members of these communities is priority. Matters stemming from barking dog complaints to narcotics dealing are discussed. Information is gathered and brought back and distributed to the appropriate area sergeants and officers for review.

Our agency implemented a modified COMPSTAT process in order to better measure our officers activity. The allocation of resources is improved while repeat calls for service are reduced providing more time to have contact with our citizens. Monthly the command staff meets with our sergeants, traffic coordinator, intelligence analyst, detectives, juvenile officer and Chief of Police to review the prior months operations plan results. We review the upcoming month's operations plan and discuss ideas to deter/solve certain crimes and quality of life issues.

Our organization also implemented the Data-Driven Approaches to Crime and Traffic Safety (DDACTS). This approach of data collection and analysis helps identify "Hot Spots" in the community by analyzing crime and traffic data. The "Hot Spots" are mapped to identify and reduce social h

Recruitment and hiring practices that reflect an orientation towards problem solving and community engagement

In-service training for officers on basic and advanced community policing principles

Field training officer (FTO) programs that teach and test problem solving, community engagement, and critical thinking skills

Further define and clarify community policing roles and expectations for officers

Personnel was implemented and based on COMPSTAT processes, to help and perform more effectively to problem solving. COMPSTAT developed by the New York City Police Department, brings more accountability to the beat and area sergeants. The allocation of resources is improved while repeat calls for service are identified and eliminated providing more time for officers to have contact with our citizens.

COMPSTAT is based on four principles:

Accurate and Timely Intelligence

In order to effectively fight crime, officers at all levels of the department must know what time and day of the week crimes and incidents are taking place.

Effective Tactics

Commanders and sergeants must develop effective tactics to deal with the problems revealed. In order to bring about permanent change in crime and incident conditions, these tactics must be flexible, comprehensive, and adaptable to changing trends. We must also not be afraid to solicit the aid of outside agencies as well as the help of the general public.

Rapid Deployment of Personnel and Resources

Once a plan is established we must act with a sense of urgency and coordinate all resources necessary to correct the problem.

Relentless Follow-up and Assessment

Follow-up is a necessity to ensure the desired results have been achieved and is the only way of ensuring that recurring or similar problems are dealt with in the future.

COMPSTAT involves every member of the police department and the process is very time consuming. Each month the command staff meets with our sergeants, traffic coordinator, intelligence analyst, detectives, juvenile officer and Chief of Police to review the prior months operations plan results. We also review the upcoming month's operations plan and discuss ideas on how to deter/solve certain crimes and how to handle quality of life issues.

- Early intervention systems that help identify officers who may be showing early signs of stress, personal problems, and questionable work conduct

- First-line supervisory skills to support officer problem solving and community engagement activities

- Career development and/or promotional processes that reinforce problem solving and community engagement

- None of the above

14) If awarded funds, will your agency initiate or enhance any of the following internal changes to agency management? (Select up to 2 internal changes to agency management that will be addressed with these grant funds.)

- Agency mission statement, vision, and/or goals that reflect the core values of community policing

- Agency strategic plan that outlines the goals and objectives around community policing and other departmental priorities

- Organizational performance measurement systems that include community policing metrics, and conduct annual assessments of agency performance

- Police officer ethical conduct initiative (e.g. procedural justice, values-based policing, etc.)

- Technology systems that provide officers, analysts, and the community better and more timely access to data and information

Our organization has begun scrutinizing the data to better understand the relationship between crime and traffic incidents. In 2011 members of our organization attended the Data-Driven Approaches to Crime and Traffic Safety implementation workshop. This approach of data collection and analysis helps identify "Hot Spots" in the community by analyzing crime and traffic data.

Our organization has partnered with a neighboring jurisdiction to implement the DDACTS process and identify joint "Hot Spots." We will share resources to achieve our goals of reducing crime and traffic incidents while improving the quality of life for residents and business owners in these specific areas.

A new Records Management and Computer Aided Dispatch (CAD) software has been purchased to provide better querying and data mining ability while also providing a Citizen Portal to keep citizens information through reporting and mapping software.

- Mediation strategies to resolve citizen complaints

- Collection, analysis, and use of crime data and information in support of problem solving goals

- Formal accreditation process

The Township of Hamilton Police Department has been accredited since June 2009. Our agency will continue with this process and participate in re-accreditation in June 2012.

- System to capture and track problem solving and partnership efforts and activities

- An organizational assessment of community policing

- Level and frequency of communication with the community on crime problems and agency activities to enhance transparency

- None of the above

III. General Community Support and Engagement

- Multi-jurisdictional or regional task forces/partnerships
- Local educational institutions (schools/colleges/universities)
- Local government officials
- Individual stakeholders residing, working or with an interest in the community and/or problem
- None of the above

16) To what extent are there related governmental and/or community initiatives that complement your agency's proposed community policing plan?

- a) There are a significant number of related initiatives
- b) There are a moderate number of related initiatives
- c) There are a minimal number of related initiatives
- d) There are no related initiatives

17) To what extent is there community support in your jurisdiction for implementing the proposed community policing plan?

- a) High level of support
- b) Moderate level of support
- c) Minimum level of support

18) If awarded funds, to what extent will the community policing plan impact the other components of the criminal justice system in your jurisdiction?

- a) Potentially decreased burden
- b) No change in burden
- c) Potentially increased burden

SECTION 7: NEED FOR FEDERAL ASSISTANCE

C. Explanation of Need for Federal Assistance

All applicants are required to explain their inability to address the need for this award without federal assistance. Please do so in the space below.

[Please limit your response to a maximum of 3,000 characters.]

The Township of Hamilton was faced with a \$2.3 million budget shortfall in 2011 forcing our municipality to layoff 13 full time sworn police officers, our civilian crime analyst, a police dispatcher and 2 police records clerks. State aid is in question and continued financial constraints will limit the opportunity to rehire laid off police officers without the assistance of the COPS Hiring Program.

We have experienced a 29% increase in population, a burgeoning commercial district, and an explosion of increased traffic on US, State, County, and Municipal roadways. With this increase our agency has experienced a staffing reduction from 71 police officers (2006) to 49 (2011); a 34% reduction. This reduction has occurred in a township mandated by the Pinelands Commission to increase housing.

Over the past 5 years our department has seen a steady 4% increase per year in calls for police service. Nationally violent crime is down 5.4% but locally our violent crime is up: 11.6% due to an increase in simple assault. Since 2005, 911 Emergency Calls have increased by 45%.

We have effected a successful program of crime deterrence reflected in our UCR statistics, highway traffic safety programs recognized by NHTSA and NJDHTS as models of their kind, and the confidence of our population in a department for which, "community and problem-oriented policing" is not a program but a philosophy that drives the department's daily response and long term planning.

A modified COMPSTAT process has been implemented in order to measure our officers' activity and brings more accountability to the beat and area sergeants. The allocation of resources is improved while repeat calls for service are identified and eliminated providing more time for officers to have contact with our citizens.

This process also focuses on traffic issues affecting the community. Between 1998 and 2005, 41 pedestrians were struck by motor vehicles along a corridor of our Township with seven resulting in death. Since the inception of this program we have had only four pedestrian crashes, an astonishing 91% decrease. Our efforts were recognized on both the state and federal levels.

Our organization attended the Data-Driven Approaches to Crime and Traffic Safety (DDACTS) implementation workshop. This approach of data collection and analysis helps identify "Hot Spots" in the community by analyzing and overlaying crime and traffic data. By mapping this information we identify where problems are occurring while tracking the activity of our officers - "Cops on Dots." "Hot Spot" maps are also shared with our community members keeping them better informed while further reducing social harm.

We pride ourselves on being a proactive police department that provides quality service to our citizens. As it stands now, we know our community and they know us. With your assistance we can continue to perform our duties with diligence and empathy, without it we will simply be call takers with no sense of community

SECTION 8: CONTINUATION OF PROJECT AFTER FEDERAL FUNDING ENDS

If you are applying for a COPS grant with a post-award retention requirement, please complete A. If you are applying for a COPS grant without a post-award retention requirement, please complete B.

A. Continuation of Project after Federal Funding Ends (for COPS grants with a retention plan requirement)

Applicants must plan to retain all sworn officer positions awarded under your COPS hiring grant for a minimum of 12 months at the conclusion of 36 months of federal funding for each position. The retained COPS funded positions should be added to your agency' law enforcement budget with state and/or local funds at the end of grant funding, over and above the number of locally-funded sworn officer positions that would have existed in the absence of the grant. These additional position(s) must be retained using state, local, or other non-federal funding only. You may not use funds awarded by other federal grants to cover the costs of retention. At the time of updated grant application, applicants must affirm that they plan to retain the positions and identify the planned source(s) of retention funding. We understand that your agency' source(s) of retention funding may change during the life of the grant. Your agency should maintain proper documentation of any changes in the event of an audit, monitoring or other evaluation of your grant compliance. Please refer to the frequently asked questions on retention which can be found here <http://www.cops.usdoj.gov/Default.asp?Item=2364>.

1. Will your agency plan to retain any additional positions awarded under this grant for a minimum of 12 months at the conclusion of federal funding for each position?

YES NO

Note: Agencies that do not plan to retain all the positions awarded under this grant are ineligible to receive CHP funding

SECTION 13: APPLICATION ATTACHMENTS

This section should be used to attach any required or applicable attachments to your grant application (e.g., Budget Narrative, Memorandum of Understanding, etc.).

If the program for which you are applying requires a Memorandum of Understanding (MOU), this document should define the roles and responsibilities of the individuals and partner(s) involved in your proposed project. Please refer to the program-specific Application Guide to determine if an MOU or other application attachments are required. The Guide will also specify if optional attachments are permitted for submission.

SECTION 14: BUDGET DETAIL WORKSHEETS

Instructions: This worksheet will assist your agency in reporting your agency's current entry-level salary and benefits and identifying the total salary and benefits request per officer position for the length of the grant term. Please list the current entry-level base salary and fringe benefits rounded to the nearest whole dollar for one full-time sworn officer position within your agency. Do not include employee contributions. (Please refer to the program-specific Application Guide for information on the length of the grant term for the program under which you are applying.)

Special note regarding sworn officer fringe benefits: For agencies that do not include fringe benefits as part of the base salary costs and typically calculate these separately, the allowable expenditures may be included under Part 1, Section B. Any fringe benefits that are already included as part of the agency's base salary (Part 1, Section A of the Sworn Officer Budget Worksheet) should not also be included in the separate fringe listing (Part 1, Section B).

Part 3: Federal/Local Share Costs (for Hiring Grants)

As part of the local matching requirement for the 2012 COPS Hiring Program, grantees must assume a progressively larger share of the cost of the grant with local funds over the three-year grant period. This means that your local match must increase each year, while the federal share must decrease.

Total Salary and Benefits for year 1,2, & 3 (all positions)	\$512042.00	
Total Federal Share	\$250000.00	48.8%

Total Local Share Required \$262042.00

51.2%

Please project in the chart below how your agency plans to assume a progressively larger share of the grant costs during each year of the program. The chart is only a projection of your plans; while your agency may deviate from these specific projections during the grant period, it must still ensure that the federal share decreases and the local share increases. For more details on local matching requirements for this program, please refer to the program-specific Application Guide.

	Year 1	Year 2	Year 3	Total
Federal Share	125000	75000	50000	\$250000.00
Local Share	75000	90000	97042	\$262042.00
				\$512042.00

Part 4. Waiver of Local Match

The COPS Office may waive some or all of a grantee's local match requirement based on severe fiscal distress. During the application review process, your agency' waiver request will be evaluated based on the availability of funding, a demonstration of severe fiscal distress as reflected through the fiscal health data in Section 7 of this application, and a comparison of your fiscal health data with that of the overall CHP 2012 applicant pool.

Q1: Are you requesting a waiver of the local match based on significant fiscal need ?

Yes

No

Q1a: If awarded, please indicate the maximum local share your agency would be able to contribute to the total project cost in order to implement the grant.

\$0.00

0.0%

If your agency's request for a waiver of the local match is approved and your application is fully funded, your federal share would be

\$512042.00 and your local share would be 0

We anticipate that waivers of the local match will be limited. The COPS Office will carefully review your request for a waiver when your application is submitted.

Q1b: If you agency does not qualify for a waiver, do you still wish to be considered for a CHP 2012 grant ?

Yes, please continue to review my agency's application even if we are not eligible for a waiver of the local match.

No, my agency could not implement this grant without a waiver of the local mastch so, please do not continue processing our application if we are not eligible for the waiver.

BUDGET SUMMARY

Instructions: Please review the category totals and the total project costs below. If the category totals and project amounts shown are correct, please continue with the submission of your application. In the event that any court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, gender, disability or age against the applicant after a due process hearing, it agrees to forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531.

B. If your organization has received an award for \$500,000 or more and has 50 or more employees, then it has to prepare an Equal Employment Opportunity Plan (EEO) and submit it to the Office for Civil Rights ("OCR"), Office of Justice Programs, 810 7th Street, N.W., Washington, DC 20531, for review within 60 days of the notification of the award. If your organization received an award between \$25,000 and \$500,000 and has 50 or more employees, your organization still has to prepare an EEO, but it does not have to submit the EEO to OCR for review. Instead, your organization has to maintain the EEO on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. If your organization received an award for less than \$25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEO requirement. However, your organization must complete Section A of the Certification Form and return it to OCR.

10. It will ensure that any facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency' (EPA) list of Violating Facilities and that it will notify us if advised by the EPA that a facility to be used in this grant is under consideration for such listing by the EPA.

11. If the applicant's state has established a review and comment procedure under Executive Order 12372 and has selected this program for review, it has made this application available for review by the state Single Point of Contact.
12. It will submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget for clearance under the Paperwork Reduction Act of 1995 if required.
13. It will comply with the Human Subjects Research Risk Protections requirements of 28 CFR Part 46 if any part of the funded project contains non-exempt research or statistical activities which involve human subjects and also with 28 CFR Part 22, requiring the safeguarding of individually identifiable information collected from research participants.
14. Pursuant to Executive Order 13043, it will enforce on-the-job seat belt policies and programs for employees when operating agency-owned, rented or personally-owned vehicles.
15. It will not use COPS funds to supplant (replace) state, local, or Bureau of Indian Affairs funds that otherwise would be made available for the purposes of this grant, as applicable.
16. If the awarded grant contains a retention requirement, it will retain the increased officer staffing level and/or the increased officer redeployment level, as applicable, with state or local funds for a minimum of 12 months following expiration of the grant period.
17. It will not use any federal funding directly or indirectly to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law ratification, policy or appropriation whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy or appropriation as set forth in the Anti- Lobby Act, 18 U.S.C. 1913.
18. In the event that a portion of grant reimbursements are seized to pay off delinquent federal debts through the Treasury Offset Program or other debt collection process, it agrees to increase the non-federal share (or, if the awarded grant does not contain a cost sharing requirement, contribute a nonfederal share) equal to the amount seized in order to fully implement the grant project.
19. None of the funds made available under the FY 2012 Appropriations Act (Public Law 112-55) may be distributed to the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries."

False statements or claims made in connection with COPS grants (including cooperative agreements) may result in fines, imprisonment, disbarment from participating in federal grants or contracts, and/or any other remedy available by law.

I certify that the assurances provided are true and accurate to the best of my knowledge.

Elections or other selections of new officials will not relieve the grantee entity of its obligations under this grant.
