2013 COPS Hiring Program Strengthening Community Policing by Hiring Officers

The fiscal year (FY) 2013 COPS Hiring Program (CHP) is designed to advance public safety through community policing by addressing the full-time sworn officer needs of state, local, and tribal law enforcement agencies nationwide. CHP provides funds directly to law enforcement agencies to hire new and/or rehire career law enforcement officers, and to increase their community policing capacity and crime prevention efforts.

The FY2013 CHP grant program is an open solicitation. All local, state, and tribal law enforcement agencies that have primary law enforcement authority are eligible to apply. All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

Supporting Local Law Enforcement

More than 15 years after the Violent Crime Control and Law Enforcement Act of 1994 was signed into law, the COPS Office continues to support the efforts of law enforcement agencies across the country as they develop creative and innovative ways of dealing with long-standing community problems and public safety issues. To date, the COPS Office has funded the addition of more than 124,000 officers to more than 13,000 state, local, and tribal law enforcement agencies to advance community policing in small and large jurisdictions across the nation.

CHP is one of several hiring programs developed by the COPS Office since its inception to support law enforcement. This is particularly important as state, local, and tribal law enforcement agencies embrace the challenges of keeping communities safe and maintaining sufficient sworn personnel levels while enduring ever shrinking budgets.

Funding Provisions

FY2013 CHP grants will provide up to 75 percent of the approved entry-level salaries and fringe benefits of full-time officers for a 36-month grant period, with a minimum 25 percent local cash match requirement and a maximum federal share of \$125,000 per officer position. FY2013 CHP grants may be used on or after the official grant award start date to: (1) hire new officers (including filling existing officer vacancies that are no longer funded in an agency’s budget); (2) rehire officers already laid off (at the time of application) as a result of state, local, or Bureau of Indian Affairs (BIA) budget reductions unrelated to the receipt of grant funding; or (3) rehire officers scheduled to be laid off (at the time of application) on a specific future date as a result of state, local, or BIA budget reductions unrelated to the receipt of grant funding. CHP applicants may request funding in one or more of the above-referenced hiring categories.

The COPS Office has capped the number of officers that an agency can request through the FY2013 CHP program. All agencies’ requests will be capped at no more than 5 percent of their actual sworn force strength as reported on the date of application. Agencies with a service population of 1 million or above may apply for up to 25 officer positions; however, agencies with a service population less than 1 million may apply for up to 15 officer positions. The request of any agency with a sworn force strength less than or equal to 20 will be capped at one officer. CHP grant funding will be based on the current full-time entry-level salary and fringe benefits package of an officer in the department. Any additional costs for higher than entry-level salaries and fringe benefits will be the responsibility of the grantee agency.

- *Today's Police and Sheriff Recruits* provides the results of a recruit assessment conducted by RAND, including findings about the overall sample as well as those focused on groups often of particular interest to law enforcement recruitment professionals. <http://ric-zai-inc.com/ric.php?page=detail&id=COPS-W0592>
- *Combat Deployment and the Returning Police Officer* examines issues concerning police officers' transition back to work after combat zone deployment. Topics include the psychological effects of combat deployment, methods that may lessen the severity of combat stress experienced, and strategies used by police agencies to help officers returning back to work, their families, and communities. The report highlights the responses of four police agencies that have taken measures to assist returning officers, and offers recommendations for further study. <http://ric-zai-inc.com/ric.php?page=detail&id=COPS-P150>
- *Assigning Police Officers to Schools* Nearly half of all public schools have assigned police officers, commonly referred to as school resource officers (SRO) or education officers. This publication summarizes the typical duties of SROs, synthesizes the research pertaining to their effectiveness, and presents issues for communities to bear in mind when considering the adoption of an SRO model. <http://ric-zai-inc.com/ric.php?page=detail&id=COPS-P182>
- *School Safety (CD-ROM)* provides more than 110 documents and links related to school violence, gangs, bullying, and property crime as a resource to local policymakers, law enforcement, school administrators, parents, and students. Bullying, stalking, and other interpersonal crimes affect our nation's children at an alarming rate. As such, *School Safety* provides resources on bullying and interpersonal violence, youth violence prevention, alcohol and substance abuse, community partnerships, property crime and nuisance violations, school resource officers, and emergency preparedness and management. <http://ric-zai-inc.com/ric.php?page=detail&id=COPS-CD010>

Additional COPS publications and resources are posted online at www.cops.usdoj.gov.

The COPS Office may grant a waiver of some or all of an applicant's local match requirement. During the application review process, waiver requests will be evaluated based on a demonstration of *severe fiscal distress*.

The COPS statutory nonsupplanting requirement mandates that CHP funds must be used to supplement (increase) state, local, or BIA funds that would have been dedicated toward sworn officer positions if federal funding had not been awarded. CHP grant funds must not be used to supplant (replace) local funds that agencies otherwise would have devoted to sworn officer hiring. The hiring or rehiring of officers under CHP must be in addition to, and not in lieu of, officers who otherwise would have been hired or rehired with state, local, or BIA funds.

At the conclusion of the 36 months of federal funding, grantees must retain all sworn officer positions awarded under the CHP grant for a minimum of 12 months. The retained CHP-funded position(s) should be added to the grantee's law enforcement budget with state and/or local funds, over and above the number of locally-funded positions that would have existed in the absence of the grant. Applicants are required to affirm in their CHP grant application that their agency plans to retain any additional officer positions awarded following the expiration of the grant and identify their planned source(s) of retention funding.

Differences in FY2013 CHP

Under FY2013 CHP, new hire officer positions are not required to be military veterans, as under FY2012 CHP. However, since the COPS Office supports the Attorney General's commitment to hiring military veterans whenever possible, applicants who commit to hiring or rehiring at least one military veteran under CHP will receive additional consideration for FY2013 CHP funding. These military veterans may be in any of the three hiring categories described above, not just new hires.

The COPS Office supports the Attorney General's priority goal of reducing violent crime, especially gun violence. To this end, applicants who choose "Homicide" or "Gun Violence" as their community policing problem area under 2013 CHP will receive additional consideration for CHP funding; however, if awarded CHP funding, grantees will not be able to change these problem areas post-award.

Applicants who request officer positions in order to deploy School Resource Officers (SRO) will likewise receive additional consideration for FY2013 CHP funding. Applicants who wish to do so must choose the "School Based Policing through School Resource Officers" community policing problem area in their 2013 CHP application. Note that applicants requesting officer positions(s) in order to deploy SROs must deploy **all** their officer positions as SROs. Moreover, if awarded CHP funding, CHP grantees who chose this specific community policing problem area will not be allowed to change it post-award. CHP grantees who use CHP funding to deploy SROs will also be required to submit to the COPS Office the contact information for each school partner where they intend to deploy the SROs, and to provide a Memorandum of Understanding between the CHP grantee and the school partner.
