2014 COPS Anti-Methamphetamine Program (CAMP)
Grant Owner’s Manual
2014 COPS Anti-Methamphetamine Program (CAMP) Grant Owner’s Manual

This manual was created to assist COPS Anti-Methamphetamine Program (CAMP) grantees with the administrative and financial matters associated with their grant.

For more information about your CAMP grant, please contact your COPS Grant Program Specialist. If you do not know the name or telephone number of your Grant Program Specialist, please contact the COPS Office Response Center at 800-421-6770.

GETTING STARTED

Congratulations on receiving a grant from the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office). The 2014 COPS Anti-Methamphetamine Program (CAMP) is designed to advance public safety by providing funding directly to state law enforcement agencies in states with high seizures of precursor chemicals, finished methamphetamine, laboratories, and laboratory dump seizures for the purpose of locating and investigating illicit activities, including precursor diversion, laboratories, or methamphetamine traffickers.

CAMP funding may be used to locate or investigate illicit activities, including precursor diversion, laboratories, or methamphetamine traffickers. Funding under this program is not available for methamphetamine laboratory cleanup, treatment programs, or prosecution of methamphetamine-related activities.

The allowable uses of your agency’s CAMP grant are specified on the CAMP Financial Clearance Memorandum (FCM). If your agency’s local fiscal conditions have changed since submitting the FY 2014 CAMP application and your agency wishes to modify its CAMP grant to reprogram awarded funding into a different hiring funding category, please refer to grant condition #6 on page 9 of this manual for detailed information on requesting a post-award grant modification.

This CAMP Grant Owner’s Manual will assist your agency with the administrative and financial matters associated with your grant. It was developed by the COPS Office to ensure that all CAMP grantees clearly understand and meet the requirements of their grant. Please review this manual carefully, because a failure to follow grant requirements can have serious ramifications. Please do not hesitate to call the COPS Office Response Center at 800-421-6770 if you need assistance with the implementation of your grant.

Thank you for providing us with the opportunity to work in partnership with your community.
I. GRANT ACCEPTANCE, TERMS, AND CONDITIONS

To officially accept and begin your COPS Anti-Methamphetamine Program grant, your agency must access www.cops.usdoj.gov and select the “Account Access” link in the upper right corner to log in, review, and electronically sign the award document (including the grant terms and conditions) and, if applicable, the special award conditions or high risk conditions, within 90 days of the date shown on the award congratulatory letter.

Your agency will not be able to draw down grant funds until the COPS Office receives your signed award document. For more information on drawing down grant funds, please see section III, “Accessing Grant Funds,” on page 26 of this document.

The award document

The award document is the document indicating your official grant funding amount, the grant number, the grant conditions, and the award start and end dates.

The award document is pre-printed with your agency’s law enforcement and government executives’ names. If this information is incorrect or has changed, please update your agency contacts online at www.cops.usdoj.gov through the “Account Access” link. If the law enforcement or government official has changed since the time of application, please have the current law enforcement executive or government executive for your agency create an account through the “Account Access” link, log in, and sign the award document once your agency contacts have been updated online. Once you have reviewed your award document, please electronically sign it and make a copy of all pages of the document for your records, along with all award condition pages, within 90 days of the date shown on the award congratulatory letter.

The award start date indicated on the award document means that your agency may be reimbursed for any allowable costs incurred on or after this date. The duration of your CAMP grant award is two years (24 months).

Your grant number is in the following format: 2014-AMWX-0000 for grants awarded in Fiscal Year (FY) 2014. The COPS Office tracks grant information based upon this number. Therefore, it is important to have your agency’s grant number (or your agency’s ORI number) readily available when corresponding with the COPS Office.

Your originating agency identifier (ORI) number begins with your state abbreviation followed by five numbers or letters (e.g., VA00000). This number is assigned by the Federal Bureau of Investigation (FBI) for use in tracking information for the Uniform Crime Report (UCR). The COPS Office tracks programmatic grant information based upon this ORI number. If your agency does not have an ORI number assigned by the FBI, the COPS Office assigns a non-official ORI code to use as an agency identifier (in such cases, the last two characters will be “ZZ”). If you have any questions regarding your grant, please refer to your grant number or your agency’s ORI number when you contact the COPS Office.

Your Office of Justice Programs (OJP) vendor number, in most circumstances, is your agency’s nine- or thirteen-digit federal tax identification number assigned to you by the Internal Revenue Service (IRS). If your OJP vendor number differs from your tax identification number, the OJP vendor number is only to be used for administrative purposes in connection with this grant program, and should not be used for IRS purposes.

Grant conditions

The grant conditions are listed on your agency’s award document. By accepting this grant, you are obtaining federal funds from the COPS Office. As part of that agreement, your agency acknowledges that it will comply with these conditions (and, if applicable, additional special conditions specific to your agency). The section
that follows describes in detail all of the award conditions, their rationales, and their implications. It also addresses many frequently asked questions. If you have additional questions concerning any of these grant conditions, please contact your COPS Grant Program Specialist at 800-421-6770.

In limited circumstances, your award may be subject to special conditions that prevent your agency from drawing down or accessing grant funds until the special conditions are satisfied as determined by the COPS Office. Any special conditions will be included with your award, which may be accessed at www.cops.usdoj.gov via the “Account Access” link. However, if you have questions about the special conditions, please call your COPS Grant Program Specialist at 800-421-6770.

**Reasons for grant conditions**

The requirements of your CAMP grant are established within:

- the Public Safety Partnership and Community Policing Act of 1994, which established the COPS Office;
- applicable rules, regulations, and policies issued by the U.S. Department of Justice, Office of Management and Budget (OMB), the Government Accountability Office (GAO), and the United States Treasury;
- the specific CAMP programmatic requirements established by the COPS Office.

A list of source documents for this manual is provided in appendix A on page 39. You may request copies of any source reference document from:

**Office of Administration, Publication Unit**

**New Executive Office Building**

**725 17th Street NW, Room G 236**

**Washington, DC 20503**

COPS-specific documents may be requested directly from the COPS Office.

**Review of grant conditions**

By signing the award document to accept this COPS Anti-Methamphetamine Program grant, your agency agrees to abide by the following grant conditions:

1. **Grant Owner’s Manual**

   The grantee agrees to comply with the terms and conditions in the 2014 COPS Anti-Methamphetamine Program (CAMP) Grant Owner’s Manual; COPS statute (42 U.S.C. § 3796dd, et seq.); 28 C.F.R. Part 66 or 28 C.F.R. Part 70 as applicable (governing administrative requirements for grants and cooperative agreements); 2 C.F.R. Part 225 (OMB Circular A-87), 2 C.F.R. Part 220 (OMB Circular A-21), 2 C.F.R. Part 230 (OMB Circular A-122), and 48 C.F.R. Part 31.000 et seq. (FAR 31.2) as applicable (governing cost principles); OMB Circular A-133 (governing audits); representations made in the grant application for the COPS Anti-Methamphetamine Program; and all other applicable program requirements, laws, orders, regulations, or circulars.

   **Why this condition:**

   This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your grant. Your agency will be responsible for the information and rules contained in this manual and for implementing your grant in compliance with the applicable terms, conditions, and regulations. More detailed guidance regarding any particular grant requirement or your agency’s specific circumstances can be requested through your COPS Grant Program Specialist.
What you should do:
Please read the entire CAMP Grant Owner’s Manual carefully prior to signing the grant award document. If you have any questions, please contact your COPS Grant Program Specialist. When accepting your grant award, you should ensure that the proper reporting and financial systems are in place to satisfy the grant requirements.

2. Assurances and Certifications
The grantee acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its grant application.

Why this condition:
Although the COPS Office has made every effort to simplify the process of applying for and receiving grants, several provisions of federal law require us to seek your Assurances and Certifications regarding certain matters. Most of the Assurances and Certifications apply to all federal grant programs.

What you should do:
Applicants to COPS grant programs are required to sign the Assurances and Certifications forms at the time of application and application update. Signing these documents assures the COPS Office that you have read, understood, and accepted the grant terms and conditions outlined in the Assurances and Certifications. Please read these documents carefully as signatures on these documents are treated as a material representation of fact upon which reliance was placed when the U.S. Department of Justice determined whether to award the covered grant. Additional copies of the Assurances and Certifications forms are contained in appendix B of this manual. If you have any questions about them, please contact your COPS Grant Program Specialist at 800-421-6770.

3. Allowable costs
The funding under this project is for the payment of approved costs for activities related to the establishment and enhancement of a variety of problem-solving strategies to investigate methamphetamine problems in your jurisdiction. The allowable costs for which your agency’s grant has been approved are limited to those listed on the Financial Clearance Memorandum (FCM), which is included in your agency’s award package. The Financial Clearance Memorandum FCM specifies the costs that your agency is allowed to fund with your CAMP grant award, and specifies the overall amount approved for each budget request category. **Your agency may not use CAMP award funds for any costs that are not identified as allowable in the Financial Clearance Memorandum.**

Only actual allowable costs incurred during the grant award period will be eligible for reimbursement and drawdown. If your agency experiences any cost savings over the course of the grant (for example, your grant application overestimated the total entry-level officer salary and fringe benefits package), your agency may not use that excess funding to extend the length of the grant beyond 24 months. Any funds remaining after your agency has drawn down for the costs approved during the 24-month funding period will be deobligated during the closeout process, and should not be spent by your agency.

Why this condition:
The funding under this project is for the purchase of items and services approved by the COPS Office as reflected in the Financial Clearance Memorandum. The COPS Anti-Methamphetamine Program funds the hiring of personnel and purchase of equipment, services, and other items that will allow recipients the opportunity to establish and enhance a variety of projects to encourage the continuation and enhancement of community policing efforts within their jurisdictions to combat the use and distribution of methamphetamine.
To be eligible for payment under this grant, the purchase or hire of approved items/personnel must be made on or after the grant award start date and comply with the guidelines described in section III, “Accessing Grant Funds,” on page 26 of this manual. Section IV, “Financial Record Maintenance,” on page 29 outlines the types of records you must keep to document that you followed this grant condition. Purchases and salary/benefit expenditures must also reflect the costs that were approved as shown in the Financial Clearance Memorandum.

**What You Should Do:**

All grantees should keep and maintain the most recent, approved version of their 2014 CAMP application. To view and print this document, you can log into your account at [www.cops.usdoj.gov](http://www.cops.usdoj.gov). Please select “COPS Applications” from the menu of services and click on the print icon to download the most recent version of your application in .pdf format.

Refer to your FCM for the list of approved allowable costs. Listed below are the budget categories that may appear on your FCM. As long as funds are spent during the grant period on the equipment and technology, supplies, travel, contracts/consultants, salary and benefits, and other costs that were documented in your application’s budget summary and were approved through the issuance of the FCM, this grant condition will be satisfied.

**Equipment**

To be eligible for payment under this grant, the purchase of equipment and technology must occur on or after the award start date, the items must be those specifically applied for and approved by the COPS Office, and they must meet the guidelines described in 28 C.F.R. Part 66 or 28 C.F.R. Part 70, as applicable. Equipment or technology purchased on or after the award start date must be in addition to purchases that the grantee is obligated or funded to make in its current budget. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of a COPS Anti-Methamphetamine Program grant.

**Sworn officer positions (salaries and benefits)**

Sworn officer salary and fringe benefits apply to new, full-time entry-level sworn career law enforcement officers not already funded in the applicant’s local budget. A career law enforcement officer is a person hired on a permanent basis who is authorized by law, or by a state, local, or tribal agency, to engage in or oversee the prevention, detection, and/or investigation of violations of criminal laws. Officers must be hired on or after the award start date, and positions must directly relate to the CAMP project. Officers previously employed by your agency may be re-hired using CAMP grant funds, but funding requests must be limited to your agency’s entry-level salary and benefits. Rehired officers are officers who meet one of the following conditions:

- The officer had been laid off by your jurisdiction prior to the original date of the grant application as a result of state, local, or Bureau of Indian Affairs (BIA) budget cuts.
- At the time of the grant application, the officer was scheduled to be laid off by your jurisdiction on a specific future date as a result of state, local, or Bureau of Indian Affairs (BIA) budget cuts.

If current personnel are redeployed into this program, they must be paid with local funds. COPS Office grant funds may be used to backfill the resulting vacancy with newly hired personnel for an equivalent amount of time. (Please note: Overtime for sworn officers engaging in CAMP-related activities is an allowable cost; however, any overtime expenses requested for sworn officer positions must be listed in the “Other Costs” section of your application’s budget. Overtime expenses must exceed the expenditures that your agency is obligated or funded to pay in its current budget.)
Civilian/non-sworn personnel (salaries and benefits)

Civilian salary and fringe benefits apply to new personnel not already funded in the applicant’s local budget. Staff must be hired on or after the award start date, and positions must directly relate to the CAMP project. Examples of allowable personnel and fringe benefits costs include those for civilian CAMP project coordinators, or anti-methamphetamine/drug problem analysts.

Supplies

All supplies must be solely used for the project identified in your project proposal. Reimbursement for office supplies that are consumed by routine administrative purposes instead of project-related activities are prohibited. Items must meet the guidelines described in 28 C.F.R. 66.33 or 28 C.F.R. 70.35, as applicable.

Travel / training

Travel costs for transportation, lodging, subsistence, and related items are allowable under the COPS Anti-Methamphetamine Program with prior approval from the COPS Office. For awardees subject to 2 C.F.R. Part 220 (OMB Circular A-21) Cost Principles for Educational Institutions; 2 C.F.R. Part 225 (OMB Circular A-87) Cost Principles for State, Local and Indian Tribal Governments; or 2 C.F.R. Part 230 (OMB Circular A-1 22) Cost Principles for Non-Profit Organizations, travel costs incurred directly by the awardee or costs incurred for project-related non-awardee travel will be reimbursed based upon the awardee’s written institutional travel policy if the costs are reasonable and allocable under the project. In the absence of an acceptable and available institutional travel policy, allowable per diem travel costs for lodging, meals, and incidentals will be reimbursed based on the established U.S. General Services Administration (GSA) per diem rates for the relevant geographic area. These rates can be found at [www.gsa.gov](http://www.gsa.gov). Allowable airfare travel costs will be reimbursed based upon the lowest discount commercial airfare, the Federal Government contract airfare (if authorized and available), or standard coach airfare, unless otherwise authorized in advance by the COPS Office.

For awardees subject to 48 C.F.R. Part 31.000, et seq. (FAR-31.2) Cost Principles for Commercial Organizations, travel costs incurred directly by the awardee will be reimbursed if the costs are reasonable and allocable under the project. Travel costs for lodging, meals, and incidental expenses may be reimbursed based upon per diem, actual expenses, or a combination of these methods, as long as the reimbursement rate does not exceed established GSA per diem rates as set forth in the Federal Travel Regulation. Transportation costs may be reimbursed based on mileage rates, actual costs incurred, or a combination of these methods. Allowable airfare travel costs will be reimbursed based upon standard coach fare, unless otherwise authorized in advance by the COPS Office.

The COPS Anti-Methamphetamine Program will fund award-related travel costs for the awardee agency or other (non-awardee) individuals to attend training and technical assistance conferences, seminars, or classes, or to visit a site specified in the application. Allowable expenses for award-related lodging, meals, and incidental expenses that were included in the application have been approved by the COPS Office as part of the CAMP award and final budget. Your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Grant Program Specialist.

Contracts / consultants

Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with OMB Cost Principles, and consistent with that paid for similar services in the marketplace. Unless otherwise approved by the COPS Office, consultant rates will be based on the salary a consultant receives from his or her primary employer, as applicable, up to $550 per day. For consultant or contractor rates which exceed $550 per day, the COPS Office requires written justification if the consultants or contractors are hired through a non-competitive bidding process, and awardees must receive COPS Office approval of those rates before drawing down award funds. Determinations of approval will be made on a case-by-case basis.
Fringe benefits may be paid if they are part of a reasonable compensation package offered to your employees. Particular items of fringe benefits must fall within the categories authorized by the COPS Office. Authorized fringe benefits include FICA, Social Security, health insurance, life insurance, vacation, sick leave, retirement, worker’s compensation, and unemployment insurance.

Other costs
Project-related expenditures that do not conform to any of the category descriptions specified above, (i.e. sworn officer overtime) were included in this section of your FCM. In addition, items that have a direct correlation to the overall success of an awardee’s project objectives and are necessary for the project to reach full implementation will be considered on a case-by-case basis by the COPS Office.

Requests may be made only for items or positions that are not otherwise budgeted with state, local, or Bureau of Indian Affairs (BIA) funds, and would not be funded in the absence of the CAMP award.

If at any time you are unsure if an item is considered allowable or unallowable, please contact your COPS Grant Program Specialist for further assistance.

Please be advised that grantees may not use COPS funding for the same item or service also funded by another U.S. Department of Justice award.

4. Supplementing, not supplanting
Awardees must use COPS Anti-Methamphetamine Program funds to supplement, and not supplant, state, local, or Bureau of Indian Affairs (BIA) funds that are already committed or otherwise would have been committed for award purposes (hiring, training, purchases, and/or activities) during the grant period. In other words, awardees may not use COPS funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS-funded item(s) in the absence of the COPS grant.

Why this condition:
The COPS Office statutory nonsupplanting requirement mandates that award funds not be used to replace state or local funds or BIA funds that would, in the absence of federal aid, be made available for the award purposes.

What you should do:
CAMP funds may not be used to pay for any item or cost funded under the award (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds. In addition, awardees may not reallocate state, local, or BIA funds from one area within the law enforcement budget to another as a result of receiving CAMP award funds. If you have questions concerning this award term, and how it pertains to your project budget, please contact your COPS Grant Program Specialist.

Personnel
To meet this grant condition, you must ensure the following:

• Each individual employed under the COPS Anti-Methamphetamine Program grant is newly hired on or after the grant award start date, unless an exception is authorized in writing by the COPS Office. If current personnel are redeployed into this program, they must be paid with local funds. The COPS grant funds may be used to backfill the resulting vacancy with newly hired personnel for an equivalent amount of time.

• Any officer(s) or civilian(s) that you are hiring bring(s) your force not only to a number over and above the number of funded positions that you had on the date of your COPS Anti-Methamphetamine Program application (including funded but vacant positions) but also over and above the number of locally-funded positions during the grant award period.
• During the life of your grant, you must continue to hire as many new, locally-funded officers or civilians as you would have if you had not received your grant. You may not cancel or postpone spending money in your budget that is committed to hiring other new officers or civilians.

• You must take expeditious and timely steps to fill any vacancies that were created on or after the date of your grant application by retirement, resignation, or other reasons with new officers or civilians other than your COPS Anti-Methamphetamine Program positions.

Example: If you are redeploying a current employee who would otherwise be paid $75,000 in salary and benefits during the life of the grant project, your agency must continue to pay this employee with local funds. The COPS grant funds may be used to backfill the resulting vacancy with a new hire, even though the COPS-funded position will not be working directly on the COPS Anti-Methamphetamine Program.

**Equipment and technology**

To meet this grant condition, you must ensure the following:

• Equipment and technology must be purchased on or after the award start date (unless an exception is authorized in writing by the COPS Office) and must be in addition to purchases that the grantee is obligated or funded to make in the current budget. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of a COPS Anti-Methamphetamine Program grant. For example, a grantee who has budgeted local funds to pay for a new computer system may not reallocate those funds to pay for any other law enforcement cost as a result of receiving CAMP funds for the same computer system.

**Overtime**

To meet this grant condition, you must ensure the following:

• Sworn officer overtime exceeds expenditures that you are obligated or funded to pay in the current budget. Funds currently allocated to pay for overtime may not be reallocated to other purposes or reimbursed upon the award of a COPS Anti-Methamphetamine Program grant. Additionally, by the conditions of this grant, you are required to track all overtime funded through the COPS Anti-Methamphetamine Program.

**Training**

To meet this grant condition, you must ensure the following:

• Any training provided by the COPS Anti-Methamphetamine Program is in addition to the number of hours of training already provided by your agency. Funds currently allocated for training may not be reallocated to other purposes.

Note: This grant condition applies to all state or locally-funded agencies working in partnership with your agency under this grant. Your agency is responsible for ensuring that any state or locally-funded partnership agencies use COPS funds only to supplement, not supplant, their state or local funding as described in this condition.

**5. Extensions**

Your agency may request an extension of the grant award period to receive additional time to implement your grant program. Such extensions do not provide additional funding. Grants may be extended a maximum of 24 months beyond the initial award expiration date. Any request for an extension beyond 24 months will be evaluated on a case-by-case basis. Only those grantees that can provide a reasonable justification for delays will be granted no-cost extensions. Reasonable justifications may include technology implementation delays, training delays,
or other circumstances that interrupt the 24-month grant funding period. An extension allows your agency to compensate for such delays by providing additional time to complete the full 24 months of funding. Extension requests must be received prior to the end date of the award.

**Why this condition:**
Under federal regulations, requests to extend the grant award period require prior written approval from the COPS Office. Without an approved extension, your agency is not permitted to draw down federal funding for costs incurred beyond the official grant award end date. However, if justified, the COPS Office seeks to accommodate reasonable requests for no-cost time extensions in order to fully implement the COPS grant.

**What you should do:**
The COPS Office will contact your agency during the last quarter of the grant award period to determine whether a no-cost time extension is needed; extensions will not be processed prior to 90 days of the grant end date. Requests to extend the grant award period must be submitted online and received by the COPS Office before the official grant award end date. Extension requests received after the expiration date will only be considered when the grantee provides justification of extraordinary circumstances; an example of this would be an instance where an unforeseen natural disaster prevented a grantee from requesting an extension. Failure to submit a request for a no-cost time extension by the end date may result in the immediate deobligation of any remaining grant funds.

Automatic extensions will be granted for grantee requests of six months or less. All extension requests beyond six months will require review and approval by the COPS Office. Individual or cumulative requests greater than one-half of the grant’s original term (i.e., 12 months) will require additional justification and must include a detailed timeline.

If your agency has excess funds remaining at the end of the grant due to salary and fringe benefits costs that were lower than anticipated, your agency cannot extend the 24-month funding period for the purpose of expending those excess funds. Grantees are entitled to a maximum of 24 months of federal funding based on the approved salary and fringe benefits costs in the FCM. The COPS Office will deobligate any remaining grant funds during the closeout process. If you have any additional questions regarding a no-cost time extension, please contact your COPS Grant Program Specialist.

**6. Modifications**
Occasionally, a change in an agency’s fiscal or law enforcement situation necessitates a change in its COPS Anti-Methamphetamine Program award. Grant modifications under CAMP are evaluated on a case-by-case basis. All modification requests involving the purchase of new budget items must be approved, in writing, by the COPS Office prior to their implementation. In addition, please be aware that the COPS Office will not approve any modification request that results in an increase of federal funds.

**Why this condition:**
The COPS Office realizes that agencies may need to reprogram grant funds. Acceptable examples of such award modifications include purchasing additional equipment using cost-savings from approved items, or purchasing a different type of equipment due to changing needs. Under federal regulations, you may expend grant funds only as approved in the Financial Clearance Memorandum. Any requests to change or alter grant awards require written approval from the COPS Office prior to their implementation. Without prior written approval, you must continue to implement your grant as it was originally awarded and accepted by your agency. Please be advised that reprogramming requests for unallowable costs will not be approved (construction, indirect costs, etc.).
What you should do:
For all other modifications, your agency must access www.cops.usdoj.gov and select the “Account Access” link in the upper right corner to log in and submit your request to the COPS Office, providing the proposed changes, details of why the change is needed, etc.

For additional information about the process for submitting your specific grant modification request, please contact your COPS Grant Program Specialist at 800-421-6770. The COPS Office will then evaluate your request and notify your agency of our decision in writing. Implementation of the modified grant award may begin following written approval from the COPS Office. Please note that modification approvals for active grants will often be accompanied by a modified award document reflecting the approved changes. If applicable, your agency is required to sign and submit the modified award document via the “Account Access” link to officially accept the grant modification.

7. Evaluations
The COPS Office may conduct monitoring or sponsor national evaluations of the COPS Anti-Methamphetamine Program. The grantee agrees to cooperate with the monitors and evaluators.

Why this condition:
The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the Attorney General for the furtherance of the purposes of the Act. The COPS Office conducts evaluations to determine what programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your agency implements its CAMP grant. In some jurisdictions, COPS staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect information about the programs’ effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

What you should do:
When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your department, observe activities, and obtain written reports about and from your department. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your grant activities. You should fully comply with any requests made regarding these evaluations.

8. Reports
To assist the COPS Office in the monitoring of your award, your agency will be responsible for submitting quarterly programmatic progress reports and quarterly Federal Financial Reports using Standard Form 425 (SF-425).

Why this condition:
The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and grantees.

What you should do:
This grant condition is designed to make your agency aware of reporting requirements associated with CAMP grants. Quarterly programmatic progress reports and a final programmatic closeout report will be required to be submitted directly to the COPS Office through the “Account Access” link of the COPS Office website at www.cops.usdoj.gov. Your agency is also required to submit quarterly Federal Financial Reports
using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the grant period. This report reflects the actual cumulative federal monies spent, unliquidated obligations incurred, and the unobligated balance of federal funds. Agencies with more than one delinquent programmatic and/or financial report submission per fiscal year may be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting. These reports are discussed in greater detail in Section VI ("Reports") on page 33 of this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of grant funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

9. Grant monitoring activities

Federal law requires that law enforcement agencies receiving federal funding from the COPS Office must be monitored to ensure compliance with their grant conditions and other applicable statutory regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of grant implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Grant monitoring activities conducted by the COPS Office include site visits, office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS CAMP grantee, you agree to cooperate with and respond to any requests for information pertaining to your grant.

Why this condition:
The Public Safety Partnership and Community Policing Act of 1994 states that each grant program must contain a monitoring component. The COPS Office actively monitors how grantees are adhering to COPS grant requirements and develops the best technical assistance based on this feedback.

What you should do:
Your agency may be required to accommodate routine and non-routine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your agency’s use of federal funds, both programmatically and financially. The most common ways are as follows:

• **site visits.** The COPS Office conducts grantee site visits to ensure compliance with grant terms and conditions. These visits also provide firsthand observation of the grantee’s community policing strategies. Promising practices identified during site visits are documented and may be shared with the law enforcement community. Technical assistance and follow-up are conducted to address potential and actual vulnerabilities. The purpose of site visits is therefore three-fold: review community policing activities, ensure grantee compliance, and provide customer service and technical assistance. If selected, you will be notified in writing in advance of any on-site review of your COPS grants. This review is generally performed over a one or more day period and also provides an opportunity for agency representatives to seek assistance on any grant implementation issues. Your agency will be notified in writing of the results and any action required to remedy identified grant violations.

• **Office-Based Grant Reviews (OBGR).** In lieu of a site visit, certain grants are selected for a review conducted at the COPS Office. If selected, your agency will be contacted at the start of this review and our staff will work with your agency to correct any grant problems or deficiencies through telephone, e-mail, fax, and/or written correspondence with your agency.

• **complaints.** The COPS Office responds to complaints from citizens, labor associations, media, and other sources. Written complaints or allegations are reviewed by the COPS Office Grant Monitoring Division, and may result in a review of your agency’s grants to determine compliance with grant conditions.
Grantees are responsible for remedying any grant noncompliance that is identified through these or other monitoring or auditing activities. Remedies for noncompliance may include, but are not limited to: suspending grant funding, repaying misused grant funds, voluntary withdrawal from or involuntary termination of remaining grant funds, and restrictions from receiving future COPS grants. To avoid findings of noncompliance, grantees are strongly encouraged to contact the COPS Office at any time during the life of a COPS grant with questions concerning grant requirements and also to maintain all relevant documentation that may demonstrate grant compliance. For more information, please contact the COPS Office Grant Monitoring Division at 800-421-6770 or at AskCopsRC@usdoj.gov.

10. Federal civil rights
As a condition of receipt of federal financial assistance, you acknowledge and agree that you will not (and will require any subgrantees, contractors, successors, transferees, and assignees not to), on the grounds of race, color, religion, national origin (which includes providing limited English proficient persons meaningful access to your programs), sex, disability or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681 et seq.); and the corresponding DOJ regulations implementing those statutes at 28 C.F.R. part 42 (subparts C, D, E, G, and I). You also agree to comply with Executive Order 13279 Equal Treatment for Faith-Based Organizations and its implementing regulations at 28 C.F.R. Part 38, which requires equal treatment of religious organizations in the funding process and non-discrimination of beneficiaries by Faith-Based organizations on the basis of belief or non-belief.

Why this condition:
In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. As a result, grantees are required to comply with the civil rights requirements found in the non-discrimination provisions referenced above. A hold may be placed on your award if it is deemed that your agency is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your agency’s COPS grant award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

What you should do:
As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights laws and to collect data and information sufficient to permit effective enforcement of such laws and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

11. Equal Employment Opportunity Plan
All recipients of funding from the COPS Office must comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan (28 C.F.R. Part 42 subpart E).

Why this condition:
It is the experience of the U.S. Department of Justice in implementing its responsibilities under the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), the statute that funds the COPS Office, that “the full and equal participation of women and minority individuals in employment opportunities in the criminal justice system is a necessary component to the Safe Streets Act’s program to reduce crime and delinquency in the United States” (28 C.F.R. Part 42.301). EEOPs do not impose quotas or hiring requirements on recipients.
What you should do:
The obligations to comply with the EEOP requirement differ depending on your organization’s legal status, the number of its employees, and the amount of the award.

If your organization has fewer than 50 employees or receives an award of less than $25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEOP requirement. To claim the exemption, your organization must complete and submit section A of the Certification Form to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531. The Certification Form can be found at www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf.

If your organization is a governmental agency or private business and has received an award between $25,000 and $500,000 and has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it must prepare a Utilization Report (formerly called an EEOP Short Form), but it does not need to submit it to the OCR for review. Instead, your organization must maintain the Utilization Report on file and make it available to the OCR for review on request. In addition, your organization must complete and submit section B of the Certification Form to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531. The Certification Form can be found at www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf.

If your organization is a governmental agency or private business and has received an award for $500,000 or more and has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it must prepare a Utilization Report (formerly called an EEOP Short Form), and submit it to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531 for review within 60 days of the notification of the award. In addition, your organization must complete and submit section C of the Certification Form to the OCR. The Certification Form can be found at www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf.

For assistance in developing a Utilization Report, please consult the OCR’s website at www.ojp.usdoj.gov/about/ocr/eeop.htm. To comply with the EEOP requirements, you may request technical assistance from an EEOP specialist at the OCR by telephone at 202-307-0690, by TTY at 202-307-2027, or by e-mail at EEosubmissions@usdoj.gov.

12. Contracts and/or MOUs with other jurisdictions

Equipment, technology, training, vehicles, sworn law enforcement officer positions and civilian positions, awarded may only be used for law enforcement activities or services that exclusively benefit your agency/taskforce and the population that it serves. The items funded under the CAMP grant cannot be utilized by other agencies/taskforces unless the items would exclusively benefit the population that your agency/taskforce serves.

Why this condition:
The CAMP grant is intended to benefit the communities within the grantee’s primary law enforcement jurisdiction. Therefore, the grantee must use the CAMP grant funding to benefit its own population exclusively, rather than contracting out the COPS-funded officer(s) to other jurisdictions.

What you should do:
Officers funded under the CAMP grant cannot provide contract law enforcement services to other agencies unless they will directly benefit the grantee’s jurisdiction. For example, a sheriff’s department cannot use a CAMP-funded officer to provide contract law enforcement services to a neighboring county, but can use the CAMP-funded officer to provide direct law enforcement services to towns within its own county.
13. False statements
False statements or claims made in connection with COPS grants may result in fines, imprisonment, or debarment from participating in federal grants or contracts, and/or any other remedy available by law.

Why this condition:
This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other grant documents.

What you should do:
Ensure that all documentation related to your agency’s receipt and use of grant funding (grant applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

14. Duplicative funding
The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.

Why this condition:
This grant was awarded to your agency to address its law enforcement needs that are not funded with other funds, including federal, state, local, tribal, or BIA funds. Consequently, your agency may not use this funding for items or services that you already have funding for from other sources.

What you should do:
If your agency receives funding from another source for the same item(s) or service(s) also funded under this award, please contact your COPS Office Grant Program Specialist at 800-421-6770.

15. Additional high-risk grantee requirements
The recipient agrees to comply with any additional requirements that may be imposed during the grant performance period if the awarding agency determines that the recipient is a high-risk grantee (28 C.F.R. Parts 66 and 70).

Why this condition:
The Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments, 28 C.F.R. Part 66.12, and for Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations, 28 C.F.R. Part 70.14, provide that a grantee or applicant may be considered high risk if the U.S. Department of Justice determines that there is unsatisfactory performance, financial or administrative instability, nonconformity with award terms and conditions, or other lack of responsibility. In such cases, the U.S. Department of Justice may impose special conditions or restrictions that may include requiring the production of documentation, financial grant administration training, on-site monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

What you should do:
In order to obtain a COPS grant, recipients must agree to comply with any additional requirements that may be imposed during the grant performance period if the awarding agency determines that the recipient is a high-risk grantee.

16. System for Award Management (SAM) and Universal Identifier requirements
The Office of Management and Budget requires federal agencies to include the following standard award term in all grants and cooperative agreements made on or after October 1, 2010:
A. **Requirement for System for Award Management (SAM)**

Unless you are exempted from this requirement under 2 C.F.R. Part 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

B. **Requirement for Data Universal Numbering System (DUNS) Numbers**

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

C. **Definitions**

For purposes of this award term:

1. **System for Award Management (SAM)** means the federal repository into which an entity must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the SAM Internet site at [www.sam.gov](http://www.sam.gov).
2. **Data Universal Numbering System (DUNS) number** means the nine- or thirteen-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or the Internet at [http://fedgov.dnb.com/webform](http://fedgov.dnb.com/webform).
3. **Entity**, as it is used in this award term, means all of the following, as defined at 2 C.F.R. Part 25, subpart C:
   a. A governmental organization, which is a state, local government, or Indian Tribe;
   b. A foreign public entity;
   c. A domestic or foreign non-profit organization;
   d. A domestic or foreign for-profit organization; and
   e. A federal agency, but only as a subrecipient under an award or subaward to a non-federal entity.
4. **Subaward**: 
   a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
   b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. ____210 of the attachment to OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations”).
   c. A subaward may be provided through any legal agreement, including an agreement that you consider a contract.
5. **Subrecipient** means an entity that:
   a. Receives a subaward from you under this award; and
   b. Is accountable to you for the use of the federal funds provided by the subaward.

**Why this condition:**

The purpose of this standard award term is to ensure government-wide uniformity in establishing the DUNS number as the universal identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable), and to establish the SAM as the repository for standard information about applicants and recipients.
What you should do:
At the time of grant application, your agency was required to provide its DUNS number and be registered in the SAM database.

Your agency should continue to use the same DUNS number provided in your grant application and update, as needed, the information associated with that DUNS number. If your agency is authorized to make subawards under its award, your agency may make subawards only to entities that have DUNS numbers. For more information about your DUNS number, please contact D&B using the toll-free number 866-705-5711 or visit http://fedgov.dnb.com/webform.

Your agency must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. Your agency must review and update its SAM information at least once per year to maintain an active registration status. For more information about SAM registration, please visit www.sam.gov.

17. Reporting subawards and executive compensation
The Office of Management and Budget requires federal agencies to include the following standard award term in all grants and cooperative agreements made on or after October 1, 2010:

a. Reporting of first-tier subawards.
   1. Applicability. Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates $25,000 or more in federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111–5) for a subaward to an entity (see definitions in paragraph e. of this award term).
   2. Where and when to report.
      i. You must report each obligating action described in paragraph a.1. of this award term to www.fsrs.gov.
      ii. For subaward information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010.)
   3. What to report. You must report the information about each obligating action that the submission instructions posted at www.fsrs.gov specify.

b. Reporting Total Compensation of Recipient Executives.
   1. Applicability and what to report. You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if—
      i. the total federal funding authorized to date under this award is $25,000 or more;
      ii. in the preceding fiscal year, you received—
         (A) 80 percent or more of your annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and subawards); and
         (B) $25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and subawards); and
      iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at www.sec.gov/answers/execomp.htm.)
2. **Where and when to report.** You must report executive total compensation described in paragraph b.1. of this award term:
   i. As part of your registration profile at [www.sam.gov](http://www.sam.gov).
   ii. By the end of the month following the month in which this award is made, and annually thereafter.

c. **Reporting of Total Compensation of Subrecipient Executives.**

   1. **Applicability and what to report.** Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient’s preceding completed fiscal year, if—
      i. in the subrecipient's preceding fiscal year, the subrecipient received—
         (A) 80 percent or more of its annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. 170.320 (and subawards); and
         (B) $25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts), and federal financial assistance subject to the Transparency Act (and subawards); and
      ii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at [www.sec.gov/answers/execomp.htm](http://www.sec.gov/answers/execomp.htm).

   2. **Where and when to report.** You must report subrecipient executive total compensation described in paragraph c.1. of this award term:
      i. To the recipient.
      ii. By the end of the month following the month during which you make the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.

d. **Exemptions**

   If, in the previous tax year, you had gross income, from all sources, under $300,000, you are exempt from the requirements to report:

   i. **Subawards, and**
   ii. **The total compensation of the five most highly compensated executives of any subrecipient.**

e. **Definitions.** For purposes of this award term:

   1. **Entity** means all of the following, as defined in 2 C.F.R. Part 25:
      i. A governmental organization, which is a state, local government, or Indian Tribe;
      ii. A foreign public entity;
      iii. A domestic or foreign non-profit organization;
      iv. A domestic or foreign for-profit organization;
      v. A federal agency, but only as a subrecipient under an award or subaward to a non-federal entity.

   2. **Executive** means officers, managing partners, or any other employees in management positions.
3. **Subaward:**
   i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
   ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. ___210 of the attachment to OMB Circular A–133, “Audits of States, Local Governments, and Non-Profit Organizations”).
   iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.

4. **Subrecipient means an entity that:**
   i. Receives a subaward from you (the recipient) under this award; and
   ii. Is accountable to you for the use of the federal funds provided by the subaward.

5. **Total compensation** means the cash and noncash dollar value earned by the executive during the recipient’s or subrecipient’s preceding fiscal year and includes the following (for more information see 17 C.F.R. 229.402(c)(2)):
   i. **Salary and bonus.**
   ii. **Awards of stock, stock options, and stock appreciation rights.** Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
   iii. **Earnings for services under non-equity incentive plans.** This does not include group life, health, hospitalization, or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
   iv. **Change in pension value.** This is the change in present value of defined benefit and actuarial pension plans.
   v. **Above-market earnings on deferred compensation which is not tax-qualified.**
   vi. Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds $10,000.

**Why this condition:**
To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov. Grantees are responsible for reporting their applicable executive compensation and subaward information and the award term provides guidance to report the related information, as required by FFATA.

**What you should do:**
At the time of grant application, your agency was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your agency received awards of $25,000 or more, you are required to report award information on any first-tier subawards totaling $25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the Internet at www.fsrs.gov, is the reporting tool that your agency will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on www.USASpending.gov associated with your agency’s award, furthering federal spending transparency.
For additional information regarding the executive compensation and subaward reporting requirements, please see Vol. 75, No. 177 (September 14, 2010) of the Federal Register, www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf.

18. Criminal intelligence systems
Grantees using CAMP funds to operate an interjurisdictional criminal intelligence system must comply with operating principles of 28 C.F.R. Part 23. The grantee acknowledges that it has completed, signed, and submitted with its grant award the relevant Special Condition certifying its compliance with 28 C.F.R. Part 23.

Why this condition:
If your agency receives funding for equipment or technology that will be used to operate an interjurisdictional criminal intelligence system, you must comply with the operating principles found at 28 C.F.R. Part 23. An inter-jurisdictional criminal intelligence system is generally defined as a system that receives, stores, analyzes, and exchanges or disseminates data regarding on-going pre-arrest criminal activities (examples of such activities include, but are not limited to, loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these inter-jurisdictional criminal intelligence systems which protect individual privacy and constitutional rights.

If your agency will use COPS Anti Methamphetamine Program (CAMP) grant funds simply to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply to this grant.

What you should do:
All COPS Office grant recipients are required to agree to the Criminal Intelligence Systems / 28 C.F.R. Part 23 Compliance Special Condition as part of their award package so the COPS Office can track which agencies intend to use their grant funds to operate inter-jurisdictional criminal intelligence systems. If your agency intends to use grant funds to operate an inter-jurisdictional criminal intelligence system, you should indicate this on the Criminal Intelligence Systems 28 C.F.R. Part 23 Compliance form that was included with your grant award package, and certify and submit this form along with your signed grant award document as your agency’s agreement to comply with the operating principles found at 28 C.F.R. Part 23. Your agency now must comply with 28 C.F.R. Part 23 in operating the inter-jurisdictional criminal intelligence system funded through your COPS Office grant.

19. Sole source justification
CAMP awardees who have been awarded funding for the procurement of an item (or group of items) or service in excess of $100,000 and who plan to seek approval for use of a noncompetitive procurement process must provide a written sole source justification to the COPS Office for approval prior to obligating, expending, or drawing down award funds for that item.

Why this condition:
In general, award recipients are required to procure funded items through open and free competition. However, in some instances, awardees may have already determined that competition is not feasible.

What you should do:
If you have received an award for an item (or group of items) or service in excess of $100,000 and have already determined that the award of a contract through a competitive process is infeasible, you must provide a written justification that explains why it is necessary to contract noncompetitively.
The initial determination that competition is not feasible can be made if one of the following circumstances exists:

- The item (or group of items) or service is available only from a single source
- Public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation
- Competition is determined inadequate after solicitation of a number of sources
- The COPS Office will review your request and the supporting information that you provide and will make a determination as to whether or not an exception can be awarded to the general rule regarding competition. If submitting a sole source justification request to the COPS Office, please use the format described in the sole source fact sheet at [http://www.cops.usdoj.gov/pdf/cpd/sole-source-justification-fact-sheet.pdf](http://www.cops.usdoj.gov/pdf/cpd/sole-source-justification-fact-sheet.pdf).

**20. Debarment and suspension**

The recipient agrees not to award Federal funds under this program to any party which is debarred or suspended from participation in Federal assistance programs.

*Why this condition:* Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see 2 CFR part 180 (Government-wide Debarment and Suspension), and 2 CFR part 2867 (DOJ-specific requirements).

*What you should do:* If under a COPS award you enter into a contract for goods or services that is for $25,000 or more or any subaward, you must verify that the vendor or subawardee and their respective principals (e.g., owners, top managers) with whom you intend to do business is not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subawardee to comply with subpart C of the OMB guidance in 2 CFR part 180 (Government-wide Debarment and Suspension) and subpart C of 2 CFR part 2867 (DOJ-specific requirements).

**21. Employment eligibility**

The grantee agrees to complete and keep on file, as appropriate, a Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States.

*Why this condition:* Under federal immigration law, all employers are required to take certain steps to ensure that persons that are hired are legally permitted to work in the United States. The Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9) outlines the types of documents that an employer should review to confirm that a new hire is eligible for employment.

*What you should do:* You do not need to submit any documentation to the COPS Office to satisfy this condition. Rather, you should complete and maintain the I-9 forms for all new employees under the guidelines set forth by the Bureau of Citizenship and Immigration Services. For further information about this requirement, you may contact the Bureau’s Office of Business Liaison at 800-357-2099 or the National Customer Service Center at 800-375-5283.
22. Whistleblower protection

The recipient agrees not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he/she reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant. The recipient also agrees to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. 4712. Please see Appendix E in the Grant/Award Owner’s Manual for a full text of the statute.

Why this condition:
Under the “Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. 4712), which is in effect through January 1, 2017, recipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal grants and contracts. The pilot program protects the public interest and ensures the proper management and use of federal funds.

What you should do:
The recipient must not take reprisal actions against an employee for disclosing misconduct under federal contracts and grants to certain persons and entities.

The recipient is prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he/she reasonably believes is evidence of

- gross mismanagement of a federal contract or grant;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or grant;
- a substantial and specific danger to public health or safety;
- a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.

In addition, the disclosure must also have been made to

- a Member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or grant oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;
- a court or grand jury;
- a management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or grant.

The recipient must inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections and remedies under 41 U.S.C. 4712.
What are the specific rules regarding termination of grant funding?
The COPS Office has the right to sanction or terminate your agency’s project when there is reason to believe that your agency
• is not substantially complying with the grant requirements or other applicable provisions of federal law;
• is failing to make satisfactory progress toward the goals or strategies outlined in its application;
• is not adhering to grant requirements or conditions;
• is proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application being denied funding;
• is not submitting financial or programmatic reports in a timely manner;
• is filing false statements or certifications in connection with an application, periodic report, or other grant-related documents;
• is providing other good cause for sanctions or termination as determined by the COPS Office.

In these instances, the COPS Office may
• temporarily withhold payments pending correction of the situation by your agency;
• disallow all or part of the cost of the activity or action not in compliance;
• wholly or partly suspend or terminate your grant;
• require that some or all of the grant funds be remitted to the U.S. Department of Justice;
• condition a future grant or elect not to provide future grant funds to your agency until appropriate actions are taken to ensure compliance;
• withhold or restrict your agency from obtaining future awards;
• recommend civil or criminal enforcement by other agencies;
• take other remedies that may be legally available.

In the event that sanctions are imposed or your grant is terminated, your agency will be notified in writing of our decision and the reason(s) for that decision.

Accepting the grant award
After you have reviewed the conditions of your CAMP award and your agency agrees with these conditions, you are ready to accept the award. The Director of the COPS Office has signed the award document indicating approval of your grant, an obligation of federal funds to your organization, and our commitment to the award. As stated at the beginning of this section, to officially begin your grant and draw down your funds, the authorized officials (see the Glossary of Terms on page 59) of your agency must access www.cops.usdoj.gov and select the “Account Access” link in the upper right corner to log in, review, and electronically sign the award document along with all award condition pages.

Who should sign the award document for our agency?
The authorized officials are the law enforcement and government executives who have ultimate and final responsibility for all programmatic and financial decisions regarding this grant as representatives of the legal grantee. COPS grants require that both the top law enforcement executive (e.g., chief of police, sheriff, or equivalent) and the top government executive (e.g., mayor, board chairman, or equivalent) sign the award document. For non-law enforcement agencies (universities, etc.), the authorized officials are the
programmatic and financial officials who have the ultimate signatory authority to sign contracts on behalf of your organization. Typically, these are the same executives named on your agency’s 2014 CAMP application. If one or both of these individuals have changed, please complete a Change of Information (COI) form online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) through the “Account Access” link and create accounts for them so that they may electronically sign the award. If you have any questions as to who should sign the award, please contact your jurisdiction’s local legal advisor.

**By when must the award document be signed?**

Please electronically sign the award document and all award condition pages within 90 days of the date on the award congratulatory letter. Grant funds will not be released until we have received your agency’s signed award document, your budget has received final clearance, and any other relevant grant conditions particular to your agency have been satisfied. Failure to submit your signed award document within the 90-day award acceptance period may result in your CAMP award being withdrawn and the funds deobligated without additional notification. If your agency requires an extension for accepting the award beyond the 90-day acceptance time frame, please submit a written request to your COPS Grant Program Specialist. Be sure to explain the circumstances that prevent your agency from signing the award document within the 90-day period and identify the date by which the award document will be electronically signed. The COPS Office will review such requests on a case-by-case basis. The COPS Office reserves the right to deny requests to extend the 90-day award acceptance period.
II. PROCUREMENT PROCESS

In general, grant recipients are required to procure funded items through open and free competition when feasible. For the purchase of equipment, technology, or services under a COPS Office grant award, grant recipients must follow their own policies and procedures on procurement as long as those requirements conform to the federal procurement requirements set forth in 28 C.F.R. § 66.36 and 28 C.F.R. § 70 (as applicable).

As described in grant condition #19 on page 19, grantees are required to submit a sole source justification (SSJ) request if competitive bidding will not be possible and the threshold of $100,000 for goods or services to be procured through a sole source is met. The COPS Office will review your request and supporting information to determine whether an exception can be granted to the general rule of open competition. Written approval from the COPS Office for the use of a sole source must be received prior to purchasing items or services, obligating funding for a contract, or entering into a contract with grant funds. All grantees are expected to review and abide by 28 C.F.R. Part 66.36 Procurement (or 28 C.F.R. Part 70.40 - 70.48 for institutions of higher education, hospitals, and other nonprofit organizations) in determining if an SSJ must be completed. Please contact your COPS Office Grant Program Specialist (GPS) at 800-421-6770 for further assistance with this federal regulation.

A sole source justification request should be submitted if a grant recipient determines that the award of a contract through a competitive process is infeasible and if one or more of the following circumstances apply:

- The item (or group of items) or service is available only from one source.
- The public exigency or emergency for the item or service will not permit a delay resulting from competitive solicitation.
- Competition is determined inadequate after solicitation of a number of sources.

What documentation must be submitted to the COPS Office for sole source review?

Requests for sole source procurements of equipment, technology, or services in excess of $100,000 must be submitted to the COPS Office in writing, confirming that the award of the contract through full and open competition is infeasible. Please note that a justification must be submitted for each vendor providing goods or services in excess of $100,000.

To ensure that all of the necessary information is included and submitted to the COPS Office, the following checklist can be used when preparing your agency’s sole source request:

- **Letterhead**—The sole source request must be signed by an authorized representative and submitted on grantee department letterhead and must include the agency ORI and the grant number for which the approval is being sought. The request should also include the following information:
  - **Section I. Description of project**—This section should be a brief description of the project, the amount to be designated for the sole source procurement, and the purpose of the contract.
  - **Section II. Reason for request**—This section should include
    - an explanation as to why full and open competition is infeasible (e.g., why it is necessary to contract in a non-competitive manner);
    - which one (or more) of the three required categories identified below applies to the requested sole source procurement transaction(s).
      - The item or service is available only from one source.
      - The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation.
      - Competition is determined inadequate after solicitation of a number of sources.
• **Section III. Supporting documentation**—The information below should support the applicable category or categories identified in section II above.
  • If the item or service is available only from one source, please include the following:
    • Uniqueness of items or services to be procured from the proposed contractor or vendor (compatibility, patent issues, etc.)
    • How the agency determined that the item or service is only available from one source (e.g., market survey results, independent agency research, patented or proprietary system)
    • Explanation of need for contractor's expertise linked to the current project (e.g., knowledge of project management, responsiveness, experience of contractor personnel, prior work on earlier phases of project)
    • Any additional information that would support the case
  • If the public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation, please include the following:
    • Explanation of the specific public emergency
    • Impact on project if deadline or dates are not met
    • When the contractual coverage is required by your department and why
    • Any additional information that would support the case
  • If competition is determined inadequate after solicitation of a number of sources, please include the following:
    • Results of a market survey to determine competition availability
    • If no survey is conducted, please explain why not
    • Any additional information that would support the case

• **Section IV. Best interest statement**—This section should comprise a statement declaring that this action or choice is in the best interest of the agency.

Failure to provide all of the necessary information will delay the processing of your request. Your agency will be contacted if any of the identified information is missing or if additional supporting documentation is required. The COPS Office will notify your agency in writing after completion of the review.

Please be advised that conflicts of interest are prohibited under the procurement standards set forth in 28 C.F.R. § 66 and 28 C.F.R. § 70.

**Contact the COPS Office**
If you have any questions regarding the federal requirements that guide procurement procedures, please contact your COPS Grant Program Specialist or program point of contact.

For more information about COPS Office programs and resources, please call the COPS Office Response Center at 800-421-6770, or visit the COPS Office online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).
III. ACCESSING GRANT FUNDS

This section provides answers to payment-related questions, including all the information needed to set up your payments. For assistance with financial management and grant administration, please contact the COPS Office Response Center at 800-421-6770 or visit our website at www.cops.usdoj.gov.

Payment method

What method of payment is used?
There is currently one method of payment available for accessing federal grant funds—the Grant Payment Request System (GPRS). GPRS is a web-based system that enables grantees to use a secure Internet connection to request funds. Approved payment requests will automatically be scheduled for payment by the U.S. Department of the Treasury. A grantee will be able to review previous requests made since July 2009. For more information on the GPRS, please go to www.ojp.usdoj.gov/about/offices/ocfogprs.htm to view the user guide.

Setting up your account

How do we set up a GPRS account?
If you are a new grantee to the COPS Office, your law enforcement executive or government executive should receive notification about GPRS shortly after the COPS Office receives your original signed award document. This notification will contain all of the information that your agency needs to set up the GPRS payment method. If your law enforcement executive or government executive does not perform drawdown requests for your agency, your grant administrator will need to go online to https://grants.ojp.usdoj.gov/gprs/welcome to log in and register to become a Drawdown Specialist. You will receive, via e-mail, a temporary password and information on how to use GPRS. Please note that part of the verification process may involve outreach to your law enforcement executive or government executive or other financial points of contact to validate information provided by the Drawdown Specialist.

If you are already registered for a COPS grant username in GPRS, and would like to add a newly awarded COPS grant to the existing COPS grant username, contact the COPS GPRS registration team via e-mail at COPSGPRSRegistration@usdoj.gov and provide the following information:

- User name (for COPS grants)
- First and last name
- Vendor number
- Grant number(s) to be added

How do we fill out the payment enrollment forms?
If you are a new grantee to the COPS Office, your agency will need to complete an Automated Clearinghouse (ACH) Vendor/Miscellaneous Payment (SF-3881) enrollment form. This form can be found on the COPS Office website at the following address: www.cops.usdoj.gov/Default.asp?Item=100.

Prior to accessing your grant funds, your agency must mail the original form to:
Office of Justice Programs
Office of the Chief Financial Officer
810 Seventh Street NW
Attn: Control Desk, Fifth Floor
Washington, DC 20001
Your agency must complete the “Payee/Company Information” section following the directions on the back of the form and also provide the grant number (printed on the award document). Next, your financial institution must complete the “Financial Institution Information” section and have the appropriate financial official sign the form.

If you are already a COPS grantee, you should already have filled out an ACH enrollment form. Therefore, your agency will not be required to submit a new ACH enrollment form for the newly awarded grant as long as your OJP vendor number has not changed. If you have any questions, or wish to verify your ACH enrollment form information, please call the COPS Office Response Center at 800-421-6770.

When should Federal Financial Reports be filed?
After your agency returns the signed award document to the COPS Office, under current regulations, you are required to submit quarterly Federal Financial Reports using a Standard Form 425 (SF-425). This report reflects the actual monies spent and unliquidated obligations incurred by your agency. You will not be able to make drawdowns from your grant account if the SF-425 for the most recent reporting quarter is not on file with the COPS Office by the deadline date. Grantees are encouraged to submit their SF-425 reports via the Internet at www.cops.usdoj.gov.

For more information on how to complete and where to submit your quarterly SF-425, see section VI of this Grant Owner’s Manual, titled “Reports,” on page 33.

Filing the Federal Financial Report (SF-425) identifies your federal and local expenditures made during that calendar quarter. However, to receive actual payment, you must request it through GPRS.

Additional payment questions
Can we receive advances?
Yes. If you receive funds through electronic transfer, the period allowed is 10 days in advance. In general, the concept of “minimum cash on hand” applies to COPS grants. This concept requires that your agency request funds based upon immediate cash disbursement needs. You should time your request for payment to ensure that federal cash on hand is the minimum that you need.

There should be no excess federal grant funds on hand, except for advances not exceeding 10 days, as noted above.

The Federal Government has four basic rules regarding advances. Advances can be terminated if the grantee
  • is unwilling or unable to attain project goals;
  • maintains excess cash on hand;
  • does not adhere to the terms and conditions of the grant;
  • fails to submit reliable and/or timely reports.

How often can we request reimbursement of costs?
There are no limitations on how often your agency may request reimbursements. However, reimbursement is only for costs that were approved in the Financial Clearance Memorandum (FCM). As a general guideline, most agencies request reimbursement on a monthly or quarterly basis. Also, please note that a date range can only be used once.
Can we earn interest on our grant funds?
Your agency should minimize the time between your drawdown of grant funds and your payment of grant costs to avoid earning excess interest on your grant funds. You must account for interest earned on advances of federal funds as follows:

- Local units of government may keep interest earned on all advances of federal funds up to $100 per federal fiscal year in the aggregate. Interest earned in excess of $100 must be remitted promptly, but at least quarterly, to the U.S. Department of Health and Human Services, Payment Management Systems, P.O. Box 6021, Rockville, MD 20852.

- Except as provided in 28 C.F.R. Part 70.22(l), nonprofit organizations may keep interest earned on all advances of federal funds up to $250 per federal fiscal year in the aggregate. Interest earned in excess of $250 must be remitted annually to the U.S. Department of Health and Human Services, Payment Management Systems, P.O. Box 6021, Rockville, MD 20852.

- Please notify your COPS Staff Accountant in the COPS Financial Division when any interest that is earned is remitted to the U.S. Department of Health and Human Services, Payment Management Systems, P.O. Box 6021, Rockville, MD 20852.

- State governments, including any agency or instrumentality of a state, should follow the provisions of the Intergovernmental Cooperation Act (31 U.S.C. 6501 et. seq.) pertaining to the disposition of interest earned on federal funds.
IV. FINANCIAL RECORD MAINTENANCE

Under the CAMP grant, your agency is required to establish and maintain accounting systems and financial records to accurately account for funds awarded and disbursed. These records must include both federal funds and any local funds contributed to this project.

Accounting systems and records

What accounting systems are required?
Your agency needs to establish and maintain accounting systems and financial records to accurately account for the funds awarded.

Your accounting system should
• present and itemize actual expenditures of funded items;
• demonstrate that funds are spent in compliance with your grant conditions;
• be able to provide the necessary information for periodic financial review and audit.

What records must be kept?
Your agency’s fiscal control and accounting systems should enable you to make accurate, current, and complete disclosure of the financial activity under your CAMP grant. Your accounting records should contain information showing expenditures under the grant and must be supported by items such as payroll records, time and attendance records, cancelled checks, or similar documents.

Your agency must adequately safeguard grant funds and make sure that they are used for authorized purposes only. Your agency will be responsible for refunding any unallowable expenses.

How long must documents be kept?
All financial records, including payroll, time and attendance records, cancelled checks, and similar documents associated with your CAMP grant should be kept for at least three years from the date the COPS Office officially closes the grant. If any litigation, claim, negotiation, audit or other action involving these records has been started before the end of the three-year period, the records should be kept until completion of the action. These records should be easily located and should be properly protected against fire or other damage. Failure to maintain adequate records to document grant expenditures may result in a requirement to repay all federal funds that cannot be supported with appropriate records.

Your agency should maintain records so that you can identify them by grant year or by fiscal year, whichever you find more convenient.

What if we have more than one grant?
If your agency has more than one COPS Office grant or a grant from another federal agency, funds received under one project may not be used to support another project without specific written authorization from the COPS Office, or in the case of a grant from another agency, from both awarding agencies. Your accounting systems and financial records must reflect expenditures for each project separately.

Who may access our records?
Authorized federal representatives, including representatives from the U.S. Department of Justice, the Comptroller General of the United States, the COPS Office, and any entity designated by the COPS Office may access these records for the purposes of conducting audits, site visits, or other examinations.
V. FEDERAL AUDIT REQUIREMENTS

In addition to oversight by the COPS Office, your grant may be subject to an audit by independent examiners. The two primary types of audit are Single Audit Act (SAA) audits and U.S. Department of Justice, Office of the Inspector General (OIG) audits.

Requirements and audits

What are the regulations governing Single Audit Act (SAA) requirements?
The Single Audit Act of 1984 established uniform guidelines for state and local governments receiving federal financial assistance. The 1984 Act was amended in July 1996, was revised June 27, 2003 and again June 26, 2007, and is effective for fiscal years after December 31, 2003 to reflect revised audit criteria and reporting requirements. The Office of Management and Budget Circular A-133 (OMB A-133), Audits of States, Local Governments and Non-Profit Organizations, provides additional guidelines regarding the implementation of SAA requirements.

Who must have an SAA audit?
Each non-federal entity that expends a total amount of federal awards equal to or in excess of $500,000 in a fiscal year is required to have a Single Audit conducted, except when it elects to have a program-specific audit conducted. An auditee may be a recipient, a subrecipient, or a vendor. Specifically, “Federal awards expended as a recipient or a subrecipient would be subject to an audit under A-133, Subpart B, Section 210.”

SAA audits are conducted annually unless a state or local government is required by constitution or statute, in effect on January 1, 1987, to undergo audits less frequently than annually. The primary objective of an SAA audit is to express opinions on the grantee’s financial statements, internal controls, major and non-major grant programs, and compliance with government laws and regulations. Single Audits may also address specific compliance issues with respect to COPS Office grant requirements.

Failure to have an audit performed may result in sanctions imposed by federal agencies for noncompliance with OMB Circular A-133. These sanctions under A-133, Section 225 could include the following:
- Withholding a percentage of federal awards until a required audit is completed satisfactorily
- Withholding or disallowing overhead costs, suspending your award until the audit is performed, or terminating your award

Your SAA reports should not be sent to the COPS Office. If the U.S. Department of Justice is your cognizant federal agency (see the Glossary of Terms on page 60), they should be sent to the Federal Audit Clearinghouse at:

Federal Audit Clearinghouse
Bureau of Census
1201 East 10th Street
Jeffersonville, IN 47132

The U.S. Department of Justice, Office of Justice Programs (OJP) serves as the liaison between grantees and auditors in the conduct of SAA audits. Questions and comments regarding SAA audits may be directed to the COPS Office Response Center at 800-421-6770.

What is the role of the Office of the Inspector General (OIG)?
The OIG is a separate component of the U.S. Department of Justice and is independent of the COPS Office. The primary objective of OIG audits is to assess compliance with grant conditions. OIG audits are designed to promote economy, efficiency, and effectiveness in the administration of grants by evaluating compliance with laws, regulations, policies, and procedures governing the operations encompassed in the scope of the audit.
How are COPS Office grants selected for an OIG audit?
The OIG may conduct an audit in response to a referral that the OIG believes warrants further evaluation. The OIG also surveys U.S. Department of Justice agencies on an annual basis to solicit input on suggested audit areas for the upcoming fiscal year. In most instances, however, the OIG selects grants based on a number of factors, including the geographical distribution of grants awarded, award amount, population served, and type of grant (both active and expired). As such, the fact that your grant has been selected for an OIG audit is not necessarily indicative of a suspected concern or problem area.

The COPS Office Grant Monitoring Division serves as the liaison between grantees and the OIG's Audit Division, which conducts the audit. After the OIG notifies the COPS Office of upcoming audits to be conducted, the COPS Office Grant Monitoring Division will send out a notification letter to grantees outlining the scope of each audit and the anticipated audit timeframe. This notification letter also advises grantees of the supporting documentation required and information necessary for the OIG during their scheduled field work, and provides a COPS Office point of contact to address questions and concerns. If you have any questions regarding an OIG audit, please contact the COPS Office Grant Monitoring Division at 800-421-6770. Questions and comments regarding the administration of your CAMP grant, not specifically related to an audit, should be referred to your COPS Grant Program Specialist.

Typical Audit Findings
The OIG has typically reported the following audit findings pertaining to grants as a result of lack of proper documentation, poor business practices, or inadequate accounting and record keeping systems:

- **unallowable costs.** Grantee incurred costs that were not approved in the original budget, were in excess of the approved budget, or were charged to the grant after the expiration date and a grant extension was not obtained.
- **unsupported costs.** Specific grant expenditures and reimbursements could not be supported by adequate documentation.
- lack of complete/timely programmatic and financial reporting. Grantee failed to submit required programmatic and financial reports in a timely manner and/or had inadequate record keeping systems.
- **supplanting.** Grantee could not document efforts to backfill vacant local sworn officer positions, or grantee could not explain reductions in local law enforcement budget or in sworn officer positions during the grant award period.
- **lack of adequate community policing.** Grantee had difficulty demonstrating community policing activities.
- **funds to better use.** Funds could be used more efficiently based on management actions such as
  - reductions in outlays;
  - deobligation of funds;
  - withdrawal;
  - costs not incurred by implementing recommended improvements;
  - any other savings which are specifically identified.
- **questioned costs.** Costs that are questioned by the auditor because of an audit finding which resulted from a violation or possible violation of a provision of law, regulation, grant terms and conditions, or other document governing the use of federal funds; or because costs incurred appear unreasonable and do not reflect the actions a prudent person would take under the same circumstances; or because costs at the time of the audit are not supported by adequate documentation.
After the final OIG audit report has been issued, the COPS Office Grant Monitoring Division will continue working as the liaison between your agency and the OIG to obtain closure on any audit findings. The COPS Office will issue a closure letter once all audit recommendations have been closed by the OIG. You must keep all documentation related to the audit for a period of three years following the audit's closure.
VI. REPORTS

As part of the CAMP, your agency will be required to submit quarterly Federal Financial Reports as well as quarterly Program Progress Reports. Awarded agencies should be prepared to track and report CAMP funding separately from other funding sources (including other COPS Office and federal grants) to ensure accurate financial and programmatic reporting on a timely basis. Your agency should ensure that you have financial internal controls in place to monitor the use of CAMP funding and ensure that its use is consistent with the grant terms and conditions. Good practices in this area would include written accounting practices, an accounting system that tracks all drawdowns and grant expenditures, and the ability to track when each CAMP position is filled or vacant (including if the position was for a new hire or a rehire). Failure to submit complete reports or submit them in a timely manner may result in the suspension and possible termination of your agency’s COPS grant funding or other remedial actions.

Federal Financial Reports

Your agency is required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the grant period. This report reflects the actual cumulative federal monies spent, unliquidated obligations incurred, and any unobligated balance of federal funds.

How do we file a Federal Financial Report?

All COPS grantees are required to submit quarterly Federal Financial Reports using the SF-425. Grantees are strongly encouraged to submit the quarterly SF-425 online. Visit the COPS Office website at www.cops.usdoj.gov and select the “Account Access” link in the upper right corner to log in; once you are logged in, select “Applications” from the agency portal menu, click on the “SF-425” icon, and follow the instructions to complete and submit your reports. The online SF-425 requires the same reporting information as the paper version. The use of this online application enables authorized users to view past SF-425s, and allows them to file or amend the SF-425 for the current quarter.

When are Federal Financial Reports due?

SF-425s for COPS grants must be submitted every quarter and no later than 30 days after the last day of each reporting quarter, as detailed below:

<table>
<thead>
<tr>
<th>Reporting Quarters</th>
<th>SF-425 Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1 – March 31</td>
<td>April 30</td>
</tr>
<tr>
<td>April 1 – June 30</td>
<td>July 30</td>
</tr>
<tr>
<td>July 1 – September 30</td>
<td>October 30</td>
</tr>
<tr>
<td>October 1 – December 31</td>
<td>January 30</td>
</tr>
</tbody>
</table>

For your first SF-425 submission, determine when the most recent SF-425 reporting quarter ended and complete an SF-425 to cover the period from the award start date of your grant to that particular end date. You are required to submit an SF-425 even if you have not spent any money or incurred any costs during a reporting period. The due dates for online filing of SF-425s are the same as for the submission of paper copies.

Example:

If your award start date is 02-01-13 and the current date is 04-15-13, then your first SF-425 will be due no later than 04-30-13 and will cover the period 02-01-13 (award start date) through 03-31-13 (end of the most recent reporting quarter). This SF-425 must be on file with the COPS Office so that you can successfully complete a drawdown of funds through GPRS.
Grantees who do not submit SF-425s by the due date will be unable to draw down funds. The payment system contains a function which checks for SF-425 delinquency and will reject a drawdown attempt if the SF-425 is not up to date. Subsequent e-mail, fax, and/or hard copy reminders may be sent to the grantee if the SF-425 is delinquent.

For general information concerning online filing of SF-425 reports, go to www.cops.usdoj.gov/Default.asp?Item=740 or contact the COPS Office Response Center by phone at 800-421-6770 or by e-mail at AskCopsRC@usdoj.gov.

How will grant funds be monitored?
The COPS Office and designated representatives from the Office of the Chief Financial Officer, Office of Justice Programs monitor the financial aspects of your agency’s grant through financial reports, on-site visits, office-based grant reviews, meetings, telephone contacts, reports, audits, reviews of grant change requests, and special request submissions.

Program Progress Reports
Quarterly Program Progress Reports and a Final Program Progress (Closeout) Report are required to be submitted directly to the COPS Office through the “Account Access” link of the COPS Office website at www.cops.usdoj.gov.

How do we file a Program Progress Report?
Please access the COPS Office website at www.cops.usdoj.gov and click on the “Account Access” link at the top right-hand side of the page. Once you are logged in, select “Applications” from the agency portal menu, click on the “Progress Report” icon, and follow the instructions to complete your report.

How do we obtain online access to complete the Program Progress Report?
If you do not have login access, you should contact your agency portal administrator to set up an account for you.

If you have a registered account, but do not remember your password, you may reset your password by going to the agency portal homepage in “Account Access”, entering your e-mail address, and clicking on the “Forgot Password” link. If you do not have your user name or your password, please contact the COPS Office Response Center by phone at 800-421-6770 (from Monday through Friday between 9:00 AM and 5:00 PM Eastern time) or by e-mail at AskCopsRC@usdoj.gov.

Do we need to request a Program Progress Report?
No. The COPS Office will notify your agency directly when the report is due. A notification for submitting your quarterly Program Progress Report will be sent electronically in January/April/July/October, covering activities for the preceding calendar quarter. Notification for submitting your Final Program Progress (Closeout) Report will be sent to your agency in the month following your grant end date.

When are Program Progress Reports due?
Program Progress Reports for COPS grants must be submitted every quarter and no later than 30 days after the last day of each reporting quarter, as detailed below:
### Table 2. Due dates of Program Progress Reports by quarter

<table>
<thead>
<tr>
<th>Reporting Quarters</th>
<th>Program Progress Report Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1 – March 31</td>
<td>April 30</td>
</tr>
<tr>
<td>April 1 – June 30</td>
<td>July 30</td>
</tr>
<tr>
<td>July 1 – September 30</td>
<td>October 30</td>
</tr>
<tr>
<td>October 1 – December 31</td>
<td>January 30</td>
</tr>
</tbody>
</table>

### What kind of information will these reports require?

They will request information about the status of your agency’s hiring or rehiring of additional career law enforcement officers and your grant-related community policing activities.

### What if we make a mistake or need to modify the report after it is submitted?

Grantees may need to make a change or may be asked by a subsequent COPS Office reviewer to make a correction to a submission. The recipient can update the submission by logging on to the COPS Office website or by calling the COPS Progress Report Team at 800-659-7379.

### Will the data that we submit be publicly available?

Program Progress Reports submitted to the COPS Office may be reported publicly in response to a Freedom of Information Act (FOIA) request.

If your agency has any questions regarding the submission of these required reports, please call the COPS Progress Report Team at 800-659-7379.

### Contact points to obtain technical assistance and report violations

Any alleged violations, serious irregularities, or acts that may result in the use of public funds in a manner inconsistent with the Public Safety Partnership and Community Policing Act of 1994 or the purposes of this grant may be reported to the U.S. Department of Justice. Furthermore, the COPS Office welcomes the opportunity to provide assistance regarding the implementation of grant provisions to help ensure that federal grant funds are spent responsibly. As such, the following contacts are provided to address noncompliance and technical assistance issues:

- If you suspect violations of a criminal nature, please contact the U.S. Department of Justice, Office of the Inspector General (OIG) at [www.justice.gov/oig/FOIA/hotline.htm](http://www.justice.gov/oig/FOIA/hotline.htm), OIG.hotline@usdoj.gov, or 800-869-4499.
- If you suspect grant violations (not criminal in nature) related to the grant conditions listed in this manual, please contact the COPS Grant Monitoring Division at 202-514-9202.
- If you have any questions or need assistance regarding your grant, please contact your COPS Grant Program Specialist at 800-421-6770.
VIII. WHEN THE GRANT PERIOD HAS ENDED

At the end of your agency’s grant period, the COPS Office is responsible for the closeout of your grant. As part of this process, the COPS Office requires documentation demonstrating that your agency has met all of the financial and programmatic requirements of the grant.

After the end of the grant period, your agency will be asked to submit a Final Federal Financial Report (SF-425) and any applicable final program reports.

Final Federal Financial Report

The Final Federal Financial Report (SF-425) for your grant is due to the COPS Office no later than 90 days after the end of the grant period. The final report should reflect the total amount of federal expenditures and the amount of unobligated funds, if any. The federal funds expended should reflect only the actual allowable incurred salary and fringe benefit costs for the 24-month grant period that each grant position was occupied. Additionally, it should reconcile with the amount of federal funds drawn down by your agency.

When should all of the grant monies be spent?

Grant funds reflecting allowable project costs must be obligated before the end of the grant period. Obligated funds cover monies spent and expenses for all approved items in the FCM that your agency has incurred but not yet paid. Your agency has up to 90 days after the end of the grant period to request reimbursement for funds obligated.

Please be advised that 28 C.F.R. Part 66.50(c) requires grantees to submit a Final Federal Financial Report (SF-425) and to draw down the final reimbursement for expended funds within 90 days after the expiration of the grant. In addition, be advised that failure to complete the drawdown of funds within the 90-day period following award expiration will result in the forfeiture of the remaining eligible balance.

It is possible that your agency may have excess grant funds remaining in your account following the grant period due to an overestimate of item costs during the grant period. Your agency should review its records carefully to ensure that it draws down and expends only the amount required for actual costs incurred during the grant period. Any excess unobligated or unspent funds should remain in your account, and will be deobligated during the closeout process.

Final Program Progress (Closeout) Report

After your grant period has ended, your agency may be sent a final progress or closeout report from the COPS Office and asked to complete it. This report will serve as your agency’s final programmatic report on the grant, and the information your agency provides in this report will be used to make a final assessment of your grant progress.

Equipment disposition

Each grantee must use any equipment funded through a COPS Office award for approved grant-related purposes and must retain the equipment for the life of the grant. After the conclusion of the grant period, property records must be maintained by the grantee. The records should include a description of the property; a serial number or other identification number; the source of the property; the name of the person or entity that holds the title; the acquisition date and cost of the property; the percentage of federal participation in the cost of the property; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposal and sale price of the property. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property.
When the grant has expired and original or replacement equipment obtained under the grant is no longer needed for the original project or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

Items of equipment with a current per-unit fair market value of less than $5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.

Items of equipment with a current per-unit fair market value in excess of $5,000 may be retained or sold and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency’s share of the equipment.

For more information, please see 28 C.F.R. Part 66.32 or 28 C.F.R. Part 70.34, as applicable.
IX. CONCLUSION

We hope that this manual has assisted you and your agency with your grant questions. We welcome and encourage any comments you have regarding the CAMP and the materials we have developed for its administration. If you have specific comments regarding this manual, please send them to:

U.S. Department of Justice
Office of Community Oriented Policing Services
Attn: CAMP Control Desk
145 N Street NE
Washington, DC 20530

If you have any questions about your grant, please call your COPS or the COPS Office Response Center at 800-421-6770.

Pursuant to Executive Order 13513, “Federal Leadership on Reducing Text Messaging While Driving,” the COPS Office encourages recipients of U.S. Department of Justice funds to adopt and enforce policies that ban text messaging while driving and to establish workplace safety policies to decrease crashes caused by distracted drivers.

Appendix B – Assurances and Certifications

Assurances
Several provisions of federal law and policy apply to all grant programs. The Office of Community Oriented Policing Services needs to secure your assurance that the applicant will comply with these provisions. If you would like further information about any of these assurances, please contact your state’s COPS Grant Program Specialist at 800-421-6770.

By signing this form, the applicant assures that it will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal grant funds. In particular, the applicant assures us that:

1. It has been legally and officially authorized by the appropriate governing body (for example, mayor or city council) to apply for this grant and that the persons signing the application and these assurances on its behalf are authorized to do so and to act on its behalf with respect to any issues that may arise during processing of this application.

2. It will comply with the provisions of federal law, which limit certain political activities of grantee employees whose principal employment is in connection with an activity financed in whole or in part with this grant. These restrictions are set forth in 5 U.S.C. § 1501, et seq.

3. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, if applicable.

4. It will establish safeguards, if it has not done so already, to prohibit employees from using their positions for a purpose that is, or gives the appearance of being, motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.

5. It will give the Department of Justice or the Comptroller General access to and the right to examine records and documents related to the grant.

6. It will comply with all requirements imposed by the Department of Justice as a condition or administrative requirement of the grant, including but not limited to: the requirements of 28 CFR Part 66 and 28 CFR Part 70 (governing administrative requirements for grants and cooperative agreements); 2 CFR Part 225 (OMB Circular A-87), 2 CFR 220 (OMB Circular A-21), 2 CFR Part 230 (OMB Circular A-122) and 48 CFR Part 31.000, et seq. (FAR 31) (governing cost principles); OMB Circular A-133 (governing audits) and other applicable OMB circulars; the applicable provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended; 28 CFR Part 38.1; the applicable COPS Application Guidelines; the applicable COPS Grant Owner’s Manuals; and with all other applicable program requirements, laws, orders, regulations, or circulars.

7. It will, to the extent practicable and consistent with applicable law, seek, recruit and hire qualified members of racial and ethnic minority groups and qualified women in order to further effective law enforcement by increasing their ranks within the sworn positions in the agency.
8. It will not (and will require any subgrantees, contractors, successors, transferees, and assignees not to), on the grounds of race, color, religion, national origin, sex, disability, or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); the Age Discrimination Act of 1975 (42 U.S.C. §6101, et seq.); Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681 et seq.); and the corresponding DOJ regulations implementing those statutes at 28 C.F.R. part 42 (subparts C, D, E, G, and I). It will also comply with Executive Order 13279 Equal Treatment for Faith-Based Organizations and its implementing regulations at 28 C.F.R Part 38, which requires equal treatment of religious organizations in the funding process and nondiscrimination of beneficiaries by Faith-Based Organizations on the basis of belief or non-belief.

A. In the event that any court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, gender, disability or age against the applicant after a due process hearing, it agrees to forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531.

B. If your organization has received an award for $500,000 or more and has 50 or more employees, then it has to prepare an Equal Employment Opportunity Plan (EEOP) and submit it to the Office for Civil Rights ("OCR"), Office of Justice Programs, 810 7th Street, N.W., Washington, DC 20531, for review within 60 days of the notification of the award. If your organization received an award between $25,000 and $500,000 and has 50 or more employees, your organization still has to prepare an EEOP, but it does not have to submit the EEOP to OCR for review. Instead, your organization has to maintain the EEOP on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. If your organization received an award for less than $25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEOP requirement. However, your organization must complete Section A of the Certification Form and return it to OCR.

9. Pursuant to Department of Justice guidelines (June 18, 2002 Federal Register (Volume 67, Number 117, pages 41455-41472)), under Title VI of the Civil Rights Act of 1964, it will ensure meaningful access to its programs and activities by persons with limited English proficiency.

10. It will ensure that any facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency’s (EPA) list of Violating Facilities and that it will notify us if advised by the EPA that a facility to be used in this grant is under consideration for such listing by the EPA.

11. If the applicant’s state has established a review and comment procedure under Executive Order 12372 and has selected this program for review, it has made this application available for review by the state Single Point of Contact.

12. It will submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget for clearance under the Paperwork Reduction Act of 1995 if required.
13. It will comply with the Human Subjects Research Risk Protections requirements of 28 CFR Part 46 if any part of the funded project contains non-exempt research or statistical activities which involve human subjects and also with 28 CFR Part 22, requiring the safeguarding of individually identifiable information collected from research participants.

14. Pursuant to Executive Order 13043, it will enforce on-the-job seat belt policies and programs for employees when operating agency-owned, rented or personally-owned vehicles.

15. It will not use COPS funds to supplant (replace) state, local, or Bureau of Indian Affairs funds that otherwise would be made available for the purposes of this grant, as applicable.

16. If the awarded grant contains a retention requirement, it will retain the increased officer staffing level and/or the increased officer redeployment level, as applicable, with state or local funds for a minimum of 12 months following expiration of the grant period.

17. It will not use any federal funding directly or indirectly to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law ratification, policy or appropriation whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy or appropriation as set forth in the Anti-Lobby Act, 18 U.S.C. 1913.

18. In the event that a portion of grant reimbursements are seized to pay off delinquent federal debts through the Treasury Offset Program or other debt collection process, it agrees to increase the non-federal share (or, if the awarded grant does not contain a cost sharing requirement, contribute a non-federal share) equal to the amount seized in order to fully implement the grant project.

19. None of the funds made available under this award may be distributed to the Association of Community Organizations for Reform Now (ACORN) or its subsidiaries.

False statements or claims made in connection with COPS grants (including cooperative agreements) may result in fines, imprisonment, disbarment from participating in federal grants or contracts, and/or any other remedy available by law.

I certify that the assurances provided are true and accurate to the best of my knowledge.

Elections or other selections of new officials will not relieve the grantee entity of its obligations under this grant.

Certifications

Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Federal Taxes and Assessments; Drug-Free Workplace Requirements; and Coordination with Affected Agencies.

Although the Department of Justice has made every effort to simplify the application process, other provisions of federal law require us to seek your agency’s certification regarding certain matters. Applicants should read the regulations cited below and the instructions for certification included in the regulations to understand the requirements and whether they apply to a particular applicant. Signing this form complies with certification requirements under 28 CFR Part 69, “New Restrictions on Lobbying,” 2 CFR Part 2867, “Nonprocurement Debarment and Suspension,” the applicable appropriations Acts, 28 CFR Part 83, “Government-Wide Requirements for Drug-Free Workplace (Grants),” and the coordination requirements of the Public Safety Partnership and Community Policing Act of 1994. The certifications shall be treated as a material representation of fact upon which reliance will be placed when the Department of Justice determines to award the covered grant.

1. Lobbying

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 28 CFR Part 69, for persons entering into a grant or cooperative agreement over $100,000, as defined at 28 CFR Part 69, the applicant certifies that:

A. No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the making of any federal grant; the entering into of any cooperative agreement; and the extension, continuation, renewal, amendment or modification of any federal grant or cooperative agreement;

B. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, “Disclosure of Lobbying Activities,” in accordance with its instructions; and

C. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all sub-recipients shall certify and disclose accordingly.

2. Debarment, Suspension and Other Responsibility Matters (Direct Recipient)

Pursuant to Executive Order 12549, Debarment and Suspension, as implemented at 2 CFR Part 2867, for prospective participants in primary covered transactions, as defined at 2 CFR Part 2867.20(a), and other requirements, the applicant certifies that it and its principals:

A. Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency;
B. Have not within a three-year period preceding this application been convicted of a felony criminal violation under any Federal law, or been convicted or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) or private agreement or transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion or receiving stolen property, making false claims, or obstruction of justice, or commission of any offense indicating a lack of business integrity or business honesty that seriously and directly affects your present responsibility;

C. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in paragraph (B) of this certification; and

D. Have not within a three-year period preceding this application had one or more public transactions (federal, state or local) terminated for cause or default.

3. Federal Taxes and Assessments

A. If applicable, an applicant who receives an award in excess of $5,000,000 certifies that, to the best of its knowledge and belief, the applicant has filed all Federal tax returns required during the three years preceding the certification, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has not, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.

B. The applicant certifies that it does not have any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

4. Drug-Free Workplace (Grantees Other Than Individuals)

As required by the Drug-Free Workplace Act of 1988, and implemented at 28 CFR Part 83, for grantees/recipients, as defined at 28 CFR Part 83.660 -

A. The applicant certifies that it will, or will continue to, provide a drug-free workplace by:

(i). Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;

(ii). Establishing an on-going drug-free awareness program to inform employees about -

(a). The dangers of drug abuse in the workplace;

(b). The grantee's policy of maintaining a drug-free workplace;

(c). Any available drug counseling, rehabilitation and employee assistance programs; and

(d). The penalties that may be imposed upon employees for drug-abuse violations occurring in the workplace;
(iii). Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (i);

(iv). Notifying the employee in the statement required by paragraph (i) that, as a condition of employment under the grant, the employee will –
   (a). Abide by the terms of the statement; and
   (b). Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;

(v). Notifying the agency, in writing, within 10 calendar days after receiving notice under subparagraph (iv)(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to: COPS Office, 1100 Vermont Ave., NW, Washington, D.C. 20530. Notice shall include the identification number(s) of each affected grant;

(vi). Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (iv)(b), with respect to any employee who is so convicted -
   (a). Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
   (b). Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement or other appropriate agency;

(vii). Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (i), (ii), (iii), (iv), (v), and (vi).

Grantee Agency Name and Address:

B. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:
   Place of performance (street address, city, county, state, zip code)

Check ☐ if there are workplaces on file that are not identified here.

5. Coordination

The Public Safety Partnership and Community Policing Act of 1994 requires applicants to certify that there has been appropriate coordination with all agencies that may be affected by the applicant’s grant proposal if approved. Affected agencies may include, among others, the Office of the United States Attorney, state or local prosecutors, or correctional agencies. The applicant certifies that there has been appropriate coordination with all affected agencies.

Where the applicant is unable to certify to any of the statements in this Certifications form, he or she shall attach an explanation to this application regarding the particular statement that cannot be certified. Please check here ☑ if an explanation is attached to this application. Please note that the applicant is still required to sign the Certifications form to certify to all the other applicable statements.
Appendix C – Community policing defined

Community policing is a philosophy that promotes organizational strategies and supports the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

**Problem solving**

Problem solving is the process of engaging in the proactive and systematic examination of identified problems to develop effective responses that are evaluated rigorously.

- Scanning: Identifying and prioritizing problems
- Analysis: Analyzing
- Response: Responding to problems
- Assessment: Assessing problem-solving initiatives
- Using the crime triangle to focus on immediate conditions (victim/offender/location)

Community policing emphasizes proactive problem solving in a systematic and routine fashion. Rather than responding to crime only after it occurs, community policing encourages agencies to proactively develop solutions to the immediate underlying conditions contributing to public safety problems. Problem solving must be infused into all police operations and guide decision-making efforts. Agencies are encouraged to
think innovatively about their responses and view making arrests as only one of a wide array of potential responses. A major conceptual vehicle for helping officers to think about problem solving in a structured and disciplined way is the SARA (Scanning, Analysis, Response, and Assessment) problem-solving model.

**Scanning: Identifying and prioritizing problems**
The objectives of scanning are to identify a basic problem, determine the nature of that problem, determine the scope of seriousness of the problem, and establish baseline measures. An inclusive list of stakeholders for the selected problem is typically identified in this phase. A problem can be thought of as two or more incidents that are similar in one or more ways and that are of concern to the police and the community. Problems can be a type of behavior, a place, a person or persons, a special event or time, or a combination of any of these. The police, with input from the community, should identify and prioritize concerns.

**Analysis: Analyzing the problem**
Analysis is the heart of the problem-solving process. The objectives of analysis are to develop an understanding of the dynamics of the problem, develop an understanding of the limits of current responses, establish correlation, and develop an understanding of cause and effect. As part of the analysis phase, it is important to find out as much as possible about each aspect of the crime triangle by asking **who? what? when? where? how? why? and why not?** about the victim, offender, and crime location.

**Response: Responding to problems**
The response phase of the SARA model involves developing and implementing strategies to address an identified problem by searching for strategic responses that are both broad and uninhibited. The response should follow logically from the knowledge learned during the analysis and should be tailored to the specific problem. The goals of the response can range from totally eliminating the problem through substantially reducing the problem or reducing the amount of harm caused by the problem to improving the quality of community cohesion.

**Assessment: Assessing problem-solving initiatives**
Assessment attempts to determine if the response strategies were successful by determining if the problem declined and if the response contributed to the decline. This information not only assists the current effort but also gathers data that builds knowledge for the future. Strategies and programs can be assessed for process, outcomes, or both. If the responses implemented are not effective, the information gathered during analysis should be reviewed. New information may have to be collected before new solutions can be developed and tested. The entire process should be viewed as circular rather than linear.

**Using the crime triangle to focus on immediate conditions (victim/offender/location)**
To understand a problem, many problem solvers have found it useful to visualize links among the victim, offender, and location (the crime triangle) and those aspects that could have an impact on them—for example, capable guardians for victims, handlers for offenders, and managers for locations. Rather than addressing root causes of a problem, the police focus on the factors that are within their reach, such as limiting criminal opportunities and access to victims, increasing guardianship, and associating risk with unwanted behavior.

**Community partnerships**
Community partnerships are collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to develop solutions to problems and increase trust in police.

- other government agencies
- community members/groups
Community policing, recognizing that police rarely can solve public safety problems alone, encourages interactive partnerships with relevant stakeholders. The range of potential partners is large, and these partnerships can be used to accomplish the two interrelated goals of developing solutions to problems through collaborative problem solving and improving public trust. The public should play a role in prioritizing public safety problems.

**Other government agencies**
Law enforcement organizations can partner with a number of other government agencies to identify community concerns and offer alternative solutions. Examples of agencies include legislative bodies, prosecutors, probation and parole, public works departments, neighboring law enforcement agencies, health and human services, child support, ordinance enforcement, and schools.

**Community members/groups**
Individuals who live, work, or otherwise have an interest in the community—volunteers, activists, formal and informal community leaders, residents, visitors and tourists, and commuters—are a valuable resource for identifying community concerns. Partnerships with these factions of the community can engage the community in achieving specific goals at town hall meetings, neighborhood association meetings, decentralized offices or storefronts in the community, and team beat assignments.

**Nonprofits / service providers**
Advocacy and community-based organizations that provide services to the community and advocate on its behalf can be powerful partners. These groups often work with or are composed of individuals who share certain interests and can include such entities as victims’ groups, service clubs, support groups, issue groups, advocacy groups, and the faith community.

**Private businesses**
For-profit businesses also have a great stake in the health of the community and can be key partners because they often bring considerable resources to bear on problems of mutual concern. Businesses can help identify problems and provide resources for responses, often including their own security apparatus and community outreach. The local chamber of commerce can also assist in disseminating information about police and business partnerships and initiatives.

**Media**
The media represent a powerful mechanism by which to communicate with the community. It can assist with publicizing community concerns and available solutions, such as services from government or community agencies or new laws or codes that will be enforced. In addition, the media can have a significant impact on public perceptions of the police, crime problems, and fear of crime.

**Organizational transformation**
Organizational transformation is the alignment of organizational management, structure, personnel, and information systems to support community partnerships and proactive problem solving.

**Agency management**
- Climate and culture
- Leadership
- Labor relations
The community policing philosophy focuses on the way that departments are organized and managed and how the infrastructure can be changed to support the philosophical shift behind community policing. It encourages the application of modern management practices to increase efficiency and effectiveness. Community policing emphasizes changes in organizational structures to institutionalize its adoption and infuse it throughout the entire department, including the way the department is managed and organized, its personnel, and its technology.

**Agency management**
Under the community policing model, police management needs to infuse community policing ideals throughout the agency by making a number of critical changes in climate and culture, leadership, formal labor relations, decentralized decision-making and accountability, strategic planning, policing and procedures, organizational evaluations, and increased transparency.

**Climate and culture**
Changing the climate and culture means supporting a proactive orientation that values systematic problem solving and partnerships. Formal organizational changes should support the informal networks and communication that take place within agencies to support this orientation.

**Leadership**
Leaders serve as role models for taking risks and building collaborative relationships to implement community policing, and they use their position to influence and educate others about it. Leaders, therefore, must constantly emphasize and reinforce community policing’s vision, values, and mission within their organization and support and articulate a commitment to community policing as the dominant way of doing business.
**Labor relations**

If community policing is going to be effective, police unions and similar forms of organized labor need to be a part of the process and function as partners in the adoption of the community policing philosophy. Including labor groups in agency changes can ensure support for the changes that are imperative to community policing implementation.

**Decision making**

Community policing calls for decentralization both in command structure and decision making. Decentralized decision making allows front-line officers to take responsibility for their role in community policing. When an officer is able to create solutions to problems and take risks, he or she ultimately feels accountable for those solutions and assumes a greater responsibility for the well-being of the community. Decentralized decision making involves flattening the hierarchy of the agency, increasing tolerance for risk taking in problem-solving efforts, and allowing officers discretion in handling calls. In addition, providing sufficient authority to coordinate various resources to attack a problem and allowing officers the autonomy to establish relationships with the community will help define problems and develop possible solutions.

**Strategic planning**

The department should have a written statement reflecting a department-wide commitment to community policing and a plan that matches operational needs to available resources and expertise. If a strategic plan is to have value, the members of the organization should be well-versed in it and able to give examples of their efforts supporting the plan. Components such as the organization’s mission and value statement should be simple and communicated widely. Everything should connect back to this plan.

**Policies**

Community policing affects the nature and development of department policies and procedures to ensure that community policing principles and practices have an effect on activities on the street. Problem solving and partnerships, therefore, should become institutionalized in policies, along with corresponding sets of procedures where appropriate.

**Organizational evaluations**

In addition to the typical measures of police performance (arrest, response times, tickets issued, and crime rates), community policing calls for a broadening of police outcome measures to include such things as community satisfaction, less fear of crime, the alleviation of problems, and improvement in quality of life. Community policing calls for a more sophisticated approach to evaluation—one that looks at how feedback information is used, not only how it measures outcomes.

**Transparency**

Community policing involves decision-making processes that are more open than traditional policing. If the community is to be a full partner, the department needs mechanisms for readily sharing relevant information on crime and social disorder problems as well as police operations with the community.

**Organizational structure**

It is important that the organizational structure of the agency ensure that local patrol officers have decision-making authority and are accountable for their actions. This can be achieved through long-term assignments, the development of officers who are generalists, and using special units appropriately.
Geographic assignment of officers
With community policing, there is a shift to the long-term assignment of officers to specific neighborhoods or areas. Geographic deployment plans can help enhance customer service and facilitate more contact between police and citizens, thus establishing a strong relationship and mutual accountability. Beat boundaries should correspond to neighborhood boundaries and other government services should recognize these boundaries when coordinating government public-service activities.

Despecialization
To achieve community policing goals, officers have to be able to handle multiple responsibilities and take a team approach to collaborative problem solving and partnering with the community. Community policing encourages its adoption agency-wide, not just in special units, although there may be a need for some specialist units that are tasked with identifying and solving particularly complex problems or managing complex partnerships.

Resources and finances
Agencies have to devote the necessary human and financial resources to support community policing to ensure that problem-solving efforts are robust and that partnerships are sustainable and effective.

Personnel
The principles of community policing need to be infused throughout the entire personnel system of an agency, including recruitment, hiring, selection, and retention of all law enforcement agency staff—including sworn officers, non-sworn officers, civilians, and volunteers, as well as personnel evaluations, supervision, and training.

Recruitment, hiring, and selection
Agencies need a systematic means of incorporating community policing elements into their recruitment, selection, and hiring processes. Job descriptions should recognize community policing and problem-solving responsibilities and encourage the recruitment of officers who have a spirit of service, instead of only a spirit of adventure. A community policing agency must also thoughtfully examine where it is looking for recruits, whom it is recruiting and hiring, and what is being tested. Some community policing agencies also look for involvement of the community in this process through the identification of competencies and participation in review boards.

Personnel supervision/evaluations
Tie performance evaluations to community policing principles and activities that are incorporated into job descriptions. Performance, reward, and promotional structures should support sound problem-solving activities, proactive policing and community collaboration, and citizen satisfaction with police services.

Training
Training at all levels—academy, field, and in-service—must support community policing principles and tactics. It also needs to encourage creative thinking, a proactive orientation, communication and analytical skills, and techniques for dealing with quality-of-life concerns and maintaining order. Officers can be trained to identify and correct conditions that could lead to crime, to raise public awareness, and to engage the community in finding solutions to problems. Field training officers and supervisors need to learn how to encourage problem solving and help officers learn from other problem-solving initiatives. Until community policing is institutionalized in the organization, training in its fundamental principles will need to take place regularly.
Information systems (technology)
Community policing is information-intensive, and technology plays a central role in helping to provide ready access to quality information. Accurate and timely information makes problem-solving efforts more effective and ensures that officers are informed about the crime and community conditions of their beats. In addition, technological enhancements can greatly assist with improving two-way communication with citizens and with developing agency accountability systems and performance outcome measures.

Communication/access to data
Technology provides agencies with the ability to communicate externally with the public and internally with their own staff. To communicate with the public, community policing encourages agencies to develop two-way communication systems through the Internet to provide online reports, reverse 911 and e-mail alerts, discussion forums, and feedback on interactive applications (surveys, maps), thereby creating ongoing dialogs and increasing transparency.

Technology also encourages effective internal communication through memos, reports, newsletters, e-mail and enhanced incident reporting, dispatch functions, and communications interoperability with other entities for more efficient operations. Community policing advocates the use of technology to develop accountability and performance measurement systems that are timely and contain accurate metrics and a broad array of measures and information.

Community policing also promotes the use of technology to provide officers with ready access to timely information on crime and community characteristics within their beats, either through laptop computers in their patrol cars or through personal data devices. In addition, technology can support crime/problem analysis functions by enabling agencies to gather information on greater aspects of events including more detailed information on offenders, victims, crime locations, and quality-of-life concerns, and to further enhance analysis.

Quality and accuracy of data
Information is only as good as its source, and, therefore, it is not useful if it is not of high quality and accurate. Community policing encourages agencies to put safeguards in place to ensure that information from various sources is collected in a systematic fashion and entered into central systems that are linked to one another and checked for accuracy so that the information can be used effectively for strategic planning, problem solving, and performance measurement.

Appendix D – COPS Anti-Methamphetamine Program (CAMP) file management: Documents to maintain in CAMP grant file
Records must be maintained throughout the two-year CAMP grant period and for at least three years following the official closeout of the CAMP grant.

GRANT PROGRAM ______CAMP_______GRANT # _________________________________

GRANT AWARD START DATE_____________ORIGINAl AWARD END DATE____________

EXTENDED AWARD END DATE (if applicable) _________________________

COPY OF GRANT APPLICATION (You can access the final copy of your CAMP application through the COPS website at www.cops.usdoj.gov, using the Account Access link, print a copy of the application, and keep it with your agency’s CAMP grant records.)
COPY OF GRANT AWARD DOCUMENT

FINANCIAL CLEARANCE MEMO

GRANT AWARD MODIFICATION APPROVAL LETTERS (w/ Revised Budget Information) AND/OR GRANT EXTENSION APPROVAL LETTERS (if applicable)

QUARTERLY FEDERAL FINANCIAL REPORT – SF-425 (for each quarter of the grant period)

PROGRAMMATIC PROGRESS REPORTS
• CAMP Quarterly Progress Report(s) (for each quarter of the grant period)
• Closeout Report

SUPPORTING DOCUMENTATION FOR DRAWDOWNS
• W2 Employee Forms (Copy)
• Records of salary / approved fringe benefits rates for each person hired under the grant
• Records of hire dates for each person hired under the grant
• Payroll records / Time & attendance records
• Postal receipts / Fax transmission reports (to prove submission dates)
• Log of reimbursement requests made via GPRS
• Copies of checks or wire transfer documents (if applicable)
• Copies of financial office journal entries (if applicable)

ADDITIONAL SUPPORTING DOCUMENTATION FOR MILITARY VETERAN HIRES
• Copy of Certificate of Release or Discharge from Active Duty (DD-214)

ADDITIONAL SUPPORTING DOCUMENTATION FOR REHIRES
• Records of the date of lay-off(s)
• Records demonstrating the reason(s) for the lay-off(s), specifically showing fiscal reasons that are unrelated to the availability or receipt of CAMP funds. [Records that may be used to prove that scheduled lay-offs are occurring for local economic reasons that are unrelated to the availability of CAMP grant funds may include (but are not limited to) council or departmental meeting minutes, memoranda, notices, or orders discussing the lay-offs; notices provided to the individual officers regarding the date(s) of the lay-offs; and/or budget documents ordering departmental and/or jurisdiction-wide budget cuts.]
• Records demonstrating that your agency continued funding the officers with local funds until the date of the scheduled lay-offs and did not draw down on CAMP funding for the positions until the lay-offs otherwise would have occurred.
• Records demonstrating that your agency paid any higher-than-entry-level salary and benefits costs to rehired officers with local funds and used CAMP funds only for the approved entry-level salary and benefits package.

GRANT CORRESPONDENCE (All other general correspondence between COPS and grantee)

MEDIA REPORTS
[Newspaper clippings, magazine articles, certificates, and/or other noteworthy items should be included to illustrate achievements and successes of the grant program, such as community policing highlights and other grant-related accomplishments. In addition, any CDs, DVDs, electronic newsletters, brochures, website addresses, and/or other similar information published in connection with the grant should be referenced.]

In the event of a COPS grant monitoring review, the following information should be retained:

**Reduction-in-force review**
- The number of sworn officer positions (both full-time and part-time) funded in the agency’s budget with local or other non-COPS funding during each fiscal year as of the threshold review date (please note that this may include vacant but funded positions).
- Identify the current number of vacancies among the agency’s locally-funded sworn personnel, the dates on which the positions were vacated, whether the agency intends to fill the vacancies, and the steps, if any, which have been taken to fill the vacancies.
- Provide supporting documentation from the time the reduction-in-force occurred indicating the reason(s) for the reduction-in-force (examples of supporting documentation may include minutes from council meetings, budget directives, contemporaneous memoranda, etc.).
- Identify the number of COPS-funded officers the agency currently employs.
- Documentation regarding whether other local departments in the city/township have experienced similar manpower or budget reductions for the same reasons as the PD.
- Letters from the agency’s government executive and law enforcement executive explaining the reduction-in-force and addressing whether the reduction-in-force was unrelated to the receipt of the COPS Office CAMP funding and therefore would have occurred even in the absence of the CAMP grant.
- Provide a request to continue implementing all applicable COPS Office grants (identifying which grants are in place) despite the reduction-in-force.

**Excess cash review**
- Identify the total amount of grant funding drawn down from the grant.
- Summary and supporting documentation of how the agency expended grant funding.
- Revised Federal Financial Reports.

**Unallowable/unsupported costs review**
- Payroll ledgers for all expenses charged to the grant.

**Community policing review**
- Brochures, newsletters, or any documents detailing the agency’s community policing efforts as specified in your grant application, particularly in the following key areas:
  - Organizational Commitment
    - Community policing principles found in mission and values statements, policy and procedures manuals, etc.
    - Community policing training information from the academy.
• Problem Solving Activities
  • Building on information systems to enhance crime analysis capabilities.
  • Identifying crime problems by looking at crime trends.
  • Identifying crime problems with members of the community or other government agencies.
  • Preventing crime by focusing on conditions that lead to crime.
• Community Partnerships
  • Meetings with community members to learn about specific problems.
  • Locating offices or stations within neighborhoods.
  • Use of volunteers.
  • Providing community policing training to citizens.
  • Police participation in community organization working groups and/or special programs for schools and other interest groups which enhance crime prevention.

Appendix E – Whistleblower protection (41 U.S.C. 4712)

41 U.S.C. 4712. Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information

(a). Prohibition of reprisals.—

(1). In general.—An employee of a contractor, subcontractor, or grantee may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in paragraph (2) information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.

(2). Persons and bodies covered.—The persons and bodies described in this paragraph are the persons and bodies as follows:

(A). A Member of Congress or a representative of a committee of Congress.

(B). An Inspector General.

(D). A Federal employee responsible for contract or grant oversight or management at the relevant agency.

(E). An authorized official of the U.S. Department of Justice or other law enforcement agency.

(F). A court or grand jury.

(G). A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

(3). Rules of construction.—For the purposes of paragraph (1)—

(A). an employee who initiates or provides evidence of contractor, subcontractor, or grantee misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract or grant shall be deemed to have made a disclosure covered by such paragraph; and

(B). a reprisal described in paragraph (1) is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.
(b). Investigation of complaints.—

(1). Submission of complaint.—A person who believes that the person has been subjected to a reprisal prohibited by subsection (a) may submit a complaint to the Inspector General of the executive agency involved. Unless the Inspector General determines that the complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant, the Inspector General shall investigate the complaint and, upon completion of such investigation, submit a report of the findings of the investigation to the person, the contractor or grantee concerned, and the head of the agency.

(2). Inspector General action.—

(A). Determination or submission of report on findings.—Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.

(B). Extension of time.—If the Inspector General is unable to complete an investigation in time to submit a report within the 180-day period specified in subparagraph (A) and the person submitting the complaint agrees to an extension of time, the Inspector General shall submit a report under paragraph (1) within such additional period of time, up to 180 days, as shall be agreed upon between the Inspector General and the person submitting the complaint.

(3). Prohibition on disclosure.—The Inspector General may not respond to any inquiry or disclose any information from or about any person alleging the reprisal, except to the extent that such response or disclosure is—

(A). made with the consent of the person alleging the reprisal;

(B). made in accordance with the provisions of section 552a of title 5 or as required by any other applicable Federal law; or

(C). necessary to conduct an investigation of the alleged reprisal.

(4). Time limitation.—A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.

(c). Remedy and enforcement authority.—

(1). In general.—Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or grantee concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:

(A). Order the contractor or grantee to take affirmative action to abate the reprisal.

(B). Order the contractor or grantee to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

(C). Order the contractor or grantee to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.

(2). Exhaustion of remedies.—If the head of an executive agency issues an order denying relief under paragraph (1) or has not issued an order within 210 days after the submission of a complaint under subsection (b), or in the case of an extension of time under paragraph (b)(2)(B), not later than 30 days after the expiration of the extension of time, and there is no showing that such delay is due to the bad faith of the complainant, the complainant shall be deemed to have exhausted all administrative
remedies with respect to the complaint, and the complainant may bring a de novo action at law or
equity against the contractor or grantee to seek compensatory damages and other relief available
under this section in the appropriate district court of the United States, which shall have jurisdiction
over such an action without regard to the amount in controversy. Such an action shall, at the request of
either party to the action, be tried by the court with a jury. An action under this paragraph may not be
brought more than two years after the date on which remedies are deemed to have been exhausted.

(3). Admissibility of evidence.—An Inspector General determination and an agency head order
denying relief under paragraph (2) shall be admissible in evidence in any de novo action at law or equity
brought pursuant to this subsection.

(4). Enforcement of orders.—Whenever a person fails to comply with an order issued under paragraph (1),
the head of the executive agency concerned shall file an action for enforcement of such order in
the United States district court for a district in which the reprisal was found to have occurred. In any
action brought under this paragraph, the court may grant appropriate relief, including injunctive relief,
compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf
an order was issued may also file such an action or join in an action filed by the head of the executive
agency.

(5). Judicial review.—Any person adversely affected or aggrieved by an order issued under paragraph (1)
may obtain review of the order's conformance with this subsection, and any regulations issued to carry
out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the
order to have occurred. No petition seeking such review may be filed more than 60 days after issuance
of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing
such an appeal shall not act to stay the enforcement of the order of the head of an executive agency,
unless a stay is specifically entered by the court.

(6). Burdens of proof.—The legal burdens of proof specified in section 1221(e) of title 5 shall be
controlling for the purposes of any investigation conducted by an Inspector General, decision by
the head of an executive agency, or judicial or administrative proceeding to determine whether
discrimination prohibited under this section has occurred.

(7). Rights and remedies not waivable.—The rights and remedies provided for in this section may not
be waived by any agreement, policy, form, or condition of employment.

(d). Notification of employees.—The head of each executive agency shall ensure that contractors,
subcontractors, and grantees of the agency inform their employees in writing of the rights and remedies
provided under this section, in the predominant native language of the workforce.

(e). Construction.—Nothing in this section may be construed to authorize the discharge of, demotion of, or
discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to
modify or derogate from a right or remedy otherwise available to the employee.

(f). Exceptions.—

(1). This section shall not apply to any element of the intelligence community, as defined in section 3(4)
of the National Security Act of 1947 (50 U.S.C. 401a(4)).

(2). This section shall not apply to any disclosure made by an employee of a contractor, subcontractor,
or grantee of an element of the intelligence community if such disclosure—
(A), relates to an activity of an element of the intelligence community; or
(B), was discovered during contract, subcontract, or grantee services provided to an element of the
intelligence community.

(g). Definitions.—In this section:

(1). The term “abuse of authority” means an arbitrary and capricious exercise of authority that is
inconsistent with the mission of the executive agency concerned or the successful performance of a
contract or grant of such agency.
(2). The term "Inspector General" means an Inspector General appointed under the Inspector General Act of 1978 and any Inspector General that receives funding from, or has oversight over contracts or grants awarded for or on behalf of, the executive agency concerned.

(h). Construction.—Nothing in this section, or the amendments made by this section, shall be construed to provide any rights to disclose classified information not otherwise provided by law.

(i). Duration of section.—This section shall be in effect for the four-year period beginning on the date that is 180 days after the date of the enactment of this section.
GLOSSARY OF TERMS

allowable costs. Allowable costs are expenses that may be funded by this grant program. The COPS Anti-Methamphetamine Program provides funding for equipment, services, personnel, and other costs purchased or hired on or after the award start date. Upon review of your submitted budget, any unallowable costs were removed. The Financial Clearance Memorandum (FCM) that was included in your award package outlined your allowable costs and noted any relevant revisions that were made to your original budget submission.

audit. Work done by auditors, including both the Office of the Inspector General (OIG) and state or local auditors, to examine financial statements and to review

• compliance with laws and regulations;
• economy and efficiency of operations;
• effectiveness in achieving program results;
• allowability of costs claimed against the award.

authorized officials. The authorized officials are the individuals in your organization who have final authority and responsibility for all programmatic and financial decisions regarding this grant award. At the time of grant application, your agency listed the law enforcement executive (usually the chief of police, sheriff, etc.) and the government executive (usually the mayor, board president, etc.) for your agency. These executives are listed on your award document and are understood to be your authorized officials. If any of the executive information is incorrect, please submit the correct information to the COPS Office by completing an official Change of Information (COI) form available online at www.cops.usdoj.gov.

award package. The award package includes your CAMP award document, Financial Clearance Memorandum (FCM), and award congratulatory letter; it may be accessed through the “Account Access” link on the COPS Office website (www.cops.usdoj.gov). Your agency’s CAMP award document will list your grant number, law enforcement executive, government executive, award amount, number and hiring category of positions awarded, award start and end dates, and all terms and conditions (including any special conditions placed on your agency’s CAMP grant). Your law enforcement and government executives have 90 days from the date on your award congratulatory letter to log on to their accounts in “Account Access” and electronically sign the award document and submit it to the COPS Office. Your agency’s FCM will specify the final amount of CAMP funds awarded to your agency for officer salaries and approved fringe benefits.

award start date. This is the date on or after which your agency is authorized to purchase or hire any allowable equipment, services, personnel, or other costs that were approved by the COPS Office. The award start date is found on your grant award document. Grantees may not expend funds prior to this date without written approval from the COPS Office.

career law enforcement officer. The COPS statute defines a career law enforcement officer as a person hired on a permanent basis who is authorized by law or by a state or local public agency to engage in or oversee the prevention, detection, or investigation of violations of criminal laws.

Catalogue of Federal Domestic Assistance (CFDA). The CFDA is an annual government-wide publication that contains a description and index of all forms of federal assistance. Each program is assigned a CFDA number, which is used by auditors to track grant revenues under the Single Audit Act. It is also used in participating states by State Single Points of Contact in conducting the required intergovernmental reviews under Executive Order 12372. The CFDA number for the COPS CAMP grant is 16.710.
**closeout.** Closeout is the process in which the awarding agency, the COPS Office, determines that all applicable administrative actions and all required work and conditions of the award have been completed and met by the recipient and awarding agency.

**cognizant federal agency.** Your cognizant federal agency is generally the federal agency that provides your agency with the most federal money. The Office of Management and Budget (OMB) may have already assigned your cognizant federal agency to you. If this is the first federal grant that your organization has received, the U.S. Department of Justice is your cognizant federal agency.

**community policing.** Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime. All newly hired, additional or rehired officers (or an equal number of redeployed veteran officers) funded under COPS Office programs must engage in community policing activities and in the implementation of your community policing strategy.

**COPS Office.** The Office of Community Oriented Policing Services (COPS Office) is the office within the U.S. Department of Justice that is the grantor or awarding agency for your grant or cooperative agreement. The COPS Office is responsible for assisting your agency with the administration and maintenance of your grant for the entire grant period. You can reach the COPS Office at 800-421-6770.

**COPS Office Finance Staff.** The COPS Office finance staff handles your agency’s financial and budgetary needs related to this grant. A Staff Accountant has been assigned to your state and is available to answer any questions that you may have concerning the financial aspects of your grant. To identify your Staff Accountant, please call the COPS Office Response Center at 800-421-6770 or visit the COPS Office website at www.cops.usdoj.gov.

**criminal intelligence officer.** A criminal intelligence officer, whether working directly with a law enforcement agency or assigned to the appropriate state or regional fusion center, works in the field of criminal intelligence and may conduct data collection, research, and analysis to produce finished intelligence reports or other products designed to assist in the prevention, detection, or investigation of violations of criminal laws.

**Data Universal Numbering System (DUNS) number.** Since FY 2004, the Office of Management and Budget (OMB) has required all agencies applying for federal funding to obtain this number prior to application. The DUNS number is a unique nine- or thirteen-digit identification number that is assigned upon request to agencies by Dun & Bradstreet (D&B). This number will be used by the Federal Government to better track grant recipient information throughout the grant cycle and to provide consistent name and address data for electronic grant application systems. To obtain a DUNS number, visit the Dun & Bradstreet website at www.dnb.com or call 866-705-5711.

**Employer Identification Number (EIN) / OJP vendor number.** This number is usually your agency’s nine-digit federal tax identification number as assigned to you by the Internal Revenue Service (IRS). Your accounting/bookkeeping department should have this number. In some cases, the EIN has been previously assigned to another agency within your jurisdiction. In this instance, a new vendor number will be assigned to you by the Office of the Chief Financial Officer. The newly assigned number is to be used for COPS Office administrative purposes only and should not be used for IRS purposes.

**federally recognized tribe.** Federally recognized tribes are tribal entities that are recognized and eligible for funding and services from the Bureau of Indian Affairs (BIA) by virtue of their status as Indian tribes. They are acknowledged to have the immunities and privileges available to federally acknowledged...
Indian tribes by virtue of their government-to-government relationship with the United States, as well as the responsibilities, power, limitation, and obligations of such tribes. For further information, contact: BIA, Division of Tribal Government Services, MS-4631-MIB, 1849 C Street NW, Washington, DC 20240, 202-208-2475.

**Geographic Names Information System (GNIS) ID.** The Geographic Names Information System (GNIS) database is maintained by the U.S. Geological Survey, U.S. Department of the Interior. The database assigns a unique, permanent feature identifier, the Feature ID, which is the only standard federal key for integrating or reconciling feature data from multiple datasets.

**Grant Monitoring Specialist.** COPS Grant Monitoring Specialists are trained and available to assist you in addressing any compliance-related questions regarding your grant. Grant Monitoring Specialists plan and conduct site visits and office-based grant reviews. During the life of your grant, you may be selected for a monitoring site visit to assess your compliance with the terms and agreements of the grant program, to review your community policing initiatives, and to provide technical and administrative support for your grant award. Please contact the COPS Office Response Center at 800-421-6770 if you have any compliance-related questions.

**grant number.** The grant number identifies your agency’s specific CAMP grant and can be found on your grant award document. This number should be used as a reference when corresponding with the COPS Office. Your grant number is in the following format: 2014-AMWX-0000. The COPS Office tracks grant information based upon this number.

**Grant Program Specialist.** COPS Grant Program Specialists are trained to assist you with implementing and maintaining your grant. A Grant Program Specialist is assigned to your state and is available to answer any questions that you may have concerning the administrative aspects of your award. Your Grant Program Specialist can assist you with such matters as requesting an extension on your grant or modifying the grant award. To obtain the name and phone number of your Grant Program Specialist, please contact the COPS Office Response Center at 800-421-6770.

**local budget cycle.** Your local budget cycle is your agency’s fiscal year. Some common examples include January 1 to December 31, October 1 to September 30, and July 1 to June 30. Some local budget cycles may extend up to 24 months.

**obligation of funds.** The COPS Office obligates federal funds when the grant award document is signed by the COPS director or his or her designated official. For the grantee, grant funds are obligated when monies are spent for hiring approved personnel under the grant. The term *encumbrance* is often used at the local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

**Originating Agency Identifier (ORI) number.** This number is assigned by the Federal Bureau of Investigation (FBI), and it is your agency’s unique identifier. The first two letters are your state abbreviation, the next three numbers are your county’s code, and the final two numbers identify your jurisdiction within your county. If your agency does not have an ORI number assigned by the FBI, the COPS Office assigns a non-official ORI code to use as an agency identifier (in such cases, the last two characters will be “ZZ”). It can be found on your grant Award Document. When you contact the COPS Office with a question, please reference your ORI number (or your grant number).
primary law enforcement authority. An agency with primary law enforcement authority is the agency that is the first responder to calls for service and has ultimate and final responsibility for the prevention, detection, or investigation of violations of criminal laws within its jurisdiction.

The Public Safety Partnership and Community Policing Act of 1994. The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to

- increase the number of community policing officers on the beat;
- provide additional and more effective training to law enforcement officers to enhance their problem-solving, service, and other skills needed in interacting with members of the community;
- encourage the development and implementation of innovative programs to permit members of the community to assist law enforcement agencies in the prevention of crime;
- encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

supplanting. For the purposes of your COPS grant, supplanting means replacing state, local, or BIA funds that otherwise would have been spent on law enforcement purposes with federal COPS funds. State, local, and tribal governments are prohibited from supplanting throughout the grant period. This means that your agency may not use COPS Office funds to pay for any equipment/technology, services, personnel, or other items which, in the absence of the COPS Office program, would otherwise have been funded with state or local funds or with funds supplied by the BIA. The COPS Office funds must instead be used to supplement, or increase, your law enforcement budget. For additional information on supplanting, please review grant condition #4 on page 7 of this manual.

System for Award Management (SAM). The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. Organizations that have previously submitted applications via Grants.gov are already registered with SAM, as it is a requirement for Grants.gov registration. Please note, however, that applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at www.sam.gov.
COPS OFFICE RESOURCES
The following resources discuss various efforts to address the problem of methamphetamine:

**The Methamphetamine Summit: A Process in Collaboration and Decision Making**
With an emphasis on cross-disciplinary collaboration and participatory research, the summit approach is a case study for improved solutions to complex drug problems and holds promise for addressing a wider range of drugs in communities across the country.

**Proceedings of the New England Methamphetamine Summit and Listening Post**
A crucial component of effective community policing involves collaborating with stakeholders of specific crime problems to bring about the most effective responses. It was in this spirit that the COPS Office sponsored a one-day summit and listening post about methamphetamine in New England states, bringing together multidisciplinary teams from seven states. This document captures both the formal presentations and group discussion that took place at this summit.

**Strategic Efforts to Address Methamphetamine in Indian Country**
Methamphetamine use in Indian country is an increasing problem and is involved in about 40% of the violent crime on reservations. Strategic Applications International (SAI) brought the tribal meth grantees together for a four-day summit in Arizona called “Breaking the Meth Cycle.” Attendees focused on prevention, law enforcement, and treatment for meth use. This BOLO discusses the dilemma of limited criminal jurisdiction, as well as the persistent problem of methamphetamine use in Indian country, which has led to a critical increase in violence and crime.
