3.0 ABOUT THE COPS OFFICE	36

1.0 INTRODUCTION

The Office of Community Oriented Policing Services (COPS Office) has developed a new web-based system to streamline grant management functions. The new system will allow for more easily monitored processes and better electronic records keeping. This manual contains step-by-step guidelines for the following:

- New user set up (see page 3)
- E-signature set up (see page 8)
- Grant modifications (see page 13)
- Grant withdrawals (see page 30)
- Grant extensions (see page 32)

1.1 Setting Up a New User

This option enables the user to establish accounts for the Law Enforcement Executive (LE) and Government Executive (GE), or the Program Official (PO) and Financial Official (FO) for Community Policing Development (CPD) awards, whichever is applicable, and assign new users a number of grant management tasks associated with the various system applications (e.g., progress reports, SF-425, and COPS Application Program).

Note: At this time, the system displays only LE- and GE-type fields. Therefore, for CPD awards, the LE is the PO, and the GE is the FO.

1.2 Setting Up an E-Signature

The LE/PO or GE/FO will need to establish an electronic signature, which is critical for enabling an agency to sign important documents in the grant management process.

The process for setting up the e-signature should be performed only by the LE/PO or GE/FO. All signature fields within the Agency Portal will be validated against the signature provided on the **Account Information** page (see Figure 6).

1.3 Requesting Grant Modifications

A grant award modification is when the user submits a request to make changes to the approved COPS Office award.

The grant modification request workflow in the COPS Agency Portal consists of the following steps:

- Generates a series of modification forms for the user based on the current contents of the award
- Allows the user to fill out the modification forms
- Accepts the completed forms from the user and stores the modification data in the database
- Submits modification details to the COPS Office for internal processing
- Receives an approval or denial notification from the COPS Office
- Receives an modified award document from the COPS Office, if applicable, reflecting the modifications
- Receives a modified Financial Clearance Memo from the COPS Office

1.4 Requesting Grant Extensions

A grant extension is when the user submits a request to extend the date of the grant award period.

The grant extension request workflow in the COPS Agency Portal consists of the following steps:

- Generates an extension form for the user based on the current period of performance of the award
- Allows the user to fill out the extension form
- Accepts the completed form from the user and stores the extension data in the database
- Submits extension details to the COPS Office for internal processing
- Receives an approval or denial notification from the COPS Office

1.5 Requesting Grant Withdrawals

A grant withdrawal is when the user submits a request to terminate the award.

The grant withdrawal request workflow in the COPS Agency Portal consists of the following steps:

- Generates a withdrawal form for the user
- Allows the user to complete the withdrawal form
- Accepts the completed form from the user and stores the withdrawal data in the database
- Submits withdrawal details to the COPS Office for internal processing
- Notifies the user of the completion of the withdrawal process

2.0 SYSTEM FUNCTIONS

2.1 Accepting Awards

2.1.1 New User Set Up

Step 1. After the user visits the **Agency Portal Login** page (Figure 1), the user enters his or her e-mail address and password into the associated fields and selects **Login**.

Step 2. After the user logs into the Agency Portal (Figure 1), the system will display the **Agency Portal Home** page (Figure 2). From the **Agency Portal Menu** on the left, the user selects **Agency Users**.

Note: Users cannot edit their own role(s).

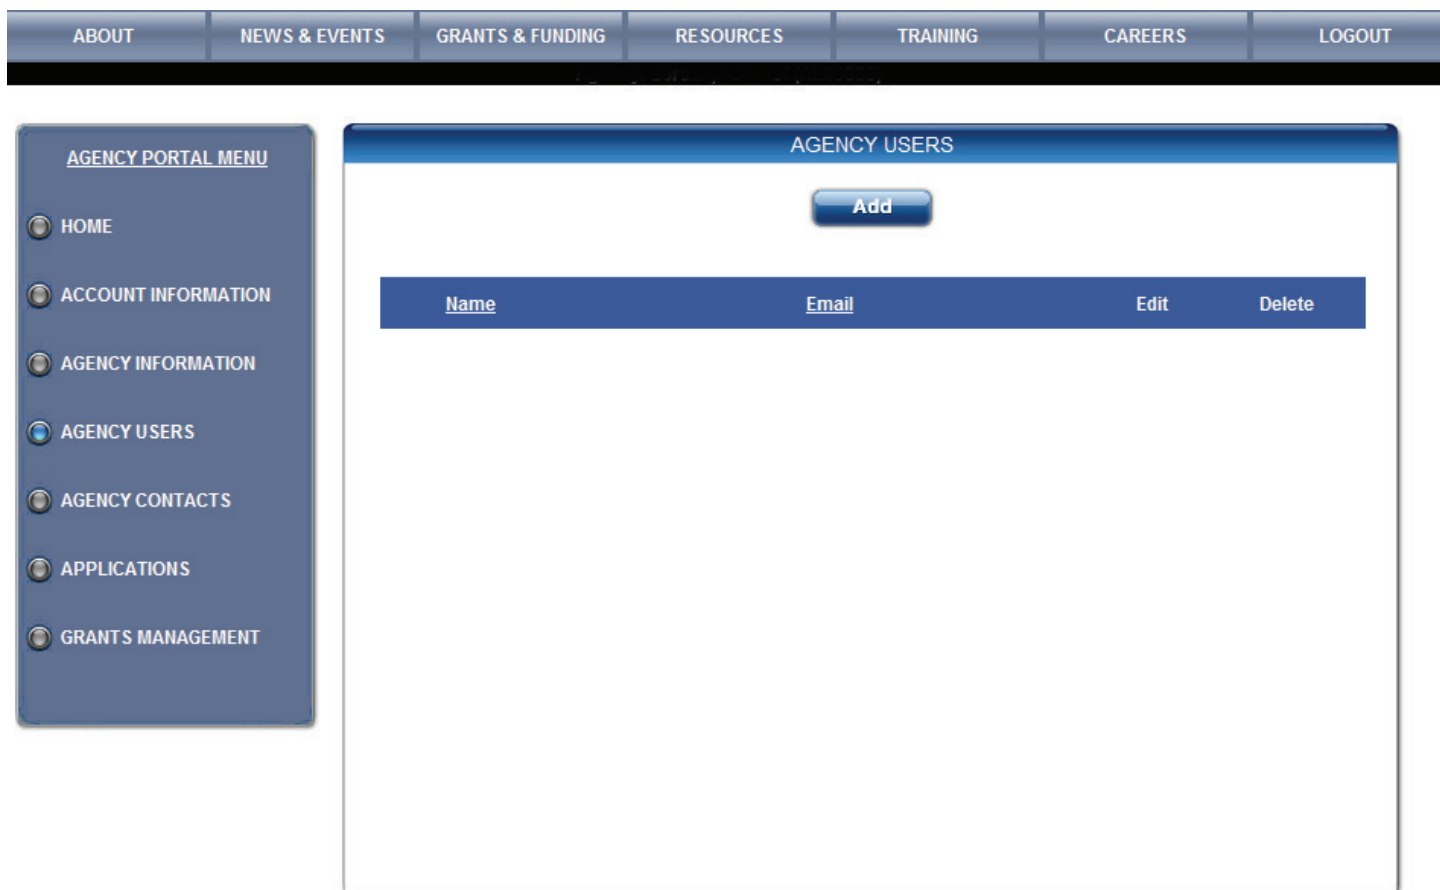

Figure 2. Agency Portal Home

Step 3. To add a new user, the user selects the **Add** button (see Figure 3). If the user is not the Law Enforcement Executive (LE) or Government Executive (GE), then the user must first establish the LE/GE's account, roles, and permissions.

Note: At this time, the system displays only LE- and GE-type fields. Therefore, for Community Policing Development (CPD) awards, the LE is the Program Official (PO), and the GE is the Financial Official (FO).

Figure 3. Agency Users

Step 4. Once the user selects the **Add** button, the system will display the **Add/Edit User** page (Figure 4).

Figure 4. Add/Edit User

The screenshot displays the 'ADD/EDIT USER' page. At the top, a navigation bar contains links: ABOUT, NEWS & EVENTS, GRANTS & FUNDING, RESOURCES, TRAINING, CAREERS, and LOGOUT. On the left, an 'AGENCY PORTAL MENU' sidebar lists: HOME, ACCOUNT INFORMATION, AGENCY INFORMATION, AGENCY USERS, AGENCY CONTACTS, APPLICATIONS, and GRANTS MANAGEMENT.

The main content area is titled 'ADD/EDIT USER'. It features a form with the following fields: Email, Title, First Name, Last Name, Phone, and Extension. Below the form, there is a section for 'Agency Portal' roles, including checkboxes for Agency Moderator, User Moderator, Law Enforcement Executive LE, and Government Executive GE. A 'Note' box on the right states: 'Agency Moderators are allowed to modify information in the Agency Information and Agency Contacts sections. User Moderators are allowed to modify information in the Agency Users section.'

The page also contains several interactive tiles, each with an icon and a 'Roles' checkbox:

- Hiring** (Hiring icon): Roles: ☐ User
- Non-Hiring** (Non-Hiring icon): Roles: ☐ User
- CHRP** (CHRP icon): Roles: ☐ User
- SF-425** (SF-425 icon): Roles: ☐ GranteeOnly
- Progress Report** (Progress Report icon): Roles: ☐ User
- COPS Application Program** (COPS icon): Roles: ☐ User
- CHRP Survey** (CHRP Survey icon): Roles: ☐
- Non-Hiring Archive** (Non-Hiring Archive icon): Roles: ☐

At the bottom of the page, there are two buttons: 'Update' and 'Cancel'.

First, the user will complete the required information in the top section (i.e., the new user's e-mail, title, name, etc.).

Second, under the **Agency Portal** section, the system will also require the user to assign the new user (i.e., assignee) the appropriate role(s) by checking the desired box:

- **Agency Moderator** – This role allows the assignee to create, edit, and/or manage the agency information, such as LE/GE information, agency address, and phone and fax number.
- **User Moderator** – If the LE/GE assigns this role to another user, that user can manage agency user information, such as adding or deleting users and changing user permissions and contact information. However, the assigned User Moderator cannot edit his or her own information; thus, he or she will need to ask the LE/GE to do so.
- **Law Enforcement Executive (LE)** – This role should be reserved for the LE/PO as this role provides signature access for grant documentation.

NOTE: The e-signature must be that of the LE/PO because this name will be used for all official award and grant management documents, which only the LE/PO must sign; thus, the signatures must match exactly.

- **Government Executive (GE)** – This role should be reserved for the GE/FO as this role provides signature access for grant documentation.

NOTE: The e-signature must be that of the GE/FO because this name will be used for all official award and grant management documents, which only the GE/FO must sign; thus, the signatures must match exactly.

Only one user should be assigned the LE role, and only one user should be assigned the GE role.

Third, beneath the **Agency Portal** section, the user must check the permissions boxes associated with the various system applications (e.g., progress reports, SF-425, and COPS Application Program) to which the assignee should have access.

Last, once the user has established the roles and permissions for each new assignee, the user selects the **Update** button.

Step 5. After the user informs the assignee that his or her account has been created, the assignee must then visit the **Agency Portal Login** page (Figure 1), click the **Reset Password** link, and follow that page's instructions.

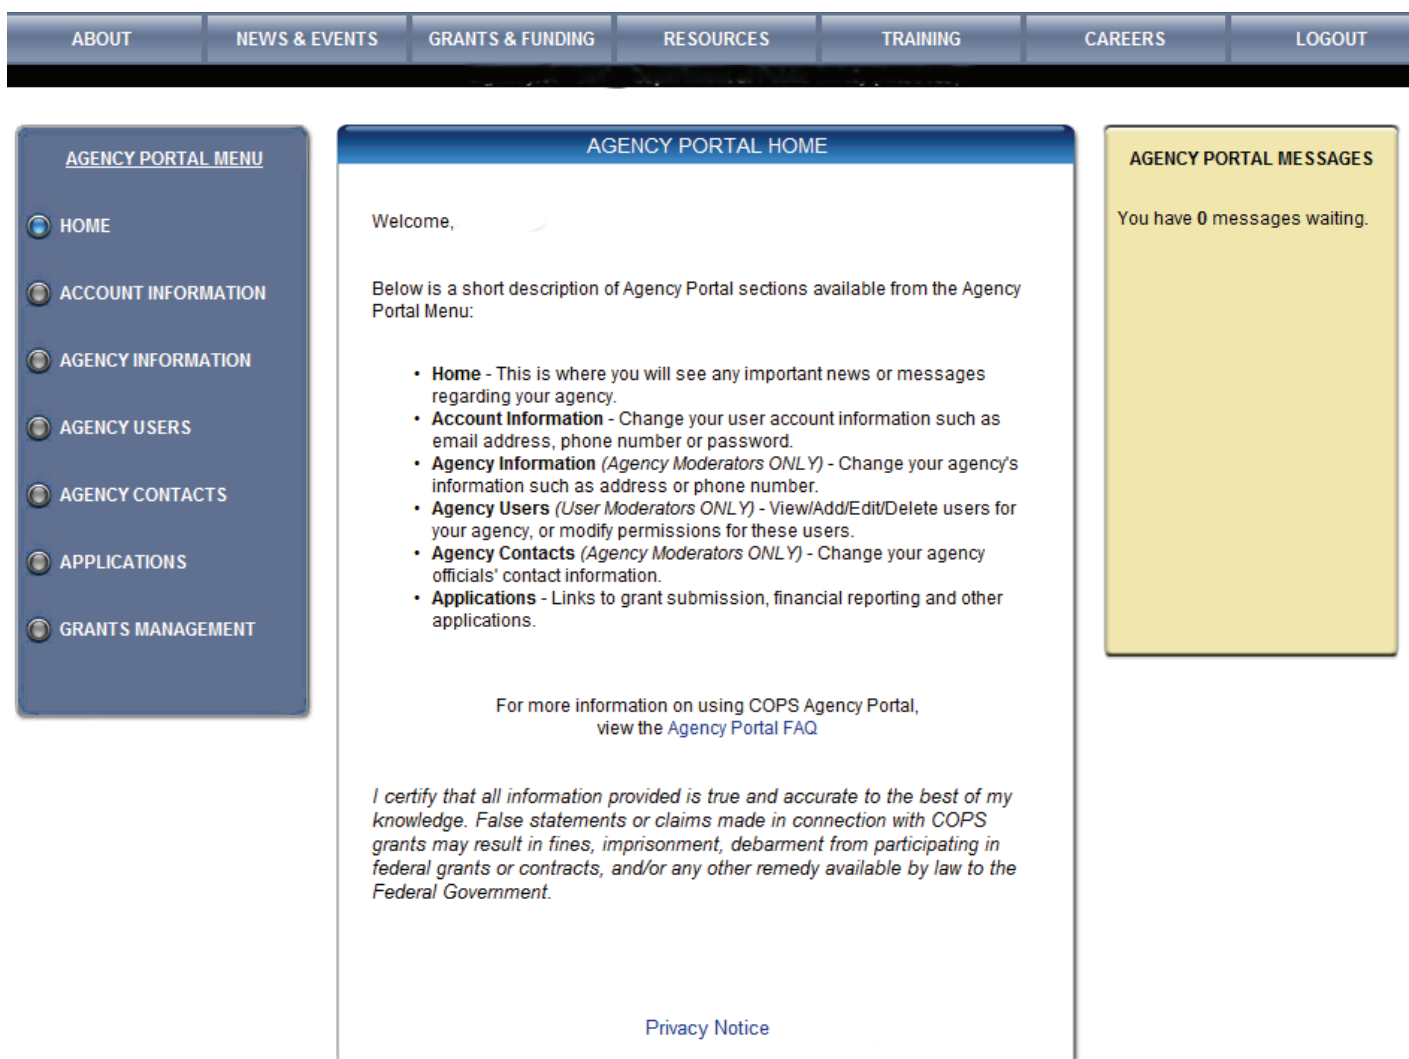

2.1.2 E-Signature Set Up

Note: The process for setting up the e-signature must only be performed by the Law Enforcement Executive (LE) or the Government Executive (GE). The system will validate all signature fields within the Agency Portal against the signature provided on the Account Information page (see Figure 6).

Note: At this time, the system displays only LE- and GE-type fields. Therefore, for Community Policing Development (CPD) awards, the LE is the Program Official (PO), and the GE is the Financial Official (FO).

Step 1. After the LE/GE logs into the Agency Portal (see Figure 1), the system displays the **Agency Portal Home** page (Figure 5). From the **Agency Portal Menu** on the left, the LE/GE selects **Account Information**.

Figure 5. Agency Portal Home

Step 2. On the **Account Information** page (Figure 6), the LE/GE should verify the account information and enter his or her e-signature to the signature field. All signature fields within Agency Portal will be validated against the signature provided on this page.

Note: The e-signature must be that of the LE/GE because this name will be used for all official award and grant management documents, which only the LE/GE must sign; thus, the signatures must match exactly.

Once the user completes the required fields, the user selects the **Update** button. The system will confirm the update with a message that the user's information has been updated.

2.2 Accessing Individual Grants

Step 1. After logging into the Agency Portal and, if applicable, selecting the agency's ORI, the user selects the **Grants Management** option from the **Agency Portal Menu**, and the system displays a list of all grants associated with that agency (Figure 7).

The grants can be separated into four possible categories with designated status icons: **No Action Required**, **Processing by COPS**, **Unfinished Modification**, and **Action Required** (see Table 2).

The green “No Action Required” icon indicates that the user can initiate a modification, extension, or withdrawal for that grant. The user cannot initiate these actions when any other icon is displayed.

The blue “Processing by COPS” icon indicates that the COPS Office is processing the grant, and therefore all options within the grant are disabled until processing is completed.

The yellow “Unfinished Modification” icon indicates that the user has begun modifying a grant but the modification is incomplete. When the user returns to this grant, the user has the option of cancelling or continuing the modification.

The red “Action Required” icon indicates that the COPS Office has approved the modification, and the modified grant requires signatures (see Step 14).

From the **Equipment/Technology** modifications page, the user can make three types of modifications:

- **Add.** To enter a new line item, the user selects **Add New** and fills in all appropriate fields. Some fields are required, such as the item name, which will prompt the system to display an error message if the user leaves this field incomplete.
- **Edit.** To edit an existing line item, the user selects **Edit** to make changes to the number of items or unit cost. The **Item Name** and **Description** fields cannot be edited once an item has been added. Once the user has made all edits, the user selects the **Update** button.
- **Delete.** To remove an item, the user selects **Delete**.

When the user has finished adding, editing, or deleting a line item, the user selects the **Save to Budget Summary** button. The system saves the updated data and returns the user to the **Budget Summary** modifications page (Figure 10).

If the user has no more modifications to make, the user can skip to Step 11 on page 25.

Step 6. When the user selects the **Modify** button displayed beside budget category item **D** on the **Budget Summary** modifications page (Figure 10), the system displays the **Supplies** modification page (Figure 14).

Step 10. When the user selects the **Modify** button displayed beside budget category item **H** on the **Budget Summary** modifications page (Figure 10), the system displays the **Indirect Costs** modifications page (Figure 18).

Figure 18. Indirect Costs modifications page

The screenshot shows the 'Indirect Costs' modifications page. At the top, there's a 'GRANTS MANAGEMENT' header with a 'HELP' link and a 'User Guide' icon. Below this is a 'DETAILS' section with a table showing grant information: Grant Number, Program Type (CPD), Initial Award Date (10/25/2013), Last Modified Date (10/25/2013), Grant End Date (8/31/2015), and Status (a green checkmark icon).

Below the details is a 'BUDGET SUMMARY' section. It shows 'Budget Category' as 'H. Indirect Costs' and 'Category Total' as '\$2,300.00'.

The main section is titled 'Modify: Indirect Costs' with a link to 'Click description field to view full description'. It contains a table with the following columns: 'Indirect Cost Description', 'Budget Base Total (\$)', 'Indirect Rate (%)', 'Total Cost', and 'Add New'. The table has one row with the description 'indirect costs are calculated at the government approved rate of 23% of direct costs except for excludible costs. description: Indirect Costs', a budget base total of 10000, an indirect rate of 23, and a total cost of \$2,300.00. The 'Add New' column contains 'Edit Delete' links.

At the bottom right of the table, there is a 'Total: \$2,300.00' label. Below the table are two buttons: 'Cancel' and 'Save To Budget Summary'.

From the **Indirect Costs** modifications page, the user can make three types of modifications:

- **Add.** To enter a new line item, the user selects **Add New** and fills in all appropriate fields. Some fields are required, such as the item name, which will prompt the system to display an error message if the user leaves this field incomplete.

Explanation of Modifications

Upload additional support documents for Modifications

To inquire about new modification requirements and required documentation, please contact your Grant Program Specialist/Program Manager at 1.800.421.6770.

If the user needs to make further modifications, the user selects **Cancel**, and the system returns to the **Budget Summary** modifications page (see Step 2 on page 14), which retained all previous modifications, and the user repeats Steps 3–11 until the user has finished making all changes.

If the user agrees with all modifications, the user enters an explanation of the modifications in the provided text field and may choose to upload additional support documents. The user then selects the **Submit** button to submit the modifications to the COPS Office.

Step 13.

The COPS Office staff reviews the modifications and either approves or rejects them.

In the case of a rejection, the COPS Office will send a notification via e-mail, and the grant's status changes to the green "No Action Required"  icon within the Grants Management list (Figure 7), from which the user can initiate another request for modification, extension, or withdrawal.

In the case of an approval, the COPS Office will send a notification via e-mail, and the system may need to regenerate and submit the award document package to the user for signing (see Step 14, Figure 21 on page 28).

Step 14.

If the COPS Office approves the user's request for a grant modification, the user needs to provide the Law Enforcement Executive (LE) and Government Executive (GE) signature, or the Program Official (PO) and Financial Official (FO) for CPD awards, whichever is applicable.

Within the Grants Management list (Figure 7), the red "Action Required"  status icon will appear next to the modified grant. When the user hovers a mouse over the icon, text will appear indicating which signature is required.

Note: At this time, the mouseover will display only LE- and GE-type signatures. Therefore, for CPD awards, the LE is the Program Official (PO), and the GE is the Financial Official (FO).

When the icon indicates that signatures are required, the **Sign Award** button within the **Action** menu (Figure 8) becomes available.

When the user selects this button, the system will open the updated award document to which the LE (PO) and GE (FO) users can apply their electronic signatures in the expandable fields, provided they have the appropriate permissions (see Figure 21 on page 28). *For CPD awards, the PO should sign in the LE signature field, and the FO should sign in the GE signature field.*

Note: For TRGP-E/T grants, the LE (PO and GE (FO) users must also apply their electronic signatures to a 28 CFR **Special Condition** box (Figure 21a), which the system will add to the **updated Award Document** page (Figure 21).

Once the signatures have been captured, the grant's status will change to the blue "Processing by COPS"  icon.

Special Condition: Criminal Intelligence Systems/28 C.F.R. Part 23 Compliance

This Special Condition must be signed and returned to the COPS Office. If your agency applied for the COPS Office grant funding for technology that will be used to operate an interjurisdictional criminal intelligence system, you must agree to comply with the operating principles found at 28 C.F.R. Part 23. An "interjurisdictional criminal intelligence system" is generally defined as a system, which receives, stores, analyzes, and exchanges or disseminates data regarding ongoing criminal activities (such activities may include, but are not limited to, loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these interjurisdictional criminal information systems, which protect individual privacy and constitutional rights. If you applied for the COPS Office grant funds to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, or if you did not apply for technology funds from this grant program, 28 C.F.R. Part 23 does not apply to this grant. You must still complete this Special Condition, however, to confirm that 28 C.F.R. Part 23 will not apply to your grant.

Please check one of the following lines, as applicable to your agency's intended use of this grant, and return this signed Special Condition.

☐ No, my agency will not use these COPS Office grant funds to operate an interjurisdictional criminal intelligence system.

☒ Yes, my agency will use these COPS Office grant funds to operate an interjurisdictional criminal intelligence system.
By signing below, we assure that our agency will comply with the requirements of 28 C.F.R. Part 23.

If the user wishes to view the documents associated with this grant, the user can select the **Click Here** hyperlink on the Award Document (Figure 21), which will open a pop-up listing of all available document titles. If the user selects any of the titles, the document will appear in another pop-up window. Closing all of these windows will return the user to the updated award document (Figure 21 on page 28).

Once the user completes the signature process, the grant's status changes to the blue "Processing by COPS"  icon within the Grants Management list (Figure 7).

Once the COPS Office approves the grant, the status changes to the green “No Action Required”  icon within the Grants Management list from which the user can initiate another request for modification, extension, or withdrawal.

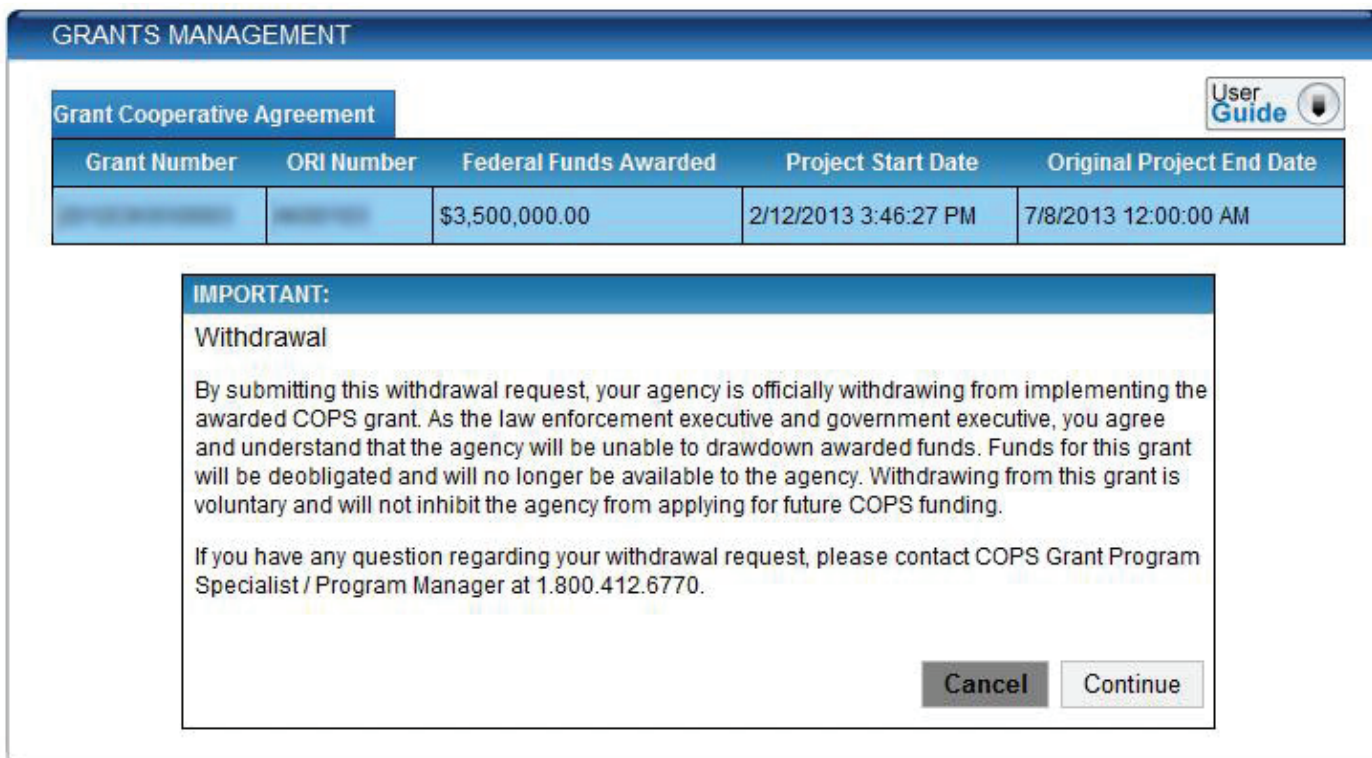

If the award document package was not regenerated as part of the COPS Office review process, the signature steps are not needed, and the grant status changes to the green “No Action Required”  icon within the Grants Management list as soon as the COPS Office approves the modification.

2.2.2 Grant Withdrawal Process

Step 1. To initiate a withdrawal, the LE (PO) or GE (FO) user selects the **Withdraw** option from the **Action** menu (Figure 8), and the system opens a notification page (Figure 22).

Note: For CPD awards, the Law Enforcement Executive (LE) is the Program Official (PO), and the Government Executive (GE) is the financial official (FO).

IMPORTANT:

Withdrawal

By submitting this withdrawal request, your agency is officially withdrawing from implementing the awarded COPS grant. As the law enforcement executive and government executive, you agree and understand that the agency will be unable to drawdown awarded funds. Funds for this grant will be deobligated and will no longer be available to the agency. Withdrawing from this grant is voluntary and will not inhibit the agency from applying for future COPS funding.

If you have any question regarding your withdrawal request, please contact COPS Grant Program Specialist / Program Manager at 1.800.412.6770.

Name of the Requester:

(permission for submissions limited to L.E. or G.E.)

Date of the Request:

The user completes questions 1–3 and attaches any supporting documents by selecting the **Browse...** and **Add** buttons located within the gray box.

Step 3. The user selects the **Submit Withdrawal** button, and the system submits the form to the COPS Office for processing.

After the user submits a withdrawal request, the system sends the grant to the COPS Office, and the grant's status changes to the blue "Processing by COPS"  icon within the Grants Management list (Figure 7).

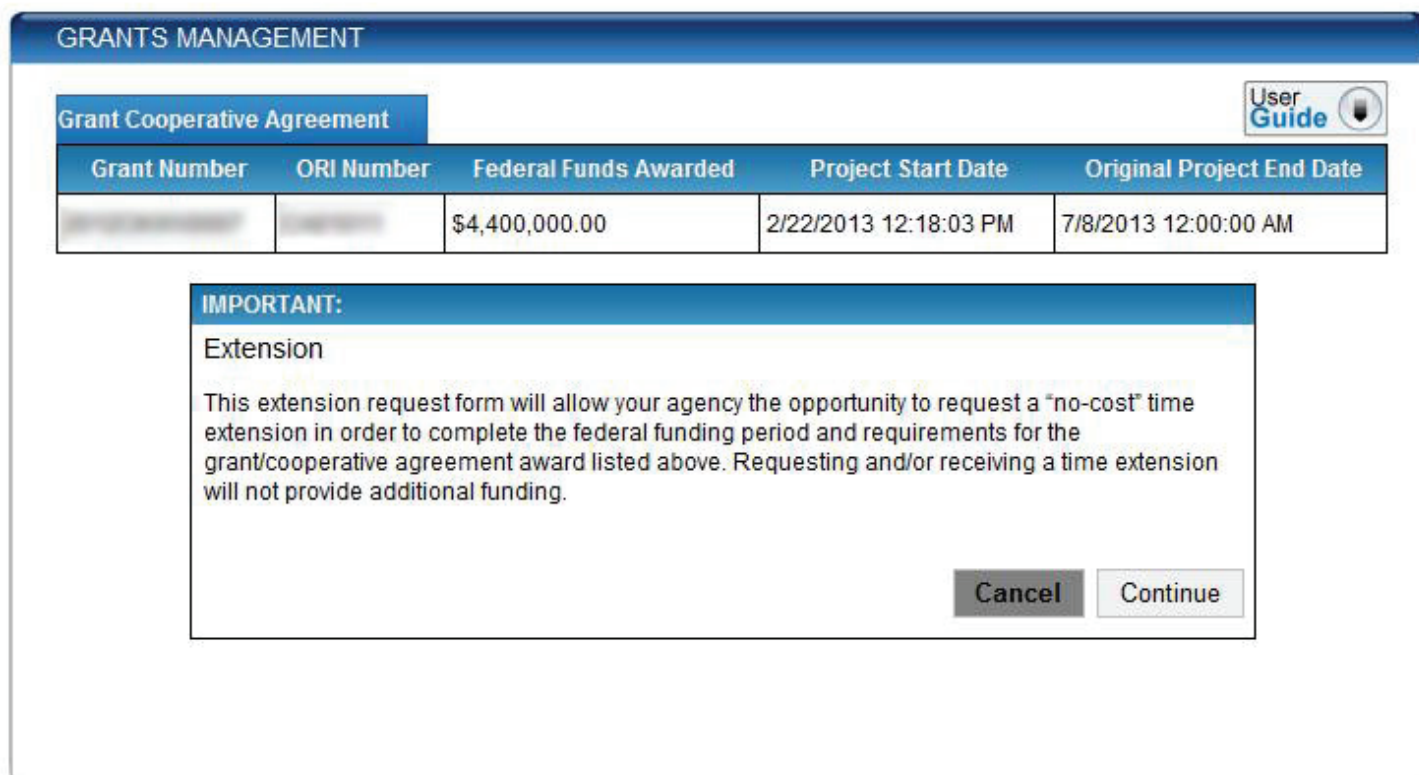

If the COPS Office approves a withdrawal request, the COPS Office will send a notification via e-mail that the grant has been withdrawn and the process ends.

If the COPS Office cancels a withdrawal request, the COPS Office will send a notification e-mail, and the grant's status changes to the green "No Action Required"  icon within the Grants Management list, from which the user can initiate another request for modification, extension, or withdrawal.

2.2.3 Grant Extension Process

Step 1. To initiate an extension, the user selects the **Extend** option from the **Action** menu (Figure 8), and the system opens a notification page (Figure 24).

A. Please use the space below to explain the specific issues or problems that have caused delays in the implementation and/or completion of this grant/cooperative agreement. Additionally, please explain how your agency intends to address the delay(s) in order to complete this grant/project.

Cases are published in a series of books called reporters, which are compilations of judicial decisions made in a certain court, state, or jurisdiction. Reporters are published in consecutively numbered volumes, each of which contains the most recently decided cases. When the volume numbers on a set of reporters get too high, the publisher

B. In the space below, please provide a new time line that reflects when your agency plans to complete any steps or phases of the project that are not currently finished. This timeline should be in a monthly format, and indicate up to the newly requested end date what tasks your agency will be working on. During months in which you anticipate no activity taking place, please indicate that as well.

NULLPolice officers also issue citations for minor offenses, especially for traffic violations. The citation that an officer gives to a violator states the charge and requires an appearance before a judge on a specified date, subject to punishment for failure to appear. Citations issued by police officers for minor violations are

The user completes Sections A and B.

Step 4. The user selects the **Submit** button, and the system submits the form to the COPS Office for processing.

After the user submits an extension request, the system sends the grant to the COPS Office, and the grant's status changes to the blue "Processing by COPS"  icon.

If the COPS Office approves or denies an extension request, the COPS Office will send a notification via e-mail, and the grant's status changes to the green "No Action Required"  icon within the Grants Management list (Figure 7), from which the user can initiate another request for modifications, an extension, or a withdrawal.

3.0 ABOUT THE COPS OFFICE

The Office of Community Oriented Policing Services (COPS Office) is the component of the U.S. Department of Justice responsible for advancing the practice of community policing by the nation's state, local, territory, and tribal law enforcement agencies through information and grant resources.

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Rather than simply responding to crimes once they have been committed, community policing concentrates on preventing crime and eliminating the atmosphere of fear it creates. Earning the trust of the community and making those individuals stakeholders in their own safety enables law enforcement to better understand and address both the needs of the community and the factors that contribute to crime.

The COPS Office awards grants to state, local, territory, and tribal law enforcement agencies to hire and train community policing professionals, acquire and deploy cutting-edge crime fighting technologies, and develop and test innovative policing strategies. COPS Office funding also provides training and technical assistance to community members and local government leaders and all levels of law enforcement. The COPS Office has produced and compiled a broad range of information resources that can help law enforcement better address specific crime and operational issues, and help community leaders better understand how to work cooperatively with their law enforcement agency to reduce crime.

- Since 1994, the COPS Office has invested nearly \$14 billion to add community policing officers to the nation's streets, enhance crime fighting technology, support crime prevention initiatives, and provide training and technical assistance to help advance community policing.
- To date, the COPS Office has funded approximately 125,000 additional officers to more than 13,000 of the nation's 18,000 law enforcement agencies across the country in small and large jurisdictions alike.
- Nearly 700,000 law enforcement personnel, community members, and government leaders have been trained through COPS Office-funded training organizations.
- To date, the COPS Office has distributed more than 8.57 million topic-specific publications, training curricula, white papers, and resource CDs.

COPS Office resources, covering a wide breadth of community policing topics—from school and campus safety to gang violence—are available, at no cost, through its online Resource Center at www.cops.usdoj.gov. This easy-to-navigate website is also the grant application portal, providing access to online application forms.
