## 2015 COPS Anti-Heroin Task Force Program

The FY 2015 COPS Anti-Heroin Task Force Program (AHTF) is a competitive grant program designed to advance public safety by providing funds to investigate illicit activities related to the distribution of heroin or unlawful distribution of prescriptive opioids, or unlawful heroin and prescription opioid traffickers through state-wide collaboration.

### Background

The abuse of opioids, a group of drugs that includes heroin and prescription painkillers, has a devastating impact on public health and safety in this country. According to the Centers for Disease Control and Prevention (CDC), approximately 110 Americans on average died from drug poisoning every day in 2011. Prescription drugs were involved in more than half of the 41,300 drug poisoning deaths that year, and opioid pain relievers were involved in nearly 17,000 of those deaths. About 4,400 drug poisoning deaths involved heroin. Drug poisoning deaths outnumbered deaths from gunshot wounds or motor vehicle crashes.<sup>1</sup>

### Funding Provisions

Provisions include the following:

- AHTF provides funds directly to state law enforcement agencies with high rates of primary treatment admissions for heroin and other opioids.
- AHTF funding shall be used for investigative purposes to locate or investigate illicit activities, including activities related to the distribution of heroin or unlawful distribution of prescriptive opioids, or unlawful diversion and distribution of prescriptive opioids.

- AHTF will be open to state law enforcement agencies with multijurisdictional reach and an interdisciplinary team (e.g., task force) structures. These state law enforcement agencies must have primary law enforcement authority over heroin and other opioids seizures and investigations.
- AHTF funding is not available for treatment programs or prosecution of heroin and other opioid-related activities.
- Approximately \$7 million in funding is available for FY 2015 AHTF. Each grant is two years (24 months) in duration, and there is no local match. Each grant recipient may receive a maximum of \$1.5 million.

### How to Apply

Applicants are first required to register via [www.grants.gov](http://www.grants.gov) and complete an SF-424. After submitting the SF-424, applicants will receive an e-mail with instructions on completing the second part of the AHTF application through the COPS Office Online Application System. To complete the AHTF application, please visit the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and click on the "Account Access" link in the upper right-hand corner. Applicants should then enter their username and password and select "Applications" from the Agency Portal Menu.

Complete application packages for the FY 2015 AHTF solicitation are due by June 19, 2015 at 7:59 p.m. EDT. Hard copies or electronic copies sent via e-mail will not be accepted.

### Contact the COPS Office

For more information about the COPS Anti-Heroin Task Force Program, please call the COPS Office Response Center at 800-421-6770, or visit the COPS Office online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

## ADDITIONAL RESOURCES

The following resources discuss various efforts to address the problem of heroin and other opioids:

### **Crime Prevention Research Review No.1: Disrupting Street-Level Drug Markets**

This report summarizes the findings from all rigorous academic studies evaluating a range of street-level drug law enforcement interventions. It finds that strategic crime control partnerships with a range of third parties are more effective at disrupting drug problems than law enforcement-only approaches.

### **Drug Market Intervention: An Implementation Guide**

This guide provides practical information intended to help law enforcement, community, and social services partners—the strategy’s key stakeholders—prepare and successfully execute DMI to close overt drug markets. It discusses the ways overt drug markets damage neighborhoods, contribute to disorder, and negatively affect communities. This publication guides the reader through the processes of partnership formation, police–community reconciliation, dealer notifications, staging call-ins, maintaining closure of drug markets, and delivering services to dealers.

### **The High Point Drug Market Intervention Strategy**

The High Point Drug Market Intervention Strategy tells the compelling story of designing and implementing the original intervention in High Point, North Carolina, and describes a subsequent successful replication in Providence, Rhode Island. This publication is part of an ongoing series by the National Network for Safe Communities about its two core crime reduction strategies.
