

# **2015 COPS Office Tribal Resources Grant Program (TRGP)**

## Grant Owner's Manual

# 2015 COPS Office Tribal Resources Grant Program Grant Owner's Manual

Coordinated Tribal Assistance Solicitation Purpose Area #1: Public Safety and Community Policing

This manual was created to assist COPS Office Tribal Resources Grant Program (TRGP) grantees with the administrative and financial matters associated with their grant.

For more information about your TRGP grant, please contact your COPS Office Grant Program Specialist (GPS). If you do not know the name or telephone number of your COPS Office GPS, please contact the COPS Office Response Center at 800-421-6770.

## Getting Started

Congratulations on receiving a grant from the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office). The 2015 COPS Office Tribal Resources Grant Program (TRGP) provides funding directly to federally recognized tribal jurisdictions with established law enforcement agencies. TRGP was designed to expand the implementation of community policing and meet the most serious needs of law enforcement in tribal communities through a broadened comprehensive program.

In FY 2010, the U.S. Department of Justice (DOJ) issued a single Coordinated Tribal Assistance Solicitation (CTAS) that encompasses the department's available tribal government-specific grant programs. CTAS enabled each tribe to submit a single application for available grant funding according to the tribes' needs. This coordinated process allowed DOJ to review a single application from a tribe, and it allowed the DOJ grant-making components to coordinate in making award decisions to address these public safety needs on a more comprehensive basis.

The 2015 TRGP, which was also CTAS Purpose Area #1: Public Safety and Community Policing, consists of two types of grants. The *TRGP-Hiring* grants are for entry-level salaries and benefits for newly hired or rehired career law enforcement officers, and the *TRGP-Equipment/Training* (TRGP-E/T) grants provide funding for background investigations, training, uniforms, basic issue equipment, technology, and vehicles for tribal law enforcement agencies.

To support community policing, particularly the development of partnerships and problem solving, 2015 TRGP grantees may be offered training and technical assistance by COPS Office training and technical assistance providers. Trainings will assist grantees in the advancement of community policing and may address specific public safety issues facing tribal communities. The COPS Office or its technical assistance providers will notify TRGP grantees about training and technical assistance opportunities. Grantees are encouraged to participate in the training and technical assistance opportunities to further their public safety efforts.

This COPS Office TRGP Grant Owner's Manual will assist your agency with the administrative and financial matters associated with managing your grant. It was developed by the COPS Office to ensure that all COPS TRGP grantees clearly understand and meet the requirements of their grant. Please review this manual carefully, because a failure to follow grant requirements may result in serious penalties. Please do not hesitate to call the COPS Office Response Center at 800-421-6770 if you need assistance with the implementation of your grant.

Thank you for providing us with the opportunity to work in partnership with your community.

## I. Grant Acceptance, Terms, and Conditions

To officially accept and begin your COPS Office Tribal Resources Grant Program grant, your agency must access [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and select the "Account Access" link in the upper right corner to log in, review, and electronically sign the award document (including grant terms and conditions) and, if applicable, the special award conditions or high risk conditions within 90 days of the date shown on the award congratulatory letter.

Your agency will *not* be able to draw down grant funds until the COPS Office receives your signed award document. For more information on drawing down grant funds, please see section III, "Accessing Grant Funds," on page 56 of this document.

### The award document

The award document is the document indicating your official grant funding amount, the number of officer positions awarded, the type of positions awarded, the grant number, the grant conditions, and the award start and end dates.

The award document is pre-printed with your agency's law enforcement and government executives' names. If this information is incorrect or has changed, please update your "Agency Contacts" online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) through the "Account Access" link. If the law enforcement or government official has changed since the time of application, please have the current law enforcement executive or government executive for your agency create an account through the "Account Access" link, log in, and sign the award document once your agency contacts have been updated online. Once you have reviewed your award document, please electronically sign it and make a copy of all pages of the document for your records, along with all award condition pages, within 90 days of the date shown on the award congratulatory letter.

The award start date indicated on the award document means that your agency may be reimbursed for any allowable costs incurred on or after this date. The duration of your TRGP grant award is three years (36 months) of funding for each position awarded.

Your grant number is in the following format: 2015-HEWX-0000 for TRGP-E/T awards and 2015-HHWX-0000 for TRGP-Hiring grants awarded in Fiscal Year (FY) 2015. The COPS Office tracks grant information based upon this number. Therefore, it is important to have your agency's grant number (or your agency's ORI number) readily available when corresponding with the COPS Office.

Your originating agency identifier (ORI) number begins with your state abbreviation followed by five numbers or letters (e.g., VA00000). This number is assigned by the Federal Bureau of Investigation (FBI) for use in tracking information for the Uniform Crime Report (UCR). The COPS Office tracks programmatic grant information based upon this ORI number. If your agency does not have an ORI number assigned by the FBI, the COPS Office assigns a non-official ORI code to use as an agency identifier (in such cases, the last two characters will be "ZZ"). If you have any questions regarding your grant, please refer to your grant number or your agency's ORI number when you contact the COPS Office.

Your Office of Justice Programs (OJP) vendor number, in most circumstances, is your agency's nine- or 13-digit federal tax identification number assigned to you by the Internal Revenue Service (IRS). If your OJP vendor number differs from your tax identification number, the OJP vendor number is only to be used for administrative purposes in connection with this grant program, and should not be used for IRS purposes.

## Grant conditions

The grant conditions are listed on your agency's award document. By accepting this grant, you are obtaining federal funds from the COPS Office. As part of that agreement, your agency acknowledges that it will comply with these conditions (and, if applicable, additional special conditions specific to your agency). The section that follows describes in detail all of the award conditions, their rationales, and their implications. It also addresses many frequently asked questions. If you have additional questions concerning any of these grant conditions, please contact your COPS Office Grant Program Specialist at 800-421-6770.

In limited circumstances, your award may be subject to special conditions that prevent your agency from drawing down or accessing grant funds until the special conditions are satisfied as determined by the COPS Office. Any special conditions will be included with your award, which may be accessed at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) via the "Account Access" link. However, if you have questions about the special conditions, please call your COPS Office Grant Program Specialist at 800-421-6770.

## Reasons for grant conditions

The requirements of your grant are established within

- the Public Safety Partnership and Community Policing Act of 1994, which established the COPS Office;
- applicable rules, regulations, and policies issued by the U.S. Department of Justice, Office of Management and Budget (OMB), the Government Accountability Office (GAO), and the United States Treasury;
- the specific TRGP programmatic requirements established by the COPS Office.

A list of source documents for this booklet is provided in appendix A on page 70. You may request copies of any source reference document from:

**Office of Administration, Publication Unit**  
**New Executive Office Building**  
**725 17th Street NW, Room G 236**  
**Washington, DC 20503**

COPS Office-specific documents may be requested directly from the COPS Office.

## Review of grant conditions – Hiring grants

By signing the award document to accept this TRGP-Hiring grant, your agency agrees to abide by the following grant conditions:

### 1. Grant owner's manual

*The grantee agrees to comply with the terms and conditions in the 2015 COPS Office Tribal Resources Grant Program (TRGP) Owner's Manual; COPS Office statute (42 U.S.C. §. 3796dd, et seq.); 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101; 48 C.F.R. Part 31 (FAR Part 31) (Contract Cost Principles and Procedures); other representations made in the TRGP grant application; and all other applicable program requirements, laws, orders, regulations, or circulars.*

**Why this condition:**

This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your grant. Your agency will be responsible for the information and rules contained in this manual and for implementing your grant in compliance with the applicable terms, conditions, and regulations. More detailed guidance regarding any particular grant requirement or your agency's specific circumstances can be requested through your COPS Office Grant Program Specialist (GPS).

**What you should do:**

Please read the entire TRGP Grant Owner's Manual carefully prior to signing the grant award document. If you have any questions, please contact your COPS Office GPS. When accepting your grant award, you should ensure that the proper reporting and financial systems are in place to satisfy the grant requirements.

**2. Assurances and Certifications**

*The grantee acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its grant application.*

**Why this condition:**

Although the COPS Office has made every effort to simplify the process of applying for and receiving grants, several provisions of federal law require us to seek your assurances and certification regarding certain matters. Most of the assurances and certifications apply to all federal grant programs.

**What you should do:**

Applicants to COPS Office grant programs are required to sign the Assurances and Certifications forms at the time of application. Signing these documents assures the COPS Office that you have read, understood, and accepted the grant terms and conditions outlined in the Assurances and Certifications. Your agency is required to keep Assurances and Certifications forms that were signed as part of its grant application. Please read these documents carefully, because signatures on these documents are treated as a material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines whether to award the covered grant. Additional copies of the Assurances and Certifications forms are contained in appendix B of this manual on page 71. If you have any questions about the Assurances and Certifications, please contact your COPS Office GPS at 800-421-6770.

**3. Allowable costs**

*The funding under this project is for the payment of approved costs to meet the most serious needs of law enforcement in tribal communities. The allowable costs for which your agency's grant has been approved are limited to those listed on the Financial Clearance Memorandum (FCM), which are included in your agency's award package.*

*The FCM specifies the amount of TRGP funds awarded to your agency. You should carefully review your FCM, which contains the final officer salary and fringe benefit categories and amounts for which your agency was approved. Please note that the salary and fringe benefit costs requested in your grant application may have been adjusted or removed. Your agency may only be reimbursed for the approved cost categories that are documented within the FCM, up to the amounts specified in the FCM. Your agency may not use TRGP grant funds for any costs that are not identified as allowable in the Financial Clearance Memorandum.*

*Only actual allowable costs incurred during the grant award period will be eligible for reimbursement and drawdown. If your agency experiences any cost savings over the course of the grant (for example, your grant application overestimated the total entry-level officer salary and fringe benefits package), your agency may not use that excess funding to extend the length of the grant beyond 36 months. Any funds remaining after your agency has drawn down for the costs of approved salaries and fringe benefits incurred for each awarded position during the 36-month funding period for each awarded position will be deobligated during the closeout process, and should not be spent by your agency.*

**Why this condition:**

TRGP-Hiring funds may be used only to pay entry-level salaries and fringe benefits for 36 months for career law enforcement officers hired or rehired on or after the award start date. You may use the TRGP grant to hire or rehire experienced officers, but grant funding must be limited to paying your agency's entry-level salary and fringe benefits; any costs higher than entry level must be paid by your agency with local funds.

TRGP-Hiring grant funding may also be used to pay the approved entry-level salaries and fringe benefits of newly hired officer recruits while they are in basic academy training prior to swearing them in, if it is your agency's standard practice to pay recruits while in training.

**What you should do:**

All grantees should keep and maintain the most recent, approved version of 2015 TRGP application, which will contain the approved costs for this grant. Refer to your FCM for the list of approved allowable costs. As long as funds are spent during the grant period on the approved salaries and benefits (as applicable), equipment, technology, training, or other costs that were documented in your application's budget summary and were approved through the issuance of the FCM, this grant condition will be satisfied.

Salaries covered by TRGP-Hiring must be based on your agency's standard entry-level salary and fringe benefits package under the laws or rules that govern hiring by your agency. Salary and fringe benefits payments must be based on payroll records supported by time and attendance records or their equivalent. Examples of the types of records your agency must keep to document allowable costs are described in section IV on page 59 of this manual. Any additional costs above the approved entry-level salaries and fringe benefits are the responsibility of the grantee agency. *Civilian positions, overtime, training, weapons, communication equipment, and vehicles cannot be funded with your TRGP-Hiring grant.*

*Allowable costs: Approved salary and benefits*

The FCM, included in your award package, specifies the approved amount of COPS Office TRGP-Hiring funds awarded to your agency for officer salaries and approved benefits. Please note that the salary and benefit costs requested in your original application may have been updated or corrected from the original version submitted to the COPS Office. Your agency may only be reimbursed for the approved cost categories and amounts that are documented within the FCM. In addition, your agency may not use TRGP funds for any costs that are not identified as allowable in the FCM.

*Allowable costs: Indirect costs*

Indirect costs are costs that are incurred for common or joint purposes and are not readily assignable to a particular project but are necessary to the operation of the agency and the performance of the project. Examples of indirect costs include those incurred for facility operation and maintenance, depreciation, and administrative salaries. Indirect cost usage must adhere to the standards set forth in the applicable Office of Management and Budget (OMB) uniform guidance 2 C.F.R. Part 200.56—Indirect (facilities & administrative (F&A)) costs and 2 C.F.R. Part 200.414—Indirect (F&A) costs. Additional guidance for your entity can be found in the following locations: Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and

Rate Determination for Institutions of Higher Education (IHEs); Appendix IV to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations; Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals.

Indirect cost rates are federally negotiated and approved rates that are based on audited and documented expenses that are approved to be included within an indirect cost rate. It is important that your agency carefully track and update its indirect cost rate during the COPS Office grant award period.

The grantee understands that if it submitted an expired indirect cost rate agreement at the time of application, it will be unable to recover federal funds for indirect costs until the COPS Office receives a current indirect cost rate agreement covering the award period. A special condition may be added to the award prohibiting the obligation, expenditure, or drawdown of funds reimbursement for indirect costs until a current indirect cost rate has been approved by your cognizant federal agency and submitted to the COPS Office.

If your agency's approved indirect cost rate expires during the grant award period, a current approved rate must be submitted to the COPS Office in order to continue to draw down grant funding for indirect costs. Your agency must advise the COPS Office in writing of any changes to your approved indirect cost rate during the grant award period and must request a budget modification with the COPS Office to reflect any rate change.

If your agency has never received a negotiated indirect cost rate, then you may request up to a flat 10 percent de minimis indirect cost rate applied to the modified total direct costs (MTDC).

In addition, before the COPS Office officially closes out your agency's grant award, your agency must reconcile any changes between your approved final indirect cost rate and approved provisional indirect cost rate and, if necessary, repay the COPS Office for any indirect cost rate overpayment. If your agency draws down excess COPS Office grant funding for indirect costs, please return the overpayment to the COPS Office and submit a revised Federal Financial Report (SF-425).

See the COPS Office website for a fact sheet on indirect costs: [http://www.cops.usdoj.gov/pdf/2015AwardDocs/cpd/Indirect\\_Cost\\_Rate\\_Fact\\_Sheet.pdf](http://www.cops.usdoj.gov/pdf/2015AwardDocs/cpd/Indirect_Cost_Rate_Fact_Sheet.pdf).

#### **4. Supplementing, not supplanting**

*State, local, and tribal governments must use TRGP grant funds to supplement, and not supplant, state, local, or BIA funds that are already committed or otherwise would have been committed for grant purposes (hiring, training, purchases, and/or activities) during the grant period. In other words, grantees may not use COPS Office funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS Office-funded item(s) in the absence of the COPS Office grant.*

##### **Why this condition:**

The COPS Office statutory nonsupplanting requirement mandates that grant funds may not be used to replace state or local funds (or, for tribal grantees, BIA funds) that would, in the absence of federal aid, be made available for the grant purposes.

##### **What you should do:**

TRGP-Hiring grantees may not use grant funds to pay for any item or cost funded under the grant (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds, or committed to the grantee's budget.

TRGP-Hiring—To meet this grant condition, you must ensure that the following:

- If your agency is redeploying a current employee to perform the work duties of the TRGP-Hiring position, the redeployed position must be paid with local funds. The COPS Office grant funds may be used to backfill the resulting vacancy with newly hired personnel for an equivalent amount of time. Each individual employed under the TRGP-Hiring grant must be newly hired or rehired on or after the grant award start date unless an exception is authorized in writing by the COPS Office.
- Any officer your agency hires brings your force not only to a number over and above the number of funded positions that you had on the date of your Coordinated Tribal Assistance Solicitation (CTAS), including funded but vacant positions, but also to a number over and above the number of locally funded officer positions during the grant award period.
- During the life of your grant, your agency must continue to hire as many new, locally funded officers as you would have hired if you had not received your grant. Your agency may not cancel or postpone spending money in its budget that is committed to hiring other new officers.
- Your agency must take active and timely steps to fill any vacancies that were created on or after the date of your grant application by retirement, resignation, or other reasons with new officers in addition to your TRGP-Hiring grant-funded positions.

Note: This grant condition applies to all state or locally funded agencies working in partnership with your agency under this grant. Your agency is responsible for ensuring that any partner agencies use COPS Office funds only to supplement, not supplant, their state, local, or BIA funding as described in this condition.

## **5. Extensions**

*Your agency may request an extension of the grant award period to receive additional time to implement your grant program. Such extensions do not provide additional funding. Grants may be extended a maximum of 36 months beyond the initial award expiration date. Any request for an extension beyond 36 months will be evaluated on a case-by-case basis. Only those grantees that can provide a reasonable justification for delays will be granted no-cost extensions. Reasonable justifications may include difficulties in filling COPS Office-funded positions, officer turnover, or other circumstances that interrupt the 36-month grant funding period. An extension allows your agency to compensate for such delays by providing additional time to complete the full 36 months of funding for each position awarded. Extension requests must be received prior to the end date of the award.*

### **Why this condition:**

Under federal regulations, requests to extend the grant award period require prior written approval from the COPS Office. Without an approved extension, your agency is not permitted to draw down federal funding for costs incurred beyond the official grant award end date. However, if justified, the COPS Office seeks to accommodate reasonable requests for no-cost time extensions in order to fully implement the COPS Office grant.

### **What you should do:**

The COPS Office will contact your agency during the last quarter of the grant award period to determine whether a no-cost time extension is needed; extensions will not be processed prior to 90 days before the grant end date. Requests to extend the grant award period must be received by the COPS Office before the official grant award end date. Extension requests received after the expiration date will be considered only when the grantee provides justification of extraordinary circumstances; an example of this would be an instance in which an unforeseen natural disaster prevented a grantee from requesting an extension. Failure to submit a request for a no-cost time extension by the end date may result in the immediate deobligation of any remaining grant funds.

Automatic extensions will be granted for grantee requests of six months or less. All extension requests beyond six months will require review and approval by the COPS Office. Individual or cumulative requests greater than one-half of the grant's original term (i.e., 18 months) will require additional justification and must include a detailed timeline.

If your agency has excess funds remaining at the end of the grant due to salary and fringe benefits costs that were lower than anticipated, your agency may not extend the 36-month funding period for the purpose of expending those excess funds. Grantees are entitled to a maximum of 36 months of federal funding based on the approved salary and fringe benefits costs in the FCM. The COPS Office will deobligate any remaining grant funds during the closeout process. If you have any additional questions regarding a no-cost time extension, please contact your COPS Office Grant Program Specialist.

## **6. Modifications**

*Occasionally, a change in an agency's fiscal or law enforcement situation necessitates a change in its TRGP award. Grant modifications under TRGP are evaluated on a case-by-case basis. All modification requests involving the purchase of new budget items must be approved, in writing, by the COPS Office prior to their implementation. In addition, please be aware that the COPS Office will not approve any modification request that results in an increase of federal funds.*

### **Why this condition:**

The COPS Office realizes that agencies may need to reprogram grant funds. Acceptable examples of such award modifications include purchasing additional equipment using cost-savings from approved items, or purchasing a different type of equipment due to changing needs. Under federal regulations, you may expend grant funds only as approved in the FCM. Any requests to change or alter grant awards require written approval from the COPS Office prior to their implementation. Without prior written approval, you must continue to implement your grant as it was originally awarded and accepted by your agency. Please be advised that reprogramming requests for unallowable costs will not be approved (e.g., construction).

### **What you should do:**

For all modifications, your agency must access [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and select the "Account Access" link in the upper right corner to log in and submit your request to the COPS Office, providing the proposed changes, details of why the change is needed, etc.

For additional information about the process for submitting your specific grant modification request, please contact your COPS Office Grant Program Specialist at 800-421-6770. The COPS Office will then evaluate your request and notify your agency of our decision in writing. Implementation of the modified grant award may begin following written approval from the COPS Office. Please note that modification approvals for active grants will often be accompanied by a modified award document reflecting the approved changes. If applicable, your agency is required to sign and submit the modified award document via the "Account Access" link to officially accept the grant modification.

## **7. Evaluations**

*The COPS Office may conduct monitoring or sponsor national evaluations of the COPS Office Tribal Resources Grant Program. The grantee agrees to cooperate with the monitors and evaluators.*

**Why this condition:**

The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the Attorney General for the furtherance of the purposes of the act. The COPS Office conducts evaluations to determine which programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your agency implements its grant. In some jurisdictions, COPS Office staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect information about the programs' effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

**What you should do:**

When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your agency or department, observe activities, and obtain written reports about and from your agency or department. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your grant activities. You should fully comply with any requests regarding these evaluations.

**8. Reports/Performance goals**

*To assist the COPS Office in the monitoring of your award, your agency will be responsible for submitting quarterly programmatic progress reports and quarterly Federal Financial Reports using Standard Form 425 (SF-425). The progress report is used to track your agency's progress toward implementing community policing strategies and to collect data to gauge the effectiveness of increasing your agency's community policing capacity through COPS Office funding.*

**Why this condition:**

The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and grantees.

**What you should do:**

This grant condition is designed to make your agency aware of reporting requirements associated with TRGP grants. Quarterly programmatic progress reports and a final programmatic closeout report will be required to be submitted directly to the COPS Office through the "Account Access" portion of the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov). Your agency is also required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the grant period. This report reflects the actual cumulative federal expenditures incurred during the funding period, and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official grant end date, however you will have a 90-day grace period after the grant award end date during which you can drawdown funds for eligible expenditures incurred before the grant end date. Agencies with more than one delinquent programmatic or financial report submission per fiscal year may

be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting. These reports are discussed in greater detail in section VI, "Reports," on page 64 of this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of grant funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

## **9. Grant monitoring activities**

*Federal law requires that law enforcement agencies receiving federal funding from the COPS Office must be monitored to ensure compliance with their grant conditions and other applicable statutory regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of grant implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Grant monitoring activities conducted by the COPS Office include site visits, office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS Office TRGP grantee, you agree to cooperate with and respond to any requests for information pertaining to your grant.*

### **Why this condition:**

The Public Safety Partnership and Community Policing Act of 1994 states that each grant program must contain a monitoring component. The COPS Office actively monitors how grantees are adhering to COPS Office grant requirements and develops the best technical assistance based on this feedback.

### **What you should do:**

Your agency may be required to accommodate routine and non-routine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your agency's use of federal funds, both programmatically and financially. The most common ways are as follows:

- **site visits.** The COPS Office conducts grantee site visits to ensure compliance with grant terms and conditions. These visits also provide firsthand observation of the grantee's community policing strategies. The purpose of site visits is threefold: review community policing activities, ensure grantee compliance, and provide customer service and technical assistance. If selected, you will be notified in writing in advance of any on-site review of your COPS Office grants. This review is generally performed over a period of one or more days and also provides an opportunity for agency representatives to seek assistance on any grant implementation issues.
- **enhanced office-based grant reviews (EOBGR).** In lieu of a site visit, certain grants are selected for a review conducted at the COPS Office via teleconference or video conference. EOBGRs serve as a supplemental activity in support of the COPS Office's overall grant monitoring strategy. The purpose of the EOBGR is threefold: review community policing activities, ensure grantee compliance, and provide customer service and technical assistance. If selected, you will be notified in writing in advance of any EOBGR of your COPS Office grants. This review is generally performed over a one or more day period and also provides an opportunity for agency representatives to seek assistance on any grant implementation issues. Your agency will be notified in writing of the results and any action required to remedy identified grant violations to include potential and actual vulnerabilities. Additionally, promising practices identified during the EOBGR are documented and may be shared with the law enforcement community.
- **alleged noncompliance reviews (ANCR).** An alleged noncompliance review is a follow up on complaints of alleged noncompliance received from external (media and/or citizen complaints) or internal (COPS Office/DOJ staff) sources. On a case-by-case basis, COPS Office staff members determine the appropriate course of action to take to investigate complaints of alleged noncompliance. This may include phone or letter contact or a site visit by COPS Office staff or the Office of the Inspector General.

- **audit liaison.** The U.S. Department of Justice, Office of the Inspector General (OIG) conducts random audits for all COPS Office grantees. In the event your agency has any audit recommendations (findings) resulting from noncompliance and/or poor accounting practices, the COPS Office Audit Liaison Section will work with your agency to resolve and close these recommendations. Remedies to close recommendations may include repayment of grant funds and/or the submission of documentation.

Grantees are responsible for remedying any grant noncompliance that is identified during site visits, office-based grant review, and/or alleged noncompliance reviews. In addition, grantees are responsible for remedying noncompliance stemming from audit recommendations identified in audits of COPS Office grants conducted by the Office of Inspector General (OIG) and the Office of the Chief Financial Officer (OCFO). Remedies for noncompliance may include but are not limited to suspending active grant funding, repayment of unallowable or unsupported costs, voluntary withdrawal from or involuntary termination of remaining grant funds, or restriction from receiving future grants for a period of time. Under certain conditions, additional actions may include placement on the U.S. Department of Justice's High Risk List, which will include mandatory completion of the Office of Justice Programs Financial Management Training and being subject to increased monitoring of current and future grants while on the list. In the event of criminal misuse of grant funds, grantees may also be subject to fines and imprisonment. To avoid findings of noncompliance, grantees are strongly encouraged to become familiar with the COPS Grant Monitoring Division's Grant Monitoring Standards and Guidelines and with the Grant Owner's Manual for the year in which the grant is awarded. Grantees should also contact the COPS Office or their Grant Program Specialist at any time during the life of a COPS Office grant with questions concerning grant conditions, terms, or requirements to seek guidance to avoid noncompliance. It is necessary for grantees to maintain all relevant documentation (administrative, financial, and programmatic) used to develop the application and implement the grant that may be necessary or required to demonstrate grant compliance. For more information, please contact the COPS Office Response Center at 800-421-6770 or at [AskCopsRC@usdoj.gov](mailto:AskCopsRC@usdoj.gov).

## 10. Federal civil rights

*As a condition of receipt of federal financial assistance, you acknowledge and agree that you will not (and will require any sub-grantees, contractors, successors, transferees, and assignees not to), on the grounds of race, color, religion, national origin (which includes providing limited English proficient persons meaningful access to your programs), sex, disability, or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the nondiscrimination provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); Title IX of the Education Amendments of 1972, as amended (20 U.S.C. § 1681, et seq.); and the corresponding DOJ regulations implementing those statutes at 28 C.F.R. Part 42 (subparts C, D, E, G, and I). You also agree to comply with Executive Order 13279 Equal Treatment for Faith-Based Organizations and its implementing regulations at 28 C.F.R. Part 38, which requires equal treatment of religious organizations in the funding process and nondiscrimination of beneficiaries by Faith-Based Organizations on the basis of belief or nonbelief.*

### **Why this condition:**

In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. As a result, grantees are required to comply with the civil rights requirements found in the nondiscrimination provisions referenced above. A hold may be placed on your award if it is

deemed that your agency is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your agency's COPS Office grant award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

**What you should do:**

As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights laws, to collect data and information sufficient to permit effective enforcement of such laws, and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

**11. Equal Employment Opportunity Plan**

*All recipients of funding from the COPS Office must comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan (28 C.F.R. Part 42 subpart E).*

**Why this condition:**

It is the experience of the U.S. Department of Justice in implementing its responsibilities under the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), the statute that established the COPS Office, that "the full and equal participation of women and minority individuals in employment opportunities in the criminal justice system is a necessary component to the Safe Streets Act's program to reduce crime and delinquency in the United States" 28 C.F.R. § 42.301. The Equal Employment Opportunity Plan (EEO) does not impose quotas or hiring requirements on recipients of federal funds.

**What you should do:**

The obligations to comply with the EEO requirement differ depending on your organization's legal status, the number of its employees, and the amount of the award.

If your organization has fewer than 50 employees *or* receives an award of less than \$25,000 *or* is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEO requirement. To claim the exemption, your organization must complete and submit section A of the Certification Form to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531. The Certification Form can be found at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

If your organization is a governmental agency or private business *and* has received an award between \$25,000 and \$500,000 *and* has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it must prepare a Utilization Report (formerly called an EEO Short Form), but it does not need to submit it to the OCR for review. Instead, your organization must maintain the Utilization Report on file and make it available to the OCR for review on request. In addition, your organization must complete and submit section B of the Certification Form to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531. The Certification Form can be found at [www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf](http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf).

If your organization is a governmental agency or private business *and* has received an award for \$500,000 or more *and* has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it must prepare a Utilization Report (formerly called an EEO Short Form) and submit it to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street

NW, Washington, DC 20531 for review within 60 days of the notification of the award. In addition, your organization must complete and submit section C of the Certification Form to the OCR. The Certification Form can be found at [www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf](http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf).

For assistance in developing a Utilization Report, please consult the OCR's website at [www.ojp.usdoj.gov/about/ocr/eeop.htm](http://www.ojp.usdoj.gov/about/ocr/eeop.htm). To comply with the EEOP requirements, you may request technical assistance from an EEOP specialist at the OCR by telephone at 202-307-0690, by TTY at 202-307-2027, or by e-mail at [EEOSubmissions@usdoj.gov](mailto:EEOSubmissions@usdoj.gov).

## **12. Community policing**

*Community policing activities to be initiated or enhanced by your agency were identified and described in your grant application. All equipment, technology, training, and/or sworn officer positions awarded under the TRGP grant must be linked to the implementation or enhancement of community policing.*

### **Why this condition:**

The COPS Office defines community policing as a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions giving rise to public safety issues such as crime, social disorder, and fear of crime. TRGP grants must be used to initiate or enhance community policing activities. All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under TRGP-Hiring must engage in community policing activities. While the COPS Office recognizes that your COPS Office-funded officer(s) (or an equal number of redeployed veteran officers) will participate in some or all aspects of your identified community policing plan and advance your agency's community policing activities over the life of the grant, we also encourage your agency to move toward an organization-wide philosophy and commitment to community policing.

COPS Office grants are designed to increase community policing capacity and crime prevention efforts. This is achieved through problem-solving tactics and community policing partnerships. It enhances police professionalism by providing officers with the skills and motivation to act in innovative ways to solve community crime-related problems. Your organization may be monitored or audited to ensure that it is initiating or enhancing community policing in accordance with your proposed plan, and that the officers hired (or an equal number of redeployed veteran officers) are used to implement this plan and advance your agency's community policing activities over the life of the grant. The COPS Office may also use this information to understand the needs of the field and potentially provide for training, technical assistance, problem solving, and community policing implementation tools.

### **What you should do:**

Community policing activities to be implemented or enhanced by your agency were identified in your grant application. Your community policing needs may change during the life of your grant, and minor changes to this plan may be made without prior approval of the COPS Office. If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval. Changes are significant if they deviate from the range of possible community policing activities identified and approved in the original community policing plan submitted with your application.

### **13. Contracts with other jurisdictions**

*Equipment, technology, training, vehicles, and/or sworn law enforcement officer positions awarded may only be used for law enforcement activities or services that exclusively benefit your agency and the population that it serves. The items funded under the TRGP grant cannot be utilized by other agencies unless the items would exclusively benefit the population that your agency serves.*

#### **Why this condition:**

The TRGP was created under a Congressional appropriation specifically designated for tribal law enforcement agencies to improve public safety in Indian communities. The TRGP-Hiring grant funding is intended to benefit the communities within the grantee's primary law enforcement jurisdiction. Therefore, the grantee must use the TRGP grant funding to benefit its own population exclusively.

#### **What you should do:**

Your law enforcement agency should avoid any agreements with other jurisdictions to share officer positions or other awarded equipment, technology, or vehicles unless the agreement complies with the requirement that COPS Office-funded items must exclusively benefit the grantee service population. For example, if your jurisdiction has a tribal police department and a BIA department, items funded under the grant might be able to be used by the BIA department as long as this would result in an exclusive benefit to the population that you serve. You may not, however, allow officers, equipment, technology, or vehicles funded under the grant to be used by any agency or transferred to any agency that does not exclusively benefit the population that you serve. For example, you may not, during the grant term, loan two of your awarded computers to a neighboring county's sheriff's department.

Officers funded under TRGP-Hiring may not provide contract law enforcement services to other agencies unless they will directly benefit the grantee's jurisdiction. For example, your agency may not use an officer funded under TRGP-Hiring to provide contract law enforcement services to a neighboring county, but your agency may use the officer to provide direct law enforcement services to the population within your agency's own jurisdiction.

Before you enter into any agreement with another law enforcement agency, you should contact your COPS Office Grant Program Specialist (GPS) at 800-421-6770 for additional guidance.

### **14. False statements**

*False statements or claims made in connection with COPS Office grants may result in fines, imprisonment, or debarment from participating in federal grants or contracts, and/or any other remedy available by law.*

#### **Why this condition:**

This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other grant documents.

#### **What you should do:**

Ensure that all documentation related to your agency's receipt and use of grant funding (grant applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

### **15. Duplicative funding**

*The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.*

**Why this condition:**

This grant was awarded to your agency to address its law enforcement needs that are not funded from other sources, including federal, state, local, tribal, or BIA funds. Consequently, your agency may not use this funding for items or services for which you already have funding from other sources.

**What you should do:**

If your agency receives funding from another source for the same item(s) or services(s) also funded under this award, please contact your COPS Office GPS at 800-421-6770. If necessary, the COPS Office will work with your agency to reprogram funding for items or services that are allowable under this grant program.

**16. Additional high-risk grantee requirements**

*The recipient agrees to comply with any additional requirements that may be imposed during the grant performance period if the awarding agency determines that the recipient is a high-risk grantee (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.207 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101).*

**Why this condition:**

In accordance with 2 C.F.R. § 200.207, the U.S. Department of Justice (DOJ) may impose additional requirements specific to your award, as needed, when it determines that there is unsatisfactory performance, financial or administrative instability, noncompliance with award terms and conditions, or other lack of responsibility risk factors. In such cases, the U.S. Department of Justice may impose special conditions or restrictions that may include requiring the production of documentation, financial grant administration training, on-site monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

**What you should do:**

In order to obtain a COPS Office grant, recipients must agree to comply with any additional requirements that may be imposed during the grant performance period if the awarding agency determines that the recipient is a high-risk grantee.

**17. System for Award Management and Universal Identifier requirements**

*The Office of Management and Budget requires federal agencies to include the following standard award term in all grants and cooperative agreements made on or after October 1, 2010:*

A. *Requirement for System for Award Management (SAM)*

Unless you are exempted from this requirement under 2 C.F.R. Part 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

B. *Requirement for Data Universal Numbering System (DUNS) Numbers*

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

### C. Definitions

For purposes of this award term:

1. *System for Award Management (SAM)* means the federal repository into which an entity must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the SAM Internet site at [www.sam.gov](http://www.sam.gov).
2. *Data Universal Numbering System (DUNS)* number means the nine- or thirteen-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or the Internet at <http://fedgov.dnb.com/webform>.
3. *Entity*, as it is used in this award term, means all of the following, as defined at 2 C.F.R. Part 25, subpart C:
  - a. A *governmental* organization, which is a state, local government, or Indian Tribe;
  - b. A foreign public entity;
  - c. A domestic or foreign non-profit organization;
  - d. A domestic or foreign for-profit organization; and
  - e. A federal agency, but only as a subrecipient under an award or subaward to a non-federal entity.
4. *Subaward*:
  - a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
  - b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. \_\_\_\_\_.210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
  - c. A subaward may be provided through any legal agreement, including an agreement that you consider a contract.
5. *Subrecipient* means an entity that:
  - a. Receives a subaward from you under this award; and
  - b. Is accountable to you for the use of the federal funds provided by the subaward.

#### **Why this condition:**

The purpose of this standard award term is to ensure government-wide uniformity in establishing the DUNS number as the universal identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable) and to establish the SAM as the repository for standard information about applicants and recipients.

#### **What you should do:**

At the time of grant application, your agency was required to provide its DUNS number and be registered in the SAM database.

Your agency should continue to use the same DUNS number provided in your grant application and update, as needed, the information associated with that DUNS number. If your agency is authorized to make subawards under its award, your agency may make subawards only to entities that have DUNS numbers. For more information about your DUNS number, please contact D&B using the toll-free number 866-705-5711 or visit <http://fedgov.dnb.com/webform>.

Your agency must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. Your agency must review and update its SAM information at least once per year to maintain an active registration status. For more information about SAM registration, please visit [www.sam.gov](http://www.sam.gov).

### **18. Reporting subawards and executive compensation**

*The Office of Management and Budget requires federal agencies to include the following standard award term in all grants and cooperative agreements made on or after October 1, 2010:*

- a. Reporting of first-tier sub-awards.
  1. Applicability. Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates \$25,000 or more in federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5) for a subaward to an entity (see definitions in paragraph e. of this award term).
  2. Where and when to report.
    - i. You must report each obligating action described in paragraph a.1. of this award term to [www.fsrs.gov](http://www.fsrs.gov).
    - ii. For subaward information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010.)
  3. What to report. You must report the information about each obligating action that the submission instructions posted at [www.fsrs.gov](http://www.fsrs.gov) specify.
- b. Reporting Total Compensation of Recipient Executives.
  1. Applicability and what to report. You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if—
    - i. the total federal funding authorized to date under this award is \$25,000 or more;
    - ii. in the preceding fiscal year, you received—
      - (A) 80 percent or more of your annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and subawards); and
      - (B) \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and subawards); and
    - iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at [www.sec.gov/answers/excomp.htm](http://www.sec.gov/answers/excomp.htm).)

2. Where and when to report. You must report executive total compensation described in paragraph b.1 of this award term:
  - i. As part of your registration profile at [www.sam.gov](http://www.sam.gov).
  - ii. By the end of the month following the month in which this award is made, and annually thereafter.
- c. Reporting of Total Compensation of Sub-recipient Executives.
  1. Applicability and what to report. Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if—
    - i. in the subrecipient's preceding fiscal year, the sub-recipient received—
      - (A) 80 percent or more of its annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and subawards); and
      - (B) \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts), and federal financial assistance subject to the Transparency Act (and subawards); and
    - ii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at [www.sec.gov/answers/execomp.htm](http://www.sec.gov/answers/execomp.htm).)
  3. Where and when to report. You must report sub-recipient executive total compensation described in paragraph c.1. of this award term:
    - i. To the recipient.
    - ii. By the end of the month following the month during which you make the subaward. For example, if a sub-award is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the sub-recipient by November 30 of that year.
- d. Exemptions.

If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:

  - i. Subawards, and
  - ii. The total compensation of the five most highly compensated executives of any subrecipient.
- e. Definitions. For purposes of this award term:
  1. Entity means all of the following, as defined in 2 C.F.R. Part 25:
    - i. A *governmental* organization, which is a state, local government, or Indian tribe;
    - ii. A foreign public entity;
    - iii. A domestic or foreign non-profits organization;
    - iv. A domestic or foreign for-profit organization;
    - v. A federal agency, but only as a sub-recipient under an award or sub-award to a non-federal entity.

2. Executive means officers, managing partners, or any other employees in management positions.
3. Subaward:
  - i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
  - ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. \_\_.210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
  - iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.
4. Subrecipient means an entity that:
  - i. Receives a subaward from you (the recipient) under this award; and
  - ii. Is accountable to you for the use of the federal funds provided by the subaward.
5. Total compensation means the cash and noncash dollar value earned by the executive during the recipient's or sub-recipient's preceding fiscal year and includes the following (for more information see 17 C.F.R. Part 229.402(c)(2)):
  - i. Salary and bonus.
  - ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
  - iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
  - iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
  - v. Above-market earnings on deferred compensation which is not tax-qualified.
  - vi. Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

**Why this condition:**

To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is [www.USASpending.gov](http://www.USASpending.gov). Grantees are responsible for reporting their applicable executive compensation and sub-award information, and the award term provides guidance to report the related information as required by FFATA.

**What you should do:**

At the time of grant application, your agency was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your agency received awards of \$25,000 or more, you are required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the

website at [www.fsrs.gov](http://www.fsrs.gov), is the reporting tool that your agency will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on [www.USASpending.gov](http://www.USASpending.gov) associated with your agency's award, furthering federal spending transparency.

For additional information regarding the executive compensation and subaward reporting requirements, please see Vol. 75, No. 177 (September 14, 2010) of the Federal Register, [www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf](http://www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf).

## **19. Retention**

*At the time of grant application, your agency committed to retaining all sworn officer positions awarded under the TRGP Hiring grant with state and/or local funds for a minimum of 12 months following the conclusion of 36 months of federal funding for each position, over and above the number of locally funded sworn officer positions that would have existed in the absence of the grant. Your agency cannot satisfy the retention requirement by using TRGP funded positions to fill locally funded vacancies resulting from attrition.*

### **Why this condition:**

The retention requirement ensures that the increased officer staffing level under the TRGP-Hiring grant continues with state or local funds for a minimum of 12 months after federal funding ends.

### **What you should do:**

At the time of grant application, your agency was required to affirm that it planned to retain all sworn officer positions awarded under the TRGP-Hiring grant and identify the planned source(s) of retention funding. Your agency committed to retaining each awarded position for at least 12 months following the conclusion of 36 months of federal funding for that position. The retention period begins for an awarded officer position once that position has completed the 36-month implementation period. If an agency is awarded several officer positions, the retention period for each individual officer position begins upon completion of 36 months of funding for that position (not based on the cumulative grant award end date).

The retained TRGP funded position(s) must be added to your agency's law enforcement budget with state or local funds at the conclusion of grant funding, over and above the number of locally funded sworn officer positions that would have existed in the absence of the grant. Absorbing TRGP-funded positions through attrition (rather than adding the extra positions to your budget with additional funding) does not meet the retention requirement.

Your agency should maintain documentation demonstrating when the 36-month grant funding period expires for each awarded position and that each retained position is above and beyond the number of officer positions that your agency would otherwise have funded with state or local funds. We understand that your agency's identified source(s) of retention funding may change during the life of the grant, so your agency should maintain documentation of any changes in the event of an audit, monitoring, or other evaluation of your grant compliance.

Please note that your agency is required to retain the officer position(s) awarded under the TRGP-Hiring grant and not the specific officer(s) hired to fill the grant position(s). If a position funded by the TRGP-Hiring grant becomes vacant during the retention period, your agency is required to take active and timely steps consistent with your agency's hiring policies and procedures to fill the position with a new officer to complete the remainder of the 12-month retention period. Your agency should maintain documentation demonstrating that you did not delay filling the position and that the steps your agency took to fill the position were consistent with your hiring policies and procedures.

At the conclusion of federal funding, agencies that fail to retain the sworn officer positions awarded under the TRGP-Hiring grant may be ineligible to receive future COPS Office grants for a period of three years. If your agency is unable to retain any of the awarded officer positions, you should contact your COPS Office GPS for further review.

## **20. Employment eligibility**

*The grantee agrees to complete and keep on file, as appropriate, a Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States.*

### **Why this condition:**

Under federal immigration law, all employers are required to take certain steps to ensure that persons that are hired are legally permitted to work in the United States. The Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9) outlines the types of documents that an employer should review to confirm that a new hire is eligible for employment.

### **What you should do:**

You do not need to submit any documentation to the COPS Office to satisfy this condition. Rather, you should complete and maintain the I-9 forms for all new employees under the guidelines set forth by the Bureau of Citizenship and Immigration Services. The I-9 form can be found at [www.uscis.gov/files/form/i-9.pdf](http://www.uscis.gov/files/form/i-9.pdf). For further information about this requirement, you may contact the Bureau's Office of Business Liaison at 800-357-2099 or the National Customer Service Center at 800-375-5283.

## **21. Debarment and suspension**

*The recipient agrees not to award Federal funds under this program to any party which is debarred or suspended from participation in Federal assistance programs.*

### **Why this condition:**

Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see 2 C.F.R. Part 180 (Government-wide Debarment and Suspension), and 2 C.F.R. Part 2867 (DOJ-specific requirements.)

### **What you should do:**

If under a COPS Office award you enter into a contract for goods or services that is for \$25,000 or more or any subaward, you must verify that the vendor or subawardee and their respective principals (e.g., owners, top managers) with whom you intend to do business are not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subawardee to comply with subpart C of the OMB guidance in 2 C.F.R. Part 180 (Government-wide Debarment and Suspension) and subpart C of 2 C.F.R. Part 2867 (DOJ-specific requirements).

## **22. Whistleblower protection**

*The recipient agrees not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he/she reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal*

*contract (including the competition for or negotiation of a contract) or grant. The recipient also agrees to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see Appendix E in the Grant Owner's Manual for a full text of the statute.*

**Why this condition:**

Under the "Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information" (41 U.S.C. § 4712), which is in effect through January 1, 2017, recipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal grants and contracts. The pilot program protects the public interest and ensures the proper management and use of federal funds.

**What you should do:**

The recipient must not take reprisal actions against an employee for disclosing misconduct under federal contracts and grants to certain persons and entities.

The recipient is prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he or she reasonably believes is evidence of

- gross mismanagement of a federal contract or grant;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or grant;
- a substantial and specific danger to public health or safety;
- a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

In addition, the disclosure must also have been made to

- a member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or grant oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;
- a court or grand jury;
- a management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or grant.

The recipient must inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections, and remedies under 41 U.S.C. § 4712.

Please see appendix E on page 82 of this manual for a full text of the "Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information" (41 U.S.C. § 4712).

### **23. Restrictions on internal confidentiality agreements**

*No recipient or subrecipient under this award, or entity that receives a contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.*

#### **Why this condition:**

Under section 743 of Division E, Title VIII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), neither the recipient, subrecipient, nor any entity that receives a contract or subcontract with any funds under this or any other Act may require its employees or contractors to sign an internal confidentiality agreement or statement prohibiting or otherwise restricting their lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency. This provision protects the public interest and ensures the proper management and use of federal funds. This limitation is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

#### **What you should do:**

1. In accepting this award, the recipient
  - represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
  - represents that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the agency making this award, and will resume such obligations only if expressly authorized to do so by that agency.
2. If the recipient does or is authorized to make subawards or contracts under this award, in accepting, the recipient
  - represents that it has or will determine that no other entity that the recipient proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
  - represents that it has or will make appropriate inquiry, or otherwise has an adequate factual basis, to support this representation;
  - represents that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

## **24. Mandatory disclosure**

*The recipients and subrecipients must timely disclose in writing to the COPS Office or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.338 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.*

### **Why this condition:**

Federal regulations require recipients and subrecipients to report all federal violations involving fraud, bribery, or gratuity that may affect the awarded federal funds. This condition advises your agency of the requirement and the consequences of failing to report such violations to the COPS Office or pass-through entity.

### **What you should do:**

Ensure that you timely report in writing to the COPS Office or pass-through entity all federal violations involving fraud, bribery, or gratuity that may affect your federal award.

## **25. Conflict of interest**

*Federal awardees and subawardees must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.112 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.*

### **Why this condition:**

Awardees and subawardees are required to use federal funding in the best interest of their award program. Any decisions related to these funds must be free of hidden personal or organizational conflicts of interest, both in fact and in appearance.

This means that awardees and subawardees should not participate in any award-related decisions or recommendations that involve any of the following people or groups:

- An immediate family member
- A partner
- An organization in which they are serving as an officer, director, partner, or employee
- Any person or organization with whom they are negotiating or who has an arrangement concerning prospective employment, has a financial interest, or for other reasons can have less than an unbiased transaction with the awardee or subawardee

This also means that awardees and subawardees should avoid any action which might result in or create the appearance of

- using your official position for private gain;
- giving special treatment to any person;
- losing complete independence or objectivity;
- making an official decision outside official channels; or
- affecting negatively the confidence of the public in the integrity of the Federal Government or the program.

**What you should do:**

Ensure that you report in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest that may affect your federal award.

**25. Contract provision**

*All contracts made by the award recipients under the federal award must contain the provisions required under 2 C.F.R. Appendix II to part 200 (Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. Please see appendix F in the Grant Owner's Manual for a full text of the contract provisions.*

**Why this condition:**

Federal regulations require recipients and subrecipients to comply with the necessary contract provisions in order to standardize and strengthen oversight of all contracts made under federal awards. This provision protects the public interest and ensures the proper management and use of federal funds as it relates to contracts entered into by the recipient.

**What you should do:**

The recipient should review all contracts made under the federal award to ensure that they contain the provisions required in appendix F of the Grant Owner's Manual.

**Review of grant conditions – Equipment/Training grants**

By signing the award document to accept this TRGP-Equipment/Training grant, your agency agrees to abide by the following grant conditions:

**1. Grant owner's manual**

*The grantee agrees to comply with the terms and conditions in the 2015 COPS Office Tribal Resources Grant Program (TRGP) Owner's Manual; COPS Office statute (42 U.S.C. § 3796dd, et seq.); 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101; 48 C.F.R. Part 31 (FAR Part 31) (Contract Cost Principles and Procedures); other representations made in the TRGP grant application; and all other applicable program requirements, laws, orders, regulations, or circulars.*

**Why this condition:**

This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your grant. Your agency will be responsible for the information and rules contained in this manual and for implementing your grant in compliance with the applicable terms, conditions, and regulations. More detailed guidance regarding any particular grant requirement or your agency's specific circumstances can be requested through your COPS Office Grant Program Specialist (GPS).

**What you should do:**

Please read the entire TRGP Grant Owner's Manual carefully prior to signing the grant award document. If you have any questions, please contact your COPS Office GPS. When accepting your grant award, you should ensure that the proper reporting and financial systems are in place to satisfy the grant requirements.

**2. Assurances and Certifications**

*The grantee acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its grant application.*

**Why this condition:**

Although the COPS Office has made every effort to simplify the process of applying for and receiving grants, several provisions of federal law require us to seek your assurances and certification regarding certain matters. Most of the assurances and certifications apply to all federal grant programs.

**What you should do:**

Applicants to COPS Office grant programs are required to sign the Assurances and Certifications forms at the time of application. Signing these documents assures the COPS Office that you have read, understood, and accepted the grant terms and conditions outlined in the Assurances and Certifications. Your agency is required to keep Assurances and Certifications forms that were signed as part of its grant application. Please read these documents carefully, because signatures on these documents are treated as a material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines whether to award the covered grant. Additional copies of the Assurances and Certifications forms are contained in appendix B of this manual on page 71. If you have any questions about the Assurances and Certifications, please contact your COPS Office GPS at 800-421-6770.

**3. Allowable costs**

*The funding under this project is for the payment of approved costs to meet the most serious needs of law enforcement in tribal communities. The allowable costs for which your agency's grant has been approved are limited to those listed on the Financial Clearance Memorandum (FCM), which are included in your agency's award package. The FCM specifies the exact items that your agency is allowed to fund with your TRGP grant, and specifies the overall amount approved for each budget request category. Your agency may not use TRGP grant funds for any costs that are not identified as allowable in the FCM.*

**Why this condition:**

TRGP-Equipment/Training may only be used for the purchase of equipment, technology, training, uniforms, and other items approved by the COPS Office as reflected in the FCM. The COPS Office TRGP funds the purchase of items that have a link to the implementation or enhancement of community policing initiatives in your agency.

To be eligible for payment under this grant, the purchase of approved items must be made after the grant award start date and comply with the guidelines described in section III, "Accessing Grant Funds," on page 56 of this manual. Section IV, "Financial Record Maintenance," on page 59, outlines the types of records you must keep to document that you followed this grant condition. Purchases must also reflect the costs that were approved as shown in the FCM.

**What you should do:**

All grantees should keep and maintain the most recent, approved version of 2015 TRGP application, which will contain the approved costs for this grant. Refer to your FCM for the list of approved allowable costs. As long as funds are spent during the grant period on the approved salaries or benefits (as applicable), equipment, technology, training, or other costs that were documented in your application's budget summary and were approved through the issuance of the FCM, this grant condition will be satisfied.

**A. Allowable costs: Background investigations**

Based on the FCM, grantees may have been awarded funding for background investigations for newly hired officer positions if other funding (state, local, or Bureau of Indian Affairs (BIA)) was not budgeted for the same background investigations. Background investigations must be completed before expenses incurred in connection with such investigations can be reimbursed. Funded background investigations may not be initiated prior to the official award start date of the grant period.

**B. Allowable costs: Training**

Based on the FCM, grantees may have been awarded funding for otherwise unfunded expenses associated with sending recruits to a state academy that will train and certify tribal police officers, to the BIA Indian Police Academy in Artesia, New Mexico, or to basic training from an established academy that trains Indian police officers such as the Navajo Nation's Academy. Basic law enforcement training is encouraged for existing police officers who have not received it, depending on the needs of your department and the availability of funding. Grant funding may only be used for one cycle of basic training per officer. The grantee agency will be responsible for any additional costs associated with an officer not completing basic training on the first attempt.

TRGP funds may also pay for community policing and problem-solving training; specialized law enforcement training in such topics as counterterrorism, family violence, and crime prevention and detection; and training related to Indian Country jurisdictional issues. Only requests for training by recognized training providers such as the Federal Law Enforcement Training Center, the FBI, the BIA Indian Police Academy, a state police academy, COPS Office Regional Community Policing Institutes, or a tribal community college will be considered. In addition, funding may be used to attend training conferences such as the National Native American Law Enforcement Association's annual training conference or any COPS Office-sponsored conference.

Funding for community policing or other law enforcement training will cover only travel, lodging, and per diem expenses for each representative to and from the training site (if training is conducted more than 50 miles from your agency headquarters). State academy training costs include training instruction fees, academy tuition, course fees, textbooks, manuals, supplies, and travel in connection with the training (transportation, lodging, per diem, etc.) if the training is located more than 50 miles from the job site. If your state academy does not charge for the training, your department will be reimbursed only for travel in connection with the training. Departments that send officers to the BIA Indian Police Academy will be reimbursed for travel costs only, as there is no cost for tuition at the BIA Indian Police Academy for tribal officers.

TRGP-E/T funds may pay for computer training for systems, hardware, or software that grantees already own but may not be utilizing to the fullest extent due to a lack of training. Applicants must demonstrate that the training enhances law enforcement activities, particularly in support of community policing. TRGP-E/T funding may be used only for training costs not already funded in the applicant's budget with state, local, or BIA funds.

In addition, TRGP-E/T funding may be used for off-site training required to increase tribal capacity to operate a crime information gathering system compatible with the FBI Uniform Crime Reporting System.

**C. Allowable costs: Uniforms and basic issue equipment**

Any bulletproof vest purchased under TRGP-E/T must meet National Institute of Justice standards as shown on the list of acceptable vests included in appendix D of this manual on page 80.

**D. Allowable costs: Technology**

To be eligible for payment under this grant, the purchase of equipment and technology must occur on or after the award start date, the items must be those specifically applied for and approved by the COPS Office, and the items must meet the guidelines described in 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. Equipment or technology purchased on or

after the award start date must be in addition to purchases that the grantee is obligated or funded to make in its current budget. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of your agency's TRGP-E/T grant.

E. **Allowable costs: Police vehicles**

Allowable items include police cars, basic vehicle accessory packages, and special conveyances such as sport utility vehicles, bicycles, motorcycles, snowmobiles, and all-terrain vehicles (ATV). The items must be those specifically applied for and approved by the COPS Office.

F. **Allowable costs: Travel**

Travel costs for transportation, lodging, subsistence, and related items are allowable under your agency's TRGP-E/T grant if specifically approved by the COPS Office. In accordance with 2 C.F.R. §200.474, travel costs for official business directly related to the award will be reimbursed based upon the grantee's written travel reimbursement policies if the costs are reasonable and allocable under the project. In the absence of an acceptable written policy regarding travel costs, allowable rates and amounts established by the U.S. General Services Administration (GSA) for the relevant geographic area will apply. The current GSA travel policy and per diem rates can be found at [www.gsa.gov](http://www.gsa.gov). Allowable airfare costs will be reimbursed based upon the least expensive unrestricted accommodations class offered by commercial airlines—for example, lowest discount commercial airfare, the Federal Government contract airfare (if authorized and available), or standard coach airfare—unless otherwise authorized in advance by the COPS Office.

For grantees subject to 48 C.F.R. Part 31.000, et seq. (FAR-31.2) Cost Principles for Commercial Organizations, travel costs incurred directly by the grantee will be reimbursed if the costs are reasonable and allocable under the project. Travel costs for lodging, meals, and incidental expenses may be reimbursed based upon per diem, actual expenses, or a combination of these methods, as long as the reimbursement rate does not exceed established GSA per diem rates as set forth in the Federal Travel Regulation. Transportation costs may be reimbursed based on mileage rates, actual costs incurred, or a combination of these methods. Allowable airfare travel costs will be reimbursed based upon standard coach fare, unless otherwise authorized in advance by the COPS Office. The COPS Office TRGP-E/T will fund grant-related travel costs for the grantee agency or other (non-grantee) individuals to attend training and technical assistance conferences, seminars, or classes, or to visit a site specified in the application. Allowable expenses for grant-related lodging, meals, and incidental expenses that were included in the application have been approved by the COPS Office as part of the TRGP-E/T award and final budget. Your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office GPS to obtain a grant modification.

**Temporary dependent care costs above and beyond regular dependent care that directly results from conference travels are allowable as long as the costs incurred (1) are a direct result of the individual's travel for the federal award; (2) are consistent with the recipient's documented travel policy for all entity travel; and (3) are only temporary during the travel period.**

G. **Allowable costs: Supplies**

All supplies must be solely used for the project identified in your project proposal. Reimbursements for office supplies that are consumed by routine administrative purposes instead of project-related activities are prohibited. Items must meet the guidelines described in 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.

**H. Allowable costs: Contracts/consultants**

Compensation for individual consultant services procured under a COPS Office grant must be reasonable and allocable in accordance with 2 C.F.R. Subpart E—Cost Principles and consistent with that paid for similar services in the marketplace. Unless otherwise approved by the COPS Office, consultant rates will be based on the salary a consultant receives from his or her primary employer, as applicable, up to \$550 per day. For consultant or contractor rates which exceed \$550 per day, the COPS Office requires written justification if the consultants or contractors are hired through a non-competitive bidding process and grantees must receive COPS Office approval of those rates before drawing down grant funds. Determinations will be made on a case-by-case basis.

**I. Allowable costs: Other costs**

The purchases of project-related expenditures that do not conform to any other category descriptions specified above were included in this section of your FCM. In addition, items that have a direct correlation to the overall success of a grantee's project objectives and are necessary for the project to reach full implementation are considered on a case-by-case basis by the COPS Office. Requests may be made only for items or positions that are not otherwise budgeted with state, local, or BIA funds, and would not be funded in the absence of the TRGP grant.

**Allowable costs: Indirect costs**

Indirect costs are costs that are incurred for common or joint purposes and are not readily assignable to a particular project but are necessary to the operation of the agency and the performance of the project. Examples of indirect costs include those incurred for facility operation and maintenance, depreciation, and administrative salaries. Indirect cost usage must adhere to the standards set forth in the applicable Office of Management and Budget (OMB) uniform guidance 2 C.F.R. Part 200.56—Indirect (facilities & administrative (F&A)) costs and 2 C.F.R. Part 200.414—Indirect (F&A) costs. Additional guidance for your entity can be found in the following locations: Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs); Appendix IV to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations; Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals.

Indirect cost rates are federally negotiated and approved rates that are based on audited and documented expenses that are approved to be included within an indirect cost rate. It is important that your agency carefully track and update its indirect cost rate during the COPS Office grant award period.

The grantee understands that if it submitted an expired indirect cost rate agreement at the time of application, it will be unable to recover federal funds for indirect costs until the COPS Office receives a current indirect cost rate agreement covering the award period. A special condition may be added to the award prohibiting the obligation, expenditure, or drawdown of funds reimbursement for indirect costs until a current indirect cost rate has been approved by your cognizant federal agency and submitted to the COPS Office.

If your agency's approved indirect cost rate expires during the grant award period, a current approved rate must be submitted to the COPS Office in order to continue to draw down grant funding for indirect costs. Your agency must advise the COPS Office in writing of any changes to your approved indirect cost rate during the grant award period and must request a budget modification with the COPS Office to reflect any rate change.

If your agency has never received a negotiated indirect cost rate, then you may request up to a flat 10 percent de minimis indirect cost rate applied to the modified total direct costs (MTDC).

In addition, before the COPS Office officially closes out your agency's grant award, your agency must reconcile any changes between your approved final indirect cost rate and approved provisional indirect cost rate and, if necessary, repay the COPS Office for any indirect cost rate overpayment. If your agency draws down excess COPS Office grant funding for indirect costs, please return the overpayment to the COPS Office and submit a revised Federal Financial Report (SF-425).

See the COPS Office website for a fact sheet on indirect costs, [http://www.cops.usdoj.gov/pdf/2015AwardDocs/cpd/Indirect\\_Cost\\_Rate\\_Fact\\_Sheet.pdf](http://www.cops.usdoj.gov/pdf/2015AwardDocs/cpd/Indirect_Cost_Rate_Fact_Sheet.pdf).

#### **4. Travel costs**

*Travel costs for transportation, lodging and subsistence, and related items are allowable under the TRGP with prior approval from the COPS Office. Payment for allowable travel costs will be in accordance with 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101, and 48 C.F.R. Part 31. (FAR-31, Cost Principles for Commercial Organizations), as applicable.*

##### **Why this condition:**

The CTAS Program will fund grant-related travel costs for the grantee agency or other (non-grantee) individuals to attend training and technical assistance conferences, seminars, or classes or to visit a site specified in the original application. Allowable expenses for grant-related lodging, meals, and incidental expenses that were included in the application were approved by the COPS Office as part of your agency's CTAS award and final budget. For more information, please refer to award condition #3 on page 28, "Allowable Costs."

##### **What you should do:**

Your agency should refer to your FCM for a list of approved travel costs and use CTAS funds only for those approved travel costs incurred during the grant period. In addition, your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Grant Program Specialist.

#### **5. Supplementing, not supplanting**

*State, local, and tribal governments must use TRGP grant funds to supplement, and not supplant, state, local, or BIA funds that are already committed or otherwise would have been committed for grant purposes (hiring, training, purchases, and/or activities) during the grant period. In other words, grantees may not use COPS Office funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS Office-funded item(s) in the absence of the COPS Office grant.*

##### **Why this condition:**

The COPS Office statutory nonsupplanting requirement mandates that grant funds may not be used to replace state or local funds (or, for tribal grantees, BIA funds) that would, in the absence of federal aid, be made available for the grant purposes.

##### **What you should do:**

TRGP-E/T grantees may not use grant funds to pay for any item or cost funded under the grant (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds or committed to the grantee's budget.

In addition, grantees may not reallocate state, local, or BIA funds from one area within the law enforcement budget to another as a result of receiving TRGP grant funds. For example, grantees who have budgeted funds to pay for new computer equipment may not reallocate those funds to pay for any other law enforcement cost as a result of receiving TRGP-E/T grant funds for the same computer equipment.

TRGP Equipment and Training—To meet this grant condition, you must ensure the following:

- Equipment and technology must be purchased on or after the award start date (unless an exception is authorized in writing by the COPS Office) and must be in addition to purchases that the grantee has obligated funding in the current budget to make. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of a TRGP-E/T grant. For example, grantees who have budgeted local funds to pay for a new computer system may not reallocate those funds to pay for any other law enforcement cost as a result of receiving TRGP-E/T funds for the same computer system.
- Any training covered by TRGP-E/T funds is in addition to the number of hours of training already provided by your agency. Funds currently allocated for training may not be reallocated to other purposes.

Note: This grant condition applies to all state or locally funded agencies working in partnership with your agency under this grant. Your agency is responsible for ensuring that any partner agencies use COPS Office funds only to supplement, not supplant, their state, local, or BIA funding as described in this condition.

## **6. Extensions**

*Your agency may request an extension of the grant award period to receive additional time to implement your grant program. Such extensions do not provide additional funding. Grants may be extended a maximum of 36 months beyond the initial award expiration date. Any request for an extension beyond 36 months will be evaluated on a case-by-case basis. Only those grantees that can provide a reasonable justification for delays will be granted no-cost extensions. Reasonable justifications may include technology implementation delays, training delays, or other circumstances that interrupt the 36-month grant funding period. An extension allows your agency to compensate for such delays by providing additional time to complete the full 36 months of funding. Extension requests must be received prior to the end date of the award.*

### **Why this condition:**

Under federal regulations, requests to extend the grant award period require prior written approval from the COPS Office. Without an approved extension, your agency is not permitted to draw down federal funding for costs incurred beyond the official grant award end date. However, if justified, the COPS Office seeks to accommodate reasonable requests for no-cost time extensions in order to fully implement the COPS Office grant.

### **What you should do:**

The COPS Office will contact your agency during the last quarter of the grant award period to determine whether a no-cost time extension is needed; extensions will not be processed prior to 90 days of the grant end date. Requests to extend the grant award period must be received by the COPS Office before the official grant award end date. Extension requests received after the expiration date will be considered only when the grantee provides justification of extraordinary circumstances; an example of this would be an instance in which an unforeseen natural disaster prevented a grantee from requesting an extension. Failure to submit a request for a no-cost time extension by the end date may result in the immediate deobligation of any remaining grant funds.

Automatic extensions will be granted for grantee requests of six months or less. All extension requests beyond six months will require review and approval by the COPS Office. Individual or cumulative requests greater than one-half of the grant's original term (i.e., 18 months) will require additional justification and must include a detailed timeline.

If your agency has excess funds remaining at the end of the grant due to salary and fringe benefits costs that were lower than anticipated, your agency may not extend the 36-month funding period for the purpose of expending those excess funds. Grantees are entitled to a maximum of 36 months of federal funding based on the approved salary and fringe benefits costs in the FCM. The COPS Office will deobligate any remaining grant funds during the closeout process. If you have any additional questions regarding a no-cost time extension, please contact your COPS Office Grant Program Specialist.

## **7. Modifications**

*Occasionally, a change in an agency's fiscal or law enforcement situation necessitates a change in its TRGP award. Grant modifications under TRGP are evaluated on a case-by-case basis. All modification requests involving the purchase of new budget items must be approved, in writing, by the COPS Office prior to their implementation. In addition, please be aware that the COPS Office will not approve any modification request that results in an increase of federal funds.*

### **Why this condition:**

The COPS Office realizes that agencies may need to reprogram grant funds. Acceptable examples of such award modifications include purchasing additional equipment using cost savings from approved items or purchasing a different type of equipment due to changing needs. Under federal regulations, you may expend grant funds only as approved in the FCM. Any requests to change or alter grant awards require written approval from the COPS Office prior to their implementation. Without prior written approval, you must continue to implement your grant as it was originally awarded and accepted by your agency. Please be advised that reprogramming requests for unallowable costs (e.g., construction) will not be approved.

### **What you should do:**

For all modifications, your agency must access [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and select the "Account Access" link in the upper right corner to log in and submit your request to the COPS Office, providing the proposed changes, details of why the change is needed, etc.

For additional information about the process for submitting your specific grant modification request, please contact your COPS Office Grant Program Specialist at 800-421-6770. The COPS Office will then evaluate your request and notify your agency of our decision in writing. Implementation of the modified grant award may begin following written approval from the COPS Office. Please note that modification approvals for active grants will often be accompanied by a modified award document reflecting the approved changes. If applicable, your agency is required to sign and submit the modified award document via the Account Access link to officially accept the grant modification.

## **8. Evaluations**

*The COPS Office may conduct monitoring or sponsor national evaluations of the COPS Office TRGP. The grantee agrees to cooperate with the monitors and evaluators.*

### **Why this condition:**

The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the Attorney general for the furtherance of the purposes of the Act. The COPS Office conducts evaluations to determine which programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your agency implements its grant. In some jurisdictions, COPS Office staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect

information about the programs' effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

**What you should do:**

When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your agency or department, observe activities, and obtain written reports about and from your agency or department. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your grant activities. You should fully comply with any requests regarding these evaluations.

**9. Reports/Performance goals**

*To assist the COPS Office in monitoring and tracking the performance of your award, your agency will be responsible for submitting quarterly programmatic progress reports that describe project activities during the reporting period and quarterly Federal Financial Reports using Standard Form 425 (SF-425). The progress report is used to track your agency's progress toward implementing community policing strategies and to collect data to gauge the effectiveness of increasing your agency's community policing capacity through COPS Office funding.*

**Why this condition:**

The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and grantees.

**What you should do:**

This grant condition is designed to make your agency aware of reporting requirements associated with TRGP grants. Quarterly programmatic progress reports and a final programmatic closeout report will be required to be submitted directly to the COPS Office through the "Account Access" portion of the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov). Your agency is also required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the grant period. This report reflects the actual cumulative federal expenditures incurred during the funding period, and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official grant end date, however you will have a 90-day grace period after the grant award end date during which you can drawdown funds for eligible expenditures incurred before the grant end date.. Agencies with more than one delinquent programmatic or financial report submission per fiscal year may be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting. These reports are discussed in greater detail in section VI, "Reports," on page 64 of this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of grant funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

**10. Grant monitoring activities**

*Federal law requires that law enforcement agencies receiving federal funding from the COPS Office must be monitored to ensure compliance with their grant conditions and other applicable statutory regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing.*

*Both aspects of grant implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Grant monitoring activities conducted by the COPS Office include site visits, office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS Office TRGP grantee, you agree to cooperate with and respond to any requests for information pertaining to your grant.*

**Why this condition:**

The Public Safety Partnership and Community Policing Act of 1994 states that each grant program must contain a monitoring component. The COPS Office actively monitors how grantees are adhering to COPS Office grant requirements.

**What you should do:**

Your agency may be required to accommodate routine and non-routine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your agency's use of federal funds, both programmatically and financially. The most common ways are as follows:

- **site visits.** The COPS Office conducts awardee site visits to ensure compliance with award terms and conditions. These visits also provide firsthand observation of the awardee's community policing strategies. The purpose of site visits is threefold: review community policing activities, ensure awardee compliance, and provide customer service and technical assistance. If selected, you will be notified in writing in advance of any on-site review of your COPS Office awards. This review is generally performed over one or more days and also provides an opportunity for your agency representatives to seek assistance on any award implementation issues.
- **enhanced office-based grant reviews (EOBGR).** In lieu of a site visit, certain grants are selected for a review conducted at the COPS Office via teleconference or video conference. EOBGRs serve as a supplemental activity in support of the COPS Office's overall grant monitoring strategy. The purpose of the EOBGR is threefold: review community policing activities, ensure grantee compliance, and provide customer service and technical assistance. If selected, you will be notified in writing in advance of any EOBGR of your COPS Office grants. This review is generally performed over a one or more day period and also provides an opportunity for agency representatives to seek assistance on any grant implementation issues. Your agency will be notified in writing of the results and any action required to remedy identified grant violations to include potential and actual vulnerabilities. Additionally, promising practices identified during the EOBGR are documented and may be shared with the law enforcement community.
- **alleged noncompliance reviews (ANCR)** . An alleged noncompliance review is a follow up on complaints of alleged noncompliance received from external (media and/or citizen complaints) or internal (COPS Office/DOJ staff) sources. On a case-by-case basis, COPS Office staff members determine the appropriate course of action to take to investigate complaints of alleged noncompliance. This may include phone or letter contact or a site visit by COPS Office staff or the Office of the Inspector General.
- **audit liaison.** The U.S. Department of Justice, Office of Inspector General (OIG) conducts random audits for all COPS Office grantees. In the event your agency has any audit recommendations (finding) resulting from noncompliance and/or poor accounting practices, the COPS Office Audit Liaison Section will work with your agency to resolve and close these recommendations. Remedies to close recommendations may include repayment of grant funds and/or the submission of documentation.

Grantees are responsible for remedying any grant noncompliance that is identified during site visits, office-based grant review, and/or alleged noncompliance reviews. In addition, grantees are responsible for remedying noncompliance stemming from audit recommendations identified in audits of COPS Office grants conducted by the Office of Inspector General (OIG) and the Office of the Chief Financial Officer (OCFO). Remedies for noncompliance may include but are not limited to suspending active grant funding, repayment of unallowable or unsupported costs, voluntary withdrawal from or involuntary termination of remaining grant funds, or restriction from receiving future grants for a period of time. Under certain conditions, additional actions may include placement on the U.S. Department of Justice's High Risk List, which will include mandatory completion of the Office of Justice Programs Financial Management Training and being subject to increased monitoring of current and future grants while on the list. In the event of criminal misuse of grant funds, grantees may also be subject to fines and imprisonment. To avoid findings of noncompliance, grantees are strongly encouraged to become familiar with the COPS Grant Monitoring Division's Grant Monitoring Standards and Guidelines and with the Grant Owner's Manual for the year in which the grant is awarded. Grantees should also contact the COPS Office or their Grant Program Specialist at any time during the life of a COPS Office grant with questions concerning grant conditions, terms, or requirements to seek guidance to avoid noncompliance. It is necessary for grantees to maintain all relevant documentation (administrative, financial, and programmatic) used to develop the application and implement the grant that may be necessary or required to demonstrate grant compliance. For more information, please contact the COPS Office Response Center at 800-421-6770 or at [AskCopsRC@usdoj.gov](mailto:AskCopsRC@usdoj.gov).

## **11. Federal civil rights**

*As a condition of receipt of federal financial assistance, you acknowledge and agree that you will not (and will require any sub-grantees, contractors, successors, transferees, and assignees not to), on the grounds of race, color, religion, national origin (which includes providing limited English proficient persons meaningful access to your programs), sex, disability, or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); Title IX of the Education Amendments of 1972, as amended (20 U.S.C. § 1681, et seq.); and the corresponding DOJ regulations implementing those statutes at 28 C.F.R. Part 42 (subparts C, D, E, G, and I). You also agree to comply with Executive Order 13279 Equal Treatment for Faith-Based Organizations and its implementing regulations at 28 C.F.R. Part 38, which requires equal treatment of religious organizations in the funding process and non-discrimination of beneficiaries by Faith-Based Organizations on the basis of belief or non-belief.*

### **Why this condition:**

In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. As a result, grantees are required to comply with the civil rights requirements found in the non-discrimination provisions referenced above. A hold may be placed on your award if it is deemed that your agency is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your agency's COPS Office grant award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

**What you should do:**

As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights laws and to collect data and information sufficient to permit effective enforcement of such laws and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

**12. Equal employment opportunity plan**

*All recipients of funding from the COPS Office must comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan (28 C.F.R. Part 42 subpart E).*

**Why this condition:**

It is the experience of the U.S. Department of Justice in implementing its responsibilities under the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), the statute that established the COPS Office, that “the full and equal participation of women and minority individuals in employment opportunities in the criminal justice system is a necessary component to the Safe Streets Act’s program to reduce crime and delinquency in the United States” 28 C.F.R. § 42.301. The Equal Employment Opportunity Plan (EEOP) does not impose quotas or hiring requirements on recipients of federal funds.

**What you should do:**

The obligations to comply with the EEOP requirement differ depending on your organization’s legal status, the number of its employees, and the amount of the award.

If your organization has fewer than 50 employees *or* receives an award of less than \$25,000 *or* is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEOP requirement. To claim the exemption, your organization must complete and submit section A of the Certification Form to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531. The Certification Form can be found at <http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf>.

If your organization is a governmental agency or private business *and* has received an award between \$25,000 and \$500,000 *and* has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it must prepare a Utilization Report (formerly called an EEOP Short Form), but it does not need to submit it to the OCR for review. Instead, your organization must maintain the Utilization Report on file and make it available to the OCR for review on request. In addition, your organization must complete and submit section B of the Certification Form to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531. The Certification Form can be found at [www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf](http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf).

If your organization is a governmental agency or private business *and* has received an award for \$500,000 or more *and* has 50 or more employees (counting both full- and part-time employees but excluding political appointees), then it must prepare a Utilization Report (formerly called an EEOP Short Form) and submit it to the Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice, 810 7th Street NW, Washington, DC 20531 for review within 60 days of the notification of the award. In addition, your organization must complete and submit section C of the Certification Form to the OCR. The Certification Form can be found at [www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf](http://www.ojp.usdoj.gov/about/ocr/pdfs/cert.pdf).

For assistance in developing a Utilization Report, please consult the OCR’s website at [www.ojp.usdoj.gov/about/ocr/eeop.htm](http://www.ojp.usdoj.gov/about/ocr/eeop.htm). To comply with the EEOP requirements, you may request technical assistance from an EEOP specialist at the OCR by telephone at 202-307-0690, by TTY at 202-307-2027, or by e-mail at [EEOsubmissions@usdoj.gov](mailto:EEOsubmissions@usdoj.gov).

### **13. Community policing**

*Community policing activities to be initiated or enhanced by your agency were identified and described in your grant application. All equipment, technology, training, and/or sworn officer positions awarded under the TRGP grant must be linked to the implementation or enhancement of community policing.*

#### **Why this condition:**

The COPS Office defines community policing as a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions giving rise to public safety issues such as crime, social disorder, and fear of crime. TRGP grants must be used to initiate or enhance community policing activities. All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under TRGP-Hiring must engage in community policing activities. While the COPS Office recognizes that your COPS Office-funded officer(s) (or an equal number of redeployed veteran officers) will participate in some or all aspects of your identified community policing plan and advance your agency's community policing activities over the life of the grant, we also encourage your agency to move toward an organization-wide philosophy and commitment to community policing.

COPS Office grants are designed to increase community policing capacity and crime prevention efforts. This is achieved through problem-solving tactics and community policing partnerships. It enhances police professionalism by providing officers with the skills and motivation to act in innovative ways to solve community crime-related problems. Your organization may be monitored or audited to ensure that it is initiating or enhancing community policing in accordance with your proposed plan, and that the officers hired (or an equal number of redeployed veteran officers) are used to implement this plan and advance your agency's community policing activities over the life of the grant. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving, and community policing implementation tools.

#### **What you should do:**

Community policing activities to be implemented or enhanced by your agency were identified in your grant application. Your community policing needs may change during the life of your grant, and minor changes to this plan may be made without prior approval of the COPS Office. If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval. Changes are significant if they deviate from the range of possible community policing activities identified and approved in the original community policing plan submitted with your application.

### **14. Contracts with other jurisdictions**

*Equipment, technology, training, vehicles, and/or sworn law enforcement officer positions awarded may only be used for law enforcement activities or services that exclusively benefit your agency and the population that it serves. The items funded under the TRGP grant cannot be utilized by other agencies unless the items would exclusively benefit the population that your agency serves.*

#### **Why this condition:**

The TRGP was created under a Congressional appropriation specifically designated for tribal law enforcement agencies to improve public safety in Indian communities. The TRGP-E/T grant funding is intended to benefit the communities within the grantee's primary law enforcement jurisdiction. Therefore, the grantee must use the TRGP grant funding to benefit its own population exclusively.

**What you should do:**

Your law enforcement agency should avoid any agreements with other jurisdictions to share officer positions or other awarded equipment, technology, or vehicles, unless the agreement complies with the requirement that COPS Office-funded items must exclusively benefit the grantee service population. For example, if your jurisdiction has both a tribal police department and a BIA department, items funded under the grant might be able to be used by the BIA department as long as this would result in an exclusive benefit to the population that you serve. You may not, however, allow officers, equipment, technology, or vehicles funded under the grant to be utilized by any agency or transferred to any agency that does not exclusively benefit the population that you serve. For example, you may not, during the grant term, loan two of your awarded computers to a neighboring county's sheriff's department.

Before you enter into any agreement with another law enforcement agency, you should contact your COPS Office Grant Program Specialist (GPS) at 800-421-6770 for additional guidance.

**15. False statements**

*False statements or claims made in connection with COPS Office grants may result in fines, imprisonment, or debarment from participating in federal grants or contracts, and/or any other remedy available by law.*

**Why this condition:**

This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other grant documents.

**What you should do:**

Ensure that all documentation related to your agency's receipt and use of grant funding (grant applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

**16. Duplicative funding**

*The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.*

**Why this condition:**

This grant was awarded to your agency to address its law enforcement needs that are not funded with other funds, including federal, state, local, tribal, or BIA funds. Consequently, your agency may not use this funding for items or services that you already have funding for from other sources.

**What you should do:**

If your agency receives funding from another source for the same item(s) or services(s) also funded under this award, please contact your COPS Office GPS at 800-421-6770. If necessary, the COPS Office will work with your agency to reprogram funding for items or services that are allowable under this grant program.

**17. Additional high-risk grantee requirements**

*The recipient agrees to comply with any additional requirements that may be imposed during the grant performance period if the awarding agency determines that the recipient is a high-risk grantee (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.207 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101).*

**Why this condition:**

In accordance with 2 C.F.R. § 200.207, the U.S. Department of Justice (DOJ) may impose additional requirements specific to your award, as needed, when it determines that there is unsatisfactory performance, financial or administrative instability, noncompliance with award terms and conditions, or other lack of responsibility risk factors. In such cases, the U.S. Department of Justice may impose special conditions or restrictions that may include requiring the production of documentation, financial grant administration training, onsite monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

**What you should do:**

In order to obtain a COPS Office grant, recipients must agree to comply with any additional requirements that may be imposed during the grant performance period if the awarding agency determines that the recipient is a high-risk grantee.

**18. System for Award Management and Universal Identifier requirements**

*The Office of Management and Budget requires federal agencies to include the following standard award term in all grants and cooperative agreements made on or after October 1, 2010:*

*A. Requirement for System for Award Management (SAM)*

Unless you are exempted from this requirement under 2 C.F.R. Part 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

*B. Requirement for Data Universal Numbering System (DUNS) Numbers*

If you are authorized to make subawards under this award, you:

1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its DUNS number to you.
2. May not make a subaward to an entity unless the entity has provided its DUNS number to you.

*C. Definitions*

For purposes of this award term:

1. *System for Award Management (SAM)* means the federal repository into which an entity must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the SAM Internet site at [www.sam.gov](http://www.sam.gov).
2. *Data Universal Numbering System (DUNS) number* means the nine- or thirteen-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities. A DUNS number may be obtained from D&B by telephone (currently 866-705-5711) or the Internet at <http://fedgov.dnb.com/webform>.
3. *Entity*, as it is used in this award term, means all of the following, as defined at 2 C.F.R. Part 25, subpart C:
  - a. A governmental organization, which is a state, local government, or Indian Tribe;
  - b. A foreign public entity;
  - c. A domestic or foreign non-profit organization;
  - d. A domestic or foreign for-profit organization; and
  - e. A federal agency, but only as a subrecipient under an award or subaward to a **non-federal entity**.

4. *Subaward*:
  - a. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
  - b. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. \_\_\_\_210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
  - c. A subaward may be provided through any legal agreement, including an agreement that you consider a contract.
5. *Subrecipient* means an entity that:
  - a. Receives a subaward from you under this award; and
  - b. Is accountable to you for the use of the federal funds provided by the subaward.

**Why this condition:**

The purpose of this standard award term is to ensure government-wide uniformity in establishing the DUNS number as the universal identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable), and to establish the SAM as the repository for standard information about applicants and recipients.

**What you should do:**

At the time of grant application, your agency was required to provide its DUNS number and be registered in the SAM database.

Your agency should continue to use the same DUNS number provided in your grant application and update, as needed, the information associated with that DUNS number. If your agency is authorized to make subawards under its award, your agency may make subawards only to entities that have DUNS numbers. For more information about your DUNS number, please contact D&B using the toll-free number 866-705-5711 or visit <http://fedgov.dnb.com/webform>.

Your agency must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. Your agency must review and update its SAM information at least once per year to maintain an active registration status. For more information about SAM registration, please visit [www.sam.gov](http://www.sam.gov).

**19. Reporting subawards and executive compensation**

*The Office of Management and Budget requires federal agencies to include the following standard award term in all grants and cooperative agreements made on or after October 1, 2010:*

- a. Reporting of first-tier subawards.
  1. Applicability. Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates \$25,000 or more in federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111–5) for a subaward to an entity (see definitions in paragraph e. of this award term).
  2. Where and when to report.
    - i. You must report each obligating action described in paragraph a.1. of this award term to [www.fsrs.gov](http://www.fsrs.gov).

- ii. For sub-award information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010.)
      3. What to report. You must report the information about each obligating action that the submission instructions specify. The submission instructions are posted at [www.fsrs.gov](http://www.fsrs.gov).
- b. Reporting Total Compensation of Recipient Executives.
  1. Applicability and what to report. You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if—
    - i. the total federal funding authorized to date under this award is \$25,000 or more;
    - ii. in the preceding fiscal year, you received—
      - (A) 80 percent or more of your annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and sub-awards); and
      - (B) \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and sub-awards); and
    - iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at [www.sec.gov/answers/execomp.htm](http://www.sec.gov/answers/execomp.htm).)
  2. Where and when to report. You must report executive total compensation described in paragraph b.1. of this award term:
    - i. As part of your registration profile at [www.sam.gov](http://www.sam.gov).
    - ii. By the end of the month following the month in which this award is made, and annually thereafter.
- c. Reporting of Total Compensation of Subrecipient Executives.
  1. Applicability and what to report. Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if—
    - i. in the subrecipient's preceding fiscal year, the subrecipient received—
      - (A) 80 percent or more of its annual gross revenues from federal procurement contracts (and subcontracts) and federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. Part 170.320 (and subawards); and
      - (B) \$25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts), and federal financial assistance subject to the Transparency Act (and subawards); and
    - ii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at [www.sec.gov/answers/execomp.htm](http://www.sec.gov/answers/execomp.htm).)

2. Where and when to report. You must report subrecipient executive total compensation described in paragraph c.1. of this award term:

- i. To the recipient.
- ii. By the end of the month following the month during which you make the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.

d. Exemptions.

If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:

- i. Subawards, and
- ii. The total compensation of the five most highly compensated executives of any subrecipient.

e. Definitions. For purposes of this award term:

1. Entity means all of the following, as defined in 2 C.F.R. Part 25:
  - i. A *governmental* organization, which is a state, local government, or Indian tribe;
  - ii. A foreign public entity;
  - iii. A domestic or foreign non-profits organization;
  - iv. A domestic or foreign for-profit organization;
  - v. A federal agency, but only as a sub-recipient under an award or sub-award to a non-federal entity.
2. Executive means officers, managing partners, or any other employees in management positions.
3. Subaward:
  - i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
  - ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see Sec. \_\_.210 of the attachment to OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations").
  - iii. A sub-award may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.
4. Subrecipient means an entity that:
  - i. Receives a subaward from you (the recipient) under this award; and
  - ii. Is accountable to you for the use of the federal funds provided by the subaward.
5. Total compensation means the cash and noncash dollar value earned by the executive during the recipient's or subrecipient's preceding fiscal year and includes the following (for more information see 17 C.F.R. Part 229.402(c)(2)):
  - i. Salary and bonus.
  - ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.

- iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
- iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
- v. Above-market earnings on deferred compensation which is not tax-qualified.
- vi. Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.

**Why this condition:**

To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is [www.USASpending.gov](http://www.USASpending.gov). Grantees are responsible for reporting their applicable executive compensation and sub-award information and the award term provides guidance to report the related information, as required by FFATA.

**What you should do:**

At the time of grant application, your agency was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your agency received awards of \$25,000 or more, you are required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the website at [www.fsr.gov](http://www.fsr.gov), is the reporting tool that your agency will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on [www.USASpending.gov](http://www.USASpending.gov) associated with your agency's award, furthering federal spending transparency.

For additional information regarding the executive compensation and subaward reporting requirements, please see Vol. 75, No. 177 (September 14, 2010) of the Federal Register, [www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf](http://www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf).

## **20. Criminal intelligence systems**

*Grantees using TRGP funds to operate an inter-jurisdictional criminal intelligence system must comply with operating principles of 28 C.F.R. Part 23. The grantee acknowledges that it has completed, signed, and submitted with its grant award the relevant Special Condition certifying its compliance with 28 C.F.R. Part 23.*

**Why this condition:**

If your agency receives funding for equipment or technology that will be used to operate an interjurisdictional criminal intelligence system, you must comply with the operating principles found at 28 C.F.R. Part 23. An interjurisdictional criminal intelligence system is generally defined as a system which receives, stores, analyzes, and exchanges or disseminates data regarding ongoing pre-arrest criminal activities (examples of such activities include, but are not limited to, loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these interjurisdictional criminal intelligence systems that protect individual privacy and constitutional rights.

If your agency will use TRGP grant funds simply to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply to this grant.

**What you should do:**

All COPS Office grant recipients were required to agree to the Certification of Review of Criminal Intelligence Systems/28 C.F.R. Part 23 as part of their application proposal so the COPS Office can track which agencies intend to use their award funds to operate interjurisdictional criminal intelligence systems. If your agency intends to use grant funds to operate an interjurisdictional criminal intelligence system, you should indicate this on the Criminal Intelligence Systems 28 C.F.R. Part 23 Compliance form that was included with your grant award package and certify and submit this form along with your signed grant award document as your agency's agreement to comply with the operating principles found at 28 C.F.R. Part 23. Your agency must now comply with 28 C.F.R. Part 23 in operating the interjurisdictional criminal intelligence system funded through your COPS Office grant.

**21. Sole source justification**

*TRGP-Equipment/Training grantees who have been awarded funding for the procurement of an item (or group of items) or service in excess of \$150,000, and who plan to seek approval for use of a noncompetitive procurement process must provide a written sole source justification to the COPS Office for approval prior to obligating, expending, or drawing down grant funds for that item or service.*

**Why this condition:**

In general, grant recipients are required to procure funded items through open and free competition. However, in some instances, grantees may have already determined that competition is not feasible.

**What you should do:**

A grant recipient must request written approval from the COPS Office for sole source procurements in excess of \$150,000 prior to purchasing equipment, technology, or services; obligating funding for a contract; or entering into a contract with grant funds. For the purchase of equipment, technology, or services under a COPS Office grant or award, recipients must use their own documented procurement procedures that reflect applicable state and local laws and regulations, as long as those requirements conform to the federal procurement requirements set forth in 2 C.F.R. § 200.320 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. A sole source justification request should be submitted if a recipient determines that the award of a contract through a competitive process is infeasible. The COPS Office may authorize a noncompetitive proposal if one or more of the following circumstances apply:

The initial determination that competition is not feasible can be made if one of the following circumstances exists:

- The item/service is available only from one source.
- Public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation.
- Competition is determined inadequate after solicitation of a number of sources.

The COPS Office will review your request and the supporting information that you provide and will make a determination as to whether or not an exception can be granted to the general rule regarding competition. If submitting a sole source justification request to the COPS Office, please use the format described in section II, "Procurement Process," on page 54.

For more information on sole source justification, please review the fact sheet: [http://www.cops.usdoj.gov/pdf/2015AwardDocs/Sole\\_Sorce\\_Justification\\_FactSheet.pdf](http://www.cops.usdoj.gov/pdf/2015AwardDocs/Sole_Sorce_Justification_FactSheet.pdf).

## **22. Public release information**

*The grantee agrees to submit one copy of all reports and proposed publications resulting from this award 20 days prior to public release. Any publications (written, curricula, visual, sound, or websites) or computer programs, whether or not published at government expense, shall contain the following statement: "This project was supported by Grant Number \_\_\_\_\_ awarded by the U.S. Department of Justice, Office of Community Oriented Policing Services. The opinions contained herein are those of the author(s) and do not necessarily represent the official position or policies of the U.S. Department of Justice. References to specific companies, products, or services should not be considered an endorsement by the author(s) or the U.S. Department of Justice. Rather, the references are illustrations to supplement discussion of the issues."*

### **Why this condition:**

The COPS Office wants to ensure the quality, objectivity, utility, and integrity of information in funded projects that are disseminated to the public. However, award-funded reports and publications are not official federal documents and should not be construed to reflect the official policy or position of the DOJ.

In addition, the COPS Office reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use and to authorize others to use, for federal government purposes, the following: (1) the copyright in any work developed under this award, subaward, or contract and (2) any copyright to which an award recipient, subawardee, or a contractor purchases ownership with support from this award.

### **What you should do:**

Ensure that all publications (where applicable) relating to your COPS Office award contain the required statement listed above.

In addition, the grantee is responsible for acquiring the rights, and ensuring that its subcontractors/authors acquire the rights, to copyrighted material for inclusion in DOJ publications or other products or deliverables that are developed under this cooperative agreement, including the payment of required fees. All licensing, publishing, or similar agreements with a copyright holder, publisher, or other relevant party shall include provisions giving the Federal Government a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, the publication for Federal Government purposes.

## **23. Debarment and suspension**

*The recipient agrees not to award Federal funds under this program to any party which is debarred or suspended from participation in Federal assistance programs.*

### **Why this condition:**

Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see 2 C.F.R. Part 180 (Government-wide Debarment and Suspension), and 2 C.F.R. Part 2867 (DOJ-specific requirements.)

**What you should do:**

If, under a COPS Office award, you enter into a contract for goods or services that is for \$25,000 or more or any subaward, you must verify that the vendor or subawardee and their respective principals (e.g., owners, top managers) with whom you intend to do business are not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subawardee to comply with subpart C of the OMB guidance in 2 C.F.R. Part 180 (Government-wide Debarment and Suspension) and subpart C of 2 C.F.R. Part 2867 (DOJ-specific requirements).

**24. Whistleblower protection**

*The recipient agrees not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he/she reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant. The recipient also agrees to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see appendix E in the Grant Owner's Manual for a full text of the statute.*

**Why this condition:**

Under the "Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information" (41 U.S.C. § 4712), which is in effect through January 1, 2017, recipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal grants and contracts. The pilot program protects the public interest and ensures the proper management and use of federal funds.

**What you should do:**

The recipient must not take reprisal actions against an employee for disclosing misconduct under federal contracts and grants to certain persons and entities.

The recipient is prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he or she reasonably believes is evidence of

- gross mismanagement of a federal contract or grant;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or grant;
- a substantial and specific danger to public health or safety;
- a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant.

In addition, the disclosure must also have been made to

- a member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or grant oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;
- a court or grand jury;
- a management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or grant.

The recipient must inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections and remedies under 41 U.S.C. 4712.

Please see appendix E on page 82 for a full text of the "Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information" (41 U.S.C. 4712).

## **25. Restrictions on internal confidentiality agreements**

*No recipient or subrecipient under this award, or entity that receives a contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information.*

### **Why this condition:**

Under section 743 of Division E, Title VIII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), neither the recipient, subrecipient, nor any entity that receives a contract or subcontract with any funds under this or any other Act may require its employees or contractors to sign an internal confidentiality agreement or statement prohibiting or otherwise restricting their lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency. This provision protects the public interest and ensures the proper management and use of federal funds. This limitation is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

### **What you should do:**

1. In accepting this award, the recipient
  - represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
  - represents that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the agency making this award, and will resume such obligations only if expressly authorized to do so by that agency.
2. If the recipient does or is authorized to make subawards or contracts under this award, in accepting, the recipient
  - represents that it has or will determine that no other entity that the recipient proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
  - represents that it has or will make appropriate inquiry, or otherwise has an adequate factual basis, to support this representation;

- represents that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

## **26. Mandatory disclosure**

*Recipients and subrecipients must timely disclose in writing to the COPS Office or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.338 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.*

### **Why this condition:**

Federal regulations require recipients and subrecipients report all federal violations involving fraud, bribery, or gratuity that may affect the awarded federal funds. This condition advises your agency of the requirement and the consequences of failing to report such violations to the COPS Office or pass-through entity.

### **What you should do:**

Ensure that you timely report in writing to the COPS Office or pass-through entity all federal violations involving fraud, bribery, or gratuity that may affect your federal award.

## **27. Conflict of interest**

*Federal awardees and subawardees must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.112 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.*

### **Why this condition:**

Awardees and subawardees are required to use federal funding in the best interest of their award program. Any decisions related to these funds must be free of hidden personal or organizational conflicts of interest, both in fact and in appearance.

This means that awardees and subawardees should not participate in any award-related decisions or recommendations that involve any of the following people or groups:

- An immediate family member
- A partner
- An organization in which they are serving as an officer, director, partner, or employee
- Any person or organization with whom they are negotiating or who has an arrangement concerning prospective employment, has a financial interest, or for other reasons can have less than an unbiased transaction with the awardee or subawardee

This also means that awardees and subawardees should avoid any action which might result in or create the appearance of

- using your official position for private gain;
- giving special treatment to any person;
- losing complete independence or objectivity;
- making an official decision outside official channels; or
- affecting negatively the confidence of the public in the integrity of the Federal Government or the program.

**What you should do:**

Ensure that you report in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest that may affect your federal award.

**28. Contract provision**

*All contracts made by the award recipients under the federal award must contain the provisions required under 2 C.F.R. Appendix II to part 200 (Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. Please see appendix F in the Grant Owner's Manual for a full text of the contract provisions.*

*For the full text please refer to appendix F of the Grant Owner's Manual (GOM).*

**Why this condition:**

Federal regulations require recipients and subrecipients to comply with the necessary contract provisions in order to standardize and strengthen oversight of all contracts made under federal awards. This provision protects the public interest and ensures the proper management and use of federal funds as it relates to contracts entered into by the recipient.

**What you should do:**

The recipient should review all contracts made under the federal award to ensure that they contain the provisions required in appendix F of the Grant Owner's Manual.

**29. Computer network requirement**

*The recipient understands and agrees that no award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. Nothing in this requirement limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.*

**Why this condition:**

Section 534 of Division B, Title V, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) prohibits the use of federal funds to maintain or establish a computer network that does not block the viewing, downloading, and exchanging of pornography. This provision protects the public interest in the proper management and use of federal funds.

**What you should do:**

The recipient must not use award funds to maintain or establish a computer network unless the network blocks pornography. This does not limit the use of funds for criminal investigations, prosecution or adjudication activities.

## What are the specific rules regarding termination of grant funding?

The COPS Office has the right to sanction or terminate your agency's project when there is reason to believe that your agency is

- not substantially complying with the grant requirements or other applicable provisions of federal law;
- failing to make satisfactory progress toward the goals or strategies outlined in its application;
- not adhering to grant requirements or conditions;
- proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application being denied funding;
- not submitting financial or programmatic reports in a timely manner;
- filing false statements or certifications in connection with an application, periodic report, or other grant-related documents;
- providing other good cause for sanctions or termination as determined by the COPS Office.

In these instances, the COPS Office may

- temporarily withhold payments pending correction of the situation by your agency;
- disallow all or part of the cost of the activity or action not in compliance;
- wholly or partly suspend or terminate your grant;
- require that some or all of the grant funds be remitted to the U.S. Department of Justice;
- condition a future grant or elect not to provide future grant funds to your agency until appropriate actions are taken to ensure compliance;
- withhold or bar your agency from obtaining future awards;
- recommend civil or criminal enforcement by other agencies;
- take other remedies that may be legally available.

In the event that sanctions are imposed or your grant is terminated, your agency will be notified in writing of our decision and the reason(s) for that decision.

## Accepting the grant award

After you have reviewed the conditions of your TRGP award and your agency agrees with these conditions, you are ready to accept the award. The Director of the COPS Office has signed the award document indicating approval of your grant, an obligation of federal funds to your organization, and our commitment to the award. As stated at the beginning of this section, to officially begin your grant and draw down your funds, the authorized officials (see the Glossary of Terms on page 88 of this publication) of your agency must access [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and select the "Account Access" link in the upper right corner to log in, review, and electronically sign the award document along with all award condition pages.

### **Who should sign the award document for our agency?**

The authorized official is the government executive who has ultimate and final responsibility for all programmatic and financial decisions regarding this grant as the representative of the legal grantee. COPS Office grants require the top government executive (e.g., Tribal Chairman, President, Chief, or equivalent) to sign the award document. Typically, this is the same executive named on your agency's 2015 TRGP application. (If this individual has changed, please complete a Change of Information form online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) through the "Account Access" option.) If you have any questions as to who should sign the award, please contact your jurisdiction's local legal advisor.

### **By when must the award document be signed?**

Please electronically sign the award document and all award condition pages within 90 days of the date on the award congratulatory letter. Grant funds will not be released until we have received your agency's signed award document, your budget has received final clearance, and any other relevant grant conditions particular to your agency have been satisfied. Failure to submit your signed award document within the 90-day award acceptance period may result in your TRGP award being withdrawn and the funds deobligated without additional notification. If your agency requires an extension for accepting the award beyond the 90-day acceptance timeframe, please submit a written request to your COPS Office Grant Program Specialist. Be sure to explain the circumstances that prevent your agency from signing the award document within the 90-day period and identify the date by which the award document will be electronically signed. The COPS Office will review such requests on a case-by-case basis. The COPS Office reserves the right to deny requests to extend the 90-day award acceptance period.

## II. Procurement Process (for TRGP-Equipment/Training grants only)

In general, grant recipients are required to procure funded items through open and free competition when feasible. For the purchase of equipment, technology, or services under a COPS Office grant award, grant recipients must follow their own policies and procedures on procurement as long as those requirements conform to the federal procurement requirements set forth in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.318, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101 (as applicable).

As described in grant condition #21 on page 44, grantees are required to submit a sole source justification (SSJ) request for sole source procurements in excess of \$150,000 prior to purchasing equipment, technology, or services; obligating funding for a contract; or entering into a contract with grant funds. For the purchase of equipment, technology, or services under a COPS Office grant or award, recipients must use their own documented procurement procedures that reflect applicable state and local laws and regulations, as long as those requirements conform to the federal procurement requirements set forth in 2 C.F.R. § 200.320 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. A sole source justification request should be submitted if a recipient determines that the award of a contract through a competitive process is infeasible. The COPS Office may authorize a noncompetitive proposal if one or more of the following circumstances apply:

- The item/service is available only from one source.
- The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation.
- Competition is determined inadequate after solicitation of a number of sources.

### What documentation must be submitted to the COPS Office for sole source review?

Requests for sole source procurements of equipment, technology, or services in excess of \$150,000 must be submitted to the COPS Office in writing certifying that the award of the contract through full and open competition is infeasible.

The outline below may be helpful in preparing your agency's sole source request and ensuring that all of the necessary information is included.

A grant recipient must request written approval from the COPS Office for sole source procurements in excess of \$150,000 prior to purchasing equipment, technology, or services; obligating funding for a contract; or entering into a contract with grant funds.

**Letterhead.** The sole source request must be signed and submitted on grantee department letterhead and must include the agency's ORI number and the grant number for which the approval is being sought. The request should also include the following information:

- Section I. A brief description of the project, the amount to be designated for the sole source procurement, and the purpose of the contract
- Section II. (a) An explanation as to why it is necessary to contract in a noncompetitive manner and (b) Which one (or more) of the three circumstances identified below applies to the procurement transaction (include supporting information as identified below under the applicable section(s)):

1. If the item or service is available only from one source, please include the following:
    - Uniqueness of items or services to be procured from the proposed contractor or vendor (compatibility, patent issues, etc.)
    - How the agency determined that the item or service is only available from one source (e.g., market survey results, independent agency research, patented or proprietary system, etc.)
    - Explanation of need for contractor's expertise linked to the current project (e.g., knowledge of project management, responsiveness, experience of contractor personnel, prior work on earlier phases of project)
    - Any additional information that would support the case
  2. If the public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation, please include the following:
    - When the contractual coverage is required by your department and why
    - Impact on project if deadline/dates are not met
    - How long it would take an alternate contractor to reach the same required level of competence (equate to dollar amounts, if desired)
    - Any additional information that would support the case
  3. If competition is determined inadequate after solicitation of a number of sources, please include the following:
    - Results of a market survey to determine competition availability; if no survey is conducted, please explain why not
    - Any additional information that would support the case
- Section III. A declaration that this action/choice is in the best interest of the agency

Failure to provide all of the necessary information will delay the processing of your request. Your agency will be contacted if any of the identified information is missing or if additional supporting information is required. If the COPS Office determines that the request does not meet the standards set forth above, the request will be denied. Please be advised that conflicts of interest are prohibited under the procurement standards set forth in 2 C.F.R. § 200.318 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. In addition, the grant recipient agrees not to award federal funds under this program to any party that is debarred or suspended from participation in federal assistance programs.

### **Contact the COPS Office**

If you have any questions regarding the federal requirements that guide procurement procedures, please contact your COPS Office Grant Program Specialist or program point of contact.

For more information about COPS Office programs and resources, please call the COPS Office Response Center at 800-421-6770 or visit the COPS Office online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

### III. Accessing Grant Funds

This section provides answers to payment-related questions, including all the information needed to set up your payments. For assistance with financial management and grant administration, please contact the COPS Office Response Center at 800-421-6770 or visit our website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

#### Payment method

##### What method of payment is used?

There is currently one method of payment available for accessing federal grant funds—the Grant Payment Request System (GPRS). GPRS is a web-based system that enables grantees to use a secure Internet connection to request funds. Approved payment requests will automatically be scheduled for payment by the U.S. Department of the Treasury. A grantee will be able to review previous requests made since July 2009. For more information on the GPRS, please go to [www.ojp.usdoj.gov/about/offices/ocfogprs.htm](http://www.ojp.usdoj.gov/about/offices/ocfogprs.htm) to view the user guide.

#### Setting up your account

##### How do we set up a GPRS account?

If you are a new grantee to the COPS Office, your law enforcement executive or government executive should receive notification about GPRS shortly after the COPS Office receives your original signed award document. This notification will contain all of the information that your agency needs to set up the GPRS payment method. If your law enforcement executive or government executive does not perform drawdown requests for your agency, your grant administrator will need to go online to <https://grants.ojp.usdoj.gov/gprs/welcome> to log in and register to become a Drawdown Specialist. Once you are approved, you will receive an e-mail containing a temporary password and information on how to use GPRS. Please note that part of the verification process may involve outreach to your law enforcement executive or government executive or other financial points of contact to validate information provided by the Drawdown Specialist.

If you are already registered for a COPS Office grant username in GPRS, and would like to add a newly awarded COPS Office grant to the existing COPS Office grant username, contact the COPS Office GPRS registration team via e-mail at [COPSGPRSRegistration@usdoj.gov](mailto:COPSGPRSRegistration@usdoj.gov) and provide the following information:

- User name (for COPS Office grants)
- First and last name
- Vendor number
- Grant number(s) to be added

##### How do we fill out the payment enrollment forms?

If you are a new grantee to the COPS Office, your agency will need to complete an Automated Clearinghouse (ACH) Vendor/Miscellaneous Payment (SF-3881) enrollment form. This form can be found on the COPS Office website at the following address: [www.cops.usdoj.gov/Default.asp?Item=100](http://www.cops.usdoj.gov/Default.asp?Item=100).

Prior to accessing your grant funds, your agency must mail the original signed form to:

**Office of Justice Programs  
Office of the Chief Financial Officer  
810 Seventh Street NW  
Attn: Control Desk, Fifth Floor  
Washington, DC 20001**

Your agency must complete the "Payee/Company Information" section following the directions on the back of the form and also provide the grant number (printed on the award document). Next, your financial institution must complete the "Financial Institution Information" section and have the appropriate financial official sign the form.

If you are already a COPS Office grantee, you should already have filled out an ACH enrollment form. Therefore, your agency will not be required to submit a new ACH enrollment form for the newly awarded grant as long as your OJP vendor number has not changed. If you have any questions, or wish to verify your ACH enrollment form information, please call the COPS Office Response Center at 800-421-6770.

### **When should Federal Financial Reports be filed?**

After your agency returns the signed award document to the COPS Office, under current regulations, you are required to submit quarterly Federal Financial Reports (FFRs) using a Standard Form 425 (SF-425). This report reflects the actual monies spent and unliquidated obligations incurred by your agency. You will not be able to make drawdowns from your grant account if the SF-425 for the most recent reporting quarter is not on file with the COPS Office by the deadline date. Grantees are encouraged to submit their SF-425 reports via the Internet at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

For more information on how to complete and where to submit your quarterly SF-425, see Section VI of this manual, titled "Reports," on page 64.

*Filing the FFR (SF-425) identifies your federal and local expenditures made during that calendar quarter. However, to receive actual payment, you must request it through GPRS.*

## **Additional payment questions**

### **Can we receive advances?**

Yes. If you receive funds through electronic transfer, the period allowed is 10 days in advance. In general, the concept of minimum cash on hand applies to COPS Office grants. This concept requires that your agency request funds based upon immediate cash disbursement needs. You should time your request for payment to ensure that federal cash on hand is the minimum that you need.

There should be no excess federal grant funds on hand, except for advances not exceeding 10 days, as noted above.

The Federal Government has four basic rules regarding advances. Advances can be terminated if the grantee

- is unwilling or unable to attain project goals;
- maintains excess cash on hand;
- does not adhere to the terms and conditions of the grant;
- fails to submit reliable or timely reports.

### **How often can we request reimbursement of costs?**

There are no limitations on how often your agency may request reimbursements. However, reimbursement is only for costs that were approved in the FCM. As a general guideline, most agencies request reimbursement on a monthly or quarterly basis. Also, please note that a date range can only be used once.

### **Can we earn interest on our grant funds?**

Your agency should minimize the time between your drawdown of grant funds and your payment of grant costs to avoid earning excess interest on your grant funds. You must account for interest earned on advances of federal funds as follows:

- COPS grant award recipients must adhere to the standards set forth in the applicable Office of Management and Budget (OMB) uniform guidance 2 C.F.R. § 200.305(b)(9) that states that interest earned on federal advance payments deposited in interest-bearing accounts up to \$500 per year may be retained by the grantee for administrative expense. Interest earned on Federal advance payments deposited in interest-bearing accounts in excess of \$500 must be remitted annually to the U.S. Department of Health and Human Services. Make check payable to "The Department of Health and Human Services" and mail check to Treasury-approved lockbox: HHS Program Support Center, P.O. Box 530231, Atlanta, GA 30353-0231. (Please allow 4–6 weeks for processing of a payment by check to be applied to the appropriate Payment Management System (PMS) account).
- Please notify your COPS Office Staff Accountant in the COPS Office Financial Division when any interest that is earned is remitted to U.S. Department of Health and Human Services, Payment Management Systems, P.O. Box 6021, Rockville, MD 20852.
- For states, payments are governed by Treasury-State CMIA agreements and default procedures codified at 31 C.F.R. Part 205 "Rules and Procedures for Efficient Federal-State Funds Transfers" and TFM 4A–2000 Overall Disbursing Rules for All Federal Agencies.

### **Matching funds**

Under the 2015 COPS Office TRGP Programs, no local match is required. The COPS Office is funding 100 percent of the allowable items approved in your FCM. (Any salary and benefit costs higher than entry-level must be paid by your agency with local funds.) Please note: If the total cost exceeds the approved budget, then the addition expenditures are encouraged to be reported on the SF-425 as recipient share of expenditures.

## IV. Financial Record Maintenance

Your agency is required to establish and maintain accounting systems and financial records to accurately account for grant funds awarded and disbursed. These records must include both federal funds and any local funds contributed to this project.

### Accounting systems and records

#### What accounting systems are required?

Your agency needs to establish and maintain accounting systems and financial records to accurately account for the funds awarded.

As stated in 2 C.F.R. 200.62 (Internal Control over Compliance Requirements for Federal Awards), your accounting system should

- present and itemize actual expenditures of funded items;
- demonstrate that funds are spent in compliance with your grant conditions;
- be able to provide the necessary information for periodic financial review and audit.

#### What records must be kept?

Your agency's fiscal control and accounting systems should enable you to make accurate, current, and complete disclosure of the financial activity under your grant. Your accounting records should contain information showing expenditures under the grant and must be supported by items such as cancelled checks, purchase orders, or similar documents.

Your agency must adequately safeguard grant funds and make sure that they are used for authorized purposes only. Your agency will be responsible for refunding any unallowable expenses.

#### How long must documents be kept?

All financial records, including payroll, time and attendance records, canceled checks, purchase orders, and similar documents associated with your CPD award should be kept for at least three years from the date the COPS Office officially closes the award. Your agency should maintain records so that you can identify them by grant year or by fiscal year, whichever you find more convenient. If any litigation, claim, negotiation, audit or other action involving these records has been started before the end of the three-year period, the records should be kept until completion of the action. These records should be easily located and should be properly protected against fire or other damage. *Failure to maintain adequate records to document award expenditures may result in a requirement to repay all federal funds that cannot be supported with appropriate records.*

Your agency should maintain records so that you can identify them by grant year or by fiscal year, whichever you find more convenient.

### **What if we have more than one grant?**

If your agency has more than one COPS Office grant or a grant from another federal agency, funds received under one project may not be used to support another project without specific written authorization from the COPS Office, or, in the case of a grant from another agency, from both awarding agencies. Your accounting systems and financial records must reflect expenditures for each project separately.

### **Who may access our records?**

Authorized federal representatives, including representatives from the U.S. Department of Justice, the Comptroller General of the United States, the COPS Office, and any entity designated by the COPS Office may access these records for the purposes of conducting audits, site visits, or other examinations.

## V. Federal Audit Requirements

In addition to oversight by the COPS Office, your grant may be subject to an audit by independent examiners. The two primary types of audit are Single Audit Act (SAA) audits and U.S. Department of Justice (DOJ) Office of the Inspector General (OIG) audits.

### Requirements and audits

#### What are the regulations governing SAA requirements?

The Single Audit Act of 1984 established uniform guidelines for state and local governments receiving federal financial assistance. The 1984 Act was amended in July 1996, was revised June 27, 2003 and again June 26, 2007, and is effective for fiscal years after December 31, 2003 to reflect revised audit criteria and reporting requirements. The new Office of Management and Budget (OMB) 2 C.F.R. Part 200 — Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) was effective on December 26, 2013, was implemented by federal agencies on the required effective date of December 26, 2014, and provides additional guidelines regarding the implementation of SAA requirements.

#### Who must have an SAA audit?

A nonfederal entity that expends \$750,000 or more during the nonfederal entity's fiscal year in federal awards must have a single audit conducted in accordance with §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with paragraph (c) of this section. An auditee may be a recipient, a subrecipient, or a vendor. Specifically, "Federal awards expended as a recipient or a subrecipient are subject to audit under §200.501, Subpart F."

SAA audits are conducted annually unless a state or local government is required by constitution or statute in effect on January 1, 1987 to undergo audits less frequently than annually. The primary objective of an SAA audit is to express opinions on the grantee's financial statements, internal controls, major and non-major grant programs, and compliance with government laws and regulations. Single Audits may also address specific compliance issues with respect to COPS Office grant requirements.

In cases of continued inability or unwillingness to have an audit conducted in accordance with this part, federal agencies and pass-through entities must take appropriate action as provided in §200.338 "Remedies for noncompliance." These sanctions under §200.338 "Remedies for noncompliance" could include the following:

- Temporarily withhold cash payments pending correction of the deficiency by the nonfederal entity or more severe enforcement action by the federal awarding agency or pass-through entity.
- Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
- Wholly or partly suspend or terminate the federal award.
- Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a federal awarding agency).
- Withhold further federal awards for the project or program.
- Take other remedies that may be legally available.

Your Single Audit Act reports *should not* be sent to the COPS Office. If the U.S. Department of Justice is your cognizant federal agency (see the Glossary of Terms on page 88), they should be sent to the Federal Audit Clearinghouse at:

**Federal Audit Clearinghouse**  
**Bureau of Census**  
**1201 East 10th Street**  
**Jeffersonville, IN 47132**

The U.S. Department of Justice, Office of Justice Programs (OJP) serves as the liaison between grantees and auditors in the conduct of SAA audits. Questions and comments regarding SAA audits may be directed to the COPS Office Response Center at 800-421-6770.

### **What is the role of the Office of the Inspector General (OIG)?**

The OIG is a separate component of the U.S. Department of Justice and is independent of the COPS Office. The primary objective of OIG audits is to assess compliance with grant conditions. OIG audits are designed to promote economy, efficiency, and effectiveness in the administration of grants by evaluating compliance with laws, regulations, policies, and procedures governing the operations encompassed in the scope of the audit.

### **How are COPS Office grants selected for an OIG audit?**

The OIG may conduct a COPS Office grant audit in response to a referral that the OIG believes warrants further evaluation. The OIG also surveys DOJ agencies on an annual basis to solicit input on suggested audit areas for the upcoming fiscal year. In most instances, however, the OIG selects grants based on a number of factors, including the geographical distribution of grants awarded, award amount, population served, and type of grant (both active and expired). As such, the fact that your grant has been selected for an OIG audit is not necessarily indicative of a suspected concern or problem area.

The COPS Office Grant Monitoring Division serves as the liaison between grantees and the OIG's Audit Division, which conducts the audit. After the OIG notifies the COPS Office of upcoming audits to be conducted, the COPS Office Audit Liaison Division will send out a notification letter to the grantee outlining the scope of each audit and the anticipated audit timeframe. This notification letter also advises grantees of the supporting documentation required and information necessary for the OIG during their scheduled field work and provides a COPS Office point of contact to address questions and concerns. If you have any questions regarding an OIG audit, please contact the COPS Office Grant Monitoring Division at 800-421-6770. Questions and comments regarding the administration of your COPS Office grant not specifically related to an audit should be referred to your COPS Office Grant Program Specialist.

### **Typical audit findings**

The OIG has typically reported the following audit findings pertaining to grants as a result of lack of proper documentation, poor business practices, or inadequate accounting and record keeping systems:

- **unallowable costs.** Grantee incurred costs which were not approved in the original budget, were in excess of the approved budget, or were charged to the grant after the expiration date and a grant extension was not obtained.
- **unsupported costs.** Specific grant expenditures and reimbursements could not be supported by adequate documentation, or grant expenditures were in excess of actual grant costs.
- **lack of complete/timely programmatic and financial reporting.** Grantee failed to submit required programmatic and financial reports in a timely manner and/or had inadequate record keeping systems.

- **failure to retain.** Grantee lacked documentation to support retention planning efforts during the grant period or failed to demonstrate an increase in the baseline of locally funded sworn officer positions at the conclusion of the 36 months of federal funding, over and above what the grantee would have funded in absence of the grant.
- **supplanting.** Grantee could not document efforts to backfill vacant local sworn officer positions, or grantee could not explain reductions in local law enforcement budget during the grant award period.
- **lack of adequate community policing.** Grantee had difficulty demonstrating community policing activities.
- **funds to better use.** Funds could be used more efficiently based on management actions such as
  - reductions in outlays;
  - deobligation of funds;
  - withdrawal;
  - costs not incurred by implementing recommended improvements;
  - any other savings which are specifically identified.
- **questioned costs.** Costs that are questioned by the auditor because of an audit finding which resulted from a violation or possible violation of a provision of law, regulation, grant terms and conditions, or other document governing the use of federal funds; or because costs incurred appear unreasonable and do not reflect the actions a prudent person would take under the same circumstances; or because costs at the time of the audit are not supported by adequate documentation.

After the final OIG audit report has been issued, the COPS Office Audit Liaison Division will continue working as the liaison between your agency and the OIG to obtain closure on any audit findings. The COPS Office will issue a closure letter once all audit recommendations have been closed by the OIG. You must keep all documentation related to the audit for a period of three years following the audit's closure.

## VI. Reports

As part of the TRGP, your agency will be required to submit quarterly Federal Financial Reports as well as quarterly Program Progress Reports. Awarded agencies should be prepared to track and report TRGP funding separately from other funding sources (including other COPS Office and federal grants) to ensure accurate financial and programmatic reporting on a timely basis. Your agency should ensure that you have financial internal controls in place to monitor the use of TRGP funding and ensure that its use is consistent with the grant terms and conditions. Good practices in this area include written accounting practices, an accounting system that tracks all drawdowns and grant expenditures, and the ability to track when each TRGP position is filled or vacant (including if the position was for a new hire or a rehire). *Failure to submit complete reports, or submit them in a timely manner, may result in the suspension and possible termination of your agency's COPS Office grant funding or other remedial actions.*

### Federal Financial Reports

Your agency is required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the grant period. This report reflects the actual cumulative federal expenditures incurred during the funding period, and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official grant end date; however, you will have a 90-day grace period after the grant award end date during which you can draw down funds for eligible expenditures incurred before the grant end date.

### How do we file a Federal Financial Report?

All COPS Office grantees are required to submit quarterly Federal Financial Reports using the SF-425. Grantees are strongly encouraged to submit the quarterly SF-425 online. Visit the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and select the "Account Access" link in the upper right corner to log in; once you are logged in, select "Applications" from the agency portal menu, click on the "SF-425" icon, and follow the instructions to complete and submit your reports. The online SF-425 requires the same reporting information as the paper version. The use of this online application enables authorized users to view past SF-425s, and allows them to file or amend the SF-425 for the current quarter.

### When are Federal Financial Reports due?

SF-425s for COPS Office grants must be submitted every quarter and no later than 30 days after the last day of each reporting quarter, as detailed below:

**Table 1. Due dates of SF-425s by quarter**

Reporting Quarters	SF-425 Due Date
January 1–March 31	April 30
April 1–June 30	July 30
July 1–September 30	October 30
October 1–December 31	January 30

For your first SF-425 submission, determine when the most recent SF-425 reporting quarter ended and complete an SF-425 to cover the period from the award start date of your grant to that particular end date. You are required to submit an SF-425 even if you have not spent any money or incurred any costs during a reporting period. The due dates for online filing of SF-425s are the same as for the submission of paper copies.

*Example:*

If your award start date is 02-01-13 and the current date is 04-15-13, then your first SF-425 would be due no later than 04-30-13 and would cover the period 02-01-13 (award start date) through 03-31-13 (end of the most recent reporting quarter). This SF-425 must be on file with the COPS Office so that you can successfully complete a drawdown of funds through GPRS.

Grantees who do not submit SF-425s by the due date will be unable to draw down funds. The payment system contains a function which checks for SF-425 delinquency and will reject a drawdown attempt if the SF-425 is not up to date. Subsequent e-mail, fax, or hard copy reminders may be sent to the grantee if the SF-425 is delinquent.

For general information concerning online filing of SF-425 reports, go to [www.cops.usdoj.gov/Default.asp?Item=740](http://www.cops.usdoj.gov/Default.asp?Item=740) or contact the COPS Office Response Center by phone at 800-421-6770 or by e-mail at [AskCopsRC@usdoj.gov](mailto:AskCopsRC@usdoj.gov).

If you need assistance in completing the SF-425, please contact the COPS Office Response Center at 800-421-6770 or by e-mail at [AskCopsRC@usdoj.gov](mailto:AskCopsRC@usdoj.gov) or review the "Helpful Hints Guide for Completing the Federal Financial Report (SF-425)" at [www.cops.usdoj.gov/pdf/SF-425\\_Helpful\\_Hints\\_Guide\\_5.9.13.pdf](http://www.cops.usdoj.gov/pdf/SF-425_Helpful_Hints_Guide_5.9.13.pdf).

### **How will grant funds be monitored?**

The COPS Office and designated representatives from the Office of the Chief Financial Officer, Office of Justice Programs monitor the financial aspects of your agency's grant through financial reports, on-site visits, office-based grant reviews, meetings, telephone contacts, reports, audits, reviews of grant change requests, and special request submissions.

### **Program Progress Reports**

Quarterly Program Progress Reports and a Final Program Progress (Closeout) Report are required to be submitted directly to the COPS Office through the "Account Access" link of the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

### **How do we file a Program Progress Report?**

Please access the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov) and click on the "Account Access" link at the top right-hand side of the page. Once you are logged in, select "Applications" from the agency portal menu, click on the "Progress Report" icon, and follow the instructions to complete your report.

### **How do we obtain online access to complete the Program Progress Report?**

If you do not have login access, you should contact your agency portal administrator to set up an account for you.

If you have a registered account, but do not remember your password, you may reset your password by going to the agency portal homepage in "Account Access", entering your e-mail address, and clicking on the "Forgot Password" link. If you do not have your user name or password, please contact the COPS Office Response Center by phone at 800-421-6770 (from Monday through Friday between 9:00 AM and 5:00 PM Eastern time) or by e-mail at [AskCopsRC@usdoj.gov](mailto:AskCopsRC@usdoj.gov).

### **Do we need to request a Program Progress Report?**

No. The COPS Office will notify your agency directly when the report is due. A notification for submitting your quarterly Program Progress Report will be sent electronically in January, April, July, and October, covering activities for the preceding calendar quarter. Notification for submitting your Final Program Progress (Closeout) Report will be sent to your agency in the month following your grant end date.

### When are Program Progress Reports due?

Program Progress Reports for COPS Office grants must be submitted every quarter and no later than 30 days after the last day of each reporting quarter, as detailed below:

**Table 2. Due dates of Program Progress Reports by quarter**

Reporting Quarters	Program Progress Report Due Date
January 1–March 31	April 30
April 1–June 30	July 30
July 1–September 30	October 30
October 1–December 31	January 30

### What kind of information will these reports require?

They will request information about the status of your agency's hiring or rehiring of additional career law enforcement officers and your grant-related community policing activities.

### What if we make a mistake or need to modify the report after it is submitted?

Grantees may need to make a change or may be asked by a subsequent COPS Office reviewer to make a correction to a submission. The recipient can update the submission by logging on to the COPS Office website or by calling the COPS Office Progress Report Team at 800-659-7379.

### Will the data that we submit be publicly available?

Program Progress Reports submitted to the COPS Office may be reported publicly in response to a Freedom of Information Act (FOIA) request.

If your agency has any questions regarding the submission of these required reports, please call the COPS Office Progress Report Team at 800-659-7379.

### Contact points to obtain technical assistance and report violations

Any alleged violations, serious irregularities, or acts that may result in the use of public funds in a manner inconsistent with the Public Safety Partnership and Community Policing Act of 1994 or the purposes of this grant may be reported to the U.S. Department of Justice. Furthermore, the COPS Office welcomes the opportunity to provide assistance regarding the implementation of grant provisions to help ensure that federal grant funds are spent responsibly. As such, the following contacts are provided to address noncompliance and technical assistance issues:

- If you suspect violations of a criminal nature, please contact the U.S. Department of Justice, Office of the Inspector General (OIG) at [www.justice.gov/oig/FOIA/hotline.htm](http://www.justice.gov/oig/FOIA/hotline.htm), [OIG.hotline@usdoj.gov](mailto:OIG.hotline@usdoj.gov), or 800-869-4499.
- If you suspect grant violations (not criminal in nature) related to the grant conditions listed in this manual, please contact the COPS Office Grant Monitoring Division at 202-514-9202.
- If you have any questions or need assistance regarding your grant, please contact your COPS Office Grant Program Specialist at 800-421-6770.

## VII. When the Grant Period Has Ended

At the end of your agency's TRGP grant period, the COPS Office is responsible for the closeout of your grant. As part of this process, the COPS Office requires documentation demonstrating that your agency has met all of the programmatic and financial requirements of the grant.

After the end of the grant period, your agency will be asked to submit a final FFR and any applicable final program reports.

### Final Federal Financial Report (SF-425)

The final FFR (SF-425) for your grant is due to the COPS Office no later than 90 days after the end date of the grant. The final report should reflect the total amount of allowable federal expenditures that were incurred during the life of the grant, as well as the amount of unobligated funds remaining, if any. In addition, once you have completed your final drawdown, this report should reconcile with the total amount of funds drawn down by your agency.

### When should all of the grant monies be spent?

Grant funds reflecting allowable project costs must be obligated before the end of the grant period. Obligated funds cover monies spent and expenses for all approved items in the FCM that your agency has incurred but not yet paid. Your agency has up to 90 days after the end of the grant period to request reimbursement for funds obligated.

*Please be advised that 2 C.F.R. Part 200.343(a) requires grantees to submit final SF-425s and 2 C.F.R. Part 200.343(b) requires grantees to draw down the final reimbursement for expended funds within 90 days after the expiration of the grant. In addition, be advised that failure to complete the drawdown of funds within the 90-day period following award expiration will result in the forfeiture of the remaining eligible balance.*

It is possible that your agency may have excess grant funds remaining in your account following the grant period due to an overestimate of item costs during the grant period. Your agency should review its records carefully to ensure that it draws down and expends only the amount required for actual costs incurred during the grant period. Any excess unobligated or unspent funds should remain in your account, and will be deobligated during the closeout process.

### Final Program Progress (Closeout) Report

After your grant period has ended, your agency may be sent a final progress or closeout report from the COPS Office and asked to complete it. This report will serve as your agency's final programmatic report on the grant, and the information your agency provides in this report will be used to make a final assessment of your grant progress.

### Equipment disposition

Each grantee must use any equipment funded through a COPS Office award for approved grant-related purposes and must retain the equipment for the life of the grant. After the conclusion of the grant period, property records must be maintained by the grantee. The records should include a description of the property; a serial number or other identification number; the source of the property; the name of the person or entity that holds the title; the acquisition date and cost of the property; the percentage of federal participation in the cost of the property; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposal and sale price of the property. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property.

When the grant has expired and original or replacement equipment obtained under the grant is no longer needed for the original project or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

Items of equipment with a current per-unit fair market value of \$5,000 or less may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.

Items of equipment with a current per-unit fair market value in excess of \$5,000 may be retained or sold and the awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's federal share in the cost of the original purchase.

For more information, please see 2 C.F.R. § 200.313 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.

## **VIII. Conclusion**

We hope that this manual has assisted you and your agency with your grant questions. We welcome and encourage any comments you have regarding the COPS Office TRGP and the materials we have developed for its administration. If you have specific comments regarding this manual, please send them to:

**U.S. Department of Justice**  
**Office of Community Oriented Policing Services**  
**Attn: TRGP/CTAS Control Desk**  
**145 N Street NE**  
**Washington, DC 20530**

If you have any questions about your grant, please call your COPS Office Grant Program Specialist or the COPS Office Response Center at 800-421-6770.

Pursuant to Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving," the COPS Office encourages recipients of U.S. Department of Justice funds to adopt and enforce policies that ban text messaging while driving and to establish workplace safety policies to decrease crashes caused by distracted drivers.

## Appendix B. Assurances and Certifications

### Assurances

The Applicant hereby assures and certifies compliance with all applicable Federal statutes, regulations, policies, guidelines, and requirements, including OMB Circulars A-21, A-87, A-102, A-110, A-122, A-133; Ex. Order 12372 (intergovernmental review of federal programs); and 28 C.F.R. pts. 66 or 70 (administrative requirements for grants and cooperative agreements). The applicant also specifically assures and certifies that:

1. It has the legal authority to apply for federal assistance and the institutional, managerial, and financial capability (including funds sufficient to pay any required nonfederal share of project cost) to ensure proper planning, management, and completion of the project described in this application.
2. It will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
3. It will give the awarding agency or the General Accounting Office, through any authorized representative, access to and the right to examine all paper or electronic records related to the financial assistance.
4. It will comply with all lawful requirements imposed by the awarding agency, specifically including any applicable regulations, such as 28 C.F.R. pts. 18, 22, 23, 30, 35, 38, 42, 61, and 63, and the award term in 2 C.F.R. § 175.15(b).
5. It will assist the awarding agency (if necessary) in assuring compliance with section 106 of the National Historic Preservation Act of 1966 (16 U.S.C. § 470), Ex. Order 11593 (identification and protection of historic properties), the Archeological and Historical Preservation Act of 1974 (16 U.S.C. § 469 a-1 et seq.), and the National Environmental Policy Act of 1969 (42 U.S.C. § 4321).
6. It will comply (and will require any subgrantees or contractors to comply) with any applicable statutorily imposed nondiscrimination requirements, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. § 3789d); the Victims of Crime Act (42 U.S.C. § 10604(e)); The Juvenile Justice and Delinquency Prevention Act of 2002 (42 U.S.C. § 5672(b)); the Civil Rights Act of 1964 (42 U.S.C. § 2000d); the Rehabilitation Act of 1973 (29 U.S.C. § 794); the Americans with Disabilities Act of 1990 (42 U.S.C. § 12131-34); the Education Amendments of 1972 (20 U.S.C. §§ 1681, 1683, 1685-86); and the Age Discrimination Act of 1975 (42 U.S.C. §§ 6101-07); see Ex. Order 13279 (equal protection of the laws for faith-based and community organizations).
7. If a governmental entity—
  - A. it will comply with the requirements of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (42 U.S.C. § 4601 et seq.), which govern the treatment of persons displaced as a result of federal and federally-assisted programs; and
  - B. it will comply with requirements of 5 U.S.C. §§ 1501-08 and §§ 7324-28, which limit certain political activities of State or local government employees whose principal employment is in connection with an activity financed in whole or in part by federal assistance.

### Certifications

Applicants should refer to the regulations cited below to determine the certification to which they are required to attest. Applicants should also review the instructions for certification included in the regulations before completing this form. Signature of this form provides for compliance with certification requirements

under 28 CFR Part 69, "New Restrictions on Lobbying" and 28 CFR Part 67, "Government-wide Debarment and Suspension (Nonprocurement) and Government-wide Requirements for Drug-Free Workplace (Grants)." The certifications shall be treated as a material representation of fact upon which reliance will be placed when the Department of Justice determines to award the covered transaction, grant, or cooperative agreement.

**1. Lobbying**

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 28 CFR Part 69, for persons entering into a grant or cooperative agreement over \$100,000, as defined at 28 CFR Part 69, the applicant certifies that:

- A. No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the making of any Federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement;
- B. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities," in accordance with its instructions;
- C. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants, contracts under grants and cooperative agreements, and subcontracts) and that all sub-recipients shall certify and disclose accordingly.

**2. Debarment, suspension, and other responsibility matters (direct recipient)**

As required by Executive Order 12549, Debarment and Suspension, and implemented at 28 CFR Part 67, for prospective participants in primary covered transactions, as defined at 28 CFR Part 67, Section 67.510

- A. The applicant certifies that it and its principals:
  - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency;
  - b. Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
  - c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
  - d. Have not within a three-year period preceding this application had one or more public transactions (federal, State, or local) terminated for cause or default; and

- B. Where the applicant is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this application.

3. **Drug-free workplace (grantees other than individuals)**

As required by the Drug-Free Workplace Act of 1988, and implemented at 28 CFR Part 67, Subpart F, for grantees, as defined at 28 CFR Part 67 Sections 67.615 and 67.620

- A. The applicant certifies that it will or will continue to provide a drug-free workplace by:
  - a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
  - b. Establishing an ongoing drug-free awareness program to inform employees about
    - 1. The dangers of drug abuse in the workplace;
    - 2. The grantee's policy of maintaining a drug-free workplace;
    - 3. Any available drug counseling, rehabilitation, and employee assistance programs; and
    - 4. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
  - c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
  - d. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will
    - 1. Abide by the terms of the statement; and
    - 2. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
  - e. Notifying the agency, in writing, within 10 calendar days after receiving notice under subparagraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to:
    - U.S. Department of Justice
    - Office of Justice Programs
    - ATTN: Control Desk
    - 810 Seventh Street, NW
    - Washington, D.C. 20531Notice shall include the identification number(s) of each affected grant;
  - f. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted
    - 1. Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or

- 2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement, or other appropriate agency;
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).
- B. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check \_\_\_ if there are workplaces on file that are not identified here.

Section 67, 630 of the regulations provides that a grantee that is a state may elect to make one certification in each federal fiscal year. A copy of which should be included with each application for U.S. Department of Justice funding. States and state agencies may elect to use OJP Form 4061/7.

Check \_\_\_ if the state has elected to complete OJP Form 4061/7.

**Drug-free workplace (grantees who are individuals)**

As required by the Drug-Free Workplace Act of 1988, and implemented at 28 CFR Part 67, Subpart F, for grantees, as defined at 28 CFR Part 67; Sections 67.615 and 67.620

- A. As a condition of the grant, I certify that I will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant; and
- B. If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, I will report the conviction, in writing, within 10 calendar days of the conviction, to:

U.S. Department of Justice  
Office of Justice Programs  
ATTN: Control Desk  
810 Seventh Street, NW  
Washington, D.C. 20531

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above certifications.

- 1. Grantee Name and Address:
- 2. Application Number and/or Project Name:
- 3. Grantee IRS/Vendor Number \_\_\_\_\_
- 4. Type/Print Name and Title of Authorized Representative
- 5. Signature
- 6. Date

## **Appendix C. Community policing defined**

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime.

Community policing comprises three key components:

1. Community partnerships
2. Organizational transformation
3. Problem solving

### **Community partnerships**

Community partnerships are collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to develop solutions to problems and increase trust in police.

Community policing, recognizing that police rarely can solve public safety problems alone, encourages interactive partnerships with relevant stakeholders. The range of potential partners is large and these partnerships can be used to accomplish the two interrelated goals of developing solutions to problems through collaborative problem solving and improving public trust. The public should play a role in prioritizing and addressing public safety problems.

### **Other government agencies**

Law enforcement organizations can partner with a number of other government agencies to identify community concerns and offer alternative solutions. Examples of agencies include legislative bodies, prosecutors, probation and parole departments, public works departments, neighboring law enforcement agencies, health and human services departments, child support services, ordinance enforcement, and schools.

### **Community members or groups**

Individuals who live, work, or otherwise have an interest in the community—volunteers, activists, formal and informal community leaders, residents, visitors and tourists, and commuters—are a valuable resource for identifying community concerns. These factions of the community can be engaged in achieving specific goals at town hall meetings, neighborhood association meetings, decentralized offices or storefronts in the community, and team beat assignments.

### **Nonprofits or service providers**

Advocacy and community-based organizations that provide services to the community and advocate on its behalf can be powerful partners. These groups often work with or are composed of individuals who share common interests and can include such entities as victims groups, service clubs, support groups, issue groups, advocacy groups, community development corporations, and the faith community.

### **Private businesses**

For-profit businesses also have a great stake in the health of the community and can be key partners because they often bring considerable resources to bear in addressing problems of mutual concern. Businesses can help identify problems and provide resources for responses, often including their own security technology and community outreach. The local chamber of commerce and visitor centers can also assist in disseminating information about police and business partnerships and initiatives, and crime prevention practices.

## **Media**

The media represent a powerful mechanism by which to communicate with the community. They can assist with publicizing community concerns and available solutions, such as services from government or community agencies or new laws or codes that will be enforced. In addition, the media can have a significant impact on public perceptions of the police, crime problems, and fear of crime.

## **Organizational transformation**

Organizational transformation is the alignment of organizational management, structure, personnel, and information systems to support community partnerships and proactive problem-solving efforts.

The community policing philosophy focuses on the way departments are organized and managed and how the infrastructure can be changed to support the philosophical shift behind community policing. It encourages the application of modern management practices to increase efficiency and effectiveness. Community policing emphasizes changes in organizational structures to institutionalize its adoption and infuse it throughout the entire department, including the way it is managed and organized, its personnel, and its technology.

## **Agency management**

Under the community policing model, police management diffuses community policing ideals throughout the agency by making a number of critical changes in climate and culture, leadership, formal labor relations, decentralized decision making and accountability, strategic planning, policies and procedures, organizational evaluations, and increased transparency.

**Climate and culture** Changing the climate and culture means supporting a proactive orientation that values systematic problem solving and partnerships. Formal organizational changes should support the informal networks and communication that take place within agencies to support this orientation.

**Leadership** Leaders serve as role models for taking risks and building collaborative relationships to implement community policing and they use their position to influence and educate others about it. Leaders, therefore, must constantly emphasize and reinforce community policing's vision, values, and mission within their organization and support and articulate a commitment to community policing as the predominant way of doing business.

**Labor relations** If community policing is going to be effective, police unions and similar forms of organized labor must be a part of the process and function as partners in the adoption of the community policing philosophy. Including labor groups in agency changes can ensure support for the changes that are imperative to community policing implementation.

**Decision making** Community policing calls for decentralization both in command structure and decision-making. Decentralized decision-making allows front-line officers to take responsibility for their role in community policing. When an officer is able to create solutions to problems and take risks, he or she ultimately feels accountable for those solutions and assumes a greater responsibility for the well-being of the community. Decentralized decision-making involves flattening the hierarchy of the agency, increasing tolerance for risk-taking in problem-solving efforts, and allowing officers discretion in handling calls. In addition, providing sufficient authority to coordinate various resources to attack a problem and allowing officers the autonomy to establish relationships with the community will help define problems and develop possible solutions.

**Strategic planning** The department should have a written statement reflecting a department-wide commitment to community policing and a plan that matches operational needs to available resources and expertise. If a strategic plan is to have value, the members of the organization should be well-versed in it and be able to give examples of their efforts supporting the plan. Components such as the organization's mission and values statement should be simple and communicated widely.

**Policies** Community policing affects the nature and development of department policies and procedures to ensure that community policing principles and practices have an effect on activities on the street. Problem solving and partnerships, therefore, should become institutionalized in policies, along with corresponding sets of procedures, where appropriate.

**Organizational evaluations** In addition to the typical measures of police performance (arrests, response times, tickets issued, and crime rates), community policing calls for a broadening of police outcome measures to include such things as greater community satisfaction, less fear of crime, the alleviation of problems, and improvement in quality of life. Community policing calls for a more sophisticated approach to evaluation—one that looks at how feedback information is used, not only how outcomes are measured.

**Transparency** Community policing involves decision-making processes that are more open than traditional policing. If the community is to be a full partner, the department needs mechanisms for readily sharing relevant information on crime and social disorder problems and police operations with the community.

**Organizational structure** It is important that the organizational structure of the agency ensure that local patrol officers have decision-making authority and are accountable for their actions. This can be achieved through long-term assignments, the development of officers who are generalists and using special units appropriately.

**Geographic assignment of officers** With community policing, there is a shift to the long-term assignment of officers to specific neighborhoods or areas. Geographic deployment plans can help enhance customer service and facilitate more contact between police and citizens, thus establishing a strong relationship and mutual accountability. Beat boundaries should correspond to neighborhood boundaries and other government services should recognize these boundaries when coordinating government public-service activities.

**Despecialization** To achieve community policing goals, officers have to be able to handle multiple responsibilities and take a team approach to collaborative problem solving and partnering with the community. Community policing encourages its adoption agency-wide, not just in special units, although there may be a need for some specialist units that are tasked with identifying and solving particularly complex problems or managing complex partnerships.

**Resources and finances** Agencies have to devote the necessary human and financial resources to support community policing to ensure that problem-solving efforts are robust and that partnerships are sustained and effective.

## Personnel

The principles of community policing need to be diffused throughout the entire personnel system of an agency including recruitment, hiring, selection, and retention of all law enforcement agency staff, from sworn officers to civilians and volunteers. Personnel evaluations, supervision, and training must also be aligned with the agencies' community policing values.

**Recruitment, hiring, and selection** Agencies need a systematic means of incorporating community policing elements into their recruitment, selection, and hiring processes. Job descriptions should recognize community policing and problem-solving responsibilities and encourage the recruitment of officers who have a spirit of service, instead of only a spirit of adventure. A community policing agency must also thoughtfully examine where it is seeking recruits, whom it is recruiting and hiring, and what is being tested. Agencies are also encouraged to seek community involvement in this process through the identification of competencies and participation in review boards.

**Personnel supervision/evaluations** Supervisors must tie performance evaluations to community policing principles and activities that are incorporated into job descriptions. Performance, reward, and promotional procedures should support sound problem-solving activities, proactive policing, community collaboration, and citizen satisfaction with police services.

**Training** Training at all levels—academy, field, and in-service—must support community policing principles and tactics. It also needs to encourage creative thinking, a proactive orientation, communication and analytical skills, and techniques for dealing with quality-of-life concerns and maintaining order. Officers can be trained to identify and correct conditions that could lead to crime, to raise public awareness, and to engage the community in finding solutions to problems. Field training officers and supervisors need to learn how to encourage problem solving and help officers learn from other problem-solving initiatives. Until community policing is institutionalized in the organization, training in its fundamental principles will need to take place regularly.

## Information systems (technology)

Community policing is information-intensive, and technology plays a central role in helping to provide ready access to quality information. Accurate and timely information makes problem-solving efforts more effective and ensures that officers are informed about the crime and community conditions of their beat. In addition, technological enhancements can greatly assist with improving two-way communication with citizens and in developing agency accountability systems and performance outcome measures.

**Communication/access to data** Technology provides agencies with an important forum by which to communicate externally with the public and internally with their own staff. To communicate with the public, community policing encourages agencies to develop two-way communication systems through the Internet that allow for online reports, reverse 911 and e-mail alerts, discussion forums, and feedback on interactive applications (surveys, maps), thereby creating ongoing dialogues and increasing transparency.

Technology encourages effective internal communication through memoranda, reports, newsletters, e-mail and enhanced incident reporting, dispatch functions, and communications interoperability with other entities for more efficient operations. Community policing also encourages the use of technology to develop accountability and performance measurement systems that are timely and contain accurate metrics and a broad array of measures and information.

Community policing encourages the use of technology to provide officers with ready access to timely information on crime and community characteristics within their beats, either through laptop computers in their patrol cars or through personal data devices. In addition, technology can support crime/problem analysis functions by enabling agencies to gather more detailed information about offenders, victims, crime locations, and quality-of-life concerns, and to further enhance analysis.

**SAFECOM Guidance** The U.S. Department of Homeland Security Office of Emergency Communications, in coordination with various stakeholder groups, develops the annual SAFECOM Guidance on Emergency Communications Grants. The guidance provides recommendations to grantees seeking funding for interoperable emergency communications projects, including allowable costs, items to consider when funding emergency communications projects, grants management best practices for emergency communications grants, and information on standards that ensure greater interoperability. The guidance is intended to ensure that federally funded investments are compatible and support national goals and objectives for improving interoperability nationwide. Grantees (including sub-grantees) that are using TRGP funds to support emergency communications activities should comply with the latest version of SAFECOM Guidance, including provisions on technical standards that ensure and enhance interoperable communications. The most recent version of SAFECOM Guidance is available at: [www.safecomprogram.gov/grant/Default.aspx](http://www.safecomprogram.gov/grant/Default.aspx).

**Quality and accuracy of data** Information is only as good as its source, and therefore it is not useful if it is of questionable quality and accuracy. Community policing encourages agencies to put safeguards in place to ensure that information from various sources is collected in a systematic fashion and entered into central systems that are linked to one another and checked for accuracy so that it can be used effectively for strategic planning, problem solving, and performance measurement.

### **Problem solving**

Problem solving is the process of engaging in the proactive and systematic examination of identified problems to develop and evaluate effective responses.

Community policing emphasizes proactive problem solving in a systematic and routine fashion. Rather than responding to crime only after it occurs, community policing encourages agencies to proactively develop solutions to the immediate underlying conditions contributing to public safety problems. Problem solving must be infused into all police operations and guide decision-making efforts. Agencies are encouraged to think innovatively about their responses and view making arrests as only one of a wide array of potential responses. A major conceptual vehicle for helping officers to think about problem solving in a structured and disciplined way is the SARA (Scanning, Analysis, Response, and Assessment) problem-solving model.

#### **Scanning: Identifying and prioritizing problems**

The objectives of scanning are to identify a basic problem, determine the nature of that problem, determine the scope of seriousness of the problem, and establish baseline measures. An inclusive list of stakeholders for the selected problem is typically identified in this phase. A problem can be thought of as two or more incidents that are similar in one or more ways and that are of concern to the police and the community. Problems can be a type of behavior, a place, a person or persons, a special event or time, or a combination of any of these. The police, with input from the community, should identify and prioritize concerns.

### **Analysis: Researching what is known about the problem**

Analysis is the heart of the problem-solving process. The objectives of analysis are to develop an understanding of the dynamics of the problem, develop an understanding of the limits of current responses, establish correlation, and develop an understanding of cause and effect. As part of the analysis phase, it is important to find out as much as possible about each aspect of the crime triangle by asking who?, what?, when?, where?, how?, why?, and why not? about the victim, offender, and crime location.

### **Response: Developing solutions to bring about lasting reductions in the number and extent of problems**

The response phase of the SARA model involves developing and implementing strategies to address an identified problem by searching for strategic responses that are both broad and uninhibited. The response should follow logically from the knowledge learned during the analysis and should be tailored to the specific problem. The goals of the response can range from totally eliminating the problem through substantially reducing the problem or reducing the amount of harm caused by the problem to improving the quality of community cohesion.

### **Assessment: Evaluating the success of the responses**

Assessment attempts to determine if the response strategies were successful by understanding if the problem declined and if the response contributed to the decline. This information not only assists the current effort but also gathers data that build knowledge for the future. Strategies and programs can be assessed for process, outcomes, or both. If the responses implemented are not effective, the information gathered during analysis should be reviewed. New information may have to be collected before new solutions can be developed and tested. The entire process should be viewed as circular rather than linear, meaning that additional scanning, analysis, or responses may be required.

### **Using the crime triangle to focus on immediate conditions (victim/offender/ location)**

To understand a problem, many problem solvers have found it useful to visualize links among the victim, offender, and location (the crime triangle) and those factors that could have an impact on them, for example, capable guardians for victims (e.g., security guards, teachers, and neighbors), handlers for offenders (e.g., parents, friends, and probation officers), and managers for locations (e.g., business merchants, park employees, and motel clerks). Rather than focusing primarily on addressing the root causes of a problem, the police focus on the factors that are within their reach, such as limiting criminal opportunities and access to victims, increasing guardianship, and associating risk with unwanted behavior.

## **Appendix D. National Institute of Justice (NIJ) bulletproof vest standards**

The following information was adapted from NIJ Guide 100-98, "Selection and Application Guide to Police Body Armor." The publication in its entirety may be requested from:

**National Law Enforcement and Corrections Technology Center (NLECTC)**  
**2277 Research Boulevard**  
**Rockville, MD 20850**  
**800-248-2742**

The publication may also be downloaded from the Center's website: [www.justnet.org/Pages/home.aspx](http://www.justnet.org/Pages/home.aspx).

---

*"NIJ's policy on body armor has always been that preserving the life of the police officer is the sole criteria on which to judge body armor effectiveness. At present, an officer may select a garment that corresponds to an appropriate threat level and be confident that armor in compliance with NIJ's standard will defeat the stated threat level."*

---

### **Type I (.22 LR; .38 Special)**

Type I body armor is light. This is the minimum level of protection every officer should have, and the armor should be routinely worn at all times while on duty. Type I body armor was the armor issued during the NIJ demonstration project in the mid-1970s. Most agencies today, however, because of increasing threats, opt for a higher level of protection.

This armor protects against .22 long rifle high-velocity lead bullets, with nominal masses of 2.6 g (40 gr), impacting at a velocity of 320 m/s (1,050 ft/s) or less, and against .38 special round-nose lead bullets, with nominal masses of 10.2 g (158 gr), impacting at a velocity of 259 m/s (850 ft/s) or less. It also provides protection against most other .25 and .32 caliber handgun rounds.

### **Type II-A (lower velocity .357 Magnum; 9mm)**

Type II-A body armor is well suited for full-time use by police departments, particularly those seeking protection for their officers from lower velocity .357 Magnum and 9mm ammunition.

This armor protects against .357 Magnum jacketed soft-point bullets, with nominal masses of 10.2 g (158 gr), impacting at a velocity of 381 m/s (1,250 ft/s) or less, and against 9mm full-metal jacketed bullets, with nominal masses of 8.0 g (124 gr), impacting at a velocity of 332 m/s (1,175 ft/s). It also protects against such threats as .45 auto., .38 special +P, and some other factory loads in caliber .357 Magnum and 9mm as well as the Type I threats.

### **Type II (higher velocity .357 Magnum; 9mm)**

Type II body armor is heavier and bulkier than either Types I or II-A. It is worn full-time by officers seeking protection against higher velocity .357 Magnum and 9mm ammunition.

This armor protects against .357 Magnum jacketed soft-point bullets, with nominal masses of 10.2 g (158 gr), impacting at a velocity of 425 m/s (1,395 ft/s) or less, and against 9mm full-jacketed bullets, with nominal velocities of 358 m/s (1,175 ft/s). It also protects against most other factory loads in caliber .357 Magnum and 9mm as well as the Type I and II-A threats.

### **Type III-A (.44 Magnum; submachine gun 9mm)**

Type III-A body armor provides the highest level of protection currently available from concealable body armor and is generally suitable for routine wear in many situations. However, departments located in hot, humid climates may need to evaluate the use of Type III-A armor carefully.

This armor protects against .44 Magnum lead semi-wadcutter bullets with gas checks, nominal masses of 15.55 g (240 gr), impacting at a velocity of 426 m/s (1,400 ft/s) or less. It also provides protection against most handgun threats as well as the Type I, II-A, and II threats.

### **Type III (high-powered rifle)**

Type III body armor is clearly intended only for tactical situations when the threat warrants such protection, such as barricade confrontations involving sporting rifles.

This armor, normally of hard or semi-rigid construction, protects against 7.62 mm full-metal jacketed bullets (U.S. military designation M80), with nominal masses of 9.7 g (150 gr), impacting at a velocity of 838 m/s (2,750 ft/s) or less. It also provides protection against threats such as 223 Remington (5.56 mm FMJ), 30 Carbine FMJ, and 12-gauge rifled slug, as well as the Type I through III-A threats.

### **Type IV (armor-piercing rifle)**

Type IV body armor provides the highest level of protection currently available. Because this armor is intended to resist armor piercing bullets, it often uses ceramic materials. Such materials are brittle in nature and may provide only single-shot protection, since the ceramic tends to break up when struck. As with Type III armor, Type IV armor is clearly intended only for tactical situations when the threats warrant such protection.

This armor protects against .30-06 caliber armor-piercing bullets (U.S. military designation AMP2), with nominal masses of 10.8 g (166 gr), impacting at a velocity of 868 m/s (2,850 ft/s) or less. It also provides at least single-hit protection against the Type I through III threats.

### **Special type**

A purchaser who has a special requirement for a level of protection other than one of the above standard threat levels should specify the exact test rounds and minimum impact velocities to be used and indicate that this standard shall govern in all other respects.

## **Appendix E. Whistleblower protection (41 U.S.C. 4712)**

41 U.S.C. 4712. Pilot program for enhancement of contractor protection from reprisal for disclosure of certain information

(a). Prohibition of reprisals.—

(1). In general.—An employee of a contractor, subcontractor, or grantee may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in paragraph (2) information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.

(2). Persons and bodies covered.—The persons and bodies described in this paragraph are the persons and bodies as follows:

- (A). A Member of Congress or a representative of a committee of Congress.
- (B). An Inspector General.
- (C). The Government Accountability Office.
- (D). A Federal employee responsible for contract or grant oversight or management at the relevant agency.
- (E). An authorized official of the U.S. Department of Justice or other law enforcement agency.
- (F). A court or grand jury.
- (G). A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

(3). Rules of construction.—For the purposes of paragraph (1)—

- (A). an employee who initiates or provides evidence of contractor, subcontractor, or grantee misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract or grant shall be deemed to have made a disclosure covered by such paragraph; and

(B). a reprisal described in paragraph (1) is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.

(b). Investigation of complaints.—

(1). Submission of complaint.—A person who believes that the person has been subjected to a reprisal prohibited by subsection (a) may submit a complaint to the Inspector General of the executive agency involved. Unless the Inspector General determines that the complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant, the Inspector General shall investigate the complaint and, upon completion of such investigation, submit a report of the findings of the investigation to the person, the contractor or grantee concerned, and the head of the agency.

(2). Inspector General action.—

(A). Determination or submission of report on findings.—Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.

(B). Extension of time.—If the Inspector General is unable to complete an investigation in time to submit a report within the 180-day period specified in subparagraph (A) and the person submitting the complaint agrees to an extension of time, the Inspector General shall submit a report under paragraph (1) within such additional period of time, up to 180 days, as shall be agreed upon between the Inspector General and the person submitting the complaint.

(3). Prohibition on disclosure.—The Inspector General may not respond to any inquiry or disclose any information from or about any person alleging the reprisal, except to the extent that such response or disclosure is—

(A). made with the consent of the person alleging the reprisal;

(B). made in accordance with the provisions of section 552a of title 5 or as required by any other applicable Federal law; or

(C). necessary to conduct an investigation of the alleged reprisal.

(4). Time limitation.—A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.

(c). Remedy and enforcement authority.—

(1). In general.—Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or grantee concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:

(A). Order the contractor or grantee to take affirmative action to abate the reprisal.

(B). Order the contractor or grantee to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

- (C). Order the contractor or grantee to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.
- (2). Exhaustion of remedies.—If the head of an executive agency issues an order denying relief under paragraph (1) or has not issued an order within 210 days after the submission of a complaint under subsection (b), or in the case of an extension of time under paragraph (b)(2)(B), not later than 30 days after the expiration of the extension of time, and there is no showing that such delay is due to the bad faith of the complainant, the complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the contractor or grantee to seek compensatory damages and other relief available under this section in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. An action under this paragraph may not be brought more than two years after the date on which remedies are deemed to have been exhausted.
- (3). Admissibility of evidence.—An Inspector General determination and an agency head order denying relief under paragraph (2) shall be admissible in evidence in any de novo action at law or equity brought pursuant to this subsection.
- (4). Enforcement of orders.—Whenever a person fails to comply with an order issued under paragraph (1), the head of the executive agency concerned shall file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the executive agency.
- (5). Judicial review.—Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an executive agency, unless a stay is specifically entered by the court.
- (6). Burdens of proof.—The legal burdens of proof specified in [section 1221\(e\) of title 5](#) shall be controlling for the purposes of any investigation conducted by an Inspector General, decision by the head of an executive agency, or judicial or administrative proceeding to determine whether discrimination prohibited under this section has occurred.
- (7). Rights and remedies not waivable.—The rights and remedies provided for in this section may not be waived by any agreement, policy, form, or condition of employment.
- (d). Notification of employees.—The head of each executive agency shall ensure that contractors, subcontractors, and grantees of the agency inform their employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.
- (e). Construction.—Nothing in this section may be construed to authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to modify or derogate from a right or remedy otherwise available to the employee.

(f). Exceptions.—

(1). This section shall not apply to any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 401a(4)).

(2). This section shall not apply to any disclosure made by an employee of a contractor, subcontractor, or grantee of an element of the intelligence community if such disclosure—

(A). relates to an activity of an element of the intelligence community; or

(B). was discovered during contract, subcontract, or grantee services provided to an element of the intelligence community.

(g). Definitions.—In this section:

(1). The term “abuse of authority” means an arbitrary and capricious exercise of authority that is inconsistent with the mission of the executive agency concerned or the successful performance of a contract or grant of such agency.

(2). The term “Inspector General” means an Inspector General appointed under the Inspector General Act of 1978 and any Inspector General that receives funding from, or has oversight over contracts or grants awarded for or on behalf of, the executive agency concerned.

(h). Construction.—Nothing in this section, or the amendments made by this section, shall be construed to provide any rights to disclose classified information not otherwise provided by law.

(i). Duration of section.—This section shall be in effect for the four-year period beginning on the date that is 180 days after the date of the enactment of this section.

## **Appendix F. 2 CFR Appendix II to Part 200: Contract provisions for nonfederal entity contracts under federal awards**

In addition to other provisions required by the federal agency or nonfederal entity, all contracts made by the nonfederal entity under the federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the nonfederal entity, including the manner by which it will be effected and the basis for settlement.

(C) Equal employment opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, U.S. Department of Labor.”

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141–3148). When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by nonfederal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141–3144, and 3146–3148) as supplemented by U.S. Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The nonfederal entity must place a copy of the current prevailing wage determination issued by the U.S. Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The nonfederal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145) as supplemented by U.S. Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work to give up any part of the compensation to which he or she is otherwise entitled. The nonfederal entity must report all suspected or reported violations to the federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701–3708). Where applicable, all contracts awarded by the nonfederal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704 as supplemented by U.S. Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the federal award meets the definition of “funding agreement” under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment, or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401–7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251–1387), as amended. Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the nonfederal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. 6201).

(I) Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide Excluded Parties List System in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1986 Comp., p. 189) and 12689 (3 CFR Part 1989 Comp., p. 235), "Debarment and Suspension." The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(J) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Contractors that apply or bid for an award of \$150,000 or more must file the required certification. Each tier certifies to the tier above that it will not use and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the nonfederal award.

(K) See § 200.322 Procurement of recovered materials.

## Glossary of Terms

**allowable costs.** *TRGP-Equipment/Training* – Allowable costs are expenses that may be funded by this grant program. COPS Office TRGP provides funding for equipment, services, and technology purchased on or after the award start date. Upon review of your submitted budget, any unallowable costs were removed. The FCM that was included in your award package outlined your allowable costs and noted any relevant revisions that were made to your original budget submission.

*TRGP-Hiring* – Allowable costs are costs that will be paid for by this grant program. The only allowable costs under TRGP-Hiring are the approved full-time, entry-level salaries and fringe benefits of sworn career law enforcement officers hired or rehired on or after the grant award start date. TRGP-Hiring grant funds may be used to hire or rehire experienced officers, but any costs higher than entry-level must be paid by your agency with local funds. Grant funding must be limited to your agency's entry-level sworn officer salary and benefits. Upon review of your submitted budget, any unallowable costs were removed. The FCM, which was included in your award package, specifies the amount of TRGP-Hiring funds awarded to your agency for officer salaries and approved benefits, and it identifies the final officer salary and fringe benefit categories and amounts for which your agency was approved. Approved entry-level salaries and benefits paid during basic academy training are allowable when it is the agency's policy to pay all newly hired officers during this training.

**audit.** Work done by auditors, including both the OIG and state or local auditors, to examine financial statements and to review

- compliance with laws and regulations;
- economy and efficiency of operations;
- effectiveness in achieving program results;
- allowability of costs claimed against the award.

**authorized official.** The authorized official is the individual in your organization who has final authority and responsibility for all programmatic and financial decisions regarding this grant award. At the time of grant application, your agency listed the government executive (usually the Tribal Chief, Chairman, President, etc.) for your agency. This executive is listed on your award document and is understood to be your authorized official. If any of the executive information is incorrect, please submit the correct information to the COPS Office by completing an official Change of Information form available online at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

**automated booking system.** An automated booking system captures arrestee fingerprints and photographic information electronically and often has the ability to transfer that information to a departmental or state-wide database.

**Automated Fingerprint Identification System (AFIS).** An AFIS system is a highly specialized biometrics system that compares a single fingerprint image with a database of fingerprint images. Fingerprint images are collected from crime scenes or are taken from criminal suspects when they are arrested. Fingerprint images may be captured by placing a finger on a scanner or by electronically scanning inked impressions on paper.

**award package.** The award package includes your TRGP award document, Financial Clearance Memorandum (FCM), and award congratulatory letter; it may be accessed through the "Account Access" link on the COPS Office website ([www.cops.usdoj.gov](http://www.cops.usdoj.gov)). Your agency's TRGP award document will list your grant number, government executive, award amount, number and hiring category of positions awarded, award start and end dates, and all terms and conditions (including any special conditions placed on your agency's

TRGP grant). Your law enforcement and government executives have 90 days from the date on your award congratulatory letter to log on to their accounts in "Account Access" and electronically sign the award document and submit it to the COPS Office. Your agency's FCM will specify the final amount of TRGP funds awarded to your agency for officer salaries and approved fringe benefits.

**award start date.** This is the date on or after which your agency is authorized to purchase any allowable equipment, services, or other costs that were approved by the COPS Office. The award start date is found on your grant award document. *Grantees may not expend funds prior to this date without written approval from the COPS Office.*

**career law enforcement officer.** The COPS Office statute defines a career law enforcement officer as a person hired on a permanent basis who is authorized by law, or by a state or local public agency, to engage in or oversee the prevention, detection, or investigation of violations of criminal laws.

**Catalog of Federal Domestic Assistance (CFDA).** The CFDA is an annual government-wide publication that contains a description and index of all forms of federal assistance. Each program is assigned a CFDA number, which is used by auditors to track grant revenues under the Single Audit Act. It is also used in participating states by state single points of contact in conducting the required intergovernmental reviews under Executive Order 12372. The CFDA number for the COPS Office TRGP grant is 16.710.

**closeout.** This is the process in which the awarding agency, the COPS Office, determines that all applicable administrative actions and all required work and conditions of the award have been completed and met by the recipient and awarding agency.

**cognizant federal agency.** Your cognizant federal agency is generally the federal agency that provides your agency with the most federal money. The Office of Management and Budget (OMB) may have already assigned your cognizant federal agency to you. If this is the first federal grant that your organization has received, the U.S. Department of Justice (DOJ) is your cognizant federal agency.

**community policing.** Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime. All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under COPS Office programs must engage in community policing activities and in the implementation of your community policing plan.

**Computer Aided Dispatch (CAD) system.** Computer database that can track calls for service, maintain status of units available, provide various reports, produce address histories, and support electronic mail. With the installation of integrated CAD systems, officers are able to receive calls for service on their mobile data terminals rather than over the radio. Radios can then be used only for serious emergencies.

**consortium.** A consortium is a group of two or more governmental entities that agree to form a partnership to provide law enforcement services to their constituent communities.

**COPS Office finance staff.** The COPS Office finance staff handles your agency's financial and budgetary needs related to this grant. A staff accountant has been assigned to your state and is available to answer any questions that you may have concerning the financial aspects of your grant. To identify your staff accountant, please call the COPS Office Response Center at 800-421-6770 or visit the COPS Office website at [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

**COPS Office.** The Office of Community Oriented Policing Services (COPS Office) is the division of the U.S. Department of Justice that is the grantor agency for your grant. The COPS Office is responsible for assisting your agency with the administration and maintenance of your grant for the entire grant period. You can reach the COPS Office at 800-421-6770.

**Data Universal Numbering System (DUNS) number.** Since FY 2004, the Office of Management and Budget (OMB) has required all agencies applying for federal funding to obtain this number prior to application. The DUNS number is a unique nine- or thirteen-digit identification number that is assigned upon request to agencies by Dun & Bradstreet (D&B). This number will be used by the Federal Government to better track grant recipient information throughout the grant cycle and to provide consistent name and address data for electronic grant application systems. To obtain a DUNS number, visit the Dun & Bradstreet website at [www.dnb.com](http://www.dnb.com) or call 866-705-5711.

**Employer Identification Number (EIN)/OJP Vendor Number.** This number is usually your agency's nine-digit federal tax identification number as assigned to you by the Internal Revenue Service (IRS). Your accounting/bookkeeping department should have this number. In some cases, the EIN has been previously assigned to another agency within your jurisdiction. In this instance, a new vendor number will be assigned to you by the Office of the Chief Financial Officer. The newly assigned number is to be used for the COPS Office administrative purposes only and should not be used for IRS purposes.

**federally recognized tribe.** Tribal entities that are recognized and eligible for funding and services from the BIA by virtue of their status as Indian tribes. They are acknowledged to have the immunities and privileges available to other federally acknowledged Indian tribes by virtue of their government-to-government relationship with the United States as well as the responsibilities, power, limitation, and obligations of such tribes. Only federally recognized tribes are eligible to apply for COPS Office grant funds. For further information, contact: BIA, Division of Tribal Government Services, MS-4631-MIB, 1849 C Street NW, Washington, DC 20240, 202-208-2475.

**gas mask.** A gas mask is connected to a chemical air filter and is used to protect the face and lungs from toxic gases.

**Global Positioning System (GPS).** Global Positioning Systems are a series of 24 geosynchronous satellites that continuously transmit their positions. Each system is used in personal tracking, navigation, and automatic vehicle location technologies.

**Grant Monitoring Specialist.** COPS Office Grant Monitoring Specialists are trained and available to assist you in addressing any compliance-related questions regarding your grant. Grant Monitoring Specialists plan and conduct site visits and office-based grant reviews. During the life of your grant, you may be selected for a monitoring site visit to assess your compliance with the terms and agreements of the grant program, to review your community policing initiatives, and to provide technical and administrative support for your grant award. Please contact the COPS Office Response Center at 800-421-6770 if you have any compliance-related questions.

**grant number.** The grant number identifies your agency's specific TRGP grant, and can be found on your grant Award Document. This number should be used as a reference when corresponding with the COPS Office. Your grant number is in the following format: 2015-HE-WX-0000 for TRGP-E/T grants and 2015-HH-WX-0000 for TRGP-Hiring grants awarded in FY 2015. The COPS Office tracks grant information based upon this number.

**Grant Program Specialist.** COPS Office Grant Program Specialists are trained to assist you with implementing and maintaining your grant. A Grant Program Specialist is assigned to your state and is available to answer any questions that you may have concerning the administrative aspects of your grant. Your Grant Program Specialist can assist you with such matters as requesting an extension on your grant or modifying the grant award. To obtain the name and phone number of your Grant Program Specialist, please contact the COPS Office Response Center at 800-421-6770 or refer to the COPS Office website, [www.cops.usdoj.gov](http://www.cops.usdoj.gov).

**indirect costs.** Indirect (F&A) costs are those costs incurred for a common or joint purpose benefiting more than one cost objective. They are not readily attributable to the cost objectives that are being benefited. To facilitate equitable distribution of indirect expenses to the specific cost objectives, it may be necessary to establish a number of pools of indirect (F&A) costs. Indirect (F&A) cost pools must be distributed to benefited cost objectives on bases that will produce equitable results in consideration of relative benefits derived. See 2 C.F.R. § 200.56 in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. See the COPS Office website for a fact sheet on indirect costs: [http://www.cops.usdoj.gov/pdf/2015AwardDocs/cpd/Indirect\\_Cost\\_Rate\\_Fact\\_Sheet.pdf](http://www.cops.usdoj.gov/pdf/2015AwardDocs/cpd/Indirect_Cost_Rate_Fact_Sheet.pdf).

**interoperable communications.** Communications interoperability refers to the ability of emergency response officials to share information via voice and data signals on demand, in real time, when needed, and as authorized. Interoperable communications policies, procedures, and technology are used to increase voice and data information sharing among the law enforcement, fire service, and emergency medical service communities.

**local budget cycle.** Your agency's fiscal year: some common examples include January 1 to December 31, October 1 to September 30, and July 1 to June 30. Some local budget cycles may extend up to 24 months.

**matching funds.** What a locality must contribute as a cash match toward total allowable project costs over the life of the program. There is no matching fund requirement for the TRGP program (although higher than entry-level costs for hired or rehired officers must be paid with local funds).

**mobile data computer / laptop.** A mobile data computer (MDC) is a computer terminal mounted in a vehicle that is linked via wireless communication to a network that is often integrated with a CAD system. MDCs enable officers to complete previously handwritten reports on a computer. This often eliminates the need to enter duplicate information on multiple reports.

**National Incident-Based Reporting System (NIBRS).** A comprehensive reporting database where agencies provide individual records for eight index crimes and 38 other offenses.

**obligation of funds.** The COPS Office obligates federal funds when the grant award document is signed by the COPS Office Director or his or her designated official. For the grantee, grant funds are obligated when monies are spent or orders are placed for approved items under your grant. The term encumbrance is often used at the local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

**Originating Agency Identifier (ORI) number.** This number is assigned by the FBI, and it is your agency's unique identifier. The first two letters are your state abbreviation, the next three numbers are your county's code, and the final two numbers identify your jurisdiction within your county. If your agency does not have an ORI number assigned by the FBI, the COPS Office assigns a non-official ORI code to use as an agency identifier (in such cases, the last two characters will be "ZZ"). It can be found on your grant award document. When you contact the COPS Office with a question, please reference your ORI number (or your grant number).

**primary law enforcement authority.** An agency with primary law enforcement authority is the agency that is the first responder to calls for service and has ultimate and final responsibility for the prevention, detection, or investigation of violations of criminal laws within its jurisdiction.

**The Public Safety Partnership and Community Policing Act of 1994.** The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to

- increase the number of community policing officers on the beat;
- provide additional and more effective training to law enforcement officers to enhance their problem-solving, service, and other skills needed in interacting with members of the community;
- encourage the development and implementation of innovative programs to permit members of the community to assist law enforcement agencies in the prevention of crime;
- encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

**retention period.** After 36 months of COPS Office funding, TRGP-Hiring grantees are required to retain each additional COPS Office-funded position awarded using local, state, or other sources of non-COPS Office funds. Each awarded position must be retained for at least 12 months following the conclusion of the 36 months of federal funding for that position. This time span is referred to as the retention period.

**System for Award Management (SAM).** The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via [Grants.gov](https://www.grants.gov) are already registered with SAM, as it is a requirement for [Grants.gov](https://www.grants.gov) registration. Please note, however, that applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at [www.sam.gov](https://www.sam.gov).

**supplanting.** For the purposes of your COPS Office grant, supplanting means replacing state, local, or BIA funds that otherwise would have been spent on law enforcement purposes with federal COPS Office funds. State, local, and tribal governments are prohibited from supplanting throughout the grant period. This means that your agency may not use COPS Office funds to pay for any equipment/technology, services, or other items which, in the absence of the COPS Office program, would otherwise have been funded with state or local funds or funds supplied by the BIA. The COPS Office funds must instead be used to supplement, or increase, your law enforcement budget. For additional information on supplanting, please review TRGP-Hiring grant condition #4 on page 8 or TRGP-E/T grant condition #5 on page 32 of this manual.

# 2015 COPS Office Tribal Resources Grant Program Grant Owner's Manual

This manual was created to assist COPS Office Tribal Resources Grant Program (TRGP) grantees with the administrative and financial matters associated with their grant.

For more information about your TRGP grant, please contact your COPS Office Grant Program Specialist. If you do not know the name or telephone number of your Grant Program Specialist, please contact the COPS Office Response Center at 800-421-6770.
