Collaborative Reform Initiative for Technical Assistance (CRI-TA) (CFDA 16.710) Overview

Collaborative Reform Initiative for Technical Assistance (CRI-TA) description and federal award information

This program is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, 42 U.S.C. § 3796dd et seq., as amended, and the Violent Crime Control and Law Enforcement Act of 1994, Title I, Part Q, Public Law 103-322.

CRI-TA funds are used to advance the practice of community policing in law enforcement agencies by providing technical assistance to state, local, territorial, and tribal law enforcement agencies on a variety of topics that are tailored to meet their unique needs. This program provides practical “by the field, for the field” technical assistance from leading experts across a range of public safety, crime reduction, and community policing topics.

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as violent crime, nonviolent crime, and fear of crime. Community policing comprises three key components:

Partnerships

Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to develop solutions to problems and increase trust in law enforcement.

Organizational transformation

The alignment of organizational management, structure, personnel, and information systems to support community partnerships and proactive problem solving.

Problem solving

The process of engaging in the proactive and systematic examination of identified problems to develop and evaluate effective responses.

The COPS Office will make one or more awards from the CRI-TA solicitation in the form of a cooperative agreement(s), which is the funding instrument used if the COPS Office anticipates ongoing substantial involvement in award activities. Cooperative agreement recipients will be responsible for day-to-day project management but should expect direct oversight and collaboration by the COPS Office in implementing the award. Examples of substantial federal involvement may include identifying potential technical assistance sites, participating in the selection of key project personnel, consultants, and contractors; approval of technical assistance plan(s); providing feedback on deliverables that include recommendations or best practices before they are delivered to requesting law enforcement agencies; approving all conference-related costs prior to obligation; redirecting the work as appropriate; or other types of involvement.

Please be advised that a hold may be placed on any application if it is deemed that the applicant organization is not in good standing on other U.S. Department of Justice awards, has other award compliance issues that would make the applicant agency ineligible to receive COPS Office funding, is not cooperating with an ongoing compliance investigation regarding a current COPS Office award, or any combination of these. A hold may also be placed on any application if it is deemed that the applicant organization is not in compliance with federal civil rights laws, is not cooperating with an ongoing U.S. Department of Justice award review or audit, or both.

Misuse of COPS Office funds or failure to comply with all COPS Office award requirements may result in suspension or termination of award funds, the repayment of funds, and other remedies available by law.

Under the False Claims Act, any credible evidence that a person has submitted a false claim or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving COPS Office funds may be referred to the Office of Inspector General (OIG). The OIG may be contacted at oit.hotline@usdoj.gov, <https://oig.justice.gov/hotline/index.htm>, and 800-869-4499.

Registration

All FY 2017 CRI-TA applicants are required to have a valid ORI number. The ORI number is assigned by the Federal Bureau of Investigation (FBI) and is your agency's unique identifier. Please contact the COPS Office Response Center at 800-421-6770 to verify your agency's ORI number. If you do not have an ORI number, a COPS Office Response Center Specialist will assign one to you for the purpose of tracking your award application. This is required before you begin your application.

In addition, the Federal Government requires that all applicants for federal awards—with the exception of individuals other than sole proprietors—have a Data Universal Numbering System (DUNS) number and be registered in the System for Award Management (SAM) database prior to submitting an application. See "General Agency Information" for more information regarding DUNS and SAM.

Applicants are required to notify the COPS Office about interest in applying for the CRI-TA solicitation via the COPS Office Response Center at 800-421-6770. This notification will initiate the COPS Office Online Application System for the applicant.

Completing an application under the CRI-TA program requires completion of an SF-424, the government-wide standard application form for federal assistance. The SF-424 will be provided with the notification from the COPS Office. Once you have completed the form, please attach it to your application along with your other relevant attachments. If you have not renewed your COPS Office Account Access information, please contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770. To apply, please navigate to the COPS Office Application Program, which is located under the Applications Portal Menu and select the Collaborative Reform Initiative program.

See "How to Apply/Application Submission" for more information.

For technical assistance with submitting the online application via the COPS Office website, please call 800-421-6770 or send questions via e-mail to AskCopsRC@usdoj.gov. See "How to Apply/Application Submission" for more information.

Deadline: Application

All completed applications must be submitted by **November 1, 2017, at 4:59 p.m. EDT**. Please see “How to Apply/Application Submission” for more information.

Applicants are required to notify the COPS Office about interest in applying for the CRI-TA solicitation via the COPS Office Response Center at 800-421-6770. This notification will initiate the COPS Office Online Application System for the applicant.

Applicants must complete a SF-424 that will be provided through the COPS Office notification and upload it to their application in section 13 as described within this application guide. Applicants should go to the COPS Office website (www.cops.usdoj.gov) to complete their application by **November 1, 2017, at 4:59 p.m. EDT**.

Eligibility Requirements

This solicitation is open to law enforcement stakeholder associations (membership organizations). Applicants must have or plan to develop the capacity to provide technical assistance to assist law enforcement agencies with issues that they identify that will improve their organizational, public safety, and crime-reduction effectiveness. Applicants may partner with other organizations to leverage their respective knowledge, skills, and capacity to provide a comprehensive approach to the proposed technical assistance. Program-Specific Information

CRI-TA funds are used to advance the practice of community policing by providing technical assistance to state, local, territorial, and tribal law enforcement agencies on a variety of topics that are tailored to meet their unique needs. This program provides practical “by the field, for the field” technical assistance from leading experts in public safety, crime reduction, and community policing topics. The COPS Office will determine which law enforcement agencies will receive technical assistance.

Applicants should submit scalable proposals totaling \$7,190,000 over a two-year period. Note that the COPS Office may reduce funding for selected proposals based on the number of awards granted. All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law.

This solicitation is being announced as an open competition and recipients will be expected to begin work immediately upon selection.

Applicants may not submit multiple applications.

Program goals

The goal of the CRI-TA program is to develop and execute a national law enforcement technical assistance program for state, local, territorial, and tribal law enforcement agencies that will improve their organizational, public safety, crime reduction, and community policing effectiveness while reflecting the U.S. Department of Justice’s (DOJ) priority of recognizing local control and accountability for effective policing. The technical assistance offerings will include the following menu of specific topics:

- 21st century CompStat to support state of the art management principles, cutting edge crime analysis, and GIS to support crime reduction
- Active shooter response
- Coordination with prosecutors, other public sector stakeholders, and private sector stakeholders
- Crime reduction strategy support for tribal law enforcement
- Effective intelligence and information sharing between federal and local law enforcement to support public safety goals (including counterterrorism and homeland security)
- Focused deterrence approaches to support broader public safety goals (expanding beyond gun violence reduction to include drug markets, domestic violence, at-risk youth, and gangs)
- Gun violence prevention best practices to reorient from a reactive policing and crime response approach to proactive policing
- Mass casualty response
- Officer safety and wellness
- Police response to mass demonstrations
- Problem solving techniques and strategies targeting crime reduction and in particular violent, gang, and drug crime
- Shared service models for smaller jurisdictions to support effective crime reduction efforts (including investigations and crime analysis)
- Training (i.e., in-person, web-based, train-the-trainer) for de-escalation strategies, crisis intervention, and citizen engagement to address violent crime
- Youth deterrence and intelligence gathering techniques designed to prevent gang participation

Applicants should deliver assistance as quickly and efficiently as possible, providing technical assistance to assist law enforcement agencies with what the agencies identify as most needed within these topics to improve their ability to conduct their crime fighting and public safety mission.

Program description

- The COPS Office seeks to award one or more projects of up to \$7,190,000 to provide direct technical assistance to state, local, territorial, and tribal law enforcement agencies across the nation.
- Applicants should submit scalable proposals totaling \$7,190,000 over a two-year period. Note that the COPS Office may reduce funding for selected proposals based on the number of awards selected. The COPS Office may revise the proposed scope and modify the associated budget proposal accordingly.
- Applicants should have a demonstrated understanding of and expertise in a wide range of community policing, crime reduction, and public safety best practices and experience with and capacity to provide substantial and concurrent technical assistance to law enforcement agencies on a range of law enforcement, public safety, and crime reduction topics.

The COPS Office seeks proposals from applicants to provide guidance, support, and logistics to deliver technical assistance directly to law enforcement agencies over the course of the award. Each technical assistance engagement will be unique, varied in scope, and tailored to meet the needs of the requesting agency. The applicant must have the capacity to provide technical assistance on the specific topic areas identified under “Program Goals.”

Eligibility for the solicitation is limited to law enforcement stakeholder associations (membership organizations). Applicants may submit proposals that include partnerships with other organizations to leverage their respective knowledge, skills, and capacity to provide a comprehensive approach to this national technical assistance program. Applicants must demonstrate their eligibility within their proposal and, if applicable, explain how project partners enhance the applicant organization’s existing knowledge, skills, and capacity.

The applicant must have the capacity to develop and manage a cadre of seasoned and nationally respected law enforcement and public safety subject matter experts and trainers, have experience working with law enforcement agencies as expert consultants, and have the ability to deliver direct technical assistance. In addition, the applicant must exhibit the flexibility to provide technical assistance to sites on a wide variety of issues and have a thorough understanding of community policing and the other specialized crime and law enforcement topics that will be offered through this program (outlined under “Program Goals”). The applicant must also demonstrate experience and capacity to manage ongoing and concurrent technical assistance efforts across the country.

The applicant may be asked to develop and produce documents summarizing best practice guidance and recommendations around the requested technical assistance topic(s). These user-friendly documents would contain actionable and practical guidance tailored for law enforcement executives and practitioners with a focus on the production of information that would be of immediate value to the law enforcement agency.

Applicants must demonstrate their capacity to develop and manage a public technical assistance website for this program and an intake, selection, site management, and technical assistance delivery process for agencies requesting technical assistance.

Applicants must describe how they will assess the effectiveness of the technical assistance delivered in addressing law enforcement recipients' identified needs and challenges. For example, data may be collected by the applicant on a biennial basis during the technical assistance delivery period for every law enforcement agency recipient under the CRI-TA program.

Consideration will be given to budget proposals that maximize the direct funding that supports technical assistance to state, local, and tribal law enforcement agencies.

Applicants must demonstrate the capacity to assist agencies by bringing best practices, subject-matter expertise, training, and other resources to bear that have a clear and articulable nexus to effective law enforcement operations, public safety needs, and crime reduction goals. Applicants must also identify the proposed technical assistance methods they will use in providing support on the following community policing, public safety, and crime reduction topics:

- 21st century CompStat to support state of the art management principles, cutting edge crime analysis, and GIS to support crime reduction
- Active shooter response
- Coordination with prosecutors, other public sector stakeholders, and private sector stakeholders
- Crime reduction strategy support for tribal law enforcement
- Effective intelligence and information sharing between federal and local law enforcement to support public safety goals (including counterterrorism and homeland security)
- Focused deterrence approaches to support broader public safety goals (expanding beyond gun violence reduction to include drug markets, domestic violence, at-risk youth, and gangs)
- Gun violence prevention best practices to reorient from a reactive policing and crime response approach to proactive policing
- Mass casualty response
- Officer safety and wellness
- Police response to mass demonstrations
- Problem solving techniques and strategies targeting crime reduction, and in particular violent, gang, and drug crime
- Shared service models for smaller jurisdictions to support effective crime reduction efforts (including investigations and crime analysis)
- Training (i.e. in-person, web-based, train-the-trainer) for de-escalation strategies, crisis intervention, and citizen engagement to address violent crime
- Youth deterrence and intelligence gathering techniques designed to prevent gang participation

Length of award term, maximum federal share, and local share requirements

All awards will have a performance period of two years in duration. There is no local match required.

The COPS Office will review reasonable requests made for no-cost time extensions in the event that all award funds have not been expended within the award performance period. Extension request notifications will be sent to recipients approximately 90 and 60 days prior to the award end date. Any extensions granted will be for time only and not for additional funding. Please be advised that all extension requests must be received by the COPS Office prior to the official award end date.

Federal funding: Allowable and unallowable costs

All items requested will be considered on a case-by-case basis during the budget review process. Items under the program must be purchased using the legislative guidelines established by the appropriations legislation that governs this funding. In addition, each item requested must programmatically link to the activities described in your application. To the greatest extent practical, all equipment and products purchased with these funds must be American-made. The recipient may not earn or keep any profit resulting from this award unless expressly authorized in writing by the COPS Office.

Allowable costs: Fundable requests

Allowable project costs must meet certain criteria to be charged to the federal award. Please refer to the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 C.F.R. Part 200, Subpart E – Cost Principles available at www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl for more information.

Each requested budget item must be allowable, necessary, allocable, and reasonable to the project activities.

Budget requests may be made in the following categories:

- Civilian base salary
- Contracts/Consultants
- Equipment/Technology
- Fringe benefits
- Indirect costs
- Other costs
- Supplies
- Travel/Training

Requests for reimbursement of items purchased or expenses incurred prior to the award start date will not be funded. For more information on allowable and unallowable costs, please refer to the instructions for completing the budget in this application guide.

Unallowable costs: Requests will NOT be funded

Civilian base salary

- If your organization charges an indirect cost, those costs normally include the following positions and therefore these positions should not be charged as personnel to avoid possible duplication:
- Accounting (e.g., controller or bookkeeper)
- Administration (e.g., director or program head) (refer to CRI-TA FAQs)
- Clerical (e.g., secretary or administrative assistant)

- Housekeeping and maintenance (e.g., custodial and janitorial, repairman, or grounds keeper)
- Procurement (e.g., purchasing director or stockroom clerk)

NOTE: These positions can be charged directly if the individual is working a significant amount of time on the project. This will be approved on a case-by-case basis and your narrative should significantly articulate the need to charge these directly if applicable.

- Salaries and benefits of personnel that do not work directly on the project are not allowed.

Contracts/Consultants

- Maintenance or service contracts that extend the life of the award period (multiyear contracts and extended warranties are allowable but must be paid in full within the initial award period and must not exceed the award period)

Equipment/Technology

- Ammunition
- Bayonets
- Body armor
- Body worn cameras
- Bulletproof vests and accessories
- Camouflage uniforms
- Computer aided dispatch (CAD) systems/records management systems (RMS)
- Electronic control weapons (ECW)
- Explosives
- Firearms
- Fitness equipment
- General law enforcement vehicles (including patrol cars and leased vehicles)
- Golf carts/Segways
- Grenade launchers
- Handcuffs, weapons, and ammunition (including training ammunition)
- Manned aircraft
- Mobile data terminals (MDT)
- Radios
- Shared items between projects—if equipment is to be used for concurrent projects, then this should be captured in your indirect costs. If your organization does not have an indirect cost rate agreement, this may be proportionally charged as direct with prior approval.
- Tracked (armored) vehicles
- Unmanned aerial vehicles (drones)
- Weaponized aircraft, vessels, and vehicles of any kind

Fringe benefits

- If your indirect cost rate agreement includes fringe benefits, you may not charge these costs directly to the project.

Travel/Training

- Costs exceeding federal travel regulations if no other organizational written policy is supplied that supersedes these established rates
- Food and beverages at conferences, meetings, or trainings your organization is hosting
- Local travel costs (lodging, meals, per diem, or transportation costs) within a 50-mile radius of the project location
- Mileage reimbursement, rental cars, parking fees, or taxi fare for local travel within a 50-mile radius of the project location

Supplies

- Narcan
- Shared items between projects—if supplies are to be used for concurrent projects, then this should be captured in your indirect charges or you should only charge the percentage allocated to this project (for example, if a laptop is being purchased for a research assistant who works 40 percent of their time on this project, then only charge 40 percent of the laptop cost to this project).

Other

- Office rental or lease space, except for costs proportionate to work conducted under CRI-TA awards (if included within an indirect cost rate negotiated agreement)
- Publishing services—the COPS Office provides publishing services and printing for deliverables and other project materials; therefore, these costs cannot be directly charged unless approved on a case-by-case basis.

This is not an exhaustive list of unallowable costs. The COPS Office reserves the right to deny funding for any items that may not be included on the list above.

Monitoring, reporting, and evaluation requirements

Federal law requires that organizations receiving federal funding from the COPS Office be monitored to ensure compliance with their award conditions and other applicable statutory regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the DOJ. Award monitoring activities conducted by the COPS Office include site visits, enhanced office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. If awarded funds, you agree to cooperate with and respond to any requests for information pertaining to your award in preparation for any of the above-referenced award monitoring activities.

Awarded agencies will be responsible for submitting Programmatic Progress Reports and Federal Financial Reports on a quarterly basis. In addition, awarded agencies will be responsible for the timely submission of a final Closeout Report and any other required final reports. All COPS Office recipients will be required to participate in such award monitoring activities of the DOJ, including but not limited to the COPS Office, the Office of the Inspector General (OIG), or any entity designated by the COPS Office.

Please note that the COPS Office may take a number of monitoring approaches, such as site visits, enhanced office-based grant reviews, alleged noncompliance reviews, and periodic surveys to gather information and to ensure compliance. Program and monitoring specialists as well as auditors are particularly interested in confirming that the purchase of items and services is consistent with the applicant's approved award budget as reflected on the Financial Clearance Memo (FCM) and Final Funding Memorandum.

Though a formal assessment is not a requirement, awarded agencies are strongly encouraged to conduct an independent assessment of their respective award-funded projects. Project evaluations have proven to be valuable tools in helping departments identify areas in need of improvement, providing data of successful processes, and reducing vulnerabilities.

Please feel free to contact your COPS Office Program Manager at 800-421-6770 to discuss any questions or concerns you may have regarding the monitoring, reporting, and evaluation requirements.

Reporting

If funded, all recipients will be required to electronically submit their financial reports using the SF-425 form by the 30th day following the end of each calendar quarter, and a final report is due 90 days following the award end date. Recipients who do not submit SF-425 reports by the due date will be unable to draw down funds.

In addition, if awarded funds, all award recipients will be required to electronically submit quarterly progress reports and a final progress report. The COPS Office will notify the award recipient when the progress report is due and provide instructions for submission.

Performance Measures

To assist in fulfilling the DOJ’s responsibilities under the Government Performance and Results Act Modernization Act (GPRA Modernization Act) of 2010, P.L. 111-352, recipients who receive funding from the Federal Government must measure the results of work that funding supports. This Act specifically requires the COPS Office and other federal agencies to set program goals, measure performance against those goals, and publicly report progress in the form of funding spent, resources used, activities performed, services delivered, and results achieved.

Performance measures for CRI-TA are as follows:

Objective	Performance measures	Data recipient provides
Assist law enforcement agencies with identified critical needs to improve their ability to conduct their crime fighting and public safety mission, through the delivery of timely technical assistance.	Extent to which CRI-TA technical assistance assists recipient law enforcement agencies in addressing their identified critical needs in support of their crime fighting and public safety mission.	CRI-TA recipients may rate the effectiveness of the technical assistance delivered in addressing their identified needs and challenges. Data will be collected by the applicant on a biennial basis during the technical assistance delivery period for every law enforcement agency recipient under the CRI-TA program.

As part of the programmatic progress report, CRI-TA recipients will be required to report on their progress toward implementing their award. Based on the data collected from recipients, the COPS Office may make improvements to the CRI-TA program to better meet the program’s objective and law enforcement agency needs.

Applicants that were not previously registered in the CCR database must register in the SAM database prior to beginning of the CRI-TA application process. Information about SAM registration procedures can be accessed at www.sam.gov.

Obtaining a Data Universal Numbering System (DUNS) number

The Federal Government requires that all applicants for federal awards, with the exception of individuals other than sole proprietors, have a Data Universal Numbering System (DUNS) number prior to application submission. The DUNS number is used to identify related organizations that are receiving funding under awards and to provide consistent name and address data for electronic award application systems. A DUNS number may be obtained by telephone at 866-705-5711 or via the Internet at fedgov.dnb.com/webform.

Data Universal Numbering System (DUNS) number

- The DUNS number is a unique nine- or 13-digit identification number provided by Dun & Bradstreet (D&B).
- The DUNS number is site-specific. Therefore, each distinct physical location of an entity (such as branches, divisions, and headquarters) may be assigned a DUNS number. Organizations should try to keep DUNS numbers to a minimum. In many instances, a central DUNS number with a DUNS number for each major division, department, or agency that applies for an award may be sufficient.
- You should verify that you have a DUNS number or take the steps needed to obtain one as soon as possible, if there is a possibility you will be applying for future federal awards. There is no need to wait until you are submitting a particular application.
- **If you already have a DUNS number.** If you, as the entity applying for a federal award agreement, previously obtained a DUNS number in connection with the federal acquisition process or requested or had one assigned to you for another purpose, you should use that number on all of your applications. It is not necessary to request another DUNS number from D&B. You may request D&B to supply a family tree report of the DUNS numbers associated with your organization. Organizations should work with D&B to ensure the right information is on the report. Organizations should not establish new numbers, but use existing numbers and update or validate the information associated with the number.
- **If you are not sure whether you have a DUNS number,** call D&B using the toll-free number 866-705-5711 and indicate that you are a federal award applicant or prospective applicant. D&B will tell you if you already have a number. If you do not have a DUNS number, D&B will ask you to provide the information listed below and will immediately assign you a number, free of charge.

To obtain your DUNS number

- The requestor may obtain a DUNS number via the Internet at fedgov.dnb.com/webform.
- The requestor may also obtain a DUNS number via telephone at 866-705-5711. The phone is staffed from 8:00 a.m. to 6:00 p.m. (local time of the caller when calling from within the contiguous United States). Calls placed to the above number outside of those hours will receive a recorded message requesting the caller to call back between the operating hours. The process to request a number takes about 5–10 minutes. A DUNS number will be assigned at the conclusion of the call. You will need to provide the following information:
- Legal name
- Headquarters name and address for your organization
- Doing business as (DBA) or other name by which your organization is commonly known or recognized
- Physical address, city, state, and ZIP code
- Mailing address (if separate from headquarters or physical address)
- Telephone number
- Contact name and title
- Number of employees at your physical location

Managing your DUNS number

- D&B periodically contacts organizations with DUNS numbers to verify that their information is current. Organizations with multiple DUNS numbers may request a free family tree listing from D&B to help determine what branches or divisions have numbers and whether the information is current. Please call the dedicated toll-free DUNS number request line at 866-705-5711 to request your family tree.
- D&B recommends that organizations with multiple DUNS numbers have a single point of contact for controlling DUNS number requests to ensure that the appropriate branches or divisions have DUNS numbers for federal purposes.
- As a result of obtaining a DUNS number you have the option to be included on D&B's marketing list that is sold to other companies. If you do not want your name or organization included on this marketing list, request to be de-listed from D&B's marketing file when you are speaking with a D&B representative during your DUNS number telephone application.

Obtaining a DUNS number is absolutely free for all entities doing business with the Federal Government. This includes award and cooperative agreement applicants or prospective applicants and federal contractors. Be certain to identify yourself as a federal award applicant or prospective applicant.

Registering with the System for Award Management (SAM)

Applicants for all federal awards are required to register with the System for Award Management (SAM). If your organization already has an Employer Identification Number (EIN), your SAM registration will take up to two weeks to process. If your organization does not have an EIN, then you should allow two to five weeks for obtaining the information from the IRS when requesting the EIN via phone, fax, mail, or Internet. Follow the steps listed below to register in the SAM.

To register in SAM, follow the next steps:

Step 1.

Obtain a DUNS number at www.dnb.com/us or call 866-705-5711.

Step 2.

Access the SAM online registration through the SAM home page at www.sam.gov and follow the online instructions for new SAM users.

Step 3.

Complete and submit the online registration. If you already have the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of your business or organization. Please note that organizations must update or renew their SAM registration at least once a year to maintain an active status.

To migrate your legacy system user account from Central Contractor Registration (CCR), FedReg, ORCA, or EPLS, you must first create a personal account in SAM by clicking on “Create an Account” on the homepage. An individual account is required to manage entity registrations in SAM. You will not be able to manage your registration unless you create a system account in SAM. Once you validate that you have access to the e-mail address you provided during the registration process and login, you will see a message on the user dashboard (My SAM) that will ask you, “Would you like to migrate a legacy system account?” Click “Yes” to begin the migration process. Alternatively, you may click on “Manage My User Roles,” then on “Migrate Legacy Account” link to begin the migration process. The roles you had with the legacy system will be mapped to your SAM account.

To update your entity’s SAM registration, follow the next steps:

Step 1.

Go to the SAM homepage (www.sam.gov), enter your username and password, and then click the “Log In” button.

Step 2.

Select “Complete Registrations” under Registration/Update Entity” in the left navigation pane.

Step 3.

Select the entity record that you want to update and click the “Update” button.

For more details on updating your registration, please refer to the SAM User Guide, available at www.sam.gov.

If awarded funds, your agency must maintain the currency of your information in the SAM database until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

To review the System for Award Management and Universal Identifier Award Term, please see the appendices of this guide.

Geographic Names Information System (GNIS) ID number

The Geographic Names Information System (GNIS) database is maintained by the U.S. Geological Survey, U.S. Department of the Interior. The database assigns a unique, permanent feature identifier, the feature ID, which is the only standard federal key for integrating or reconciling feature data from multiple datasets.

To determine your jurisdiction's feature ID number, follow these steps:

- Go to geonames.usgs.gov and click on "Search Domestic Names."
- From this screen, you can enter the name of your jurisdiction (for example, "Cleveland").
- Select your state ("Ohio").
- Click "Send Query." (The results will show that Cleveland, Ohio, is a populated place with a feature ID of 1066654.)
- Enter this seven-digit number into your application form. Some jurisdictions may have feature IDs of less than seven digits; for example, American University is a school in the District of Columbia with a feature ID of 531560. In this case, you should place a "0" in front of the number to ensure that seven digits are entered into the application form (e.g., 0531560).

Deadline/Application period

The application period for the 2017 CRI-TA program begins **October 2, 2017**. All applications must be submitted by **November 1, 2017, at 4:59 p.m. EDT**. Applications submitted after **November 1, 2017, at 4:59 p.m. EDT** will not be considered for funding.

I. & II. Assurances and Certifications

Applicants to COPS Office programs are required to sign the standard Assurances and Certifications forms. Signing these documents assures the COPS Office that you have read and understood and that you accept the terms and conditions as outlined in the Assurances and Certifications. Please read these documents carefully, as signatures on these documents are treated as material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines to make an award.

III. Disclosure of Lobbying Activities

This disclosure form shall be completed by the reporting entity, whether subrecipient or prime federal recipient, at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. § 1352. IV. Supplementing, Not Supplanting – Not applicable under the CRI-TA program

V. Procurement and sole source justification

Sole source, or procurement by noncompetitive proposals, is procurement through solicitation of a proposal from only one source. Sole source procurements must adhere to the standards set forth in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.318, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.

For the purchase of equipment, technology, or services under a COPS Office award, recipients must follow their own policies and procedures on procurement as long as those requirements conform to the federal procurement requirements set forth in 2 C.F.R. § 200.320 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. A sole source procurement request should be submitted if a recipient determines that the award of a contract through a competitive process is infeasible. If a recipient determines that the award of a contract through a competitive process is infeasible, and if one of the following circumstances applies—(1) the item or service is available only from one source; (2) the public exigency or emergency for the requirement will not permit a delay

resulting from competitive solicitation; (3) competition is determined inadequate after solicitation of a number of sources number of sources. Based on one or more of the circumstances above, the COPS Office expressly authorizes noncompetitive proposals in response to a written request from the law enforcement entity—the award recipient must seek written authorization from the COPS Office for sole source procurements in excess of \$150,000. Written approval for sole source procurements from the COPS Office must be received prior to purchasing equipment, technology or services; obligating funding for a contract; or entering into a contract with award funds.

Requests for sole source procurements of equipment, technology, or services in excess of \$150,000 must be submitted to the COPS Office in writing certifying that the award of the contract through full and open competition is infeasible. The sole source procurement request must be prepared on department letterhead.

The request should also include the following information:

Section I – A brief description of the project, the amount to be designated for the sole source procurement, and the purpose of the contract.

Section II – A statement identifying which one (or more) of the three circumstances identified below apply to the procurement transaction and an explanation as to why it is necessary to contract in a noncompetitive manner. Include supporting information as identified below under the applicable section(s).

1. The item or service is available only from one source.
 - Uniqueness of items or services to be procured from the proposed contractor or vendor (compatibility, patent issues, etc.)
 - How the agency determined that the item or service is only available from one source (market survey results, independent agency research, patented or proprietary system, etc.)
 - Explanation of need for contractor’s expertise linked to the current project (knowledge of project management, responsiveness, experience of contractor personnel, prior work on earlier phases of project, etc.)
 - Any additional information that would support the case
2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation.
 - When the contractual coverage is required by your department and why
 - Impact on project if deadline dates are not met
 - How long it would take an alternate contractor to reach the same required level of competence (equate to dollar amounts, if desired)
 - Any additional information that would support the case
3. Competition is determined inadequate after solicitation of a number of sources.
 - Results of a market survey to determine competition availability; if no survey is conducted, please explain why not
 - Any additional information that would support the case

Section III – A declaration that this action or choice is in the best interest of the agency.

Upon receipt of the request for sole source authorization, the COPS Office will review to determine if competition is infeasible, and your agency will be contacted if any of the identified information is missing or if additional supporting information is required. If the COPS Office determines that the request does not meet the standards set forth above, the request will be denied.

Please be advised that conflicts of interest are prohibited under the procurement standards set forth in 2 C.F.R. § 200.318 as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.

If you have any questions regarding the federal requirements that guide procurement procedures, please contact the COPS Office Response Center at 800-421-6770.

IX. System for Award Management (SAM) and Universal Identifier requirements

Unless exempted from this requirement under 2 C.F.R. § 25.110, the recipients must maintain the currency of their information in the SAM until submission of the final financial report required under this award or receipt of the final payment, whichever is later. If applicable, the FFATA Subaward Reporting System (FSRS), accessible via the Internet at www.frs.gov, is the reporting tool recipients under this solicitation will use to capture and report subaward information and any executive compensation data required by FFATA.

The subaward information entered in FSRS will then be displayed on www.USASpending.gov, associated with the prime award, furthering federal spending transparency.

Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the applicable reporting requirements should it receive funding.

The document will have you breakout each event or training deliveries and ensures that all costs comply with current guidelines and policies on event and training planning, food and beverages, and minimizing costs. Training or events should not be scheduled or delivered prior to receiving notice from your program manager that the CCR is approved.

All cooperative agreement must submit reports on conferences with total costs that exceed \$20,000 or that exceed cost thresholds or for any conference at which more than 50 percent of the attendees were DOJ employees. The report must be submitted within 45 days of the end of the event. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Award monitoring activities conducted by the COPS Office include site visits, enhanced office-based award reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. Recipients agree to cooperate with and respond to any requests for information pertaining to their award.

Prior to award, applications for potential awards will receive a financial integrity review to evaluate the fiscal integrity and financial capability of applicants and to examine proposed costs and the extent to which the budget detail worksheet and narrative accurately supports and explains project costs. This review will also assess whether costs are reasonable, necessary, and allocable under applicable federal cost principles and agency regulations. This financial review will be conducted by the COPS Office staff.

Past performance on previous awards may be an indicator in this review process. Financial and programmatic performance factors may be included in the past performance review.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Director of the COPS Office, who may also give consideration to factors including underserved populations, population served, geographic diversity, strategic priorities, past performance, risk, available funding when making awards, and other factors.

Prior to making any award greater than the simplified acquisition threshold (currently set at \$150,000), any information about applicants that is in the designated integrity and performance system accessible through SAM will be reviewed and considered. Applicants may review and comment on any information about them in SAM that a federal awarding agency previously entered in the designated integrity and performance system, and such applicant comments will also be reviewed and considered.

Federal award administration information

Federal award notices

Award notification will be sent electronically. To officially accept and begin your award, your agency must access www.cops.usdoj.gov and select the "Account Access" tab in the upper right corner to log in, review, and electronically sign the award document (including award terms and conditions) and, if applicable, the special award conditions or high risk conditions within 90 days of the date shown on the award congratulatory letter, unless an extension is requested and granted.

Your agency will not be able to draw down award funds until the COPS Office receives your signed award document. For more information please contact the COPS Office Response Center at 800-421-6770.

The award document

The award document is the document indicating your official award funding amount, the award number, the award terms and conditions, and award start and end dates.

The award document is preprinted with your agency's law enforcement and government executives' names. If this information is incorrect or has changed, please update your "Agency Contacts" online at www.cops.usdoj.gov through the "Account Access" tab. If the law enforcement or government official has changed since the time of application, please have the current law enforcement executive or government executive for your agency create

an account through the “Account Access” tab, log in, and sign the award document once your agency contacts have been updated online. Once you have reviewed your award document, please electronically sign it and make a copy of all pages of the document for your records, along with all award condition pages, within 90 days of the date shown on the award congratulatory letter.

The award start date indicated on the award document or cooperative agreement means that your agency may be reimbursed for any allowable costs incurred on or after this date. The duration of Collaborative Reform Initiative for Technical Assistance awards will be two years.

Your FY 2017 award number is in the following format: 2017-CRWXK-0000. The COPS Office tracks award information based upon this number. Therefore, it is important to have your agency’s award number (or your agency’s ORI number) readily available when corresponding with the COPS Office.

Your originating agency identifier (ORI) number begins with your state abbreviation followed by five numbers or letters (e.g., VA00000). This number is assigned by the Federal Bureau of Investigation (FBI) for use in tracking information for the Uniform Crime Report (UCR). The COPS Office tracks programmatic award information based upon this ORI number. If your agency does not have an ORI number assigned by the FBI, the COPS Office assigns a nonofficial ORI code to use as an agency identifier (in such cases, the last two characters will be “ZZ”). If you have any questions regarding your award, please refer to your award number or your agency’s ORI number when you contact the COPS Office.

The award conditions are listed on your agency’s award document. By accepting this award, you are obtaining federal funds from the COPS Office. As part of that agreement, if awarded funds, your agency will acknowledge that it will comply with these conditions (and, if applicable, additional special conditions specific to your agency).

In limited circumstances, your award may be subject to special conditions that prevent your agency from drawing down or accessing award funds until the special conditions are satisfied as determined by the COPS Office. Any special conditions will be included with your award.

Administrative and national policy requirements

If selected for funding, in addition to implementing the funded project consistent with the approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements including, but not limited to OMB, DOJ, or other federal regulations that will be included in the award or incorporated into the award by reference or are otherwise applicable to the award.

Please see general terms and conditions of this guide for more information.

Suspension or termination of funding

The COPS Office may suspend, in whole or in part, or terminate funding or impose other sanctions on a recipient for the following reasons:

- Failure to adhere to award agreement requirements or special conditions
- Failure to make satisfactory progress toward the goals or strategies set forth in this application
- Failure to submit required or requested reports
- Failure to substantially comply with the requirements or objectives of the Public Safety Partnership and Community Policing Act of 1994, program guidelines, or other provisions of federal law

- Filing a false statement or certification in this application or other report or document
- Proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application not being selected for funding
- Other good cause shown

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

Awards terminated due to noncompliance with the federal statutes, regulations, or award terms and conditions will be reported to the integrity and performance system accessible through SAM (currently FAPIIS).

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and any other remedy available by law.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Section 3. General agency information

Please provide accurate agency information, as this information is used to identify your agency and may be used along with other data collected to determine funding eligibility.

Applicant ORI number

The ORI number is assigned by the FBI and is your agency's unique identifier. The COPS Office uses the first seven characters of this number. The first two letters are your state abbreviation, the next three numbers are your county's code, and the next two numbers identify your jurisdiction within your county. If you do not currently have an ORI number, the COPS Office will assign one to your agency for the purpose of tracking your award. Applicant Data Universal Numeric System (DUNS) number

The Federal Government requires that all applicants for federal awards, with the exception of individuals other than sole proprietors, have a Data Universal Numbering System (DUNS) number prior to application submission. A DUNS number is a unique nine- or thirteen-digit sequence recognized as the standard identifier for entities receiving federal funds, and provides consistent name and address data for electronic award application systems. A DUNS number may be obtained by telephone at 866-705-7511 or via the Internet at fedgov.dnb.com/webform. For more information about how to obtain a DUNS number, please refer to the "How to Apply/Application Submission" section of this application guide.

The System for Award Management (SAM) database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. The Federal Government requires that all applicants of federal award funds and cooperative agreements—with the exception of individuals other than sole proprietors—be registered in the database prior to application submission. Please contact the SAM Service Desk at 866-606-8220 or view or update your registration information at www.sam.gov. If your SAM registration is set to expire prior to September 30, 2017, please renew your SAM registration prior to completing this application. All applicants are required to maintain current registrations in the SAM database.

Please note that applicants must update or renew their SAM at least once per year to maintain an active status. For more information about how to register with SAM, please refer to the “How to Apply/Application Submission” section of this application guide.

Applicants are required to complete section 10 of the COPS Office Application Attachment to the SF-424 Form. Briefly summarize (in 3,000 characters or less) how your agency intends to use this award funding, if awarded, including how your proposed CRI-TA project will address the topic area for which you are applying. This information may be used to keep Congress or other executive branch agencies informed about CRI-TA projects.

Section 11. Project description (narrative)

Agencies that seek funding under this program are required to submit a project description. To do so, please develop one narrative that is responsive to the Program Description and Application Review Criteria as described within this Application Guide. The project narrative portion of the application is limited to 25 pages (maximum), double-spaced, 12-point font. Submit this narrative as an attachment under section 13 of the application.

The narrative will be a significant factor in the application review and approval process. Failure to provide this information will eliminate your application from consideration.

Please format your narrative using the following sections. The total length of the narrative should not exceed 25 pages.

Narrative sections

1. Strategy to achieve program outcomes and goals
Applicants should describe the specific project goals that are to be accomplished and provide a comprehensive description of the overall strategy and specific activities of the proposed work. Applicants should specify how these proposed activities will achieve the identified program outcomes and goals.
2. Capacity and experience
Please detail the capacity of your organization to carry out the proposed plan in the proposed timeframe of the project and explain your experience with other similar efforts. This should include a discussion of your key staff (including a cadre of subject-matter experts), what roles they will play, their education and experience in similar projects, and their understanding of the technical assistance topics provided and related subject matter. Applicants should demonstrate their capacity to develop and manage a website for this program, and an intake, selection, site management, and technical assistance delivery process for agencies interested in obtaining technical assistance. Applicants must identify the proposed technical assistance methods they will use in providing support on a range of community policing, public safety, and crime reduction topics.
3. Management and implementation plan
Applicants should describe the overall management and implementation plan for the project, specifically discussing how they will manage multiple simultaneous on-going technical assistance efforts. This should include how you will ensure effective implementation of the project; a brief timeline with a list of key activities and milestones to take place within the award performance period (two years for all awards under this solicitation), grouped by month or quarter; a management/ staffing plan detailing who will work on this project; identification of any key partnerships or stakeholders who will play a role in the implementation of this project; and a brief description of the plan to assess the effectiveness of this technical assistance (see Performance Measures).

Section 12. Official partner(s) contact information

Applicants may submit proposals that include partnerships with other organizations to leverage their respective knowledge, skills, and capacity to provide a comprehensive approach to the technical assistance proposal. If applicable, please submit a list of partnering agencies including contact person, organization name, address, phone number, and e-mail address. Letters of commitment from partnering organizations can be attached in section 13.

Regardless of whether you submit any partnering agencies, you still need to check the box and list the name of the person submitting this application.

Section 13. Application attachments

Project narrative and budget narrative

CRI-TA applicants are required to complete and attach a completed 424 Request for Federal Assistance form to section 13 of their application. They should also submit in section 13 the required project description described in section 11 (maximum 25 pages), resumes/vitas, the budget narrative, indirect cost rate agreement (if applicable),

sole source justification (if applicable), budget justification documentation (pay scales, travel policies, etc.), letters of commitment from partner organizations and documentation justifying consultant rates over \$650 per day if the consultant is hired through a noncompetitive bidding process (if applicable) must also be submitted in section 13, and do not count against the 25 page limit. Additional attachments are strongly discouraged.

Applicants should attach the vitae or resumes of key project staff, including proposed contractors and consultants, detailing work and educational history and highlighting any experience that is relevant to their ability to successfully carry out the proposed project. **Vita and resumes of key project personnel attachments** do not count toward the page limit. All CRI-TA applicants must attach a **budget narrative**. Your agency must create and attach a document that (1) describes each item requested or group of similar items requested and (2) links each item or group of items to the proposed project. All items will be reviewed on a case-by-case basis and in context of the allowable and unallowable costs lists. Budget narratives do not count toward the 25-page limit. See “Budget detail worksheets and budget narrative,” for instructions and sample information.

The project narrative portion of the application is limited to 25 pages, double-spaced, 12-point font. Applicants should include a brief timeline with a list of key activities and milestones to take place within the award period, grouped by month or quarter.

Please note the applicant may enter as much or as little text as needed to fully describe the project, as long as the total length of the project narrative portion does not exceed 25 pages. Please also note if the applicant exceeds the page limit, the pages beyond the limit requirement will NOT be reviewed.

Certification from each state or local government subrecipient’s chief legal officer.

For non-state or local government entities (e.g., Tribal, non-profit, private) that will use CRI-TA funds to make subawards to a state or local government entity, each state or local government subrecipient’s chief legal officer (e.g., City or County Attorney) must submit a separate certification regarding its compliance with 8 U.S.C. §1373. Each applicant that has already identified state or local government subrecipients must do the following:

- Print the Certification of Compliance with 8 U.S.C. §1373 form for Subrecipients from Appendix K or on the COPS Office website at <https://www.cops.usdoj.gov/default.asp?Item=2714>;
- Provide the Certification to each state or local government subrecipient;
- Ensure that the subrecipient’s chief legal officer completes the certification before the application deadline; and
- Upload the subrecipient certification(s) as attachment(s) in Section 13 of the online application system.

If the applicant has not yet identified subrecipients, the COPS Office will coordinate the subrecipient certification process post-award. Access to subrecipient funding will be contingent upon submission of completed Certifications from all state or local subrecipients.

Please use appropriately descriptive file names (e.g., Program Narrative, Budget Detail Worksheet and Budget Narrative, Timelines, Memoranda of Understanding, Resumes, etc.) for all attachments.

Please do not submit executable file types as application attachments. These disallowed file types include the following extensions: .com, .bat, .exe, .vbs, .cfg, .dat, .db, .dbf, .dll, .ini, .log, .ora, .sys, and .zip. The system may reject applications with files that use these or other disallowed extensions.

Section 14. Budget detail worksheets and budget narrative attachments

Instructions for completing the budget

Applicants are required to provide a specific description for each item included in the budget detail worksheets and explain how it supports the project goals and objectives outlined in their application. This information is to be submitted within your electronic application in the narrative spaces provided.

If you are not requesting anything under a particular budget category, please check the appropriate box in that category indicating that no positions or items are requested.

If indirect costs are applicable to your agency, please enter "1" for the computation (number of items). For computation (unit cost), include your total indirect costs for this project. Please explain only applicable indirect rates and amounts in your budget narrative. If the rate agreement is expired at the time of application, then you should submit documentation demonstrating that the rate is under review by your cognizant federal agency. If your agency requests indirect costs for a COPS Office award based on an expired rate, your agency may not draw down funding for indirect costs until the current approved rate agreement or an approved extension is submitted to the COPS Office. All final calculations should be rounded to the nearest whole dollar. Once the budget for your application has been completed, a budget summary page will reflect the total amounts requested in each category and the total project costs. Please note that consideration will be given to budget proposals that maximize the direct funding that supports technical assistance to state, local, and tribal law enforcement agencies.

Civilian base salary and fringe benefits

Civilian base salary

Salaries of personnel are costs based on the percentage of time spent (full time equivalent [FTE]) working directly on the project. The total salary percentage should be comparable and consistent with organizational policy. The total amount paid is comparable to industry standards and the type of work being performed.

Completing the budget form:

- Include name and position title of each individual working on the project as well as the description of the position. The description should outline the work to be completed by this individual on the project as well as annual salary information and percentage of time spent (projected FTE) on this project.
- For example, calculations should be broken down to the lowest form; therefore, if you are requesting an individual work 30 percent on the project, the calculation should be \$100,000 x 30% and not 1 x \$30,000.
- If the salary increases from one budget year to another due to cost of living increases, be sure to detail these increases in the budget description.

Fringe benefits

Fringe benefits are allowances and services provided by the organization to its employees as compensation in addition to regular salary. Typical fringe benefits include the following:

- Federal Insurance Contributions Act (FICA) taxes—includes Social Security and Medicare and cannot exceed 7.65 percent (6.2 and 1.45 percent respectively)
- Health insurance—individual or family
- Life insurance
- Vacation
- Sick leave
- Retirement
- State unemployment compensation insurance
- Federal unemployment tax
- Worker’s Compensation insurance
- Other fringe benefits may include holidays, military leave, bereavement leave, sabbatical leave, severance pay, jury duty, state disability insurance, pension plan, 401(k) plan

Completing the budget form:

- Include the “percentage of base” (salary) for each fringe benefit (the SMS system will automatically calculate the requested amount for each benefit based on the number entered here). For example, for Social Security and Medicare, you can check the fixed rate boxes for easier calculation.
- If you do not have a fringe breakdown but rather a flat fringe rate, include the rate under the “Other” category titled “Flat Fringe,” and attach your organization’s fringe rate agreement in section 13 of the application.

Equipment/Technology

Necessary equipment must be specifically purchased to implement or enhance the proposed project. Equipment is tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds \$5,000.

Completing the budget form:

- For each requested item, provide item type, description, and calculation.
- For description, please include justification for the need of each item relating to this project.

Your budget narrative should include the following:

- List of each equipment request and justification.
- If your agency is proposing to purchase equipment under this project, you must provide justification to the necessity of such purchases.
- Justification that this equipment is not available or accessible to project personnel without specifically purchasing through this award.

The following is a screenshot of the equipment/technology budget worksheet from the online application.

C. EQUIPMENT/TECHNOLOGY
 No Equipment/Technology Requested
 Instructions: List non expendable items that are to be purchased. Provide a specific description for each item in the description boxes below and explain how the item supports the project goals and objectives as outlined in your application. Non expendable equipment is tangible property (e.g., information technology systems) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the "SUPPLIES" or "OTHER" categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the "CONTRACTS / CONSULTANTS" category.
 Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.
 For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or inter-jurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.
 See <http://www.cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for this program. Please limit your descriptions to 1000 characters.

Supplies

Supplies costs consist of those incurred for purchased goods and fabricated parts directly related to an award proposal. Supplies differ from equipment in that they are consumable, expendable, and of a relatively low unit cost, defined as less than \$5,000 per unit. Such costs may include paper, printer ink, pens, pencils, laptops, etc. A computing device is a supply if the acquisition cost is less than \$5,000, regardless of the length of its useful life.

Completing the budget form:

- For each requested item, provide item type, description, and calculation.
- For description, please include justification for the need of each item relating to this project. For broad category requests (such as "Office Supplies"), explanation for project amounts should be provided and include calculations. Broad grouping of items under supplies are going to be limited to \$40 per month, otherwise items need to be individually captured and justified in the budget request.

For example, calculations should be broken down to the lowest form; therefore, if you are requesting \$30 per month for office supplies, the calculation should be 12 x \$30 and not 1 x \$360.

The following is a screenshot of the supplies budget worksheet from the online application.

D. SUPPLIES
 No Supplies Requested
 Instructions: List items by type (office supplies, postage, training materials, copying paper, books, hand-held tape recorders, computing devices costing less than \$5,000, etc). Provide a specific description for each item in the description boxes below and explain how it supports the project goals and objectives outlined in your application. Generally, supplies include any materials that are expendable or consumed during the course of the project, costing less than \$5,000.
 See <http://www.cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for this program. Please limit your descriptions to 1000 characters.

Travel/Training

Travel costs include the costs of transportation, lodging, meals, temporary dependent care, and incidental expenses incurred by personnel while on official business, such as attendance at an award-related meeting or conference when travel is further than 50 miles from program location. Travel and subsistence estimates are based on the contemplated number of trips, places to be visited, length of stay, transportation costs, subsistence allowances, and the recipient’s own travel policies. When charging travel costs to federal awards, award recipients must adhere to their internal travel policy.

Temporary dependent care costs above and beyond regular dependent care that directly results from conference travels are allowable as long as the costs incurred (1) are a direct result of the individual’s travel for the federal award; (2) are consistent with the recipient’s documented travel policy for all entity travel; and (3) are only temporary during the travel period.

If a recipient does not have a written travel policy, it must adhere to the Federal Travel Regulations (FTR). For information on the FTR and U.S. Government General Service Administration (GSA) per diem rates by geographic area, please visit www.gsa.gov/portal/content/104790.

Completing the budget form:

- Include each trip as an individual entry in the Travel/Training section. The name should reflect the name/title of the trip and should not be a group of trips.
- Registration includes the amount for the registration of the training/conference attendance.
- Lodging includes the amount for the hotel and any taxes/fees associated.
- Per diem includes the amount for GSA-approved meals and incidentals.
- Transportation includes all ground and air transportation as well as public transportation and parking fees.
- Include the detailed cost breakdown for each category in the narrative.
- For example, if the transportation is \$610, the description breakdown should include \$500/roundtrip flight + (3 days x \$20/day = \$60) for parking + \$30/taxi to airport + \$30/taxi from airport = \$610. If two people are traveling, then 2 should be reflected in the quantity rather than the full amount in the transportation section.

Your budget narrative should include:

- Purpose of trip
- Proposed destination
- Trip duration by day/night
- List of individuals travelling
- Cost and calculation breakdown (per person/per trip), including
 - mode of transportation and proposed fare per trip (airfare, train, etc.) broken down by day;
 - mileage allowances if private vehicle will be used;
 - per diem rates for the destination per day;
 - lodging costs per night;
 - transportation fees per day;
 - parking fees per day
- Written travel policy attached, if applicable

The following is a screenshot of the travel/training budget worksheet from the online application.

E. TRAVEL/TRAINING

No Travel/Training Requested

Instructions: Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the nonfederal entity. Itemize grant-related travel expenses of grantee personnel (excluding consultants, whose expenses are listed in section F) by event (e.g., mandatory training, staff to training, field interviews, advisory group meetings). Identify the location of travel whenever possible, and show the number of staff expected to attend each event. Training fees, transportation, lodging and per diem rates for trainees should be listed as separate travel items. Grantee travel costs specific to the grant project may be based on the grantee's written travel policy, assuming the costs are reasonable. Grantees without a written travel policy must follow the established federal rates (found at <http://www.gsa.gov>) for lodging, meals, and per diem. For all grantees (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available).
See <http://www.cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for this program. Provide a specific description in the description boxes below for each item and explain how the item supports the project goals and objectives as outlined in your application. Please limit your descriptions to 1000 characters.

Contracts/Consultants

Consultant expenses and contracts include goods or services that directly contribute to the implementation or enhancement of the project. The use of a consultant should be more economical than direct employment. Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with Office of Management and Budget (OMB) cost principles, and consistent with that

paid for similar services in the marketplace. The services should be commensurate with the rate or salary paid by the primary employer. Unless otherwise approved by the COPS Office, independent consultant rates will be approved based on the salary a consultant receives from his or her primary employer, as applicable, up to \$650 per day.

Completing the budget form:

- Include name of contract/consultant/travel/expense with a description of the scope of the work.
- Unless justification is provided, the daily rate for the consultant should not exceed \$650/day.
- Consultant travel should follow the same format as the travel section detailed in the section above.
- Similarly to supplies and equipment, consultant expenses should be broken out by item rather than one grouping.

Your budget narrative should include the following:

- List of consultants with justification, including
 - nature and scope of services rendered in relation to services required for the project;
 - necessity of contracting these services regarding the organizations capability;
 - whether services can be performed more economically by direct employment;
 - qualifications of individual and customary fees charged
- List of contracts with justification, including
 - nature and scope of goods purchased;
 - price proposals and length of contract
- List of consultant travel, including
 - purpose of trip;
 - proposed destination;
 - trip duration broken down by day/night;
 - list of individuals travelling;
- Cost and calculation breakdown (per person/per trip), including
 - mode of transportation and proposed fare per trip (airfare, train, etc.) broken down by day/night;
 - mileage allowances if private vehicle will be used;
 - per diem rates for the destination per day;
 - lodging costs per night;
 - transportation fees per day;
 - parking fees per day
- For consultant or contractor rates that exceed \$650 per day, the COPS Office requires written justification if the consultants or contractors are hired through a noncompetitive bidding process and recipients must receive COPS Office approval of those rates before drawing down award funds. Determinations of approval will be made on a case-by-case basis (refer to the consultant/contractor rate information fact sheet).
- Sole source justification for all proposed sole source procurements in excess of \$150,000 (refer to the sole source justification fact sheet)

The following is a screenshot of the contracts and consultants budget worksheets from the online application.

- For description, please include justification for the need of each item relating to this project.

The following is a screenshot of the other costs budget worksheet from the online application.

H. INDIRECT COSTS

No Indirect Costs Requested

Instructions: Indirect costs are allowed under a very limited number of specialized COPS Office programs. Please see <http://www.cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for the particular program to which you are applying. If indirect costs are requested, a copy of the agency's fully-executed, negotiated Federal Rate Approval Agreement must be attached to this application. If your organization is requesting indirect costs for this project, please include a copy of your current, signed federally approved indirect cost rate Negotiated Agreement. If the applicant does not have an approved rate, a rate can be requested by contacting the applicant's cognizant federal agency, which will review all documentation and approve a rate for the applicant organization. Please limit your description to 1000 characters.

Indirect Cost Description

Indirect Cost Description	Budget Base Total (\$)	Indirect Rate (%)	Approved Indirect Cost	Description (Explain how this item supports the project goals and objectives)
	Base cost: 0.00	0.00	0.00	
Total: 0.00				

Indirect costs

Indirect costs normally included in the indirect pool include the following:

- Personnel service—administration, clerical, accounting, procurement, housekeeping and maintenance, legal, library, public relations, automatic data processing
- Other costs—space rental, utilities, communication, taxes, insurance, materials and supplies, travel

Indirect cost rates may vary depending on your cognizant federal agency determinations. In some cases, project budgets may include more than one rate, particularly when offsite activity is conducted at a location other than the organizations premises. **Note:** Ensure the indirect calculation is in accordance with your agency's indirect cost rate agreement. If your organization has an expired indirect cost rate, the indirect cost category will be frozen until a current or provisional rate is provided (refer to CRI-TA FAQs).

If your agency has never received a negotiated indirect cost (IDC) rate, then you may request up to a flat 10 percent de minimis indirect cost rate applied to the modified total direct costs (MTDC).

If your IDC rate has expired, either you must renegotiate the rate or you may request a one-time extension from your cognizant agency. The negotiated cost rate may be extended for up to four years. Once the cognizant federal agency has approved your extension, you must abide by the rate for the agreed-upon time period. No further negotiations regarding indirect cost rates may occur until the extension has expired. At the end of the extension period, you must then negotiate a new indirect cost rate.

Applicants should pay particular attention to the two areas listed below to ensure that the application of their indirect cost rate is in compliance with the existing requirements of the government-wide award rules set out in the Office of Management and Budget (OMB) circular and regulations:

- **\$25,000 Subcontract/Subaward Limitation.** For institutions of higher education and nonprofit organizations, indirect cost rates negotiated on the basis of modified total direct costs may only be applied against the first \$25,000 of any subcontract or subaward under the agreement. This limitation must be applied to all conference related subcontracts and subawards, including those with hotels and travel agents. (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.400 et seq., as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101.)
- **Participant Support Costs.** For nonprofit organizations, in accordance with 2 C.F.R. part 200, Appendix IV, B.2.c. to Part 200—Indirect (F&A) Costs Identification and Assignment and Rate Determination for Nonprofit Organizations, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101: “The distribution base may be total direct costs (excluding capital expenditures and other distorting items, such as contracts or subawards for \$25,000 or more), direct salaries and wages, or other base which results in an equitable distribution. The distribution base must exclude participant support costs as defined in § 200.75 Participant support costs.”

Please note that only employees of the nonprofit organization are excluded from the definition of participant support costs. Costs related to contractors of the nonprofit organization who are acting in the capacity of a conference trainer/instructor/presenter/facilitator are considered participant support costs. For more information on allowable costs for conferences and training, please visit <https://ojp.gov/financialguide/DOJ>.

If you need additional information on an indirect cost rate negotiated agreement, go to the DOJ Grants Financial Guide at <https://ojp.gov/financialguide/DOJ>. If the applicant does not have an approved rate, a rate can be requested by contacting the applicant's cognizant federal agency, which will review all documentation and approve a rate for the applicant organization.

Completing the budget form:

- For each indirect rate related to this project, calculations should be entered as a percentage multiplied by the modified direct total base. For instance, if your rate is 25 percent and the base is \$100,000, your calculation should be .25 x 100,000, and not 1 x \$25,000. For institutions of higher education and other institutions where multiple indirect rates are applied, please enter each indirect rate as a separate line item with calculation breakdown and description for which each rate applies.
- A copy of the current, signed, federally approved indirect cost rate negotiated agreement must be uploaded to section 13 of this application.
- If your agency does not have a provisional or current indirect cost rate negotiated agreement or it is expired and under review, the applicant must submit supporting documents to show the applicant’s cognizant federal agency is reviewing the request.

Under the indirect costs category, the following items are generally unallowable:

- Participant travel costs are excluded from indirect cost calculations (refer to CRI-TA FAQs)

All final calculations should be rounded to the nearest whole dollar. Once the budget for your application has been completed, a budget summary page will reflect the total amounts requested in each category and the total project costs.

The following is a screenshot of the budget summary worksheet from the online application.

Section 15. Assurances and Certifications

Applicants to COPS Office programs are required to sign the standard Assurances and Certifications forms. Signing these documents assures the COPS Office that you have read and understood and that you accept the award terms and conditions as outlined in the Assurances and Certifications. Please read these documents carefully, as signatures on these documents are treated as material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines to award the covered award.

Section 16A. Disclosure of lobbying activities

This disclosure form shall be completed by the reporting entity, whether subawardee or prime federal recipient, at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. § 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

If this applies to your agency, you are required to complete the disclosure form. If you need to submit additional forms, please submit them as attachments to your application online in section 13, Application attachments.

Section 16B: Certification of Compliance with 8 U.S.C. § 1373

In FY 2017, all state or local government entity applicants (e.g., police departments, sheriff's departments, state police) and all non-state or local government entities that intend to use Collaborative Reform Initiative for Technical Assistance (CRI-TA) funds to make subawards to a state or local government entity are required to certify compliance with 8 U.S.C. § 1373 regarding prohibitions or restrictions on sending to, requesting or receiving from, maintaining, or exchanging information on citizenship or immigration status, including any prohibitions or restrictions imposed or established by a state or local government entity or official. State or local government subrecipients must also certify compliance with 8 U.S.C. §1373.

- A. For state and local government CRI-TA Applicants: This certification must be completed by the **governing** body's chief legal officer (e.g., City or County Attorney).
 - a. Set up a new user and roles in the COPS Office Agency Portal at **<https://www.cops.usdoj.gov/default.asp?Item=2714>**. Establish accounts for the law enforcement executive (LE)/program official (PO), government executive (GE)/ financial official (FO), and chief legal officer (CLO).
 - b. Set up an e-signature in the COPS Office Agency Portal at **<https://www.cops.usdoj.gov/default.asp?Item=2714>**. Establish an electronic signature for all officials (LE/PO, GE/FO, and CLO). This is critical as it enables your agency to sign important documents in the application process.
- B. For non-state or local government entities (e.g., Tribal, non-profit, private) that will use CRI-TA funds to make subawards to a state or local government entity, the Certification process will occur in two steps:
 - a. The applicant entity's chief legal officer must complete the Certification in the application to acknowledge that 8 U.S.C. §1373 will apply to any state or local government subrecipient.
 - b. Each state or local government subrecipient's chief legal officer (e.g., City or County Attorney) must submit a separate certification regarding its compliance with 8 U.S.C. §1373. Each applicant that has already identified state or local government subrecipients must do the following:
 - a) Print the Certification of Compliance with 8 U.S.C. §1373 form for Subrecipients from Appendix K or on the COPS Office website at **<https://www.cops.usdoj.gov/default.asp?Item=2714>**;
 - b) Provide the Certification to each state or local government subrecipient;

- c) Ensure that the subrecipient's chief legal officer completes the certification before the application deadline; and
- d) Upload the subrecipient certification(s) as attachment(s) in Section 13 of the online application system.

If the applicant has not yet identified subrecipients, the COPS Office will coordinate the subrecipient certification process post-award. Access to subrecipient funding will be contingent upon submission of completed Certifications from all state or local subrecipients.

We strongly recommend notifying the applicant's (and, as applicable, state or local subrecipients') chief legal officer of this certification requirement as soon as the CRI-TA application period opens so that they may conduct the required reviews necessary for completing the certification(s) before the application deadline.

Please contact the COPS Office Legal Division at 202-514-3750 if you have any questions regarding this requirement.

The use of typed names in this application and the required forms, including the Assurances, Certifications, and Disclosure of Lobbying Activities form, constitute electronic signatures and the electronic signatures are the legal equivalent of handwritten signatures.

Section 17. Reviews and certifications

Please be advised that an application may not be funded or, if awarded, a hold may be placed on this application if it is deemed that the applicant is not in compliance with federal civil rights laws, is not cooperating with an ongoing federal civil rights investigation, is not cooperating with a U.S. Department of Justice award review or audit, or any combination of these.

Applicants must certify whether or not their agency will use COPS Office funds (if awarded) to operate an interjurisdictional criminal intelligence system. If yes, the applicant assures the COPS Office that it will comply with the requirements of 28 C.F.R. Part 23.

The signatures of the law enforcement executive/agency executive, government executive/financial official, and the person submitting this application on the reviews and certifications represent to the COPS Office that

- the signatories have been legally and officially authorized by the appropriate governing body to submit this application and act on behalf of the award applicant entity;
- the applicant will comply with all legal, administrative, and programmatic requirements that govern the applicant for acceptance and use of federal funds as outlined in the applicable COPS Office application guide, the COPS Office award owner's manual, Assurances, Certifications, and all other applicable program regulations, laws, orders, and circulars;
- the applicant understands that false statements or claims made in connection with COPS Office programs may result in fines; imprisonment; debarment from participating in federal awards, cooperative agreements, or contracts; and/or any other remedy available by law to the Federal Government;

- the information provided in this application, including any amendments, shall be treated as material representations of fact upon which reliance will be placed when the U.S. Department of Justice determines to award the covered award;
- the applicant understands that as a general rule COPS Office funding may not be used for the same item or service funded through another funding source;
- the applicant and any required or identified official partner(s) listed in this award project and mutually agreed to this partnership prior to this award application.

The signatures of the law enforcement executive/agency executive and the government executive/financial official in the application must be the same as those identified in this application. Applications with missing, incomplete, or inaccurate signatories or responses may not be considered for funding.

The use of typed names in this application and the required forms, including the Assurances, Certifications, and Disclosure of Lobbying Activities form, constitute electronic signatures and the electronic signatures are the legal equivalent of handwritten signatures.

The authorized officials are the individuals in your organization who have final authority and responsibility for all programmatic and financial decisions regarding your application and, if funded, your award. For law enforcement agencies, the listed law enforcement executive (usually chief of police, sheriff, etc.) and the government executive (usually mayor, board president, etc.) are your agency's authorized officials.

authorized organizational representative (AOR). A person authorized by your e-business POC to submit applications to Grants.gov. This privilege should be provided only to those individuals who currently have signature authority for submitting award applications. The name of the individual designated as an AOR will be populated by the Grants.gov system in award application package forms, which require signatures. An organization can assign as many AORs to use Grants.gov as necessary.

automated booking system. An automated booking system captures arrestee fingerprints and photographic information electronically and often has the ability to transfer that information to a departmental or statewide database.

automated fingerprint identification system (AFIS). An AFIS is a highly specialized biometrics system that compares a single fingerprint image with a database of fingerprint images. Fingerprint images are collected from crime scenes or are taken from criminal suspects when they are arrested. Fingerprint images may be captured by placing a finger on a scanner or by electronically scanning inked impressions on paper.

award number. If awarded, the award number identifies your agency's specific award, and can be found on your award document. This number should be used as a reference when corresponding with the COPS Office. The COPS Office tracks award information based upon this number.

award start date. This is the date on or after which your agency is authorized to purchase items or hire positions that were approved by the COPS Office. If funded, the award start date is found on your award document. Recipients may not make any purchases or hire any positions prior to this date without written approval from the COPS Office.

career law enforcement officer. The COPS Office statute defines a career law enforcement officer as a person hired on a permanent basis who is authorized by law or by a state or local public agency to engage in or oversee the prevention, detection, or investigation of violations of criminal laws.

Catalog of Federal Domestic Assistance (CFDA). The CFDA is an annual government-wide publication that contains a description and index of all forms of federal assistance. Each program is assigned a CFDA number, which is used by auditors to track award revenues under the Single Audit Act. It is also used in participating states by state single points of contact in conducting the required intergovernmental reviews under Executive Order 12372. The CFDA number for all COPS Office programs is 16.710.

closeout. The process in which the awarding agency, the COPS Office, determines that all applicable administrative actions and all required work and conditions of the award have been completed and met by the recipient and awarding agency.

Community oriented policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as violent crime, non-violent crime, and fear of crime.

Computer-aided dispatch (CAD) system. A CAD system is a computer database that can track calls for service, maintain status of units available, provide various reports, produce address histories, and support electronic mail. With the installation of integrated CAD systems, officers are able to receive calls for service on their mobile data terminals rather than over the radio. Radios can then be used only for serious emergencies.

computing devices. Computing devices are machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting, and receiving, or storing electronic information.

consortium. A consortium is a group of two or more governmental entities that agree to form a partnership to provide law enforcement services to their constituent communities.

COPS Office. The Office of Community Oriented Policing Services (COPS Office) is the office within the U.S. Department of Justice that, if awarded, is your grantor or awarding agency for your COPS Office award. The COPS Office is responsible for administering your award for the entire award period. You can reach the COPS Office at 800-421-6770.

COPS Office finance staff. Members of the COPS Office finance staff handle your agency’s financial and budgetary needs related to your application. A financial analyst is assigned to your state, and is available to answer any questions that you may have concerning the financial aspects of your award, if funded. To identify your state assigned financial analyst, please call the COPS Office Response Center at 800-421-6770, or visit the COPS Office web site at www.cops.usdoj.gov.

DUNS number. DUNS stands for “data universal numbering system.” DUNS numbers are issued by Dun and Bradstreet (D&B) and consist of nine or thirteen digits. If your institution does not have one, call 866-705-5711 to receive one free of charge. You can also request your DUNS number online at www.dnb.com/us.

e-business point of contact (POC). Your e-business POC is the person who will designate which staff members can submit applications through Grants.gov. When you register with SAM, your institution will be asked to designate an e-Business POC.

EPIC (El Paso Intelligence Center) National Clandestine Laboratory Seizure Database. The U.S. Department of Justice maintains this database to track seizure of clandestine drug laboratories. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites.

federally recognized tribe. Tribal entities that are recognized and eligible for funding and services from the Bureau of Indian Affairs by virtue of their status as Indian tribes. They are acknowledged to have the immunities and privileges available to other federally acknowledged Indian tribes by virtue of their government-to-government relationship with the United States as well as the responsibilities, power, limitation, and obligations of such tribes. Only federally recognized tribes are eligible to apply for COPS Office tribal award funds. For further information, contact: Bureau of Indian Affairs, Division of Tribal Government Services, MS-4631-MIB, 1849 C Street NW, Washington, DC 20240, 202-208-2475.

GNIS ID: The Geographic Names Information System (GNIS) database is maintained by the U.S. Geological Survey, U.S. Department of the Interior. The database assigns a unique, permanent feature identifier, the Feature ID, which is the only standard federal key for integrating or reconciling feature data from multiple datasets.

Global Positioning System (GPS). Global Positioning Systems are a series of 24 geosynchronous satellites that continuously transmit their position. Each system is used in personal tracking, navigation, and automatic vehicle location technologies.

interoperable communications. Communications interoperability refers to the ability to talk across disciplines and jurisdictions via radio communications networks on demand, in real time. Interoperable communications equipment and technology is used to increase interoperability and data information-sharing among the law enforcement, fire service, and emergency medical service communities.

Local Area Unemployment Statistics (LAUS). The Bureau of Labor Statistics' LAUS program provides monthly estimates of unemployment for communities. For more information and detailed instructions for looking up your local area's unemployment rate, please visit www.bls.gov/lau/data.htm.

mobile data computer/laptop. A mobile data computer (MDC) is a computer terminal mounted in a vehicle that is linked via wireless communication to a network that is often integrated with a CAD system. MDCs enable officers to complete previously handwritten reports on a computer. This often eliminates the need to enter duplicate information on multiple reports.

National Incident-Based Reporting System (NIBRS). A comprehensive reporting database. Agencies provide individual records for eight index crimes and 38 other offenses.

obligation of funds. If this application is awarded, the COPS Office obligates federal funds when the award document is signed by the director or his or her designated official. For the recipient, award funds are obligated when monies are spent directly on purchasing items approved under the award. The term *encumbrance* is often used at the local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

OJP vendor number/EIN number. This is your agency's nine-digit federal tax identification number assigned to you by the IRS. Your accounting/bookkeeping department should have this number.

If your EIN previously has been assigned to another agency within your jurisdiction, the Office of the Comptroller will assign a new OJP vendor number to you. The new assigned number is to be used for administrative purposes only, in connection with this award program, and should not be used for IRS purposes.

ORI (Originating Agency Identifier) number. This number is assigned by the FBI and is your agency's originating agency identifier. The first two letters are your state abbreviation, the next three numbers are your county's code, and the final two numbers identify your jurisdiction within your county. When you contact the COPS Office with a question, you can use the ORI number, and we will be able to assist you. If you are a previous COPS Office award recipient, you may have been assigned an ORI number through the COPS Office if the FBI had not previously assigned your agency this identifier number.

primary law enforcement authority. An agency with primary law enforcement authority is defined as the first responder to calls for service for all types of criminal incidents within its jurisdiction. Agencies are not considered to have primary law enforcement authority if they only respond to or investigate specific type(s) of crime(s); respond to or investigate crimes within a correctional institution; serve warrants; provide courthouse security; transport prisoners; and/or have cases referred to them for investigation or investigational support.

Public Safety Partnership and Community Policing Act of 1994. The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to

- increase the number of community policing officers on the beat;
- provide additional and more effective training to law enforcement officers to enhance their problem solving, service, and other skills needed in interacting with members of the community;
- encourage the development and implementation of innovative programs to permit members of the community to assist law enforcement agencies in the prevention of crime;
- encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

recipient. The Uniform Guidance defines it as "Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients. See also § 200.69 Non-Federal entity." 2 C.F.R. § 200.86.

awareness; (f) assist in the identification of physical changes in the environment that may reduce crime in or around the school; and (g) assist in developing school policy that addresses crime and to recommend procedural changes.

supplanting. COPS Office award funds may not be used to supplant (replace) state, local, or Bureau of Indian Affairs (BIA) funds that would be made available in the absence of federal COPS Office award funding. Program funds must be used to increase the amount of state, local, or BIA funds otherwise budgeted for the award purposes, plus any additional state, local, or BIA funds budgeted for these purposes.

System for Award Management (SAM). Institutions applying for any type of award from the Federal Government must register with SAM. The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. Applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at www.sam.gov.

Appendix B. Assurances

Several provisions of federal law and policy apply to all award programs. The Office of Community Oriented Policing Services (“COPS Office”) needs to secure your assurance that the applicant will comply with these provisions. If you would like further information about any of these assurances, please contact your state’s COPS Office Grant Program Specialist at 800-421-6770.

By signing this form, the applicant assures that it will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal award funds. In particular, the applicant assures us of the following:

1. It has been legally and officially authorized by the appropriate governing body (for example, mayor or city council) to apply for this award and that the persons signing the application and these assurances on its behalf are authorized to do so and to act on its behalf with respect to any issues that may arise during processing of this application.
2. It will comply with the provisions of federal law, which limit certain political activities of employees whose principal employment is in connection with an activity financed in whole or in part with this award. These restrictions are set forth in 5 U.S.C. § 1501 et seq.
3. It will comply with the minimum wage and maximum hours provisions of the Fair Labor Standards Act (29 U.S.C. § 201 et seq.), if applicable.
4. It will establish safeguards, if it has not done so already, to prohibit employees from using their positions for a purpose that is, or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business or other ties. In addition, it will disclose (in writing) to the COPS Office any potential conflict of interest arising during the course of performance of the award and also will require such written disclosures by any subrecipients.
5. As required by 42 U.S.C. § 3796dd-6, it will give the U.S. Department of Justice or the Comptroller General access to and the right to examine records and documents related to the award.
6. It will comply with all requirements imposed by the U.S. Department of Justice as a condition or administrative requirement of the award, including but not limited to: the requirements of 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101 ; 48 C.F.R. Part 31 (FAR Part 31) (Contract Cost Principles and Procedures); the applicable provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended; 28 C.F.R. Part 38 (Partnerships With Faith-Based and Other Neighborhood Organizations); the applicable COPS Office application guide; the applicable COPS Office award owner’s manual; and with all other applicable program requirements, laws, orders, or regulations.
7. As required by 42 U.S.C. § 3796dd-1(c) (11), it will, to the extent practicable and consistent with applicable law, seek, recruit and hire qualified members of racial and ethnic minority groups and qualified women in order to further effective law enforcement by increasing their ranks within the sworn positions in the agency.
8. It will not (and will require any subrecipient, contractors, successors, transferees, and assignees not to), on the grounds of race, color, religion, national origin, sex, or disability unlawfully exclude any person from participation in, deny the benefits of, or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. It will also not discriminate in the delivery of benefits or services based on age. These civil rights requirements are found in the non-discrimination provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42

U.S.C. § 3789d); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); the Age Discrimination Act of 1975, as amended (42 U.S.C. § 6101); Title IX of the Education Amendments of 1972, as amended (20 U.S.C. § 1681); and the corresponding U.S. Department of Justice regulations implementing those statutes at 28 C.F.R. Part 42 (subparts C, D, E, G, and I). It will also comply with Executive Order 13279, as amended by Executive Order 13559, and the implementing regulations at 28 C.F.R Part 38, Partnerships With Faith-Based and Other Neighborhood Organizations, which requires equal treatment of religious organizations in the funding process and prohibits religious discrimination against beneficiaries.

- A. In the event that any court or administrative agency makes a finding of discrimination on grounds of race, color, religion, national origin, or sex against the applicant after a due process hearing, it agrees to forward a copy of the finding to the Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531.
- B. If your organization is a government agency or private business and has received a single award for \$25,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report and submit it to the Office for Civil Rights (OCR) within 120 days from the date of the award. Although the OCR has discretion to review all submitted Utilization Reports, it will review the Utilization Reports from recipients that receive an award of \$500,000 or more.

To begin developing a Utilization Report, please consult the OCR's website at <http://www.ojp.usdoj.gov/about/ocr/eeop.htm> and click EEO Reporting Tool Login. Authority to obligate or expend contingent on compliance with 8 U.S.C. 1373

NOTE: This grant condition applies only to state or local government entities or to non-state or local government entities that make subawards with these funds to a state or local government entity.

State or local government entity recipients of this award, and any subrecipient of this award at any tier that is an entity of a State or of a unit of local government, may not obligate or expend award funds if – at the time of the obligation or expenditure – the “program or activity” of the recipient funded in whole or in part with the award funds (which includes any such program or activity of any subrecipient at any tier) is subject to any prohibitions or restrictions on sending to, requesting or receiving from, maintaining, or exchanging information on citizenship or immigration status as described in 8 U.S.C. 1373(a) or (b), including any prohibitions or restrictions imposed or established by a state or local government entity or official.

A subrecipient of this award (at any tier) that is an entity of a State or of a unit of local government may not obligate or expend award funds if – at the time of the obligation or expenditure – the “program or activity” of the subrecipient (which includes any such program or activity of any subrecipient at any further tier) funded (in whole or in part) with award funds is subject to any prohibitions or restrictions on sending to, requesting or receiving from, maintaining, or exchanging information on citizenship or immigration status as described in 8 U.S.C. 1373(a) or (b), including any prohibitions or restrictions imposed by a state or local government entity or official.

Any obligations or expenditures of a recipient or subrecipient that are impermissible under this condition shall be unallowable costs for purposes of this award.

Rules of Construction. For purposes of this condition, “program or activity” means what it means under section 606 of title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d-4a).

Pursuant to 8 U.S.C. 1551 note, references to the Immigration and Naturalization Service in 8 U.S.C. 1373 are to be read, as a legal matter, as references to particular components of the U.S. Department of Homeland Security.

Should any provision of a condition of this award be held to be invalid or unenforceable by its terms, then that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law (to any person or circumstance) under this award. Should it be held, instead, that a condition (or a provision thereof) is of utter invalidity or unenforceability, such condition (or such provision) shall be deemed severable from this award.

Any questions about the meaning or scope of this condition should be directed, prior to acceptance of this award, to the Office of Community Oriented Policing Services Legal Division at 202-514-3750.

Appendix E: Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) **Equal Employment Opportunity.** Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. Part 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) **Davis-Bacon Act, as amended (40 U.S.C. 3141-3148).** When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 C.F.R. Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) **Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708).** Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a

rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 C.F.R. §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 C.F.R. 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. 180 that implement Executive Orders 12549 (3 C.F.R. part 1986 Comp., p. 189) and 12689 (3 C.F.R. part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See §200.322 Procurement of recovered materials.

Appendix F: Appendix XII to Part 200—Award Term and Condition for Recipient Integrity and Performance Matters

A. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which You Must Report

Submit the information required about each proceeding that:

- a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

 - (iii) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. Reporting Procedures

You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4. Reporting Frequency

During any period of time when you are subject to the requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.

(B) Extension of time. If the Inspector General is unable to complete an investigation in time to submit a report within the 180-day period specified in subparagraph (A) and the person submitting the complaint agrees to an extension of time, the Inspector General shall submit a report under paragraph (1) within such additional period of time, up to 180 days, as shall be agreed upon between the Inspector General and the person submitting the complaint.

(3) Prohibition on disclosure. The Inspector General may not respond to any inquiry or disclose any information from or about any person alleging the reprisal, except to the extent that such response or disclosure is

(A) made with the consent of the person alleging the reprisal;

(B) made in accordance with the provisions of section 552a of title 5 or as required by any other applicable Federal law; or

(C) necessary to conduct an investigation of the alleged reprisal.

(4) Time limitation. A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.

Remedy and enforcement authority

(1) In general. Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or recipient concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:

(A) Order the contractor or recipient to take affirmative action to abate the reprisal.

(B) Order the contractor or recipient to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

(C) Order the contractor or recipient to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.

(2) Exhaustion of remedies. If the head of an executive agency issues an order denying relief under paragraph (1) or has not issued an order within 210 days after the submission of a complaint under subsection (b), or in the case of an extension of time under paragraph (b)(2)(B), not later than 30 days after the expiration of the extension of time, and there is no showing that such delay is due to the bad faith of the complainant, the complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the contractor or recipient to seek compensatory damages and other relief available under this section in

the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. An action under this paragraph may not be brought more than two years after the date on which remedies are deemed to have been exhausted.

(3) Admissibility of evidence. An Inspector General determination and an agency head order denying relief under paragraph (2) shall be admissible in evidence in any de novo action at law or equity brought pursuant to this subsection.

(4) Enforcement of orders. Whenever a person fails to comply with an order issued under paragraph (1), the head of the executive agency concerned shall file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the executive agency.

(5) Judicial review. Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an executive agency, unless a stay is specifically entered by the court.

(6) Burdens of proof. The legal burdens of proof specified in **section 1221(e) of title 5** shall be controlling for the purposes of any investigation conducted by an Inspector General, decision by the head of an executive agency, or judicial or administrative proceeding to determine whether discrimination prohibited under this section has occurred.

(7) Rights and remedies not waivable. The rights and remedies provided for in this section may not be waived by any agreement, policy, form, or condition of employment.

Notification of employees

The head of each executive agency shall ensure that contractors, subcontractors, and recipients of the agency inform their employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.

Construction

Nothing in this section may be construed to authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to modify or derogate from a right or remedy otherwise available to the employee.

Exceptions

(1) This section shall not apply to any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 401a(4)).

(2) This section shall not apply to any disclosure made by an employee of a contractor, subcontractor, or recipient of an element of the intelligence community if such disclosure--

(A) relates to an activity of an element of the intelligence community; or

Appendix H. Intergovernmental review process, points of contact by state

Executive Order 12372 requires applicants from state and local units of government or other organizations or individuals providing service within a state to submit a copy of the application to the state single point of contact (SPOC), if one exists and if this program has been selected for review by the state. Before the application due date, you must contact your state SPOC to find out if this program has been selected for review and comply with the state's process under Executive Order 12372. The Catalog of Federal Domestic Assistance reference for this program is number 16.710, "Public Safety and Community Policing Grants."

A current list of state SPOCs is listed at <https://www.archives.gov/federal-register/codification/executive-order/12372.html>. States that are not listed have chosen not to participate in the intergovernmental review process and therefore do not have an SPOC.

About the COPS Office

The Office of Community Oriented Policing Services (COPS Office) is the component of the U.S. Department of Justice responsible for advancing the practice of community policing by the nation's state, local, territory, and tribal law enforcement agencies through information and award resources.

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as violent crime, non-violent crime, and fear of crime.

Rather than simply responding to crimes once they have been committed, community policing concentrates on preventing crime and eliminating the atmosphere of fear it creates. Earning the trust of the community and making those individuals stakeholders in their own safety enables law enforcement to better understand and address both the needs of the community and the factors that contribute to crime.

The COPS Office awards funding to state, local, territory, and tribal law enforcement agencies to hire and train community policing professionals, acquire and deploy cutting-edge crime fighting technologies, and develop and test innovative policing strategies. COPS Office funding also provides training and technical assistance to community members and local government leaders and all levels of law enforcement. The COPS Office has produced and compiled a broad range of information resources that can help law enforcement better address specific crime and operational issues, and help community leaders better understand how to work cooperatively with their law enforcement agency to reduce crime.

- Since 1994, the COPS Office has invested more than \$14 billion to add community policing officers to the nation's streets, enhance crime fighting technology, support crime prevention initiatives, and provide training and technical assistance to help advance community policing.
- To date, the COPS Office has funded more than 129,000 additional officers to over 13,000 of the nation's 18,000 law enforcement agencies across the country in small and large jurisdictions alike.
- Nearly 700,000 law enforcement personnel, community members, and government leaders have been trained through COPS Office-funded training organizations.
- To date, the COPS Office has distributed more than 2 million topic-specific publications, training curricula, white papers, and resource CDs.

COPS Office resources, covering a wide breadth of community policing topics—from school and campus safety to gang violence—are available, at no cost, through its online Resource Center at www.cops.usdoj.gov. This easy-to-navigate website is also the award application portal, providing access to online application forms.
