Getting Started

Congratulations on receiving an award from the U.S. Department of Justice (DOJ), Office of Community Oriented Policing Services (COPS Office). The 2019 COPS Office Tribal Resources Grant Program (TRGP) provides funding directly to federally recognized tribal jurisdictions with established law enforcement agencies. TRGP was designed to expand the implementation of community policing and meet the most serious needs of law enforcement in tribal communities through a broadened comprehensive program.

In Fiscal Year 2010, the U.S. Department of Justice (DOJ) issued a single Coordinated Tribal Assistance Solicitation (CTAS) that encompassed the department's available Tribal Government-specific award programs. CTAS enabled each tribe to submit a single application for available award funding according to the tribes' needs. This coordinated process allowed the DOJ to review a single application from a tribe, and it allowed the DOJ award-making components to coordinate in making award decisions to address these public safety needs on a more comprehensive basis.

The 2019 TRGP, which is also CTAS Purpose Area #1: Public Safety and Community Policing, consists of two types of awards. The *TRGP-Hire* awards are for entry-level salaries and benefits for newly hired or rehired career law enforcement officers, and the *TRGP-Equipment/Training* (TRGP-E/T) awards provide funding for background investigations, training, uniforms, basic issue equipment, technology, and vehicles for tribal law enforcement agencies.

To support community policing, particularly the development of partnerships and problem solving, 2019 TRGP recipients may be offered training and technical assistance by COPS Office training and technical assistance providers. Trainings will assist recipients in the advancement of community policing and may address specific public safety issues facing tribal communities. The COPS Office or its technical assistance providers will notify TRGP recipients about training and technical assistance opportunities. Recipients are encouraged to participate in the training and technical assistance opportunities to further their public safety efforts.

In addition, the COPS Office strongly encourages basic officer training for all career law enforcement officers hired under TRGP-Hire. If grant funds were not allocated for training during the application, you may request a budget modification to re-allocate other award funds for this purpose. In some cases, the COPS Office may also be able to assist with training costs if they were not allocated under the grant. Your grant program specialist can provide more information after you have accepted the award.

This COPS Office TRGP Award Owner's Manual will assist your agency with the administrative and financial matters associated with managing your award. It was developed by the COPS Office to ensure that all TRGP recipients clearly understand and meet the requirements of their award. Please review this manual carefully, because a failure to follow award requirements may result in serious penalties. Please do not hesitate to call the COPS Office Response Center at 800-421-6770 if you need assistance with the implementation of your award.

Thank you for providing us with the opportunity to work in partnership with your community.

I. Award Acceptance, Terms, and Conditions

To officially accept and begin your TRGP award, your agency must access www.cops.usdoj.gov to log in, review, and electronically sign the award document with the award terms and conditions; and the financial clearance memorandum that is incorporated by reference into the award document; and, if applicable, the special award conditions or high risk conditions in the award document supplement within 90 days of the date shown on the award congratulatory letter. Please see the Agency Portal User Manual at <https://cops.usdoj.gov/ctas#programdocuments> for detailed instructions on award acceptance.

Your agency will *not* be able to draw down award funds until the COPS Office receives your signed award document. For more information on drawing down award funds, please see “Accessing Award Funds” in this document.

The award document

The award document is the document indicating your official award funding amount, the number of officer positions awarded (as applicable), the award number, the award terms and conditions, and the award start and end dates.

The award document is pre-printed with your agency's law enforcement and government executives' names. If this information is incorrect or has changed, please update your “Agency Contacts” online at www.cops.usdoj.gov. If the law enforcement or government official has changed since the time of application, please have the current law enforcement executive or government executive for your agency sign the award document. Be sure to familiarize yourself with all terms, conditions, and requirements of your award before signing the award document. To officially accept your award, please electronically sign the award document within 90 days of the date shown on the award congratulatory letter. Print and retain a copy of all pages of the award document, award terms and conditions, the Financial Clearance Memorandum (FCM), and the award document supplement for your records.

The award start date indicated on the award document means that your agency may be reimbursed for any allowable costs incurred on or after this date. The duration of TRGP-Hire and TRGP-E/T awards is three years (36 months). TRGP-Hire recipients are awarded three years (36 months) of funding for each position funded.

Your award number is in the following format: 2019-HEWX-0000 for TRGP-E/T awards and 2019-HHWX-0000 for TRGP-Hire awards funded in Fiscal Year (FY) 2019. The COPS Office tracks award information based upon this number. Therefore, it is important to have your agency's award number (or your agency's ORI number) readily available when corresponding with the COPS Office.

Your originating agency identifier (ORI) number begins with your state abbreviation followed by five numbers or letters (e.g., VA00000). This number is assigned by the Federal Bureau of Investigation (FBI) for use in tracking information for the Uniform Crime Report (UCR). The COPS Office tracks programmatic award information based upon this ORI number. If you have any questions regarding your award, please refer to your award number or your agency's ORI number when you contact the COPS Office.

Your Office of Justice Programs (OJP) vendor number, in most circumstances, is your agency's 9- or 13-digit federal tax identification number assigned to you by the Internal Revenue Service (IRS). If your OJP vendor number differs from your tax identification number, the OJP vendor number is only to be used for administrative purposes in connection with this award program, and should not be used for IRS purposes.

Award terms and conditions

The award conditions are listed on your agency's award document. By accepting this award, you are obtaining federal funds from the COPS Office. As part of that agreement, your agency acknowledges that it will comply with the terms and conditions (and, if applicable, additional special or high conditions specific to your agency). The section that follows describes, in detail, all of the award conditions, their rationales, and their implications. It also addresses many frequently asked questions. If you have additional questions concerning any of these award conditions, please contact your COPS Office Grant Program Specialist via the COPS Office Response Center at 800-421-6770.

In limited circumstances, your award may be subject to special conditions that prevent your agency from drawing down or accessing award funds until the special conditions are satisfied as determined by the COPS Office. Any special conditions will be included in the award document supplement. However, if you have questions about the special conditions, please call your COPS Office Grant Program Specialist at 800-421-6770.

Reasons for award conditions

The requirements of your award are established within

- the Public Safety Partnership and Community Policing Act of 1994, which established the COPS Office;
- the applicable rules, regulations, and policies issued by the U.S. Department of Justice, Office of Management and Budget (OMB), the Government Accountability Office (GAO), and the United States Treasury;
- the specific TRGP programmatic requirements established by the COPS Office.

COPS Office-specific documents may be requested directly from the COPS Office.

Review of award conditions—Hiring awards

By signing the award document to accept this TRGP-Hire award, your agency agrees to abide by the following award conditions:

1. Award Owner's Manual

Condition:

The recipient agrees to comply with the terms and conditions in the applicable 2019 COPS Office Program Award Owner's Manual; COPS Office statute (34 U.S.C. § 10381, et seq.); the requirements of 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101; 48 C.F.R. Part 31 (FAR Part 31) as applicable (Contract Cost Principles and Procedures); the Cooperative Agreement as applicable; representations made in the application; and all other applicable program requirements, laws, orders, regulations, or circulars.

Why this condition:

This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your award. Your organization will be responsible for the information and rules contained in this manual and for implementing your award in compliance with the applicable terms, conditions, and regulations. Please note that in accordance with 2 C.F.R. § 200.101(c), the COPS Office applies 2 C.F.R. Subparts A through E to for-profit (or commercial) entities. More detailed guidance regarding any particular award requirement or your agency's specific circumstances can be requested through your COPS Office Grant Program Specialist.

What you should do:

Please read the entire TRGP Award Owner's Manual carefully prior to signing the award document. If you have any questions, please contact your COPS Office Grant Program Specialist. When accepting your award, you should ensure that the proper reporting and financial systems are in place to satisfy the award requirements.

2. Assurances and Certifications

Condition:

The recipient acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its application.

Why this condition:

Although the COPS Office has made every effort to simplify the process of applying for and receiving awards, several provisions of federal law require us to seek your Assurances and Certification regarding certain matters. Most of the Assurances and Certifications apply to all federal award programs.

What you should do:

Applicants to COPS Office award programs are required to sign the Assurances and Certifications forms at the time of application. Signing these documents assures the COPS Office that you have read, understood, and accepted the award terms and conditions outlined in the Assurances and Certifications. Your agency is required to keep

Assurances and Certifications forms that were signed as part of its award application. Please read these documents carefully, because signatures on these documents are treated as a material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines whether to fund the covered award. Additional copies of the Assurances and Certifications forms are contained in the appendices. If you have any questions about the Assurances and Certifications, please contact your COPS Office Grant Program Specialist via the COPS Office Response Center at 800-421-6770.

3. Allowable Costs

Condition:

*The funding under this project is for the payment of approved costs to meet the most serious needs of law enforcement in tribal communities. The allowable costs for which your agency's award has been approved are limited to those listed on the Financial Clearance Memorandum (FCM), which are included in your agency's award package. The FCM specifies the amount of TRGP Hiring funds awarded to your agency. You should carefully review your FCM, which contains the final officer salary and fringe benefit categories and amounts for which your agency was approved. Please note that the salary and fringe benefit costs requested in your award application may have been adjusted or removed. Your agency may only be reimbursed for the approved cost categories that are documented within the FCM, up to the amounts specified in the FCM. **Your agency may not use TRGP Hiring award funds for any costs that are not identified as allowable in the FCM.** Only actual allowable costs incurred during the award period will be eligible for reimbursement and drawdown. If your agency experiences any cost savings over the course of the award (for example, your award application overestimated the total entry-level officer salary and fringe benefits package), your agency may not use that excess funding to extend the length of the award beyond 36 months. Any funds remaining after your agency has drawn down for the costs of approved salaries and fringe benefits incurred for each awarded position during the 36-month funding period for each awarded position will be deobligated during the closeout process, and should not be spent by your agency.*

Why this condition:

TRGP-Hire funds may be used only to pay entry-level salaries and fringe benefits for 36 months for full time career law enforcement officers hired or rehired on or after the award start date. You may use the TRGP award to hire or rehire experienced officers, but award funding must be limited to paying your agency's entry-level salary and fringe benefits; any costs higher than entry level must be paid by your agency with local funds.

TRGP-Hire award funding may also be used to pay the approved entry-level salaries and fringe benefits of newly hired officer recruits while they are in basic academy training prior to swearing them in, if it is your agency's standard practice to pay recruits while in training.

What you should do:

All recipients should keep and maintain the most recent, approved version of 2019 TRGP application, which will contain the approved costs for this award. Refer to your FCM for the list of approved allowable costs. As long as funds are spent during the award period on the approved salaries and benefits (as applicable), equipment, technology, training, or other costs that were documented in your application's budget summary and were approved through the issuance of the FCM, this award condition will be satisfied. The award number should be

indicated on all budgetary documentation including purchase orders, receipts, and other documentation. All recipients should keep and maintain the most recent, approved version of their 2019 TRGP application for future reference.

Salaries covered by TRGP-Hire must be based on your agency's standard entry-level salary and fringe benefits package under the laws or rules that govern hiring by your agency. Salary and fringe benefits payments must be based on payroll records supported by time and attendance records or their equivalent. Examples of the types of records your agency must keep to document allowable costs are described in this manual. Any additional costs above the approved entry-level salaries and fringe benefits are the responsibility of the recipient agency. **Civilian positions, overtime, training, weapons, equipment, and vehicles cannot be funded with your TRGP-Hire award.**

Allowable costs: Officer approved salary and benefits

The FCM, included in your award package, specifies the approved amount of COPS Office TRGP-Hire funds awarded to your agency for officer salaries and approved benefits. Please note that the salary and benefit costs requested in your original application may have been updated or corrected from the original version submitted to the COPS Office. Your agency may only be reimbursed for the approved cost categories and amounts that are documented within the FCM. In addition, your agency may not use TRGP funds for any costs that are not identified as allowable in the FCM.

Allowable costs: Indirect costs

The recipient understands that indirect costs may only be requested at the time of application. A current, signed, federally approved Negotiated Indirect Cost Rate Agreement or documentation showing pending request for approval must be included with the application.

Indirect costs are costs that are incurred for common or joint purposes and are not readily assignable to a particular project but are necessary to the operation of the agency and the performance of the project. Examples of indirect costs include those incurred for facility operation and maintenance, depreciation, and administrative salaries. Indirect cost usage must adhere to the standards set forth in the applicable Office of Management and Budget (OMB) Uniform Guidance 2 C.F.R. § 200.56—Indirect (facilities & administrative (F&A)) costs and 2 C.F.R. § 200.414—Indirect (F&A) costs. Additional guidance for your entity can be found in the following locations: Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs); Appendix IV to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations; Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals.

Indirect cost rates are federally negotiated and approved rates that are based on audited and documented expenses that are approved to be included within an indirect cost rate. It is important that your agency carefully track and update its indirect cost rate during the COPS Office award period.

The recipient understands that if it submitted an expired indirect cost rate agreement at the time of application, it will be unable to recover federal funds for indirect costs until the COPS Office receives a current indirect cost rate agreement covering the award period. A special condition may be added to the award prohibiting the obligation, expenditure, or drawdown of funds reimbursement for indirect costs until a current indirect cost rate has been approved by your cognizant federal agency and submitted to the COPS Office.

If your agency's approved indirect cost rate expires during the award period, a current approved rate must be submitted to the COPS Office in order to continue to draw down award funding for indirect costs. In addition, your agency must request a budget modification with the COPS Office to reflect any rate change.

If your agency has never received a negotiated indirect cost rate, then you may request up to a flat 10 percent de minimis indirect cost rate applied to the modified total direct costs (MTDC).

In addition, before the COPS Office officially closes out your agency's award, your agency must reconcile any changes between your approved final indirect cost rate and approved provisional indirect cost rate and, if necessary, repay the COPS Office for any indirect cost rate overpayment. If your agency draws down excess COPS Office award funding for indirect costs, please return the overpayment to the COPS Office and submit a revised Federal Financial Report (SF-425).

Visit the COPS Office website for more information on indirect costs:

<https://cops.usdoj.gov/ctas#programdocuments>

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award. *See also award condition on "Duplicative Funding."*

4. Supplementing, Not Supplanting

Condition:

State, local, and tribal government recipients must use award funds to supplement, and not supplant, state, local, or Bureau of Indian Affairs (BIA) funds that are already committed or otherwise would have been committed for award purposes (hiring, training, purchases, and/or activities) during the award period. In other words, state, local, and tribal government recipients may not use COPS Office funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS Office-funded item(s) in the absence of the COPS Office award. 34 U.S.C. § 10384(a).

Why this condition:

The COPS Office statutory nonsupplanting requirement mandates that award funds will not be used to replace state or local funds (or, for tribal recipients, BIA funds) that would, in the absence of federal aid, be made available for the award purposes. Instead, TRGP award funds must be used to increase the total amount of funds that would otherwise be made available for hiring or rehiring law enforcement officers.

What you should do:

TRGP-Hire recipients may not use award funds to pay for any item or cost funded under the award (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds or committed to the recipient's budget. In addition, recipients may not reallocate state, local, or BIA funds from one area within the law enforcement budget to another as a result of receiving TRGP award funds. If you have questions concerning this award term and how it pertains to your project budget, please contact your COPS Office Grant Program Specialist.

TRGP-Hire—to meet this award condition, you must ensure the following:

- If your agency is redeploying a current employee to perform the work duties of the TRGP-Hire position, the redeployed position must be paid with local funds. The COPS Office award funds may be used to backfill the resulting vacancy with newly hired personnel for an equivalent amount of time. Each individual employed under the TRGP-Hire award must be newly hired or rehired on or after the award start date unless an exception is authorized in writing by the COPS Office.
- Any officer your agency hires brings your force not only to a number over and above the number of funded positions that you had on the date of your Coordinated Tribal Assistance Solicitation (CTAS), including funded but vacant positions, but also to a number over and above the number of locally funded officer positions during the award period.
- During the life of your award, your agency must continue to hire as many new, locally funded officers as you would have hired if you had not received your award. Your agency may not cancel or postpone spending money in its budget that is committed to hiring other new officers.
- Your agency must take active and timely steps to fill any vacancies that were created on or after the date of your award application by retirement, resignation, or other reasons with new officers in addition to your TRGP-Hire award-funded positions.

Note: This award condition applies to all state or locally funded agencies working in partnership with your agency under this award. Your agency is responsible for ensuring that any partner agencies use COPS Office funds only to supplement, not supplant, their state, local, or BIA funding as described in this condition.

5. Extensions

Condition:

Your agency may request an extension of the award period to receive additional time to implement your award program. Such extensions do not provide additional funding. Only those recipients that can provide a reasonable justification for delays will be granted no-cost extensions. Extension requests must be received prior to the end date of the award. 2 C.F.R. § 200.308(d)(2).

Why this condition:

Under federal regulations, requests to extend the award period require prior written approval from the COPS Office. Without an approved extension, your agency is not permitted to draw down federal funding for costs incurred beyond the official award end date. However, if justified, the COPS Office seeks to accommodate reasonable requests for no-cost time extensions in order to fully implement the COPS Office award.

What you should do:

The COPS Office will contact your agency during the last quarter of the award period to determine whether a no-cost time extension is needed; extensions will not be processed prior to 90 days before the award end date. Requests to extend the award period must be received by the COPS Office before the official award end date. Extension requests received after the expiration date will be considered only when the recipient provides justification of extraordinary circumstances; an example of this would be an instance in which an unforeseen natural disaster prevented a recipient from requesting an extension. Failure to submit a request for a no-cost time extension by the end date may result in the immediate deobligation of any remaining award funds.

If your agency has excess funds remaining at the end of the award due to salary and fringe benefits costs that were lower than anticipated, your agency may not extend the 36-month funding period for the purpose of expending those excess funds. Recipients are entitled to a maximum of 36 months of federal funding based on the approved salary and fringe benefits costs in the FCM. The COPS Office will deobligate any remaining award funds during the closeout process. If you have any additional questions regarding a no-cost time extension, please contact your COPS Office Grant Program Specialist.

6. Modifications

Condition:

Occasionally, a change in an agency's fiscal or law enforcement situation necessitates a change in its COPS Office TRGP Hiring program award. Award modifications under the program are evaluated on a case-by-case basis in accordance with 2 C.F.R. § 200.308. For federal awards in excess of \$250,000, any modification request involving the reallocation of funding between budget categories that exceed or are expected to exceed 10 percent (10%) of the total approved budget requires prior written approval by the COPS Office. Regardless of the federal award amount or budget modification percentage, any reallocation of funding is limited to approved budget categories. In addition, any budget modification that changes the scope of the project requires prior written approval by the COPS Office. In addition, please be aware that the COPS Office will not approve any modification request that results in an increase of federal funds.

Why this condition:

The COPS Office realizes that agencies may need to reprogram award funds. Under federal regulations, you are required to expend federal funds only as approved in the FCM. Requests to change or alter an award that meet certain threshold requirements must be submitted to the COPS Office for written approval, prior to their purchase or implementation. Without prior written approval, you must continue to implement your award as it was originally outlined and accepted by your agency. Reprogrammed funds must be allocated for items covered within the original scope of the award. Please be advised that reprogramming requests for unallowable costs (e.g., construction) will not be approved.

Your agency may reprogram its budget up to an aggregate (over the course of your project) of 10 percent of the total project cost without prior written approval from the COPS Office. However, you should notify your COPS Office Grant Program Specialist of any reprogramming that falls below the 10 percent threshold as well. For awards in excess of \$250,000, any reprogramming of funds that totals an aggregate of 10 percent or more of the approved budget requires prior written approval from the COPS Office.

What you should do:

You are required to notify your COPS Office Grant Program Specialist if you determine that your agency will need to reprogram award funds. If your modification exceeds an aggregated (over the course of your project) 10 percent of your overall award, your agency must access <https://portal.cops.usdoj.gov>.

Please contact your COPS Office Grant Program Specialist for further direction on any additional requirements that may apply to your modification request. The COPS Office will then evaluate your request and notify your agency of our decision in writing. Implementation of the modified award budget may begin following written approval from the COPS Office. Please note that modification approvals for active awards will be accompanied by a modified FCM reflecting the approved changes.

7. Evaluations

Condition:

The COPS Office may conduct monitoring or sponsor national evaluations of its award programs. The recipient agrees to cooperate with the monitors and evaluators. 34 U.S.C. § 10385(b).

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the attorney general for the furtherance of the purposes of the act. The COPS Office conducts evaluations to determine which programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your agency implements its TRGP award. In some jurisdictions, COPS Office staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect information about the programs' effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

What you should do:

When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your agency or department, observe activities, and obtain written reports about and from your agency or department. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your award activities. You should fully comply with any requests made regarding these evaluations.

8. Reports/Performance Goals

Condition:

To assist the COPS Office in monitoring and tracking the performance of your award, your agency will be responsible for submitting quarterly programmatic progress reports that describe project activities during the reporting period and quarterly Federal Financial Reports using Standard Form 425 (SF-425). 2 C.F.R. §§ 200.327 - 200.328. The progress report is used to track your agency's progress toward implementing community policing strategies and to collect data to gauge the effectiveness of increasing your agency's community policing capacity through COPS Office funding. The Federal Financial Report is used to track the expenditures of the recipient's award funds on a cumulative basis throughout the life of the award.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government must be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and recipients.

What you should do:

This award condition is designed to make your agency aware of reporting requirements associated with TRGP awards. Quarterly programmatic progress reports and a final programmatic closeout report must be submitted directly to the COPS Office through the "Account Access" tab on the COPS Office website at www.cops.usdoj.gov. Your agency is also required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period, and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official award end date, however you will have a 90-day grace period after the award end date during which you can drawdown funds for eligible expenditures incurred before the award end date. Agencies with more than one delinquent programmatic or financial report submission per fiscal year may be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting requirements. These reports are discussed in greater detail in the section titled "Reporting Requirements" in this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of award funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

9. Award Monitoring Activities

Condition:

Federal law requires that recipients receiving federal funding from the COPS Office must be monitored to ensure compliance with their award conditions and other applicable statutes and regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Award monitoring activities conducted by the COPS Office include site visits, office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS Office award recipient, you agree to cooperate with and respond to any requests for information pertaining to your award. This includes all financial records, such as general accounting ledgers and all supporting documents. All information pertinent to the implementation of the award is subject to agency review throughout the life of the award, during the close-out process and for three years after the submission of the final expenditure report. 34 U.S.C. § 10385(a) and 2 C.F.R. §§ 200.333 & 200.336.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that each award program must contain a monitoring component. The COPS Office actively monitors how recipients are complying with COPS Office award requirements. In addition, the monitoring component provides customer service and technical assistance to help ensure recipients understand how to remain in compliance while implementing their awards.

What you should do:

Your agency may be required to accommodate routine and non-routine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your agency's use of federal funds both programmatically and financially. The four primary means of ensuring recipients' compliance with the terms and conditions of their awards are as follows:

1. **Site visits.** The COPS Office strategically selects award recipients based on a variety of risk factors to conduct site visits to ensure compliance with award terms and conditions. The purpose of site visits is three-fold:
 - i. To review for compliance with the terms and conditions of the award
 - ii. To review the recipient's community policing strategies
 - iii. To provide customer service and technical assistance

If selected, recipients will be notified in writing in advance with detailed instructions on how to prepare for the review of their COPS Office awards. The site visit is generally performed over a period of one or more days. Compliance reviews will be conducted for active awards to address any noncompliance and/or administrative issues identified during the review. Recipients will have an opportunity to resolve any identified noncompliance issues while on-site, or if necessary, following the site visit. In addition, recipients will have an opportunity to seek customer service and/or technical assistance on the implementation of their award.

2. **Enhanced Office-Based Grant Reviews (EOBGR).** In lieu of a site visit, awards may be selected for an EOBGR conducted at the COPS Office via teleconference or video conference. EOBGRs serve as an alternative for conducting site visit reviews in support of the COPS Office's overall award monitoring strategy. The purpose of the EOBGR is three-fold:
 - i. To review for compliance with the terms and conditions of the award
 - ii. To review the recipient's community policing strategies
 - iii. To provide customer service and technical assistance

If selected, the recipient will be notified in writing in advance of any EOBGR of its COPS Office awards. This review is generally performed over a one- to two-day period. Compliance reviews will be conducted for active awards to address any noncompliance and/or administrative issues identified during the review. In addition, award recipients will receive customer service and/or technical assistance on the implementation of their award.

3. **Alleged Noncompliance Referral (ANCR).** An ANCR is an allegation of suspected noncompliance that originates from an internal source within the COPS Office or an external referral from one of many sources. Internal ANCRs generally originate from COPS Office Grants Administration Division, COPS Office Finance Division, Community Policing Advancement Directorate, or the COPS Office Legal Division, although any COPS Office component may refer a noncompliance issue to the ANCR. External noncompliance referrals may be received from anonymous complainants, media, citizens, law enforcement agencies, other federal agencies, or other outside sources. On a case-by-case basis, COPS Office ANCR staff members determine the appropriate course of action to take to investigate complaints of alleged noncompliance. This may include phone or letter contact or a site visit by COPS Office staff or the Office of the Inspector General (OIG). Each ANCR referral is resolved as a violation or non-violation based upon the supporting documentation and/or other factors used to make a determination for compliance or non-compliance.

4. **Audit Liaison.** The OIG may conduct a random audit for any recipient of a COPS Office award. In the event your agency is audited by the OIG and there are audit recommendations (findings) resulting from noncompliance and/or poor accountability practices, the COPS Office Audit Liaison Section will work with your agency to resolve and close these recommendations. Remedies to close recommendations may include repayment of award funds and/or providing adequate documentation to demonstrate compliance and/or providing proof of policies or procedures that were created or revised to directly address the causes for the noncompliance as a proactive preventative measure to avoid future noncompliance.

Recipients are responsible for remedying any award noncompliance that is identified during site visits, EOBRs, and/or ANCRs. In addition, recipients are responsible for remedying noncompliance stemming from audit recommendations identified in audits of COPS Office awards conducted by the OIG and the Office of the Chief Financial Officer (OCFO). Remedies for noncompliance may include but are not limited to repayment of award funds for unallowable or unsupported costs, providing adequate documentation to demonstrate compliance, suspending active award funding, voluntary withdrawal from or involuntary termination of remaining award funds, or a restriction from receiving future COPS Office awards for a period of time. Under certain conditions, additional actions may include referral and placement on the U.S. Department of Justice's High Risk List, which will include mandatory completion of the U.S. Department of Justice's Financial Management Training and being subject to increased monitoring of current and future awards while on the list. In the event of criminal misuse of award funds, recipients may also be subject to fines and imprisonment. To avoid findings of noncompliance, recipients are strongly encouraged to become familiar with the Grant Monitoring Standards and Guidelines for All COPS Office Grants and Cooperative Agreements and with the Award Owner's Manual for the year in which the award was made. Recipients should also contact their COPS Office Grant Program Specialist at any time during the life of a COPS Office award with questions concerning award conditions, terms, or requirements to seek guidance to avoid noncompliance. It is necessary for recipients to maintain all relevant documentation (administrative, financial, and programmatic) used to develop the application and implement the award that may be necessary or required to demonstrate award compliance. For more information, please contact the COPS Office Response Center at 800-421-6770 or at AskCopsRC@usdoj.gov.

10. Federal Civil Rights Laws

Condition:

The Applicant understands that the federal statutes and regulations applicable to the award (if any) made by the Department based on the application specifically include statutes and regulations pertaining to civil rights and nondiscrimination, and, in addition—

- (a) *the Applicant understands that the applicable statutes pertaining to civil rights will include section 601 of the Civil Rights Act of 1964 (42 U.S.C. § 2000d); section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794); section 901 of the Education Amendments of 1972 (20 U.S.C. § 1681); and section 303 of the Age Discrimination Act of 1975 (42 U.S.C. § 6102);*
- (b) *the Applicant understands that the applicable statutes pertaining to nondiscrimination may include section 809(c) of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10228(c)); section 1407(e) of the Victims of Crime Act of 1984 (34 U.S.C. § 20110(e)); section 299A(b) of the Juvenile Justice and Delinquency Prevention Act of 2002 (34 U.S.C. § 11182(b)); and that the grant condition set out at section 40002(b)(13) of the Violence Against Women Act (34 U.S.C. § 12291(b)(13)), which will apply to all awards made by the Office on Violence Against Women, also may apply to an award made otherwise;*
- (c) *the Applicant understands that it must require any subrecipient to comply with all such applicable statutes (and associated regulations); and*

(d) *on behalf of the Applicant, I make the specific assurances set out in 28 C.F.R. §§ 42.105 and 42.204.*

The Applicant also understands that (in addition to any applicable program-specific regulations and to applicable federal regulations that pertain to civil rights and nondiscrimination) the federal regulations applicable to the award (if any) made by the Department based on the application may include, but are not limited to, 2 C.F.R. Part 2800 (the DOJ "Part 200 Uniform Requirements") and 28 C.F.R. Parts 22 (confidentiality - research and statistical information), 23 (criminal intelligence systems), 38 (regarding faith-based or religious organizations participating in federal financial assistance programs), and 46 (human subjects protection).

Why this condition:

In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. As a result, recipients are required to comply with the civil rights requirements found in the nondiscrimination provisions referenced above. A hold may be placed on your award if it is deemed that your agency is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your agency's COPS Office award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

What you should do:

Included with your award package is a memorandum from the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice, which addresses the federal civil rights statutes and regulations applicable to your award. You should review this memorandum to understand your agency's civil rights responsibilities.

As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights laws, to collect data and information sufficient to permit effective enforcement of such laws, and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

11. Equal Employment Opportunity Plan (EEOP)

Condition:

All recipients of funding from the COPS Office must comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan (28 C.F.R. Part 42 subpart E).

Why this condition:

It is the experience of the U.S. Department of Justice in implementing its responsibilities under the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), the statute that established the COPS Office, that "the full and equal participation of women and minority individuals in employment opportunities in the criminal justice system is a necessary component to the Safe Streets Act's program to reduce crime and delinquency in the United States" 28 C.F.R. § 42.301. The Equal Employment Opportunity Plan (EEOP) does not impose quotas or hiring requirements on recipients of federal funds.

What you should do:

The obligations to comply with the EEOP requirement differ depending on your organization's legal status, the number of its employees, and the amount of the award.

If your organization is a government agency or private business and has received a single award for \$25,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report and submit it to the Office for Civil Rights (OCR) within 120 days from the date of the award. Although the OCR has discretion to review all submitted Utilization Reports, it will review the Utilization Reports from recipients that receive an award of \$500,000 or more.

To begin developing a Utilization Report, please consult the OCR's website at <https://www.ojp.usdoj.gov/about/ocr/eeop.htm> and click EEOP Reporting Tool Login. Additional assistance can be found online at the bottom of the same webpage by clicking the EEO Reporting Tool Job Aid and Frequently Asked Questions.

If your organization has less than fifty employees or receives an award of less than \$25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEOP requirement. To claim the exemption, however, your organization must certify that it is exempt by logging into the EEO Reporting Tool on the OCR website at <https://www.ojp.usdoj.gov/about/ocr/eeop.htm>, providing the contact and organizational profile information, and then submitting a Certificate of Exemption.

If you have further questions regarding the EEOP requirements, you may contact an EEOP specialist at the OCR by telephone at 202-307-0690, by TTY at 202-307-2027, or by e-mail at EEOPforms@usdoj.gov.

12. False Statements

Condition:

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and/or any other remedy available by law.

Why this condition:

This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other award documents.

What you should do:

Ensure that all documentation related to your agency's receipt and use of award funding (award applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

13. Duplicative Funding

Condition:

The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.

Why this condition:

This award was awarded to your agency to for approved project costs that are not funded from other sources, including federal, state, local, tribal, or BIA funds. Consequently, your agency may not use this funding for items or services for which you already have funding from other sources.

What you should do:

If your agency receives funding from another source for the same item(s) or services(s) also funded under this award, please contact your COPS Office Grant Program Specialist or call the COPS Office Response Center at 800-421-6770. If necessary, the COPS Office will work with your agency to reprogram funding for items or services that are allowable under this award program.

14. Additional High-Risk Recipient Requirements

Condition:

The recipient agrees to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient. 2 C.F.R. § 200.207.

Why this condition:

In accordance with 2 C.F.R. § 200.207, the DOJ may impose additional requirements specific to your award, as needed, when it determines that there is unsatisfactory performance, financial or administrative instability, noncompliance with award terms and conditions, or other lack of responsibility risk factors. In such cases, the DOJ may impose special conditions or restrictions that may include requiring the production of documentation, financial award administration training, on-site monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

What you should do:

In order to obtain a COPS Office award, recipients must agree to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient.

15. System for Award Management (SAM) and Universal Identifier Requirements

Condition:

The recipient agrees to comply with the following requirements of 2 C.F.R. Part 25, Appendix A to Part 25 – Award Term:

I. System for Award Management and Universal Identifier Requirements

Requirement for System for Award Management

Unless you are exempted from this requirement under 2 C.F.R. § 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or

receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

- 5. Subrecipient means an entity that:*
 - a) Receives a subaward from you under this award; and*
 - b) Is accountable to you for the use of the Federal funds provided by the subaward.*

Why this condition:

The purpose of this standard award term is to ensure government-wide uniformity in establishing the DUNS number as the universal identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable), and to establish the SAM as the repository for standard information about applicants and recipients.

What you should do:

At the time of award application, your agency was required to provide its DUNS number and be registered in the SAM database.

Your agency should continue to use the same DUNS number provided in your award application and update, as needed, the information associated with that DUNS number. If your agency is authorized to make subawards under its award, your agency may make subawards only to entities that have DUNS numbers. For more information about your DUNS number, please contact D&B using the toll-free number 866-705-5711 or visit <http://fedgov.dnb.com/webform>.

Your agency must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. **Your agency must review and update its SAM information at least once per year to maintain an active registration status.** For more information about SAM registration, please visit www.sam.gov.

Why this condition:

To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov. Recipients are responsible for reporting their applicable executive compensation and sub-award information, and the award term provides guidance to report the related information as required by FFATA.

What you should do:

At the time of award application, your agency was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your agency received awards of \$25,000 or more, you are required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the website at www.fsrs.gov, is the reporting tool that your agency will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on www.USASpending.gov associated with your agency's award, furthering federal spending transparency.

For additional information regarding the executive compensation and subaward reporting requirements, please see Vol. 75, No. 177 (September 14, 2010) of the Federal Register, www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf.

17. Debarment and Suspension

Condition:

The recipient agrees not to award federal funds under this program to any party which is debarred or suspended from participation in federal assistance programs. Part 180 (Governmentwide Nonprocurement Debarment and Suspension) and Part 2867 (DOJ Nonprocurement Debarment and Suspension).

Why this condition:

Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see . 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension) and 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension).

What you should do:

If under a COPS Office award you enter into a contract for goods or services for \$25,000 or more or any subaward, you must verify that the vendor or subrecipient and their respective principals (e.g., owners, top managers) with whom you intend to do business are not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subrecipient to comply with subpart C of the OMB guidance in 2 C.F.R. Part 180 (Government-wide Debarment and Suspension) and subpart C of . 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension) and 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension).

18. Employment Eligibility

Condition:

The recipient agrees to complete and keep on file, as appropriate, the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States. Immigration Reform and Control Act of 1986 (IRCA), Public Law 99-603.

Why this condition:

Under federal immigration law, all employers are required to take certain steps to ensure that persons that are hired are legally permitted to work in the United States. The Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9) outlines the types of documents that an employer should review to confirm that a new hire is eligible for employment.

What you should do:

You do not need to submit any documentation to the COPS Office to satisfy this condition. Rather, you should complete and maintain the I-9 forms for all new employees under the guidelines set forth by the Bureau of Citizenship and Immigration Services. For further information about this requirement, please visit <https://www.uscis.gov/i-9-central>.

19. Enhancement of Contractor Protection from Reprisal for Disclosure of Certain Information

Condition:

The recipient agrees not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he or she reasonably believes is evidence of gross mismanagement of a federal contract or award; a gross waste of federal funds; an abuse of authority relating to a federal contract or award; a substantial and specific danger to public health or safety; or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or award. The recipient also agrees to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see appendices in the Award Owner's Manual for a full text of the statute.

Why this condition:

Under the “Enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. § 4712), recipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal awards and contracts. The law protects the public interest and ensures the proper management and use of federal funds.

What you should do:

The recipient must not take reprisal actions against an employee for disclosing misconduct under federal contracts and awards to certain persons and entities.

The recipient is prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he or she reasonably believes is evidence of

- gross mismanagement of a federal contract or award;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or award;
- a substantial and specific danger to public health or safety; or
- a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or award.

In addition, the disclosure must also have been made to

- a member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or award oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;
- a court or grand jury; or
- a management official or other employee of the contractor, subcontractor, or recipient who has the responsibility to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or award.

The recipient must inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections, and remedies under 41 U.S.C. § 4712.

Please see the appendices in this manual addressing Whistleblower Protection for a full text of the “Enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. § 4712).

20. Mandatory Disclosure

Condition:

Recipients and subrecipients must timely disclose in writing to the Federal awarding agency or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Recipients that receive an award over \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. Part 200, Appendix XII to Part 200. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in 2 C.F.R. § 200.338.

Why this condition:

Federal regulations require recipients and subrecipients to report all federal violations involving fraud, bribery, or gratuity that may affect the awarded federal funds. In addition, recipients that receive an award of more than \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. Part 200, Appendix XII to Part 200. This condition advises your agency of the requirement and the consequences of failing to report such violations to the COPS Office or pass-through entity.

What you should do:

Ensure that you timely report in writing to the COPS Office or pass-through entity all federal violations involving fraud, bribery, or gratuity that may affect your federal award and, if applicable, report certain civil, criminal, or administrative proceedings in SAM.

21. Conflict of Interest

Condition:

Recipients and subrecipients must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in accordance with 2 C.F.R. § 200.112.

Why this condition:

Recipients and subrecipients are required to use federal funding in the best interest of their award program. Any decisions related to these funds must be free of hidden personal or organizational conflicts of interest, both in fact and in appearance.

This means that recipients and subrecipients should not participate in any award-related decisions or recommendations that involve any of the following people or groups:

- an immediate family member
- a partner

- an organization in which they are serving as an officer, director, partner, or employee
- any person or organization with whom they are negotiating or who has an arrangement concerning prospective employment, has a financial interest, or for other reasons can have less than an unbiased transaction with the recipient or subrecipient

This also means that recipients and subrecipients should avoid any action which might result in or create the appearance of

- using your official position for private gain;
- giving special treatment to any person;
- losing complete independence or objectivity;
- making an official decision outside official channels; or
- affecting negatively the confidence of the public in the integrity of the Federal Government or the program.

What you should do:

Ensure that you report in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest that may affect your federal award.

22. Contract Provision

Condition:

All contracts made by the award recipients under the federal award must contain the provisions required under 2 C.F.R. Part 200, Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards. Please see appendices in the Award Owner's Manual for a full text of the contract provisions.

Why this condition:

Federal regulations require recipients and subrecipients to comply with the necessary contract provisions in order to standardize and strengthen oversight of all contracts made under federal awards. This provision protects the public interest and ensures the proper management and use of federal funds as it relates to contracts entered into by the recipient.

What you should do:

The recipient should review all contracts made under the federal award to ensure that they contain the provisions required under 2 C.F.R. Part 200, (Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards) in the appendices of the Award Owner's Manual.

23. Restrictions on Internal Confidentiality Agreements

Condition:

No recipient or subrecipient under this award, or entity that receives a contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information. Consolidated Appropriations Act, 2019, Public Law 116-6, Division D, Title VII, Section 742.

Why this condition:

Under section 742 of Division D, Title VII, of the Consolidated Appropriations Act, 2019 (Pub. L. 116-6), neither the recipient, subrecipient, nor any entity that receives a contract or subcontract with any funds under this or any other Act may require its employees or contractors to sign an internal confidentiality agreement or statement prohibiting or otherwise restricting their lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency. This provision protects the public interest and ensures the proper management and use of federal funds. This limitation is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

What you should do:

In accepting this award, the recipient

- represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the agency making this award, and will resume such obligations only if expressly authorized to do so by that agency.

If the recipient does or is authorized to make subawards or contracts under this award, in accepting, the recipient

- represents that it has or will determine that no other entity that the recipient proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that it has or will make appropriate inquiry, or otherwise has an adequate factual basis, to support this representation;
- represents that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

24. Recipient Integrity and Performance Matters

Condition:

For awards over \$500,000, the recipient agrees to comply with the following requirements of 2 C.F.R. Part 200, Appendix XII to Part 200 – Award Term and Condition for Recipient Integrity and Performance Matters:

A. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement

If the total value of your currently active awards, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIS)) about civil, criminal, or administrative proceedings described in paragraph 2. of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which You Must Report

Submit the information required about each proceeding that:

- a. Is in connection with the award or performance of an award, cooperative agreement, or procurement contract from the Federal Government;*
- b. Reached its final disposition during the most recent five year period; and*
- c. Is one of the following:*
 - (1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5. of this award term and condition;*
 - (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;*
 - (3) An administrative proceeding, as defined in paragraph 5. of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or*
 - (4) Any other criminal, civil, or administrative proceeding if:*
 - i. It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;*
 - ii. It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and*
 - iii. The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.*

3. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2. of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4. Reporting Frequency

During any period of time when you are subject to the requirement in paragraph 1. of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, award, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5. Definitions

For purposes of this award term and condition:

- a. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or award. It does not include audits, site visits, corrective plans, or inspection of deliverables.*
- b. Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.*
- c. Total value of currently active awards, cooperative agreements, and procurement contracts includes—*
 - (1) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and*
 - (2) The value of all expected funding increments under a Federal award and options, even if not yet exercised.*

Why this condition:

Under 2 C.F.R. § 200.210 (b) (1) (iii), recipients of awards in excess of \$500,000 are required to report certain civil, criminal, and administrative proceedings if they have active federal grants, cooperative agreements, or contracts (or any combination of these) that total more than \$10,000,000 during the COPS Office award period. The purpose is to protect the public interest and to ensure proper management in federal activities by conducting business with responsible parties.

What you should do:

If the total value of your active grants, cooperative agreements, and contracts from all federal awarding agencies exceeds \$10,000,000 during the COPS Office award period, then you must ensure that the proceedings described in paragraph 2 of this award term that are reported in the System for Award Management (SAM) are current. The information about the reported proceedings is made available in SAM via the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIS)). During the award period, you must either report for the most recent five year period new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. You must also disclose semiannually any information about criminal, civil, and administrative proceedings.

25. Computer Network Requirement

Condition:

The recipient understands and agrees that no award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. Nothing in this requirement limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities. Consolidated Appropriations Act, 2019, Public Law 116-6, Division C, Title V, Section 523.

Why this condition:

Section 523 of Division C, Title V, of the Consolidated Appropriations Act, 2019 (Pub. L. 116-6) prohibits the use of federal funds to maintain or establish a computer network that does not block the viewing, downloading, and exchanging of pornography. This provision protects the public interest in the proper management and use of federal funds.

What you should do:

The recipient must not use award funds to maintain or establish a computer network unless the network blocks pornography. This does not limit the use of funds for criminal investigations, prosecution, or adjudication activities.

26. Community Policing

Condition:

Community policing activities to be initiated or enhanced by your agency were identified and described in your award application. All equipment, technology, training, and/or sworn officer positions awarded under the TRGP Hiring award must be linked to the implementation or enhancement of community policing. 34 U.S.C. § 10382 (c)(10).

Why this condition:

The COPS Office defines community policing as a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions giving rise to public safety issues such as crime, social disorder, and fear of crime. TRGP-Hire awards must be used to initiate or enhance community policing activities. All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under TRGP-Hire must engage in community policing activities. While the COPS Office recognizes that your COPS Office-funded officer(s) (or an equal number of redeployed veteran officers) will participate in some or all aspects of your identified community policing plan and advance your agency's community policing activities over the life of the award, we also encourage your agency to move toward an organization-wide philosophy and commitment to community policing.

COPS Office awards are designed to increase community policing capacity and crime prevention efforts. This is achieved through problem-solving tactics and community policing partnerships. It enhances police professionalism by providing officers with the skills and motivation to act in innovative ways to solve community crime-related problems. Your organization may be monitored or audited to ensure that it is initiating or enhancing community policing in accordance with your proposed plan, and that the officers hired (or an equal number of redeployed veteran officers) are used to implement this plan and advance your agency's community policing activities over the

life of the award. The COPS Office may also use this information to understand the needs of the field and potentially provide for training, technical assistance, problem solving, and community policing implementation tools.

What you should do:

The community policing activities designated for implementation or enhancement by your agency were identified in your TRGP application. Your community policing needs may change during the life of your award, and minor changes to this plan may be made without prior approval of the COPS Office. If your agency's community policing plan changes significantly you must submit those changes in writing to the COPS Office for approval. Changes are significant if they deviate from the range of possible community policing activities identified and approved in the original community policing plan submitted with your application.

27. Retention

Condition:

At the time of award application, your agency committed to retaining all sworn officer positions awarded under the TRGP Hiring award with state and/or local funds for a minimum of 12 months following the conclusion of 36 months of federal funding for each position, over and above the number of locally-funded sworn officer positions that would have existed in the absence of the award. Your agency cannot satisfy the retention requirement by using TRGP Hiring-funded positions to fill locally-funded vacancies resulting from attrition.

Why this condition:

The retention requirement ensures that the increased officer staffing level under the TRGP-Hire award continues with state or local funds for a minimum of 12 months after federal funding ends.

What you should do:

At the time of the TRGP application, your agency was required to affirm that it planned to retain all sworn officer positions awarded under the TRGP-Hire award and identify the planned source(s) of retention funding. Your agency committed to retaining each awarded position for at least 12 months following the conclusion of 36 months of federal funding for that position. The retention period begins for an awarded officer position once that position has completed the 36-month implementation period. If an agency is awarded several officer positions, the retention period for each individual officer position begins upon completion of 36 months of funding for that position (not based on the cumulative award end date).

The retained TRGP funded position(s) must be added to your agency's law enforcement budget with state or local funds at the conclusion of grant funding, over and above the number of locally funded sworn officer positions that would have existed in the absence of the award. Absorbing TRGP-funded positions through attrition (rather than adding the extra positions to your budget with additional funding) does not meet the retention requirement.

Your agency should maintain documentation demonstrating when the 36-month award funding period expires for each awarded position and that each retained position is above and beyond the number of officer positions that your agency would otherwise have funded with state or local funds. We understand that your agency's identified source(s) of retention funding may change during the life of the award, so your agency should maintain documentation of any changes in the event of an audit, monitoring, or other evaluation of your award compliance.

Please note that your agency is required to retain the officer position(s) awarded under the TRGP-Hire award and not the specific officer(s) hired to fill the award position(s). If a position funded by the TRGP-Hire award becomes vacant during the retention period, your agency is required to take active and timely steps consistent with your agency's hiring policies and procedures to fill the position with a new officer to complete the remainder of the 12-month retention period. Your agency should maintain documentation demonstrating that you did not delay filling the position and that the steps your agency took to fill the position were consistent with your hiring policies and procedures.

At the conclusion of federal funding, agencies that fail to retain the sworn officer positions awarded under the TRGP-Hire award may be ineligible to receive future COPS Office awards for a period of three years. If your agency is unable to retain any of the awarded officer positions, you should contact your COPS Office Grant Program Specialist for further review.

28. Contracts with Other Jurisdictions

Condition:

Sworn law enforcement officer positions awarded must be used for law enforcement activities or services that benefit your agency and the population that it serves. The items funded under the TRGP Hiring award cannot be utilized by other agencies unless the items benefit the population that your agency serves. Your agency may use items funded under the TRGP Hiring award to assist other law enforcement agencies under a resource sharing, mutual aid, or other agreement to address multi-jurisdictional issues as described in the agreement.

Why this condition:

The TRGP was created under a Congressional appropriation specifically designated for tribal law enforcement agencies to improve public safety in Indian communities. The TRGP-Hire award funding is intended to benefit the communities within the recipient's primary law enforcement jurisdiction. Therefore, the recipient must use TRGP award funding to benefit its own population.

What you should do:

Your law enforcement agency should avoid any agreements with other jurisdictions to share officer positions or other awarded equipment, technology, or vehicles unless the agreement complies with the requirement that COPS Office-funded items must benefit the recipient service population. For example, if your jurisdiction has a tribal police department and a BIA department, items funded under the award might be able to be used by the BIA department as long as this would result in a benefit to the population that you serve. You may not, however, allow officers, equipment, technology, or vehicles funded under the award to be used by any agency or transferred to any agency that does not benefit the population that you serve. For example, you may not, during the award term, loan two of your awarded computers to a neighboring county's sheriff's department.

Officers funded under TRGP-Hire may not provide contract law enforcement services to other agencies unless they will directly benefit the recipient's jurisdiction. For example, your agency may not use an officer funded under TRGP-Hire to provide contract law enforcement services to a neighboring county, but your agency may use the officer to provide direct law enforcement services to the population within your agency's own jurisdiction. If your agency has an agreement with another law enforcement agency for resource sharing, mutual aid, etc. TRGP-Hire officers may respond to requests for assistance and participate in multi-jurisdictional activities as described in the agreement.

Before you enter into any agreement with another law enforcement agency, you should contact your COPS Office Grant Program Specialist at 800-421-6770 for additional guidance.

Special Award Condition

Background Investigations: To comply with the Special Award Condition on officer background investigations, the COPS Office is requiring a background investigation for all career law enforcement officers hired with TRGP-Hire funds to reduce the risk of hiring officers with past convictions of domestic violence, sexual assault, and other serious crimes. Background investigations can include, but are not limited to, criminal history checks, credit checks, resume validation, work history verification, and personal and professional references. Background investigations may be conducted by the provider of your choosing.

Officer Background Investigation

The recipient agrees to:

1. *Ensure that each officer(s) hired with TRGP-Hire funding will be subject to a background investigation to reduce the risk of hiring officers with past convictions of domestic violence, sexual assault, and other serious crimes;*
2. *Notify the COPS Office upon completion of the background investigation for each officer hired under the TRGP-Hire award; and*
3. *Cooperate with the COPS Office and provide updates on the status of background investigations upon request.*

Please Note:

- *If the COPS Office determines that TRGP-Hire funds are being used to pay the salary and fringe benefits of an officer who has not undergone a background investigation in compliance with this special condition, the COPS Office may temporarily suspend grant funds in accordance with 2 C.F.R. §200.338 until the agency can demonstrate the background investigation has been completed.*

Recipients that did not request funding for background investigations at the time of application may request to modify their awards to reprogram.

Review of award conditions—Equipment/Training awards

By signing the award document to accept this TRGP-Equipment/Training award, your agency agrees to abide by the following award conditions:

1. Award Owner's Manual

Condition:

The recipient agrees to comply with the terms and conditions in the applicable 2019 COPS Office Program Award Owner's Manual; COPS Office statute (34 U.S.C. § 10381, et seq.); the requirements of 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101; 48 C.F.R. Part 31 (FAR Part 31) as applicable (Contract Cost Principles and Procedures); the Cooperative Agreement as applicable; representations made in the application; and all other applicable program requirements, laws, orders, regulations, or circulars.

Why this condition:

This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your award. Your organization will be responsible for the information and rules contained in this manual and for implementing your award in compliance with the applicable terms, conditions, and regulations. Please note that in accordance with 2 C.F.R. § 200.101(c), the COPS Office applies 2 C.F.R. Subparts A through E to for-profit (or commercial) entities.

What you should do:

Please read the entire TRGP Award Owner's Manual carefully prior to signing the award document. If you have any questions, please contact your COPS Office Grant Program Specialist. When accepting your award, you should ensure that the proper reporting and financial systems are in place to satisfy the award requirements.

2. Assurances and Certifications

Condition:

The recipient acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its application.

Why this condition:

Although the COPS Office has made every effort to simplify the process of applying for and receiving awards, several provisions of federal law require us to seek your Assurances and Certification regarding certain matters. Most of the Assurances and Certifications apply to all federal award programs.

What you should do:

Applicants to COPS Office award programs are required to sign the Assurances and Certifications forms at the time of application. Signing these documents assures the COPS Office that you have read, understood, and accepted the award terms and conditions outlined in the Assurances and Certifications. Your agency is required to keep Assurances and Certifications forms that were signed as part of its award application. Please read these documents carefully, because signatures on these documents are treated as a material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines whether to fund the covered award. Additional copies of the Assurances and Certifications forms are contained in appendix B of this manual. If you have any questions about the Assurances and Certifications, please contact your COPS Office Grant Program Specialist at 800-421-6770.

3. Allowable Costs

Condition:

*The funding under this project is for the payment of approved costs to meet the most serious needs of law enforcement in tribal communities. The allowable costs for which your agency's award has been approved are limited to those listed on the Financial Clearance Memorandum (FCM), which is included in your agency's award package. The FCM specifies the exact items that your agency is allowed to fund with your TRGP Equipment/Training award and specifies the overall amount approved for each budget request category. **Your agency may not use TRGP Equipment/Training award funds for any costs that are not identified as allowable in the FCM.***

Only actual allowable costs incurred during the award period will be eligible for reimbursement and drawdown. If your agency experiences any cost savings over the course of the award (for example, your award application overestimated the total entry-level officer salary and fringe benefits package), your agency may not use that excess funding to extend the length of the award beyond 36 months. Any funds remaining after your agency has drawn down for the costs of approved salaries and fringe benefits incurred for each awarded position during the 36-month funding period for each awarded position will be deobligated during the closeout process, and should not be spent by your agency.

Why this condition:

TRGP-Equipment/Training may only be used for the purchase of equipment, technology, training, uniforms, and other items approved by the COPS Office as reflected in the FCM. The COPS Office TRGP funds the purchase of items that have a link to the implementation or enhancement of community policing initiatives in your agency.

TRGP-Equipment/Training funds may only be used to pay for items and services approved by the COPS Office as reflected in the FCM. To be eligible for payment under this award, the purchase of approved items must be made on or after the award start date and comply with the guidelines described in the section “Accessing Award Funds” in this manual. The section “Financial Record Maintenance” outlines the types of records you must keep to document that you followed this award condition. Purchases must also reflect the costs that were approved in the FCM.

What you should do:

All recipients should keep and maintain the most recent, approved version of 2019 TRGP application, which will contain the approved costs for this award. Refer to your FCM for the list of approved allowable costs. Listed below are the budget categories that may appear on your FCM. As long as funds are spent during the award period on the approved salaries or benefits (as applicable), equipment, technology, training, or other costs that were documented in your application's budget summary and were approved through the issuance of the FCM, this award condition will be satisfied. The award number should be indicated on all budgetary documentation including purchase orders, receipts, and other documentation. All recipients should keep and maintain the most recent, approved version of their 2019 TRGP application for future reference.

Allowable costs: Background investigations

Based on the FCM, recipients may have been awarded funding for background investigations for newly hired officer positions if other funding (state, local, or Bureau of Indian Affairs (BIA)) was not budgeted for the same background investigations. Background investigations must be completed before expenses incurred in connection with such investigations can be reimbursed. Funded background investigations may not be initiated prior to the official start date of the award period.

Allowable costs: Training

Based on the FCM, recipients may have been awarded funding for otherwise unfunded expenses associated with sending recruits to a state academy that will train and certify tribal police officers, to the BIA Indian Police Academy in Artesia, New Mexico, or to basic training from an established academy that trains Indian police officers such as the Navajo Nation's Academy. Basic law enforcement training is encouraged for existing police officers who

have not received it, depending on the needs of your department and the availability of funding. Award funding may only be used for one cycle of basic training per officer. The recipient agency will be responsible for any additional costs associated with an officer not completing basic training on the first attempt.

TRGP funds may also pay for community policing and problem-solving training; specialized law enforcement training in such topics as counterterrorism, family violence, and crime prevention and detection; and training related to Indian Country jurisdictional issues. Only requests for training by recognized training providers such as the Federal Law Enforcement Training Center, the FBI, the BIA Indian Police Academy, a state police academy, COPS Office Regional Community Policing Institutes, or a tribal community college will be considered. In addition, funding may be used to attend training conferences such as the National Native American Law Enforcement Association's annual training conference or any COPS Office-sponsored conference.

Funding for community policing or other law enforcement training will cover only travel, lodging, and per diem expenses for each representative to and from the training site (if training is conducted more than 50 miles from your agency headquarters). State academy training costs include training instruction fees, academy tuition, course fees, textbooks, manuals, supplies, and travel in connection with the training (transportation, lodging, per diem, etc.) if the training is located more than 50 miles from the job site. If your state academy does not charge for the training, your department will be reimbursed only for travel in connection with the training. Departments that send officers to the BIA Indian Police Academy will be reimbursed for travel costs only, as there is no cost for tuition at the BIA Indian Police Academy for tribal officers.

TRGP-E/T funds may pay for computer training for systems, hardware, or software that recipients already own but may not be utilizing to the fullest extent due to of a lack of training. Applicants must demonstrate that the training enhances law enforcement activities, particularly in support of community policing. TRGP-E/T funding may be used only for training costs not already funded in the applicant's budget with state, local, or BIA funds.

In addition, TRGP-E/T funding may be used for off-site training required to increase tribal capacity to operate a crime information gathering system compatible with the FBI Uniform Crime Reporting System.

Allowable costs: Uniforms and basic issue equipment

Any bulletproof vest purchased under TRGP-E/T must meet National Institute of Justice standards as shown on the list of acceptable vests included in appendix D of this manual.

Allowable costs: Technology

To be eligible for payment under this award, the purchase of equipment and technology must occur on or after the award start date, the items must be those specifically applied for and approved by the COPS Office, and the items must meet the guidelines described in 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards). Equipment or technology purchased on or after the award start date must be in addition to purchases that the recipient is obligated or funded to make in its current budget. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of your agency's TRGP-E/T award.

Allowable costs: Police vehicles

Allowable items include police cars, basic vehicle accessory packages, and special conveyances such as sport utility vehicles, bicycles, motorcycles, snowmobiles, and all-terrain vehicles (ATV). The items must be those specifically applied for and approved by the COPS Office.

Allowable costs: Travel

Travel costs for transportation, lodging, subsistence, and related items are allowable under your agency's TRGP-E/T award if specifically approved by the COPS Office. In accordance with 2 C.F.R. §200.474, travel costs for official business directly related to the award will be reimbursed based upon the recipient's written travel reimbursement policies if the costs are reasonable and allocable under the project. In the absence of an acceptable written policy regarding travel costs, allowable rates and amounts established by the U.S. General Services Administration (GSA) for the relevant geographic area will apply. The current GSA travel policy and per diem rates can be found at www.gsa.gov.

Allowable airfare costs will be reimbursed based upon the least expensive unrestricted accommodations class offered by commercial airlines—for example, lowest discount commercial airfare, the Federal Government contract airfare (if authorized and available), or standard coach airfare—unless otherwise authorized in advance by the COPS Office.

For recipients subject to 48 C.F.R. Part 31.000, et seq. (FAR-31.2) Cost Principles for Commercial Organizations, travel costs incurred directly by the recipient will be reimbursed if the costs are reasonable and allocable under the project. Travel costs for lodging, meals, and incidental expenses may be reimbursed based upon per diem, actual expenses, or a combination of these methods, as long as the reimbursement rate does not exceed established GSA per diem rates as set forth in the Federal Travel Regulation. Transportation costs may be reimbursed based on mileage rates, actual costs incurred, or a combination of these methods. Allowable airfare travel costs will be reimbursed based upon standard coach fare, unless otherwise authorized in advance by the COPS Office.

The COPS Office TRGP-E/T will fund award-related travel costs for the recipient agency or other (non-recipient) individuals to attend training and technical assistance conferences, seminars, or classes or to visit a site specified in the application. Allowable expenses for award-related lodging, meals, and incidental expenses that were included in the application have been approved by the COPS Office as part of the TRGP-E/T award and final budget. Your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Grant Program Specialist to obtain an award modification.

Temporary dependent care costs above and beyond regular dependent care that directly results from conference travels are allowable as long as the costs incurred (1) are a direct result of the individual's travel for the federal award; (2) are consistent with the recipient's documented travel policy for all entity travel; and (3) are only temporary during the travel period.

Allowable costs: Supplies

All supplies must be solely used for the project identified in your project proposal. Reimbursements for office supplies that are consumed by routine administrative purposes instead of project-related activities are prohibited. Items must meet the guidelines described in 2 C.F.R. Part 200, Subpart E – Cost Principles.

Allowable costs: Contracts/consultants

Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with 2 C.F.R. 200, Subpart E—Cost Principles and consistent with that paid for similar services in the marketplace. Unless otherwise approved by the COPS Office, consultant rates will be based on the salary a consultant receives from his or her primary employer, as applicable, up to \$650 per day. For consultant or

contractor rates which exceed \$650 per day, the COPS Office requires written justification if the consultants or contractors are hired through a non-competitive bidding process and recipients must receive COPS Office approval of those rates before drawing down award funds. Determinations will be made on a case-by-case basis.

Allowable costs: Other costs

The purchases of project-related expenditures that do not conform to any other category descriptions specified above were included in this section of your FCM. In addition, items that have a direct correlation to the overall success of a recipient's project objectives and are necessary for the project to reach full implementation are considered on a case-by-case basis by the COPS Office.

Requests may be made only for items or positions that are not otherwise budgeted with state, local, or BIA funds, and would not be funded in the absence of the TRGP award.

Allowable costs: Indirect costs (If Applicable)

The recipient understands that indirect costs may only be requested at the time of application. A current, signed, federally approved Negotiated Indirect Cost Rate Agreement or documentation showing pending request for approval must be included with the application.

Indirect costs are costs that are incurred for common or joint purposes and are not readily assignable to a particular project but are necessary to the operation of the agency and the performance of the project. Examples of indirect costs include those incurred for facility operation and maintenance, depreciation, and administrative salaries. Indirect cost usage must adhere to the standards set forth in the applicable Office of Management and Budget (OMB) Uniform Guidance 2 C.F.R. § 200.56—Indirect (facilities & administrative (F&A)) costs and 2 C.F.R. § 200.414—Indirect (F&A) costs. Additional guidance for your entity can be found in the following locations: Appendix III to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Institutions of Higher Education (IHEs); Appendix IV to Part 200—Indirect (F&A) Costs Identification and Assignment, and Rate Determination for Nonprofit Organizations; Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals.

Indirect cost rates are federally negotiated and approved rates that are based on audited and documented expenses that are approved to be included within an indirect cost rate. It is important that your agency carefully track and update its indirect cost rate during the COPS Office award period.

The recipient understands that if it submitted an expired indirect cost rate agreement at the time of application, it will be unable to recover federal funds for indirect costs until the COPS Office receives a current indirect cost rate agreement covering the award period. A special condition may be added to the award prohibiting the obligation, expenditure, or drawdown of funds reimbursement for indirect costs until a current indirect cost rate has been approved by your cognizant federal agency and submitted to the COPS Office.

If your agency's approved indirect cost rate expires during the award period, a current approved rate must be submitted to the COPS Office in order to continue to draw down award funding for indirect costs. In addition, your agency must request a budget modification with the COPS Office to reflect any rate change.

If your agency has never received a negotiated indirect cost rate, then you may request up to a flat 10 percent de minimis indirect cost rate applied to the modified total direct costs (MTDC).

In addition, before the COPS Office officially closes out your agency's award, your agency must reconcile any changes between your approved final indirect cost rate and approved provisional indirect cost rate and, if necessary, repay the COPS Office for any indirect cost rate overpayment. If your agency draws down excess COPS Office award funding for indirect costs, please return the overpayment to the COPS Office and submit a revised Federal Financial Report (SF-425).

See the COPS Office website for a fact sheet on indirect costs, <https://cops.usdoj.gov/ctas#programdocuments>.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award. *See also award condition on "Duplicative Funding."*

Note that certain "Controlled Equipment" as described in the "Recommendations Pursuant to EXECUTIVE ORDER 13688 Federal Support for Local Law Enforcement Equipment Acquisition," available at <https://ojp.gov/docs/LE-Equipment-WG-Final-Report.pdf> may be disallowed or require additional justification and certifications.

4. Supplementing, Not Supplanting

Condition:

State, local, and tribal governments must use TRGP Equipment/Training award funds to supplement, and not supplant, state, local, or Bureau of Indian Affairs (BIA) funds that are already committed or otherwise would have been committed for award purposes (hiring, training, purchases, and/or activities) during the award period. In other words, state, local, and tribal government recipients may not use COPS Office funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS Office-funded item(s) in the absence of the COPS Office award. 34 U.S.C. § 10384(a).

Why this condition:

The COPS Office statutory nonsupplanting requirement mandates that award funds may not be used to replace state or local funds (or, for tribal recipients, BIA funds) that would, in the absence of federal aid, be made available for the award purposes.

What you should do:

TRGP-E/T recipients may not use award funds to pay for any item or cost funded under the award (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds or committed to the recipient's budget. If you have questions concerning this award term, and how it pertains to your project budget, please contact your COPS Office Grant Program Specialist.

In addition, recipients may not reallocate state, local, or BIA funds from one area within the law enforcement budget to another as a result of receiving TRGP award funds. For example, recipients who have budgeted funds to pay for new computer equipment may not reallocate those funds to pay for any other law enforcement cost as a result of receiving TRGP-E/T award funds for the same computer equipment.

TRGP Equipment and Training—To meet this award condition, you must ensure the following:

- Equipment and technology must be purchased on or after the award start date (unless an exception is authorized in writing by the COPS Office) in addition to purchases that the recipient has obligated funding in the current budget to make. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the receipt of a TRGP-E/T award. For example, recipients who have budgeted local funds to pay for a new computer system may not reallocate those funds to pay for any other law enforcement cost as a result of receiving TRGP-E/T funds for the same computer system.
- Any training covered by TRGP-E/T funds is in addition to the number of hours of training already provided by your agency. Funds currently allocated for training may not be reallocated to other purposes.

Note: This award condition applies to all state or locally funded agencies working in partnership with your agency under this award. Your agency is responsible for ensuring that any partner agencies use COPS Office funds only to supplement, not supplant, their state, local, or BIA funding as described in this condition.

5. Extensions

Condition:

Your agency may request an extension of the award period to receive additional time to implement your award program. Such extensions do not provide additional funding. Only those recipients that can provide a reasonable justification for delays will be granted no-cost extensions. Extension requests must be received prior to the end date of the award. 2 C.F.R. § 200.308(d)(2).

Why this condition:

Under federal regulations, requests to extend the award period require prior written approval from the COPS Office. Without an approved extension, your agency is not permitted to draw down federal funding for costs incurred beyond the official award end date. However, if justified, the COPS Office seeks to accommodate reasonable requests for no-cost time extensions in order to fully implement the COPS Office award.

What you should do:

The COPS Office will contact your agency during the last quarter of the award period to determine whether a no-cost time extension is needed; extensions will not be processed prior to 90 days of the award end date. Requests to extend the award period must be received by the COPS Office before the official award end date. Extension requests received after the expiration date will be considered only when the recipient provides justification of extraordinary circumstances; an example of this would be an instance in which an unforeseen natural disaster prevented a recipient from requesting an extension. Failure to submit a request for a no-cost time extension by the end date may result in the immediate deobligation of any remaining award funds.

6. Modifications

Condition:

Occasionally, a change in an agency's fiscal or law enforcement situation necessitates a change in its COPS Office TRGP Equipment/Training award. Award modifications under the program are evaluated on a case-by-case basis in accordance with 2 C.F.R. § 200.308. For federal awards in excess of \$250,000, any modification request involving the reallocation of funding between budget categories that exceed or are expected to exceed 10 percent (10%) of

the total approved budget requires prior written approval by the COPS Office. Regardless of the federal award amount or budget modification percentage, any reallocation of funding is limited to approved budget categories. In addition, any budget modification that changes the scope of the project requires prior written approval by the COPS Office. In addition, please be aware that the COPS Office will not approve any modification request that results in an increase of federal funds.

Why this condition:

The COPS Office realizes that agencies may need to reprogram award funds. Acceptable examples of such award modifications include purchasing additional equipment using cost savings from approved items or purchasing a different type of equipment due to changing needs. Under federal regulations, you may expend award funds only as approved in the FCM. Any requests to change or alter awards require written approval from the COPS Office prior to their implementation. Without prior written approval, you must continue to implement your award as it was originally awarded and accepted by your agency. Please be advised that reprogramming requests for unallowable costs (e.g., construction) will not be approved.

Your agency may reprogram its budget up to an aggregate (over the course of your project) of 10 percent of the total project cost without prior written approval from the COPS Office. However, you should notify your COPS Office Grant Program Specialist of any reprogramming that falls below the 10 percent threshold as well. For awards in excess of \$250,000, any reprogramming of funds that totals an aggregate of 10 percent or more of the approved budget requires prior written approval from the COPS Office.

What you should do:

You are required to notify your COPS Office Grant Program Specialist if you determine that your agency will need to reprogram award funds. If your modification exceeds an aggregated (over the course of your project) 10 percent of your overall award, your agency must access <https://portal.cops.usdoj.gov>.

Please contact your COPS Office Grant Program Specialist for further direction on any additional requirements that may apply to your modification request. The COPS Office will then evaluate your request and notify your agency of our decision in writing. Implementation of the modified award budget may begin following written approval from the COPS Office. Please note that modification approvals for active awards will be accompanied by a modified FCM reflecting the approved changes.

7. Evaluations

Condition:

The COPS Office may conduct monitoring or sponsor national evaluations of the TRGP Equipment/Training award. The recipient agrees to cooperate with the monitors and evaluators. 34 U.S.C. § 10385(b).

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the attorney general for the furtherance of the purposes of the Act. The COPS Office conducts evaluations to determine which programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your agency implements its TRGP award. In some jurisdictions, COPS Office staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect information about the programs'

effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

What you should do:

When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your agency or department, observe activities, and obtain written reports about and from your agency or department. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your award activities. You should fully comply with any requests regarding these evaluations.

8. Reports/Performance Goals

Condition:

To assist the COPS Office in monitoring and tracking the performance of your award, your agency will be responsible for submitting quarterly programmatic progress reports that describe project activities during the reporting period and quarterly Federal Financial Reports using Standard Form 425 (SF-425). 2 C.F.R. §§ 200.327 - 200.328. The progress report is used to track your agency's progress toward implementing community policing strategies and to collect data to gauge the effectiveness of increasing your agency's community policing capacity through COPS Office funding. The Federal Financial Report is used to track the expenditures of the recipient's award funds on a cumulative basis throughout the life of the award.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government must be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and recipients.

What you should do:

This award condition is designed to make your agency aware of reporting requirements associated with TRGP awards. Quarterly programmatic progress reports and a final programmatic closeout report must be submitted directly to the COPS Office through the "Account Access" tab on the COPS Office website at www.cops.usdoj.gov. Your agency is also required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period, and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official award end date, however you will have a 90-day grace period after the award end date during which you can drawdown funds for eligible expenditures incurred before the award end date. Agencies with more than one delinquent programmatic or financial report submission per fiscal year may be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting. These reports are discussed in greater detail in

the section titled “Reports” in this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of award funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

9. Award Monitoring Activities

Condition:

Federal law requires that recipients receiving federal funding from the COPS Office must be monitored to ensure compliance with their award conditions and other applicable statutes and regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Award monitoring activities conducted by the COPS Office include site visits, office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS Office award recipient, you agree to cooperate with and respond to any requests for information pertaining to your award. This includes all financial records, such as general accounting ledgers and all supporting documents. All information pertinent to the implementation of the award is subject to agency review throughout the life of the award, during the close-out process and for three years after the submission of the final expenditure report. 34 U.S.C. § 10385(a) and 2 C.F.R. §§ 200.333 & 200.336.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that each award program must contain a monitoring component. The COPS Office actively monitors how recipients are complying with COPS Office award requirements. In addition, the monitoring component provides customer service and technical assistance to help ensure recipients understand how to remain in compliance while implementing their awards.

What you should do:

Your agency may be required to accommodate routine and non-routine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your agency's use of federal funds both programmatically and financially. The four primary means of ensuring recipients' compliance with the terms and conditions of their awards are as follows:

1. **Site visits.** The COPS Office strategically selects award recipients based on a variety of risk factors to conduct site visits to ensure compliance with award terms and conditions. The purpose of site visits is three-fold:
 - i. To review for compliance with the terms and conditions of the award
 - ii. To review the recipient's community policing strategies
 - iii. To provide customer service and technical assistance

If selected, recipients will be notified in writing in advance with detailed instructions on how to prepare for the review of their COPS Office awards. The site visit is generally performed over a period of one or more days. Recipients will have an opportunity to resolve any identified noncompliance issues while on-site, or if necessary, following the site visit. In addition, recipients will have an opportunity to seek customer service and/or technical assistance on the implementation of their award.

2. **Enhanced Office-Based Grant Reviews (EOBGR).** In lieu of a site visit, awards may be selected for an EOBGR conducted at the COPS Office via teleconference or video conference. EOBGRs serve as an alternative for conducting site visit reviews in support of the COPS Office's overall award monitoring strategy. The purpose of the EOBGR is three-fold:
 - i. To review for compliance with the terms and conditions of the award
 - ii. To review the recipient's community policing strategies
 - iii. To provide customer service and technical assistance

If selected, the recipient will be notified in writing in advance of any EOBGR of its COPS Office awards. This review is generally performed over a one to two day period. Compliance reviews will be conducted for active awards to address any noncompliance and/or administrative issues identified during the review. In addition, award recipients will also receive customer service and/or technical assistance on the implementation of their award.
3. **Alleged Noncompliance Referral (ANCR).** An ANCR is an allegation of suspected noncompliance that originates from an internal source within the COPS Office or an external referral from one of many sources. Internal ANCRs generally originate from COPS Office Grants Administration Division, COPS Office Finance Division, Community Policing Advancement Directorate, or the COPS Office Legal Division, although any COPS Office component may refer a noncompliance issue to the ANCR. External noncompliance referrals may be received from anonymous complainants, media, citizens, law enforcement agencies, other federal agencies, or other outside sources. On a case-by-case basis, COPS Office ANCR staff members determine the appropriate course of action to take to investigate complaints of alleged noncompliance. This may include phone or letter contact or a site visit by COPS Office staff or the OIG. Each ANCR referral is resolved as a violation or non-violation based upon the supporting documentation and/or other factors used to make a determination for compliance or non-compliance.
4. **Audit Liaison.** The OIG may conduct a random audit for any recipient of a COPS Office award. In the event your agency has undergone an OIG audit and there are audit recommendations (findings) resulting from noncompliance and/or poor accountability practices, the COPS Office Audit Liaison Section will work with your agency to resolve and close these recommendations. Remedies to close recommendations may include repayment of award funds and/or providing adequate documentation to demonstrate compliance and/or providing proof of policies or procedures that were created or revised to directly address the causes for the noncompliance as a proactive preventative measure to avoid future noncompliance.

Recipients are responsible for remedying any award noncompliance that is identified during site visits, EOBGRs and/or ANCRs. In addition, recipients are responsible for remedying noncompliance stemming from audit recommendations identified in audits of COPS Office awards conducted by the OIG and the Office of the Chief Financial Officer (OCFO). Remedies for noncompliance may include but are not limited to repayment of award funds for unallowable or unsupported costs, providing adequate documentation to demonstrate compliance, suspending active award funding, voluntary withdrawal from or involuntary termination of remaining award funds, or a restriction from receiving future COPS Office awards for a period of time. Under certain conditions, additional actions may include referral and placement on the US Department of Justice's High Risk List, which will include mandatory completion of the Office of Justice Programs Financial Management Training and being subject to increased monitoring of current and future awards while on the list. In the event of criminal misuse of award funds, recipients may also be subject to fines and imprisonment. To avoid findings of noncompliance, recipients are strongly encouraged to become familiar with the Grant Monitoring Standards and Guidelines for All COPS Office Grants and Cooperative Agreements and with the Award Owner's Manual for the year in which the award was made. Recipients should also contact the COPS Office or their Grant Program Specialist at any time during the

life of a COPS Office award with questions concerning award conditions, terms, or requirements to seek guidance to avoid noncompliance. It is necessary for recipients to maintain all relevant documentation (administrative, financial, and programmatic) used to develop the application and implement the award that may be necessary or required to demonstrate award compliance for a period of three-years from the date of submission of the final expenditure report. For more information, please contact the COPS Office Response Center at 800-421-6770 or at AskCopsRC@usdoj.gov.

10. Federal Civil Rights Laws

Condition:

The Applicant understands that the federal statutes and regulations applicable to the award (if any) made by the Department based on the application specifically include statutes and regulations pertaining to civil rights and nondiscrimination, and, in addition—

- (a) the Applicant understands that the applicable statutes pertaining to civil rights will include section 601 of the Civil Rights Act of 1964 (42 U.S.C. § 2000d); section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794); section 901 of the Education Amendments of 1972 (20 U.S.C. § 1681); and section 303 of the Age Discrimination Act of 1975 (42 U.S.C. § 6102);*
- (b) the Applicant understands that the applicable statutes pertaining to nondiscrimination may include section 809(c) of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10228(c)); section 1407(e) of the Victims of Crime Act of 1984 (34 U.S.C. § 20110(e)); section 299A(b) of the Juvenile Justice and Delinquency Prevention Act of 2002 (34 U.S.C. § 11182(b)); and that the grant condition set out at section 40002(b)(13) of the Violence Against Women Act (34 U.S.C. § 12291(b)(13)), which will apply to all awards made by the Office on Violence Against Women, also may apply to an award made otherwise;*
- (c) the Applicant understands that it must require any subrecipient to comply with all such applicable statutes (and associated regulations); and*
- (d) on behalf of the Applicant, I make the specific assurances set out in 28 C.F.R. §§ 42.105 and 42.204.*

The Applicant also understands that (in addition to any applicable program-specific regulations and to applicable federal regulations that pertain to civil rights and nondiscrimination) the federal regulations applicable to the award (if any) made by the Department based on the application may include, but are not limited to, 2 C.F.R. Part 2800 (the DOJ "Part 200 Uniform Requirements") and 28 C.F.R. Parts 22 (confidentiality - research and statistical information), 23 (criminal intelligence systems), 38 (regarding faith-based or religious organizations participating in federal financial assistance programs), and 46 (human subjects protection).

Why this condition:

In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights laws. As a result, recipients are required to comply with the civil rights requirements found in the nondiscrimination provisions referenced above. A hold may be placed on your award if it is deemed that your agency is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your agency's COPS Office award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

What you should do:

Included with your award package is a memorandum from the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice, which addresses the federal civil rights statutes and regulations applicable to your award. You should review this memorandum to understand your agency's civil rights responsibilities. As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights laws and to collect data and information sufficient to permit effective enforcement of such laws and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

11. Equal Employment Opportunity Plan (EEO)

Condition:

All recipients of funding from the COPS Office must comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan. 28 C.F.R. Part 42 subpart E.

Why this condition:

It is the experience of the U.S. Department of Justice in implementing its responsibilities under the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), the statute that established the COPS Office, that "the full and equal participation of women and minority individuals in employment opportunities in the criminal justice system is a necessary component to the Safe Streets Act's program to reduce crime and delinquency in the United States" 28 C.F.R. § 42.301. The Equal Employment Opportunity Plan (EEO) does not impose quotas or hiring requirements on recipients of federal funds.

What you should do:

The obligations to comply with the EEO requirement differ depending on your organization's legal status, the number of its employees, and the amount of the award.

If your organization is a government agency or private business and has received a single award for \$25,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report and submit it to the Office for Civil Rights (OCR) within 120 days from the date of the award. Although the OCR has discretion to review all submitted Utilization Reports, it will review the Utilization Reports from recipients that receive an award of \$500,000 or more.

To begin developing a Utilization Report, please consult the OCR's website at <https://www.ojp.usdoj.gov/about/ocr/eeop.htm> and click EEO Reporting Tool Login. Additional assistance can be found online at the bottom of the same webpage by clicking the EEO Reporting Tool Job Aid and Frequently Asked Questions.

If your organization has less than fifty employees or receives an award of less than \$25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEO requirement. To claim the exemption, however, your organization must certify that it is exempt by logging into the EEO Reporting Tool on the OCR website at <https://www.ojp.usdoj.gov/about/ocr/eeop.htm>, providing the contact and organizational profile information, and then submitting a Certificate of Exemption.

If you have further questions regarding the EEOP requirements, you may contact an EEOP specialist at the OCR by telephone at 202-307-0690, by TTY at 202-307-2027, or by e-mail at EEOPforms@usdoj.gov.

12. False Statements

Condition:

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and/or any other remedy available by law.

Why this condition:

This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other award documents.

What you should do:

Ensure that all documentation related to your agency's receipt and use of award funding (award applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

13. Duplicative Funding

Condition:

The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.

Why this condition:

This award was provided to your agency for approved project costs that are not funded with other funds, including federal, state, local, tribal, or BIA funds. Consequently, your agency may not use this funding for items or services that you already have funding for from other sources.

What you should do:

If your agency receives funding from another source for the same item(s) or services(s) also funded under this award, please contact your COPS Office Grant Program Specialist or call the COPS Office Response Center at 800-421-6770. If necessary, the COPS Office will work with your agency to reprogram funding for items or services that are allowable under this award program.

14. Additional High-Risk Recipient Requirements

Condition:

The recipient agrees to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient. 2 C.F.R. § 200.207.

Why this condition:

In accordance with 2 C.F.R. § 200.207, the DOJ may impose additional requirements specific to your award, as needed, when it determines that there is unsatisfactory performance, financial or administrative instability, noncompliance with award terms and conditions, or other lack of responsibility risk factors. In such cases, the DOJ may impose special conditions or restrictions that may include requiring the production of documentation, financial award administration training, onsite monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

What you should do:

In order to obtain a COPS Office award, recipients must agree to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient.

15. System for Award Management and Universal Identifier Requirements

Condition:

The recipient agrees to comply with the following requirements of 2 C.F.R. Part 25, Appendix A to Part 25 – Award Term:

I. System for Award Management and Universal Identifier Requirements

Requirement for System for Award Management

Unless you are exempted from this requirement under 2 C.F.R. § 25.110, you as the recipient must maintain the currency of your information in the SAM until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

Requirement for unique entity identifier

If you are authorized to make subawards under this award, you:

- 1. Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its unique entity identifier to you.*
- 2. May not make a subaward to an entity unless the entity has provided its unique entity identifier to you.*

Definitions

For purposes of this award term:

Why this condition:

The purpose of this standard award term is to ensure government-wide uniformity in establishing the DUNS number as the universal identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable), and to establish the SAM as the repository for standard information about applicants and recipients.

What you should do:

At the time of award application, your agency was required to provide its DUNS number and be registered in the SAM database.

Your agency should continue to use the same DUNS number provided in your award application and update, as needed, the information associated with that DUNS number. If your agency is authorized to make subawards under its award, your agency may make subawards only to entities that have DUNS numbers. For more information about your DUNS number, please contact D&B using the toll-free number 866-705-5711 or visit fedgov.dnb.com/webform.

Your agency must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. **Your agency must review and update its SAM information at least once per year to maintain an active registration status.** For more information about SAM registration, please visit www.sam.gov.

Why this condition:

To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov. Recipients are responsible for reporting their applicable executive compensation and sub-award information and the award term provides guidance to report the related information, as required by FFATA.

What you should do:

At the time of award application, your agency was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your agency received awards of \$25,000 or more, you are required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the website at www.fsrs.gov, is the reporting tool that your agency will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on www.USASpending.gov associated with your agency's award, furthering federal spending transparency.

For additional information regarding the executive compensation and subaward reporting requirements, please see Vol. 75, No. 177 (September 14, 2010) of the Federal Register, www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf.

17. Debarment and Suspension

Condition:

The recipient agrees not to award federal funds under this program to any party which is debarred or suspended from participation in federal assistance programs. Part 180 (Government-wide Nonprocurement Debarment and Suspension) and Part 2867 (DOJ Nonprocurement Debarment and Suspension).

Why this condition:

Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see *Part 180 (Government-wide Nonprocurement Debarment and Suspension)* and *Part 2867 (DOJ Nonprocurement Debarment and Suspension)*.

What you should do:

If, under a COPS Office award, you enter into a contract for goods or services for \$25,000 or more or any subaward, you must verify that the vendor or subrecipient and their respective principals (e.g., owners, top managers) with whom you intend to do business are not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subrecipient to comply with subpart C of the OMB guidance in *Part 180 (Government-wide Nonprocurement Debarment and Suspension)* and *Part 2867 (DOJ Nonprocurement Debarment and Suspension)*.

18. Employment Eligibility

Condition:

The recipient agrees to complete and keep on file, as appropriate, the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States. Immigration Reform and Control Act of 1986 (IRCA), Public Law 99-603.

Why this condition:

Under federal immigration law, all employers are required to take certain steps to ensure that persons that are hired are legally permitted to work in the United States. The Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9) outlines the types of documents that an employer should review to confirm that a new hire is eligible for employment.

What you should do:

You do not need to submit any documentation to the COPS Office to satisfy this condition. Rather, you should complete and maintain the I-9 forms for all new employees under the guidelines set forth by the Bureau of Citizenship and Immigration Services. For further information about this requirement, please visit <https://www.uscis.gov/i-9-central>.

19. Enhancement of Contractor Protection from Reprisal for Disclosure of Certain Information

Condition:

The recipient agrees not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he or she reasonably believes is evidence of gross mismanagement of a federal contract or award, a gross waste of federal funds, an abuse of authority relating to a federal contract or award, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or award. The recipient also agrees to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see appendices in the Award Owner's Manual for a full text of the statute.

Why this condition:

Under the “Enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. § 4712), recipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal awards and contracts. The program protects the public interest and ensures the proper management and use of federal funds.

What you should do:

The recipient must not take reprisal actions against an employee for disclosing misconduct under federal contracts and awards to certain persons and entities.

The recipient is prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he or she reasonably believes is evidence of

- gross mismanagement of a federal contract or award;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or award;
- a substantial and specific danger to public health or safety; or
- a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or award.

In addition, the disclosure must also have been made to

- a member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or award oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;
- a court or grand jury; or
- a management official or other employee of the contractor, subcontractor, or recipient who has the responsibility to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or award.

The recipient must inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections and remedies under 41 U.S.C. § 4712.

Please see appendices in this manual addressing Whistleblower Protection for a full text of the “Enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. § 4712).

20. Mandatory Disclosure

Condition:

Recipients and subrecipients must timely disclose in writing to the Federal awarding agency or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Recipients that receive an award over \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. Part 200, Appendix XII to Part 200. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in 2 C.F.R. § 200.338.

Why this condition:

Federal regulations require recipients and subrecipients to report all federal violations involving fraud, bribery, or gratuity that may affect the awarded federal funds. In addition, recipients that receive an award of more than \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. Part 200, Appendix XII to Part 200. This condition advises your agency of the requirement and the consequences of failing to report such violations to the COPS Office or pass-through entity.

What you should do:

Ensure that you timely report in writing to the COPS Office or pass-through entity all federal violations involving fraud, bribery, or gratuity that may affect your federal award and, if applicable, report certain civil, criminal, or administrative proceedings in SAM.

21. Conflict of Interest

Condition:

Recipients and subrecipients must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in 2 C.F.R. § 200.112.

Why this condition:

Recipients and subrecipients are required to use federal funding in the best interest of their award program. Any decisions related to these funds must be free of hidden personal or organizational conflicts of interest, both in fact and in appearance.

This means that recipients and subrecipients should not participate in any award-related decisions or recommendations that involve any of the following people or groups:

- an immediate family member
- a partner
- an organization in which they are serving as an officer, director, partner, or employee
- any person or organization with whom they are negotiating or who has an arrangement concerning prospective employment, has a financial interest, or for other reasons can have less than an unbiased transaction with the recipient or subrecipient

This also means that recipients and subrecipients should avoid any action which might result in or create the appearance of

- using your official position for private gain;
- giving special treatment to any person;
- losing complete independence or objectivity;
- making an official decision outside official channels; or
- affecting negatively the confidence of the public in the integrity of the Federal Government or the program.

What you should do:

Ensure that you report in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest that may affect your federal award.

22. Contract Provision

Condition:

All contracts made by the award recipients under the federal award must contain the provisions required under 2 C.F.R. Part 200, (Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards). Please see appendices in the Award Owner's Manual for a full text of the contract provisions.

Why this condition:

Federal regulations require recipients and subrecipients to comply with the necessary contract provisions in order to standardize and strengthen oversight of all contracts made under federal awards. This provision protects the public interest and ensures the proper management and use of federal funds as it relates to contracts entered into by the recipient.

What you should do:

The recipient should review all contracts made under the federal award to ensure that they contain the provisions required the appendices.

23. Restrictions on Internal Confidentiality Agreements

Condition:

No recipient or subrecipient under this award, or entity that receives a contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information. Consolidated Appropriations Act, 2019, Public Law 116-6, Division D, Title VII, Section 742.

Why this condition:

Under section 742 of Division D, Title VII, of the Consolidated Appropriations Act, 2019 (Pub. L. 1166), neither the recipient, subrecipient, nor any entity that receives a contract or subcontract with any funds under this or any other Act may require its employees or contractors to sign an internal confidentiality agreement or statement prohibiting or otherwise restricting their lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency. This provision protects the public interest and ensures the proper management and use of federal funds. This limitation is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

What you should do:

In accepting this award, the recipient

- represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the agency making this award, and will resume such obligations only if expressly authorized to do so by that agency.

If the recipient does or is authorized to make subawards or contracts under this award, in accepting, the recipient

- represents that it has or will determine that no other entity that the recipient proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that it has or will make appropriate inquiry, or otherwise has an adequate factual basis, to support this representation;

- represents that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

24. Recipient Integrity and Performance Matters

Condition:

For awards over \$500,000, the recipient agrees to comply with the following requirements of 2 C.F.R. Part 200, Appendix XII to Part 200 – Award Term and Condition for Recipient Integrity and Performance Matters:

A. *Reporting of Matters Related to Recipient Integrity and Performance*

1. *General Reporting Requirement*

If the total value of your currently active awards, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2. of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. *Proceedings About Which You Must Report*

Submit the information required about each proceeding that:

- Is in connection with the award or performance of an award, cooperative agreement, or procurement contract from the Federal Government;*
- Reached its final disposition during the most recent five year period; and*
- Is one of the following:*
 - (1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5. of this award term and condition;*
 - (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;*
 - (3) An administrative proceeding, as defined in paragraph 5. of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000;**or*

- (4) *Any other criminal, civil, or administrative proceeding if:*
 - i. *It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;*
 - ii. *It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and*
 - iii. *The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.*
- 3. **Reporting Procedures**

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2. of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.
- 4. **Reporting Frequency**

During any period of time when you are subject to the requirement in paragraph 1. of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, award, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.
- 5. **Definitions**

For purposes of this award term and condition:

 - a. *Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or award. It does not include audits, site visits, corrective plans, or inspection of deliverables.*
 - b. *Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.*
 - c. *Total value of currently active awards, cooperative agreements, and procurement contracts includes—*
 - d. *Only the Federal share of the funding under any Federal award with a recipient cost share or match; and*
 - e. *The value of all expected funding increments under a Federal award and options, even if not yet exercised.*

Why this condition:

Under 2 C.F.R. § 200.210 (b) (1) (iii), recipients of awards in excess of \$500,000 are required to report certain civil, criminal, and administrative proceedings if they have active federal grants, cooperative agreements, or contracts (or any combination of these) that total more than \$10,000,000 during the COPS Office award period. The purpose is to protect the public interest and to ensure proper management in federal activities by conducting business with responsible parties.

What you should do:

If the total value of your active grants, cooperative agreements, and contracts from all federal awarding agencies exceeds \$10,000,000 during the COPS Office award period, then you must ensure that the proceedings described in paragraph 2 of this award term that are reported in the System for Award Management (SAM) are current. The information about the reported proceedings is made available in SAM via the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIS)). During the award period, you must either report for the most recent five year period new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. You must also disclose semiannually any information about criminal, civil, and administrative proceedings.

25. Computer Network Requirement

Condition:

The recipient understands and agrees that no award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. Nothing in this requirement limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities. Consolidated Appropriations Act, 2019, Public Law 116-6, Division C, Title V, Section 523.

Why this condition:

Section 523 of Division C, Title V, of the Consolidated Appropriations Act, 2019 (Pub. L. 116-6) prohibits the use of federal funds to maintain or establish a computer network that does not block the viewing, downloading, and exchanging of pornography. This provision protects the public interest in the proper management and use of federal funds.

What you should do:

The recipient must not use award funds to maintain or establish a computer network unless the network blocks pornography. This does not limit the use of funds for criminal investigations, prosecution, or adjudication activities.

26. Travel Costs

Condition:

Travel costs for transportation, lodging and subsistence, and related items are allowable under the TRGP Equipment/Training Program with prior approval from the COPS Office. Payment for allowable travel costs will be in accordance with 2 C.F.R. § 200.474.

Why this condition:

TRGP-E/T will fund award-related travel costs for the recipient agency or other (nonrecipient) individuals to attend training and technical assistance conferences, seminars, or classes or to visit a site specified in the original application. Allowable expenses for award-related lodging, meals, and incidental expenses that were included in the application were approved by the COPS Office as part of your agency's TRGP-E/T award and final budget. For more information, please refer to award condition "Allowable Costs."

What you should do:

Your agency should refer to your FCM for a list of approved travel costs and use TRGP-E/T funds only for those approved travel costs incurred during the award period. In addition, your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Grant Program Specialist.

27. Contracts with Other Jurisdictions

Condition:

Equipment, technology, training, vehicles, and/or civilian positions awarded must be used for law enforcement activities or services that benefit your agency and the population that it serves. The items funded under the TRGP Equipment/Training award cannot be utilized by other agencies unless the items benefit the population that your agency serves. Your agency may use items funded under the TRGP Equipment/Training award to assist other law enforcement agencies under a resource sharing, mutual aid, or other agreement to address multi-jurisdictional issues as described in the agreement.

Why this condition:

The TRGP was created under a Congressional appropriation specifically designated for tribal law enforcement agencies to improve public safety in Indian communities. The TRGP-E/T award funding is intended to benefit the communities within the recipient's primary law enforcement jurisdiction. Therefore, the recipient must use TRGP award funding to benefit its own population.

What you should do:

Your law enforcement agency should avoid any agreements with other jurisdictions to share officer positions or other awarded equipment, technology, or vehicles, unless the agreement complies with the requirement that COPS Office-funded items must benefit the recipient service population. For example, if your jurisdiction has both a tribal police department and a BIA department, items funded under the award might be able to be used by the BIA department as long as this would result in a benefit to the population that you serve. You may not, however, allow officers, equipment, technology, or vehicles funded under the award to be utilized by any agency or transferred to any agency that does not benefit the population that you serve. For example, you may not, during the award term, loan two of your awarded computers to a neighboring county's sheriff's department. If your agency has an agreement with another law enforcement agency for resource sharing, mutual aid, etc. TRGP-E/T funded items may be used to answer requests for assistance and assist in multi-jurisdictional activities as described in the agreement.

Before you enter into any agreement with another law enforcement agency, you should contact your COPS Office Grant Program Specialist at 800-421-6770 for additional guidance.

28. Sole Source Justification

Condition:

Recipients who have been awarded funding for the procurement of an item (or group of items) or service in excess of \$250,000 and who plan to seek approval for use of a noncompetitive procurement process must provide a written sole source justification to the COPS Office for approval prior to obligating, expending, or drawing down award funds for that item or service.

Why this condition:

In general, recipients are required to procure funded items through open and free competition. However, in some instances, recipients may have already determined that competition is not feasible.

What you should do:

If you have received an award for an item (or group of items) or service in excess of \$250,000 and have already determined that the award of a contract through a competitive process is unfeasible, you must provide a written justification that explains why it is necessary to contract noncompetitively.

The initial determination that competition is not feasible can be made if one of the following circumstances exists:

- Competition is determined inadequate after solicitation of a number of sources.
- The COPS Office authorizes noncompetitive proposals in response to a written request from the recipient.
- The item/service is available only from one source.
- The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation.

The COPS Office will review your request and the supporting information that you provide and will make a determination as to whether or not an exception can be made to the general rule regarding competition. If submitting a sole source justification request to the COPS Office, please use the format described in the "Sole Source Justification fact sheet" in appendices of this manual..

29. Public Release Information

Condition:

The recipient agrees to submit one copy of all reports and proposed publications resulting from this award ninety (90) days prior to public release. Any publications (written, curricula, visual, sound, or websites) or computer programs, whether or not published at government expense, shall contain the following statement:

"This project was supported, in whole or in part, by federal award number 2019-XXXX-XXXX awarded by the U.S. Department of Justice, Office of Community Oriented Policing Services. The opinions contained herein are those of the author(s) or contributor(s) and do not necessarily represent the official position or policies of the U.S. Department of Justice. References to specific individuals, agencies, companies, products, or services should not be considered an endorsement by the author(s), contributor(s), or the U.S. Department of Justice. Rather, the references are illustrations to supplement discussion of the issues.

The Internet references cited in this publication were valid as of the date of publication. Given that URLs and websites are in constant flux, neither the author(s) nor the COPS Office can vouch for their current validity."

Why this condition:

The COPS Office wants to ensure the quality, objectivity, utility, and integrity of information in funded projects that are disseminated to the public. However, award-funded reports and publications are not works of authorship by the Federal Government and should not be construed to reflect the official policy or position of the U.S. Department of Justice.

What you should do:

Ensure that all publications relating to your COPS Office award contain the required statement listed above.

30. Criminal Intelligence Systems

Condition:

Recipients using TRGP Equipment/Training funds to operate an interjurisdictional criminal intelligence system must comply with operating principles of 28 C.F.R. Part 23. The recipient acknowledges that it has completed, signed, and submitted with its Federal award the relevant special condition certifying its compliance with 28 C.F.R. Part 23.

Why this condition:

If your agency receives funding for equipment or technology that will be used to operate an interjurisdictional criminal intelligence system, you must comply with the operating principles found at 28 C.F.R. Part 23. An interjurisdictional criminal intelligence system is generally defined as a system which receives, stores, analyzes, and exchanges or disseminates data regarding ongoing pre-arrest criminal activities (examples of such activities include, but are not limited to, loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these interjurisdictional criminal intelligence systems that protect individual privacy and constitutional rights.

If your agency will use TRGP award funds simply to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply to this award.

What you should do:

All COPS Office award recipients were required to agree to the Certification of Review of Criminal Intelligence Systems/28 C.F.R. Part 23 as part of their award acceptance so the COPS Office can track which agencies intend to use their award funds to operate interjurisdictional criminal intelligence systems. If your agency intends to use award funds to operate an interjurisdictional criminal intelligence system, you should indicate this on the Criminal Intelligence Systems 28 C.F.R. Part 23 Compliance form that was included with your award package and certify and submit this form along with your signed award document as your agency's agreement to comply with the operating principles found at 28 C.F.R. Part 23. Your agency must now comply with 28 C.F.R. Part 23 in operating the interjurisdictional criminal intelligence system funded through your COPS Office award.

31. Community policing

Condition:

Community policing activities to be initiated or enhanced by your agency were identified and described in your award application. All equipment, technology, training, and/or sworn officer positions funded under the TRGP Equipment/Training award must be linked to the implementation or enhancement of community policing. 34 U.S.C. § 10382 (c)(10).

Why this condition:

The COPS Office defines community policing as a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions giving rise to public safety issues such as crime, social disorder, and fear of crime. TRGP-E/T awards must be used to initiate or enhance community policing activities. All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under TRGP-E/T must engage in community policing activities. While the COPS Office recognizes that your COPS Office-funded officer(s) (or an equal number of redeployed veteran officers) will participate in some or all aspects of your identified community policing plan and advance your agency's community policing activities over the life of the award, we also encourage your agency to move toward an organization-wide philosophy and commitment to community policing.

COPS Office awards are designed to increase community policing capacity and crime prevention efforts. This is achieved through problem-solving tactics and community policing partnerships. It enhances police professionalism by providing officers with the skills and motivation to act in innovative ways to solve community crime-related problems. Your organization may be monitored or audited to ensure that it is initiating or enhancing community policing in accordance with your proposed plan, and that the officers hired (or an equal number of redeployed veteran officers) are used to implement this plan and advance your agency's community policing activities over the life of the grant. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving, and community policing implementation tools.

What you should do:

The community policing activities designated for implementation or enhancement by your agency were identified in your award application. Your community policing needs may change during the life of your award, and minor changes to this plan may be made without prior approval of the COPS Office. If your agency's community policing plan changes significantly you must submit those changes in writing to the COPS Office for approval. Changes are significant if they deviate from the range of possible community policing activities identified and approved in the original community policing plan submitted with your application.

What are the specific rules regarding termination of award funding?

The COPS Office may suspend, in whole or in part, or terminate funding or impose other sanctions on a recipient for the following reasons:

- Failure to substantially comply with the requirements or objectives of the Public Safety Partnership and Community Policing Act of 1994, program guidelines, or other provisions of federal law
- Failure to make satisfactory progress toward the goals or strategies set forth in this application

- Failure to adhere to award agreement requirements or special conditions
- Proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application not being selected for funding
- Failure to submit required or requested reports
- Filing a false statement or certification in this application or other report or document
- Other good cause shown

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

Awards terminated due to noncompliance with the federal statutes, regulations, or award terms and conditions will be reported to the integrity and performance system accessible through SAM (currently FAPIIS).

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and any other remedy available by law.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Accepting the award

After you have reviewed the conditions of your TRGP award and your agency agrees with these conditions, you are ready to accept the award. The Director of the COPS Office has signed the award document indicating approval of your award, an obligation of federal funds to your organization, and our commitment to the award. As stated at the beginning of this section, to officially begin your award and draw down your funds, the authorized officials (see the Glossary of Terms in the appendices) of your agency must access www.cops.usdoj.gov to log in, review, and electronically sign the award document with the award terms and conditions; the Financial Clearance Memorandum that is incorporated by reference into the award document and, if applicable, the special award conditions or high risk conditions in the award document supplement within 90 days of the date shown on the award congratulatory letter. Please see the Agency Portal User Manual at <https://cops.usdoj.gov/ctas#programdocuments> for detailed instructions on award acceptance.

Who should sign the award document for our agency?

The authorized official is the government executive who has ultimate and final responsibility for all programmatic and financial decisions regarding this award as the representative of the legal recipient. COPS Office awards require the top government executive (e.g., Tribal Chairman, President, Chief, or equivalent) to sign the award document. Typically, this is the same executive named on your agency's 2019 TRGP application. (If this individual has changed, please complete a Change of Information form online at <https://cops.usdoj.gov/ctas#programdocuments>. If you have any questions as to who should sign the award, please contact your jurisdiction's local legal counsel.

By when must the award document be signed?

Please electronically sign the award document and all award condition pages within 90 days of the date on the award congratulatory letter. Award funds will not be released until we have received your agency's signed award document, your budget has received final clearance, and any other relevant award conditions particular to your agency have been satisfied. Failure to submit your signed electronically sign your award document within the 90-day award acceptance period may result in your TRGP award being withdrawn and the funds deobligated without additional notification. If your agency requires an extension for accepting the award beyond the 90-day acceptance time-frame, you will be able to request an extension through the online system. Be sure to explain the circumstances that prevent your agency from signing the award document within the 90-day period, and identify the date by which the award document will be electronically signed. The COPS Office will review such requests on a case-by-case basis. The COPS Office reserves the right to deny requests to extend the 90-day award acceptance period. If you have any questions, please contact your COPS Office Grant Program Specialist or the COPS Office Response Center at 800-421-6770.

II. Procurement Process (for TRGP-Equipment/ Training awards only)

In general, award recipients are required to procure funded items through open and free competition when feasible. For the purchase of equipment, technology, or services under a COPS Office award, the recipients must follow their own policies and procedures on procurement as long as those requirements conform to the federal procurement requirements set forth in 2 C.F.R. §§ 200.317 – 200.326.

As described in the award condition titled “Sole Source Justification” recipients are required to submit a sole source justification (SSJ) request to the COPS Office for noncompetitive procurements in excess of \$250,000 prior to purchasing equipment, technology, or services; obligating funding for a contract; or entering into a contract with award funds. If submitting a sole source justification request to the COPS Office, please use the format described in the “Sole Source Justification Fact Sheet” in the appendices of this manual.

If you have any questions regarding the federal requirements that guide procurement procedures, please contact your COPS Office Grant Program Specialist.

For more information about COPS Office programs and resources, please call the COPS Office Response Center at 800-421-6770 or visit the COPS Office online at www.cops.usdoj.gov.

III. Accessing Award Funds

This section provides answers to payment-related questions, including all the information needed to provide access to request payments from your COPS awards. For assistance with financial management and award administration, please contact the COPS Office Response Center at 800-421-6770 or visit our website at www.cops.usdoj.gov.

Payment method

What method of payment is used?

There is currently one payment system available for accessing federal award funds—the Grant Payment Request System (GPRS). GPRS is a web-based system that enables recipients to use a secure Internet connection to request funds. Approved payment requests will automatically be scheduled for payment by the United States Department of the Treasury through electronic funds transfer (EFT). The Automated Clearing House (ACH) is the primary system that agencies use for EFT. An award recipient will be able to review previous payment requests made since July 2009. For more information regarding GPRS, please visit the following website:

<https://ojp.gov/about/offices/ocfogprs.htm>.

Setting up your account

How do we set up a new GPRS account?

If you are a new award recipient to the COPS Office, your agency should determine which authorized employee(s) will be responsible for requesting federal funds from your COPS Office awards through the GPRS system. The individual(s) selected must click on the following link and register with the GPRS system to become a drawdown specialist for your agency: <https://grants.ojp.usdoj.gov/gprs/welcome>. All individuals that need access to GPRS must register separately and create their own unique GPRS username account, as these accounts are not meant to be shared.

Once you have been approved, you will receive an email containing a temporary password and information on how to use GPRS. Please note that part of the verification process may involve outreach to your Law Enforcement Executive, Government Executive, or other financial points of contact to validate the information that was provided during the registration process. Once you receive your temporary password, you should login to the GPRS website and change your temporary password to a permanent password. If you ever have an issue regarding your GPRS password, you have the option to utilize the “Forgot Password” link on the webpage. It will email you a new temporary password. If this does not work, please contact the GMS Helpdesk (888-549-9901, option 3) for a password reset for GPRS with the username you selected upon registration.

DOJ award recipients who already have active GPRS accounts for awards created in the OJP Grants Management System (GMS) may be instructed to consolidate usernames once their COPS GPRS username is approved and becomes active. For more information on GPRS username consolidation, please visit the following link:

<https://ojp.gov/about/pdfs/gprsjobaid.pdf>.

How do we add an award to an existing GPRS account?

If you are currently registered for an active COPS Office award username in GPRS and would like to add a recently funded COPS Office award number to your existing COPS Office award username, please contact the COPS Office GPRS Registration Desk. Send your request via email to COPSGPRSRegistration@usdoj.gov. Please provide the following COPS Office award GPRS username information:

- User name (for COPS Office awards)
- First/last name
- Vendor number (as listed on your award document)
- Award number(s) to be added

How do we fill out the payment enrollment forms?

If you are a new award recipient to the COPS Office, your agency will need to complete an Automated Clearinghouse (ACH) Vendor/Miscellaneous Payment enrollment form (SF-3881). This form can be found on the COPS Office website at www.cops.usdoj.gov/pdf/ach_form_new.pdf.

Prior to accessing your award funds, your agency must mail the original signed form to:

**Office of Justice Programs
Office of the Chief Financial Officer
810 Seventh Street NW
Attn: Control Desk, Fifth Floor
Washington, DC 20001**

Your agency must complete the "Payee/Company Information" section following the directions on the back of the form and also provide the award number (printed on the award document). Next, your financial institution must complete the "Financial Institution Information" section and have the appropriate financial official sign the form.

If you are a recipient of a previous COPS Office award, you should already have filled out an ACH enrollment form. You will not be required to submit a new ACH enrollment form for the new award as long as your bank account information and/or your OJP vendor number has not changed. If you have any questions, or wish to verify your ACH enrollment form information, please call the COPS Office Response Center at 800-421-6770 and ask to speak with your state assigned Financial Analyst.

When should Federal Financial Reports be filed?

Current regulations state that all COPS award recipients are required to submit their initial Federal Financial Report (FFR) using Standard Form 425 (SF-425) at the end of the period that includes the award start date, regardless of when the award was accepted, and thereafter, at the end of every calendar quarter, regardless of award activity. This report should reflect actual expenditures and unliquidated obligations incurred by your agency on a cumulative basis. You will not be able to make drawdowns from your GPRS account if the SF-425 report for the most recent reporting quarter is not on file with the COPS Office by the deadline date. Recipients are encouraged to submit their SF-425 reports via the Internet at <https://portal.cops.usdoj.gov>.

For more information on how to complete, and where to submit your quarterly SF-425 report, see the section of this manual titled "Reporting Requirements."

Filing the Federal Financial Report (SF-425) identifies your federal and local expenditures made during that calendar quarter. However, to receive actual payment, you must request it through GPRS.

Additional payment questions

Can we receive advances?

Yes. If you receive funds through electronic transfer, the period allowed is 10 days in advance. In general, the concept of “minimum cash on hand” applies to COPS Office awards. This concept requires that your agency request funds based upon immediate cash disbursement needs. You should time your request for payment to ensure that federal cash on hand is the minimum that you need.

There should be no excess federal award funds on hand, except for advances not exceeding 10 days, as noted above.

The Federal Government has four basic rules regarding advances. Advances can be terminated if the recipient

1. is unwilling or unable to attain project goals;
2. maintains excess cash on hand;
3. does not adhere to the terms and conditions of the award;
4. fails to submit reliable or timely reports.

How often can we request reimbursement of costs?

There are no limitations on how often your agency may request reimbursements; however, your reimbursement requests should cover a specific time frame and include only costs that were approved in the Financial Clearance Memorandum (FCM). As a general guideline, most agencies request reimbursement on a monthly or quarterly basis. Also, please note that a date range for a reimbursement request can only be used once.

Can we earn interest on our award funds?

For states, payments are governed by Treasury-State CMIA agreements and default procedures codified at 31 C.F.R. Part 205 “Rules and Procedures for Efficient Federal-State Funds Transfers” and TFM 4A–2000 Overall Disbursing Rules for All Federal Agencies.

For non-federal entities other than states, payment methods must minimize the time between your drawdown of federal funds and your payment of award costs to avoid earning excess interest on your award funds. You must account for interest earned on advances of federal funds as follows:

- The Office of Management and Budget (OMB) uniform guidance at 2 C.F.R. § 200.305(b)(9) states that interest earned on federal advance payments deposited in interest-bearing accounts **up to \$500 per year** may be retained by the non-federal entity for administrative expenses.
- Any interest earned on federal advance payments deposited in interest-bearing accounts that is **in excess of \$500 per year** must be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. For detailed information on remittance, please see the appendices for a full text of the electronic medium remittance options.

- If you do not have access to an electronic medium option, then please make a check payable to “The Department of Health and Human Services” and mail the check to Treasury-approved lockbox: HHS Program Support Center, P.O. Box 530231, Atlanta, GA 30353-0231. (Please allow 4–6 weeks for processing of a payment by check to be applied to the appropriate Payment Management System (PMS) account).
- Please notify your COPS Office Staff Accountant in the COPS Office Finance Business Unit when any interest that is earned is remitted to the Department of Health and Human Services, Payment Management System.

Matching funds

Under the 2019 COPS Office TRGP Programs, no local match is required. The COPS Office is funding 100 percent of the allowable items approved in your FCM. (Any salary and benefit costs higher than entry-level must be paid by your agency with local funds.) Please note: If the total cost for allowable items exceeds the approved budget, then the additional expenditures are encouraged to be reported on the SF-425 as recipient share of expenditures.

IV. Financial Record Maintenance

As an award recipient of this COPS Office award program, your agency is required to establish and maintain accounting systems and financial records to accurately account for funds awarded and disbursed. These records must include both federal funds and any local funds contributed to this project.

Accounting systems and records

What accounting systems are required?

Your agency needs to establish and maintain accounting systems and financial records to accurately account for the funds awarded.

As required by 2 C.F.R. § 200.62 (Internal control over compliance requirements for federal awards), your accounting system should be designed to provide reasonable assurance regarding the achievement of the following objectives for federal awards:

- Transactions are properly recorded and accounted for in order to prepare reliable financial statements and federal reports and to maintain accountability over assets.
- Transactions are executed in compliance with all applicable federal statutes, regulations, and the award terms and conditions.
- Funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

What records must be kept?

Your agency's fiscal control and accounting systems should enable you to make accurate, current, and complete disclosure of the financial activity of your COPS Office awards. Your accounting records should contain information showing expenditures under the award and must be supported by items such as payroll records, time and attendance records, canceled checks, purchase orders, or similar documents.

Your agency must adequately safeguard award funds and make sure that they are used for authorized purposes only. Your agency will be responsible for refunding any unallowable expenses.

How long must records be kept?

All financial records and supporting documents associated with each COPS Office award (including payroll, time and attendance records, canceled checks, and purchase order) must be retained for a period of three years from the date of submission of the final expenditure report as stated in 2 C.F.R. § 200.333 (Retention requirements for records).

Your agency should maintain records so that you can identify them by award year or by fiscal year, whichever you find more convenient. If any litigation, claim, negotiation, audit, or other action involving these records has been started before the end of the three-year period, the records should be kept until completion of the action. These records should be easily located and should be properly protected against fire or other damage. *Failure to maintain adequate records to document award expenditures may result in a requirement to repay all federal funds that cannot be supported with appropriate records.*

What if we have more than one award?

If your agency has more than one COPS Office award or an award from another federal agency, funds received under one project may not be used to support another project without specific written authorization from the COPS Office, or in the case of an award from another agency, from both awarding agencies. Your accounting systems and financial records must reflect expenditures for each project separately.

Who may access our records?

Authorized federal representatives, including representatives from the U.S. Department of Justice, the Comptroller General of the United States, the COPS Office, and any entity designated by the COPS Office may access these records for the purposes of conducting audits, site visits, or other examinations.

V. Federal Audit Requirements

In addition to oversight by the COPS Office, your award may be subject to an audit by independent examiners. The two primary types of audit are Single Audit Act (SAA) audits and U.S. Department of Justice, Office of the Inspector General (OIG) audits.

Single Audit Act (SAA) requirements

What are the regulations governing SAA requirements?

The Single Audit Act (SAA) of 1984 established uniform guidelines for state and local governments receiving federal financial assistance. The 1984 Act was amended in July 1996, was revised on June 27, 2003 and again on June 26, 2007, and is effective for fiscal years after December 31, 2003, to reflect revised audit criteria and reporting requirements. The Office of Management and Budget (OMB) issued final guidance for 2 C.F.R. Part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) on December 26, 2013. This guidance applies to all federal awards or funding increments awarded on or after December 26, 2014, and provides additional guidelines regarding the implementation of SAA requirements. 2 C.F.R. Part 200, Subpart F – Audit Requirements, available at www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl, establishes the requirements for organizational audits that apply to COPS Office award recipients. Recipients must arrange for the required organization-wide (not award-by-award) audit in accordance with the requirements of Subpart F.

Who must have an SAA audit?

A recipient that expends \$750,000 or more during the recipient's fiscal year in federal awards must have a single audit conducted in accordance with 2 C.F.R. §200.514 Scope of audit except when it elects to have a program-specific audit conducted in accordance with 2 C.F.R. §200.501(c). An auditee may be a recipient, a subrecipient, or a vendor.

SAA audits are conducted annually unless a state or local government is required by constitution or statute, in effect on January 1, 1987 to undergo audits less frequently than annually. The primary objective of an SAA audit is to express opinions on the recipient's financial statements, internal controls, major and non-major award programs, and compliance with government laws and regulations. Single Audits may also address specific compliance issues with respect to COPS Office award requirements.

In cases of continued inability or unwillingness to have an audit conducted in accordance with this part, federal agencies and pass-through entities must take appropriate action as provided in 2 C.F.R. §200.338 - Remedies for noncompliance. See 2 C.F.R. §200.505.

These sanctions under 2 C.F.R. §200.338 could include the following:

- Temporarily withhold cash payments pending correction of the deficiency by the nonfederal entity or more severe enforcement action by the federal awarding agency or pass-through entity.
- Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
- Wholly or partly suspend or terminate the federal award.

- Initiate suspension or debarment proceedings as authorized under 2 C.F.R. part 180 and federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a federal awarding agency).
- Withhold further federal awards for the project or program.
- Take other remedies that may be legally available.

Your SAA reports should not be sent to the COPS Office. If the DOJ is your cognizant federal agency (see the Glossary of Terms in the appendices), they should be sent to the Federal Audit Clearinghouse at:

**Federal Audit Clearinghouse
Bureau of Census
1201 East 10th Street
Jeffersonville, IN 47132**

The U.S. Department of Justice, Office of Justice Programs (OJP) serves as the liaison between recipients and auditors in the conduct of resolving and closing SAA audits. Questions and comments regarding SAA audits may be directed to the COPS Office Response Center at 800-421-6770.

Office of Inspector General (OIG) recipient audits

What is the role of the OIG for award audits?

The OIG is a separate component of the U.S. Department of Justice and is independent of the COPS Office. The primary objective of OIG recipient audits is to assess compliance with award terms and conditions. OIG audits are designed to prevent fraud, waste, and abuse of federal funds. The OIG audit process promotes efficiency and effectiveness in the administration and implementation of awards by evaluating compliance with the terms and conditions of awards.

How are COPS Office awards selected for an OIG audit?

The OIG randomly selects awards to be audited or may conduct a COPS Office recipient audit in response to a referral that the OIG believes warrants further evaluation. The OIG also surveys DOJ award-making agencies on an annual basis to solicit input on suggested audit areas for the upcoming fiscal year. In most instances, however, the OIG generally selects awards to be audited based on a number of factors, including the geographical distribution of awards funded, award amount, population served, award status (active and expired), and type of award (hiring and non-hiring). As such, the fact that a recipient has been selected for an OIG audit is not necessarily indicative of a suspected concern or problem area.

What are the steps in an OIG audit?

The COPS Office Grant Monitoring Division's Audit Liaison Section serves as the liaison between recipients and the OIG's Audit Division, which conducts the audit. The OIG steps in the audit process will determine the interactions between the OIG, the recipient, and the COPS Office Audit Liaison Section:

- **Call for award data.** The OIG requests award documentation from the COPS Office.
- **Entrance conference.** The OIG schedules to meet with the recipient to gather documentation and conduct audit.

- **Draft audit report.** The OIG reviews documentation and presents initial findings to the recipient and copies the COPS Office. The COPS Office interacts with the recipient to coordinate any repayments, and/or policy or procedure documents to be submitted to the OIG before release of the Final Audit Report.
- **Final audit report.** The OIG has completed its direct interaction with the recipient. The COPS Office directs the recipient to formulate a Corrective Action Plan to address recommendations (findings). As each recommendation is successfully addressed by the recipient, the COPS Office requests closure on the recommendation.
- **Closing the audit.** When all recommendations have been closed, the COPS Office requests closure on the audit from the OIG and notifies the recipient that the audit is closed.

If you have any questions regarding an OIG audit, please contact the COPS Office Grant Monitoring Division's Audit Liaison Section via the COPS Office Response Center at 800-421-6770. Questions and comments regarding the administration of your COPS Office TRGP award, not specifically related to an audit, should be referred to your COPS Office Grant Program Specialist.

Typical audit findings

The OIG has typically reported the following audit findings pertaining to awards as a result of lack of proper documentation, poor business practices, or inadequate accounting and record keeping systems:

- **Unallowable costs.** Recipient incurred costs that were not approved in the original budget or a budget modification, were in excess of the approved budget, or were charged to the award after the expiration date and an award extension was not obtained.
- **Unsupported costs.** Specific award expenditures and reimbursements could not be supported by adequate documentation (including but not limited to receipts or purchases orders), that may have been allowable under the program, but for which no prior written approval was obtained from the COPS Office , or award expenditures were in excess of actual approved award costs.
- **Lack of complete/timely programmatic and financial reporting.** Recipient failed to submit required programmatic and financial reports in a timely manner and/or had inadequate record keeping systems.
- **Funds to better use.** Funds could be used more efficiently based on management actions such as
 - reductions in outlays;
 - deobligation of funds;
 - withdrawal;
 - costs not incurred by implementing recommended improvements; and/or
 - any other identified savings.
- **Questioned costs.** Costs that are questioned by the auditor because of an audit finding which resulted from a violation or possible violation of a provision of law, regulation, award terms and conditions, or other document governing the use of federal funds; or because costs incurred appear unreasonable and do not reflect the actions a prudent person would take under the same circumstances; or because costs at the time of the audit are not supported by adequate documentation.
- **Policy and procedure.** Weaknesses are identified in a recipient's accounting practices, fiscal stewardship, accuracy of data used in the development of the award applications, and/or inventory controls that led to the recommendation cited in the audit. The recipient is required to develop or revise policies and/or procedures consistent with their existing practices and submit to the COPS Office to forward to the OIG to close the recommendation.

After the final OIG audit report has been issued, the COPS Office Grant Monitoring Division will continue working as the liaison between your agency and the OIG to obtain closure on any audit findings. The COPS Office will issue a closure letter once all audit recommendations have been closed by the OIG. You must keep all documentation related to the audit for a period of three years following the audit's closure.

VI. Reporting Requirements

As a COPS Office award recipient, your agency will be required to submit quarterly Federal Financial Reports as well as quarterly Programmatic Progress Reports. Awarded agencies should be prepared to track and report COPS Office award funding separately from all other funding sources (including other COPS Office and federal awards) to ensure accurate financial and programmatic reporting on a timely basis. Your agency should ensure that you have adequate financial internal controls in place to monitor the use of all funding, and also to ensure that its use is consistent with the award terms and conditions. Good stewardship in this area includes written accounting practices, use of an accounting system that adequately tracks all award drawdowns and expenditures, and has the ability to track when COPS Office award-funded positions are filled or approved purchases are made. *Failure to submit complete reports or submit them in a timely manner may result in the suspension and possible termination of your agency's COPS Office award funding or other remedial actions.*

Federal Financial Reports

Your agency is required to submit a quarterly Federal Financial Report (FFR) using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 90 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official award end date; however, you will have a 90-day grace period after the award end date during which you can drawdown funds for eligible expenditures incurred before the award end date.

How do we file Federal Financial Reports?

All COPS Office award recipients are strongly encouraged to submit the required quarterly SF-425 online. Visit the COPS Office Agency Portal website at <https://portal.cops.usdoj.gov> to log in; once you are logged in, select "Applications" from the agency portal menu, click on the "SF-425" icon, and follow the instructions to complete and submit your reports. The online SF-425 requires the same reporting information as the paper version. The use of this online application enables authorized users to view past reports and allows users to file or amend the SF-425 for the current quarter.

If you do not have login access, you should contact your agency's "COPS Office Agency Portal" Administrator to set up an account for you. If you have a registered account but do not remember your password, you may reset your password by going to the "COPS Office Agency Portal" homepage using the "Account Access" tab, then entering your email address and clicking on the "Forgot Password" link. If you do not have your user name or password, please contact the COPS Office Response Center by phone at 800-421-6770 (from Monday through Friday between 9:00 AM and 5:00 PM Eastern time) or by email at AskCopsRC@usdoj.gov.

Please visit the following website to download a copy of the COPS Office "Agency Portal" User Manual: <https://cops.usdoj.gov/ctas#programdocuments>.

When are Federal Financial Reports due?

An SF-425 report must be submitted for each COPS Office award at the end of every calendar quarter and no later than 30 days after the last day of each reporting period, as detailed in table 1:

Table 1. Due dates of SF-425 by quarter

Reporting quarter	SF-425 due date
January 1–March 31	April 30
April 1–June 30	July 30
July 1–September 30	October 30
October 1–December 31	January 30

For your initial SF-425 submission, determine when the SF-425 reporting period that includes your award start date ended and complete an SF-425 to cover the period from the award start date to the end of that period (regardless of when the award was accepted). **You are required to submit an SF-425 even if you have not spent any money or incurred any costs during a reporting period.** The due dates for online filing of SF-425 reports are the same as for the submission of paper copies.

Example:

If your award start date is 09-01-18 and the current date is 11-15-18, then your first SF-425 would be due no later than 10-30-18 and would cover the period 09-01-18 (award start date) through 09-30-18 (end of the initial reporting quarter for this award). This SF-425 must be on file with the COPS Office before the submission deadline so that you can avoid being delinquent and successfully complete a drawdown of funds through GPRS.

Award recipients who do not submit an SF-425 report by the due date each quarter will be unable to draw down funds. The payment system contains a function which checks for SF-425 delinquency and will reject a drawdown attempt if the SF-425 is not current. Subsequent outreach through e-mail, fax, or hard copy reminders may be sent to the recipient if the SF-425 is delinquent.

For general information concerning online filing of SF-425 reports, go to www.cops.usdoj.gov or contact the COPS Office Response Center by phone at 800-421-6770 or by e-mail at AskCopsRC@usdoj.gov.

For assistance in completing the SF-425, contact the COPS Office Response Center at 800-421-6770 or by e-mail at AskCopsRC@usdoj.gov or review the “Helpful Hints Guide for Completing the Federal Financial Report (SF-425)” at <https://cops.usdoj.gov/ctas#programdocuments>.

How will awards be monitored?

The COPS Office and designated representatives from the Office of the Chief Financial Officer, Office of Justice Programs monitor the financial aspects of your agency's award through financial reports, on-site visits, office-based grant reviews, meetings, telephone contacts, reports, audits, reviews of grant change requests, and special request submissions.

Program Progress Reports

Quarterly Program Progress Reports and a Final Program Progress (Closeout) Report are required to be submitted directly to the COPS Office through the "Account Access" tab on the COPS Office website at www.cops.usdoj.gov.

How do we file a Program Progress Report?

Please access the COPS Office website at www.cops.usdoj.gov and click on the "Account Access" tab at the top-right hand side of the page. Once you are logged in, select "Applications" from the agency portal menu, click on the "Progress Report" icon, and follow the instructions to complete your report(s).

How do we obtain online access to complete the Program Progress Report?

If you do not have login access, you should contact your agency portal administrator to set up an account for you.

If you have a registered account but do not remember your password, you may reset your password by going to the agency portal homepage at <https://portal.cops.usdoj.gov> and enter your e-mail address, and click on the "Forgot Password" link. If you do not have your user name or password, please contact the COPS Office Response Center by phone at 800-421-6770 (from Monday through Friday between 9:00 AM and 5:00 PM Eastern time) or by e-mail at AskCopsRC@usdoj.gov.

Do we need to request a Program Progress Report?

No. The COPS Office will notify your agency directly when the report is due. A notification for submitting your quarterly Program Progress Report will be sent electronically in January, April, July, and October, covering activities for the preceding calendar quarter. Notification for submitting your Final Program Progress (Closeout) Report will be sent to your agency in the month following your award end date.

When are Program Progress Reports due?

Program Progress Reports for COPS Office awards must be submitted every quarter and no later than 30 days after the last day of each reporting quarter, as detailed in table 2. Recipients are required to submit their grant progress report activity for the prior three months of the required quarter.

Table 2. Due dates of Program Progress Reports by quarter

Reporting quarter	Program Progress Report due date
January 31–March 31	April 30
April 1–June 30	July 30
July 1–September 30	October 30
October 1–December 31	January 30

What kind of information will these reports require?

These reports will request information about the status of your award in terms of purchasing equipment, hiring personnel, and your award-related community policing activities.

What if we make a mistake or need to modify the report after it is submitted?

Recipients may need to make a change or may be asked by a subsequent COPS Office reviewer to make a correction to a submission. The recipient can update the submission by logging on to the COPS Office website or by calling the COPS Office Progress Report Team at 800-659-7379.

Will the data that we submit be publicly available?

Program Progress Reports submitted to the COPS Office may be reported publicly in response to a Freedom of Information Act (FOIA) request.

If your agency has any questions regarding the submission of these required reports, please call the COPS Office Progress Report Team at 800-659-7379.

Contact points to obtain technical assistance and report violations

Any alleged violations, serious irregularities, or acts that may result in the use of public funds in a manner inconsistent with the Public Safety Partnership and Community Policing Act of 1994 or the purposes of this award, may be reported to the U.S. Department of Justice. Furthermore, the COPS Office welcomes the opportunity to provide assistance regarding the implementation of award provisions to help ensure that federal award funds are spent responsibly. As such, the following contacts are provided to address noncompliance and technical assistance issues:

- If you suspect violations of a criminal nature, please contact the U.S. Department of Justice, Office of the Inspector General (OIG) at <https://oig.justice.gov/hotline>, OIG.hotline@usdoj.gov, or 800-869-4499.
- If you suspect award violations (not criminal in nature) related to the award conditions listed in this manual, please contact the COPS Office Grant Monitoring Division at 202-514-9202.
- If you have any questions or need assistance regarding your award, please contact your COPS Office Grant Program Specialist via the COPS Office Response Center at 800-421-6770.

VII. When the Award Period Has Ended

At the end of your agency's COPS Office award period, the COPS Office is responsible for the closeout of your award. As part of this process, the COPS Office requires documentation demonstrating that your agency has met all of the programmatic and financial requirements of the award. After the end of the award period, your agency will be asked to submit a Final Federal Financial Report (SF-425) and any applicable final programmatic progress reports.

Final Federal Financial Report (SF-425)

The final Federal Financial Report FFR (SF-425) for your award is due to the COPS Office no later than 90 days after the end date of the award period. To avoid being delinquent and having your funds frozen, you must submit an SF-425 report within the 30 day grace period, even if your final SF-425 is not due yet. You can revise that report to reflect your final actual costs and revise the status as final no later than 90 days after the end date of the award period. The final report should reflect the total amount of allowable federal expenditures that were incurred during the life of the award, as well as the amount of unobligated funds remaining, if any. The federal funds expended should reflect only the actual allowable costs incurred relative to the specific TRGP program requirements for that award. In addition, once you have completed your final drawdown, this report should reconcile with the total amount of federal funds drawn down by your agency. The final SF-425 should also include the total amount of the local cash match contributed, if applicable

When should all of the award monies be spent?

Award funds reflecting allowable project costs must be obligated before the end of the award period. Obligated funds cover monies spent, and expenses incurred but not yet paid, for any approved items listed on the FCM. Your agency has up to 90 days after the end date of the award period to pay for eligible expenses previously incurred, and to request reimbursement for any remaining eligible balance. You cannot list an accrual on your final SF-425. Request an extension if you will not be able to pay for any obligations within the time frames listed above.

Please be advised that 2 C.F.R. Part 200.343(a) requires recipients to submit final SF-425s and 2 C.F.R. Part 200.343(b) requires recipients to draw down the final reimbursement for expended funds within 90 days after the expiration of the award. In addition, be advised that failure to complete the drawdown of funds within the 90-day period following award expiration will result in the forfeiture of the remaining eligible balance.

It is possible that your agency may have unobligated and unspent award funds remaining in your account following the award period due to an overestimate of item costs during the application period. Your agency should review its records carefully to ensure that it expends and draws down only the amount required for actual costs incurred during the award period. Any remaining unobligated or unspent funds should remain in your account, and will be deobligated during the closeout process.

Final Program Progress (Closeout) Report

After your award period has ended, your agency's final progress report can also be accessed through the COPS Office website at <http://www.cops.usdoj.gov>. This report will serve as your agency's final programmatic report on the award, and the information your agency provides in this report will be used to make a final assessment of your award progress. The recipient will be sent a closeout report from the COPS Office and asked to complete it, as well.

Equipment disposition

Each recipient must use any equipment funded through a COPS Office award for approved award-related purposes and must retain the equipment for the life of the award. After the conclusion of the award period, property records must be maintained by the recipient. The records should include a description of the property; a serial number or other identification number; the source of the property; the name of the person or entity that holds the title; the acquisition date and cost of the property; the percentage of federal participation in the cost of the property; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposal and sale price of the property. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property.

When the award has expired and original or replacement equipment obtained under the award is no longer needed for the original project or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

Items of equipment with a current per-unit fair market value of \$5,000 or less may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.

Items of equipment with a current per-unit fair market value in excess of \$5,000 may be retained or sold and the awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's federal share in the cost of the original purchase.

For more information, please see 2 C.F.R. § 200.313.

I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 34 U.S.C. §§ 10271–10273), and also may subject me and the applicant to civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 3729–3730 and 3801–3812). I also acknowledge that DOJ awards, including certifications provided in connection with such awards, are subject to review by DOJ, including by the COPS Office, the Office of Justice Programs, or the Office on Violence Against Women, and by DOJ's Office of the Inspector General. I and the

applicant acknowledge that elections or other selections of new officials—that is, changes in authorized representatives such as a chief executive officer authorized to bind or otherwise act on behalf of the applicant—will not relieve the applicant of its obligations under any grant or cooperative agreement if funded.

Certifications

Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; Federal Taxes and Assessments; Drug-Free Workplace Requirements; Coordination with Affected Agencies

Although the U.S. Department of Justice (DOJ) has made every effort to simplify the application process, federal law requires that an applicant must provide with its application a certification as to certain matters in order to be eligible to receive a federal grant or cooperative agreement. Applicants are expected to read carefully the certification requirements as set forth below—and any cited statute, regulation, or other material—before determining whether a certification properly may be made. (As an example, the applicant should first determine whether any condition legally required to be met has been met, such that an applicant's certification as to the condition would be verifiably accurate and true.)

Any certification that the applicant submits must be executed by an official who is both familiar with the requirements of the certification and authorized to make the certification on behalf of the applicant.

Elections or other selections of new officials—that is, changes in authorized representatives, such as a chief executive officer authorized to bind or otherwise act on behalf of the applicant—will not relieve the applicant of its obligations under any grant or cooperative agreement if funded.

Where the applicant is unable to make a certification or provide an assurance set out in this form, the applicant may still apply but is to attach an explanation to this application regarding the particular certification that cannot be made or assurance that cannot be provided. The DOJ may not be able to make an award to an applicant that is unable to make certifications or provide assurances required by law as a condition of eligibility for a DOJ federal award.

The DOJ will treat the applicant's certifications, upon their submission with the application, as representations of fact upon which the DOJ will rely in making any determination with respect to the application or in making any decision to award a federal grant or cooperative agreement to the applicant.

False statements or claims made in connection with DOJ grants (including cooperative agreements) may result in fines, imprisonment, debarment from participating in federal grants or contracts, or any other remedy available by law.

1. Lobbying

As a general matter, 18 U.S.C. § 1913 prohibits lobbying with federally appropriated funds, except where expressly authorized by law. In addition, under 31 U.S.C. § 1352, applicants (and recipients) are prohibited from using federal appropriations to influence certain federal transactions, specifically including federal grant and cooperative agreement actions. Indian tribes and tribal organizations are excluded from coverage under 31 U.S.C. § 1352 but only with respect to expenditures for purposes specified in 31 U.S.C. § 1352(a) that are permitted by other federal law. For these purposes, the terms "Indian tribe" and "tribal organization," respectively, have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. § 5304). Although Indian tribes and tribal organizations are excluded from coverage as set forth under 31 U.S.C. § 1352, these entities still must obtain lobbying disclosure documentation and any

required certifications from any subgrantees (recipients of a subaward (see “subaward” definition at 2 C.F.R. § 200.92)) or procurement contractors (recipients of a contract (see “contract” definition at 2 C.F.R. § 200.22) and their subcontractors) that would be required to report lobbying activities consistent with 31 U.S.C. § 1352.

As required by 31 U.S.C. § 1352 and implemented at 28 C.F.R. Part 69, the applicant certifies and assures (to the extent applicable) the following:

- A. No federal appropriated funds have been paid or will be paid by or on behalf of the applicant to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the making of any federal grant; the entering into of any cooperative agreement; or the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.
 - B. If the applicant’s request for federal funds is in excess of \$100,000 and any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal grant or cooperative agreement, the applicant shall complete and submit Standard Form - LLL, “Disclosure of Lobbying Activities” in accordance with its (and any DOJ awarding agency’s) instructions.
 - C. The applicant shall require that the language of this certification be included in the award documents for all subgrants and procurement contracts (and their subcontracts) funded with federal award funds and shall ensure that any certifications or lobbying disclosures required of recipients of such subgrants and procurement contracts (or their subcontractors) are made and filed in accordance with 31 U.S.C. § 1352.
2. Debarment, Suspension, and Other Responsibility Matters (Direct Recipient)
- Pursuant to DOJ regulations on nonprocurement debarment and suspension implemented at 2 C.F.R. Part 2867 and other requirements for prospective participants in a primary tier “covered transaction” as defined at 2 C.F.R. § 2867.20(a), the applicant certifies that it and its principals for this covered transaction (that is, for the grant(s) or cooperative agreement(s) for which this application is being submitted)
- A. are not presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of federal benefits by a state or federal court, or voluntarily excluded from covered transactions by any federal department or agency;

The Public Safety Partnership and Community Policing Act of 1994, as this Act specifies at 34 U.S.C. § 10382(c)(5), requires applicants to certify that there has been appropriate coordination with all agencies that may be affected by the applicant's grant proposal if approved. Affected agencies may include, among others, Offices of the United States Attorneys; state, local, or tribal prosecutors; or correctional agencies. The applicant certifies that there has been appropriate coordination with all affected agencies.

Appendix C. Community Policing Defined

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues such as violent crime, nonviolent crime, and fear of crime.

Community policing is composed of three key components:

1. Community partnerships
2. Organizational transformation
3. Problem solving

Community partnerships

Community partnerships are collaborative partnerships between law enforcement agencies and the individuals and organizations they serve to develop solutions to problems and increase trust in police.

Community policing, recognizing that police rarely can solve public safety problems alone, encourages interactive partnerships with relevant stakeholders. The range of potential partners is large, and these partnerships can be used to accomplish the two interrelated goals of developing solutions to problems through collaborative problem solving and improving public trust. The public should play a role in prioritizing and addressing public safety problems.

Other government agencies

Law enforcement organizations can partner with a number of other government agencies to identify community concerns and offer alternative solutions. Examples of agencies include legislative bodies, prosecutors, probation and parole departments, public works departments, neighboring law enforcement agencies, health and human services departments, child support services, ordinance enforcement, and schools.

Community members or groups

Individuals who live, work, or otherwise have an interest in the community—volunteers, activists, formal and informal community leaders, residents, visitors and tourists, and commuters—are a valuable resource for identifying community concerns. These factions of the community can be engaged in achieving specific goals at town hall meetings, neighborhood association meetings, decentralized offices or storefronts in the community, and team beat assignments.

Nonprofits or service providers

Advocacy and community-based organizations that provide services to the community and advocate on its behalf can be powerful partners. These groups often work with or are composed of individuals who share common interests and can include such entities as victims groups, service clubs, support groups, issue groups, advocacy groups, community development corporations, and the faith community.

Institutions of Higher Education

Institutions of higher education create communities of students, professors, and personnel that are important stakeholders. The institutions can also provide resources to law enforcement agencies by assisting with communication strategies, facilitation of community meetings, data analysis, and research.

Private businesses

For-profit businesses also have a great stake in the health of the community and can be key partners because they often bring considerable resources to bear in addressing problems of mutual concern. Businesses can help identify problems and provide resources for responses, often including their own security technology and community outreach. The local chamber of commerce and visitor centers can also assist in disseminating information about police and business partnerships and initiatives, and crime prevention practices.

Media

The media represent a powerful mechanism by which to communicate with the community. They can assist with publicizing community concerns and available solutions, such as services from government or community agencies or new laws or codes that will be enforced. In addition, the media can have a significant impact on public perceptions of the police, crime problems, and fear of crime.

Organizational transformation

Organizational transformation is the alignment of organizational management, structure, personnel, and information systems to support community partnerships and proactive problem-solving.

The community policing philosophy focuses on the way that departments are organized and managed and how the infrastructure can be changed to support the philosophical shift behind community policing. It encourages the application of modern management practices to increase efficiency and effectiveness. Community policing emphasizes changes in organizational structures to institutionalize its adoption and infuse it throughout the entire department, including the way it is managed and organized, its personnel, and its technology.

Agency management

Under the community policing model, police management infuses community policing ideals throughout the agency by making a number of critical changes in climate and culture, leadership, formal labor relations, decentralized decision making and accountability, strategic planning, policing and procedures, organizational evaluations, and increased transparency.

Climate and culture

Changing the climate and culture means supporting a proactive orientation that values systematic problem solving and partnerships. Formal organizational changes should support the informal networks and communication that take place within agencies to support this orientation.

Leadership

Leaders serve as role models for taking risks and building collaborative relationships to implement community policing, and they use their position to influence and educate others about it. Leaders, therefore, must constantly emphasize and reinforce community policing's vision, values, and mission within their organization and support and articulate a commitment to community policing as the predominant way of doing business.

Labor relations

If community policing is going to be effective, police unions and similar forms of organized labor must be a part of the process and function as partners in the adoption of the community policing philosophy. Including labor groups in agency changes can ensure support for the changes that are imperative to community policing implementation.

Decision making

Community policing calls for decentralization both in command structure and decision making. Decentralized decision making allows front-line officers to take responsibility for their role in community policing. When an officer is able to create solutions to problems and take risks, he or she ultimately feels accountable for those solutions and assumes a greater responsibility for the well-being of the community. Decentralized decision making involves flattening the hierarchy of the agency, increasing tolerance for risk taking in problem-solving efforts, and allowing officers discretion in handling calls. In addition, providing sufficient authority to coordinate various resources to attack a problem and allowing officers the autonomy to establish relationships with the community will help define problems and develop possible solutions.

Strategic planning

The department should have a written statement reflecting a department-wide commitment to community policing and a plan that matches operational needs to available resources and expertise. If a strategic plan is to have value, the members of the organization should be well-versed in it and be able to give examples of their efforts that support the plan. Components such as the organization's mission and values statement should be simple and communicated widely.

Policies

Community policing affects the nature and development of department policies and procedures to ensure that community policing principles and practices have an effect on activities on the street. Problem solving and partnerships, therefore, should become institutionalized in policies, along with corresponding sets of procedures, where appropriate.

Organizational evaluations

In addition to the typical measures of police performance (arrests, response times, tickets issued, and crime rates) community policing calls for a broadening of police outcome measures to include such things as greater community satisfaction, less fear of crime, the alleviation of problems, and improvement in quality of life. Community policing calls for a more sophisticated approach to evaluation—one that looks at not only how outcomes are measured, but also at how feedback information is used.

Transparency

Community policing involves decision-making processes that are more open than traditional policing. If the community is to be a full partner, the department needs mechanisms for readily sharing relevant information on crime and social disorder problems and police operations with the community.

Organizational structure

It is important that the organizational structure of the agency ensure that local patrol officers have decision-making authority and are accountable for their actions. This can be achieved through long-term assignments, the development of officers who are generalists, and using special units appropriately.

Geographic assignment of officers

With community policing, there is a shift to the long-term assignment of officers to specific neighborhoods or areas. Geographic deployment plans can help enhance customer service and facilitate more contact between police and the community, thus establishing a strong relationships and mutual accountability. Patrol beat boundaries should be aligned to neighborhood boundaries to enhance officers' understanding of communities within their patrol areas and to build trust within the community. Other community policing partners should become familiar with both the patrol officers and community policing officers assigned within each patrol beat to coordinate government and nongovernment community policing activities.

Despecialization

To achieve community policing goals, officers have to be able to handle multiple responsibilities and take a team approach to collaborative problem solving and partnering with the community. Community policing encourages its adoption agency-wide, not just by special units, although there may be a need for specialist units that are tasked with identifying and solving particularly complex problems or managing complex partnerships.

Resources (time, finances, and people)

Agencies have to devote the necessary human and financial resources and the investment of time to support community policing to ensure that problem-solving efforts are robust and that partnerships are sustained and effective.

Personnel

The principles of community policing need to be infused throughout the entire personnel system of an agency including recruitment, hiring, selection, and retention of all law enforcement agency staff, from sworn officers to civilians and volunteers. Personnel evaluations, supervision, and training must also be aligned with the agencies' community policing views.

Recruitment, hiring, and selection

Agencies need a systematic means of incorporating community policing elements into their recruitment, selection, and hiring processes. Job descriptions should recognize community policing and problem-solving responsibilities and encourage the recruitment of officers who have a spirit of service instead of only a spirit of adventure. A

community policing agency must also thoughtfully examine where it looks for recruits, whom it is recruiting and hiring, and what is being tested. Agencies are also encouraged to seek community involvement in this process through the identification of competencies and participation in review boards.

Personnel supervision/evaluations

Supervisors must tie performance evaluations to community policing principles and activities that are incorporated into job descriptions. Performance, reward, and promotional procedures should support sound problem-solving activities, proactive policing, community collaboration, and community satisfaction with police services.

Training

Training at all levels—academy, field, and in-service—must support community policing principles and tactics. It also needs to encourage creative thinking, a proactive orientation, communication and analytical skills, and techniques for dealing with quality-of-life concerns and maintaining order. Officers can be trained to identify and correct conditions that could lead to crime, raise public awareness, and engage the community in finding solutions to problems. Field training officers and supervisors need to learn how to encourage problem solving and help officers learn from other problem-solving initiatives. Until community policing is institutionalized within the organization, training in its fundamental principles will need to take place regularly.

Information technology systems

Community policing is highly information-intensive, and technology plays a central role in providing ready access to quality information. Accurate and timely information makes problem-solving efforts more effective and ensures that officers are informed about the crime and community conditions of their patrol beat. In addition, technological enhancements can greatly assist with accessing information to provide vital resources, improving two-way communication with community members, and developing agency accountability systems and performance outcome measures.

Communication / access to data

Technology provides agencies with an important forum by which to communicate externally with the public and internally within their organization. To communicate with the public, community policing encourages agencies to develop two-way communication systems through the Internet that allow for online reports; reverse 911; email alerts; Internet social media discussion forums; and feedback on interactive applications (such as surveys and geographical information), thereby creating open, ongoing dialogues and increasing transparency.

Technology encourages effective internal communication through memoranda, reports, newsletters, email and enhanced incident reporting, dispatch functions, and communications interoperability with other entities for more efficient operations. Community policing also encourages the use of technology to develop accountability and performance measurement systems that are timely and contain accurate metrics and a broad array of measures and information.

Community policing encourages the use of technology to provide officers with ready access to timely information on crime and community characteristics within their beats, either through laptop computers in their patrol cars or through personal data devices. In addition, technology can support crime/problem analysis functions by enabling agencies to gather more detailed information about offenders, victims, crime locations, and quality-of-life concerns, and to further enhance analysis.

Quality and accuracy of data

Information is only as good as its source; therefore, it is not useful if it is of questionable quality and accuracy. Community policing encourages agencies to put safeguards in place to ensure that information from various sources is collected in a systematic fashion and entered into central systems that are linked to one another and checked for accuracy so that it can be used effectively for strategic planning, problem solving, and performance measurement.

Problem solving

The process of engaging in the proactive and systematic examination of identified problems to develop and evaluate effective responses.

Community policing emphasizes proactive problem solving in a systematic and routine fashion. Rather than responding to crime only after it occurs, community policing encourages agencies to proactively develop solutions to the immediate underlying conditions contributing to public safety problems. Problem solving must be infused into all police operations and guide decision-making efforts. Agencies are encouraged to think innovatively about their responses and view making arrests as only one of a wide array of potential responses. A major conceptual vehicle for helping officers to think about problem solving in a structured and disciplined way is the SARA (scanning, analysis, response, and assessment) problem-solving model.

Scanning: Identifying and prioritizing problems

The objectives of scanning are to identify a basic problem, determine the nature of that problem, determine the scope of seriousness of the problem, and establish baseline measures. An inclusive list of stakeholders for the selected problem is typically identified in this phase. A problem can be thought of as two or more incidents similar in one or more ways and that is of concern to the police and the community. Problems can be a type of behavior, a place, a person or persons, a special event or time, or a combination of any of these. The police, with input from the community, should identify and prioritize concerns.

Analysis: Researching what is known about the problem

Analysis is the heart of the problem-solving process. The objectives of analysis are to develop an understanding of the dynamics of the problem, develop an understanding of the limits of current responses, establish correlation, and develop an understanding of cause and effect. As part of the analysis phase, it is important to find out as much as possible about each aspect of the crime triangle by asking who?, what?, when?, where?, how?, why?, and why not? about the victim, offender, and crime location.

Response: Developing solutions to bring about lasting reductions in the number and extent of problems

The response phase of the SARA model involves developing and implementing strategies to address an identified problem by searching for strategic responses that are both broad and uninhibited. The response should follow logically from the knowledge learned during the analysis and should be tailored to the specific problem. The goals of the response can range from totally eliminating the problem through substantially reducing the problem or reducing the amount of harm caused by the problem to improving the quality of community cohesion.

Assessment: Evaluating the success of the responses

Assessment attempts to determine if the response strategies were successful by understanding if the problem declined and if the response contributed to the decline. This information not only assists the current effort but also gathers data that build knowledge for the future. Strategies and programs can be assessed for process, outcomes, or both. If the responses implemented are not effective, the information gathered during analysis should be reviewed. New information may have to be collected before new solutions can be developed and tested. The entire process should be viewed as circular rather than linear, meaning that additional scanning, analysis, or responses may be required.

Using the crime triangle to focus on immediate conditions (victim/offender/ location)

To understand a problem, many problem solvers have found it useful to visualize links among the victim, offender, and location (the crime triangle) and those factors that could have an impact on them, for example, capable guardians for victims (e.g., security guards, teachers, and neighbors), handlers for offenders (e.g., parents, friends, and probation), and managers for locations (e.g., business merchants, park employees, and motel clerks). Rather than focusing primarily on addressing the root causes of a problem, the police focus on the factors that are within their reach, such as limiting criminal opportunities and access to victims, increasing guardianship, and associating risk with unwanted behavior.

Appendix D. National Institute of Justice (NIJ) bulletproof vest standards

The following information was adapted from NIJ Guide 100-98, "Selection and Application Guide to Police Body Armor." The publication in its entirety may be requested from:

National Law Enforcement and Corrections Technology Center (NLECTC)
2277 Research Boulevard
Rockville, MD 20850
800-248-2742

The publication may also be downloaded from the center's website: <https://justnet.org/about/nlectc-system.html>.

"NIJ's policy on body armor has always been that preserving the life of the police officer is the sole criteria on which to judge body armor effectiveness. At present, an officer may select a garment that corresponds to an appropriate threat level and be confident that armor in compliance with NIJ's standard will defeat the stated threat level."

Type I (.22 LR; .38 Special)

Type I body armor is light. This is the minimum level of protection every officer should have, and the armor should be routinely worn at all times while on duty. Type I body armor was the armor issued during the NIJ demonstration project in the mid-1970s. Most agencies today, however, because of increasing threats, opt for a higher level of protection.

This armor protects against .22 long rifle high-velocity lead bullets, with nominal masses of 2.6 g (40 gr), impacting at a velocity of 320 m/s (1,050 ft/s) or less, and against .38 special round-nose lead bullets, with nominal masses of 10.2 g (158 gr), impacting at a velocity of 259 m/s (850 ft/s) or less. It also provides protection against most other .25 and .32 caliber handgun rounds.

Type II-A (lower velocity .357 Magnum; 9mm)

Type II-A body armor is well suited for full-time use by police departments, particularly those seeking protection for their officers from lower velocity .357 Magnum and 9mm ammunition.

This armor protects against .357 Magnum jacketed soft-point bullets, with nominal masses of 10.2 g (158 gr), impacting at a velocity of 381 m/s (1,250 ft/s) or less, and against 9mm full-metal jacketed bullets, with nominal masses of 8.0 g (124 gr), impacting at a velocity of 332 m/s (1,175 ft/s). It also protects against such threats as .45 auto., .38 special +P, and some other factory loads in caliber .357 Magnum and 9mm as well as the Type I threats.

Type II (higher velocity .357 Magnum; 9mm)

Type II body armor is heavier and bulkier than either Types I or II-A. It is worn full-time by officers seeking protection against higher velocity .357 Magnum and 9mm ammunition.

This armor protects against .357 Magnum jacketed soft-point bullets, with nominal masses of 10.2 g (158 gr), impacting at a velocity of 425 m/s (1,395 ft/s) or less, and against 9mm full-jacketed bullets, with nominal velocities of 358 m/s (1,175 ft/s). It also protects against most other factory loads in caliber .357 Magnum and 9mm as well as the Type I and II-A threats.

Type III-A (.44 Magnum; submachine gun 9mm)

Type III-A body armor provides the highest level of protection currently available from concealable body armor and is generally suitable for routine wear in many situations. However, departments located in hot, humid climates may need to evaluate the use of Type III-A armor carefully.

This armor protects against .44 Magnum lead semi-wadcutter bullets with gas checks, nominal masses of 15.55 g (240 gr), impacting at a velocity of 426 m/s (1,400 ft/s) or less. It also provides protection against most handgun threats as well as the Type I, II-A, and II threats.

Type III (high-powered rifle)

Type III body armor is clearly intended only for tactical situations when the threat warrants such protection, such as barricade confrontations involving sporting rifles.

This armor, normally of hard or semi-rigid construction, protects against 7.62 mm full-metal jacketed bullets (U.S. military designation M80), with nominal masses of 9.7 g (150 gr), impacting at a velocity of 838 m/s (2,750 ft/s) or less. It also provides protection against threats such as 223 Remington (5.56 mm FMJ), 30 Carbine FMJ, and 12-gauge rifled slug, as well as the Type I through III-A threats.

Type IV (armor-piercing rifle)

Type IV body armor provides the highest level of protection currently available. Because this armor is intended to resist armor piercing bullets, it often uses ceramic materials. Such materials are brittle in nature and may provide only single-shot protection, since the ceramic tends to break up when struck. As with Type III armor, Type IV armor is clearly intended only for tactical situations when the threats warrant such protection.

This armor protects against .30-06 caliber armor-piercing bullets (U.S. military designation AMP2), with nominal masses of 10.8 g (166 gr), impacting at a velocity of 868 m/s (2,850 ft/s) or less. It also provides at least single-hit protection against the Type I through III threats.

Special type

A purchaser who has a special requirement for a level of protection other than one of the above standard threat levels should specify the exact test rounds and minimum impact velocities to be used and indicate that this standard shall govern in all other respects.

(a) Prohibition of reprisals.--

- (1) **In general.**--An employee of a contractor, subcontractor, grantee, or subgrantee or personal services contractor may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in paragraph (2) information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.
- (2) **Persons and bodies covered.**--The persons and bodies described in this paragraph are the persons and bodies as follows:
 - (A) A Member of Congress or a representative of a committee of Congress.
 - (B) An Inspector General.
 - (C) The Government Accountability Office.
 - (D) A Federal employee responsible for contract or grant oversight or management at the relevant agency.
 - (E) An authorized official of the Department of Justice or other law enforcement agency.
 - (F) A court or grand jury.
 - (G) A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.
- (3) **Rules of construction.**--For the purposes of paragraph (1)--
 - (A) an employee who initiates or provides evidence of contractor, subcontractor, or grantee misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract or grant shall be deemed to have made a disclosure covered by such paragraph; and

(b) Investigation of complaints.--

- (1) **Submission of complaint.**--A person who believes that the person has been subjected to a reprisal prohibited by subsection (a) may submit a complaint to the Inspector General of the executive agency involved. Unless the Inspector General determines that the complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant, the Inspector General shall investigate the complaint and, upon completion of such investigation, submit a report of the findings of the investigation to the person, the contractor or grantee concerned, and the head of the agency.
- (2) **Inspector General action.**--
 - (A) **Determination or submission of report on findings.**--Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.

 - (3) **Prohibition on disclosure.**--The Inspector General may not respond to any inquiry or disclose any information from or about any person alleging the reprisal, except to the extent that such response or disclosure is--
 - (A) made with the consent of the person alleging the reprisal;
 - (B) made in accordance with the provisions of section 552a of title 5 or as required by any other applicable Federal law; or
 - (C) necessary to conduct an investigation of the alleged reprisal.
 - (4) **Time limitation.**--A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.
- (c) **Remedy and enforcement authority.**--
- (1) In general.--Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or grantee concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:
 - (A) Order the contractor or grantee to take affirmative action to abate the reprisal.
 - (B) Order the contractor or grantee to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.
 - (C) Order the contractor or grantee to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.
 - (2) **Exhaustion of remedies.**--If the head of an executive agency issues an order denying relief under paragraph (1) or has not issued an order within 210 days after the submission of a complaint under subsection (b), or in the case of an extension of time under paragraph (b)(2)(B), not later than 30 days after the expiration of the extension of time, and there is no showing that such delay is due to the bad faith of the complainant, the complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the contractor or grantee to seek compensatory damages and other relief available under this section in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. An action under this paragraph may not be brought more than two years after the date on which remedies are deemed to have been exhausted.
 - (3) **Admissibility of evidence.**--An Inspector General determination and an agency head order denying relief under paragraph (2) shall be admissible in evidence in any de novo action at law or equity brought pursuant to this subsection.

- (4) Enforcement of orders.**--Whenever a person fails to comply with an order issued under paragraph (1), the head of the executive agency concerned shall file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the executive agency.
- (5) Judicial review.**--Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an executive agency, unless a stay is specifically entered by the court.
- (6) Burdens of proof.**--The legal burdens of proof specified in section 1221(e) of title 5 shall be controlling for the purposes of any investigation conducted by an Inspector General, decision by the head of an executive agency, or judicial or administrative proceeding to determine whether discrimination prohibited under this section has occurred.
- (7) Rights and remedies not waivable.**--The rights and remedies provided for in this section may not be waived by any agreement, policy, form, or condition of employment.
- (d) Notification of employees.**--The head of each executive agency shall ensure that contractors, subcontractors, and grantees of the agency inform their employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.
- (e) Construction.**--Nothing in this section may be construed to authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to modify or derogate from a right or remedy otherwise available to the employee.
- (f) Exceptions.**--

 - (1)** This section shall not apply to any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. § 401a(4)).

Appendix F. 2 C.F.R. Appendix II to Part 200: Contract provisions for nonfederal entity contracts under federal awards

NOTE: The National Defense Authorization Act for fiscal year 2018 (NDAA), Public Law 115–91, Division A, Title VIII, Section 805, raised the simplified acquisition threshold to \$250,000 for all recipients. The OMB Memorandum M-18-18 entitled Implementing Statutory Changes to the Micro-purchase and the Simplified Acquisition Threshold for Financial Assistance granted an exception for recipients to use the higher simplified acquisition threshold of \$250,000 effective as of June 20, 2018, in advance of revisions to the Uniform Guidance.

In addition to other provisions required by the federal agency or nonfederal entity, all contracts made by the nonfederal entity under the federal award must contain provisions covering the following, as applicable.

- a. Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- b. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.
- c. Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person

employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

- d. **Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708).** Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- e. **Rights to Inventions Made Under a Contract or Agreement.** If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
- f. **Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—**Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- g. **Debarment and Suspension (Executive Orders 12549 and 12689)—**A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

- h. Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- i. See §200.322 Procurement of recovered materials.

Glossary of Terms

allowable costs.

TRGP-Equipment/Training – Allowable costs are expenses that may be funded by this award program. COPS Office TRGP-E/T provides funding for equipment, services, and technology purchased on or after the award start date. Upon review of your submitted budget, any unallowable costs were removed. The FCM that was included in your award package outlined your allowable costs and noted any relevant revisions that were made to your original budget submission.

TRGP-Hire – Allowable costs are costs that will be paid for by this award program. The only allowable costs under TRGP-Hire are the approved full-time, entry-level salaries and fringe benefits of sworn career law enforcement officers hired or rehired on or after the award start date. TRGP-Hire award funds may be used to hire or rehire experienced officers, but any costs higher than entry-level must be paid by your agency with local funds. Award funding must be limited to your agency's entry-level sworn officer salary and benefits. Upon review of your submitted budget, any unallowable costs were removed. The FCM, which was included in your award package, specifies the amount of TRGP-Hire funds awarded to your agency for officer salaries and approved benefits, and it identifies the final officer salary and fringe benefit categories and amounts for which your agency was approved. Approved entry-level salaries and benefits paid during basic academy training are allowable when it is the agency's policy to pay all newly hired officers during this training.

audit. Work done by auditors, including both the OIG and state or local auditors, to examine financial statements and to review

- compliance with laws and regulations;
- economy and efficiency of operations;
- effectiveness in achieving program results;
- allowability of costs claimed against the award.

authorized official. The authorized official is the individual in your organization who has final authority and responsibility for all programmatic and financial decisions regarding this award. At the time of award application, your agency listed the government executive (usually the Tribal Chief, Chairman, President, etc.) for your agency. This executive is listed on your award document and is understood to be your authorized official. If any of the executive information is incorrect, please submit the correct information to the COPS Office by completing an official Change of Information form available online at www.cops.usdoj.gov.

automated booking system. An automated booking system captures arrestee fingerprints and photographic information electronically and often has the ability to transfer that information to a departmental or state-wide database.

Automated Fingerprint Identification System (AFIS). An AFIS system is a highly specialized biometrics system that compares a single fingerprint image with a database of fingerprint images. Fingerprint images are collected from crime scenes or are taken from criminal suspects when they are arrested. Fingerprint images may be captured by placing a finger on a scanner or by electronically scanning inked impressions on paper.

award number. The award number identifies your agency's specific TRGP award, and can be found on your Award Document. This number should be used as a reference when corresponding with the COPS Office. Your award number is in the following format: 2018-HE-WX-0000 for TRGP-E/T awards and 2018-HH-WX-0000 for TRGP-Hire awards funded in FY 2018. The COPS Office tracks award information based upon this number.

award package. The award package includes your TRGP award document, Financial Clearance Memorandum (FCM), and award congratulatory letter; it may be accessed through the "Account Access" tab on the COPS Office website (www.cops.usdoj.gov). Your agency's TRGP award document will list your award number, government executive, award amount, number and hiring category of positions awarded, award start and end dates, and all terms and conditions (including any special conditions placed on your agency's TRGP award). Your law enforcement and government executives have 90 days from the date on your award congratulatory letter to log on to their accounts at <https://portal.cops.usdoj.gov> and electronically sign the award document and submit it to the COPS Office. Your agency's FCM will specify the final amount of TRGP funds awarded to your agency for officer salaries and approved fringe benefits.

award start date. This is the date on or after which your agency is authorized to purchase any allowable equipment, services, or other costs that were approved by the COPS Office. The award start date is found on your award document. *Recipients may not expend funds prior to this date without written approval from the COPS Office.*

career law enforcement officer. The COPS Office statute defines a career law enforcement officer as a person hired on a permanent basis who is authorized by law, or by a state or local public agency, to engage in or oversee the prevention, detection, or investigation of violations of criminal laws.

Catalog of Federal Domestic Assistance (CFDA). The CFDA is an annual government-wide publication that contains a description and index of all forms of federal assistance. Each program is assigned a CFDA number, which is used by auditors to track award revenues under the Single Audit Act. It is also used in participating states by state single points of contact in conducting the required intergovernmental reviews under Executive Order 12372. The CFDA number for the COPS Office TRGP award is 16.710.

closeout. This is the process in which the awarding agency, the COPS Office, determines that all applicable administrative actions and all required work and conditions of the award have been completed and met by the recipient and awarding agency.

cognizant federal agency. Your cognizant federal agency is generally the federal agency that provides your agency with the most federal money. The Office of Management and Budget (OMB) may have already assigned your cognizant federal agency to you. If this is the first federal award that your organization has received, the U.S. Department of Justice (DOJ) is your cognizant federal agency.

community policing. Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, social disorder, and fear of crime. All newly hired, additional, or rehired officers (or an equal number of redeployed veteran officers) funded under COPS Office programs must engage in community policing activities and in the implementation of your community policing plan.

Computer Aided Dispatch (CAD) system. Computer database that can track calls for service, maintain status of units available, provide various reports, produce address histories, and support electronic mail. With the installation of integrated CAD systems, officers are able to receive calls for service on their mobile data terminals rather than over the radio. Radios can then be used only for serious emergencies.

consortium. A consortium is a group of two or more governmental entities that agree to form a partnership to provide law enforcement services to their constituent communities.

COPS Office finance staff. The COPS Office finance staff handles your agency's financial and budgetary needs related to this award. A staff accountant has been assigned to your state and is available to answer any questions that you may have concerning the financial aspects of your award. To identify your staff accountant, please call the COPS Office Response Center at 800-421-6770 or visit the COPS Office website at www.cops.usdoj.gov.

COPS Office. The Office of Community Oriented Policing Services (COPS Office) is the division of the U.S. Department of Justice that is the grantor agency for your award. The COPS Office is responsible for assisting your agency with the administration and maintenance of your award for the entire award period. You can reach the COPS Office at 800-421-6770.

Data Universal Numbering System (DUNS) number. Since FY 2004, the Office of Management and Budget (OMB) has required all agencies applying for federal funding to obtain this number prior to application. The DUNS number is a unique nine- or thirteen-digit identification number that is assigned upon request to agencies by Dun & Bradstreet (D&B). This number will be used by the Federal Government to better track award recipient information throughout the award cycle and to provide consistent name and address data for electronic award application systems. To obtain a DUNS number, visit the Dun & Bradstreet website at www.dnb.com or call 866-705-5711.

Employer Identification Number (EIN)/OJP vendor number. This number is usually your agency's nine-digit federal tax identification number as assigned to you by the Internal Revenue Service (IRS). Your accounting/bookkeeping department should have this number. In some cases, the EIN has been previously assigned to another agency within your jurisdiction. In this instance, a new vendor number will be assigned to you by the Office of the Chief Financial Officer. The newly assigned number is to be used for the COPS Office administrative purposes only and should not be used for IRS purposes.

federally recognized tribe. Tribal entities that are recognized and eligible for funding and services from the BIA by virtue of their status as Indian tribes. They are acknowledged to have the immunities and privileges available to other federally acknowledged Indian tribes by virtue of their government-to-government relationship with the United States as well as the responsibilities, power, limitation, and obligations of such tribes. Only federally recognized tribes are eligible to apply for COPS Office award funds. For further information, contact: BIA, Division of Tribal Government Services, MS-4631-MIB, 1849 C Street NW, Washington, DC 20240, 202-208-2475.

gas mask. A gas mask is connected to a chemical air filter and is used to protect the face and lungs from toxic gases.

global positioning system (GPS). Global positioning systems are a series of 24 geosynchronous satellites that continuously transmit their positions. Each system is used in personal tracking, navigation, and automatic vehicle location technologies.

Grant Monitoring Specialist. COPS Office Grant Monitoring Specialists are trained and available to assist you in addressing any compliance-related questions regarding your award. Grant Monitoring Specialists plan and conduct site visits and office-based grant reviews. During the life of your award, you may be selected for a monitoring site visit to assess your compliance with the terms and agreements of the award program, to review your community policing initiatives, and to provide technical and administrative support for your award. Please contact the COPS Office Response Center at 800-421-6770 if you have any compliance-related questions.

Grant Program Specialist. COPS Office Grant Program Specialists are trained to assist you with implementing and maintaining your award. A Grant Program Specialist is assigned to your state and is available to answer any questions that you may have concerning the administrative aspects of your award. Your Grant Program Specialist can assist you with such matters as requesting an extension on your award or modifying the award. To obtain the name and phone number of your Grant Program Specialist, please contact the COPS Office Response Center at 800-421-6770 or refer to the COPS Office website, www.cops.usdoj.gov.

indirect costs. Indirect (F&A) costs are those costs incurred for a common or joint purpose benefiting more than one cost objective. They are not readily attributable to the cost objectives that are being benefited. To facilitate equitable distribution of indirect expenses to the specific cost objectives, it may be necessary to establish a number of pools of indirect (F&A) costs. Indirect (F&A) cost pools must be distributed to benefited cost objectives on bases that will produce equitable results in consideration of relative benefits derived. See 2 C.F.R. § 200.56 in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. See the COPS Office website for a fact sheet on indirect costs: <https://cops.usdoj.gov/ctas#programdocuments>.

interoperable communications. Communications interoperability refers to the ability of emergency response officials to share information via voice and data signals on demand, in real time, when needed, and as authorized. Interoperable communications policies, procedures, and technology are used to increase voice and data information sharing among the law enforcement, fire service, and emergency medical service communities.

local budget cycle. Your agency's fiscal year: some common examples include January 1 to December 31, October 1 to September 30, and July 1 to June 30. Some local budget cycles may extend up to 24 months.

matching funds. What a locality must contribute as a cash match toward total allowable project costs over the life of the program. There is no matching fund requirement for the TRGP program (although higher than entry-level costs for hired or rehired officers must be paid with local funds).

mobile data computer/laptop. A mobile data computer (MDC) is a computer terminal mounted in a vehicle that is linked via wireless communication to a network that is often integrated with a CAD system. MDCs enable officers to complete previously handwritten reports on a computer. This often eliminates the need to enter duplicate information on multiple reports.

National Incident-Based Reporting System (NIBRS). A comprehensive reporting database where agencies provide individual records for eight index crimes and 38 other offenses.

obligation of funds. The COPS Office obligates federal funds when the award document is signed by the COPS Office Director or his or her designated official. For the recipient, award funds are obligated when monies are spent or orders are placed for approved items under your award. The term encumbrance is often used at the

local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

Originating Agency Identifier (ORI) number. This number is assigned by the FBI, and it is your agency's unique identifier. The first two letters are your state abbreviation, the next three numbers are your county's code, and the final two numbers identify your jurisdiction within your county. If your agency does not have an ORI number assigned by the FBI, the COPS Office assigns a non-official ORI code to use as an agency identifier (in such cases, the last two characters will be "ZZ"). It can be found on your award document. When you contact the COPS Office with a question, please reference your ORI number (or your award number).

primary law enforcement authority. An agency with primary law enforcement authority is the agency that is the first responder to calls for service and has ultimate and final responsibility for the prevention, detection, or investigation of violations of criminal laws within its jurisdiction.

The Public Safety Partnership and Community Policing Act of 1994. The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to

- increase the number of community policing officers on the beat;
- provide additional and more effective training to law enforcement officers to enhance their problem-solving, service, and other skills needed in interacting with members of the community;
- encourage the development and implementation of innovative programs to permit members of the community to assist law enforcement agencies in the prevention of crime;
- encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

retention period. After 36 months of COPS Office funding, TRGP-Hire recipients are required to retain each additional COPS Office-funded position awarded using local, state, or other sources of non-COPS Office funds. Each awarded position must be retained for at least 12 months following the conclusion of the 36 months of federal funding for that position. This time span is referred to as the retention period.

System for Award Management (SAM). The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via [Grants.gov](https://www.grants.gov) are already registered with SAM, as it is a requirement for [Grants.gov](https://www.grants.gov) registration. Please note, however, that applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at www.sam.gov.

supplanting. For the purposes of your COPS Office award, supplanting means replacing state, local, or BIA funds that otherwise would have been spent on law enforcement purposes with federal COPS Office funds. State, local, and tribal governments are prohibited from supplanting throughout the award period. This means that your agency may not use COPS Office funds to pay for any equipment/technology, services, or other items which, in the absence of the COPS Office program, would otherwise have been funded with state or local funds or funds supplied by the BIA. The COPS Office funds must instead be used to supplement, or increase, your law enforcement budget. For additional information on supplanting, please review the TRGP-Hire award condition 'Supplementing, Not Supplanting' or the TRGP-E/T award condition 'Supplementing, Not Supplanting' in this manual.
