2020 COPS Hiring Program

Advancing Community Policing by Hiring Officers

The COPS Hiring Program (CHP) is designed to reduce crime and advance public safety through community policing by providing direct support to state, local, and tribal law enforcement agencies nationwide. CHP funding supports the hiring of career law enforcement officers to increase an agency's community policing capacity and crime prevention efforts. The FY 2020 CHP award program was an open solicitation. All local, state, and tribal law enforcement agencies having primary law enforcement authority were eligible to apply. The award selection process was highly competitive and based on a variety of factors including problem focus area, local crime data, agencies' commitment to community policing, agencies' demonstrated financial need, and statutory formulas.

The COPS Office received 1,091 CHP applications during the open solicitation period from law enforcement agencies in nearly every state and U.S. territory. After careful review of all applications, the COPS Office made FY 2020 CHP awards to 605 state, local, and tribal law enforcement agencies totaling \$399,469,632 to support the hiring of 2,761 full-time law enforcement officers. These awards represent an important investment in our nation's safety and law enforcement communities.

Supporting Local Law Enforcement

Twenty-six years after the Violent Crime Control and Law Enforcement Act of 1994 was signed into law, the COPS Office continues to support the efforts of law enforcement agencies across the country as they develop creative and innovative ways to deal with long-standing community crime problems and public safety issues. To date, the COPS Office has invested more than \$14 billion, including grants to more than 13,000 state, local, and tribal law enforcement agencies, to reduce crime by advancing community policing. In all, COPS Office funding has supported the hiring of more than 133,000 law enforcement officers in agencies large and small across the nation.

CHP is the COPS Office's flagship program with a long history of promoting police-community partnerships for the express purpose of crime reduction through effective

community policing. Through CHP, the COPS Office is supporting our nation's front-line heroes by providing them with needed resources and expertise to enhance local community policing strategies and tactics.

Problem Focus Areas

All proposed plans and focus areas were eligible for funding; however, additional consideration was given to agencies selecting one of the following priority focus areas:

- **Violent crime** - plans that focus on reducing violent crime
- **School-based policing** - plans that promote the use of school resource officers
- **Homeland and border security** - including protecting critical infrastructures, information intelligence problems, and other homeland security problems

Highlights of CHP FY 2020 Funding

- The demand for CHP funding remains extremely high among law enforcement agencies nationwide. The COPS Office received 1,091 applications, 55 percent of which received awards.
- Sixty-nine percent of awardees received additional consideration by selecting one of the three priority focus areas.

- Additional consideration was given to applicants in 39 states and the District of Columbia with certain anti-human trafficking laws that treat minors engaged in commercial sex as victims (referred to as "safe harbor" laws).
- The most popular problem focus area for awardees was violent crime.
- Three hundred eighty-seven awardees intend to hire one or more veterans with CHP funding.

Program Funding Provisions

CHP awards provide up to 75 percent of the approved entry-level salaries and fringe benefits of full-time officers for a 36-month award period, with a minimum 25 percent local cash match requirement and a maximum federal share of \$125,000 per officer position.

Any additional costs for salaries and fringe benefits higher than entry level are the responsibility of the recipient agency. The COPS Office granted waivers of some or all of an applicant's local cash match based on a demonstration of severe fiscal distress.

CHP award funds may not be used to supplant (replace) local funds that agencies otherwise would have devoted to sworn officer hiring. The hiring of officers under CHP must be in addition to, and not in lieu of, officers who otherwise would have been hired with state or local funds.

At the conclusion of 36 months of federal funding, recipients must retain all sworn officer positions awarded under the CHP award for a minimum of 12 months. The retained CHP-funded position(s) should be added to the recipient's law enforcement budget with state or local funds, over and above the number of locally funded positions that would have existed in the absence of the award.
