Community Policing Development (CPD) Microgrants (CFDA 16.710) Program Description

Overview

Community policing is a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as violent crime, nonviolent crime, and fear of crime.

Community Policing Development (CPD) funds are used to develop the capacity of law enforcement to implement community policing strategies by providing guidance on promising practices through the development and testing of innovative strategies; building knowledge about effective practices and outcomes; and supporting new, creative approaches to preventing crime and promoting safe communities.

With this funding, the COPS Office supports demonstration projects that allow for the identification and expansion of promising practices and produces knowledge products that follow the principles of good guidance:

- Quality-driven, with an emphasis on action statements to drive promising practices and reduce variations in performance
- Evidence-based, with recommendations that are consistent with the weight of the best available evidence identified through systematic review
- Accessible, with clear language and manageable lengths that are appropriate and relevant for the law enforcement field
- Memorable, to encourage immediate actions or aid for the complex situations law enforcement professionals face

To read an overview of the principles of community policing, please see the COPS Office publication *Community Policing Defined*, which can be found at <https://cops.usdoj.gov/RIC/ric.php?page=detail&id=COPS-P157>.

Subtopic 1. Hate Crimes

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address hate crimes.

Topic name in section 1 of the COPS Office Online Application System: Hate Crimes

The DOJ defines hate crimes as acts of physical harm and specific criminal threats motivated by animus based on race, color, national origin, religion, gender, sexual orientation, gender identity, or disability. The department-wide Hate Crimes Enforcement and Prevention Initiative coordinates the department’s efforts to eradicate hate crimes and facilitates outreach to law enforcement agencies and the public. The initiative has identified two significant barriers to effectively combating hate crimes: (1) underreporting by law enforcement and victims and (2) underidentification of hate crimes by law enforcement.

Under this subtopic area, the COPS Office seeks law enforcement agencies to develop or implement a project to enhance the response and investigation of bias and hate crimes. The COPS Office is also interested in law enforcement agencies better understanding offenders through data reporting and analysis. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Applicants should review the **department-wide hate crimes website** for the strategies listed in the “**Preventing Hate Crimes in Your Community**” web page as well as the law enforcement resources in the “**Resources**” web page. In addition, applicants can review the strategies in the **Hate Crimes** problem-oriented policing guide for further strategies.

Goal

The goal of these projects is to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address hate crimes.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects out of scope of this subtopic area

Projects to fund the salaries and benefits of new local law enforcement officers and deputies will not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address hate crimes are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Subtopic 2. Human Trafficking

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address human trafficking.

Topic name in section 1 of the COPS Office Online Application System: Human Trafficking

As defined by the Trafficking Victims Protection Act of 2000 and its subsequent reauthorizations, human trafficking as defined in 22 U.S.C. § 7102(9) means sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform an act has not attained 18 years of age; or the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Under this subtopic area, the COPS Office seeks law enforcement agencies to develop or implement innovative and collaborative projects to improve the prevention and identification of victims of human trafficking as well as hold traffickers and offenders accountable for these crimes. Applicants should identify a list of activities and strategies

that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Applicants should review the strategies listed in the following COPS Office publications:

- ***Below Ten: Combating Drugs, Guns, and Human Trafficking at the U.S. Southwest Border***
- ***Combating Child Sex Trafficking: A Guide for Law Enforcement Leaders***
- ***Exploitation of Trafficked Women***

The Office of Justice Programs has several publications that highlight good strategies, including the following:

- ***Ending Modern-Day Slavery: Using Research to Inform U.S. Anti-Human Trafficking Efforts*** (National Institute of Justice)
- ***Human Trafficking Task Force e-Guide*** (Office of Victims of Crime)

Goal

The goal of these projects is to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address human trafficking.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects to fund the salaries and benefits of new local law enforcement officers and deputies will not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address human trafficking are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Subtopic 3. Meeting Rural Law Enforcement Challenges

Topic Area Highlights

Topic summary: The COPS Office seeks to provide smaller law enforcement agencies funding for demonstration or pilot projects that meet rural law enforcement challenges.

Topic name in section 1 of the COPS Office Online Application System: Rural Law Enforcement

Small law enforcement agencies maintaining fewer than 50 sworn personnel in nonurban areas represent the majority of agencies in the country. However, despite decades of dedicated research on policing in the United States, there has been a disproportionate focus on urban settings and larger law enforcement agencies. The crime challenges of small, rural jurisdictions can vary greatly depending on their location in the country.

Under this subtopic area, the COPS Office seeks smaller law enforcement agencies to develop or implement a project that meets rural law enforcement challenges. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Applicants should review COPS Office publications such as the **Law Enforcement Tech Guide for Small and Rural Police Agencies**. In addition, applicants should consider reviewing the National Institute of Justice's **CrimeSolutions.gov**. The clearinghouse presents programs and practices that have undergone rigorous evaluations and meta-analyses. The programs and practices are identified, screened, reviewed, and rated using a standardized process. To learn more, please visit <https://www.crimesolutions.gov/Default.aspx>.

Goal

The goal of these projects is to develop innovative crime reduction approaches and use contemporary strategies that will support the nation's small and rural law enforcement agencies—agencies of 50 or fewer sworn personnel that serve county, city, township, town, and municipal communities in nonurban areas.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects out of scope of this subtopic area

Projects whose sole focus is to request funding for the purchase of equipment and technology will not be considered.

Projects related to the hiring of local law enforcement officers and deputies will also not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to work in rural communities are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Subtopic 4. Officer Safety and Wellness

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address officer safety and wellness.

Topic name in Section 1 of the COPS Office Online Application System: Officer Safety and Wellness

Implementing programs and practices that promote the health and safety of law enforcement personnel, including their mental health and wellness, has become an increasing priority for the field. Law enforcement personnel engage in emotionally stressful work, in circumstances that can often be unforgiving. Statistics indicate that suicide rates for current and retired law enforcement far outpace those for the general population; the life expectancy of law enforcement is considerably lower than it is for the general population; and the level of alcohol abuse and divorce within law enforcement has long been viewed by the field as a negative consequence resulting from a career of noble service to the public.

The COPS Office is committed to working with law enforcement agencies in efforts to support the physical and mental health, safety, and wellness of law enforcement. Through a partnership with the Bureau of Justice Assistance, the COPS Office convenes the **National Officer Safety and Wellness Group (OSW Group)**, which brings together representatives from law enforcement, federal agencies, and the research community to address the significantly high number of officer gunfire fatalities and to improve officer safety and wellness.

Under this subtopic area, the COPS Office seeks applications from law enforcement agencies that are interested in developing demonstration or pilot projects to address officer safety and wellness programs. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Applicants should review the strategies listed in the **OSW Group reports** as well as the following COPS Office reports:

- **Law Enforcement Mental Health and Wellness Act: Report to Congress**
- **Law Enforcement Mental Health and Wellness Programs: Eleven Case Studies**
- **Building and Sustaining an Officer Wellness Program: Lessons from the San Diego Police Department**
- **Officer Health and Organizational Wellness: Emerging Issues and Recommendations**
- **Officers' Physical and Mental Health and Safety: Emerging Issues and Recommendations**

Goal

The goal of these projects is to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address officer safety and wellness.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects out of scope of this subtopic area

Projects to fund the salaries and benefits of new local law enforcement officers and deputies will not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Projects should not focus on peer support programs. *If you are seeking this type of funding, **please visit the COPS Office website** for updates on the Law Enforcement Mental Health and Wellness Act (LEMHWA) program.*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address officer safety and wellness are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Requirements

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Sustainability

Applications should address the fiscal and operational sustainability of the programs developed with COPS funding. As appropriate and practicable, applications should also reflect processes for measuring the effectiveness and officer usage of the program.

Subtopic 5. Recruitment, Hiring, and Retention

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative recruitment, hiring, and retention projects.

Topic name in section 1 of the COPS Office Online Application System: Recruitment, Hiring, and Retention

Recruitment and hiring are essential functions of law enforcement agencies to attract and retain the best law enforcement candidates who represent a diversity of backgrounds, knowledge, and experiences. This topic is of special interest to the COPS Office not only because much of our funding is geared towards the hiring of officers and deputies but also because the recruitment, selection, and retention of officers and deputies are among the most important elements to advancing community policing within an agency. In addition to reflecting the communities they serve, new officers and deputies must have strong analytical and problem-solving skills, good communication skills, adaptability, an understanding of agency policies and procedures, and training.

The COPS Office seeks demonstration or pilot projects with creative methods for recruitment, hiring, and retention that include quantitative measures of success. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

The COPS Office and other criminal justice professionals have invested in research and best and promising practices over many years. Applicants should review COPS Office publications such as the following:

- ***Police Recruitment and Retention for the New Millennium***, which emphasizes planning and analysis, reducing the financial impact of turnover, enhancing compensation and other benefits, employee engagement, and improving organizational effectiveness to address recruitment challenges
- ***Law Enforcement Recruitment Toolkit***, which focuses on collaborating with other agencies, engaging the community, and streamlining the recruitment process, among other strategies to address recruitment challenges
- ***Law Enforcement Best Practices: Lessons Learned from the Field***, “Chapter 7. Recruitment, Hiring, Retention, and Promotions,” which provides 13 best and promising practices grounded in academic research and practical experience suitable for agencies of all sizes around recruitment, hiring, retention, and promotions

Goal

The goal of these projects is to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative recruitment, hiring, and retention projects.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives (e.g. changes in number of applicants, type of applicants, time to on-board, etc.).

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects out of scope of this subtopic area

Projects to fund the salaries and benefits of new local law enforcement officers and deputies will not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address recruitment, hiring, and retention challenges are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Requirements

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Sustainability

Applicants should address the sustainability of recruitment, hiring, and retention programs implemented under the project beyond the funded period.

Subtopic 6. School Safety

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address school safety.

Topic name in section 1 of the COPS Office Online Application System: School Safety

There can be no “one-size-fits-all” approach to address an issue as complex as school violence. The reports resulting from the **Federal Commission on School Safety** and the **Marjory Stoneman Douglas High School Public Safety Commission** underscored the complexity of the school safety issue, and recognized the need to promote state and local solutions to school violence, and to that end, the purpose of this solicitation is to support demonstration and pilot projects of law enforcement agencies to implement recommendations outlined in the commission reports to promote the safety and security of our schools.

In addition to the commission reports and the **Enhancing School Safety Using A Threat Assessment Model**, applicants should consider reviewing the National Institute of Justice’s **CrimeSolutions.gov**. The clearinghouse presents programs and practices that have undergone rigorous evaluations and meta-analyses. The programs and practices are identified, screened, reviewed, and rated using a standardized process. To learn more, please visit <https://www.crimesolutions.gov/Default.aspx>.

Subtopic 7. Staffing and Allocation Studies

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for projects that increase their capacity to conduct staffing and allocation studies.

Topic name in section 1 of the COPS Office Online Application System: Staffing and Allocation Studies

A systematic study on the allocation of agency resources (specifically, an agency's greatest resource: its people) can be a valuable tool for law enforcement leaders, especially during times of budget reductions, increases in crime, and organizational developments that can pose challenges to maintaining adequate staffing deployment. Yet there are a number of significant challenges in conducting such studies. First, law enforcement agencies often

report that they lack the in-house expertise to conduct staffing analyses while external vendors tend to be cost prohibitive.¹ In addition, the methods can vary widely and can suffer in a number of ways, from a lack of sophistication to selective use of benchmarks to support previously held impressions about staffing requirements.²

The COPS Office seeks to provide support to agencies interested in conducting staffing and allocation studies for their agencies. Applicants should propose to develop, pilot, and evaluate the outcomes of a staffing allocation analysis.

Applicants should review the COPS Office publication **A Performance-Based Approach to Police Staffing Allocation**, which offers a research summary and guide to conducting an assessment.

Goal

The goal of these projects is to provide law enforcement agencies funding to increase their capacity to conduct staffing and allocation studies.

Deliverables

The project should focus on conducting a staffing and allocation study, developing a system that will facilitate ongoing allocation studies, or both. Applicants should provide the COPS Office a summary of work accomplished under this project.

Partnerships/Subawards

Encourage partnerships with independent organizations and institutions of higher education that specialize in staffing studies.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Subtopic 8. Victim-Centered Approaches

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that advance the infusion of a victim-centered approach.

Topic name in section 1 of the COPS Office Online Application System: Victim-Centered Approaches

¹ Jeremy M. Wilson and Alexander Weiss, *A Performance-Based Approach to Police Staffing and Allocation* (Washington, DC: Office of Community Oriented Policing Services, 2014), <https://cops.usdoj.gov/RIC/Publications/cops-p247-pub.pdf>.

² Wilson and Weiss, *A Performance-Based Approach* (see note 1).

A victim-centered approach has been widely accepted as a best practice at the federal level and all 50 states have passed statutory protections for victims. According to the Office for Victims of Crime (OVC), the “victim-centered approach is defined as the systematic focus on the needs and concerns of a victim to ensure the compassionate and sensitive delivery of services in a nonjudgmental manner. A victim-centered approach seeks to minimize retraumatization associated with the criminal justice process by providing the support of victim advocates and service providers, empowering survivors as engaged participants in the process, and providing survivors an opportunity to play a role in seeing their traffickers brought to justice.”³

The **National Crime Victimization Survey (NCVS)** has long revealed both that a high percentage of victims do not receive services, and that a high percentage of victims choose not to report crimes to law enforcement. These data also demonstrate that victims who do not report their victimization are statistically less likely to access help. A recent study of NCVS data also concluded that reporting to law enforcement is associated with fewer future victimizations, underscoring the importance of reporting.⁴ Improving victim-centered responses and services that further victim safety, healing, and stability may be playing a role in reducing future victimization, which is essential to improving overall community safety.

The COPS Office seeks demonstration or pilot project with creative methods for the implementation of victim-centered approaches. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Applicants should review the strategies listed in the OVC **Victim Assistance Training Online** during the development of the project. In addition, the Office of Justice Programs provides several publications that include good strategies for various areas of victimization, including the **“Victim-Centered Approach” section of the OVC Human Trafficking Task Force e-Guide** and the National Institute of Justice **National Best Practices for Sexual Assault Kits: A Multidisciplinary Approach**.

In addition, applicants should consider reviewing the National Institute of Justice’s **CrimeSolutions.gov**. The clearinghouse presents programs and practices that have undergone rigorous evaluations and meta-analyses. The programs and practices are identified, screened, reviewed, and rated using a standardized process. To learn more, please visit <https://www.crimesolutions.gov/Default.aspx>.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address victim-centered approaches are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Subtopic 9. Violent Crime

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address violent crime.

Topic name in section 1 of the COPS Office Online Application System: Violent Crime

After several cities experienced an uptick in violent crimes in 2015, law enforcement, city executives, and high-ranking officials from the DOJ and other key federal agencies, convened for the Attorney General's Summit on Violent Crime. Participants identified several key factors that contributed to the increase of violent crime: the legislative and practical challenges around the issue of illegal gun possession; the organizational dynamism of criminal gangs and their use of technology; illegal drugs including the legalization of marijuana and the opioid crisis; and the reduction in proactive policing.

However, several promising strategies were identified as effective in combatting the prevalence and effects of violent crime. These included methods of collecting and sharing data on illegal gun possession; legal strategies around the arrest, classification and prosecution of illegal gun possession; robust re-entry programs for former offenders; evidence-based programmatic interventions targeted at gangs and young people; and intensive, strategic training and technical assistance on how to increase police-community engagement. Applicants should review the report, **U.S. Attorney General's Summit on Violent Crime: Summary of Key Factors, Promising Strategies, and Additional Steps** for more strategies to combat violent crime.

The COPS Office seeks demonstration or pilot projects with creative methods for combatting violent crime that include quantitative measures of success. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Goal

The goal of these projects is to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address violent crime.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects out of scope of this subtopic area

Projects to fund the salaries and benefits of new local law enforcement officers and deputies will not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address violent crimes are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Subtopic 10. Youth Engagement

Topic Area Highlights

Topic summary: The COPS Office seeks to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address youth engagement.

Topic name in section 1 of the COPS Office Online Application System: Youth Engagement

Youth are at risk of involvement with the criminal justice system as both offenders and victims. Law enforcement agencies are looking for proactive ways to engage with youth to prevent their involvement in criminal activity and to intervene in effective ways to attempt to prevent juveniles from becoming crime victims. Working with youth also enables law enforcement to intervene in effective ways with children and teens who are victims, including secondary trauma victims, and provide help as a trusted adult to youth prior to their becoming a victim of crime.

The COPS Office will provide funding to law enforcement agencies seeking to develop or enhance programs supporting youth-police engagement. Funding should be used to promote positive youth and police interactions in ways that have positive outcomes for youth victimization, safety, and offending as well as in improving relationships between youth and law enforcement. Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative. A variety of objectives can be proposed to achieve the project goal(s) and may involve agency personnel and resources as well as community partners.

Applicants should review COPS Office publications, such as ***Combating Youth Violence in American Cities: Programs and Partnerships in 30 Cities*** and ***A Review of Minneapolis's Youth Violence Prevention Initiative*** for ideas on strategies.

In addition, applicants should consider reviewing the National Institute of Justice's ***CrimeSolutions.gov***. The clearinghouse presents programs and practices that have undergone rigorous evaluations and meta-analyses. The programs and practices are identified, screened, reviewed, and rated using a standardized process. To learn more, please visit <https://www.crimesolutions.gov/Default.aspx>.

Goal

The goal of these projects is to provide law enforcement agencies funding for demonstration or pilot projects that increase their capacity to implement innovative projects that address youth engagement.

Deliverables

Applicants must propose the development of at least one deliverable for publication or production by the COPS Office to describe the program or activity, share lessons learned with other law enforcement agencies around the country, and include data on the success of the initiatives.

Where appropriate, applicants are encouraged to describe their outreach efforts. Those efforts may include highlighting the newly developed resources via articles, conference presentations, social media, etc.

Projects out of scope of this subtopic area

Projects related to the hiring of local law enforcement personnel will not be considered. *If you are seeking this type of funding, **please visit the COPS Office website** for information on the COPS Hiring Program (CHP).*

Partnerships/Subawards

Where appropriate, collaboration and partnership with other organizations that have a demonstrated understanding of community policing and the knowledge and experience to address youth engagement are encouraged.

Any proposed partnerships or subawards should include documentation indicating support for the project by the partner as an attachment in section 13 of the application.

Other requirements and information

In addition to the general requirements listed in the application guide, applicants should consider what youth age range(s) are appropriate for the project.

Applicants should identify a list of activities and strategies that are based on prior research, best/promising practices, and other publications. The applicant should clearly source each activity and strategy in the project narrative.

Youth-centered projects that involve interactions with minors under the age of 18 years old will be subject to a special award condition requiring recipients and subrecipients to make determinations of suitability before certain covered individuals interact with participating minors in the course of activities funded under the award.

Goals

Program goals

Under this solicitation, the COPS Office seeks to support demonstration projects that allow for the identification and expansion of promising practices and produces knowledge products that follow the principles of good guidance:

- Quality-driven, with an emphasis on action statements to drive promising practices and reduce variations in performance
- Evidence-based, with recommendations that are consistent with the weight of the best available evidence identified through systematic review
- Accessible, with clear language and manageable lengths that are appropriate and relevant for the law enforcement field
- Memorable, to encourage immediate actions or aid for the complex situations law enforcement professionals face

Project-specific goals

Applicants should explain in the project narrative how they will accomplish the following general categories when developing their own specific project goals. Applicants should cite any relevant research or methodology as appropriate.

Develop knowledge. Develop new knowledge or leverage existing knowledge about community policing activities and strategies that show promise.

Increase awareness. Increase the number of agencies and individuals who are aware of the most effective community policing strategies.

Increase skills and abilities. Increase the skills and abilities of law enforcement agencies, relevant stakeholders, and individuals to engage in proven community policing practices.

Increase practice. Increase the number of law enforcement agencies, relevant stakeholders, and individuals using proven community policing practices.

Institutionalize practice. Increase the number of law enforcement agencies, relevant stakeholders, and individuals that systematically use and integrate proven community policing strategies as part of their routine business and will continue to engage in these practices for the foreseeable future.

Applicants should also consider the COPS Office performance measures when developing their own specific project goals and activities.

Performance measures

To assist in fulfilling the U.S. Department of Justice's responsibilities under the Government Performance and Results Act Modernization Act (GPRA Modernization Act) of 2010, P.L. 111–352, recipients who receive funding from the Federal Government must measure the results of work that funding supports. This act specifically requires the COPS Office and other federal agencies to set program goals, measure performance against those goals, and publicly report progress in the form of funding spent, resources used, activities performed, services delivered, and results achieved.

Performance measures for CPD Microgrants are as shown in table 1 on page 20.

Table 1. Performance measures for CPD Microgrants

Objective	Performance measures	Data recipient provides
Increase the capacity of law enforcement agencies to implement community policing strategies that strengthen partnerships for safer communities and enhance law enforcement's capacity to prevent, solve, and control crime through funding for personnel, technology, equipment, and training.	Extent to which COPS Office award funding (e.g., officers, equipment, training, technical assistance) has increased your agency's community policing capacity?	Recipients will rate the effectiveness of the COPS Office funding in increasing community policing capacity. Data will be collected on a periodic basis through progress reports.
	Extent to which COPS Office knowledge resources (e.g., publications, podcasts, training) have increased your agency's community policing capacity?	

COPS Office awards target increasing recipient capacity to implement community policing strategies within the three primary elements of community policing: (1) problem solving; (2) partnerships; and (3) organizational transformation. The COPS Office requires all CPD applicants to describe how the personnel, technology, equipment, supplies, travel, or training requested will assist the applicant in implementing community policing strategies.

To read an overview of the principles of community policing, please see the COPS Office publication *Community Policing Defined*, which can be found at <https://cops.usdoj.gov/RIC/ric.php?page=detail&id=COPS-P157>.

As part of the programmatic progress report (see "Reporting, monitoring, and evaluation requirements" beginning on page 91 for more on reporting), CPD Microgrants recipients will be required to report on their progress toward implementing community policing strategies. Based on the data collected from recipients, the COPS Office may make improvements to the CPD Microgrants program to better meet the program's objective and law enforcement agency needs.

Federal Award Information

Up to \$2.3 million is available through this year's Microgrants program. Depending on the quality of applications received and the availability of funding, the COPS Office may not fund every subtopic area or may make additional or larger awards under one or more subtopic areas in this solicitation. In addition, the COPS Office reserves the right to revise the scope of the project in your application submission and modify the associated budget proposal accordingly.

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. With limited funding, the COPS Office expects a competitive solicitation.

Length of award

The COPS Office expects to make the project period for all Microgrants 12 months.

Type of award

The COPS Office will make all awards in the form of a grant, which does not provide for substantial involvement between the federal awarding agency and the non-Federal entity in carrying out the activity contemplated by the federal award. Grant recipients will be responsible for day-to-day project management and may reach out to the COPS Office with assistance in implementing the award. However, grant recipients will need to work with the COPS Office program manager in situations stated in the terms and conditions, such as scope changes, extensions, or conference request approvals.

Eligibility

This solicitation is open to all local, state, and tribal law enforcement agencies.

Cost sharing or match

There is no requirement for cost sharing or a local match for CPD Microgrants awards.

Financial management and system of internal controls

Award recipients and subrecipients must, as set out in the Uniform Guidance at 2 C.F.R. § 200.303, do the following:

- Establish and maintain effective internal control over the federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
- Comply with federal statutes, regulations, and the terms and conditions of the federal awards.
- Evaluate and monitor [the recipient's (and any subrecipient's)] compliance with statutes, regulations, and the terms and conditions of federal awards.

- Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
- Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency designates as sensitive or [the recipient's (and any subrecipient's)] considers sensitive consistent with applicable federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

Administrative actions and legal remedies related to federal awards

Please be advised that a hold may be placed on any application if it is deemed that the applicant organization is not in good standing on other U.S. Department of Justice awards, has other award compliance issues that would make the applicant organization ineligible to receive COPS Office funding, or is not cooperating with an ongoing compliance investigation regarding a current COPS Office award. A hold may also be placed on any application if it is deemed that the applicant organization is not in compliance with federal civil rights laws or is not cooperating with an ongoing U.S. Department of Justice award review or audit.

Misuse of COPS Office funds or failure to comply with all COPS Office award requirements may result in legal sanctions including suspension and termination of award funds, the repayment of expended funds, ineligibility to receive additional COPS Office funding, and other remedies available by law.

Under the False Claims Act, any credible evidence that a person has submitted a false claim or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving COPS Office funds may be referred to the Office of Inspector General (OIG). The OIG may be contacted at oig.hotline@usdoj.gov, <https://oig.justice.gov/hotline/index.htm>, or 800-869-4499.

Application and Submission Information

What an application must include

This section describes in detail what an application must include. An applicant should anticipate that failure to submit an application that contains all of the specified elements may negatively affect the review of its application; and, should a decision be made to make an award, such failure may result in the inclusion of award conditions that prevent the recipient from accessing or using award funds until the recipient satisfies the special conditions and the COPS Office makes the funds available. Applicants must comply with any word and field limit requirements described in this Application Guide.

Moreover, CPD Microgrants applicants should anticipate that an application that the COPS Office determines does not address the scope of the solicitation or does not include the application elements that the COPS Office has designated to be critical will neither proceed to peer review nor receive further consideration. For this solicitation, the COPS Office has designated the following application elements as critical:

- Project Narrative
- Budget Narrative (must be submitted as an attachment in section 13)
- Budget Detail Worksheets (section 14)
- Resumes/Curriculum Vitae of Key Personnel

1. Obtain or confirm a DUNS number

Estimated timeframe: up to five business days to obtain the DUNS number

The Federal Government requires that all applicants for federal awards, with the exception of individuals other than sole proprietors, have a Data Universal Numbering System (DUNS) number prior to application submission. The DUNS number is used to identify related organizations that are receiving funding under awards and to provide consistent name and address data for electronic award application systems. A DUNS number may be obtained by telephone at 866-705-5711 or via the Internet at fedgov.dnb.com/webform.

Data Universal Numbering System (DUNS) number

- The DUNS number is a unique nine- or thirteen-digit identification number provided by Dun & Bradstreet (D&B).
- The DUNS number is site-specific. Therefore, each distinct physical location of an entity (such as branches, divisions, and headquarters) may be assigned a different DUNS number. Organizations should try to keep DUNS numbers to a minimum. In many instances, a central DUNS number with a DUNS number for each major division, department, or agency that applies for an award may be sufficient.
- You should verify that you have a DUNS number or take the steps needed to obtain one as soon as possible, if there is a possibility you will be applying for future federal awards.
- **If you already have a DUNS number.** If you, as the entity applying for a federal award agreement, previously obtained a DUNS number in connection with the federal acquisition process or requested or had one assigned to you for another purpose, you should use that number on all of your applications. It is not necessary to request another DUNS number from D&B. You may request D&B to supply a family tree report of the DUNS numbers associated with your organization. Organizations should work with D&B to ensure the right information is on the report. Organizations should not establish new numbers but use existing numbers and update or validate the information associated with the number.
- **If you are not sure whether you have a DUNS number,** call D&B using the toll-free number 866-705-5711 and indicate that you are a federal award applicant or prospective applicant. D&B will tell you if you already have a number. If you do not have a DUNS number, D&B will ask you to provide the information listed in the following section and will immediately assign you a number free of charge.

To obtain your DUNS number

- The requestor may obtain a DUNS number via the Internet at fedgov.dnb.com/webform.
- The requestor may also obtain a DUNS number via telephone at 866-705-5711. The phone is staffed from 8:00 a.m. to 6:00 p.m. (local time of the caller when calling from within the contiguous United States). Calls placed outside of those hours will receive a recorded message requesting the caller to call back between the operating hours. The process to request a number takes about 5–10 minutes. A DUNS number will be assigned at the conclusion of the call. You will need to provide the following information:
- Legal name of your organization
- Headquarters name and address for your organization
- Doing business as (DBA) or other name by which your organization is commonly known or recognized
- Physical address, city, state, and ZIP code
- Mailing address (if separate from headquarters and/or physical address)

- Telephone number
- Contact name and title
- Number of employees at your physical location

Managing your DUNS number

- D&B periodically contacts organizations with DUNS numbers to verify that their information is current. Organizations with multiple DUNS numbers may request a free family tree listing from D&B to help determine what branches or divisions have numbers and whether the information is current. Please call the dedicated toll-free DUNS number request line at 866-705-5711 to request your family tree.
- D&B recommends that organizations with multiple DUNS numbers have a single point of contact for controlling DUNS number requests to ensure that the appropriate branches or divisions have DUNS numbers for federal purposes.
- As a result of obtaining a DUNS number you have the option to be included on D&B's marketing list that is sold to other companies. If you do *not* want your name or organization included on this marketing list, request to be de-listed from D&B's marketing file when you are speaking with a D&B representative during your DUNS number telephone application.
- Obtaining a DUNS number is absolutely free for all entities doing business with the Federal Government. This includes award and cooperative agreement applicants or prospective applicants and federal contractors. Be certain to identify yourself as a federal award applicant or prospective applicant.

2. Register in the SAM database or confirm SAM number

Estimated timeframe: up to 10 business days to complete (if you do not have an EIN, the process can take up to 5 weeks)

In addition, all applicants are required to maintain current registrations in the System for Award Management (SAM) database. The SAM database replaces the Central Contractor Registration (CCR) database as the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. DOJ requires that all applicants (other than individuals) for federal financial assistance maintain current registrations in the SAM database. Applicants must update or renew their SAM registration annually to maintain an active status. If your organization already has an Employer Identification Number (EIN), your SAM registration will take up to two weeks to process. If your organization does not have an EIN, you should allow two to five weeks for obtaining the information from the IRS when requesting the EIN via phone, fax, mail, or Internet.

Applicants that were previously registered in the CCR database must at a minimum

- create a SAM account;
- log in to the SAM database and migrate permissions to the SAM account (all the entity registrations and records should already have been migrated).

Applicants that were not previously registered in the CCR database must register in the SAM database prior to registering in Grants.gov. Please contact the SAM Service Desk at 866-606-8220 or view or update your registration information at www.sam.gov. If your SAM registration is set to expire prior to **September 30, 2020**, please renew your SAM registration prior to completing this application.

To register in SAM, follow the next steps

Step 1.

Obtain a DUNS number at fedgov.dnb.com/webform or call 866-705-5711 (see section 1 “Obtain or confirm DUNS number” on page 25).

Step 2.

Access the SAM online registration through the SAM home page at www.sam.gov and follow the online instructions for new SAM users.

Step 3.

Complete and submit the online registration. If you already have the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of your business or organization. Please note that organizations must update or renew their SAM registration at least once a year to maintain an active status.

To migrate your legacy system user account from Central Contractor Registration (CCR), FedReg, ORCA, or EPLS, you must first create a personal account in SAM by clicking on “Create an Account” on the homepage. An individual account is required to manage entity registrations in SAM. You will not be able to manage your registration unless you create a system account in SAM. Once you validate that you have access to the email address you provided during the registration process and login, you will see a message on the user dashboard (My SAM) that will ask you, “Would you like to migrate a legacy system account?” Click “Yes” to begin the migration process. Alternatively, you may click on “Manage My User Roles,” then on “Migrate Legacy Account” link to begin the migration process. The roles you had with the legacy system will be mapped to your SAM account.

To update your entity’s SAM registration, follow the next steps:

Step 1.

Go to the SAM homepage (www.sam.gov), enter your username and password, and then click the “Log In” button.

Step 2.

Select “Complete Registrations” under Registration/Update Entity” in the left navigation pane.

Step 3.

Select the entity record that you want to update and click the “Update” button.

For more details on updating your registration, please refer to the SAM User Guide, available at www.sam.gov.

If awarded funds, your agency must maintain the currency of your information in the SAM database until you submit the final financial report required under this award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term.

Please see appendix L on page 125 addressing the SAM and Universal Identifier Award Term.

3. Request or verify an ORI

Estimated timeframe: up to five business days to process request

CPD Microgrants applicants are required to have a valid ORI number. The ORI number is assigned by the Federal Bureau of Investigation (FBI) and is your organization's unique identifier. The COPS Office uses the first seven characters of this number. The first two letters are your state abbreviation, the next three numbers are your county's code, and the next two numbers identify your jurisdiction within your county. If you do not currently have an ORI number, the COPS Office will assign one to your organization for the purpose of tracking your award. ORI numbers assigned to agencies by the COPS Office may end in "ZZ." Please contact the COPS Office Response Center at 800-421-6770 to verify your organization's ORI number. This is required before you begin your application on Grants.gov.

4. Register with Grants.gov / Confirm registration

Estimated timeframe: up to two weeks for your registration to become active

All COPS Office applicants are required to submit the first part of the application through the Grants.gov website. Section 10. Project abstract

CPD Microgrants applicants are required to write and submit a brief high-level project abstract that summarizes the proposed project in 1,000 characters or less. Project abstracts should explain to the reader about the projects’ purpose, scope, activities, and key partners, if applicable. An abstract should be coherent, concise, and able to stand alone as a summary of the project. You should write your project abstract for a general public audience.

The COPS Office will only make the abstracts publicly available if the application is funded.

Completing section 10

1. Provide your project abstract in 1,000 characters or less in the provided narrative box.
2. Click “next” to move to section 11. If any required fields are unanswered, they will be flagged with warning messages.

Section 11. Project description (narrative)

Agencies that seek funding under this program are required to submit a project description (narrative). The project narrative must respond to the solicitation and include the section headings listed on page 43 as well as describe how the project will advance community policing as it pertains to the chosen subtopic area. Submit this narrative as an attachment under section 13 of the application.

The narrative will be a significant factor in the application review and approval process. Failure to provide this information will eliminate your application from consideration.

The project narrative portion of the application must meet the following requirements:

1. A cover page identifying the CPD Microgrant subtopic for which the applicant is applying and the title of the application, which must match the topic and subtopic selected in section 1 of the COPS Office Online Application System by the applicant.
2. The project narrative should be no more than 10 pages long. (Note: review panels will not read any print past the 10 page mark. Any information provided in that space will not be counted in your application.)
 - Items counting toward the 10 page limit: Executive summaries, abstracts, timelines, graphs, and charts (regardless of pagination in front matter) will count toward overall page limit.
 - Items not counting toward the 10 page limit: Cover page, table of contents, and references (should be formatted as endnotes) will not count toward the overall page limit.
 - Appendices are strongly discouraged. Resumes, curricula vitae, letters of support from partners (if applicable), and certifications should be separate attachments and do not count towards the narrative page requirements.
3. Double-spaced
4. 8.5 x 11-inch pages
5. One inch margins
6. Page numbers
7. Type no smaller or larger than 12 point, Times New Roman font
8. Headings and subheadings that correspond to the sections identified in this section of the solicitation
9. Microsoft Word documents in .doc or .docx formats or PDF files (.pdf)

Resumes, curriculum vitae, letters of support from partners (if applicable), and certifications should be separate attachments and do not count towards the narrative page requirements. If the project narrative fails to comply with these length-related restrictions, the COPS Office may consider such noncompliance in peer review and final award decisions. The COPS Office recommends numbering the pages as follows: "1 of 10," "2 of 10," etc.

The COPS Office is providing a project narrative template that can be used as a voluntary tool to assist your organization in developing your narrative, which is required by the CPD Microgrants program. You will be able to access the project narrative template (Microsoft Word document) via section 13 of the COPS Office Online Application System.

Note that instructions in the template are provided in italics. If you choose to use the template, please make sure to delete the instructions before submitting so that they do not factor in your page count.

Please format your narrative using the following section headings:

Cover page. Each application must have a cover page that includes the title of the application and identify the CPD Microgrants solicitation subtopic for which the applicant is applying. The CPD Microgrants solicitation topic identified on the cover page must match the CPD Microgrants subtopic selected in section 1 of the COPS Office Online Application System.

Issue Identification and Strategy. Applicants must select one application subtopic area described under the “CPD Subtopic Areas” section and clearly identify the issue to be addressed, the gap in existing knowledge, and why this project is necessary. Applicants must provide a comprehensive, logical, and clear description of how each task will be implemented and completed and a clear description of how the strategy advances the goals and objectives of the solicitation. The strategy makes use of time and cost saving methods for conducting project work to achieving goals and objectives while not sacrificing quality outcomes. A clear description of deliverables and how the deliverables will be developed, including content, process steps, and outcomes. A clear description of how the deliverables contribute to the solicitation goals and objectives. Applicant describes a level of innovation or originality of the proposed project.

Impact on the Field. Applicants must not result in unnecessary duplication of other efforts by the COPS Office or other DOJ components. Applicants must identify relevant performance measures and clearly describe the approach for collecting, analyzing, and reporting performance measures. Include a description of a marketing plan for the deliverable(s) to ensure broad dissemination of the product(s) to the target audience(s), where applicable.

Project Management Plan. Applicant must include a project management plan that is aligned to solicitation goals and objectives. The project management plan clearly identifies project-specific risks and proposes methods for addressing risk and details quality control processes which are clearly linked to key processes and deliverables associated with the project. Applicant should provide a detailed breakdown linking of key personnel to clearly defined roles, tasks, deliverables, and time commitments necessary to complete the project, as well as limit unnecessary redundancies and makes efficient use of resources. Applicant must provide a timeline with a list of key activities and milestones to take place within the award performance period (12 months), grouped by month or quarter.

Experience and Capacity. Please detail the capacity of your organization to carry out the proposed plan in the proposed time frame of the project and explain your experience with other similar efforts. This must include a discussion of your key staff, what roles they will play, their education and experience in similar projects, and their understanding of community policing and related subject matter expertise. Applicant should include resumes or vitae for key staff (up to three). Identification of any key partnerships or stakeholders who will play a role in the implementation of this project and their responsibilities

Applicants should not expect that application reviewers will infer such expertise from resumes or curriculum vitae they submitted as attachments. In addition, for all proposed in-person training, the applicant should identify the instructor(s), provide examples of the subject matter expertise and training experience of the instructor(s), and do so expressly within the project narrative. In addition, applicants should attach resumes or curriculum vitae for all instructors.

Completing section 11

1. **Project title** (required). Provide the title for the proposed project (no more than 100 characters). The COPS Office will use this title to differentiate projects (especially if there are multiple applications per applicant) and potentially as part of the announcement (if funded).
2. Click “next” to move to section 12. If any required fields are unanswered, they will be flagged with warning messages.

Section 12. Official partner(s) contact information

Applications that represent partnerships between law enforcement agencies and institutions of higher education and nonprofit organizations are strongly encouraged to apply.

The COPS Office is providing a template for a list of subaward(s) that can be used as a voluntary tool to assist your organization in developing this required document. You will be able to access the template (Microsoft Word document) via section 13 of the COPS Office Online Application System.

Note that instructions in the template are provided in italics. If you choose to use this template, please make sure to delete the instructions before submitting so that they do not factor in your page count.

Note: Do not enter any special characters such as percent sign (%), commas (,), etc. in any of the text boxes.

Completing section 12

1. If applicable, please submit a list of partnering agencies including contact person, organization name, address, phone number, and email address.
2. **Add partner.** For multiple partners use the “add partner” button.
3. Click “next” to move to section 13. If any required fields are unanswered, they will be flagged with warning messages.

Section 13. Application attachments

CPD Microgrants applicants should attach the following documents in this section:

- **Project Narrative (Description)** (required)—See section 11 for more details.
- **Budget Narrative** (required)—All CPD Microgrants applicants must attach a budget narrative. Your organization must create and attach a document that describes each item requested or group of similar items requested and links each item or group of items to the proposed project. All items will be reviewed on a case-by-case basis and in context of the allowable and unallowable costs lists. Budget narratives do not count toward the page limit of the project narrative. See section 14, “Budget detail worksheets and budget narrative,” beginning on page 45, for instructions and the appendices for a sample budget narrative.
- **Resumes/vitae for key personnel** (required)—Applicants must attach the vitae/resumes of up to three key project staff detailing work and educational history and highlighting any experience that is relevant to their ability to successfully carry out the proposed project. Resumes/vitae of key project personnel attachments do not count toward the page limit of the project narrative.
- **Letters of support from partners** (if applicable)—Can be signed by an executive that states their organization or agency’s support of the project.

- **Indirect Cost Rate Agreement** (if applicable)
- **Sole Source Justification** (if applicable)
- **Budget Justification Documentation** (if applicable)—Such as pay scales, travel policies, etc.
- **Consultant Rate Justification** (if applicable)—If the consultant is paid more than \$650 per day and is hired through a noncompetitive bidding process.
- **Additional Disclosure of Lobbying Activities form (SF-LLL)** (if applicable) —The filing of a SF-LLL form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Please see section 16A “Disclosure of lobbying activities” beginning on page 68 for more details and the appendices for a copy of the SF-LLL with instructions for completing this form.
- An explanation when the applicant is unable to certify to certain statements in the “Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements” form (if applicable)—When the applicant is unable to certify to specific statements identified in this Certifications form, the applicant must attach an explanation. The applicant is still required to sign the Certifications form to certify to all the other applicable statements. Please see appendix D on page 104 for a copy of this Certifications form.

Additional attachments attempting to summarize, explain, or add project details are strongly discouraged and will not be considered for review.

The COPS Office strongly recommends that uploaded files be clearly named to indicate the applicant organization name and the file contents to ensure that reviewers can easily locate application documents. All other attachments—such as letters of support and resumes—should use descriptive file names identified on the attachment(s) such as “[Applicant].Project Narrative,” “[Applicant].Budget Narrative,” “[Applicant].Indirect Cost Rate Agreement,” “[Applicant].Resumes”. File names may only contain: a–z, 0–9, period (.), underscore (_), or hyphen (-); any other characters will be replaced by a hyphen (-). Also, the COPS Office recommends that applicants include resumes or vitae in a single file.

Please do not submit executable file types as application attachments. These disallowed file types include the following extensions: .com, .bat, .exe, .vbs, .cfg, .dat, .db, .dbf, .dll, .ini, .log, .ora, .sys, and .zip. The system may reject applications with files that use these extensions.

The COPS Office is providing templates for the project narrative, budget narrative, and list of subaward(s) that can be used as a voluntary tool to assist your organization in developing these various required documents. You will be able to access the templates (Microsoft Word document) via section 13 of the COPS Office Online Application System.

Note that instructions in the templates are provided in italics. If you choose to use these templates, please make sure to delete the instructions before submitting so that they do not factor in your page count.

If an applicant submits multiple versions of the same document, the COPS Office will review *only* the most recent system-validated version submitted.

Completing section 13

1. For each attachment, search for the document using the “browse” function, label the document with the drop-down options, and upload the file.
 - a. You may use the following drop-down labels:
 - After Action Reports/Assessments

2. Repeat step 1 for every attachment.
3. Click “next” to move to section 14. If any required fields are unanswered, they will be flagged with warning messages.

Section 14. Budget detail worksheets and budget narrative attachments

Applicants must submit reasonable budgets based on the resources needed to implement their proposed projects. The budget should display a clear link between the specific project activities and the proposed budget items. It should not contain any items that are not detailed in the project narrative.

The budget narrative should thoroughly and clearly describe every category of expense listed in the budget detail worksheets contained in section 14 of the application. The COPS Office expects proposed budgets to be complete, cost effective, and allowable (e.g., reasonable, allocable, and necessary for project activities).

An applicant should demonstrate in its *separate* budget narrative how it will maximize cost effectiveness of award expenditures. Budget narratives should generally describe cost effectiveness in relation to potential alternatives and the goals of the project. For example, a budget narrative should detail why planned in-person meetings are necessary, or how technology and collaboration with outside organizations could be used to reduce costs, without compromising quality. Consideration will be given to budget proposals that maximize the direct funding that supports project activities.

The budget narrative should be mathematically sound and correspond clearly with the information provided in the budget detail worksheets. The narrative should explain how the applicant estimated and calculated *all* costs and how those costs are necessary to the completion of the proposed project. The narrative may include tables for clarification purposes but need not be in a spreadsheet format. The budget should describe costs by year and should cover the full project period of 12 months.

In some circumstances, the budget and budget narrative will be reviewed separately from the proposed project narrative. Therefore, it is very important that the budget narrative be as comprehensive as possible and describe in a narrative format each line item requested in the budget. The budget narrative should not be used to explain deliverables or project activities that are not included in the project narrative. This information is to be attached as a separate document in section 13.

Instructions for Completing the Budget

Budget requests may be made in the following categories:

- Civilian or nonsworn personnel (base salary and fringe benefits)
- Equipment/Technology
- Supplies
- Travel/Training/Conferences
- Contracts/Consultants
- Other costs
- Indirect costs

All items requested will be considered on a case-by-case basis during the budget review process. Items under the program must be purchased using the legislative guidelines established by the appropriations legislation that governs this funding. In addition, each item requested must programmatically link to the activities described in your application. To the greatest extent practical, all equipment and products purchased with these funds must be American-made.

Applicants should submit scalable proposals where appropriate. Note that the COPS Office may reduce funding for selected proposals based on the number of awards selected. The COPS Office may revise the proposed scope and modify the associated budget proposal accordingly.

Each requested budget item must be allowable, necessary, allocable, and reasonable to the project activities.

Pre-agreement costs are costs incurred by the applicant prior to the start date of the period of performance of the federal award. Requests for reimbursement of items purchased or expenses incurred prior to the award start date will not be funded. All such costs incurred prior to award and prior to approval of the costs are incurred at the sole risk of the applicant. **For awards made to states or units of local government (including law enforcement agencies), requests may be made only for items or positions that are not otherwise budgeted with state, local, or Bureau of Indian Affairs (BIA) funds and would not be funded in the absence of this COPS Office award (see award condition IV, "Nonsupplanting requirement," beginning on page 80).**

Each of the categories does not include an exhaustive list of allowable and unallowable costs but rather includes frequent requests and guidance. **The COPS Office reserves the right to deny funding for any items that may not be included in this application guide.**

Some tips to help complete the budget forms:

- Any greyed-out areas in the COPS Office Online System Application are automatically calculated and cannot be manually changed.
- Do not hit backspace on your keyboard outside of a text or number box.
- Click “save” after every item entry to ensure your information is saved properly.
- Use whole numbers.
- Always round up.
- Do not use the back button in the browser.

Please see appendix N on page 128 for a sample budget narrative to help guide the development of your budget narrative.

Section 14.B. Base salary and fringe benefits for civilian or nonsworn personnel

Base salary

Salaries of personnel are costs based on the percentage of time spent (full time equivalent [FTE]) working directly on the project. The total salary percentage should be comparable and consistent with organizational policy. The total amount paid is comparable to industry standards and the type of work being performed.

With respect to any CPD award made under this solicitation, a recipient may not use federal funds to pay total cash compensation to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government’s Senior Executive Service (SES) at an organization with a Certified SES Performance Appraisal System for that year. The 2019 salary table for SES employees is available at the Office of Personnel Management website: <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/2019/executive-senior-level>. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with nonfederal funds. (Nonfederal funds used for any such additional compensation will not be considered matching funds.) If only a portion of an employee’s time is charged to a COPS Office award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation.

Typically, unallowable civilian or nonsworn personnel costs include the following:

- If your organization charges an indirect cost, those costs normally include the following positions and therefore these positions should not be charged as personnel costs to avoid possible duplication:
 - Administration (e.g., director or program head)
 - Clerical (e.g., secretary or administrative assistant)
 - Accounting (e.g., controller or bookkeeper)
 - Procurement (e.g., purchasing director or stockroom clerk)
 - Housekeeping and maintenance (e.g., custodial and janitorial, repairman, or grounds keeper)

NOTE: These positions can be charged directly if the individual is working a significant amount of time on the project. This will be approved on a case-by-case basis and your narrative should significantly articulate the need to charge these directly if applicable.

- For awards made to states or units of local government (including law enforcement agencies), salaries and benefits for positions that are already budgeted with state, local, or Bureau of Indian Affairs (BIA) funds and would be funded in the absence of this COPS Office award are also not allowed.

- Salaries and benefits of personnel that do not work directly on the project.
- Salaries and benefits for contract or consultant personnel (these should be placed under section 14.F “Contracts/Consultants;” see page 56).

Completing section 14.B. civilian or nonsworn base salary

1. **Position title.** Enter employee title and name of employee, if known.
2. **Description.** Describe the employee’s roles, responsibilities, and activities related to the work to be completed on the project.
 - If the salary increases from one budget year to another because of cost of living increases, be sure to detail these increases in the budget description.
 - Each position should be added separately in the system. However, you may add multiple positions under subsection D “# of positions” for only positions with the same description, role, and salary and benefits (such as interns or fellows).
3. **Salary.** Enter the annual base salary rate (no more than two decimal places).
4. **% of time on a project.** Enter the percentage of time to be devoted to the project per year (only whole numbers).
5. **Vacation costs.** Select “yes” or “no” whether the base salary includes vacation costs. If “yes,” you will not be able to add any vacation costs under fringe benefits.
6. **Sick leave costs.** Select “yes” or “no” whether the base salary includes sick leave costs. If “yes,” you will not be able to add any sick leave costs under fringe benefits.
7. Repeat steps 3 through 6 for year 2 salary.
8. Continue to “Fringe Benefits” instructions.

NOTES: In order to move past this section (whether you are applying for civilian or nonsworn personnel or not) you must select “no” for the drop-down boxes under vacation and sick leave costs for both years 1 and 2. If you are applying for civilian or nonsworn personnel and the number of positions is left at zero, the page will revert to a blank page. As a reminder, CPD Microgrants projects are one-year awards.

Additional documentation that may need to be uploaded to section 13 outside of the Budget Narrative includes the following:

- Job description
- Organizational pay scales or written annual salary per position
- Resumes/vitae

Fringe benefits

Fringe benefits are allowances and services provided by the organization to its employees as compensation in addition to regular salary. Fringe benefits should be based on actual known costs or an established formula. Typical fringe benefits include the following:

- Federal Insurance Contributions Act (FICA) taxes—includes Social Security and Medicare and cannot exceed 7.65 percent (6.2 and 1.45 percent respectively)
- Health insurance—individual or family
- Life insurance
- Vacation
- Sick leave

- Retirement
- State unemployment compensation insurance
- Federal unemployment tax
- Worker's Compensation insurance
- Other fringe benefits may include holidays, military leave, bereavement leave, sabbatical leave, severance pay, jury duty, state disability insurance, pension plan, 401(k) plan

Typically unallowable fringe benefit costs include the following:

- Bonuses or commissions
- If your indirect cost rate agreement includes fringe benefits, you may not charge these costs directly to the project

7. **Unemployment Insurance.** If you are exempt, click on the “exempt” button.
8. **Other.** If you have other fringe benefits that are not listed, you may use this category. If you have a flat fringe rate, include the rate under the “Other” category titled “Flat fringe Benefits (CPD Only)” and then upload your flat fringe benefit rate agreement in section 13.
9. Repeat steps 1 through 8 for year 2 costs.
10. Total salary and benefits for years 1 and 2. Select the number of positions.

Necessary equipment must be specifically purchased to implement or enhance the proposed project. Equipment is tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds \$5,000. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high-cost items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in section 14.F “Contracts/Consultants” (see page 56).

Typically unallowable equipment/technology costs include the following:

- Ammunition
- Automatic license plate recognition software
- Bayonets
- Bikes and associated equipment
- Biometric technology
- Body armor
- Body-worn cameras
- Bomb detection technology
- Bulletproof vests and accessories
- Buses/shuttles/transit vans
- Camouflage uniforms
- Closed-circuit televisions (CCTV)
- Communication boxes
- Computer aided dispatch (CAD) systems/records management systems (RMS)
- Copiers
- Electronic control weapons (ECW)/Tasers
- Explosives
- Firearms (including training firearms)
- Fitness equipment
- General law enforcement vehicles (including patrol cars and leased vehicles)
- Golf carts/motorized personal vehicles

- License plate readers (LPR)
- Manned aircraft
- Metal detectors
- Mobile data terminals (MDT)
- Non-motorized vehicles
- Radios
- Recreation equipment (including tents and coolers)
- Robotic cameras
- Shared items between projects—if equipment is to be used for concurrent projects, this should be captured in your indirect costs. If your organization does not have an indirect cost rate agreement, this may be proportionally charged as direct with prior approval.

- Simulators/augmented reality programs
- Thermal imaging devices
- Tracked (armored) vehicles
- Traffic equipment (such as cones, message boards)
- Trailers
- Unmanned aerial vehicles (drones)

2. **Name.** Enter requested equipment name.
3. **Base cost.** Enter cost for the equipment.
4. **Qty.** Enter the quantity.
5. **Subtotal.** Automatically calculates (base cost times quantity).
6. **Description.** Enter the type of equipment with a description and justification explaining why the equipment is necessary for the success of the project (limited to 1,000 characters).
 - a. Provide any additional calculations that make up the base cost.
 - b. The justification should explain that this equipment is not available or accessible to project personnel without specifically purchasing through this award.
7. **Add item.** Click to add additional equipment requests (repeat steps 2 through 6).

C. EQUIPMENT/TECHNOLOGY

☐ No Equipment/Technology Requested

Instructions: List non expendable items that are to be purchased. Provide a specific description for each item in the description boxes below and explain how the item supports the project goals and objectives as outlined in your application. Non expendable equipment is tangible property (e.g., information technology systems) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the “SUPPLIES” or “OTHER” categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the “CONTRACTS / CONSULTANTS” category.

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or inter-jurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.

See <https://cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for this program. Please limit your descriptions to 1000 characters.

Section 14.D. Supplies

Supplies means all tangible personal property other than those described under section 14.C

“Equipment/Technology.” Supplies costs consist of those incurred for purchased goods and fabricated parts directly related to an award proposal. Supplies differ from equipment in that they are consumable, expendable, and of a relatively low unit cost, defined as less than \$5,000 per unit. Such costs may include paper, printer ink, pens, pencils, laptops, etc. A computing device is a supply if the acquisition cost is less than \$5,000, regardless of the length of its useful life.

For broad category requests (such as “office supplies”), explanation for project amounts should be provided with calculations. Broad grouping of items under supplies will be limited to \$40 per month; otherwise items must be individually captured and justified in the budget request.

Typically unallowable supply costs include the following:

- Conference or event swag, including t-shirts, bags, or mugs
- Displays, demonstrations, or exhibits
- Entertainment, including amusement, diversion, social activities, and any associated costs (i.e. tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities)
- Extracurricular expenses for youth programs, including t-shirts, meal plans, giveaways, swag bags, and games
- Narcan
- Promotional items and memorabilia, including models, gifts, and souvenirs
- Recreational supplies (such as Frisbees)
- Shared items between projects—if supplies are to be used for concurrent projects, then this should be captured in your indirect charges or you should only charge the percentage allocated to this project (for example, if a laptop is being purchased for a research assistant who works 40 percent of their time on this project, then only charge 40 percent of the laptop cost to this project)

Completing section 14.D. Supplies

1. Click “No supplies requested” if you are not requesting any supplies.
2. **Name.** Enter requested supply name.
3. **Base cost.** Enter cost for the specific supply. The cost should be broken down to the lowest form; therefore, if you are requesting \$30 per month for office supplies, the calculation should be 12 x \$30 and not 1 x \$360.
4. **Qty.** Enter the quantity.
5. **Subtotal.** Automatically calculates (base cost times quantity).
6. **Description.** Enter the supply request with a description and justification explaining why the supplies are necessary for the success of the project (limited to 1,000 characters). Provide any additional calculations that make up the base cost.
7. **Add item.** Click to add additional supply requests (repeat steps 2 through 6).
8. **Delete.** Click to delete an item.
9. Click “next” to move to section 14.E. If any required fields are unanswered, they will be flagged with warning messages.

Instructions: List items by type (office supplies; postage; training materials; copying paper; books; hand-held tape recorders; computing devices costing less than \$5,000; etc). **Provide a specific description for each item in the description boxes below and explain how it supports the project goals and objectives outlined in your application.** Generally, supplies include any materials that are expendable or consumed during the course of the project, costing less than \$5,000. See <https://cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for this program. Please limit your descriptions to 1000 characters.

Section 14.E. Travel/Training/Conferences

Travel costs include the costs of transportation, lodging, meals, temporary dependent care, and incidental expenses incurred by personnel while on official business, such as attendance at an award-related meeting or conference when travel is further than 50 miles from program location. Travel and subsistence estimates are based on the contemplated number of trips, places to be visited, length of stay, transportation costs, subsistence allowances, and the recipient's own travel policies. For additional guidance, please see the Uniform Guidance 2 C.F.R. § 200.474.

When charging travel costs to federal awards, award recipients must indicate the source of travel policies applied (applicant or federal travel regulations). If a recipient does not have a written travel policy, it must adhere to the Federal Travel Regulations (FTR). For information on the FTR and U.S. Government General Service Administration (GSA) per diem rates by geographic area, please visit <https://www.gsa.gov/travel/plan-book/per-diem-rates>. For all applicants (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available).

Temporary dependent care costs above and beyond regular dependent care that directly results from conference travels are allowable as long as the costs incurred (1) are a direct result of the individual's travel for the federal award; (2) are consistent with the recipient's documented travel policy for all entity travel; and (3) are only temporary during the travel period.

The only individuals traveling who should be charged in this section are those listed in section 14.B "Base salary and fringe benefits for civilian or nonsworn personnel" beginning on page 47. All other individuals traveling for the project, including participant and consultant travel, should be listed under section 14.F "Contracts/Consultants" beginning on page 56.

Typically unallowable travel/training/conference costs include the following:

- Bar charges/alcoholic beverages
- Costs exceeding Federal Travel Regulations if no other organizational written policy is supplied that supersedes these established rates
- Credit card fees
- Entertainment, including amusement, diversion, social activities, and any associated costs (i.e. tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities)
- Food and beverages at conferences, meetings, or trainings your organization is hosting
- Foreign travel

- GPS and Easy Pass rentals (when renting a car)
- Laundry services while on travel
- Local travel costs (lodging, meals, per diem, or transportation costs) within a 50-mile radius of the project location
- Mileage reimbursement, rental cars, parking fees, and/or taxi fare for local travel within a 50-mile radius of the project location
- Paying for meals other than your own
- Tips/gratuity

Completing section 14.E. Travel/Training/Conference

1. Click “No travel, training, or conferences requested” if you are not requesting any travel expenses.
2. **Name.** Enter name/title/purpose of the trip. Each trip should be entered as an individual entry rather than a group of trips.
3. **Registration.** Enter the amount for the registration of the training/conference attendance.
4. **Lodging.** Enter the amount for the hotel and any associated taxes/fees.
5. **Per diem.** Enter the amount for GSA-approved meals and incidentals.
6. **Transportation.** Enter all ground and air transportation as well as public transportation and parking fees.
7. **# of Staff.** Enter number of staff traveling.
8. **Subtotal.** Automatically calculates (# of staff x [registration + lodging + per diem + transportation]).
9. **Description.** Enter the purpose of the trip, proposed destination, trip duration by day/night, and list of individuals traveling as well as a detailed cost breakdown for each travel category (lodging, per diem, etc.) (limited to 1,000 characters).
 - a. Cost breakdown should include
 - mode of transportation and proposed fare per trip (airfare, train, etc.) broken down by day;
 - mileage allowances if private vehicle will be used;
 - per diem rates for the destination per day (including full per diem and travel day per diem);
 - lodging costs per night;
 - transportation fees per day;
 - parking fees per day.
 - b. For example, if the transportation is \$610, the description breakdown should include \$500/round trip flight + (3 days x \$20/day = \$60) for parking + \$30/taxi to airport + \$30/taxi from airport = \$620. If two people are traveling, then “2” should be reflected in the quantity rather than the full amount in the transportation section.
10. **Add item.** Click to add additional travel requests (repeat steps 2 through 9).
11. **Delete.** Click to delete an item.

E. TRAVEL/TRAINING/CONFERENCES

☐ No Travel/Training/Conferences Requested

Instructions: Travel costs are the expenses for transportation, lodging, subsistence, temporary dependent care, and related items incurred by employees who are in travel status on official business of the nonfederal entity. Official travel can include attendance at an award-related meeting or conferences when travel is further than 50 miles from the program location. The only individuals traveling that should be included in this section are ones listed in "Section 14.B. Base Salary and Fringe Benefits for Civilian/Non-Sworn Personnel." All other individuals traveling for this project including participant and consultant travel should be listed under "Section 14.F. Contracts/Consultants." Applicants without a written travel policy must follow the established federal rates found at (<https://www.gsa.gov>) for lodging, meals, and per diem. For all applicants (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available). Instructions: Itemize award-related travel expenses of recipient personnel (excluding consultants, whose expenses are listed in section F) by event (e.g., mandatory training, staff to training, field interviews, advisory group meetings). Identify the location of travel whenever possible, and show the number of staff expected to attend each event. Registration/training fees, transportation (including airfare, rental cars, parking, and/or baggage fees), lodging and per diem rates for individuals should be listed as separate travel items. Recipient travel costs specific to the award project may be based on the applicant's written travel policy, assuming the costs are reasonable.

See <https://cops.usdoj.gov/Default.asp?Item=46> for a list of allowable/unallowable costs for this program. Provide a specific description in the description boxes below for each item and explain how the item supports the project goals and objectives as outlined in your application. Section 14.F. Contracts/Consultants

Contract costs

Contracts include goods or services that directly contribute to the implementation or enhancement of the project. The applicant should distinguish clearly between subawards and contracts in allocating any funds to other entities. Pursuant to 2 C.F.R. § 200.330, a subaward is for the purpose of carrying out a portion of the federal award, and a contract is for the purpose of obtaining goods and services for the recipient's own use. The substance of the relationship is more important than the form of the agreement in determining whether the recipient of the pass-through funds is a subrecipient or a contractor. Keep in mind that the awarding and monitoring of contracts must follow documented procurement procedures, including full and open competition, pursuant to the procurement standards in 2 C.F.R. §§ 200.317- 200.326, and the issuance of subawards must meet the requirements of 2 C.F.R. § 200.331.

Any recipient of an award will be responsible for monitoring subawards and contracts in accordance with all applicable statutes, regulations, and guidelines. Primary recipients will be responsible for oversight of subrecipient/partner spending and monitoring specific performance measures and outcomes attributable to the use of COPS Office funds.

Typically unallowable contract costs include the following:

- Construction costs
- Maintenance and/or service contracts that extend the life of the award period (multiyear contracts and extended warranties are allowable but must be paid in full within the initial award period and must not exceed the award period)

Completing section 14.F. contract costs

1. Click "No contract costs requested" if you are not requesting any contract costs.
2. **Name.** Enter name of contract.
3. **Base cost.** Enter estimated cost for the specific contract.
4. **Qty.** Enter the quantity.

6. **Description.** Enter the description and justification for the product or services to be procured by contract including the nature and scope of goods purchased, price proposals, and length of contract (limited to 1,000 characters). Provide any additional calculations that make up the base cost.
7. **Add item.** Click to add additional contract requests (repeat steps 2 through 6).
8. **Delete.** Click to delete an item.
9. Continue to “Consultant fees.”

Consultant fees

Consultant expenses include goods or services that directly contribute to the implementation or enhancement of the project. The use of a consultant should be more economical than direct employment. Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with Office of Management and Budget (OMB) cost principles, and consistent with that paid for similar services in the marketplace. The services should be commensurate with the rate or salary paid by the primary employer.

Unless otherwise approved by the COPS Office, independent consultant rates will be approved based on the salary a consultant receives from his or her primary employer, as applicable, up to \$650 per day (*or \$81.25 per hour*). Please note that this does not mean that the rate can or should be as high as \$650 for all consultants. If individuals receive fringe benefits from their primary employer, such fringe benefit costs should not be included in the calculation of consultant rates. A consultant rate justification will need to be submitted for review and approval to the COPS Office for any consultants hired through a noncompetitive bidding process and paid more than \$650 per day prior to incurring any costs. Determinations of approval will be made on a case-by-case basis.

Typically unallowable consultant costs include the following:

- Compensation of federal employees—this category of unallowable costs includes salary payments, consulting fees, or other compensation to full-time federal employees.
- Honoraria when the primary intent is to confer distinction on, or to symbolize respect, esteem, or admiration for the recipient of the honorarium. A payment for services rendered, such as speaker’s fee under an award, is allowable.

Completing section 14.F. consultant fees

1. Click “No consultant fees requested” if you are not requesting any consultant fees or expenses.

5. **Subtotal.** Automatically calculates (base cost times quantity).
6. **Description.** Enter the description and justification for the services to be provided; include the nature and scope of services rendered in relation to the services required for the project; necessity of contracting these services regarding the organizations capability; whether services can be performed more economically by direct employment; and qualifications of individual (limited to 1,000 characters). Provide any additional calculations that make up the base cost.

Consultant Travel

Consultant travel costs follow the same guidelines as section 14.E “Travel/Training/Conferences” on page 54 but should be costs associated with consultant travel. These costs should not be reflected in the “Personnel” or “Travel” categories.

Typically unallowable consultant travel costs include the following:

- Bar charges/alcoholic beverages
- Costs exceeding Federal Travel Regulations if no other organizational written policy is supplied that supersedes these established rates
- Credit card fees
- Entertainment, including amusement, diversion, social activities, and any associated costs (i.e. tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities)

Consultant expenses

All other consultant-related expenses should be included in this section such as supply and equipment requests. The same guidelines as previously stated in the above sections will apply.

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate. For additional information, see the “Civil Rights Compliance.”

Section 14.G. Other costs

Items not included in the previous categories but that have a direct correlation to the overall success of a recipient's project objectives and are necessary for the project to reach full implementation will be considered on a case-by-case basis by the COPS Office. Requests that may fall under the "other" category include officer overtime, rent (see next paragraph for more details), or software purchases.

Rental costs are generally allowable under the CPD Microgrants program when the costs are not included in indirect costs. Applicants should list square footage cost in the budget. The amount must be based on the space that will be allocated to implement the COPS Office project, not the costs of the entire rental space. **Rental costs are not allowable for property owned by the applicant or if the applicant has a financial interest in the property.** In this case only the costs of ownership, including maintenance costs, insurance, depreciation, utilities, etc., are allowable costs. The applicant must indicate in the budget narrative whether or not they own the space that will be rented.

For applicants that anticipate using COPS Office funds to cover only a portion of a particular service they provide, the budget should prorate operational costs like rent and phone service accordingly.

Typically unallowable other costs include the following:

- Advertising and public relations designed solely to promote the recipient
- Conference or event swag, including t-shirts, bags, or mugs
- Construction costs
- Corporate formation (startup costs)
- Costs for audits not required or performed in accordance with the Office of Management and Budget (OMB) Circular A-133 or 2 C.F.R. Part 200 Subpart F – Audit Requirement are unallowable. If the applicant organization did not meet the applicable expenditure threshold during the organization's fiscal year, the cost of any audit performed may not be charged to the award.
- Costs incurred for intramural activities, student publications, student clubs, and other student activities
- Entertainment, including amusement, diversion, social activities, and any associated costs (i.e., tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities)
- Extracurricular expenses for youth programs, including t-shirts, meal plans, giveaways, swag bags, and games
- Fuel for general patrol vehicles
- Land acquisition including renting, leasing, or construction of buildings or other physical facilities
- Live animals (including dogs and horses) including associated supplies, food, transportation, and veterinary expenses
- Maintenance of vehicles and enhancements (such as mounts)

- Membership fees to organizations whose primary activity is lobbying
- Office rental/lease space, except for costs proportionate to work conducted under the CPD Microgrants award (if included within an indirect cost rate negotiated agreement)
- Promotional items and memorabilia, including models, gifts, and souvenirs
- Publishing services—the COPS Office provides editing, graphic design, and printing services for deliverables and other project materials; therefore, these costs cannot be directly charged unless approved on a case-by-case basis.
- Scholarships, fellowships, and other programs for student aid (exceptions are for institutions for higher education)
- Uniforms (including helmets, boots)

Section 14.H. Indirect costs

Overview of indirect costs

Indirect costs means those costs incurred for a common or joint purpose benefiting more than one cost objective, and not readily assignable to a particular project but necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries.

If a cognizant federal agency has approved your negotiated indirect cost rate, the negotiated rate must be accepted by all federal awarding agencies, unless otherwise capped by federal statute or regulation.

Indirect cost rates may vary depending on your cognizant federal agency determinations. In some cases, project budgets may include more than one rate, particularly when offsite activity is conducted at a location other than the organizations premises. **Note:** Ensure the indirect calculation is in accordance with your agency's indirect cost rate agreement.

Expired indirect cost rate agreement

If your indirect cost rate agreement has expired, either you must renegotiate the rate or you may request a one-time extension from your cognizant agency. The negotiated cost rate may be extended for up to four years. Once the cognizant federal agency has approved your extension, you must abide by the rate for the agreed-upon time period. No further negotiations regarding indirect cost rates may occur until the extension has expired. At the end of the extension period, you must then negotiate a new indirect cost rate.

No approved plan

If you are a nonfederal entity that has never received a negotiated indirect cost rate, except for those nonfederal entities described in 2 C.F.R. Part 200, Appendix VII to Part 200, paragraph D.1.b., you may elect to charge a de minimis rate of 10 percent of modified total direct costs (MTDC) which may be used indefinitely. When using this method, cost must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. Also, if this method is chosen then it must be used consistently for all Federal awards until such time as you choose to negotiate an indirect cost rate (which may be done at any time). See 2 C.F.R. § 200.414(f).

If you elect to negotiate an indirect cost rate with your cognizant federal agency, a special condition will be added to the award prohibiting the obligation, expenditure, or drawdown of funds reimbursement for indirect costs until an indirect cost rate has been approved by your cognizant Federal agency, and the appropriate notification has been made retiring the special condition.

For assistance with identifying the appropriate cognizant federal agency for indirect costs, please contact the OCFO Customer Service Center at 800-458-0786 or at ask.ocfo@usdoj.gov. If DOJ is the cognizant federal agency, applicants may obtain information needed to submit an indirect cost rate proposal at <https://www.ojp.gov/funding/Apply/Resources/IndirectCosts.pdf>.

Exception: If you are a unit of local government in which the Office of Management and Budget (OMB) has not assigned a cognizant Federal agency, then you are not required to submit your indirect cost proposal, unless the awarding agency requires a copy of the proposal. Please see the appropriate Appendix section in 2 C.F.R. Part 200 as listed above.

Approval of indirect cost rates for subrecipients

As the direct recipient, you are responsible for approving indirect cost rates for your subrecipients if funded. Such rates must be consistent with the requirements of 2 C.F.R. Part 200. The COPS Office will not approve indirect cost rates beyond the direct recipient level; however, subrecipients who are also direct recipients of Federal awards may already have a Federally approved indirect cost rate. If your subrecipient has negotiated an indirect cost rate with the Federal government, then that rate applies.

The subrecipient rates should not be included in this section, but rather under Section 14.F.

Calculating direct cost base

The following direct cost bases may be used as a distribution base:

- **Modified total direct cost (MTDC)**—This base includes all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency.
- **Direct salaries and wages**—This base includes only the costs of direct salaries and wages incurred by the organization.
- **Direct salaries and wages plus fringe benefits**—This base includes the costs of direct salary, wages and fringe benefits incurred by the organization.

Exclusions in direct cost bases

Applicants should pay particular attention to the two areas listed below to ensure that their indirect cost rate application is in compliance with the existing requirements of the government-wide award rules set out in the Office of Management and Budget (OMB) circular and regulations:

- **\$25,000 Subcontract/Subaward limitation.** For institutions of higher education and nonprofit organizations, indirect cost rates negotiated on the basis of modified total direct costs may only be applied against the first \$25,000 of any subcontract or subaward under the agreement. This limitation must be applied to all conference related subcontracts and subawards, including those with hotels and travel agents. (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.400 et seq.)
- **Participant support costs.** For nonprofit organizations, in accordance with 2 C.F.R. part 200, Appendix IV to 2 Part 200, paragraph B.2.c.—Indirect (F&A) Costs Identification and Assignment and Rate Determination for Nonprofit Organizations: “The distribution base may be total direct costs (excluding capital expenditures and other distorting items, such as [contracts or] subawards for \$25,000 or more), direct salaries and wages, or other base which results in an equitable distribution. The distribution base must exclude participant support costs as defined in § 200.75 Participant support costs.”

Please note that only employees of the nonprofit organization are excluded from the definition of participant support costs. Costs related to contractors of the nonprofit organization who are acting in the capacity of a conference trainer/instructor/presenter/facilitator are considered participant support costs. For more information on allowable costs for conferences and training, please visit

Section 16C. Certification of 287(g) Partnership and Certification of Illegal Immigration Cooperation

Within the Field Initiated Law Enforcement Microgrant program, priority consideration may be given to state or local applicants that cooperate with federal law enforcement to address illegal immigration.

Completing section 16.C.

State and local law enforcement agency applicants have the opportunity to receive additional points based on their cooperation with federal immigration officials to address illegal immigration.

A. State or local law enforcement agency applicants may receive additional points if the agency has a 287(g) partnership, defined for this purpose as a partnership with the U.S. Department of Homeland Security (“DHS”) under 8 U.S.C. § 1357(g)(1) whereby officers of the applicant entity are delegated limited immigration officer authority to identify and process for removal aliens in the custody of the entity named below under the direction and supervision of DHS, documented with the official 287(g) Memorandum of Agreement with the Department of Homeland Security Immigration and Customs Enforcement. To receive these additional points, please complete the following:

☐ By checking this box I certify that this law enforcement agency applicant has a 287(g) Partnership documented with the official 287(g) Memorandum of Agreement with the Department of Homeland Security Immigration and Customs Enforcement as of the date that this application is submitted.

B. State and local law enforcement agency applicants may be eligible to receive additional points by certifying willingness to cooperate with federal immigration officials within their detention or correctional facilities. To be eligible to receive these additional points, your agency must operate a detention or correctional facility, defined for this purpose as a prison or jail in which individuals are fingerprinted and detained for periods of 24 hours or longer. To determine whether your agency is eligible to receive these additional points, please complete the following:

☐ Yes, my agency operates its own detention or correctional facility (a prison or jail in which individuals are fingerprinted and detained for periods of 24 hours or longer).

[this response will then unlock the ICC form option]

☐ No, my agency does not operate a detention or correctional facility (a prison or jail in which individuals are fingerprinted and detained for periods of 24 hours or longer).

[this response will not unlock the ICC and will provide a message re: ineligibility]

Section 17. Reviews and Certifications

Applicants must certify whether or not their agency will use COPS Office funds (if awarded) to operate an interjurisdictional criminal intelligence system. If yes, the applicant assures the COPS Office that it will comply with the requirements of 28 C.F.R. Part 23.

The signatures of the law enforcement executive/agency executive, government executive/financial official, and the person submitting this application on the reviews and certifications represent to the COPS Office that

- the applicant understands that as a general rule COPS Office funding may not be used for the same item or service funded through another funding source;
- the applicant and any required or identified official partner(s) listed in section 12 are partners in this award project and mutually agreed to this partnership prior to this award application.

The signatures of the law enforcement executive/agency executive and the government executive/financial official in the application must be the same as those identified in section 4 of the application. Applications with missing, incomplete, or inaccurate signatories or responses may not be considered for funding.

The use of typed names in this application and the required forms, including the Assurances, Certifications, and Disclosure of Lobbying Activities form, constitute electronic signatures and the electronic signatures are the legal equivalent of handwritten signatures.

After submission of this application, the COPS Office may require your department to verify data provided in the application. This section is to be completed once the data has been reviewed, confirmed, and/or updated. Failure to respond to the request may eliminate the application from funding consideration. The purpose of this section is to confirm the following:

- That the person reviewing, confirming, or updating the data is authorized by the appropriate governing body to act on behalf of the award applicant entity
- That the information provided, including any amendments, be treated as material representations of fact upon which reliance will be placed when the U.S. Department of Justice determines to award the covered award

Submitting the application

Before you submit your application, the system will flag any validation errors.

Please return to each identified page using the table of contents on the left side of the page. Once you fix the error, immediately click "next" on the identified page to re-run the validation routine. If any required fields are unanswered, they will be flagged with warning messages. In this case, answer these required fields and click "next"

again. You will move to the next section. Once you have responded to all of the validation error flags, return to section 17 and click “next.” **You will not be able to submit your application until all validation issues are corrected.**

After completing the second part of the application and clicking “Submit,” applicants will receive a message stating “Your application has been successfully recorded.” The confirmation page will also provide the submission date, ORI number, confirmation number, and program type.

Applicants will have the opportunity to print a copy of the application prior to submission and another copy of the application after it has been submitted. **Note:** If Internet access is not available to print a copy of the application package, please contact the Response Center at 800-421-6770 to request that a printed copy be sent to you.

The COPS Office will not accept applications submitted via mail or email. Printing off the application is only for reference.

If you “edit” your application once it is submitted and prior to the application deadline, you will need to resubmit the application in order to rerun the validation checks and to ensure the application submission timestamp reflects the most current edits.

Application deadline

All completed applications must be submitted by **March 11, 2020 at 7:59 p.m. EDT**. Applications submitted after 7:59 p.m. EDT on **March 11, 2020** will not be considered for funding.

Late submissions

The COPS Office offers a process for CPD Microgrants applicants to provide advance notice to the COPS Office if receipt of their application will be delayed due to unforeseen COPS Office Online Application System technical issues. **Applicants must provide notice prior to the close of the solicitation.** If applicants do not provide advance notice to the COPS Office about an issue that may cause a delay in the submission of the application, the application will not be considered for funding. If applicants follow the steps outlined as follows, submission may be considered. Extension of deadlines is not guaranteed.

Experiencing unforeseen COPS Office Online Application System technical issues

If you experience unforeseen COPS Office Online Application System technical issues beyond your control that prevent you from submitting your application by the deadline, **please immediately contact the COPS Office Response Center at 800-421-6770 to create a record of the issue.** You will need to provide the following information to the COPS Office Response Center:

- ORI
- Organization name
- Point of contact name and contact information
- Application ID
- Nature of technical issues

The COPS Office will respond to each applicant as soon as possible with an approval and instructions for submission, or a rejection. If the technical issues you reported cannot be validated, your request for an extension will be rejected. Any requests to submit applications after the deadline because of technical issues will be rejected as untimely.

To ensure a fair competition for limited discretionary funds, the following conditions are *not* valid reasons for extensions of the submission deadline: (1) failure to begin the registration process in sufficient time; (2) failure to follow the COPS Office Online Application System instructions on how to register and apply as posted on its website; (3) failure to follow all of the instructions in the CPD Microgrants solicitation, including the CPD Microgrants application guide; (4) failure to register or update information on the SAM website; and (5) failure to register or complete SF-424 in Grants.gov.

Notifications regarding known technical problems with COPS Office Online Application System will be posted on <https://portal.cops.usdoj.gov/> and <https://cops.usdoj.gov/grants>.

No late submission requests will be considered once the CPD Microgrants application closes.

Extraordinary natural or manmade disasters

In cases of extraordinary natural or manmade disasters, such as extreme weather emergencies or mass casualty events, applicants may request to submit late applications by sending an email to AskCopsRC@usdoj.gov. Applicants will need to follow these directions:

- Send email directly to AskCopsRC@usdoj.gov
- The subject line should read “FY20 CPD Microgrants Extraordinary Circumstances: ORI, Organization Name, Application ID,” with your specific ORI, organization name, and application ID included in the subject line.
- Message: The message should include the following information:
 - ORI
 - Organization name
 - Application ID
 - Nature of the disaster and how it affected the applicant’s ability to submit an application on time

The email message must be sent by the deadline or as soon as possible given the specific emergency. The COPS Office will respond to each applicant as soon as possible with an approval and instructions for submission or a rejection of the request for late submission.

Application Review Information

The COPS Office is committed to ensuring a fair and open process for making awards.

The COPS Office will review the application to make sure that the information presented is reasonable, understandable, measurable, achievable, and consistent with the solicitation.

To maintain the integrity of the competitive solicitation process, the COPS Office can provide publicly available technical assistance regarding the mechanics of the application but cannot evaluate the merits of an application during the open solicitation period.

Review and selection process overview

Applications will undergo a standard review and selection process, which includes a review of basic minimum requirements, peer review panel ratings, administrative compliance review, a senior leadership review and recommendation panel, and director's selection. A description of each phase is provided in the following sections. Applicants are encouraged to review their own applications prior to submission, with particular attention given to the Basic Minimum Requirements and each of the Review Criteria specified in the descriptions that follow.

Basic Minimum Requirements review

Once the solicitation closes, COPS Office staff screen and score applications for compliance with basic minimum requirements (BMR). Applications should be written with clarity, organization, and soundness in the proposed work, with all mandatory attachments.

Disqualifying BMR criteria

Applications that are missing any of the following basic minimum requirements will be disqualified, without exception, and therefore not scored by review panels.

1. Applications must be submitted by organizations that are allowable applicants, as per the solicitation.
2. Applications must include a project narrative attached in section 13.
3. Applications must include a budget narrative which is separate from the detailed budget worksheet.

Application evaluation: Peer Review Panel

Peer Review Panels will evaluate, score, and rank applications that meet the basic minimum requirements. The COPS Office may use internal peer reviewers, external peer reviewers, or a combination to assess applications on technical merit using the solicitation's review. An external peer reviewer is an expert in the subject matter of a given topic area who is not a current federal employee. An internal peer reviewer is a current federal employee who is well-versed or has expertise in the subject matter of the topic area. Peer reviewers' ratings are advisory only, although reviewer views are considered carefully.

CPD Microgrant applications that meet eligibility and basic minimum requirements will be evaluated and ranked by peer reviewers. Peer reviewers will be asked to review applications based on the application topic, subtopic, and the goal of the CPD Microgrant program to develop the capacity of law enforcement to implement community policing

strategies by providing guidance on promising practices through the development and testing of innovative strategies; building knowledge about effective practices and outcomes; and supporting new, creative approaches to preventing crime and promoting safe communities. Reviewers will also be asked to consider the topic-specific solicited goals, objectives, and deliverables described in the solicitation language.

Upon completion of their reviews, Peer Review Panels will recommend highly rated applications to advance to the Senior Leadership Review and Recommendation Panel.

Within the Field Initiated Law Enforcement Microgrant program, priority consideration may be given to state or local applicants that cooperate with federal law enforcement to address illegal immigration.

Review criteria

CPD Microgrant applications will be evaluated based on the following merit criteria, which the applicant addresses in their application, project narrative, budget narrative, budget worksheets, and other attachments. Administrative compliance review

All advancing applications will undergo an administrative compliance review. Past financial and programmatic performance with DOJ award funding will be considered in this review process. Past performance may affect the overall rating and ranking of an application. Factors that may be included in the past performance review are: the extent to which the applicant has adhered to all special conditions in the prior awards, the extent to which the applicant has complied with programmatic and financial reporting requirements, the extent to which the applicant has completed closeout of prior awards in a timely manner, whether the applicant has received financial clearances in a timely manner, whether the applicant has resolved any issues identified in an audit or on-site monitoring visit in a timely manner, whether the applicant has adhered to single audit requirements and the extent to which the applicant has completed work and spent prior grant funds in a timely manner.

Pursuant to 2 C.F.R. Part 200 (“Uniform Guidance”), before award decisions are made, the COPS Office also reviews information related to the degree of risk posed by applicants. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, the COPS Office checks whether the applicant is listed in SAM as excluded from receiving a federal award. The COPS Office also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, “FAPIIS”). Applicants may review and comment on any information about them in SAM that a federal awarding agency previously entered in the designated integrity and performance system, and such applicant comments will also be reviewed and considered.

The COPS Office may contact applicants regarding budget and financial questions as part of the review process. This outreach is not an indication of funds or awarding decisions.

Senior Leadership Review and Recommendation Panel

The Senior Leadership Review and Recommendation Panel is composed of senior-ranking federal employees. The panel will review all advancing applications from the Peer Review Panel and make recommendations for funding based on Peer Review Panel scores, administrative compliance review, past performance, project scope, and budget.

The Senior Leadership Review and Recommendation Panel will submit formal recommendations for funding to the COPS Office Director.

Director's selection

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Director of the COPS Office, who may also give consideration to factors including prior funding history, current award balances, underserved populations, population served, geographic diversity, strategic priorities, past performance, significant concerns regarding ability of the applicant to administer federal funds, and available funding when making awards.

All award decisions are final and not subject to appeal.

Award Terms and Conditions/Funding Restrictions/Administrative Requirements

Terms and conditions

The following section describes the compliance terms and conditions that applicants should be aware of before applying to COPS Office programs. Table 4 further defines which of the requirements are applicable to the program for which you are applying. Please review each section carefully. The signatures of the applicant's Authorized Organizational Representative, Law Enforcement Executive/Program Official, and Government Executive/Financial Official on section 17: Reviews and certifications assure the COPS Office that your organization will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal award funds.

I. & II. Assurances and Certifications (also refer to “section 15: U.S. Department of Justice Certified Standard Assurances and U.S. Department of Justice Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; And Drug-Free Workplace Requirements” of this application guide and Standard Application forms.)

Applicants to COPS Office programs are required to sign the standard Assurances and Certifications forms. Signing these documents assures the COPS Office that you have read and understood and that you accept the terms and conditions as outlined in the Assurances and Certifications. Please read these documents carefully, as signatures on these documents are treated as material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines to make an award.

III. Disclosure of Lobbying Activities (also refer to section 16A “Disclosure of lobbying activities” of this Application Guide and Standard Application forms.)

This disclosure form shall be completed by the reporting entity, whether subrecipient or prime federal recipient, at the initiation or receipt of a covered federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. § 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with a covered federal action. Complete all items that apply for both the initial filing and material change reports. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

If this applies to your agency, you are required to complete the disclosure form in section 16A of the application. If you need to complete and submit additional forms, please complete and submit them as attachments to your application online.

Please be advised that all recipients and subrecipients must comply with the provisions of 2 C.F.R. § 200.450 Lobbying, as appropriate, regarding unallowable costs under the Federal award associated with lobbying or influencing activities. Additional restrictions in 2 C.F.R. § 200.450(c) are applicable to nonprofit organizations and institutions of higher education.

IV. Nonsupplanting requirement

COPS Office funds awarded to states or units of local government (including law enforcement agencies) may not be used to supplant (replace) state, local, or Bureau of Indian (BIA) funds that would, in the absence of federal assistance, be made available for award purposes (hiring, training, purchases, and/or other activities). Instead, COPS Office funds must be used to supplement (increase) the total amount of funds that would otherwise be made available for award purposes. 34 U.S.C. § 10384(a).

A recipient may not use COPS Office funds to pay for any item or cost associated with this funding request that the recipient is already obligated to pay. Nonfederal funds allocated to pay for award purposes may not be reallocated to other purposes or refunded should COPS Office funding be awarded. Nonfederal funds must remain available for and devoted to that purpose, with COPS Office funds supplementing those nonfederal funds. Funding awarded cannot be obligated until after the award start date (unless an exception is authorized in writing by the COPS Office). This means that COPS Office funds cannot be applied to any agency cost incurred prior to the award start date.

The possibility of supplanting will be the subject of careful application review, possible pre-award review, and post-award monitoring and audit. Any supplanting of nonfederal funds by COPS Office funds may be grounds for potential suspension or termination of award funding, recovery of misused funds, and/or other applicable legal sanctions.

If you have questions concerning the nonsupplanting requirement while completing this application, please contact the COPS Office Response Center at 800-421-6770 or AskCopsRC@usdoj.gov for further information.

V. Procurement and sole source justification—Not applicable under the CPD Microgrants program

VI. Criminal intelligence systems/28 C.F.R. Part 23 compliance

If your agency is receiving COPS Office funding for equipment or technology that will be used to operate an interjurisdictional criminal intelligence system, you must agree to comply with the operating principles found at 28 C.F.R. Part 23. An interjurisdictional criminal intelligence system is generally defined as a system that receives, stores, analyzes, exchanges, or disseminates data regarding ongoing criminal activities (such activities may include loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these interjurisdictional criminal information systems that protect individual privacy and constitutional rights.

If you are simply using the COPS Office funds to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply to this award.

VII. Certification to mitigate possible adverse health, safety, and environmental impacts—Not applicable to any COPS Office programs

VIII. Community Policing Self-Assessment Tool (CP-SAT)—Not applicable under the CPD Microgrants program

IX. System for Award Management (SAM) and Universal Identifier requirements

Unless exempted from this requirement under 2 C.F.R. § 25.110, the recipients must maintain the currency of their information in the SAM until submission of the final financial report required under this award or receipt of the final payment, whichever is later. This requires recipients to review and update the information at least annually after the initial registration and more frequently if required by changes in information or other award term.

To review the System for Award Management and Universal Identifier Award Term, please see appendix L on page 125.

X. Federal Funding Accountability and Transparency Act (FFATA)—Reporting subaward and executive compensation information

The Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

Applicants should note that all recipients of awards of \$25,000 or more under this solicitation, consistent with FFATA, will be required to report award information on any first-tier subawards totaling \$25,000 or more and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. If applicable, the FFATA Subaward Reporting System (FSRS), accessible via the Internet at www.fsrs.gov, is the reporting tool recipients under this solicitation will use to capture and report subaward information and any executive compensation data required by FFATA.

The subaward information entered in FSRS will then be displayed on www.USASpending.gov, associated with the prime award, furthering federal spending transparency.

Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the applicable reporting requirements should it receive funding.

To review the FFATA Reporting Subaward and Executive Compensation Award Term, please see the appendices of this guide.

XI. Contract provision under federal award

All contracts made by the recipients under the Federal award must contain the provisions required under 2 C.F.R. part 200 (Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.)

The full text of the contract provision may be found in the appendices.

XII. Prior approval, planning, and reporting of conference/meetings/training costs

Recipients are required to obtain written approval from the COPS Office prior to entering into any contract, agreement or other obligation for costs related to any conference, meeting, retreat, seminar, symposium, training activity, or similar event funded under this award. Submit all request to the Conference Cost Request mailbox at **COPS.Conferencecosts@usdoj.gov** and copy your program manager.

For more information on allowable costs, please visit **https://ojp.gov/financialguide/doj/pdfs/DOJ_FinancialGuide.pdf**.

Submit the Conference Cost Request/Reporting Form (CCR) at least 90 days prior to event. The document will have you breakout each event or training deliveries and ensures that all costs comply with current guidelines and policies on event/training planning, food and beverages, minimizing costs. Training or events should not be scheduled or delivered prior to receiving notice from your program manager that the CCR is approved.

All cooperative agreement award recipients must submit reports on conferences with total costs that exceed \$20,000, exceed cost thresholds, or for any conference at which more than 50 percent of the attendees were U.S. Department of Justice employees. The report must be submitted within 45 days of the end of the event. Award recipients are encouraged to establish policies regarding timely submission of invoices to ensure that they can meet the conference reporting deadline.

The reporting form is on the same form as the conference request.

XIII. Curriculum development

The COPS Office defines training as the teaching and learning activities carried out for the primary purpose of helping members of an organization acquire and apply the knowledge, skills, abilities, and attitudes needed by a particular job or organization. Training is driven by specific goals and objectives; it is not a single event but rather an ongoing process that requires continuous self-reflection and evaluation.

The COPS Office trainings are national in scope and should have a specific law enforcement audience: executives, first line supervisors, line officers, dispatchers, joint community and officers, etc. COPS Office training supports the needs of the law enforcement field and strives to increase public safety.

The COPS Office has a series of requirements for the development and delivery of in-person and online training. These requirements can be found in the *Curriculum Standards, Review, and Approval Guides*, which were established to provide guidance to COPS Office training providers and program managers on instructional design, promising practices, and the process by which curricula will be reviewed and approved by the COPS Office. There are two guides separated by training type: (1) online training and (2) in-person training. They can be found at **<https://cops.usdoj.gov/training>**.

The COPS Office also has a series of requirements that instructors must meet prior to becoming instructors for COPS Office courses and for the duration of their instructor tenure. Those requirements can be found in the *COPS Office Instructor Quality Assurance Guide*, which can be accessed at **<https://cops.usdoj.gov/training>**.

In addition, the COPS Office has a series of technical requirements for online courses. Those requirements can be found at **<https://cops.usdoj.gov/training>**.

Applicants that propose the development and/or delivery of in-person training or development and/or online launch of training should clearly articulate the steps they propose to ensure all content, instructors, and technical requirements meet the requirements set forth by the COPS Office. Applicants should not assume that reviewers are experts in the course they are proposing in the application and should provide specific process steps and information pertinent to achieve effective training outcomes.

If awarded funds to develop and/or deliver training under a cooperative agreement, recipients will be required to follow these guides and comply with all terms outlined in the cooperative agreement.

XIV. Restrictions on internal confidentiality agreements

Recipients, subrecipients, or entities that receive a contract or subcontract with any funds under this award may not require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information. Consolidated Appropriations Act, 2019, Public Law 116-6, Division D, Title VII, Section 742.

XV. Mandatory disclosure

Recipients and subrecipients are required to timely disclose in writing to the COPS Office or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Recipients agree to report certain civil, criminal, or administrative proceedings in SAM if they received an award with the Term and Condition for Recipient Integrity and Performance Matters as outlined in 2 C.F.R. Part 200, Appendix XII to Part 200. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in 2 C.F.R. § 200.338.

XVI. Debarment and Suspension

Recipients agree not to award federal funds under this program to any party which is debarred or suspended from participation in federal assistance programs. 2 C.F.R. Part 180 (Government-wide Debarment and Suspension) and 2 C.F.R. Part 2867 (DOJ-specific requirements).

XVII. Recipient Integrity and Performance Matters

Recipients that received \$500,000 or more in a federal award agree to comply with the terms and conditions outlined in 2 C.F.R. Part 200, Appendix XII to part 200 - Term and Condition for Recipient Integrity and Performance Matters.

For the full text of 2 C.F.R. Part 200, Appendix XII to part 200, please refer to appendix H on page 114.

XVIII. False Statements

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, or debarment from participating in federal awards or contracts, and/or any other remedy available by law.

XIX. Duplicative Funding

Recipients agree to notify the COPS Office if they receive, from any other source, funding for the same item(s) or service(s) also funded under this award.

XX. Additional High-Risk Award Recipient Requirements

Recipients agree to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk award recipient (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.207).

XXI. Modifications

Award modifications are evaluated on a case-by-case basis in accordance with 2 C.F.R. § 200.308. For federal awards in excess of \$250,000, any modification request involving the reallocation of funding between budget categories that exceed or are expected to exceed 10 percent of the total approved budget requires prior written approval by the COPS Office. Regardless of the federal award amount or budget modification percentage, any reallocation of funding is limited to approved budget categories. In addition, any budget modification that changes the scope of the project requires prior written approval by the COPS Office. The COPS Office will not approve any modification request that results in an increase of federal funds.

XXII. Evaluations

The COPS Office may conduct monitoring or sponsor national evaluations of COPS Office award programs. Recipients agree to cooperate with the monitors and evaluators. 34 U.S.C. § 10385(b).

XXIII. Allowable Costs

The funding under this award is for the payment of approved costs identified in the Financial Clearance Memorandum (FCM). Recipients must forgo any profit or management fees in accordance with 2 C.F.R. § 200.400(g).

XXIV. Local Match—Not applicable under the CPD Microgrants program

XXV. Equal Employment Opportunity Plan

Recipients agree to comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan. 28 C.F.R. Part 42 subpart E.

XXVI. Employment Eligibility

Recipients agree to complete and keep on file, as appropriate, the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States. See Immigration Reform and Control Act of 1986 (IRCA), Public Law 99-603.

XXVII. Enhancement of Contractor Protection from Reprisal for Disclosure of Certain Information

Recipients agree not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he or she reasonably believes is evidence of gross mismanagement of a federal contract or grant; a gross waste of federal funds; an abuse of authority relating to a federal contract or grant; a substantial and specific danger to public health or safety; or a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or grant. Recipients also agree to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see appendix I on page 116 for a full text of the statute.

XXVIII. Federal Civil Rights

The Applicant understands that the federal statutes and regulations applicable to the award (if any) made by the Department based on the application specifically include statutes and regulations pertaining to civil rights and nondiscrimination, and, in addition—

- a. the Applicant understands that the applicable statutes pertaining to civil rights will include section 601 of the Civil Rights Act of 1964 (42 U.S.C. § 2000d); section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794); section 901 of the Education Amendments of 1972 (20 U.S.C. § 1681); and section 303 of the Age Discrimination Act of 1975 (42 U.S.C. § 6102);

- c. the Applicant understands that it must require any subrecipient to comply with all such applicable statutes (and associated regulations); and
- d. on behalf of the Applicant, I make the specific assurances set out in 28 C.F.R. §§ 42.105 and 42.204.

The Applicant also understands that (in addition to any applicable program-specific regulations and to applicable federal regulations that pertain to civil rights and nondiscrimination) the federal regulations applicable to the award (if any) made by the Department based on the application may include, but are not limited to, 2 C.F.R. Parts 22 (confidentiality - research and statistical information), 23 (criminal intelligence systems), 38 (regarding faith-based or religious organizations participating in federal financial assistance programs), and 46 (human subjects protection).

XXIX. Conflict of Interest

Recipients must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. § 200.112.

XXX. Reports/Performance Goals

Recipients are responsible for submitting quarterly programmatic progress reports that describe project activities during the reporting period and quarterly Federal Financial Reports using Standard Form 425 (SF-425) 2 C.F.R. § 200.327 and 2 C.F.R. § 200.328. The progress report is used to track recipients' progress toward implementing community policing strategies and to collect data to gauge the effectiveness of increasing your agency's community policing capacity through COPS Office funding. The Federal Financial Report is used to track the expenditures of the recipient's award funds on a cumulative basis throughout the life of the award.

XXXI. Extensions

Recipients may request an extension of their award period to receive additional time to implement their award. Such extensions do not provide additional funding. Only recipients that can provide a reasonable justification for delays will be granted no-cost extensions. Extension requests must be received prior to the end date of the award and should be requested in the COPS Office Online System.

XXXII. Computer Network Requirement

Recipients agree that no award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. Nothing in this requirement limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities. Consolidated Appropriations Act, 2019, Public Law 116-6, Division C, Title V, Section 523.

XXXIII. Award Monitoring Activities

Federal law requires that recipients receiving federal funding from the COPS Office must be monitored to ensure compliance with their award conditions and other applicable statutes and regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Award monitoring activities conducted by the COPS Office may include site visits, enhanced office-based award reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. Recipients agree to cooperate with and respond to any requests for information pertaining to their award. This includes all financial records, such as general accounting ledgers and all supporting documents. All information pertinent to the implementation of the award is subject to agency review throughout the life of the award, during the close-out process and for three-years after submission of the final expenditure report. 34 U.S.C. § 10385(a) and 2 C.F.R. §§ 200.333 and 200.336.

XXXIV. Community Policing—Not applicable under the CPD Microgrants program

XXXV. Retention—Not applicable under the CPD Microgrants program

XXXVI. Contracts and/or MOUs with Other Jurisdictions—Not applicable under the CPD Microgrants program

XXXVII. Travel Costs

Travel costs for transportation, lodging and subsistence, and related items are allowable under the Community Policing Development Program with prior approval from the COPS Office. Payment for allowable travel costs will be in accordance with 2 C.F.R. § 200.474.

XXXVIII. State Information Technology Point of Contact

Recipients agree to ensure that the appropriate State Information Technology Point of Contact receives written notification regarding any information sharing or technology project funded by a COPS Office award. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these award funds. In addition, recipients agree to maintain an administrative file documenting the meeting of this requirement. For a list of State Information Technology Points of Contact, go to <https://it.ojp.gov/technology-contacts>.

XXXIX. Public Release Information

Recipients agree to submit one copy of all reports and proposed publications resulting from the award ninety (90) days prior to public release. Any publications (written, curricula, visual, sound, or websites) or computer programs, whether or not published at government expense, shall contain the following statement:

This project was supported, in whole or in part, by federal award number 2020-XX-XX-XXXX awarded to [entity] by the U.S. Department of Justice, Office of Community Oriented Policing Services. The opinions contained herein are those of the author(s) or contributor(s) and do not necessarily represent the official position or policies of the U.S. Department of Justice. References to specific individuals, agencies, companies, products, or services should not be considered an endorsement by the author(s) or the U.S. Department of Justice. Rather, the references are illustrations to supplement discussion of the issues.

The Internet references cited in this publication were valid as of the date of publication. Given that URLs and websites are in constant flux, neither the author(s) nor the COPS Office can vouch for their current validity.

XL. News Media

Recipients agree to comply with the COPS Office policy on contact with the news media. The policy establishes the COPS Office Communications Division as the principal point of contact for the news media for issues relevant to the COPS Office and/or parameters of the award. Recipients agree to refer all media inquiries on these topics directly to the COPS Office Communications Division at 202-514-9079.

XLI. Paperwork Reduction Act Clearance and Privacy Act Review

Recipients agree, if required, to submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget (OMB) for clearance under the Paperwork Reduction Act (PRA). Before submission to OMB, all information collections that request personally identifiable information must be reviewed by the COPS Office to ensure compliance with the Privacy Act. The Privacy Act compliance review and the PRA clearance process may take several months to complete. 44 U.S.C. §§ 3501-3520 and 5 U.S.C. § 552a.

XLII. Copyright

In accordance with 2 C.F.R. § 200.315(b), recipients may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. The COPS Office reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use the work, in whole or in part (including create derivative works), for Federal Government purposes and to authorize others to do so. The COPS Office license applies to (1) the copyright in any work developed under the award including any related subaward or contract and (2) any rights of copyright to which the recipient, including its subrecipient or contractor, purchases ownership with award funds.

Recipients agree that they are responsible for acquiring the rights, and ensuring that their subrecipients/contractors/authors acquire the rights, to copyrighted material for inclusion in U.S. Department of Justice publications and other deliverables developed under the award, including the payment of required fees. The COPS Office may make available for reproduction material produced under the award by any means, including a DOJ website, a hard copy, or in electronic form, without restriction. The COPS Office reserves the right, at its discretion, not to publish products and deliverables developed under the award as a U.S. Department of Justice resource. The U.S. Department of Justice reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use the work for Federal Government purposes and to authorize others to do so. This resource may be freely distributed and used for noncommercial and educational purposes only.”

XLIII. Human Subjects Research

Recipients agree to comply with 28 C.F.R. Part 46 Protection of Human Subjects prior to expending award funds to perform human subjects research. Recipients also agree to comply with 28 C.F.R. Part 22 Confidentiality of Identifiable Research and Statistical Information to safeguard certain personally identifiable information.

XLIV. Citizenship and Immigration Status Communications

To obligate or expend FY 2020 award funding, all State or local government entities must require that no funded program or activity is subject to any prohibitions or restrictions on sending to, requesting or receiving from, maintaining, or exchanging information regarding citizenship or immigration status with components of the U.S. Department of Homeland Security or any other federal, state or local government entity. This includes any prohibitions or restrictions imposed or established by a State or local government entity or official. This condition applies throughout the grant award period. The full text of this grant condition may be found in the appendices.

Federal award administration information

Federal award notices

Award notification will be sent electronically. To officially accept and begin your award, your organization must access www.cops.usdoj.gov and select the “Account Access” tab in the upper right corner to log in, review, and electronically sign the award document (including award terms and conditions) and, if applicable, the special award conditions or high risk conditions within 90 days of the date shown on the award congratulatory letter, unless an extension is requested and granted.

Your agency will not be able to draw down award funds until the COPS Office receives your signed award document.

For more information, please contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770.

The award document

The award document is the document indicating your official award funding amount, the award number, the award terms and conditions, and award start and end dates.

The award document is preprinted with your organization’s law enforcement and government executives’ names. If this information is incorrect or has changed, please update your “Agency Contacts” online at www.cops.usdoj.gov through the “Account Access” tab. If the law enforcement or government official has changed since the time of application, please have the current law enforcement executive or government executive for your organization create an account through the “Account Access” tab, log in, and sign the award document once your organization contacts have been updated online. Once you have reviewed your award document, please electronically sign it and make a copy of all pages of the document for your records, along with all award condition pages, within 90 days of the date shown on the award congratulatory letter.

The award start date indicated on the award document/cooperative agreement means that your organization may be reimbursed for any allowable costs incurred on or after this date. The duration of CPD Microgrants awards is 12 months.

Your FY 2020 award number is in the following format 2020-CKWX-0000. The COPS Office tracks award information based upon this number. Therefore, it is important to have your organization’s award number (or your agency’s ORI number) readily available when corresponding with the COPS Office.

The award conditions are listed on your organization’s Award Document and, if applicable, the Award Document Supplement. By accepting this award, you are acknowledging that you are obtaining federal funds from the COPS Office. As part of that agreement, if awarded funds, your organization will acknowledge that it will comply with these conditions (and, if applicable, additional special conditions or high risk conditions in the Award Document Supplement specific to your organization).

In limited circumstances, your award may be subject to special conditions or high risk conditions that prevent your organization from drawing down or accessing award funds until the special conditions or high risk conditions are satisfied as determined by the COPS Office. Any special conditions or high risk conditions will be included in your Award Document Supplement.

Administrative and national policy requirements

If selected for funding, in addition to implementing the funded project consistent with the approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements including, but not limited to, OMB, DOJ, or other federal regulations that will be included in the award or incorporated into the award by reference or are otherwise applicable to the award.

Please see general terms and conditions beginning on page 78.

Suspension or termination of funding

The COPS Office may suspend, in whole or in part, or terminate funding or impose other sanctions on a recipient for the following reasons:

- Failure to substantially comply with the requirements or objectives of the Public Safety Partnership and Community Policing Act of 1994, program guidelines, or other provisions of federal law
- Failure to make satisfactory progress toward the goals or strategies set forth in this application
- Failure to adhere to award agreement requirements or special conditions
- Proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application not being selected for funding
- Failure to submit required or requested reports
- Filing a false statement or certification in this application or other report or document
- Other good cause shown

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

Awards terminated due to noncompliance with the federal statutes, regulations, or award terms and conditions will be reported to the integrity and performance system accessible through SAM (currently FAPIIS).

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and any other remedy available by law.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Reporting, Monitoring, and Evaluation Requirements

Reporting

If awarded, your organization will be required to submit quarterly Federal Financial Reports as well as semiannual Programmatic Progress Reports. Recipient should be prepared to track and report CPD Microgrants award funding separately from other funding sources (including other COPS Office federal awards) to ensure accurate financial and programmatic reporting on a timely basis. Recipients should ensure that they have financial internal controls in place to monitor the use of CPD Microgrants funding and ensure that its use is consistent with the award terms and conditions. Good stewardship in this area includes written accounting practices, and use of an accounting system that tracks all award drawdowns and expenditures, and the ability to track when CPD Microgrants award-funded positions are filled or approved purchases are made. *Failure to submit complete reports or submit them in a timely manner may result in the suspension and possible termination of a recipient's COPS Office award funding or other remedial actions.*

Monitoring

Federal law requires that law enforcement agencies receiving federal funding from the COPS Office be monitored to ensure compliance with their award conditions and other applicable statutory regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice.

Awarded agencies will be responsible for submitting Programmatic Progress Reports on a semiannual basis and Federal Financial Reports on a quarterly basis. In addition, awarded agencies will be responsible for the timely submission of a final Closeout Report and any other required final reports. All COPS Office recipients will be required to participate in such award monitoring activities of the U.S. Department of Justice, including but not limited to the COPS Office, the Office of the Inspector General, or any entity designated by the COPS Office.

Please note that the COPS Office may take a number of monitoring approaches, such as site visits, enhanced office-based award reviews, alleged noncompliance reviews, and periodic surveys to gather information and to ensure compliance. The COPS Office may seek information including, but not limited to, your organization's compliance with nonsupplanting and both programmatic and financial requirements of the award, and your organization's progress toward achieving your community policing strategy. Program and monitoring specialists as well as auditors are particularly interested in confirming that the purchase of items and/or services is consistent with the applicant's approved award budget as reflected on the Financial Clearance Memorandum and Final Funding Memorandum.

If awarded funds, you agree to cooperate with and respond to any requests for information pertaining to your award in preparation for any of the above-referenced award monitoring activities.

Please feel free to contact your COPS Office Program Manager to discuss any questions or concerns you may have regarding the monitoring, reporting, and evaluation requirements.

Program evaluation

Though a formal assessment is not a requirement, awarded agencies are strongly encouraged to conduct an independent assessment of their respective award-funded projects. Project evaluations have proven to be valuable tools in helping departments identify areas in need of improvement, providing data of successful processes and reducing vulnerabilities.

Selected award recipients shall be evaluated on the local level or as part of a national evaluation, pursuant to guidelines established by the Attorney General. Such evaluations may include assessments of individual program implementations. In selected jurisdictions that are able to support outcome evaluations, the effectiveness of funded programs, projects, and activities may be required. Outcome measures may include crime and victimization indicators, quality of life measures, community perceptions, and police perceptions of their own work.

Audit Requirement

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 C.F.R. Part 200, Subpart F – Audit Requirements, available at www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl, establish the requirements for organizational audits that apply to COPS Office award recipients. Recipients must arrange for the required organization-wide (not award-by-award) audit in accordance with the requirements of Subpart F.

Civil rights

All recipients are required to comply with nondiscrimination requirements contained in various federal laws. A memorandum addressing federal civil rights statutes and regulations from the Office for Civil Rights, Office of Justice Programs will be included in the award package for award recipients. All applicants should consult the Assurances form to understand the applicable legal and administrative requirements.

Please be advised that a hold may be placed on this application if it is deemed that the applicant organization is not in compliance with federal civil rights law or is not cooperating with an ongoing federal civil rights investigation.

28 C.F.R. Part 38 Partnerships with Faith-Based and Other Neighborhood Organizations

Recipients, and subrecipients at any tier, must comply with all applicable requirements of the DOJ regulation entitled "Partnerships with Faith-Based and Other Neighborhood Organizations" at 28 C.F.R. Part 38, specifically including any applicable requirements regarding written notice to program beneficiaries and prospective program beneficiaries.

Among other things, Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipients and subrecipients that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based organizations.

For more information on the regulation, please see the Office for Civil Rights website at <https://ojp.gov/about/ocr/partnerships.htm>.

Section 508 of the Rehabilitation Act

If you are an applicant using assistive technology and you encounter difficulty when applying using the COPS Office online system (www.cops.usdoj.gov), please contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770.

The department is committed to ensuring equal access to all applicants and will assist any applicant who may experience difficulties with assistive technology when applying for awards using the COPS Office Online System.

Other Award Information

Award decisions

It is anticipated that CPD Microgrants awards will be announced on or after September 1, 2020. Notifications will be sent electronically. Any public announcements will be posted on the COPS Office website at www.cops.usdoj.gov.

All award decisions are final and not subject to appeal.

Freedom of Information Act and Privacy Act (5 U.S.C. § 552 and 5 U.S.C. § 552a)

All applications submitted to the COPS Office (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request if DOJ determines that the responsive information is protected from disclosure under the Privacy Act or falls within the scope of one or more of the nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to the FOIA not to release some or all portions of an application/award file.

In its review of records that are responsive to a FOIA request, the COPS Office will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets, and names and contact information for project staff other than certain key personnel.) In appropriate circumstances, the COPS Office will request the views of the applicant/recipient that submitted a responsive document.

For example, if the COPS Office receives a request pursuant to the FOIA for an application submitted by a nonprofit organization, for-profit organization, or an institution of higher education, or a request for an application that involves research, the COPS Office typically will contact the applicant/recipient that submitted the application. The COPS Office ask the applicant/recipient to identify—quite precisely—any particular information in the application that the applicant/recipient believes falls under a FOIA exemption, the specific exemption it believes applies, and why. After considering the submission by the applicant/recipient, the COPS Office makes an independent assessment regarding withholding information.

Feedback to the COPS Office

To assist the COPS Office in improving its application and award processes, we encourage applicants to provide feedback on this solicitation, the application submission process, and/or the application review/peer review process. Provide feedback via email to AskCopsRC@usdoj.gov with the following subject line “FY20 CPD Microgrants Program Feedback.”

Appendix F. Award Condition for Citizenship and Immigration Status Communications

Authority to obligate or expend contingent on compliance with this condition.

NOTE: This grant condition is established under the COPS Office’s broad authority and discretion to award and administer grants. *See, e.g.*, 34 U.S.C. § 10381, et seq. This condition applies only to state or local government entities or to non-state or local government entities that make subawards with these funds to a state or local government entity.

State or local government entity recipients of this award, and any subrecipient of this award at any tier that is an entity of a State or of a unit of local government, may not obligate or expend award funds if – at the time of the obligation or expenditure – the “program or activity” of the recipient funded in whole or in part with the award funds (which includes any such program or activity of any subrecipient at any tier) is subject to any prohibitions or restrictions on sending to, requesting or receiving from, maintaining, or exchanging information regarding citizenship or immigration status with components of the U.S. Department of Homeland Security or any federal, state or local government entity, as generally described in 8 U.S.C. 1373(a) or (b). This includes any prohibitions or restrictions imposed or established by a state or local government entity or official.

A subrecipient of this award (at any tier) that is an entity of a State or of a unit of local government may not obligate or expend award funds if – at the time of the obligation or expenditure – the “program or activity” of the subrecipient (which includes any such program or activity of any subrecipient at any further tier) funded (in whole or in part) with award funds is subject to any prohibitions or restrictions on sending to, requesting or receiving from, maintaining, or exchanging information regarding citizenship or immigration status with components of the U.S. Department of Homeland Security or any federal, state or local government entity, as generally described in 8 U.S.C. 1373(a) or (b). This includes any prohibitions or restrictions imposed by a state or local government entity or official.

Any obligations or expenditures of a recipient or subrecipient that are impermissible under this condition shall be unallowable costs for purposes of this award.

Rules of Construction. For purposes of this condition, “program or activity” means what it means under section 606 of title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d-4a).

References to the Immigration and Naturalization Service in 8 U.S.C. 1373 are to be read, as a legal matter, as references to particular components of the U.S. Department of Homeland Security.

Should any provision of a condition of this award be held to be invalid or unenforceable by its terms, then that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law (to any person or circumstance) under this award. Should it be held, instead, that a condition (or a provision thereof) is of utter invalidity or unenforceability, such condition (or such provision) shall be deemed severable from this award.

Any questions about the meaning or scope of this condition should be directed, prior to acceptance of this award, to the Office of Community Oriented Policing Services Legal Division at 202-514-3750.

Appendix G. 2 C.F.R. Part 200, Appendix II to Part 200—CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

NOTE: The National Defense Authorization Act for fiscal year 2018 (NDAA), Public Law 115–91, Division A, Title VIII, Section 805, raised the simplified acquisition threshold to \$250,000 for all recipients. The OMB Memorandum M-18-18 entitled Implementing Statutory Changes to the Micro-purchase and the Simplified Acquisition Threshold for Financial Assistance granted an exception for recipients to use the higher simplified acquisition threshold of \$250,000 effective as of June 20, 2018, in advance of revisions to the Uniform Guidance.

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

- (B) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. § 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- (C) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.
- (D) Equal Employment Opportunity. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. Part 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
- (E) Davis-Bacon Act, as amended (40 U.S.C. §§ 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be

prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

- (F) Contract Work Hours and Safety Standards Act (40 U.S.C. §§ 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. Part 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- (G) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 C.F.R. § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
- (H) Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. §§ 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- (I) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. Part 180 that implement Executive Orders 12549 (3 C.F.R. Part 1986 Comp., p. 189) and 12689 (3 C.F.R. Part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
- (J) Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.
- (K) See §200.322 Procurement of recovered materials.

(a) Prohibition of reprisals.--

(1) In general.--An employee of a contractor, subcontractor, grantee, or subgrantee or personal services contractor may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in paragraph (2) information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.

(2) Persons and bodies covered.--The persons and bodies described in this paragraph are the persons and bodies as follows:

(A) A Member of Congress or a representative of a committee of Congress.

(B) An Inspector General.

(C) The Government Accountability Office.

(D) A Federal employee responsible for contract or grant oversight or management at the relevant agency.

(E) An authorized official of the Department of Justice or other law enforcement agency.

(F) A court or grand jury.

(G) A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.

(3) Rules of construction.--For the purposes of paragraph (1)--

(A) an employee who initiates or provides evidence of contractor, subcontractor, or grantee misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract or grant shall be deemed to have made a disclosure covered by such paragraph; and

(B) a reprisal described in paragraph (1) is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.

(b) Investigation of complaints.--

(1) Submission of complaint.--A person who believes that the person has been subjected to a reprisal prohibited by subsection (a) may submit a complaint to the Inspector General of the executive agency involved. Unless the Inspector General determines that the complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding

initiated by the complainant, the Inspector General shall investigate the complaint and, upon completion of such investigation, submit a report of the findings of the investigation to the person, the contractor or grantee concerned, and the head of the agency.

(2) Inspector General action.--

(A) Determination or submission of report on findings.--Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.

(B) Extension of time.--If the Inspector General is unable to complete an investigation in time to submit a report within the 180-day period specified in subparagraph (A) and the person submitting the complaint agrees to an extension of time, the Inspector General shall submit a report under paragraph (1) within such additional period of time, up to 180 days, as shall be agreed upon between the Inspector General and the person submitting the complaint.

(3) Prohibition on disclosure.--The Inspector General may not respond to any inquiry or disclose any information from or about any person alleging the reprisal, except to the extent that such response or disclosure is--

(A) made with the consent of the person alleging the reprisal;

(B) made in accordance with the provisions of **section 552a of title 5** or as required by any other applicable Federal law; or

(C) necessary to conduct an investigation of the alleged reprisal.

(4) Time limitation.--A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.

(c) Remedy and enforcement authority.--

(1) In general.--Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or grantee concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:

(A) Order the contractor or grantee to take affirmative action to abate the reprisal.

(B) Order the contractor or grantee to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

(C) Order the contractor or grantee to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.

(2) Exhaustion of remedies.--If the head of an executive agency issues an order denying relief under paragraph (1) or has not issued an order within 210 days after the submission of a complaint under subsection (b), or in the case of an extension of time under paragraph (b)(2)(B), not later than 30 days after the expiration of the extension of time, and there is no showing that such delay is due to the bad faith of the complainant, the complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the contractor or grantee to seek compensatory damages and other relief available under this section in the appropriate district court of the United States, which shall have jurisdiction over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. An action under this paragraph may not be brought more than two years after the date on which remedies are deemed to have been exhausted.

(3) Admissibility of evidence.--An Inspector General determination and an agency head order denying relief under paragraph (2) shall be admissible in evidence in any de novo action at law or equity brought pursuant to this subsection.

(4) Enforcement of orders.--Whenever a person fails to comply with an order issued under paragraph (1), the head of the executive agency concerned shall file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the executive agency.

(5) Judicial review.--Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an executive agency, unless a stay is specifically entered by the court.

(6) Burdens of proof.--The legal burdens of proof specified in section 1221(e) of title 5 shall be controlling for the purposes of any investigation conducted by an Inspector General, decision by the head of an executive agency, or judicial or administrative proceeding to determine whether discrimination prohibited under this section has occurred.

(7) Rights and remedies not waivable.--The rights and remedies provided for in this section may not be waived by any agreement, policy, form, or condition of employment.

(d) Notification of employees.--The head of each executive agency shall ensure that contractors, subcontractors, and grantees of the agency inform their employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.

(e) Construction.--Nothing in this section may be construed to authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to modify or derogate from a right or remedy otherwise available to the employee.

(f) Exceptions.--**(1)** This section shall not apply to any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 401a(4)).

(2) This section shall not apply to any disclosure made by an employee of a contractor, subcontractor, or grantee of an element of the intelligence community if such disclosure--

(A) relates to an activity of an element of the intelligence community; or

(h) **Construction.**--Nothing in this section, or the amendments made by this section, shall be construed to provide any rights to disclose classified information not otherwise provided by law.

Appendix J. Intergovernmental review process, points of contact by state

Executive Order 12372 requires applicants from state and local units of government or other organizations or individuals providing service within a state to submit a copy of the application to the state single point of contact (SPOC), if one exists and if this program has been selected for review by the state. Before the application due date, you must contact your state SPOC to find out if this program has been selected for review and comply with the state's process under Executive Order 12372. The Catalog of Federal Domestic Assistance reference for this program is number 16.710, "Public Safety and Community Policing Grants."

A current list of state SPOCs is listed at <https://www.archives.gov/federal-register/codification/executive-order/12372.html>. States that are not listed have chosen not to participate in the intergovernmental review process and therefore do not have an SPOC.

Prior Approval

i. **Approximately how long should it take to adequately complete the Conference & Events Submission form?**

The amount of time required to adequately complete the Conference & Events Submission Form will vary depending on the complexity of the proposed event. A small event (in terms of number of attendees, total cost, etc.) may require only an hour or two to complete the form because the event is basic/routine and data are not required in all of the available categories. On the other hand, a large event (in terms of number of attendees, multiple sessions occurring at the same time, etc.) may require several hours or days depending on the amount of required data (categories) and level of justification needed to support the event. Regardless of the size of any event, the supporting justification should be sufficient to support the agency's mission for conducting the event.

ii. **Which types of events do not require prior approval?**

Currently there are six types of events that do not require prior approval:

1. Conferences held by grant recipients. (Note: Conferences held by cooperative agreement recipients do require prior approval.)
2. Law enforcement operational activities, including staging, surveillance, investigation, intelligence, and undercover activities.
3. Routine operational meetings (e.g., staff meetings or all-hands meetings) if held in a federal facility, if held by cooperative agreement recipients in a non-federal facility that does not charge for its use, and if there are neither costs to the DOJ for logistical conference planning nor government-provided food or beverages. In all three of these instances, the answer to all the questions on the Prior Approval Not Required Checklist must be "No." Site visits are considered routine operational meetings regardless of location so long as there are no costs to the DOJ for meeting rooms, logistical conference planning, or food and beverages.
4. Testing activities where the primary purpose of the event is to evaluate an applicant's qualifications to perform certain duties necessary to his or her job. This includes firearms and weaponry proficiency testing and certifications. A majority of the event must be devoted to administering and taking the test. Testing activities that are incidental to a training course or conference or are given upon its completion do require prior approval.
5. Video conferences and webinars where there are neither costs to the DOJ for logistical conference planning nor government-provided food or beverages.
6. Technical assistance visits where travel was made by an individual or a small group of project staff members to provide training or technical assistance to a particular entity; in this instance, the answer to all the questions on the Prior Approval Not Required Checklist must be "No."

iii. **Where should time staff spent working on the conference that is not related to planning be captured?**

Time spent working on a conference by staff or contractors can be classified as either logistical planning time or programmatic planning time. Programmatic planning includes time spent on activities such as

developing the conference content and agenda, identifying and recruiting subject matter experts, and preparing written materials. Logistical planning includes time spent on tasks such as selecting a venue, ordering and setting up audio-video equipment, securing hotel rooms, processing registrations, providing onsite support during the event, and undertaking other non-programmatic functions.

iv. If a cooperative agreement recipient or contractor is able to obtain a no-cost site for the event, are we still required to look into other facilities and provide justification for not selecting the other facilities?

Yes. Cooperative agreement recipients and contractors should compare three or more facilities in a location. Facilities being compared should have provided a cost estimate and be able to accommodate the event as detailed in the requirements. A desired hotel may offer an incentive of no overall facility cost (e.g., for meeting rooms or audio-visual equipment) but may not be economical in other cost comparison items such as the availability of lodging at per diem rates, travel distance for attendees, etc. Also, recipients and contractors should maintain written documentation justifying their decision to select the chosen location in the event of a future audit.

v. Is there a timeframe after the COPS Office accepts a conference request that a cooperative agreement recipient or contractor can expect notification of approval?

Each event request (meeting, conference, webinar, etc.) is unique in reference to how it will accomplish the COPS Office's mission. The key to any conference request moving through the review process depends on whether the package is complete. A complete package contains a detailed cost analysis and sufficient justification to support all categories within the package.

Example: An event is submitted for approval and consists of the following categories: printing and distribution, meals and incidental expenses (M&IE), lodging, transportation, and trainer or facilitator costs. The package contains a detailed cost analysis of each cost category (e.g., one trainer at \$450 per day x 2 days = \$900) and adequate justification explaining the purpose of the event and the role of the trainer. This package can move through the review process in a few days and allow ample time for travelers to make reservations, if the package was submitted within the required timeframe. However, if the trainer or facilitator's costs in the submitted package exceed the COPS Office's threshold and if supporting justification was not included, a delay may occur while this justification is being retrieved.

To avoid delays in the approval process, all recipients and contractors should adhere to the timeframe requirements for the dollar amount of their proposed event.

vi. Once an event is approved, how do we handle any increases or decreases in the amount of attendees originally proposed on the cost analysis spreadsheet submitted to the DOJ for approval?

After receiving notification of approval from the COPS Office, all subsequent changes prior to the start day of the event should be sent to the COPS Office Conference Costs email address, as appropriate. **Example:** If the COPS Office approved on 9/1/2019 an event scheduled for 12/15/2019, the cooperative agreement recipient or contractor should notify the COPS Office of any changes in attendees as soon as possible (preferably 30 days or more in advance). This scenario holds true for changes to the start and end date, location, and any other cost-related category.

vii. Does the \$25 per person per day limit for meeting rooms and audio-visual costs also include service fees and taxes?

Yes. The cost allowed for conference space and audio-visual equipment and services (fees and taxes) is limited to \$25 per day per attendee and is not to exceed a cumulative total cost of \$20,000. Total costs are defined as direct and indirect costs.

- viii. **What if there are multiple meetings occurring within the larger event offered to all the attendees? Is the \$25 per day per attendee limit applicable to each meeting? Example: A general session meeting contains all attendees and later breakout sessions are offered to the groups. Can each breakout session have its own \$25 per person per day limit?**

No. Despite the multiple meetings offered within the larger event, the COPS Office considers and approves this type of situation to be a single event.

- ix. **Can we accept complimentary food and beverage?**

Yes. Complimentary food and beverages may be accepted if offered to everyone. **Example:** Hotel W offers a complimentary continental breakfast to all its overnight customers regardless of any status they may have with the hotel chain. This type of complimentary offer is considered a business strategy of the hotel to promote an increase in overnight stays. You are not required to reduce your M&IE by the value of the food and beverage it offered to all customers as noted in this example.

- x. **Are the thresholds (\$8,750 for logistical planner, \$35,000 for programmatic planner, and \$20,000 for conference space and audio-visual equipment and services) a cumulative cost for the entire event or a per day cost?**

The cost allowed for conference space and audio-visual equipment and services (fees and taxes) is limited to \$25 per day per attendee and is not to exceed a cumulative total cost of \$20,000. The cost allowed for a logistical planner is the lesser of \$50 per attendee or \$8,750 per event. The cost allowed for a programmatic planner is the lesser of \$200 per attendee or \$35,000 per event.

- xi. **To whom should I submit event requests?**

For all COPS Office events, the form should be sent to the [COPS Office Conference Costs email address](#). Please do not send questions or other correspondence to this email address. This mailbox should be used only for the submission of conference forms and supporting documentation (e.g., hotel contracts).

- xii. **How far in advance do I have to submit an event for review and approval?**

Requests for conferences costing \$100,000 or less, and not exceeding any cost thresholds (conference space and audio-visual equipment and services, logistical conference planner, and programmatic conference planner), must be submitted to the COPS Office 90 calendar days in advance of the earliest of the following:

- Start date of the conference;
- Deadline for signing conference-related contracts; or
- Obligation of funds for conference costs (except for minimal costs required to assemble and submit the approval request).

Requests for conferences costing more than \$100,000, or exceeding any one cost threshold (conference space and audio-visual equipment and services, logistical conference planner, or programmatic conference planner), must be submitted to the COPS Office 120 calendar days in advance of the earliest of the following:

- Start date of the conference;
- Deadline for signing conference-related contracts; or
- Obligation of funds for conference costs (except for minimal costs required to assemble and submit the approval request).

If approval requests are submitted less than the required number of days in advance (as noted above), the COPS Office, in its sole discretion, may consider the late requests but cannot ensure the requests will receive a decision in time to avoid having to cancel the conference (particularly if any issues arise with specific items of cost in the request). Cancellation costs associated with conference requests that are submitted for late prior approval may be determined to be unallowable costs by the COPS Office.

xiii. What are the most common mistakes made on the forms so that I can avoid them in the future and increase the likelihood of a quick review and approval decision for my event?

The following are the most common mistakes found:

Inaccurate calculation of daily per diem. Daily per diem rates for locations across the nation can be found on the GSA website. Ensure the daily rate used in the calculations corresponds to the specific location and dates of the meeting. In addition, remember that travel days are reimbursed at a slightly lower rate than meeting days. The lower rates must be used for days of travel both before and after the event. Table 5 includes these lower rates:

Table 5. Per diem rates

Full per diem rate	Corresponding travel day rate (75%)
\$46.00	\$34.50
\$51.00	\$38.25
\$56.00	\$42.00
\$61.00	\$45.75
\$66.00	\$49.50
\$71.00	\$53.25

EXCEPTION: If your organization has its own formal, written travel policy, your event submissions can reflect that policy instead of the rates in the chart above. In these instances, state that you have a formal, written travel policy, and clearly explain the rates in the policy and how the corresponding numbers in your submission were derived.

Insufficient explanation and justification of transportation costs. Remember to break out and briefly describe and justify the transportation costs that are included. **Example:** If participants are flying to your event and the tickets are being paid for with DOJ funding, you should include the anticipated number of people flying multiplied by the estimated cost per ticket. If cars will be rented, you should include a brief justification for why rental cars are being used instead of another form of ground transportation, such as taxis or shuttles.

Insufficient explanation and justification of audio-visual costs. All audio-visual costs should be broken out and briefly described. The quantity of equipment to be rented (number of microphones, projectors, etc.) should be included, along with relevant costs and a brief justification for why the proposed equipment is required to conduct a successful meeting. A discussion of how the audio-visual services provider was selected should be included (for example, did you obtain three quotes?).

Insufficient explanation and justification of printing costs. Proposed printing costs for participant materials should also be itemized and briefly described. Specifically, it is important to articulate why printed materials are needed instead of making materials available electronically (at low or no cost) to attendees before or after the event.

Insufficient explanation and justification of shipping costs. Provide an itemization of these costs, along with a brief description of why the equipment and other materials being shipped are essential to hosting a successful conference.

Insufficient explanation and justification of consultant costs. The maximum daily rate for subject matter experts who are being reimbursed for their time is noted in the **Consultant Contractor Fact Sheet**. Describe all consultant costs in detail, and include a brief yet compelling justification for the proposed costs. Daily rates for subject matter experts above the maximum daily rate require prior approval by the COPS Office and DOJ. In cases where higher rates are included in the event submission, written documentation of prior approval is required and should be attached.

xiv. Should I continue to exclude all food and beverage costs in my event submissions?

Yes. The inclusion of food and beverage costs will delay the review process, and these costs are not likely to be approved. The only exception is when the location of the conference does not allow attendees to obtain food or beverages on their own or when this restriction would greatly disrupt the conference schedule. If you believe your event qualifies for such a rare exception, contact your Program Manager to discuss it before completing and submitting your form. If meals are included in your event submission, remember that attendees must subtract the meal costs from the M&IE reimbursement for the days on which the meals will occur.

xv. Can you summarize what I can do to prevent follow-up questions about my submitted events that delay the review and approval process?

As a general rule, explain how you derived every cost that you include in the conference submission form. For lines that do not provide space for you to add descriptive narrative, include your explanations and specific cost breakdowns in a separate tab or in a separate document that is submitted with the form. In addition, include the cooperative agreement or contract number on the form.

xvi. What events qualify for the expedited review process?

There is no expedited review process. Every effort is made to review all events as quickly as possible. Most delays result from a need for additional information. Event requests are prioritized for review by balancing the following three criteria:

1. The start date of the event;
2. The date the event submission was received by COPS Office; and
3. The overall cost and complexity of the event. For example, conferences requiring approval by the assistant attorney general's administration and the deputy attorney general (over \$100,000–\$250,000) typically take longer to process, as they must go through COPS Office and DOJ reviews, result in more questions, and are more likely to have issues related to cost thresholds.

Reporting

xvii. Where can I find the most updated version of the conference reporting form to use for my submissions?

The most updated version of the conference reporting form can be found under the Training Resources for award recipients section on the COPS Office Training page at <https://cops.usdoj.gov/training>.

xviii. If I have a question about conference reporting, to whom should I send it?

Send your questions to your designated Program Manager. They are great resources and will be happy to assist you.

xix. Are we expected to have our staff track their time hour for hour for time spent on the event for planning, etc., or are reasonable estimates adequate for cost reporting purposes?

Post-event reports must contain actual costs, not estimates. These costs should include logistical and programmatic planner staff time spent on these activities and any contracted planner costs.

xx. With conference cost reports now being due 30 days after the event, how should we handle costs for invoices that have not been received yet? Many invoices (such as for hotels) are not received within 30 days after the event. Should estimates be included on the cost report?

All conference costs for events held by cooperative agreement recipients or contractors costing more than \$20,000, or where more than 50% of attendees are DOJ employees, must be reported within *45 calendar days after the last day of the event*.

xxi. On the DOJ Conference & Events Submission Form under “A. General Conference Information,” is item 19, “Reporting Period,” the period in which the actual cost of the event is being reported, or should this be based on the end date of the event?

This reporting requirement is based on the end date of the event. All conference costs for events held by cooperative agreement recipients or contractors costing over \$20,000, or where more than 50% of attendees are DOJ employees, must be reported within 45 calendar days after the last day of the event. Example: A COPS Office–approved conference was conducted from 3/16/2019 through 3/20/2019. A completed Conference & Events Submission Form must be submitted, showing the prior approval amounts compared to the actual costs and explaining all variances greater than 10% or \$1,000. Reports should be emailed to the COPS Office Conference Cost email address at COPS.Conferencecosts@cops.usdoj.gov.

The following pages contain the conference reporting form template.

authorized organizational representative (AOR). A person authorized by your e-business POC to submit applications to Grants.gov. This privilege should be provided only to those individuals who currently have signature authority for submitting award applications. An organization can assign as many AORs to use Grants.gov as necessary.

If funded, the award end date is found on your award document. Recipients may not make any purchases or hire any positions after this date without written approval from the COPS Office.

award start date. This is the date on or after which your agency is authorized to purchase items or hire positions that were approved by the COPS Office. If funded, the award start date is found on your award document. Recipients may not make any purchases or hire any positions prior to this date without written approval from the COPS Office.

Catalog of Federal Domestic Assistance (CFDA). The CFDA is an annual government-wide publication that contains a description and index of all forms of federal assistance. Each program is assigned a CFDA number, which is used by auditors to track award revenues under the Single Audit Act. It is also used in participating states by state single points of contact in conducting the required intergovernmental reviews under Executive Order 12372. The CFDA number for all COPS Office programs is 16.710.

closeout. The process in which the awarding agency, the COPS Office, determines that all applicable administrative actions and all required work and conditions of the award have been completed and met by the recipient and awarding agency.

For the recipient, award funds are obligated when monies are spent directly on purchasing items approved under the award. The term *encumbrance* is often used at the local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

OJP vendor number/EIN number. This is your agency's nine-digit federal tax identification number assigned to you by the IRS. Your accounting/bookkeeping department should have this number.

If your EIN previously has been assigned to another agency within your jurisdiction, the Office of the Comptroller will assign a new OJP vendor number to you. The new assigned number is to be used for administrative purposes only, in connection with this award program, and should not be used for IRS purposes.

ORI (Originating Agency Identifier) number. This number is assigned by the FBI and is your agency's originating agency identifier. The first two letters are your state abbreviation, the next three numbers are your county's code, and the final two numbers identify your jurisdiction within your county. When you contact the COPS Office with a question, you can use the ORI number, and we will be able to assist you. If you are a previous COPS Office award recipient, you may have been assigned an ORI number through the COPS Office if the FBI had not previously assigned your agency this identifier number.

simplified acquisition threshold. Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 C.F.R. Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. § 1908. Currently, the simplified acquisition threshold is \$250,000.

subaward. Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

supplanting. COPS Office award funds may not be used to supplant (replace) state, local, or Bureau of Indian Affairs (BIA) funds that would be made available in the absence of federal COPS Office award funding. Program funds must be used to increase the amount of state, local, or BIA funds otherwise budgeted for the award purposes, plus any additional state, local, or BIA funds budgeted for these purposes.

supplies. Supplies means all tangible personal property other than those described under equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life.

System for Award Management (SAM). Institutions applying for any type of award from the Federal Government must register with SAM. The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. Applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at www.sam.gov.

About the COPS Office

The **Office of Community Oriented Policing Services (COPS Office)** is the component of the U.S. Department of Justice responsible for advancing the practice of community policing by the nation's state, local, territorial, and tribal law enforcement agencies through information and grant resources.

Community policing begins with a commitment to building trust and mutual respect between police and communities. It supports public safety by encouraging all stakeholders to work together to address our nation's crime challenges. When police and communities collaborate, they more effectively address underlying issues, change negative behavioral patterns, and allocate resources.

Rather than simply responding to crime, community policing focuses on preventing it through strategic problem-solving approaches based on collaboration. The COPS Office awards grants to hire community policing officers and support the development and testing of innovative policing strategies. COPS Office funding also provides training and technical assistance to community members and local government leaders, as well as all levels of law enforcement.

Since 1994, the COPS Office has invested more than \$14 billion to add community policing officers to the nation's streets, enhance crime fighting technology, support crime prevention initiatives, and provide training and technical assistance to help advance community policing. Other achievements include the following:

- To date, the COPS Office has funded the hiring of approximately 130,000 additional officers by more than 13,000 of the nation's 18,000 law enforcement agencies in both small and large jurisdictions.
- Nearly 700,000 law enforcement personnel, community members, and government leaders have been trained through COPS Office-funded training organizations.
- To date, the COPS Office has distributed more than eight million topic-specific publications, training curricula, white papers, and resource CDs and flash drives.
- The COPS Office also sponsors conferences, roundtables, and other forums focused on issues critical to law enforcement.

COPS Office information resources, covering a wide range of community policing topics such as school and campus safety, violent crime, and officer safety and wellness, can be downloaded via the COPS Office's home page, www.cops.usdoj.gov. This website is also the grant application portal, providing access to online application forms.
