Getting Started

Congratulations on receiving an award from the U.S. Department of Justice, Office of Community Oriented Policing Services (COPS Office).

The COPS Anti-Methamphetamine Program (CAMP) is designed to advance public safety by providing funding directly to state law enforcement agencies in states with high seizures of precursor chemicals, finished methamphetamine, laboratories, and laboratory dumps, for the purpose of locating and investigating illicit activities, including precursor diversion, laboratories, or methamphetamine traffickers.

CAMP funding may be used to locate or investigate illicit activities, including precursor diversion, laboratories, or methamphetamine traffickers. Funding under this program is not available for methamphetamine laboratory cleanup, treatment programs, or prosecution of methamphetamine-related activities.

The allowable uses of your agency's award are specified in the Award Package, and further details are available in the "Allowable Costs" section of this manual.

Compliance with this Award Owner's Manual is a condition of your award, and this manual is binding guidance. This Award Owner's Manual will assist your agency with the administrative and financial matters associated with your award. It was developed by the COPS Office to ensure that all recipients clearly understand and meet the requirements of their award. Please review this manual carefully, because a failure to follow award requirements can have serious ramifications. Please do not hesitate to contact your COPS Office grant manager or the COPS Office Response Center at AskCOPSRC@usdoj.gov or 800-421-6770 if you need assistance with the implementation of your award.

The Uniform Administrative Requirements, Cost Principles, and Audit requirements for Federal Awards (known as the "Uniform Guidance" or "Part 200"), have been updated. The updates will be codified in the Code of Federal Regulations at 2 C.F.R. Part 200 on October 1, 2024. The U.S. Department of Justice (DOJ) adopted the Uniform Guidance, first promulgated in 2013, via regulation at 2 C.F.R. Part 2800 and it includes "any subsequent changes" to Part 200.

DOJ is continuing to assess the impact of the OMB updates on its recipients of federal financial assistance. To the extent practicable, revisions to 2 C.F.R. Part 200 are incorporated into this Award Owner's Manual but may be subject to additional clarifications. Recipients remain responsible for complying with all Part 200 revisions, published in the Federal Register :: Guidance for Federal Financial Assistance, at <https://www.federalregister.gov/documents/2024/04/22/2024-07496/guidance-for-federal-financial-assistance>.

Thank you for providing us with the opportunity to work in partnership with your community.

I. Award Acceptance, Terms, and Conditions

Your entity must successfully set up their JustGrants account and enroll in the Automated Standard Application for Payments (ASAP) to accept and manage their award. Accepting or declining an award can only be done through the Justice Grants System (JustGrants). In JustGrants, you may print the PDF of the award for reference.

Prior to accepting an award, the entity administrator must assign a financial manager, a grant administrator, and two authorized representatives for each award in JustGrants. COPS Office recipients will have two Authorized Representatives assigned to each award; both are required to accept the award. When the Authorized Representative logs into their JustGrants account, they can view accepted awards and awards that need to be accepted. An email notification will also be sent to the Application Submitter, the Authorized Representatives and the Entity Administrator to sign and accept their award.

To officially accept your award, you must carefully review and electronically sign **the Award Package (which includes your Award Information, Financial Information, Award Conditions, and Other Award Documents) within 45 days from the date shown on the award letter**. Please see the JustGrants training: [Grant Award Acceptance](#) for detailed information on accepting your award.

Your organization will **not** be able to draw down award funds until the COPS Office receives your signed award package and you have completed all steps in the ASAP system. For more information on drawing down award funds, please see the section titled "Accessing Award Funds" in this manual.

Award package

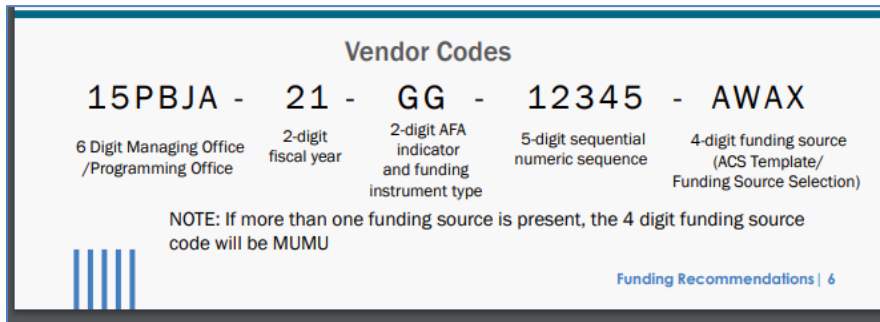

The award package indicates your official award funding amount, the award number, the award terms and conditions, and the award start and end dates.

Be sure to familiarize yourself with all terms, conditions, and requirements of your award before accepting the award. Print and retain a copy of all pages of the award document, award terms and conditions, award financial information, and award attachments for your records.

The Project Period start date on the award document means that your agency may be reimbursed for any allowable costs incurred on or after this date. The Project Period end date shows the last date that allowable costs may be incurred.

Your award number is in the following format 15JCOPS-24-GG-00000-XXXX as shown in figure 1 on page 3. The COPS Office tracks award information based upon this number. Therefore, it is important to have your agency's award number or your organization's System for Award management (SAM) Unique Entity Identifier (UEI) number readily available when corresponding with the COPS Office.

Figure 1. Award number example

Accepting the award

After you have reviewed the conditions of your award and your agency agrees with these conditions, you are ready to accept the award. The Director of the COPS Office or designee has signed the award document indicating approval of your award, an obligation of federal funds to your organization, and our commitment to the award. As stated at the beginning of this section, to officially begin your award and draw down your funds, the authorized representatives of your agency must access the [JustGrants website](#) to log in, review, and electronically sign the award document and, if applicable, the special award conditions or high risk conditions in the award package within 45 days of the date shown on the award letter.

Refer to the Job Aid Reference Guide titled [Grant Award Acceptance](#), which will walk you through the steps necessary to accept an Award Package.

Who should sign the award document for our agency?

The authorized representatives are the authorized officials who have ultimate and final responsibility for all programmatic and financial decisions regarding this award as representatives of the legal recipient and those possessing the ultimate signatory authority to sign contracts on behalf of your organization. Typically, these are the same executives who signed the forms in your COPS Office application.

For law enforcement agencies, COPS Office awards require that both the top law enforcement executive (e.g., chief of police, sheriff, or equivalent) and the top government executive (e.g., mayor, board chairman, or equivalent) sign the award document. For non-law enforcement agencies (universities, etc.), the authorized officials are the programmatic and financial officials who have the ultimate signatory authority to sign contracts on behalf of your organization. If you have any questions as to who should sign the award, please contact your jurisdiction's local legal advisor.

If the Authorized Representatives change between the time of application submission and award receipt, the Entity Administrator (EA) will need to update the Authorized Representative in JustGrants.

By when must the award document be signed?

Please electronically sign the award document within 45 days of date on the award letter. Award funds will not be released until we have received your agency's signed award document, your budget has received final clearance, and any other relevant award conditions particular to your agency have been satisfied. Failure to electronically sign your award document within the 45-day award acceptance period may result in your award being withdrawn and the funds deobligated without additional notification. If your agency requires an extension for accepting the award beyond the 45-day acceptance timeframe, please contact your COPS Office grant manager. Be sure to explain the circumstances that prevent your agency from signing the award document within the 45-day period and identify the date by which the award document will be electronically signed. The COPS Office will review such requests on a case-by-case basis. The COPS Office reserves the right to deny requests to extend the 45-day award acceptance period. If you have any questions, please contact your COPS Office grant manager at AskCOPSRC@usdoj.gov.

What are the specific rules regarding termination of award funding?

The COPS Office may suspend, in whole or in part, or terminate funding or impose other sanctions on a recipient for the following reasons:

- Failure to substantially comply with the requirements or objectives of the Public Safety Partnership and Community Policing Act of 1994, program guidelines, or other provisions of federal law
- Failure to make satisfactory progress toward the goals or strategies set forth in the recipient's application
- Failure to adhere to award agreement requirements or special conditions
- Proposing substantial plan changes to the extent that, if originally submitted, would have resulted in the application not being selected for funding
- Failure to submit required or requested reports
- Filing a false statement or certification in this application or other report or document
- Other good cause shown

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

Awards terminated due to noncompliance with the federal statutes, regulations, or award terms and conditions will be reported to the integrity and performance system accessible through SAM.gov under Entity Information, Responsibility/Qualification (formerly FAPIIS.gov).

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and any other remedy available by law.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Award terms and conditions

The award terms and conditions are included in the award package. By accepting this award, you are obtaining federal funds from the COPS Office. As part of that agreement, your agency acknowledges that it will comply with these conditions (and, if applicable, additional special or high risk conditions specific to your agency). The section that follows describes, in detail, the award conditions, their rationales, and their implications. It also addresses many frequently asked questions. If you have additional questions concerning any of these award conditions, please contact your COPS Office grant manager.

In limited circumstances, your award may be subject to special or high risk conditions that prevent your agency from drawing down or accessing award funds until the special conditions are satisfied, as determined by the COPS Office. Any special or high risk conditions will be included with your award package. If you have questions about the special conditions, please contact your COPS Office grant manager or the COPS Office Response Center at AskCOPSRC@usdoj.gov.

Reasons for award conditions

The requirements of your award are established within

- the Public Safety Partnership and Community Policing Act of 1994, as applicable, which established the COPS Office;
- applicable rules, regulations, and policies issued by the U.S. Department of Justice, Office of Management and Budget (OMB), the Government Accountability Office (GAO), and the United States Treasury;
- the specific programmatic requirements established by the COPS Office.

Review of award conditions

By signing the award document to accept this award, your agency agrees to abide by the following award conditions:

1. Award Owner's Manual

Condition:

The recipient agrees to comply with the terms and conditions in the applicable award year COPS Office Program Award Owner's Manual; DOJ Grants Financial Guide; COPS Office statute (34 U.S.C. § 10381, et seq.) as applicable; Students, Teachers, and Officers Preventing (STOP) School Violence Act of 2018 (34 U.S.C. § 10551, et seq.) as applicable; the requirements of 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), including subsequent changes, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101; 48 C.F.R. Part 31 (FAR Part 31) as applicable (Contract Cost Principles and Procedures); the Cooperative Agreement as applicable; representations made in the application; and all other applicable program requirements, laws, orders, regulations, or circulars.

Failure to comply with one or more award requirements may result in remedial action including, but not limited to, withholding award funds, disallowing costs, suspending, or terminating the award, or other legal action as appropriate.

Should any provision of an award condition be deemed invalid or unenforceable by its terms, that provision will be applied to give it the maximum effect permitted by law. Should the provision be deemed invalid or unenforceable in its entirety, such provision will be severed from this award.

Why this condition:

This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your award. Your organization will be responsible for the information and rules contained in this manual and for implementing your award in compliance with the applicable terms, conditions, and regulations. Please note that in accordance with 2 C.F.R. § 200.101(a)(2), the COPS Office applies 2 C.F.R. Subparts A through E to for-profit (or commercial) entities. More detailed guidance regarding any particular award requirement or your organization's specific circumstances can be requested through your COPS Office Grant Manager.

What you should do:

Please read the entire CAMP Award Owner's Manual carefully prior to signing the award package. If you have any questions, please contact your COPS Office grant manager. When accepting your award, you should ensure that the proper reporting and financial systems are in place to satisfy the award requirements.

2. Duplicative Funding

Condition:

The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.

Why this condition:

This award was made to your organization for approved project costs that are not funded with other funds, including federal, state, local, tribal, or Bureau of Indian Affairs (BIA) funds. Consequently, your organization may not use this funding for items or services that you already have funding for from other sources.

What you should do:

If your organization receives funding from another source for the same item(s) or services(s) also funded under this award, please contact your COPS Office grant manager. If necessary, the COPS Office will work with your organization to reprogram funding for items or services that are allowable under this award program.

3. Authorized Representative Responsibility

Condition:

The recipient understands that, in accepting this award, the Authorized Representatives declare and certify, among other things, that they possess the requisite legal authority to accept the award on behalf of the recipient entity and, in so doing, accept (or adopt) all material requirements throughout the period of performance under this award. The recipient further understands, and agrees, that it will not assign anyone to the role of Authorized Representative during the period of performance under the award without first ensuring that the individual has the requisite legal authority.

Why this condition:

The Authorized Representatives are responsible for reviewing and accepting a recipient's COPS Office award and must possess the legal authority to accept awards. This action binds the recipient to the award requirements.

What you should do:

The recipient must ensure it assigns two officials as the required Authorized Representatives for its COPS Office award who have ultimate and final responsibility for all programmatic and financial decisions for the agency, as the legal recipient. For guidance on who should be assigned as your agency's two Authorized Representatives, please see the Award Acceptance, Terms, and Conditions section of the Award Owner's Manual.

4. Recipient Integrity and Performance Matters

Condition:

For awards over \$500,000, the recipient agrees to comply with the following requirements of 2 C.F.R. Part 200, Appendix XII to Part 200 – Award Term and Condition for Recipient Integrity and Performance Matters:

I. Reporting of Matters Related to Recipient Integrity and Performance

(a) General Reporting Requirement.

(1) If the total value of your active grants, cooperative agreements, and procurement contracts from all Federal agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient must ensure the information available in the responsibility/qualification records through the System for Award Management (SAM.gov), about civil, criminal, or administrative proceedings described in

paragraph (b) of this award term is current and complete. This is a statutory requirement under section 872 of Public Law 110–417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111– 212, all information posted in responsibility/qualification records in SAM.gov on or after April 15, 2011 (except past performance reviews required for Federal procurement contracts) will be publicly available.

(b) Proceedings About Which You Must Report.

(1) You must submit the required information about each proceeding that—

(i) Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

(ii) Reached its final disposition during the most recent five-year period; and

(iii) Is one of the following—

(A) A criminal proceeding that resulted in a conviction;

(B) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;

(C) An administrative proceeding that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or

(D) Any other criminal, civil, or administrative proceeding if—

(1) It could have led to an outcome described in paragraph (b)(1)(iii)(A) through (C);

(2) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and

(3) The requirement in this award term to disclose information about the proceeding does not conflict with applicable laws and regulations.

(c) Reporting Procedures. Enter the required information in SAM.gov for each proceeding described in paragraph (b) of this award term. You do not need to submit the information a second time under grants and cooperative agreements that you received if you already provided the information in SAM.gov because you were required to do so under Federal procurement contracts that you were awarded.

(d) Reporting Frequency. During any period of time when you are subject to the requirement in paragraph (a) of this award term, you must report proceedings information in SAM.gov for the most recent five-year period, either to report new information about a proceeding that you have not reported previously or affirm that there is no new information to report. If you have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000, you must disclose semiannually any information about the criminal, civil, and administrative proceedings.

(e) Definitions. For purposes of this award term—

Administrative proceeding means a nonjudicial process that is adjudicatory in nature to make a determination of fault or liability (for example, Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with the performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere. Total value of currently active grants, cooperative agreements, and procurement contracts includes the value of the Federal share already received plus any anticipated Federal share under those awards (such as continuation funding).

Why this condition:

Under 2 CFR § 200.210 (b) (1) (iii), recipients of awards in excess of \$500,000 are required to report certain civil, criminal, and administrative proceedings if they have active federal awards, cooperative agreements, or contracts (or any combination of these) that total more than \$10,000,000 during the COPS Office award period. The purpose is to protect the public interest and to ensure proper management in federal activities by conducting business with responsible parties.

What you should do:

If the total value of your active awards, cooperative agreements, and contracts from all federal awarding agencies exceeds \$10,000,000 during the COPS Office award period, then you must ensure that the proceedings described in paragraph 2 of this award term that are reported in the System for Award Management (SAM) are current. The information about the reported proceedings is made available in SAM via the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIS)).

During the award period, you must either report for the most recent five-year period new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. You must also disclose semiannually any information about criminal, civil, and administrative proceedings.

5. Debarment and Suspension

Condition:

The recipient agrees not to award federal funds under this program to any party which is debarred or suspended from participation in federal assistance programs. 2 C.F.R. Part 180 (Government-wide Nonprocurement Debarment and Suspension) and 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension).

Why this condition:

Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension), and 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension.)

What you should do:

If under a COPS Office award, you enter into a contract for goods or services for \$25,000 or more or any subaward, you must verify that the vendor or subrecipient and their respective principals (e.g., owners, top managers) with whom you intend to do business are not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subrecipient to comply with subpart C of the OMB guidance in 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension) and subpart C of 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension).

6. False Statements

Condition:

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and/or any other remedy available by law. 31 U.S.C. § 3729-3733.

Why this condition:

This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other award documents.

What you should do:

Ensure that all documentation related to your agency's receipt and use of award funding (award applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

7. Reporting Subawards and Executive Compensation

Condition:

The recipient agrees to comply with the following requirements of 2 C.F.R. Part 170, Appendix A to Part 170 –

Award Term:

I. Reporting Subawards and Executive Compensation

(a) Reporting of first-tier subawards—(1) Applicability. Unless the recipient is exempt as provided in paragraph (d) of this award term, the recipient must report each subaward that equals or exceeds \$30,000 in Federal funds for a subaward to an entity or Federal agency. The recipient must also report a subaward if a modification increases the Federal funding to an amount that equals or exceeds \$30,000. All reported subawards should reflect the total amount of the subaward.

(2) Reporting Requirements. (i) The entity or Federal agency must report each subaward described in paragraph (a)(1) of this award term to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) at <http://www.fsrs.gov>.

(ii) For subaward information, report no later than the end of the month following the month in which the subaward was issued. (For example, if the subaward was made on November 7, 2025, the subaward must be reported by no later than December 31, 2025).

(b) Reporting total compensation of recipient executives for entities—(1) Applicability. The recipient must report the total compensation for each of the recipient's five most highly compensated executives for the preceding completed fiscal year if:

(i) The total Federal funding authorized to date under this Federal award equals or exceeds \$30,000;

(ii) in the preceding fiscal year, the recipient received:

(A) 80 percent or more of the recipient's annual gross revenues from Federal procurement contracts (and subcontracts) and Federal awards (and subawards) subject to the Transparency Act; and

(B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal awards (and subawards) subject to the Transparency Act; and,

(iii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986 after receiving this subaward. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/excomp.htm>.)

(2) Reporting Requirements. The recipient must report executive total compensation described in paragraph (b)(1) of this appendix:

(i) As part of the recipient's registration profile at <https://www.sam.gov>.

(ii) No later than the month following the month in which this Federal award is made, and annually after that. (For example, if this Federal award was made on November 7, 2025, the executive total compensation must be reported by no later than December 31, 2025.)

(c) Reporting of total compensation of subrecipient executives—(1) Applicability. Unless a first-tier subrecipient is exempt as provided in paragraph (d) of this appendix, the recipient must report the executive total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if:

(i) The total Federal funding authorized to date under the subaward equals or exceeds \$30,000;

(ii) In the subrecipient's preceding fiscal year, the subrecipient received:

(A) 80 percent or more of its annual gross revenues from Federal procurement contracts

(and subcontracts) and Federal awards (and subawards) subject to the Transparency Act; and,

(B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal awards (and subawards) subject to the Transparency Act; and

(iii) The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986 after receiving this subaward. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/excomp.htm>.)

(2) Reporting Requirements. Subrecipients must report to the recipient their executive total compensation described in paragraph

(c)(1) of this appendix. The recipient is required to submit this information to the

Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS) at <http://www.fsrs.gov> no later than the end of the month following the month in which the subaward was made. (For example, if the subaward was made on November 7, 2025, the subaward must be reported by no later than December 31, 2025).

(d) Exemptions. (1) A recipient with gross income under \$300,000 in the previous tax year is exempt from the requirements to report:

(i) Subawards, and

(ii) The total compensation of the five most highly compensated executives of any subrecipient.

(e) Definitions. For purposes of this award term:

Entity includes:

(1) Whether for profit or nonprofit:

(i) A corporation;

(ii) An association;

(iii) A partnership;

(iv) A limited liability company;

(v) A limited liability partnership;

(vi) A sole proprietorship;

(vii) Any other legal business entity;

(viii) Another grantee or contractor that is not excluded by subparagraph (2); and

(ix) Any State or locality;

(2) Does not include:

(i) An individual recipient of Federal financial assistance; or

(ii) A Federal employee.

Executive means an officer, managing partner, or any other employee holding a management position.

Subaward has the meaning given in 2 CFR 200.1.

Subrecipient has the meaning given in 2CFR 200.1.

Total Compensation means the cash and noncash dollar value an executive earns during an entity's preceding fiscal year. This includes all items of compensation as prescribed in 17 CFR 229.402(c)(2).

Why this condition:

To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is <https://www.usaspending.gov/>. Recipients are responsible for reporting their applicable executive compensation and subaward information and the award term provides guidance to report the related information, as required by FFATA.

What you should do:

At the time of award application, your agency was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your agency received awards of \$30,000 or more, you are required to report award information on any first-tier subawards totaling \$30,000 or more and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the Internet at <https://www.fsr.gov/>, is the reporting tool that your agency will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on <https://www.usaspending.gov/> associated with your agency's award to further federal spending transparency.

For additional information regarding the executive compensation and subaward reporting requirements, please see <https://www.federalregister.gov/documents/2024/04/22/2024-07496/guidance-for-federal-financial-assistance>.

8. Contract Provision

Condition:

All contracts made by the award recipients under the federal award must contain the provisions required under 2 C.F.R. Part 200, Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards. Please see appendices in the Award Owner's Manual for a full text of the contract provisions.

Why this condition:

Federal regulations require recipients and subrecipients to comply with the necessary contract provisions in order to standardize and strengthen oversight of all contracts made under federal awards. This provision protects the public interest and ensures the proper management and use of federal funds as it relates to contracts entered into by the recipient.

What you should do:

The recipient should review all contracts made under the federal award to ensure that they contain the provisions required under 2 C.F.R. Part 200, (Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards) in the appendices of the Award Owner's Manual.

(3) The recipient must include the requirements of paragraph (a)(1) of this award term in any subaward it makes to a private entity.

(4) If applicable, the recipient must also comply with the compliance plan and certification requirements in 2 CFR 175.105(b).

(d) Definitions. For purposes of this award term:

Employee means either:

(1) An individual employed by the recipient or a subrecipient who is engaged in the performance of the project or program under this award; or

(2) Another person engaged in the performance of the project or program under this award and not compensated by the recipient including, but not limited to, a volunteer or individual whose services are contributed by a third party as an in-kind contribution toward cost sharing requirements.

Private Entity means any entity, including for-profit organizations, nonprofit organizations, institutions of higher education, and hospitals. The term does not include foreign public entities, Indian Tribes, local governments, or states as defined in 2 CFR 200.1.

The terms "severe forms of trafficking in persons," "commercial sex act," "sex trafficking," "Abuse or threatened abuse of law or legal process," "coercion," "debt bondage," and "involuntary servitude" have the meanings given at section 103 of the TVPA, as amended (22 U.S.C. 7102).

Why this condition:

The purpose of this government-wide award term is to implement the requirement in paragraph (g) of section 106 of the Trafficking Victims Protection Act of 2000 (TVPA), as amended, (22 U.S.C. § 7104(g)). The award term authorizes the COPS Office to terminate an award to a private entity, without penalty, if the recipient or a subrecipient:

- (a) Engages in severe forms of trafficking in persons during the period of time that the award is in effect;
- (b) Procures a commercial sex act during the period of time that the award is in effect; or
- (c) Uses forced labor in the performance of the award or subawards under the award; or
- (d) Acts that directly support or advance trafficking in persons as described in the award term.

2 C.F.R. § 175.105.

What you should do:

During the time that the award is in effect, recipients, subrecipients at any tier, and their employees must not engage in severe forms of trafficking in persons, procure commercial sex acts, use forced labor in the performance of the award, or engage in acts that directly support or advance trafficking persons. The recipient must include the above award term in any subaward to a private entity. The recipient must also promptly notify the COPS Office of any information received from any source alleging a violation of prohibited conduct described in the award term.

10. Restriction on Internal Confidentiality Agreements

Condition:

No recipient or subrecipient under this award, or entity that receives a contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information. Further Consolidated Appropriations Act, 2024, Public Law 118-47, Division B, Title VII, Section 742.

Why this condition:

Under the Appropriations Act neither the recipient, subrecipient, nor any entity that receives a contract or subcontract with any funds under this or any other Act may require its employees or contractors to sign an internal confidentiality agreement or statement prohibiting or otherwise restricting their lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency. This provision protects the public interest and ensures the proper management and use of federal funds. This limitation is not

intended and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

What you should do:

In accepting this award, the recipient

- represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the agency making this award, and will resume such obligations only if expressly authorized to do so by that agency.

If the recipient does or is authorized to make subawards or contracts under this award, in accepting, the recipient

- represents that it has or will determine that no other entity that the recipient proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that it has or will make appropriate inquiry, or otherwise has an adequate factual basis, to support this representation;
- represents that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

11. Award Monitoring Activities

Condition:

Federal law requires that recipients receiving federal funding from the COPS Office must be monitored to ensure compliance with their award conditions and other applicable statutes and regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Award monitoring activities conducted by the COPS Office include site visits, enhanced office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS Office award recipient, you agree to cooperate with and respond to any requests for information pertaining to your award. This includes all financial records, such as general accounting ledgers and all

supporting documents. All information pertinent to the implementation of the award is subject to agency review throughout the life of the award, during the close-out process and for three-years after the submission of the final expenditure report. 2 C.F.R. §§ 200.334 and 200.337, and, as applicable, 34 U.S.C. § 10385(a).

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that each award program must contain a monitoring component. The COPS Office actively monitors how recipients are complying with COPS Office award requirements. In addition, the monitoring component provides customer service and technical assistance to help ensure recipients understand how to remain in compliance while implementing their awards.

What you should do:

Your agency may be required to accommodate routine and non-routine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your agency's use of federal funds both programmatically and financially. The four primary means of ensuring recipients' compliance with the terms and conditions of their awards are as follows:

1. **Site Visits.** The COPS Office strategically selects award recipients based on a variety of risk factors to conduct site visits to ensure compliance with award terms and conditions. The purpose of site visits is three-fold:

- i. To review for compliance with the terms and conditions of the award
- ii. To review the recipient's community policing strategies
- iii. To provide customer service and technical assistance

If selected, recipients will be notified in writing in advance with detailed instructions for how to prepare for the review of their COPS Office awards. This review is generally performed over a period of one or more days depending on the number of awards that require review. Recipients will have an opportunity to resolve any identified noncompliance issues while on-site or, if necessary, following the site visit. In addition, recipients will have an opportunity to seek customer service and/or technical assistance on the implementation of their award.

2. **Enhanced Office-Based Grant Reviews (EOBGR).** In lieu of a site visit, awards may be selected for an EOBGR conducted at the COPS Office via teleconference or video conference. EOBGRs serve as an alternative for conducting award monitoring reviews in support of the COPS Office's overall award monitoring strategy. The purpose of the EOBGR is three-fold:

- i. To review for compliance with the terms and conditions of the award
- ii. To review the recipient's community policing strategies
- iii. To provide customer service and technical assistance

If selected, the recipient will be notified in writing in advance of any EOBGR of its COPS Office awards. This review is generally performed over a one-two-day period depending on the number of awards that require a review. Recipients will have an opportunity to resolve any identified noncompliance issues if necessary, following the EOBGR interview. In addition, award recipients will have an opportunity to seek customer service and/or technical assistance on the implementation of their award.

3. **Alleged Noncompliance Referral (ANCR).** An ANCR is an allegation of suspected noncompliance that originates from an internal source within the COPS Office or an external referral from one of many sources. Internal ANCRs generally originate from the COPS Office Grants Administration Division, the COPS Office Finance Division, or the COPS Office, Office of the General Counsel, although any COPS Office component may refer a noncompliance issue to the ANCR. External noncompliance referrals may be received from anonymous complainants, media, citizens, law enforcement agencies, other federal agencies, or other outside sources. On a case-by-case basis, COPS Office ANCR staff members determine the appropriate course of action to take to investigate complaints of alleged noncompliance. This may include phone or letter contact or a site visit or an EOBGR by COPS Office staff or the Office of the Inspector General (OIG). Each ANCR referral is resolved as a violation or nonviolation based upon supporting documentation and/or other factors used to make a determination for compliance or noncompliance.
4. **Audit Liaison.** The OIG may conduct a random audit for any recipient of a COPS Office award. In the event your agency has undergone an OIG audit and there are audit recommendations (findings) resulting from noncompliance and/or poor accountability practices, the COPS Office Audit Liaison will work with your agency to resolve and close these recommendations. Remedies to close recommendations may include repayment of award funds and/or providing adequate documentation to demonstrate compliance and/or providing proof of policies or procedures that were created or revised to directly address the causes for the noncompliance as a proactive preventative measure to avoid future noncompliance.

Recipients are responsible for remedying any award noncompliance that is identified during site visits, EOBGRs, and/or ANCRs. In addition, recipients are responsible for remedying noncompliance stemming from audit recommendations identified in audits of COPS Office awards conducted by the OIG and the Office of the Chief Financial Officer (OCFO). Remedies for noncompliance may include but are not limited to repayment of award funds for unallowable or unsupported costs, providing adequate documentation to demonstrate compliance, suspending active award funding, voluntary withdrawal from or involuntary termination of remaining award funds, or a restriction from receiving future COPS Office awards for a period of time. Under certain conditions, additional actions may include referral and placement on the U.S. Department of Justice's High Risk List, which will include mandatory completion of the Office of Justice Programs Financial Management Training and being subject to increased monitoring of current and future awards while on the list. In the event of criminal misuse of award funds, recipients may also be subject to fines and imprisonment. To avoid findings of noncompliance, recipients are strongly encouraged to become familiar with the COPS Office Grant Monitoring Division's **Grant Monitoring Standards and Guidelines** and Award Owner's Manual for the year in which the award was made.

Recipients should also contact the COPS Office or their grant manager at any time during the life of a COPS Office award with questions concerning award conditions, terms, or requirements to seek guidance to avoid noncompliance. It is necessary for recipients to maintain all relevant documentation (administrative, financial, and programmatic) used to develop the application and implement the award that may be necessary or required to demonstrate award compliance. For more information, please contact the COPS Office Response Center at AskCopsRC@usdoj.gov.

12. Reports/Performance Goals

Condition:

To assist the COPS Office in monitoring and tracking the performance of your award, your agency will be responsible for submitting semi-annual programmatic performance reports that describe project activities during the reporting period and quarterly Federal Financial Reports using Standard Form 425 (SF-425). 2 C.F.R. §§ 200.328 - 200.329. The performance report is used to track your agency's progress in implementing the award, and, as applicable, community policing strategies including gauging the effectiveness of your agency's community policing capacity. The Federal Financial Report is used to track the expenditures of the recipient's award funds on a cumulative basis throughout the life of the award.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government must be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and recipients.

What you should do:

This award condition is designed to make your agency aware of reporting requirements associated with COPS Office awards. Semi-annual programmatic progress reports and a final programmatic closeout report must be submitted directly to the COPS Office through the "Performance Management" section of the Award in JustGrants. Your agency is also required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 120 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official award end date; however, you will have a 120-day grace period after the award end date during which you can draw down funds for eligible expenditures incurred before the award end date. Agencies with more than one delinquent programmatic or financial report submission per fiscal year may be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting. These reports are discussed in greater detail in the section "Reports" in this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of award funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

13. Assurances and Certifications

Condition:

The recipient acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its application.

Why this condition:

Although the COPS Office has made every effort to simplify the process of applying for and receiving awards, several provisions of federal law require us to obtain the recipient's signed Assurances and Certifications regarding certain matters. Most of the Assurances and Certifications apply to all federal award programs.

What you should do:

Applicants to COPS Office award programs are required to sign the Assurances and Certifications forms at the time of application and application update. Signing these documents assures the COPS Office that you have read, understood, and accepted the award terms and conditions outlined in the Assurances and Certifications. Please read these documents carefully, because signatures on these documents are treated as a material representation of fact upon which reliance was placed when the U.S. Department of Justice determined whether to fund the covered award. Additional copies of the Assurances and Certifications forms are contained in the appendices of this manual. If you have any questions about them, please contact your COPS Office grant manager at AskCopsRC@usdoj.gov.

14. Federal Civil Rights

Condition:

The recipient and any subrecipient must comply with applicable federal civil rights and nondiscrimination statutes and regulations including: Section 601 of the Civil Rights Act of 1964 (42 U.S.C. § 2000d), as implemented in Subparts C and D of 28 C.F.R. Part 42; section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), as implemented in Subpart G of 28 C.F.R. Part 42; section 901 of the Education Amendments of 1972 (20 U.S.C. § 1681), as implemented in Subpart D of 28 C.F.R. Parts 42 and 54; section 303 of the Age Discrimination Act of 1975 (42 U.S.C. § 6102), as implemented in Subpart I of 28 C.F.R. Part 42; and section 809(c) of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10228(c)), as implemented in Subpart D of 28 C.F.R. Part 42.

In addition to applicable federal statutes and regulations that pertain to civil rights and nondiscrimination, the recipient and any subrecipient must comply with the requirements in 28 C.F.R. Parts 22 (Confidentiality of Identifiable Research and Statistical Information); 28 C.F.R. Part 23 (Criminal Intelligence Systems Operating Policies); 28 C.F.R. Part 38 (Partnerships with Faith-Based and Other Neighborhood Organizations); and 28 C.F.R. Part 46 (Protection of Human Subjects). For an overview of the civil rights laws and nondiscrimination requirements in connection with your award, please see <https://www.ojp.gov/program/civil-rights/overview>.

Why this condition:

In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights and nondiscrimination laws. As a result, recipients are required to comply with the civil rights and nondiscrimination laws referenced above. A hold may be placed on your award if it is deemed that your agency is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your agency's COPS Office award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

What you should do:

The Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice has been delegated the responsibility for ensuring that recipients of federal financial assistance from the COPS Office are not engaged in discrimination prohibited by law. Included with your award package is a memorandum from the OCR, which addresses the federal civil rights statutes and regulations applicable to your award. You should review this

memorandum to understand your agency's civil rights responsibilities. For an overview of the civil rights laws and nondiscrimination requirements in connection with your award, please see <https://www.ojp.gov/program/civil-rights/overview>.

The recipient and any subrecipient must comply with all applicable requirements of 28 C.F.R. Part 38, which includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipients and subrecipients that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations. Recipients and subrecipients that provide social services under this award must give written notice to beneficiaries and prospective beneficiaries prior to the provision of services (if practicable) which shall include language substantially similar to the language in 28 CFR Part 38, Appendix C, sections (1) through (4). A sample written notice and other important Part 38 information may be found at <https://www.ojp.gov/program/civil-rights-office/partnerships-faith-based-and-other-neighborhood-organizations>. In addition, a faith-based recipient or subrecipient *may* consider religion in hiring *provided* it satisfies particular requirements, which can be found at <https://www.ojp.gov/funding/explore/legaloverview2024/civilrightsrequirements>.

As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights and nondiscrimination laws to collect data and information sufficient to permit effective enforcement of such laws, and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

15. Enhancement of Contractor Protection from Reprisal for Disclosure of Certain Information

Condition:

Recipients and subrecipients agree not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he or she reasonably believes is evidence of gross mismanagement of a federal contract or award, a gross waste of federal funds, an abuse of authority relating to a federal contract or award, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or award. The recipient also agrees to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see the appendices in the Award Owner's Manual for a full text of the statute.

Why this condition:

Under the "Enhancement of contractor protection from reprisal for disclosure of certain information" (41 U.S.C. § 4712), recipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal awards and contracts. The law protects the public interest and ensures the proper management and use of federal funds.

What you should do:

The recipient must not take reprisal actions against an employee for disclosing misconduct under federal contracts and awards to certain persons and entities.

The recipient is prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he or she reasonably believes is evidence of

- gross mismanagement of a federal contract or award;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or award;
- a substantial and specific danger to public health or safety; or
- a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or award.

In addition, the disclosure must also have been made to

- a member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or award oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;
- a court or grand jury; or
- a management official or other employee of the contractor, subcontractor, or recipient who has the responsibility to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or award.

Recipients and subrecipients must inform their employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections, and remedies under 41 U.S.C. § 4712. Recipients and subrecipients who wish to use the U.S. Department of Justice, Office of Inspector General whistleblower information brochure to inform their employees of their rights, may obtain a copy at <https://oig.justice.gov/sites/default/files/2020-04/NDAA-brochure.pdf>.

Please see the appendices in this manual addressing Whistleblower Protection for a full text of the “Enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. § 4712).

16. System for Award Management (SAM) and Universal Identifier Requirements

Condition:

The recipient agrees to comply with the following requirements of 2 C.F.R. Part 25, Appendix A to Part 25 – Award Term:

I. System for Award Management (SAM.gov) and Universal Identifier Requirements

(a) Requirement for System for Award Management. (1) Unless exempt from this requirement under 2 CFR 25.110, the recipient must maintain a current and active registration in SAM.gov. The recipient's registration must always be current and active until the recipient submits all final reports required under this Federal award or receives the final payment, whichever is later. The recipient must review and update its information in SAM.gov at least

annually from the date of its initial registration or any subsequent updates to ensure it is current, accurate, and complete. If applicable, this includes identifying the recipient's immediate and highest-level owner and subsidiaries and providing information about the recipient's predecessors that have received a Federal award or contract within the last three years.

(b) Requirement for Unique Entity Identifier (UEI). (1) If the recipient is authorized to make subawards under this Federal award, the recipient:

(i) Must notify potential subrecipients that no entity may receive a subaward until the entity has provided its UEI to the recipient.

(ii) Must not make a subaward to an entity unless the entity has provided its UEI to the recipient. Subrecipients are not required to complete full registration in SAM.gov to obtain a UEI.

(c) Definitions. For the purposes of this award term:

System for Award Management (SAM.gov) means the Federal repository into which a recipient must provide the information required for the conduct of business as a recipient. Additional information about registration procedures may be found in SAM.gov (currently at <https://www.sam.gov>).

Unique entity identifier means the universal identifier assigned by SAM.gov to uniquely identify an entity.

Entity is defined at 2 CFR 25.400 and includes all of the following types as defined in 2 CFR 200.1:

(1) Non-Federal entity;

(2) Foreign organization;

(3) Foreign public entity;

(4) Domestic for-profit organization; and

(5) Federal agency.

Subaward has the meaning given in 2 CFR 200.1.

Subrecipient has the meaning given in 2 CFR 200.1.

Why this condition:

The purpose of this standard award term is to ensure government-wide uniformity in establishing a universal unique entity identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable), and to establish the SAM as the repository for standard information about applicants and recipients.

What you should do:

At the time of award application, your agency was required to provide its SAM unique entity identifier and be registered in the SAM database.

Your agency should continue to use the same unique entity identifier provided in your award application and update, as needed, the information associated with that unique entity identifier. If your agency is authorized to make subawards under its award, your agency may make subawards only to entities that have unique entity identifiers.

Your agency must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. **Your agency must review and update its SAM information at least once per year to maintain an active registration status.** For more information about SAM registration, please visit <https://www.sam.gov/>.

17. Employment Eligibility

Condition:

The recipient agrees to complete and keep on file, as appropriate, the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States. Immigration Reform and Control Act of 1986 (IRCA), Public Law 99-603.

Why this condition:

Under federal immigration law, all employers are required to take certain steps to ensure that persons that are hired are legally permitted to work in the United States. The Bureau of Citizenship and Immigration Services Employment Eligibility Verification Form (I-9) outlines the types of documents that an employer should review to confirm that a new hire is eligible for employment.

What you should do:

You do not need to submit any documentation to the COPS Office to satisfy this condition. Rather, you should complete and maintain the I-9 forms for all new employees under the guidelines set forth by the United States Citizenship and Immigration Services. For further information about this requirement, please visit <https://www.uscis.gov/i-9-central>.

18. Conflict of Interest

Condition:

Recipients and subrecipients must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in accordance with 2 C.F.R. § 200.112.

Why this condition:

Recipients and subrecipients are required to use federal funding in the best interest of their award program. Any decisions related to these funds must be free of hidden personal or organizational conflicts of interest, both in fact and in appearance.

This means that recipients and subrecipients should not participate in any award-related decisions or recommendations that involve any of the following people or groups:

- an immediate family member
- a partner
- an organization in which they are serving as an officer, director, partner, or employee
- any person or organization with whom they are negotiating or who has an arrangement concerning prospective employment, has a financial interest, or for other reasons can have less than an unbiased transaction with the recipient or subrecipients

This also means that recipients and subrecipients should avoid any action which might result in or create the appearance of

- using your official position for private gain;
- giving special treatment to any person;
- losing complete independence or objectivity;
- making an official decision outside official channels; or
- negatively affecting the confidence of the public in the integrity of the Federal Government or the program

What you should do:

Ensure that you report in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest that may affect your federal award.

19. Termination

Condition:

Recipient understands and agrees that the COPS Office may terminate funding, in whole or in part, for the following reasons:

(1) When the recipient fails to comply with the terms and conditions of a Federal award.

(2) When the recipient agrees to the termination and termination conditions.

(3) When the recipient provides the COPS Office written notification requesting termination including the reasons, effective date, and the portion of the award to be terminated. The COPS Office may terminate the entire award if the remaining portion will not accomplish the purposes of the award.

(4) Pursuant to any other award terms and conditions, including, when an award no longer effectuates the program goals or agency priorities to the extent such termination is authorized by law.

2. C.F.R. § 200.340.

Why this condition:

This condition sets forth the circumstances under which your federal award may be terminated.

What you should do:

Carefully review the reasons for termination in this condition to ensure that your agency is aware of when award funding may be terminated. If you have any questions regarding the provisions, please contact your COPS Office grant manager at AskCOPSRC@usdoj.gov.

20. Equal Employment Opportunity Plan (EEO Plan)

Condition:

All recipients of funding from the COPS Office must comply with the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan. 28 C.F.R. Part 42 subpart E.

Why this condition:

It is the experience of the U.S. Department of Justice in implementing its responsibilities under the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), the statute that established the COPS Office, that “the full and equal participation of women and minority individuals in employment opportunities in the criminal justice system is a necessary component to the Safe Streets Act’s program to reduce crime and delinquency in the United States” 28 C.F.R. § 42.301. The Equal Employment Opportunity Plan (EEO Plan) does not impose quotas or hiring requirements on recipients of federal funds.

What you should do:

The obligations to comply with the EEO Plan requirement differ depending on your organization’s legal status, the number of its employees, and the amount of the award. If your organization is a government agency or private business and has received a single award for \$25,000 or more and has fifty or more employees (counting both full- and part-time employees but excluding political appointees), then it has to prepare a Utilization Report and submit it to the Office for Civil Rights (OCR) within 120 days from the date of the award. Although the OCR has discretion to review all submitted Utilization Reports, it will review the Utilization Reports from recipients that receive an award of \$500,000 or more.

To begin developing a Utilization Report, please consult the OCR's website at <https://ojp.gov/about/ocr/eeop.htm> and click EEO Reporting Tool Login. Additional assistance can be found online at the bottom of the same webpage by clicking the EEO Reporting Tool Job Aid and Frequently Asked Questions.

If your organization has fewer than 50 employees or receives an award of less than \$25,000 or is a nonprofit organization, a medical institution, an educational institution, or an Indian tribe, then it is exempt from the EEO Plan requirement. To claim the exemption, however, your organization must certify that it is exempt by logging into the EEO Reporting Tool on the OCR website at <https://ojp.gov/about/ocr/eeop.htm>, providing the contact and organizational profile information, and then submitting a Certificate of Exemption.

If you have further questions regarding the EEO Plan requirements, you may contact an EEO Plan specialist at the OCR by telephone at 202-307-0690, by TTY at 202-0307-2027, or by email at EEOforms@usdoj.gov.

21. Mandatory Disclosure

Condition:

Recipients and subrecipients must timely disclose in writing to the Federal awarding agency or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Recipients that receive an award over \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. Part 200, Appendix XII to Part 200. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in 2 C.F.R. § 200.339. 2 C.F.R. § 200.113.

Why this condition:

Federal regulations require recipients and subrecipients to report all federal violations involving fraud, bribery, or gratuity that may affect the awarded federal funds. In addition, recipients that receive an award of more than \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. part 200, Appendix XII to Part 200. This condition advises your organization of the requirement and the consequences of failing to report such violations to the COPS Office or pass-through entity.

What you should do:

Ensure that you timely report in writing to the COPS Office or pass-through entity all federal violations involving fraud, bribery, or gratuity that may affect your federal award and, if applicable, report certain civil, criminal, or administrative proceedings in SAM.

22. Additional High-Risk Recipient Requirements

Condition:

The recipient agrees to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient. 2 C.F.R. § 200.208.

Why this condition:

In accordance with 2 C.F.R. § 200.208, the DOJ may impose additional requirements specific to your award, as needed, when it determines that there is unsatisfactory performance, financial or administrative instability, noncompliance with award terms and conditions, or other lack of responsibility risk factors. In such cases, the DOJ may impose special conditions or restrictions that may include requiring the production of documentation, financial award administration training, on-site monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

What you should do:

In order to obtain a COPS Office award, recipients must agree to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient.

23. Criminal Intelligence Systems

Condition:

Recipients using award funds to operate an interjurisdictional criminal intelligence system must comply with the operating principles of 28 C.F.R. Part 23. At the time of application, the recipient assured the COPS Office that it will comply with the requirements of 28 C.F.R. Part 23.

Why this condition:

If your agency receives funding for equipment or technology that will be used to operate an inter-jurisdictional criminal intelligence system, you must comply with the operating principles found in 28 C.F.R. Part 23. An inter-jurisdictional criminal intelligence system is generally defined as a system that receives, stores, analyzes, and exchanges or disseminates data regarding on-going pre-arrest criminal activities (examples of such activities include, but are not limited to, loan sharking, drug or stolen property trafficking, gambling, extortion, smuggling, bribery, and public corruption) and shares this data with other law enforcement jurisdictions. 28 C.F.R. Part 23 contains operating principles for these inter-jurisdictional criminal intelligence systems which protect individual privacy and constitutional rights.

If your agency will use CAMP award funds simply to operate a single agency database (or other unrelated forms of technology) and will not share criminal intelligence data with other jurisdictions, 28 C.F.R. Part 23 does not apply to this award.

What you should do:

All CAMP recipients were required to agree to the Certification of Review of Criminal Intelligence Systems/28 C.F.R. Part 23 as part of their application proposal so the COPS Office can track which agencies intend to use their award funds to operate interjurisdictional criminal intelligence systems. If your agency intends to use award funds to operate an interjurisdictional criminal intelligence system, you should have indicated this in your application and certified your agency's agreement to comply with the operating principles found at 28 C.F.R. Part 23. Your agency now must comply with 28 C.F.R. Part 23 in operating the inter-jurisdictional criminal intelligence system funded through your CAMP award.

24. Computer Network Requirement

Condition:

The recipient understands and agrees that no award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. Nothing in this requirement limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities. Consolidated Appropriations Act, 2024, Public Law 118-42, Division C, Title V, Section 527.

Why this condition:

The Appropriations Act prohibits the use of federal funds to maintain or establish a computer network that does not block the viewing, downloading, and exchanging of pornography. This provision protects the public interest in the proper management and use of federal funds.

What you should do:

The recipient must not use award funds to maintain or establish a computer network unless the network blocks pornography. This does not limit the use of funds for criminal investigations, prosecution or adjudication activities.

25. Extensions

Condition:

Your agency may request an extension of the award period to receive additional time to implement your award program. Such extensions do not provide additional funding. Awards may be extended a maximum of 24 months beyond the initial award expiration date. Any request for an extension beyond 24 months will be evaluated on a case-by-case basis. Only those recipients that can provide a reasonable justification for delays will be granted no-cost extensions. Reasonable justifications may include technology implementation delays, training delays, or other circumstances that interrupt the 36-month award funding period. An extension allows your agency to compensate for such delays by providing additional time to complete the full 36 months of funding. 2 C.F.R. § 200.308(f)(10) and 2 C.F.R. § 200.309. Extension requests must be received prior to the end date of the award.

Why this condition:

Under federal regulations, requests to extend the award period require prior written approval from the COPS Office. Without an approved extension, your agency is not permitted to draw down federal funding for costs incurred beyond the official award end date. However, if justified, the COPS Office seeks to accommodate reasonable requests for no-cost time extensions in order to fully implement the COPS Office award.

What you should do:

Requests to extend the award period must be submitted online and received by the COPS Office before the official award end date. Extension requests received after the expiration date will only be considered when the recipient provides justification of extraordinary circumstances; an example of this would be an instance where an unforeseen natural disaster prevented a recipient from requesting an extension. Failure to submit a request for a no-cost time extension by the end date may result in the immediate deobligation of any remaining award funds.

If your agency has excess funds remaining at the end of the award due to salary and fringe benefit costs that were lower than anticipated, your agency cannot extend the 36-month funding period for the purpose of expending those excess funds. Recipients are entitled to a maximum of 36 months of federal funding based on the approved salary and fringe benefits costs in the award package. The COPS Office will deobligate any remaining award funds during the closeout process. If you have any additional questions regarding a no-cost time extension, please contact your COPS Office Grant Manager.

26. Modifications

Condition:

Occasionally, a change in an agency's fiscal or law enforcement situation necessitates a change in its COPS Office CAMP award. Award modifications under CAMP are evaluated on a case-by-case basis. For federal awards in excess of \$250,000, any modification request involving the reallocation of funding between budget categories that exceed or are expected to exceed 10 percent (10%) of the total approved budget requires prior written approval by the COPS Office. Regardless of the federal award amount or budget modification percentage, any reallocation of

funding is limited to approved budget categories. In addition, any budget modification that changes the scope of the project requires prior written approval by the COPS Office. In addition, please be aware that the COPS Office will not approve any modification request that results in an increase of federal funds. 2 C.F.R. § 200.308(i).

Why this condition:

The COPS Office realizes that agencies may need to reprogram award funds. Under federal regulations, you are required to expend award funds only as approved in the award package. Requests to change or alter awards require written approval from the COPS Office prior to their implementation. Without prior written approval, you must continue to implement your award as it was originally awarded and accepted by your agency. Reprogrammed funds must be allocated for items covered within the original scope of the award. Please be advised that reprogramming requests for unallowable costs will not be approved (construction, indirect costs, etc.).

Your agency may reprogram its budget up to an aggregate (over the course of your project) of 10 percent of the total project cost without prior written approval from the COPS Office. However, you should notify your COPS Office Grant Manager of any reprogramming that falls below the 10 percent threshold as well. For awards in excess of \$250,000, any reprogramming of funds that totals an aggregate of 10 percent or more of the approved budget requires prior written approval from the COPS Office.

What you should do:

You are required to notify your COPS Office Grant Manager if you determine that your agency will need to reprogram award funds. If your modification exceeds an aggregated (over the course of your project) 10 percent of your overall award, your agency must access the award through the JustGrants website

Please contact your COPS Office Grant Manager for further direction on any additional requirements that may apply to your modification request. The COPS Office will then evaluate your request and notify your agency of our decision in writing. Implementation of the modified award budget may begin following written approval from the COPS Office. Please note that modification approvals for active awards will be accompanied by modified award financial information reflecting the approved changes.

27. Supplementing, not Supplanting

Condition:

State, local, and tribal government recipients must use award funds to supplement, and not supplant, state, local, or Bureau of Indian Affairs (BIA) funds that are already committed or otherwise would have been committed for award purposes (hiring, training, purchases, and/or activities) during the award period. In other words, state, local, and tribal government recipients may not use COPS Office funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS Office-funded item(s) in the absence of the COPS Office award. 34 U.S.C. § 10384(a).

Why this condition:

The COPS Office statutory nonsupplanting requirement mandates that award funds not be used to replace state or local funds (or, for tribal recipients, BIA funds) that would, in the absence of federal aid, be made available for the award purposes.

What you should do:

CAMP funds may not be used to pay for any item or cost funded under the award (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds. In addition, recipients may not reallocate state, local, or BIA funds from one area within the law enforcement budget to another as a result of receiving CAMP award funds. If you have questions concerning this award term, and how it pertains to your project budget, please contact your COPS Office Grant Manager.

Personnel

To meet this award condition, you must ensure the following:

- Each individual employed under the CAMP award is newly hired on or after the award start date, unless an exception is authorized in writing by the COPS Office. If current personnel are redeployed into this program, they must be paid with local funds. The COPS Office award funds may be used to backfill the resulting vacancy with newly hired personnel for an equivalent amount of time.
- Any officer(s) or civilian(s) that you are hiring bring(s) your force not only to a number over and above the number of funded positions that you had on the date of your COPS Anti-Methamphetamine Program application (including funded but vacant positions) but also over and above the number of locally funded positions during the award period.
- During the life of your award, you must continue to hire as many new, locally funded officers or civilians as you would have if you had not received your award. You may not cancel or postpone spending money in your budget that is committed to hiring other new officers or civilians.
- You must take expeditious and timely steps to fill any vacancies that were created on or after the date of your award application by retirement, resignation, or other reasons with new officers or civilians other than your CAMP positions.

Example: If you are redeploying a current employee who would otherwise be paid \$75,000 in salary and benefits during the life of the award project, your agency must continue to pay this employee with local funds. The COPS Office award funds may be used to backfill the resulting vacancy with a new hire, even though the COPS Office-funded position will not be working directly on the COPS Anti-Methamphetamine Program.

Equipment and technology

To meet this award condition, you must ensure the following:

- Equipment and technology must be purchased on or after the award start date (unless an exception is authorized in writing by the COPS Office) and must be in addition to purchases that the recipient is obligated or funded to make in the current budget. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of a COPS Anti-Methamphetamine Program award. For example, a recipient who has budgeted local funds to pay for a new computer system may not reallocate those funds to pay for any other law enforcement cost as a result of receiving CAMP funds for the same computer system.

Overtime

To meet this award condition, you must ensure the following:

- Sworn officer overtime exceeds expenditures that you are obligated or funded to pay in the current budget. Funds currently allocated to pay for overtime may not be reallocated to other purposes or reimbursed upon the award of a COPS Anti-Methamphetamine Program award. Additionally, by the conditions of this award, you are required to track all overtime funded through the COPS Anti-Methamphetamine Program.

Training

To meet this award condition, you must ensure the following:

- Any training provided by the COPS Anti-Methamphetamine Program is in addition to the number of hours of training already provided by your agency. Funds currently allocated for training may not be reallocated to other purposes.

Note: This award condition applies to all state or locally funded agencies working in partnership with your agency under this award. Your agency is responsible for ensuring that any state or locally funded partnership agencies use COPS Office funds only to supplement, not supplant, their state or local funding as described in this condition.

28. Sole Source Justification

Condition:

Recipients who have been awarded funding for the procurement of an item (or group of items) or service in excess of \$250,000 and who plan to seek approval for use of a noncompetitive procurement process must provide a written sole source justification to the COPS Office for approval prior to obligating, expending, or drawing down award funds for that item or service. 2 C.F.R. § 200.325(b)(2).

Why this condition:

In general, the recipients are required to procure funded items through open and free competition. However, in some instances, recipients may have already determined that competition is not feasible.

What you should do:

If you have received an award for an item (or group of items) or service in excess of \$250,000 and have already determined that the award of a contract through a competitive process is infeasible, you must provide a justification in JustGrants that explains why it is necessary to contract noncompetitively (see **Grant Award Modification Job Aid Reference Guide**).

The initial determination that competition is not feasible can be made if one of the following circumstances exists:

Competition is determined inadequate after soliciting several sources.

The COPS Office authorizes noncompetitive proposals in response to a written request from the recipient.

The procurement transaction can only be fulfilled from a single source.

The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation.

The COPS Office will review your request and the supporting information that you provide and will make a determination as to whether an exception can be made to the general rule regarding competition. If submitting a sole source justification request to the COPS Office, please use the format described in the *Sole Source Justification* fact sheet which can be found at the **[Award Management Materials web page](#)**.

29. State Information Technology Point of Contact

Condition:

The recipient agrees to ensure that the appropriate State Information Technology Point of Contact receives written notification regarding any technology or information-sharing project funded by this award during the obligation and expenditure period. This is to facilitate communication among local and state governmental entities regarding various information technology projects being conducted with these award funds. In addition, the recipient agrees to maintain an administrative file documenting the meeting of this requirement. For a list of State Information Technology Points of Contact, go to <https://it.ojp.gov/technology-contacts>.

Why this condition:

The COPS Office is committed to promoting communication between state and local law enforcement.

What you should do:

If applicable, upon receiving the award, your agency should contact your state information technology point of contact for further guidance. Please visit the Justice Information Sharing homepage at **<https://it.ojp.gov/technology-contacts>** and identify your appropriate contact. The COPS Office is committed to avoiding duplication of existing law enforcement information-sharing networks or IT systems that involve interagency connectivity between jurisdictions. Therefore, such COPS Office-funded systems should employ, to the extent possible, existing systems such as Law Enforcement Online (LEO), Regional Information Sharing Systems (RISS), Joint Regional Information Exchange System (JRIES), etc., to achieve interstate connectivity.

30. Law Enforcement Information Sharing

Condition:

Recipients agree to share relevant law enforcement information collected as a result of CAMP funding with the U.S. Department of Justice Organized Crime Drug Enforcement Task Force (OCDETF) Fusion Center.

Why this condition:

The CAMP award is intended to assist states in tackling their methamphetamine challenges. To coordinate rapid and targeted responses to overdose events and to support investigative efforts, CAMP award recipients must share information with federal, state, local, and tribal public safety partners. Sharing public safety data on drug investigations, diversion reports, and changing local illicit drug supply can help inform public health preparedness and response efforts.

What you should do:

CAMP award recipients must share all relevant law enforcement information with the OCDETF Fusion Center.

31. Law Enforcement Coordination

Condition:

Recipients must coordinate with federal, state, local, and tribal law enforcement agencies to maximize the impact and effectiveness of the award. Recipients must coordinate and work with U.S. Attorneys' Offices in its state; coordinate and work with the local and tribal (as applicable) law enforcement agencies in any area impacted by the work of the COPS Anti-Methamphetamine Program; and coordinate as appropriate with other federal law enforcement partners, such as the Federal Bureau of Investigation (FBI) or Drug Enforcement Agency (DEA) to assist tribal law enforcement agencies.

Why this condition:

The CAMP award is intended to assist states in tackling their methamphetamine challenges. To ensure maximum impact and effectiveness of the award, CAMP award recipients must coordinate with the U.S. Attorney's Office in its state, and work with local, and tribal law enforcement agencies.

What you should do:

CAMP award recipients must coordinate with their U.S. Attorney's Office and work with local and tribal law enforcement agencies.

32. Allowable Costs

Condition:

The funding under this project is for the payment of approved costs for activities related to the establishment and enhancement of a variety of problem-solving strategies to investigate methamphetamine-related illicit activities problems in your jurisdiction. The allowable costs approved for your agency's award are limited to those listed in your agency's award package. In accordance with 2 C.F.R. § 200.400(g), the recipient or subrecipient must not earn or keep any profit resulting from the award. Your agency may not use award funds for any costs not identified as allowable in the award package.

Only actual allowable costs incurred during the award period will be eligible for reimbursement and drawdown. If your agency experiences any cost savings over the course of the award (for example, your award application overestimated the total entry-level officer salary and fringe benefits package), your agency may not use that excess funding to extend the length of the award beyond 36 months. Any funds remaining after your agency has drawn down for the costs approved during the 36-month funding period will be deobligated during the closeout process and should not be spent by your agency.

Why this condition:

Funding under this project may only be used for the purchase of items and services approved by the COPS Office as reflected in the award package. The COPS Anti-Methamphetamine Program funds the hiring of personnel and purchase of equipment, services, and other items that will allow recipients the opportunity to establish and enhance a variety of projects to encourage the continuation and enhancement of community policing efforts within their jurisdictions to combat the use and distribution of methamphetamine.

To be eligible for payment under this award, the purchase or hire of approved items/personnel must be made on or after the award start date and comply with the guidelines described in the section, "Accessing Award Funds" and "Financial Record Maintenance" outlines the types of records you must keep to document that you followed this award condition. Purchases and salary/benefit expenditures must also reflect the costs that were approved as shown in the award package.

What you should do:

All recipients should keep and maintain the most recent, approved version of their 2024 CAMP application, which will contain the approved costs for this award.

Refer to your award package for the list of approved allowable costs. Listed below are the budget categories that may appear in your award package. If funds are spent during the award period on the equipment and technology, supplies, travel, contracts/consultants, salary and benefits, and other costs that were documented in your application's budget summary and were approved through the issuance of the award package, this award condition will be satisfied. The award number should be indicated on all budgetary documentation including purchase orders, receipts, and other documentation.

Equipment

To be eligible for payment under this award, the purchase of equipment and technology must occur on or after the award start date, the items must be those specifically applied for and approved by the COPS Office, and they must meet the guidelines described in 2 C.F.R. Part 200, Subpart E – Cost Principles. Equipment or technology purchased on or after the award start date must be in addition to purchases that the recipient is obligated or funded to make in its current budget. Funds currently allocated to purchase equipment or technology may not be reallocated to other purposes or reimbursed upon the award of a CAMP award. Agencies should establish practices to receive, label, inventory, and track the location of all purchases made for award-funded equipment and/or technology.

Sworn officer positions (salaries and benefits)

Sworn officer salary and fringe benefits apply to new, full-time, sworn career law enforcement officers not already funded in the applicant's local budget. A career law enforcement officer is a person hired on a permanent basis who is authorized by law, or by a state, local, or tribal agency, to engage in or oversee the prevention, detection, and/or investigation of violations of criminal laws. Officers must be hired on or after the award start date and positions must directly relate to the CAMP project. Officers previously employed by your agency may be re-hired using CAMP award funds. Rehired officers are officers who meet one of the following conditions:

- The officer had been laid off by your jurisdiction prior to the original date of the award application as a result of state, local, or Bureau of Indian Affairs (BIA) budget cuts.
- At the time of the award application, the officer was scheduled to be laid off by your jurisdiction on a specific future date as a result of state, local, or BIA budget cuts.

If current personnel are redeployed into this program, they must be paid with local funds. CAMP award funds may be used to backfill the resulting vacancy with newly hired personnel for an equivalent amount of time. (Please note: Overtime for sworn officers engaging in CAMP-related activities is an allowable cost; however, any overtime expenses requested for sworn officer positions must be listed in the "Other Costs" section of your application's budget. Overtime expenses must exceed the expenditures that your agency is obligated or funded to pay in its current budget.)

Civilian/nonsworn personnel (salaries and benefits)

Civilian salary and fringe benefits apply to new personnel not already funded in the applicant's local budget. Staff must be hired on or after the award start date, and positions must directly relate to the CAMP project. Examples of allowable personnel and fringe benefits costs include those for civilian CAMP project coordinators, or antimethamphetamine/drug problem analysts.

Fringe benefits may be paid if they are part of a reasonable compensation package offered to your employees. Particular items of fringe benefits must fall within the categories authorized by the COPS Office. Authorized fringe benefits include FICA, Social Security, health insurance, life insurance, vacation, sick leave, retirement, worker's compensation, and unemployment insurance.

Supplies

All supplies must be used solely for the project identified in your project proposal. Reimbursement for office supplies that are consumed by routine administrative purposes instead of project-related activities is prohibited. Items must meet the guidelines described in 2 C.F.R. Part 200, Subpart E – Cost Principles.

Travel/training

Travel costs for transportation, lodging, subsistence, temporary dependent care, and related items incurred by personnel while on official business, when travel is further than 50 miles from program location, are allowable under the COPS Anti-Methamphetamine Program with prior approval from the COPS Office.

In accordance with 2 C.F.R. § 200.475, travel costs for official business directly related to the award will be reimbursed based upon the recipient's written travel reimbursement policy if the costs are reasonable and allocable under the project. In the absence of an acceptable written policy regarding travel costs, allowable rates and amounts established by the U.S. General Services Administration (GSA) for the relevant geographic area will apply. The current GSA travel policy and per diem rates can be found at www.gsa.gov.

Allowable airfare costs will be reimbursed based upon least expensive unrestricted accommodations class offered by commercial airfare, the Federal Government contract airfare (if authorized and available), or standard coach airfare, unless otherwise authorized in advance by the COPS Office.

Temporary dependent care costs above and beyond regular dependent care that directly results from conference travels are allowable as long as the costs incurred (1) are a direct result of the individual's travel for the federal award; (2) are consistent with the recipient's documented travel policy for all entity travel; and (3) are only temporary during the travel period.

The COPS Anti-Methamphetamine Program will fund award-related travel costs for the recipient agency or other (nonrecipient) individuals to attend training and technical assistance conferences, seminars, classes, or to visit a site specified in the application. Allowable award-related travel costs that were included in the application have been approved by the COPS Office as part of the CAMP award and final budget. Your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Grant Manager.

Contracts/consultants

Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with 2 C.F.R. Part 200, Subpart E—Cost Principles, and consistent with that paid for similar services in the marketplace. Unless otherwise approved by the COPS Office, consultant rates will be based on the salary a consultant receives from his or her primary employer, as applicable, up to \$650 per day. For consultant or contractor rates which exceed \$650 per day, the COPS Office requires written justification if the consultants or contractors are hired through a noncompetitive bidding process and recipients must receive COPS Office approval of those rates before drawing down award funds. Determinations of approval will be made on a case-by-case basis.

Other costs

Project-related expenditures that do not conform to any of the category descriptions specified above, (i.e. sworn officer overtime) were included in this section of your award package. In addition, items that have a direct correlation to the overall success of a recipient's project objectives and are necessary for the project to reach full implementation will be considered on a case-by-case basis by the COPS Office.

Requests may be made only for items or positions that are not otherwise budgeted with state, local, or BIA funds, and would not be funded in the absence of the CAMP award.

If at any time you are unsure if an item is considered allowable or unallowable, please contact your COPS Office Grant Manager for further assistance.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award. See also award condition "Duplicative Funding."

33. Contracts and/or MOUs with other Jurisdictions

Condition:

Equipment, technology, training, vehicles, sworn law enforcement officer positions and civilian positions, awarded must only be used for law enforcement activities or services that benefit your agency/taskforce and the population that it serves. The items funded under a CAMP award cannot be utilized by other agencies/taskforces unless the items benefit the population that your agency/taskforce serves.

Why this condition:

The CAMP award is intended to benefit the communities within the recipient's primary law enforcement jurisdiction. Therefore, the recipient must use the CAMP award funding to benefit its own service population.

What you should do:

Officers funded under the CAMP award cannot provide contract law enforcement services to other agencies unless they will directly benefit the recipient's jurisdiction. For example, a sheriff's department cannot use a CAMP-funded officer to provide contract law enforcement services to a neighboring county but can use the CAMP-funded officer to provide direct law enforcement services to towns within its own county.

34. Career Law Enforcement Officer

Condition:

Officer hiring funds may only be used to pay salaries and fringe benefits for full-time “career law enforcement officers”. The COPS Office’s statute defines a “career law enforcement officer” as “a person hired on a permanent basis who is authorized by law or by a State or local public agency to engage in or supervise the prevention, detection, or investigation of violations of criminal laws.” 34 U.S.C. §10389(1). A recipient agency may use officer hiring funds to pay the salary and benefits of recruits while in academy training to become “career law enforcement officers” if it is the standard practice of the agency to do so with locally-funded recruits. The State of Alaska, and any Indian tribe or tribal organization in that State, may also use officer hiring funds for a “village public safety officer” defined as “an individual employed as a village public safety officer under the program established by the State pursuant to Alaska Statute 18.65.670.” Tribal Law and Order Act of 2010, Pub. L. 111-211, title II, § 247 (a)(2).

Why this condition:

Pursuant to the related statutory authorities, COPS Office funding is for the hiring and rehiring of “career law enforcement officers” (34 U.S.C. § 10381(b)(1) – (2)) and “village public safety officers” (Tribal Law and Order Act of 2010, Pub. L. 111-211, title II, § 247(b)).

What you should do:

You must use COPS Office funding awarded for officer hiring to pay for the salary and benefits of “career law enforcement officers” and/or “village public safety officers.” A recipient may use COPS Office funding to pay the salary and benefits of recruits while in academy training to become “career law enforcement officers” if it is the standard practice of your agency to pay those same costs for locally funded recruits.

35. Domestic preferences for procurements

Condition:

Recipient agrees that it, and its subrecipients, to the greatest extent practicable, will provide a preference for the purchase, acquisition, or use of goods, products, and materials produced in, and services offered in, the United States. 2. C.F.R. § 200.322 and Executive Order 14005, Ensuring the Future is Made in All of America by All of America's Workers, January 25, 2021.

Why this condition:

It is the policy of the United States Government to use federal funds to buy American whenever possible. This condition promotes domestic preferences in procurements under federal awards.

What you should do:

Ensure that your agency provides a preference for American goods and services funded under your award to the greatest extent practicable and consistent with applicable law.

36. Information Data Breach

Condition:

Requirement to report actual or imminent breach of personally identifiable information (PII).

The recipient (and any subrecipient at any tier) must have written procedures in place to respond in the event of an actual or imminent breach (as defined in OMB M-17-12) if it (or a subrecipient)-- 1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of personally identifiable information (PII) (as defined in 2 C.F.R. 200.1) within the scope of a COPS Office grant-funded program or activity, or 2) uses or operates a Federal information system (as defined in OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to the recipient's COPS Office Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach.

Why this condition:

OMB requires recipients and subrecipients to establish written procedures to respond to an actual breach, or the detection of an imminent breach involving personally identifiable information (PII), if within the scope of their award, they will create, collect, use, process, store, maintain, disseminate, disclose, or dispose of PII or will use or operate a Federal information system. Recipient breach procedures must include a requirement to notify the Federal awarding agency in the event of such a breach.

What you should do:

If any part of your COPS Office award involves your agency creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of PII, or the use or operation of a Federal information system, your agency must have written procedures in place to respond to an actual breach, or the detection of an imminent breach involving personally identifiable information (PII), including notification to your COPS Office Program Manager no later than 24 hours following such breach.

Written procedures should promote cooperation and the free exchange of information with the COPS Office, as needed, to properly escalate, refer, and respond to a breach.

37. Background Investigations

Condition:

Recipient agrees to ensure that each officer(s) hired with CAMP funding will be subject to a background investigation, notify the COPS Office upon completion of the background investigation for each officer hired under the CAMP award, and cooperate with the COPS Office and provide updates on the status of background investigations upon request. 2 C.F.R. § 200.208. If the COPS Office determines that CAMP funds are being used to pay the salary and fringe benefits of an officer who has not undergone a background investigation, the COPS Office may temporarily suspend grant funds in accordance with 2 C.F.R. §200.339 until the agency can demonstrate the background investigation has been completed.

Why this condition:

The officer background investigation requirement reduces the risk of hiring officers with past convictions of domestic violence, sexual assault, and other serious crimes.

What you should do:

You must complete a background investigation for each officer before hiring the officer to fill a COPS-funded officer position. Background investigations can include, but are not limited to, criminal history checks, credit checks, resume validation, work history verification, and personal and professional references. Background investigations may be conducted by the provider of your choosing.

In addition, you should notify the COPS Office via your grant manager upon completion of the background investigation for each officer hired under a COPS Office award, cooperate with the COPS Office and provide updates on the status of background investigations upon request.

38. Evaluations

Condition:

The COPS Office may conduct monitoring or sponsor national evaluations of its award programs. The recipient agrees to cooperate with the monitors and evaluators. 34 U.S.C. § 10385(b).

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the attorney general for the furtherance of the purposes of the Act. The COPS Office conducts evaluations to determine what programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your agency implements its CAMP award. In some jurisdictions, COPS Office staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect information about the programs' effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

What you should do:

When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your department, observe activities, and obtain written reports about and from your department. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your award activities. You should fully comply with any requests made regarding these evaluations.

39. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

Condition:

Recipient agrees that it, and its subrecipients, will not use award funds to extend, renew, or enter into any contract to procure or obtain any covered telecommunication and video surveillance services or equipment as described in 2 CFR §200.216. Covered services and equipment include telecommunications or video surveillance services or equipment produced or provided by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities); Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities); or an entity that the Secretary of

Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of China. The use of award funds on covered telecommunications or video surveillance services or equipment are unallowable.

2. C.F.R. § 200.216 & 471. See also Section 889 of the John S. McCain National Defense Authorization Act of Fiscal Year 2019, Public Law 115-232."

Why this condition:

Section 889 of the John S. McCain National Defense Authorization Act of Fiscal Year 2019, Public Law 115-232, as implemented by 2 C.F.R. §200.216, prohibits the use of award funds to extend, renew, or enter into any contract to procure or obtain any covered telecommunication and video surveillance services or equipment as explained in the condition.

What you should do:

Ensure that your agency does not use award funds to extend, renew, or enter into any contract to procure or obtain any covered telecommunication and video surveillance services or equipment.

40. Travel Costs

Condition:

Travel costs for transportation, lodging and subsistence, and related items are allowable with prior approval from the COPS Office. Payment for allowable travel costs will be in accordance with 2 C.F.R. § 200.475.

Why this condition:

CAMP will fund award-related travel costs for the recipient agency or other (nonrecipient) individuals to attend training and technical assistance conferences, seminars, or classes or to visit a site specified in the original application. Allowable expenses for award-related lodging, meals, and incidental expenses that were included in the application were approved by the COPS Office as part of your agency's CAMP award and final budget. For more information, please refer to award condition "Allowable Costs."

What you should do:

Your agency should refer to your JustGrants approved budget for a list of approved travel costs and use CAMP funds only for those approved travel costs incurred during the award period. In addition, your agency should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Grant Manager.

41. Paperwork Reduction Act Clearance and Privacy Act Review

Condition:

Recipient agrees, if required, to submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget (OMB) for clearance under the Paperwork Reduction Act (PRA). Before submission to OMB, all information collections that request personally identifiable

information must be reviewed by the COPS Office to ensure compliance with the Privacy Act. The Privacy Act compliance review and the PRA clearance process may take several months to complete. 44 U.S.C. §§ 3501-3520 and 5 U.S.C. § 552a.

Why this condition:

The purpose of the Paperwork Reduction Act is to reduce, minimize, and control paperwork burdens on the public while maximizing the practical utility and public benefit of information created, collected, disclosed, maintained, used, shared, and disseminated by or for the Federal Government. See 5 C.F.R. § 1320.1. In addition, the Privacy Act establishes a “code of fair information practices” that regulates the collection, maintenance, use, and disclosure of personally identifiable records. 5 U.S.C. § 552a.

A collection of information undertaken by a recipient is considered to be conducted or sponsored by a federal agency only if (1) the recipient is conducting the collection of information at the specific request of the agency, or (2) the terms and conditions of the award require specific approval by the agency of the collection of information or the collection procedures. See 5 C.F.R. § 1320.3(d).

What you should do:

When you undertake surveys, interviews, and other methods of information collection in furtherance of the objectives of the award, you should contact your COPS Office Program Manager. The COPS Office Program Manager will inform you whether Office of Management and Budget (OMB) approval of the information collection method is required and of the procedures necessary to obtain this approval. As part of the OMB approval process, a privacy assessment will be completed to determine if an information collection requires a privacy-related notice. OMB approval may take several months to receive, so recipients are advised to allow ample time for the processing of this request.

II. Accessing Award Funds

This section provides answers to payment-related questions, including all the information needed to set up your payments. For assistance with financial management and award administration, please contact the COPS Office Response Center at AskCOPSRC@usdoj.gov or visit our website at <https://cops.usdoj.gov>.

Payment method

What method of payment is used?

There is currently one payment system available for accessing federal award funds --the Automatic Standard Application for Payments (ASAP) which is the shared services payment system used by the Department of the Treasury . Through this platform, recipients of DOJ grant awards and other forms of federal assistance will be able to request and receive payments for grants managed through JustGrants.

When should Federal Financial Reports be filed?

After your agency accepts the award, under current regulations, you are required to submit quarterly Federal Financial Reports (FFRs) using a Standard Form 425 (SF-425). This report reflects the actual monies spent and unliquidated obligations incurred by your agency. *You will not be able to make drawdowns from you ASAP account if the SF-425 for the most recent reporting quarter has not been submitted in JustGrants by the deadline date.* Recipients are required to submit their SF-425 reports in the Just-Grants portal: <https://justicegrants.usdoj.gov/>

For more information on how to complete and where to submit your quarterly SF-425, see the section of this manual, titled "Reporting Requirements".

Filing the Federal Financial Report (SF-425) identifies your federal and local expenditures made during that calendar quarter. However, to receive actual payment, you must request it through ASAP.

The FFR is submitted in JustGrants and can only be submitted by someone with the role of "Financial Manager". FFRs may be submitted 10 calendar days or less from a reporting period end date until the due date. Once the due date passes, a delinquent report can still be submitted by a Financial Manager. A Financial Manager also has privileges to edit and resubmit FFRs. The most recent Quarterly FFR can be reopened and resubmitted if the due date has not passed. Similarly, a Final FFR can be reopened and resubmitted up to 120 days after the project period end date. You must contact your awarding office to reopen and resubmit a final FFR anytime beyond 120 days after the award end date. Funds are frozen/suspended one day after the due date if the report is not submitted. Funds are released once the delinquent FFR is submitted.

Additional payment questions

Can we receive advances?

Yes. If you receive funds through electronic transfer, the period allowed is 10 days in advance. In general, the concept of "minimum cash on hand" applies to COPS Office awards. This concept requires that your agency request funds based upon immediate cash disbursement needs. You should time your request for payment to ensure that federal cash on hand is the minimum that you need.

There should be no excess federal award funds on hand, except for advances not exceeding 10 days, as noted above.

The Federal Government has four basic rules regarding advances. Advances can be terminated if the recipient

1. is unwilling or unable to attain project goals;
2. maintains excess cash on hand;
3. does not adhere to the terms and conditions of the grant; and/or
4. fails to submit reliable or timely reports.

How often can we request reimbursement of costs?

There are no limitations on how often your agency may request reimbursements; however, your reimbursement requests should cover a specific time frame and include only costs that were approved in the award package. As a general guideline, most agencies request reimbursement on a monthly or quarterly basis. Also, please note that a date range for a reimbursement request can only be used once.

Can we earn interest on our award funds?

For states, payments are governed by Treasury-State CMIA agreements and default procedures codified at 31 C.F.R. Part 205 "Rules and Procedures for Efficient Federal-State Funds Transfers" and TFM 4A-2000 Overall Disbursing Rules for All Federal Agencies.

For nonfederal entities other than states, payment methods must minimize the time between your drawdown of federal funds and your payment of award costs to avoid earning excess interest on your award funds. You must account for interest earned on advances of federal funds as follows:

- The Office of Management and Budget (OMB) uniform guidance at 2 C.F.R. § 200.305(b)(12) states that interest earned on federal advance payments deposited in interest-bearing accounts **up to \$500 per year** may be retained by the nonfederal entity for administrative expenses.
- Any interest earned on federal advance payments deposited in interest-bearing accounts that is **in excess of \$500 per year** must be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. For detailed information on remittance please see the appendices of the Award Owner's Manual for a full text of the electronic medium remittance options.
- If you do not have access to an electronic medium option, then please make a check payable to "The Department of Health and Human Services" and mail the check to Treasury-approved lockbox: HHS Program Support Center, P.O. Box 530231, Atlanta, GA 30353-0231. (Please allow 4-6 weeks for processing of a payment by check to be applied to the appropriate Payment Management System (PMS) account).
- Please notify your COPS Office Staff Accountant in the COPS Office Finance Business Unit when any interest that is earned is remitted to the Department of Health and Human Services, Payment Management System.

III. Financial Record Maintenance

Your agency is required to establish and maintain accounting systems and financial records to accurately account for funds awarded and disbursed. These records must include both federal funds and any local funds contributed to this project.

Accounting systems and records

What accounting systems are required?

As required by 2 C.F.R. §§ 200.1, 200.302, and 200.303, internal controls and financial management systems must provide reasonable assurance that your organization is managing the Federal award in compliance with the U.S. Constitution, Federal statutes, regulations, and award terms and conditions, and provide full accountability for expenditures including, but not limited to:

Transactions are properly recorded and accounted for to prepare reliable financial statements and federal reports and to maintain accountability over assets.

Transactions are executed in compliance with all applicable federal statutes, regulations, and the award terms and conditions.

Funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

What records must be kept?

Your agency's fiscal control and accounting systems should enable you to make accurate, current, and complete disclosure of the financial activity under your COPS Office award. Your accounting records should contain information showing expenditures under the award and must be supported by items such as payroll records, time and attendance records, cancelled checks, or similar documents.

Your agency must adequately safeguard award funds and make sure that they are used for authorized purposes only. Your agency will be responsible for refunding any unallowable expenses.

How long must records be kept?

All financial records and supporting documents associated with your award (including payroll, time and attendance records, canceled checks, and purchase orders) must be retained for a period of three years from the date of submission of the final expenditure report as stated in 2 CFR §200.334 (Retention requirements for records).

Your agency should maintain records so that you can identify them by award year or by fiscal year, whichever you find more convenient. If any litigation, claim, negotiation, audit, or other action involving these records has been started before the end of the three-year period, the records should be kept until completion of the action. These records should be easily located and should be properly protected against fire or other damage. *Failure to maintain adequate records to document award expenditures may result in a requirement to repay all federal funds that cannot be supported with appropriate records.*

What if we have more than one award?

If your agency has more than one COPS Office award or an award from another federal agency, funds received under one project may not be used to support another project without specific written authorization from the COPS Office, or in the case of an award from another agency, from both awarding agencies. Your accounting systems and financial records must reflect expenditures for each project separately.

Who may access our records?

Authorized federal representatives, including representatives from the U.S. Department of Justice, the Comptroller General of the United States, the COPS Office, and any entity designated by the COPS Office may access these records for the purposes of conducting audits, site visits, or other examinations.

IV. Procurement Process

In general, recipients are required to procure funded items through open and free competition when feasible. When conducting a procurement transaction under a Federal award, a State or Indian Tribe must follow the same policies and procedures it uses for procurements with non-Federal funds. If such policies and procedures do not exist, States and Indian Tribes must follow the procurement standards in §§ 200.318 through 200.327. In addition to its own policies and procedures, a State or Indian Tribe must also comply with the procurement standards: §§ 200.321 (Contracting with small and minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms), 200.322 (Domestic preferences for procurement), and 200.323 (Procurement of recovered material) and ensure that every purchase order or other contract includes any clauses required by § 200.327 (Contract provisions). All other recipients and subrecipients, including subrecipients of a State or Indian Tribe, must follow the procurement standards in §§ 200.318 through 200.327. 2 C.F.R. § 200.317.

Consistent with the uniform administrative requirements that prohibit procurement practices that restrict competition, recipients and subrecipients may not discriminate against any person or entity on the basis of a person or entity's status as an "associate of the Federal Government" (or on the basis of a person or entity's status as a parent, affiliate, or subsidiary of an associate of the Federal Government). The term "associate of the Federal Government" means any person or entity engaged or employed (in the past or at present) by or on behalf of the Federal Government as an employee, contractor, subcontractor, award recipient, subrecipient, agent, or otherwise.

As described in the award condition titled "Sole Source Justification", recipients are required to submit a sole source justification (SSJ) request to the COPS Office for noncompetitive procurements in excess of \$250,000 prior to purchasing equipment, technology, or services; obligating funding for a contract; or entering into a contract with award funds. If submitting a sole source justification request to the COPS Office, please follow the steps described in the Sole Source Justification fact sheet .

If you have any questions regarding the federal requirements that guide procurement procedures, please email the COPS Office Response Center at AskCOPSRC@usdoj.gov or visit the COPS Office online at <https://cops.usdoj.gov>.

2024 SAFECOM Guidance on Emergency Communications Grants (SAFECOM Guidance)

To promote consistency in emergency communications policy across the Federal Government, your agency is invited to review the annual SAFECOM Guidance on Emergency Communications Grants. This document is updated annually to provide current information on emergency communications policies, eligible costs, best practices, and technical standards for state, local, tribal, and territorial grant recipients investing federal funds in emergency communications projects.

V. Federal Audit Requirements

In addition to oversight by the COPS Office, your award may be subject to an audit by independent examiners. The two primary types of audit are Single Audit Act (SAA) audits and U.S. Department of Justice, Office of the Inspector General (OIG) audits.

Single Audit Act (SAA) requirements

What are the regulations governing SAA requirements?

The Single Audit Act (SAA) of 1984 established uniform guidelines for state and local governments, and Indian tribal governments receiving federal financial assistance. The 1984 Act was amended in July 1996, by extending these requirements to all nonprofit recipients of federal financial assistance. The Office of Management and Budget (OMB) issued final guidance for 2 C.F.R. Part 200—Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) on December 26, 2013. This guidance applies to all federal awards or funding increments awarded on or after December 26, 2014, and provides additional guidelines regarding the implementation of SAA requirements. 2 C.F.R. Part 200, Subpart F – Audit Requirements, available at <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-F>, establishes the requirements for organizational audits that apply to COPS Office award recipients. Recipients must arrange for the required organization-wide (not award-by-award) audit in accordance with the requirements of Subpart F.

Who must have an SAA audit?

A recipient that expends \$1,000,000 or more during the recipient's fiscal year in federal awards must have a single audit conducted in accordance with 2 C.F.R. § 200.514 (Scope of audit) except when it elects to have a program-specific audit conducted in accordance with 2 C.F.R. § 200.501(c). An auditee may be a recipient, a subrecipient, or a vendor.

SAA audits are required to be conducted annually, unless a state or local government, or Indian tribe is required (by constitution or statute that was in effect on January 1, 1987), to undergo audits less frequently than annually. The primary objective of an SAA audit is to express opinions on the recipient's financial statements, internal controls, major and nonmajor award programs, and compliance with government laws and regulations. Single Audits may also address specific compliance issues with respect to COPS Office award requirements.

In cases of continued inability or unwillingness to have an audit conducted in accordance with this part, federal agencies and pass-through entities must take appropriate action as provided in §200.339. Remedies for noncompliance. See 2 C.F.R. § 200.505.

If the Federal awarding agency or pass-through entity determines that noncompliance cannot be remedied by imposing additional conditions, the Federal awarding agency or pass-through entity may take one or more of the following actions, as appropriate in the circumstances. These sanctions under 2 C.F.R. § 200.339 could include the following:

- Temporarily withholding cash payments pending correction of the deficiency by the nonfederal entity or more severe enforcement action by the federal awarding agency or pass-through entity.
- Disallowing (that is, denying both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.

- Wholly or partly suspending or terminating the federal award.
- Initiating suspension or debarment proceedings as authorized under 2 C.F.R. part 180 and federal awarding agency regulations (or in the case of a pass-through entity, recommending such a proceeding be initiated by a federal awarding agency).
- Withholding further federal awards for the project or program.
- Taking other remedies that may be legally available.

Your SAA reports should not be sent to the COPS Office.

Your SAA reports should not be sent to the COPS Office. If the U.S. Department of Justice is your cognizant federal agency (see the Glossary of Terms in the appendices), they should be sent to the Federal Audit Clearinghouse at <https://www.fac.gov/>. The U.S. Department of Justice, Office of Justice Programs (OJP) Office of Audit Assessment and Management (OAAM) serves as the liaison between recipients and auditors in the conduct of resolving and closing SAA audits. Questions and comments regarding SAA audits may be directed to the OJP Customer Service Center at 800-458-0786.

Office of Inspector General (OIG) recipient audits

What is the role of the OIG for award audits?

The OIG is a separate component of the U.S. Department of Justice and is independent of the COPS Office. The primary objective of OIG recipient audits is to assess compliance with award terms and conditions. OIG audits are designed to prevent fraud, waste, and abuse of federal funds. The OIG audit process promotes efficiency and effectiveness in the administration and implementation of awards by evaluating compliance with the terms and conditions of awards.

How are COPS Office awards selected for an OIG audit?

The OIG randomly selects awards to be audited or may conduct a COPS Office recipient audit in response to a referral that the OIG believes warrants further evaluation. The OIG also surveys DOJ award-making agencies on an annual basis to solicit input on suggested audit areas for the upcoming fiscal year. In most instances, however, the OIG generally selects awards to be audited based on a number of factors, including the geographical distribution of awards funded, award amount, population served, award status (active and expired), and type of award (hiring and non-hiring). As such, the fact that a recipient has been selected for an OIG audit is not necessarily indicative of a suspected concern or problem area.

What are the steps in an OIG audit?

The COPS Office Grant Monitoring Division's Audit Liaison Section serves as the liaison between recipients and the OIG's Audit Division, which conducts the audit. The OIG steps in the audit process will determine the interactions between the OIG, the recipient, and the COPS Audit Liaison Section.

- **Call for award data.** The OIG requests award documentation from the COPS Office.
- **Entrance conference.** The OIG schedules to meet with the recipient to gather documentation and conduct audit.

- **Draft audit report.** The OIG reviews documentation and presents initial findings to the recipient and copies the COPS Office. The COPS Office interacts with the recipient to coordinate any repayments and/or policy or procedure documents to be submitted to the OIG before release of Final Audit Report.
- **Final audit report.** The OIG has completed its direct interaction with the recipient. The COPS Office directs the recipient to formulate a Corrective Action Plan to address recommendations (findings). As each recommendation is successfully addressed by the recipient, the COPS Office requests closure on the recommendation.
- **Closing the audit.** When all recommendations have been closed, the COPS Office requests closure on the audit from the OIG and notifies the recipient that the audit is closed.

If you have any questions regarding an OIG audit, please contact the COPS Office Grant Monitoring Division's Audit Liaison Section, via the COPS Office Response Center at 800-421-6770. Questions and comments regarding the administration of your COPS Office award, not specifically related to an audit, should be referred to your COPS Office grant manager.

Typical audit findings

The OIG has typically reported the following audit findings pertaining to awards as a result of lack of proper documentation, poor business practices, or inadequate accounting and record keeping systems:

- **Unallowable costs.** Recipient incurred costs that were not approved in the original budget or a budget modification, were in excess of the approved budget, or were charged to the award after the expiration date and an award extension was not obtained.
- **Unsupported costs.** Specific award expenditures and reimbursements could not be supported by adequate documentation (including but not limited to receipts or purchase orders), that may have been allowable under the program, but for which no prior written approval was obtained from the COPS Office, or award expenditures were in excess of actual approved award costs.
- **Lack of complete/timely programmatic and financial reporting.** Recipient failed to submit required programmatic and financial reports in a timely manner and/or had inadequate record keeping systems.
- **Failure to retain.** Recipient lacked documentation to support retention planning efforts during the award period and/or failed to demonstrate an increase in the baseline of locally funded sworn officer positions at the conclusion of federal funding, over and above what the recipient would have funded in absence of the award.
- **Supplanting.** Recipient could not document efforts to backfill vacant local sworn officer positions, or recipient could not explain reductions in local law enforcement budget or in sworn officer positions during the award period.
- **Lack of adequate community policing.** Recipient had difficulty demonstrating community policing activities.
- **Funds to better use.** Funds could be used more efficiently based on management actions such as reductions in outlays; deobligation of funds; withdrawal; costs not incurred by implementing recommended improvements; and other identified savings.
- **Questioned costs.** Costs that are questioned by the auditor because of an audit finding which resulted from a violation or possible violation of a provision of law, regulation, award terms and conditions, or other document governing the use of federal funds; or because costs incurred appear unreasonable and do not reflect the actions a prudent person would take under the same circumstances; or because costs at the time of the audit are not supported by adequate documentation.

- **Policy and procedure.** Weaknesses are identified in a recipient's accounting practices, fiscal stewardship, accuracy of data used in the development of the award applications, and/or inventory controls that led to the recommendation cited in the audit. The recipient is required to develop or revise policies and/or procedures consistent with their existing practices and submit to the COPS Office to forward to the OIG to close the recommendation.

After the final OIG audit report has been issued, the COPS Office Grant Monitoring Division will continue working as the liaison between your agency and the OIG to obtain closure on any audit findings. The COPS Office will issue a closure letter once all audit recommendations have been closed by the OIG. You must keep all documentation related to the audit for a period of three years following the audit's closure.

VI. Reporting Requirements

As a COPS Office award recipient, your agency will be required to submit quarterly Federal Financial Reports (FFR) as well as semi-annual performance reports. Awarded agencies should be prepared to track and report award funding separately from other funding sources (including other COPS Office and federal awards) to ensure accurate financial and programmatic reporting on a timely basis. Your agency should ensure that you have financial internal controls in place to monitor the use of award funding and ensure that its use is consistent with the award terms and conditions. Good stewardship in this area includes written accounting practices and use of an accounting system that tracks all award drawdowns and expenditures and has the ability to track when COPS Office award-funded positions are filled or vacant or when approved purchases are made. *Failure to submit complete reports, or submit them in a timely manner, may result in the suspension and possible termination of your agency's COPS Office award funding or other remedial actions.*

Federal Financial Reports

As a reminder, the only role within JustGrants that can submit the federal financial report (FFR) is the Financial Manager. Individuals with that role in JustGrants should review JustGrants resources online for guidance on how to complete and submit FFRs in the JustGrants system.

Your agency is required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 120 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period and the remaining unobligated balance of federal funds. Under federal regulations, your agency is not permitted to draw down federal funding for costs incurred after the official award end date; however, you will have a 120-day period after the award end date during which you can drawdown funds for eligible expenditures incurred before the award end date.

How do we file Federal Financial Reports ?

All COPS award recipients are strongly encouraged to submit the required quarterly SF-425 online.

To submit an FFR, follow these steps:

- Select Upload Supporting Documents to attach a document
- Review the certification information. Select the Submit button.

The FFR status will be changed to “Resolved-Completed” once the FFR data is transferred to the Unified Financial Management System (UFMS).

When are Federal Financial Reports due?

An SF-425 report must be submitted for each COPS office award at the end of every calendar quarter and no later than 30 days after the last day of each reporting period, as detailed in table 1.

Table 1. Due dates of SF-425 by quarter

Reporting quarter	SF-425 due date
January 1–March 31	April 30
April 1–June 30	July 30
July 1–September 30	October 30
October 1–December 31	January 30

For your initial SF-425 submission, determine when the most recent SF-425 reporting quarter ended and complete an SF-425 to cover the period from the award start date to the end of that period. **You are required to submit an SF-425 even if you have not spent any money or incurred any costs during a reporting period.** The due dates for online filing of SF-425s are the same as for the submission of paper copies.

Example:

If your award start date is 09-01-24 and the current date is 11-15-24, then your first SF-425 would be due no later than 10-30-24 and would cover the period 09-01-24 (award start date) through 09-30-24 (end of the initial reporting quarter for this award). This SF-425 must be on file with the COPS Office before the submission deadline so that you can avoid being delinquent and successfully complete a drawdown of funds through ASAP (submit report as soon as you accept the award and have access JustGrants and ASAP).

Award recipients who do not submit SF-425s by the due date each quarter will be unable to draw down award funds until the report has been successfully submitted. The payment system contains a function which checks for SF-425 delinquency and will reject a drawdown attempt if the SF-425 is not up to date. Subsequent outreach through e-mail or hard copy reminders may be sent to the recipient if the SF-425 is delinquent.

For general information concerning online filing of SF-425 reports, go to <https://cops.usdoj.gov/> or contact the COPS Office Response Center by e-mail at AskCopsRC@usdoj.gov.

How will awards funds be monitored?

The COPS Office and designated representatives from the Office of the Chief Financial Officer, Office of Justice Programs monitor the financial aspects of your agency's award through financial reports, on-site visits, office-based grant reviews, meetings, telephone contacts, reports, audits, reviews of grant change requests, and special request submissions.

Performance Reports

Semiannual Performance Reports and a Final Performance (Closeout) Report are required to be submitted directly to the COPS Office via JustGrants. Agencies must submit a separate performance report for each award.

How do we file a Performance Report?

Only the Grants Award Administrator for your organization will be able to view and submit a performance report. For information on assigning a Grant Award Administrator to your award, see the Entity Management Job Aid Reference Guide on the [JustGrants website](#).

To submit your performance report, please log in to JustGrants and check your worklist or the "Funded Award Performance Management" tab for performance reports. The Grant Award Administrator can locate the current report question set in JustGrants in two locations: My Worklist or on the Performance Management tab of the funded award. Information on JustGrants Performance Reporting is found [here](#).

If you experience issues with submitting your performance report, please contact JustGrants Support at JustGrants.support@usdoj.gov or 833-872-5175, Monday through Friday between the hours of 5:00 a.m. and 9:00 p.m. ET; and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

How do we file a final performance report?

You should complete a final performance report within 120 days of the period of performance end date. To submit a final report, the Grants Award Administrator should locate the report question set in My Worklist or on the Performance Management tab. The report cover page will ask whether the report is interim progress report or a final report – please select “final” to view final report questions.

When are Performance Reports due?

Semiannual performance reports are due in March and August, as shown in table 2.

Table 2. Due dates of Performance Reports by semi-annual dates.

Reporting Period	Program Progress Report due date
August 1 – January 31	March 2
February 1 – July 31	August 30

What kind of information will these reports require?

These reports will request information about the status of your award in terms of hiring personnel, purchasing equipment, delivering service, and progress in meeting milestones identified in the award document. as well as general information about your agency.

What if we make a mistake or need to modify the report after it is submitted?

You may log in to JustGrants to reopen and make edits to your Performance Report. Will the data that we submit be publicly available?

Performance Reports submitted to the COPS Office may be reported publicly in response to a Freedom of Information Act (FOIA) request.

If your organization has any questions regarding the submission of these required reports, please call the COPS Office Response Center at AskCOPSRC@usdoj.gov.

Entity Management

If you do not have the ability to submit your federal financial report or performance report, this may indicate that the Entity Administrator for your organization has not made the correct work assignment to your grant. To confirm the work assignment has been properly made, the Entity Administrator should follow the steps below to confirm:

1. Log in to JustGrants.
2. Click “Awards” from the left menu.
3. Click “Show/Hide Roles.”
4. Click the “Financial Manager” and “Grant Award Administrator” check boxes.
5. Click “Confirm.” If the Financial Manager and Grant Award Administrator’s names appear under the respective columns, then the work assignment has been properly made and those users should be able to complete and submit the reports.

If the names do not appear in the respective columns, the Entity Administrator should take the following steps: 1. Click the check box next to the award ID. 2. Choose a role (e.g., Financial Manager, Grant Award Administrator) from the "Choose Role" dropdown menu (bottom of the screen). 3. Choose the individual's name from the "Assign to" drop-down menu. 4. Click "Assign." Once the Entity Administrator has completed these steps, the assigned Financial Manager and Grant Award Administrator should be able to access and submit the respective reports.

Contact points to obtain technical assistance and report violations

Any alleged violations, serious irregularities, or acts that may result in the use of public funds in a manner inconsistent with the Public Safety Partnership and Community Policing Act of 1994 or the purposes of this award, may be reported to the U.S. Department of Justice. Furthermore, the COPS Office welcomes the opportunity to provide assistance regarding the implementation of award provisions to help ensure that federal award funds are spent responsibly. As such, the following contacts are provided to address noncompliance and technical assistance issues:

- If you suspect violations of a criminal nature, please contact the U.S. Department of Justice, Office of the Inspector General (OIG) at <https://oig.justice.gov/hotline>, OIG.hotline@usdoj.gov, or 800-869-4499.
- If you suspect award violations (not criminal in nature) related to the award conditions listed in this manual, please contact the COPS Office Grant Monitoring Division at AskCOPSRC@usdoj.gov.
- If you have any questions or need assistance regarding your award, please contact your COPS Office grant manager via the COPS Office Response Center at AskCOPSRC@usdoj.gov.

VII. When the Award Period Has Ended

At the end of your agency's award period, the COPS Office is responsible for the closeout of your award. As part of this process, the COPS Office requires documentation demonstrating that your agency has met all of the financial and programmatic requirements of the award.

After the end of the award period, your agency is required to submit a final Federal Financial Report (SF-425) and any applicable final performance reports.

Final Federal Financial Report (SF-425)

The final Federal Financial Report (SF-425) for your award is due to the COPS Office no later than 120 days after the end of the award period. The final report should reflect the total amount of allowable federal expenditures that were incurred during the life of the award, as well as the amount of unobligated funds remaining, if any. The federal funds expended should reflect only the actual allowable costs incurred during the period of performance of the award. In addition, once you have completed your final drawdown, this report should reconcile with the total amount of federal funds drawn down by your agency. The final SF-425 should also include the required minimum total amount of local (recipient) cash match contributed, if applicable.

When should all of the award monies be spent?

Award funds reflecting allowable project costs must be obligated before the end of the award period. Obligated funds cover monies spent, and expenses incurred but not yet paid, for any approved items listed in the award package. Your organization has up to 120 days after the end of the award period to pay for eligible expenses previously incurred, and to request reimbursement for any remaining eligible balance. You may not list an accrual on your final SF-425. Request an extension if you will not be able to pay for any obligations within the time frames listed above.

Please be advised that 2 C.F.R. § 200.344(a) requires recipients to submit final SF-425s and 2 C.F.R. § 200.344(b) requires recipients to draw down the final reimbursement for expended funds within 120 days after the expiration of the award. In addition, be advised that failure to complete the drawdown of funds within the 120-day period following award expiration will result in the forfeiture of the remaining eligible balance.

It is possible that your agency may have excess award funds remaining in your account following the award period due to an overestimate of item costs during the award period. Your agency should review its records carefully to ensure that it draws down and expends only the amount required for actual costs incurred during the award period. Any excess unobligated or unspent funds should remain in your account and will be deobligated during the closeout process.

Final Performance (Closeout) Report

After your award period has ended, your agency's final progress report can also be accessed through the Performance Management section of the award in JustGrants. This report will serve as your agency's final programmatic report on the award, and the information your agency provides in this report will be used to make a final assessment of your award progress.

Retention

If your award terms and conditions include a retention requirement, please review that condition carefully prior to the conclusion of the award. If you have any questions regarding the retention requirement, please contact your COPS Office Grant manager via e-mail at AskCopsRC@usdoj.gov.

Equipment Disposition

Each recipient must use any equipment funded through a COPS Office award for approved award-related purposes and must retain the equipment for the life of the award. Property records must be maintained by the recipient, which should include a description of the property; a serial number or another identification number; the source of the property; the name of the person or entity that holds the title; the acquisition date and cost of the property; the percentage of federal agency contribution towards the original purchase; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposal and sale price of the property. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. A physical inventory of the property must be conducted, and the results must be reconciled with the property records at least once every two years. 2 C.F.R. § 200.313(d)

A State or an Indian Tribe must use, manage and dispose of equipment acquired under a Federal award by the state or an Indian Tribe in accordance with state or tribal laws and procedures. If such laws and procedures do not exist in an Indian Tribe, they must follow the guidance in 2 C.F.R. § 200.313. 2 C.F.R. § 200.313(b).

When the award has expired and equipment obtained under the award is no longer needed for the original project, program, or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

Items of equipment with a current per-unit fair market value of \$10,000 or less may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.

Items of equipment with a current per-unit fair market value in excess of \$10,000 may be retained or sold and the awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's federal share in the cost of the original purchase.

For more information, please see 2 C.F.R. §§ 200.1 and 200.313.

LAW ENFORCEMENT AGENCY CERTIFICATION REQUIRED UNDER DEPARTMENT OF JUSTICE DISCRETIONARY GRANT PROGRAMS ("SAFE POLICING CERTIFICATION")

If this application is for a discretionary award pursuant to which award funds may be made available (whether by the award directly or by any subaward at any tier) to a State, local, college, or university law enforcement agency, the Applicant certifies that any such law enforcement agency to which funds will be made available has been certified by an approved independent credentialing body or has started the certification process. To become certified, a law enforcement agency must meet two mandatory conditions: (a) the agency's use of force policies adhere to all applicable federal, State, and local laws; and (b) the agency's use of force policies prohibit chokeholds except in situations where use of deadly force is allowed by law.

For detailed information on this certification requirement, see <https://cops.usdoj.gov/SafePolicingEO>. The Applicant acknowledges that compliance with this safe policing certification requirement does not ensure compliance with federal, state, or local law, and that such certification shall not constitute a defense in any federal lawsuit. Nothing in the safe policing certification process or safe policing requirement is intended to be (or may be) used by third parties to create liability by or against the United States or any of its officials, officers, agents or employees under any federal law. Neither the safe policing certification process nor the safe policing certification requirement is intended to (or does) confer any right on any third-person or entity seeking relief against the United States or any officer or employee thereof. No person or entity is intended to be (or is) a third-party beneficiary of the safe policing certification process, or, with respect to the safe policing certification requirement, such a beneficiary for purposes of any civil, criminal, or administrative action.

5. COORDINATION REQUIRED UNDER PUBLIC SAFETY AND COMMUNITY POLICING PROGRAMS

As required by the Public Safety Partnership and Community Policing Act of 1994, at 34 U.S.C. § 10382(c)(5), if this application is for a COPS award, the Applicant certifies that there has been appropriate coordination with all agencies that may be affected by its award. Affected agencies may include, among others, Offices of the United States Attorneys; State, local, or tribal prosecutors; or correctional agencies.

I acknowledge that a materially false, fictitious, or fraudulent statement (or concealment or omission of a material fact) in this certification, or in the application that it supports, may be the subject of criminal prosecution (including under 18 U.S.C. §§ 1001 and/or 1621, and/or 34 U.S.C. §§ 10271-10273), and also may subject me and the Applicant to civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. §§ 3729-3730 and 3801-3812). I also acknowledge that the Department's awards, including certifications provided in connection with such awards, are subject to review by the Department, including by its Office of the Inspector General.

Appendix D. Community policing defined

Community policing is a philosophy that promotes organizational strategies and supports the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as crime, fear of crime, and social disorder.

Problem solving

Problem solving is the process of engaging in the proactive and systematic examination of identified problems to develop effective responses that are evaluated rigorously.

- Scanning: Identifying and prioritizing problems
- Analysis: Analyzing problems
- Response: Responding to problems
- Assessment: Assessing problem-solving initiatives
- Using the crime triangle to focus on immediate conditions (victim/offender/location)

Community policing emphasizes proactive problem solving in a systematic and routine fashion. Rather than responding to crime only after it occurs, community policing encourages agencies to proactively develop solutions to the immediate underlying conditions contributing to public safety problems. Problem solving must be infused into all police operations and guide decision-making efforts. Agencies are encouraged to think innovatively about their responses and view making arrests as only one of a wide array of potential responses. A major conceptual vehicle for helping officers to think about problem solving in a structured and disciplined way is the SARA (Scanning, Analysis, Response, and Assessment) problem-solving model.

Scanning: Identifying and prioritizing problems

The objectives of scanning are to identify a basic problem, determine the nature of that problem, determine the scope of severity, and establish baseline measures. An inclusive list of stakeholders for the selected problem is typically identified in this phase. A problem can be thought of as two or more incidents similar in one or more ways, and that is of concern to the police and the community. Problems can be a type of behavior, a place, a person or persons, a special event or time, or a combination of any of these. The police, with input from the community, should identify and prioritize concerns.

Analysis: Analyzing

Analysis is the heart of the problem-solving process. The objectives of analysis are to develop an understanding of the dynamics of the problem, develop an understanding of the limits of current responses, establish correlation, and develop an understanding of cause and effect. As part of the analysis phase, it is important to find out as much as possible about each aspect of the crime triangle by asking who? what? when? where? how? why? and why not? about the victim, offender, and crime location.

Response: Responding to problems

The response phase of the SARA model involves developing and implementing strategies to address an identified problem by searching for strategic responses that are both broad and uninhibited. The response should follow logically from the knowledge learned during the analysis and should be tailored to the specific problem. The goals of the response can range from totally eliminating the problem through substantially reducing the problem to reducing the amount of harm caused by the problem or improving the quality of community cohesion.

Assessment: Assessing problem-solving initiatives

Assessment attempts to determine if the response strategies were successful by determining if the problem declined and if the response contributed to the decline. This information not only assists the current effort but also gathers data that builds knowledge for the future. Strategies and programs can be assessed for process, outcomes, or both. If the responses implemented are not effective, the information gathered during analysis should be reviewed. New information may have to be collected before new solutions can be developed and tested. The entire process should be viewed as circular rather than linear.

Using the crime triangle to focus on immediate conditions (victim/offender/location)

To understand a problem, many problem solvers have found it useful to visualize links among the victim, offender, and location (the crime triangle) and those aspects that could have an impact on them—for example, capable guardians for victims, handlers for offenders, and managers for locations. Rather than addressing root causes of a problem, the police focus on the factors that are within their reach, such as limiting criminal opportunities and access to victims, increasing guardianship, and associating risk with unwanted behavior.

Community partnerships

Community partnerships are collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to develop solutions to problems and increase trust in police.

- Other government agencies
- Community members and groups
- Nonprofits and service providers
- Private businesses
- Media

Community policing, recognizing that police rarely can solve public safety problems alone, encourages interactive partnerships with relevant stakeholders. The range of potential partners is large, and these partnerships can be used to accomplish the two interrelated goals of developing solutions to problems through collaborative problem solving and improving public trust. The public should play a role in prioritizing public safety problems.

Other government agencies

Law enforcement organizations can partner with a number of other government agencies to identify community concerns and offer alternative solutions. Examples of agencies include legislative bodies, prosecutors, probation and parole departments, public works departments, neighboring law enforcement agencies, health and human services departments, child support, ordinance enforcement, and schools.

Community members and groups

Individuals who live, work, or otherwise have an interest in the community—volunteers, activists, formal and informal community leaders, residents, visitors and tourists, and commuters—are a valuable resource for identifying community concerns. Partnerships with these factions of the community can engage the community in achieving specific goals at town hall meetings, neighborhood association meetings, decentralized offices/storefronts in the community, and team beat assignments.

Nonprofits and service providers

Advocacy and community-based organizations that provide services to the community and advocate on its behalf can be powerful partners. These groups often work with or are composed of individuals who share certain interests and can include such entities as victims groups, service clubs, support groups, issue groups, advocacy groups, and the faith community.

Private businesses

For-profit businesses also have a great stake in the health of the community and can be key partners because they often bring considerable resources to bear on problems of mutual concern. Businesses can help identify problems and provide resources for responses, often including their own security apparatus and community outreach. The local chamber of commerce can also assist in disseminating information about police and business partnerships and initiatives.

Media

The media represent a powerful mechanism by which to communicate with the community. It can assist with publicizing community concerns and available solutions, such as services from government or community agencies or new laws or codes that will be enforced. In addition, the media can have a significant impact on public perceptions of the police, crime problems, and fear of crime.

Organizational transformation

Organizational transformation is the alignment of organizational management, structure, personnel, and information systems to support community partnerships and proactive problem solving.

Agency management

- Climate and culture
- Decision making
- Despecialization
- Geographic assignment of officers
- Labor relations
- Leadership
- Organizational evaluations
- Organizational structure
- Policies

- Resources and finances
- Strategic planning
- Transparency

Personnel

- Recruitment, hiring, and selection
- Personnel supervision/evaluations
- Training

Information systems (technology)

- Communication / access to data
- Quality and accuracy of data

The community policing philosophy focuses on the way that departments are organized and managed and how the infrastructure can be changed to support the philosophical shift behind community policing. It encourages the application of modern management practices to increase efficiency and effectiveness. Community policing emphasizes changes in organizational structures to institutionalize its adoption and infuse it throughout the entire department, including the way the department is managed and organized, its personnel, and its technology.

Agency management

Under the community policing model, police management needs to infuse community policing ideals throughout the agency by making a number of critical changes in climate and culture, leadership, formal labor relations, decentralized decision-making and accountability, strategic planning, policing and procedures, organizational evaluations, and increased transparency.

Climate and culture

Changing the climate and culture means supporting a proactive orientation that values systematic problem solving and partnerships. Formal organizational changes should support the informal networks and communication that take place within agencies to support this orientation.

Leadership

Leaders serve as role models for taking risks and building collaborative relationships to implement community policing, and they use their position to influence and educate others about it. Leaders, therefore, must constantly emphasize and reinforce community policing's vision, values, and mission within their organization and support and articulate a commitment to community policing as the dominant way of doing business.

Labor relations

If community policing is going to be effective, police unions and similar forms of organized labor need to be a part of the process and function as partners in the adoption of the community policing philosophy. Including labor groups in agency changes can ensure support for the changes that are imperative to community policing implementation.

Decision-making

Community policing calls for decentralization both in command structure and in decision-making. Decentralized decision-making allows front-line officers to take responsibility for their role in community policing. When an officer is able to create solutions to problems and take risks, he or she ultimately feels accountable for those solutions and assumes a greater responsibility for the well-being of the community. Decentralized decision-making involves flattening the hierarchy of the agency, increasing tolerance for risk taking in problem-solving efforts, and allowing officers discretion in handling calls. In addition, providing sufficient authority to coordinate various resources to attack a problem and allowing the officers the autonomy to establish relationships with the community will help define problems and develop possible solutions.

Strategic planning

The department should have a written statement reflecting a department-wide commitment to community policing and a plan that matches operational needs to available resources and expertise. If a strategic plan is to have value, the members of the organization should be well-versed in it and be able to give examples of their efforts that support the plan. Components such as the organization's mission and value statement should be simple and communicated widely. Everything should connect back to this plan.

Policies

Community policing affects the nature and development of department policies and procedures to ensure that community policing principles and practices have an effect on activities on the street. Problem solving and partnerships, therefore, should become institutionalized in policies, along with corresponding sets of procedures where appropriate.

Organizational evaluations

In addition to the typical measures of police performance (arrests, response times, tickets issued, and crime rates), community policing calls for a broadening of police outcome measures to include increased community satisfaction, less fear of crime, the alleviation of problems, and improvement in quality of life. Community policing calls for a more sophisticated approach to evaluation—one that looks not only at measured outcomes but also at how feedback information is used.

Transparency

Community policing involves decision-making processes that are more open than traditional policing. If the community is to be a full partner, the department needs mechanisms for readily sharing relevant information on crime and social disorder problems, as well as police operations with the community.

Organizational structure

It is important that the organizational structure of the agency ensures that local patrol officers have decision-making authority and are accountable for their actions. This can be achieved through long-term assignments, the development of officers who are generalists, and using special units appropriately.

Geographic assignment of officers

With community policing, there is a shift to the long-term assignment of officers in specific neighborhoods or areas. Geographic deployment plans can help enhance customer service and facilitate more contact between police and citizens, thus establishing strong relationships and mutual accountability. Beat boundaries should correspond to neighborhood boundaries, and other government services should recognize these boundaries when coordinating government public-service activities.

Despecialization

To achieve community policing goals, officers must be able to handle multiple responsibilities and take a team approach to collaborative problem solving and partnering with the community. Community policing encourages its adoption agency-wide, not just in special units, although there may be a need for specialist units that are tasked with identifying and solving particularly complex problems or managing complex partnerships.

Resources and finances

Agencies must devote the necessary human and financial resources to support community policing to ensure that problem-solving efforts are robust and that partnerships are sustainable and effective.

Personnel

The principles of community policing need to be infused throughout the entire personnel system of an agency, including recruitment, hiring, selection, and retention of all law enforcement agency staff including sworn officers, nonsworn officers, civilians, and volunteers, as well as personnel evaluations, supervision, and training.

Recruitment, hiring, and selection

Agencies need a systematic means of incorporating community policing elements into their recruitment, selection, and hiring processes. Job descriptions should recognize community policing and problem-solving responsibilities and encourage the recruitment of officers who have a spirit of service, not just a spirit of adventure. A community policing agency must also thoughtfully examine where it looks for recruits, whom it is recruiting and hiring, and what is being tested. Some community policing agencies also look for the involvement of the community in this process through the identification of competencies and participation in review boards.

Personnel supervision/evaluations

Tie performance evaluations to community policing principles and activities that are incorporated into job descriptions. Performance, reward, and promotional structures should support sound problem-solving activities, proactive policing and community collaboration, and citizen satisfaction with police services.

Training

Training at all levels—academy, field, and in-service—must support community policing principles and tactics. It also needs to encourage creative thinking, a proactive orientation, communication and analytical skills, and techniques for dealing with quality-of-life concerns and maintaining order. Officers can be trained to (a) identify and correct conditions that could lead to crime, (b) raise public awareness, and (c) engage the community in

finding solutions to problems. Field training officers and supervisors can encourage problem solving and help officers learn from other problem-solving initiatives. Until community policing is institutionalized within the organization, training in its fundamental principles will need to take place regularly.

Information systems (technology)

Community policing is information-intensive and technology plays a central role in providing ready access to quality information. Accurate and timely information makes problem-solving efforts more effective and ensures that officers are informed about the crime and community conditions of their beat. In addition, technological enhancements can greatly assist with improving two-way communication with citizens and developing agency accountability systems and performance outcome measures.

Communication / access to data

Technology provides agencies with the ability to communicate externally with the public and internally with their own staff. To communicate with the public, community policing encourages agencies to develop two-way communication systems through the Internet to provide online reports, reverse 911 and e-mail alerts, discussion forums, and feedback on interactive applications (surveys, maps), thereby creating ongoing dialogs and increasing transparency.

Technology also encourages effective internal communication through memos, reports, newsletters, e-mail and enhanced incident reporting, dispatch functions, and communications interoperability with other entities for more efficient operations. Community policing advocates the use of technology to develop accountability and performance measurement systems that are timely and contain accurate metrics and a broad array of measures and information.

Community policing also promotes the use of technology to provide officers with ready access to timely information on crime and community characteristics within their beats, either through laptop computers in their patrol cars or through personal data devices. In addition, technology can support crime/problem analysis functions by enabling agencies to gather information on greater aspects of events including more detailed information on offenders, victims, crime locations, and quality-of-life concerns, and to further enhance analysis.

Quality and accuracy of data

Information is only as good as its source; therefore, it is not useful if it is not high quality and accurate. Community policing encourages agencies to put safeguards in place to ensure that information from various sources is collected in a systematic fashion and entered into central systems that are linked to one another and checked for accuracy so that the information can be used effectively for strategic planning, problem solving, and performance measurement.

(b) Investigation of complaints.--

- (1) **Submission of complaint.**--A person who believes that the person has been subjected to a reprisal prohibited by subsection (a) may submit a complaint to the Inspector General of the executive agency involved. Unless the Inspector General determines that the complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant, the Inspector General shall investigate the complaint and, upon completion of such investigation, submit a report of the findings of the investigation to the person, the contractor or grantee concerned, and the head of the agency.

(2) Inspector General action.--

(A) Determination or submission of report on findings.--Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.

(B) made in accordance with the provisions of section 552a of title 5 or as required by any other applicable Federal law; or

(C) necessary to conduct an investigation of the alleged reprisal.

(4) Time limitation.--A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.

(c) Remedy and enforcement authority.--

(1) In general.--Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or grantee concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:

(A) Order the contractor or grantee to take affirmative action to abate the reprisal.

(B) Order the contractor or grantee to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.

(C) Order the contractor or grantee to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.

over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. An action under this paragraph may not be brought more than two years after the date on which remedies are deemed to have been exhausted.

- (3) Admissibility of evidence.**--An Inspector General determination and an agency head order denying relief under paragraph (2) shall be admissible in evidence in any de novo action at law or equity brought pursuant to this subsection.
- (4) Enforcement of orders.**--Whenever a person fails to comply with an order issued under paragraph (1), the head of the executive agency concerned shall file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the executive agency.
- (5) Judicial review.**--Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an executive agency, unless a stay is specifically entered by the court.
- (6) Burdens of proof.**--The legal burdens of proof specified in section 1221(e) of title 5 shall be controlling for the purposes of any investigation conducted by an Inspector General, decision by the head of an executive agency, or judicial or administrative proceeding to determine whether discrimination prohibited under this section has occurred.
- (7) Rights and remedies not waivable.**--The rights and remedies provided for in this section may not be waived by any agreement, policy, form, or condition of employment.
- (d) Notification of employees.**--The head of each executive agency shall ensure that contractors, subcontractors, and grantees of the agency inform their employees in writing of the rights and remedies provided under this section, in the predominant native language of the workforce.
- (e) Construction.**--Nothing in this section may be construed to authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to modify or derogate from a right or remedy otherwise available to the employee.
- (f) Exceptions.**

 - (1)** This section shall not apply to any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 401a(4)).
 - (2)** This section shall not apply to any disclosure made by an employee of a contractor, subcontractor, or grantee of an element of the intelligence community if such disclosure--

 - (A)** relates to an activity of an element of the intelligence community; or

(g) Definitions.--In this section:

(1) The term "abuse of authority" means an arbitrary and capricious exercise of authority that is inconsistent with the mission of the executive agency concerned or the successful performance of a contract or grant of such agency.

(2) The term "Inspector General" means an Inspector General appointed under the Inspector General Act of 1978 and any Inspector General that receives funding from or has oversight over contracts or grants awarded for or on behalf of, the executive agency concerned.

(h) Construction.--Nothing in this section, or the amendments made by this section, shall be construed to provide any rights to disclose classified information not otherwise provided by law.

[(i) Repealed by Pub.L. 114-261, § 1(a)(3)(A)(ii), Dec. 14, 2016, 130 Stat. 1362]

Appendix F. 2 CFR Appendix II to Part 200: Contract provisions for nonfederal entity contracts under federal awards

In addition to other provisions required by the federal agency or nonfederal entity, all contracts made by the nonfederal entity under the federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C.

SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. The assistance listing number for COPS Office awards is 16.710.

audit. Work done by auditors, including both the Office of the Inspector General (OIG) and state or local auditors, to examine financial statements and to review

Computer database that can track calls for service, maintain status of units available, provide various reports, produce address histories, and support electronic mail. With the installation of integrated CAD systems, officers are able to receive calls for service on their mobile data terminals rather than over the radio. Radios can then be used only for serious emergencies.

MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$50,000. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

The term encumbrance is often used at the local and state levels to describe this type of transaction. Liquidated obligations are considered cash outlays or monies actually spent. Unliquidated obligations are obligations incurred and recorded but not yet paid (accrual basis of accounting) or not yet recorded and not yet paid (cash basis of accounting).

primary law enforcement authority. An agency with primary law enforcement authority is the agency that is the first responder to calls for service, and has ultimate and final responsibility for the prevention, detection, or investigation of violations of criminal laws within its jurisdiction.

The Public Safety Partnership and Community Policing Act of 1994. The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to

- encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

rehire. Some COPS Office grant programs provide funding to rehire full-time officers who were laid off (from any jurisdiction) or who were scheduled to be laid off on a specific future date at the time of award application as a result of state, local, or BIA budget reductions. A recipient may use funding to rehire an experienced full-time officer, but any additional costs higher than entry-level that your agency pays the rehired officer must be paid with local agency funds, not award funds.

A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

supplanting. COPS Office award funds may not be used to supplant (replace) state, local, or Bureau of Indian Affairs (BIA) funds that would be made available in the absence of federal COPS Office award funding. Award funds must be used to increase the amount of state, local, or BIA funds otherwise budgeted for sworn officer positions, plus any additional state, local, or BIA funds budgeted for these purposes.

supplies. Supplies means all tangible personal property other than those described under equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life.

System for Award Management (SAM). The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. A unique entity identifier is required of all applicants for COPS Office awards and must be updated every year in SAM.gov.
