Getting Started

Congratulations on receiving an award from the U.S. Department of Justice (DOJ), Office of Community Oriented Policing Services (COPS Office). The 2025 COPS Office Law Enforcement Mental Health and Wellness Act (LEMHWA) Program comprises the LEMHWA Implementation Projects.

These projects aim to help state, local, tribal, or territorial enforcement agencies fund the delivery of and access to mental health and wellness services for law enforcement officers and their families through the implementation of peer support, training, family resources, suicide prevention, stress reduction, clinical support, and other promising practices for wellness programs. Proposed projects may serve one agency, a consortium of agencies, or personnel from agencies located within a county or state.

The COPS Office defines community policing as a philosophy that promotes organizational strategies that support the systematic use of partnerships and problem-solving techniques to proactively address the immediate conditions that give rise to public safety issues such as violent crime, nonviolent crime, and fear of crime. For a complete definition, please see *Community Policing Defined* at <https://portal.cops.usdoj.gov/resourcecenter?item=cops-p157>.

Compliance with this Award Owner's Manual is a condition of your award, and this manual is binding guidance. This manual will assist your organization with the administrative and financial matters associated with your award. It was developed to ensure that all award recipients clearly understand and meet the requirements of their award. Please review this manual carefully, because failure to follow award requirements can have serious ramifications. Please do not hesitate to contact your COPS Office Program Manager if you need assistance with the implementation of your award.

Thank you for providing us with the opportunity to work in partnership with you on this important project.

I. Award Acceptance, Terms, and Conditions

Your entity must successfully set up its JustGrants account and enroll in the Automated Standard Application for Payments (ASAP) to accept and manage their award. Accepting or declining an award can only be done through the Justice Grants System (JustGrants). In JustGrants, you may print the PDF of the award for reference.

Prior to accepting an award, the Entity Administrator must assign a Financial Manager, a Grant Administrator, and two Authorized Representatives for each award in JustGrants. COPS Office recipients will have two Authorized Representatives assigned to each award; both Authorized Representatives are required to accept the award. When the Authorized Representative(s) log(s) into their JustGrants account, they can view their awards, both those that have been accepted and those that still need to be accepted. An email notification will also be sent to the Application Submitter, the Authorized Representatives, and the Entity Administrator reminding them to sign and accept their award.

An email notification will also be sent to the Application Submitter, the Authorized Representatives, and the Entity Administrator reminding them to sign and accept their award.

To officially accept your award, you must carefully review and electronically sign **the Award Package (which includes your Award Information, Financial Information, Award Conditions, and Other Award Documents including the Cooperative Agreement) within 45 days from the date shown on the award letter**. Please see the JustGrants training [Grant Award Acceptance](#) for detailed information on accepting your award.

Your organization will **not** be able to draw down award funds until the COPS Office receives your signed award package and you have completed all steps in the ASAP system. For more information on drawing down award funds, please see the section titled “Accessing Award Funds” in this manual.

Award package

The award package indicates your official award funding amount, the award number, the award terms and conditions, and the award start and end dates. Please note that the Cooperative Agreement is incorporated by reference into the award document and that by signing the award document, your organization has entered into the Cooperative Agreement with the COPS Office and agrees to abide by all the requirements in the Cooperative Agreement.

Be sure to familiarize yourself with all terms, conditions, and requirements of your award before signing the award package. Print and retain a copy of the award package including the award terms and conditions, the financial information, and the Cooperative Agreement and any other award documents for your records.

The Project Period start date on the award package means that your organization may be reimbursed for any allowable costs incurred on or after this date. Project Period end date shows the last date that allowable costs may be incurred.

Your award number is in the following format: 15JCOPS-25-GG-XXXX-XXXX as shown in figure 1 on page 3. The COPS Office uses this number to track award information. Therefore, it is important to have your organization's award number (or your organization's System for Award Management (SAM) Unique Entity Identifier (UEI) number) readily available when corresponding with the COPS Office.

Figure 1. Award number example

The Cooperative Agreement

If your project requires substantial involvement on the part of the COPS Office, a multipage Cooperative Agreement document will accompany your award package. Please note that the Cooperative Agreement is included in the award package, and by signing the award package, your organization has entered into the Cooperative Agreement with the COPS Office and agrees to abide by all the requirements in the Cooperative Agreement.

Under the Federal Grant and Cooperative Agreement Act of 1977, a Cooperative Agreement is the legal instrument used by a federal agency to enter into a relationship with a state, local government, or other recipient when the principal purpose of assistance is to carry out a public purpose of support or stimulation authorized by federal law and substantial involvement is expected between the federal agency and the recipient. See 31 U.S.C. § 6305.

To officially accept and begin your award, your organization will review and approve the Cooperative Agreement document along with the award package and electronically sign for all documents within 45 days of the date shown on the award letter.

Your organization will not be able to draw down funds until the COPS Office receives your electronically signed award package in JustGrants.

If you have any additional questions concerning your Cooperative Agreement, please contact your designated COPS Office Program Manager. Your Program Manager is listed in JustGrants.

Accepting the award

Once you have reviewed the conditions of your award and your organization agrees with these conditions, you are ready to accept the award. The Director of the COPS Office or designee has signed the award package indicating approval of your award, an obligation of federal funds to your organization, and our commitment to the award. As stated at the beginning of this section, to officially begin your award and draw down your funds, the Authorized Representatives (see the Glossary of Terms following the appendices) of your organization must access the JustGrants website to log in, review, and electronically sign the award package and, if applicable, the special award conditions or high risk conditions in the award package supplement within 45 days of the date shown on the award letter.

Refer to the Job Aid Reference Guide titled **Grant Award Acceptance**, which will walk you through the necessary steps to follow in accepting an award package.

Who should sign the award document for our organization?

The Authorized Representatives are the authorized officials who have ultimate and final responsibility for all programmatic and financial decisions regarding this award as representatives of the legal recipient; they possess the ultimate signatory authority to sign contracts on behalf of your organization. Typically, these are the same executives who signed the forms in your COPS Office award application.

For law enforcement agencies, COPS Office awards require that both the top law enforcement executive (e.g., chief of police, sheriff, or equivalent) and the top government executive (e.g., mayor, board chairman, or equivalent) sign the application, and (if awarded funding) accept the Award Package. The top law enforcement executive must be assigned the role of Authorized Representative 1 and the top government executive must be assigned the role of Authorized Representative 2 in JustGrants.

For non-law enforcement agencies (institutions of higher education, school districts, private organizations, etc.), COPS Office awards require that both the programmatic official (e.g., executive director, chief executive officer, or equivalent) and financial official (e.g., chief financial officer, treasurer, or equivalent) sign the application and, awarded funding, the award document. The programmatic official must be assigned the role of Authorized Representative 1 and the financial official must be assigned the role of Authorized Representative 2 in JustGrants.

If the Authorized Representatives changes between the time of application submission and award receipt, the Entity Administrator (EA) will need to update the Authorized Representative in JustGrants.

By when must the award document be signed?

Please electronically sign the award package within 45 days of the date on the award letter. Award funds will not be released until we have received your organization's signed award package, your budget has received final clearance, and any other relevant award conditions particular to your organization have been satisfied. Failure to electronically sign your original award document within the 45-day award acceptance period may result in your award being withdrawn and the funds deobligated without additional notification. If your organization requires an extension for accepting the award beyond the 45-day acceptance time frame, please contact your COPS Office program manager. Be sure to explain the circumstances that prevent your organization from electronically signing the award document within the 45-day period and identify the date by which the award package will be signed. The COPS Office will review such requests on a case-by-case basis. The COPS Office reserves the right to deny requests to extend the award acceptance period. If you have any questions, please contact your COPS Office Program Manager.

What are the specific rules regarding termination of award funding?

The COPS Office may suspend, in whole or in part, or terminate funding or impose other sanctions on a recipient for the following reasons:

- Failure to substantially comply with the requirements or objectives of the Public Safety Partnership and Community Policing Act of 1994, program guidelines, or other provisions of federal law.
- Failure to make satisfactory progress toward the goals or strategies set forth in the recipient's application.
- Failure to adhere to award agreement requirements or special conditions, including the terms and conditions of the award.
- Proposing substantial plan changes that, if originally submitted, would have resulted in the application not being selected for funding.

- Failure to submit required or requested reports.
- Filing a false statement or certification in this application or other report or document.
- When the recipient agrees to the termination and termination conditions.
- When the recipient provides the COPS Office written notification requesting termination including the reasons, effective date, and the portion of the award to be terminated. The COPS Office may terminate the entire award if the remaining portion will not accomplish the purposes of the award.
- Pursuant to any other award terms and conditions, including, when an award no longer effectuates the program goals or agency priorities to the extent such termination is authorized by law.

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

Awards terminated because of noncompliance with the federal statutes, regulations, or award terms and conditions will be reported to the integrity and performance system accessible through SAM.gov under Entity Information, Responsibility/Qualification (formerly FAPIIS.gov).

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and any other remedy available by law.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Award terms and conditions

The award terms and conditions are included in the award package. By accepting this award, you are obtaining federal funds from the COPS Office. As part of that agreement, your organization acknowledges that it will comply with these terms and conditions (and, if applicable, any additional special or high-risk conditions specific to your organization). The section that follows describes, in detail, all of the award conditions, their rationales, and their implications. It also addresses many frequently asked questions. If you have additional questions concerning any of these award conditions, please contact your COPS Office Program Manager.

In limited circumstances, your award may be subject to special conditions that prevent your organization from drawing down or accessing award funds until the special conditions are satisfied as determined by the COPS Office. Any special or high-risk conditions will be included in the award conditions section of the award package. If you have questions about the special or high-risk conditions, please contact your assigned COPS Office Program Manager.

Reasons for award terms and conditions

The requirements of your award are established within

- the Public Safety Partnership and Community Policing Act of 1994, which established the COPS Office;
- the applicable rules, regulations and policies issued by the U.S. Department of Justice, Office of Management and Budget (OMB), the Government Accountability Office (GAO), and the United States Treasury;
- the specific programmatic requirements established by the COPS Office.

[89 FR 30111, Apr. 22, 2024, as amended at 89 FR 79732, Oct. 1, 2024]

Why this condition:

To further federal spending transparency, the Federal Funding Accountability and Transparency Act of 2006 (FFATA) requires, among other things, that information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov. Recipients are responsible for reporting their applicable executive compensation and subaward information, and the award term provides guidance to report the related information as required by FFATA.

What you should do:

At the time of award application, your organization was asked to ensure that it has the necessary processes and systems in place to comply with the applicable subaward and executive compensation reporting requirements should it receive funding. If your organization received awards of \$30,000 or more, you are required to report award information on any first-tier subawards totaling \$30,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. The FFATA Subaward Reporting System (FSRS), accessible via the website at www.fsr.gov, is the reporting tool that your organization will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on www.USASpending.gov associated with your organization's award, furthering federal spending transparency.

For additional information regarding the executive compensation and subaward reporting requirements, please see <https://www.federalregister.gov/documents/2024/04/22/2024-07496/guidance-for-federal-financial-assistance>.

2. Restrictions on Internal Confidentiality Agreements

Condition:

No recipient or subrecipient under this award, or entity that receives a contract or subcontract with any funds under this award, may require any employee or contractor to sign an internal confidentiality agreement or statement that prohibits or otherwise restricts the lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency authorized to receive such information. Full-Year Continuing Appropriations and Extensions Act, 2025, Public Law 119-4; Further Consolidated Appropriations Act, 2024, Public Law 118-47, Division B, Title VII, Section 742.

Why this condition:

Under the Appropriations Act, neither the recipient, subrecipient, nor any entity that receives a contract or subcontract with any funds under this or any other Act may require its employees or contractors to sign an internal confidentiality agreement or statement prohibiting or otherwise restricting their lawful reporting of waste, fraud, or abuse to an investigative or law enforcement representative of a federal department or agency. This provision protects the public interest and ensures the proper management and use of federal funds. This limitation is not intended, and shall not be understood by the agency making this award, to contravene requirements applicable to Standard Form 312 (which relates to classified information), Form 4414 (which relates to sensitive compartmented information), or any other form issued by a federal department or agency governing the nondisclosure of classified information.

What you should do:

In accepting this award, the recipient

- represents that it neither requires nor has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that, if it learns or is notified that it is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds, will provide prompt written notification to the agency making this award, and will resume such obligations only if expressly authorized to do so by that agency.

If the recipient does or is authorized to make subawards or contracts under this award, in accepting, the recipient

- represents that it has or will determine that no other entity that the recipient proposes may or will receive award funds (whether through a subaward, contract, or subcontract) either requires or has required internal confidentiality agreements or statements from employees or contractors that currently prohibit or otherwise restrict (or purport to prohibit or restrict) employees or contractors from reporting waste, fraud, or abuse as described above;
- represents that it has or will make appropriate inquiry, or otherwise has an adequate factual basis, to support this representation;
- represents that, if it learns or is notified that any subrecipient, contractor, or subcontractor entity that receives funds under this award is or has been requiring its employees or contractors to execute agreements or statements that prohibit or otherwise restrict (or purport to prohibit or restrict) reporting of waste, fraud, or abuse as described above, it will immediately stop any further obligations of award funds to or by that entity, will provide prompt written notification to the agency making this award, and will resume (or permit resumption of) such obligations only if expressly authorized to do so by that agency.

4. Duplicative Funding

Condition:

The recipient understands and agrees to notify the COPS Office if it receives, from any other source, funding for the same item or service also funded under this award.

Why this condition:

This award was made to your organization for approved project costs that are not funded with other funds, including federal, state, local, tribal, or BIA funds. Consequently, your organization may not use this funding for items or services that you already have funding for from other sources.

What you should do:

If your organization receives funding from another source for the same item(s) or services(s) also funded under this award, please contact your COPS Office Program Manager. If necessary, the COPS Office will work with your organization to reprogram funding for items or services that are allowable under this award program.

5. Termination

Condition:

Recipient understands and agrees that the COPS Office may terminate funding, in whole or in part, for the following reasons:

1. *When the recipient fails to comply with the terms and conditions of a Federal award.*
2. *When the recipient agrees to the termination and termination conditions.*

3. *When the recipient provides the COPS Office written notification requesting termination including the reasons, effective date, and the portion of the award to be terminated. The COPS Office may terminate the entire award if the remaining portion will not accomplish the purposes of the award.*
4. *Pursuant to any other award terms and conditions, including, when an award no longer effectuates the program goals or agency priorities to the extent such termination is authorized by law.*

2. C.F.R. § 200.340.

Why this condition:

This condition sets forth the circumstances under which your federal award may be terminated.

What you should do:

Carefully review the reasons for termination in this condition to ensure that your organization is aware of when award funding may be terminated. If you have any questions regarding the provisions, please contact your COPS Office Program Manager.

6. Award Owner's Manual

Condition:

The recipient agrees to comply with the terms and conditions in the applicable award year COPS Office Program Award Owner's Manual; DOJ Grants Financial Guide; COPS Office statute (34 U.S.C. § 10381, et seq.) as applicable; Students, Teachers, and Officers Preventing (STOP) School Violence Act of 2018 (34 U.S.C. § 10551, et seq.) as applicable; the requirements of 2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), including subsequent changes, as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101; 48 C.F.R. Part 31 (FAR Part 31) as applicable (Contract Cost Principles and Procedures); the Cooperative Agreement as applicable; representations made in the application; and all other applicable program requirements, laws, orders, regulations, or circulars.

Failure to comply with one or more award requirements may result in remedial action including, but not limited to, withholding award funds, disallowing costs, suspending, or terminating the award, or other legal action as appropriate.

Should any provision of a condition of this award be held to be invalid or unenforceable by its terms, then that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law (to any person or circumstance) under this award. Should it be held, instead, that a condition (or a provision thereof) is of utter invalidity or unenforceability, such condition (or such provision) shall be deemed severable from this award.

Why this condition:

This manual has been designed to inform you of the requirements, laws, regulations, and policies that apply to your award. Your organization will be responsible for knowing the information and rules contained in this manual and for implementing your award in compliance with the applicable terms, conditions, and regulations. Please note that in accordance with 2 C.F.R. § 200.101(a)(2), the COPS Office applies 2 C.F.R. Subparts A through E to for-profit (or commercial) entities. More detailed guidance regarding any particular award requirement or your organization's specific circumstances can be requested through your COPS Office Program Manager.

What you should do:

Please read the entire LEMHWA Award Owner's Manual carefully prior to signing the award package. If you have any questions, please contact your COPS Office Program Manager. When accepting your award, you should ensure that the proper reporting and financial systems are in place to satisfy the award requirements.

7. Authorized Representative Responsibility

Condition:

The recipient understands that, in accepting this award, the Authorized Representatives declare and certify, among other things, that they possess the requisite legal authority to accept the award on behalf of the recipient entity and, in so doing, accept (or adopt) all material requirements throughout the period of performance under this award. The recipient further understands, and agrees, that it will not assign anyone to the role of Authorized Representative during the period of performance under the award without first ensuring that the individual has the requisite legal authority.

Why this condition:

The Authorized Representatives are responsible for reviewing and accepting a recipient's COPS Office award and must possess the legal authority to accept awards. This action binds the recipient to the award requirements.

What you should do:

The recipient must ensure it assigns two officials as the required Authorized Representatives for its COPS Office award who have ultimate and final responsibility for all programmatic and financial decisions for the agency, as the legal recipient. For guidance on who should be assigned as your agency's two Authorized Representatives, please see the Award Acceptance, Terms, and Conditions section of the Award Owner's Manual.

8. Award Monitoring Activities

Condition:

Federal law requires that recipients receiving federal funding from the COPS Office must be monitored to ensure compliance with their award conditions and other applicable statutes and regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation—compliance and programmatic benefits—are part of the monitoring process coordinated by the U.S. Department of Justice. Award monitoring activities conducted by the COPS Office include site visits, enhanced office-based grant reviews, alleged noncompliance reviews, financial and programmatic reporting, and audit resolution. As a COPS Office award recipient, you agree to cooperate with and respond to any requests for information pertaining to your award. This includes all financial records, such as general accounting ledgers and all supporting documents. All information pertinent to the implementation of the award is subject to agency review throughout the life of the award, during the close-out process, and for three-years after submission of the final expenditure report. 34 U.S.C. § 10385(a) and 2 C.F.R. §§ 200.334 and 200.337.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that each award program must contain a monitoring component. The COPS Office actively monitors how recipients are complying with COPS Office award requirements. In addition, the monitoring component provides customer service and technical assistance to help ensure recipients understand how to remain in compliance while implementing their awards.

What you should do:

Your organization may be required to accommodate routine and nonroutine efforts by the COPS Office, or an entity designated by the COPS Office, to examine your organization's use of federal funds both programmatically and financially. The four primary means of ensuring recipients' compliance with the terms and conditions of their awards are as follows:

1. **Site visits.** The COPS Office strategically selects award recipients based on a variety of risk factors to conduct site visits to ensure compliance with award terms and conditions. The purpose of site visits is threefold:
 - To review for compliance with the terms and conditions of the award
 - To review the recipient's community policing strategies
 - To provide customer service and technical assistance

If selected, recipients will be notified in writing in advance with detailed instructions for how to prepare for the review of their COPS Office awards. This review is generally performed over a period of one to two days. Recipients will have an opportunity to resolve any identified noncompliance issues while on-site or, if necessary, following the site visit. In addition, recipients will also have an opportunity to seek customer service and/or technical assistance on the implementation of their award.

2. **Enhanced Office-Based Grant Reviews (EOBGR).** In lieu of a site visit, awards may be selected for an EOBGR conducted at the COPS Office via teleconference or video conference. EOBGRs serve as an alternative for conducting award monitoring reviews in support of the COPS Office's overall award monitoring strategy. The purpose of the EOBGR is threefold:
 - To review for compliance with the terms and conditions of the award
 - To review the recipient's community policing strategies
 - To provide customer service and technical assistance

If selected, the recipient will be notified in writing in advance of any EOBGR of its COPS Office awards. This review is generally performed over a one-to two-day period. Recipients will have an opportunity to resolve any identified noncompliance issues, if necessary, following the EOBGR interview. In addition, award recipients will also have an opportunity to seek customer service and/or technical assistance on the implementation of their award.

3. **Alleged Noncompliance Referral (ANCR).** An ANCR is an allegation of suspected noncompliance that may originate either from an internal source within the COPS Office or an external referral from one of many sources. Internal ANCRs generally originate from COPS Office Grants Administration Division, Finance Division, or the Office of General Counsel (OGC), although any COPS Office component may refer a noncompliance issue to the ANCR. External noncompliance referrals may be received from anonymous complainants, media, citizens, law enforcement agencies, other Federal agencies, or other outside sources. On a case-by-case basis, a COPS Office ANCR staff reviewer determines the appropriate course of action to take to investigate complaints of alleged noncompliance. This may include phone or letter contact or a site visit by COPS Office staff or the OIG. Each ANCR referral is resolved as a violation or nonviolation based upon the preponderance of the supporting documentation or other facts to determine if the award recipient is in compliance or noncompliance.
4. **Audit liaison.** The OIG may conduct a random audit for any recipient of a COPS Office award. In the event your organization has undergone an OIG audit and there are audit recommendations (findings) resulting from noncompliance or poor accountability practices, the COPS Office Grant Monitoring Division Audit Liaison will work with your organization to resolve and close these recommendations. Remedies to close

recommendations may include repayment of award funds, providing adequate documentation to demonstrate compliance, or providing proof of policies or procedures that were created or revised to directly address the causes for the noncompliance as a proactive preventative measure to avoid future noncompliance.

Recipients are responsible for remedying any award noncompliance that is identified during site visits, EOBRs, and/or ANCRs. In addition, recipients are responsible for remedying noncompliance stemming from audit recommendations identified in audits of COPS Office awards conducted by the OIG and the Office of the Chief Financial Officer (OCFO). Remedies for noncompliance may include but are not limited to repayment of award funds for unallowable or unsupported costs, providing adequate documentation to demonstrate compliance, suspending active award funding, voluntary withdrawal from or involuntary termination of remaining award funds, or a restriction from receiving future COPS Office awards for a period of time. Under certain conditions, additional actions may include referral and placement on the U.S. Department of Justice's High-Risk List, which will include mandatory completion of the Office of Justice Programs Financial Management Training and being subject to increased monitoring of current and future awards while on the list. In the event of criminal misuse of award funds, recipients may also be subject to fines and imprisonment. To avoid findings of noncompliance, recipients are strongly encouraged to become familiar with the **COPS Office Grant Monitoring Division's Grant Monitoring Standards and Guidelines** and Award Owner's Manual for the year in which the award was made. Recipients should also contact their COPS Office Program Manager at any time during the life of a COPS Office award with questions concerning award conditions, terms, or requirements to seek guidance to avoid noncompliance. It is necessary for recipients to maintain all relevant documentation (administrative, financial, and programmatic) used to develop the application and implement the award that may be necessary or required to demonstrate award compliance for a period of three years from the date of submission of the final expenditure report. For more information, please contact the COPS Office Response Center at AskCopsRC@usdoj.gov.

9. Contract Provision

Condition:

All contracts made by the award recipients under the federal award must contain the provisions required under 2 C.F.R. Part 200, Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards. Please see appendices in the Award Owner's Manual for a full text of the contract provisions.

Why this condition:

Federal regulations require recipients and subrecipients to comply with the necessary contract provisions in order to standardize and strengthen oversight of all contracts made under federal awards. This provision protects the public interest and ensures the proper management and use of federal funds as it relates to contracts entered into by the recipient.

What you should do:

The recipient should review all contracts made under the federal award to ensure that they contain the provisions required under 2 C.F.R. Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards in the appendices of this manual.

10. Assurances and Certifications

Condition:

The recipient acknowledges its agreement to comply with the Assurances and Certifications forms that were signed as part of its application.

Why this condition:

Although the COPS Office has made every effort to simplify the process of applying for and receiving awards, several provisions of federal law require us to obtain the recipient's Assurances and Certifications regarding certain matters. Most of the Assurances and Certifications apply to all federal award programs.

What you should do:

Applicants to COPS Office award programs are required to sign the Assurances and Certifications forms at the time of application. Signing these documents assures the COPS Office that you have read, understood, and accepted the award terms and conditions outlined in the Assurances and Certifications. Please read these documents carefully, because signatures on these documents are treated as a material representation of fact upon which reliance will be placed when the U.S. Department of Justice determines to make an award. Additional copies of the Assurances and Certifications forms are contained in the appendices of this manual. If you have any questions about the Assurances and Certifications, please contact your assigned COPS Office Program Manager.

11. Conflict of Interest

Condition:

Recipients and subrecipients must disclose in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest affecting the awarded federal funding in accordance with 2 C.F.R. § 200.112.

Why this condition:

Recipients and subrecipients are required to use federal funding in the best interest of their award program. Any decisions related to these funds must be free of hidden personal or organizational conflicts of interest, both in fact and in appearance.

This means that recipients and subrecipients should not participate in any award-related decisions or recommendations that involve any of the following people or groups:

- an immediate family member
- a partner
- an organization in which they are serving as an officer, director, partner, or employee
- any person or organization with whom they are negotiating or who has an arrangement concerning prospective employment, has a financial interest, or for other reasons can have less than an unbiased transaction with the recipient or subrecipient

This also means that recipients and subrecipients should avoid any action which might result in or create the appearance of

- using your official position for private gain;
- giving special treatment to any person;

- losing complete independence or objectivity;
- making an official decision outside official channels; or
- affecting negatively the confidence of the public in the integrity of the Federal Government or the program.

What you should do:

Ensure that you report in writing to the COPS Office or pass-through entity, as applicable, any potential conflict of interest that may affect your federal award.

12. Debarment and Suspension

Condition:

The recipient agrees not to award federal funds under this program to any party which is debarred or suspended from participation in Federal assistance programs. 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension) and 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension).

Why this condition:

Under federal regulations, recipients are required to ensure that federal funds are not given to parties that are debarred or suspended from participation in federal assistance programs. This is to protect the public interest and to ensure proper management and integrity in federal activities by conducting business only with responsible parties. For details regarding the debarment and suspension requirements, please see 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension), and 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension.)

What you should do:

If under a COPS Office award you enter into a contract for goods or services for \$25,000 or more or any subaward, you must verify that the vendor or subrecipient and their respective principals (e.g., owners, top managers) with whom you intend to do business are not excluded or disqualified from participation in federal assistance programs. In addition, you must include a term or condition in the contract or subaward requiring the vendor or subrecipient to comply with subpart C of the OMB guidance in 2 C.F.R. Part 180 (Governmentwide Nonprocurement Debarment and Suspension) and subpart C of 2 C.F.R. Part 2867 (DOJ Nonprocurement Debarment and Suspension).

13. Employment Eligibility

Condition:

The recipient agrees to complete and keep on file, as appropriate, the Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form (I-9). This form is to be used by recipients of federal funds to verify that persons are eligible to work in the United States. Immigration Reform and Control Act of 1986 (IRCA), Public Law 99-603.

Why this condition:

Under federal immigration law, all employers are required to take certain steps to ensure that persons that are hired are legally permitted to work in the United States. The United States Citizenship and Immigration Services Employment Eligibility Verification Form (I-9) outlines the types of documents that an employer should review to confirm that a new hire is eligible for employment.

What you should do:

You do not need to submit any documentation to the COPS Office to satisfy this condition. Rather, you should complete and maintain the I-9 forms for all new employees under the guidelines set forth by the United States Citizenship and Immigration Services. For further information about this requirement, please visit <https://www.uscis.gov/i-9-central>.

14. Enhancement of Contractor Protection from Reprisal for Disclosure of Certain Information

Condition:

Recipients and subrecipients agree not to discharge, demote, or otherwise discriminate against an employee as reprisal for the employee disclosing information that he or she reasonably believes is evidence of gross mismanagement of a federal contract or award; a gross waste of federal funds; an abuse of authority relating to a federal contract or award; a substantial and specific danger to public health or safety; or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or award. Recipients and subrecipients also agree to provide to their employees in writing (in the predominant native language of the workforce) of the rights and remedies provided in 41 U.S.C. § 4712. Please see appendices in the Award Owner's Manual for a full text of the statute.

Why this condition:

Under "Enhancement of contractor protection from reprisal for disclosure of certain information" (41 U.S.C. § 4712), recipients and subrecipients are prohibited from taking reprisal actions against employees for certain whistleblowing activities in connection with federal awards and contracts. The law protects the public interest and ensures the proper management and use of federal funds.

What you should do:

Recipients and subrecipients must not take reprisal actions against an employee for disclosing misconduct under federal contracts and awards to certain persons and entities.

Recipients and subrecipients are prohibited from discharging, demoting, or otherwise discriminating against an employee as reprisal for disclosing information that he or she reasonably believes is evidence of

- gross mismanagement of a federal contract or award;
- a gross waste of federal funds;
- an abuse of authority relating to a federal contract or award;
- a substantial and specific danger to public health or safety; or
- a violation of law, rule, or regulation related to a federal contract (including the competition for or negotiation of a contract) or award.

In addition, the disclosure must also have been made to

- a member of Congress or a representative of a committee of Congress;
- an inspector general;
- the Government Accountability Office;
- a federal employee responsible for contract or award oversight or management at the relevant agency;
- an authorized official of the U.S. Department of Justice or other law enforcement agency;

- a court or grand jury; or
- a management official or other employee of the contractor, subcontractor, or recipient who has the responsibility
- to investigate, discover, or address misconduct.

An employee is deemed to have made a protected disclosure if he or she initiates or provides evidence of misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a federal contract or award.

Recipients and subrecipients must inform their employees in writing, in the predominant language of the workforce, of employee whistleblower rights, protections, and remedies under 41 U.S.C. § 4712. Recipients and subrecipients who wish to use the U.S. Department of Justice, Office of Inspector General whistleblower information brochure to inform their employees of their rights, may obtain a copy at <https://oig.justice.gov/sites/default/files/2020-04/NDAA-brochure.pdf>.

Please see the appendices of this manual for a full text of “Enhancement of contractor protection from reprisal for disclosure of certain information” (41 U.S.C. § 4712).

15. Equal Employment Opportunity Plan (EEOP)

Condition:

Please see the Office for Civil Rights website <https://www.ojp.gov/eeop-notice> for current information on the recipient's responsibilities related to the federal regulations pertaining to the development and implementation of an Equal Employment Opportunity Plan.

Why this condition:

The recipient must comply with federal statutes and regulations applicable to the award.

What you should do:

Please see the Office for Civil Rights website <https://www.ojp.gov/eeop-notice> for current information regarding the recipient's responsibilities related to the EEOP requirement.

16. False Statements

Condition:

False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and/or any other remedy available by law. 31 U.S.C. § 3729–3733.

Why this condition:

This condition advises recipients of the consequences of submitting false claims or statements on applications, financial and programmatic reports, or other award documents.

What you should do:

Ensure that all documentation related to your organization's receipt and use of award funding (award applications, progress reports, Federal Financial Reports, etc.) is true and accurate.

17. Federal Civil Rights

Condition:

The recipient and any subrecipient must comply with applicable federal civil rights and nondiscrimination statutes and regulations, including section 601 of the Civil Rights Act of 1964 (42 U.S.C. § 2000d), as implemented in subparts C and D of 28 C.F.R. Part 42; section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), as implemented in subpart G of 28 C.F.R. Part 42; section 901 of the Education Amendments of 1972 (20 U.S.C. § 1681), as implemented in subpart D of 28 C.F.R. Parts 42 and 54; section 303 of the Age Discrimination Act of 1975 (42 U.S.C. § 6102), as implemented in subpart I of 28 C.F.R. Part 42; and section 809(c) of Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10228(c)), as implemented in subpart D of 28 C.F.R. part 42.

In addition to applicable federal statutes and regulations that pertain to civil rights and nondiscrimination, the recipient and any subrecipient must comply with the requirements in 28 C.F.R. Parts 22 (Confidentiality of Identifiable Research and Statistical Information); 28 C.F.R. Part 23 (Criminal Intelligence Systems Operating Policies); 28 C.F.R. Part 38 (Partnership with Faith-Based and Other Neighborhood Organizations); and 28 C.F.R. Part 46 (Protection of Human Subjects). For an overview of the civil rights laws and nondiscrimination requirements in connection with your award, please see <https://www.ojp.gov/program/civil-rights/overview>.

Why this condition:

In establishing financial assistance programs, Congress linked the receipt of federal funding to compliance with federal civil rights and nondiscrimination laws. As a result, recipients are required to comply with the civil rights and nondiscrimination laws referenced above. A hold may be placed on your award if it is deemed that your organization is not in compliance with federal civil rights laws or is not cooperating with an ongoing federal civil rights investigation. If a hold is placed on your award, you will not be able to obligate or draw down federal funds under your organization's COPS Office award until you comply with federal civil rights laws or cooperate with any ongoing federal civil rights investigation.

What you should do:

The Office for Civil Rights (OCR), Office of Justice Programs, U.S. Department of Justice has been delegated the responsibility for ensuring that recipients of federal financial assistance from the COPS Office are not engaged in discrimination prohibited by law. Included with your award package is a memorandum from the OCR, which addresses the federal civil rights statutes and regulations applicable to your award. You should review this memorandum to understand your organization's civil rights responsibilities. For an overview of the civil rights laws and nondiscrimination requirements in connection with your award, please see <https://www.ojp.gov/program/civil-rights/overview>.

The recipient and any subrecipient must comply with all applicable requirements of 28 C.F.R. Part 38, which includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipients and subrecipients that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations. Recipients and subrecipients that provide social services under this award must give written notice to beneficiaries and prospective beneficiaries prior to the provision of services (if practicable) which shall include language substantially similar to the language in 28 C.F.R. Part 38, Appendix C, sections (1) through (4). A sample written notice

and other important Part 38 information may be found at <https://www.ojp.gov/program/civil-rights-office/partnerships-faith-based-and-other-neighborhood-organizations>. In addition, a faith-based recipient or subrecipient *may* consider religion in hiring *provided* it satisfies particular requirements, which can be found at <https://www.ojp.gov/funding/explore/legaloverview2024/civilrightsrequirements>.

As a recipient of federal financial assistance from the COPS Office, you are required to comply with the applicable federal civil rights and nondiscrimination laws to collect data and information sufficient to permit effective enforcement of such laws, and to cooperate with any federal civil rights investigation, which includes providing access to records, accounts, documents, information, facilities, and staff.

18. Mandatory Disclosure

Condition:

Recipients and subrecipients must timely disclose in writing to the COPS Office or pass-through entity, as applicable, all federal criminal law violations involving fraud, bribery, or gratuity that may potentially affect the awarded federal funding. Recipients that receive an award over \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. part 200, Appendix XII to Part 200. Failure to make required disclosures can result in any of the remedies, including suspension and debarment, described in 2 C.F.R. § 200.339. 2 C.F.R. § 200.113.

Why this condition:

Federal regulations require recipients and subrecipients to report all federal violations involving fraud, bribery, or gratuity that may affect the awarded federal funds. In addition, recipients that receive an award of more than \$500,000 must also report certain civil, criminal, or administrative proceedings in SAM and are required to comply with the Term and Condition for Recipient Integrity and Performance Matters as set out in 2 C.F.R. part 200, Appendix XII to Part 200. This condition advises your organization of the requirement and the consequences of failing to report such violations to the COPS Office or pass-through entity.

What you should do:

Ensure that you timely report in writing to the COPS Office or pass-through entity all federal violations involving fraud, bribery, or gratuity that may affect your federal award and, if applicable, report certain civil, criminal, or administrative proceedings in SAM.

19. Reports/Performance Goals

Condition:

To assist the COPS Office in monitoring and tracking the performance of your award, your agency will be responsible for submitting semiannual programmatic performance reports that describe project activities during the reporting period and quarterly Federal Financial Reports using Standard Form 425 (SF-425). 2 C.F.R. §§ 200.328–200.329. The performance report is used to track your agency's progress toward implementing community policing strategies and to collect data to gauge the effectiveness of increasing your agency's community policing capacity through COPS Office funding. The Federal Financial Report is used to track the expenditures of the recipient's award funds on a cumulative basis throughout the life of the award.

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 and other federal regulations and policies require that financial assistance provided by the Federal Government must be monitored carefully to ensure the proper use of federal funds. In addition, the COPS Office seeks to document, on a continuing basis, the progress of our programs and recipients.

What you should do:

This award condition is designed to make your organization aware of reporting requirements associated with LEMHWA awards. Semi-annual programmatic performance reports and a final programmatic performance report must be submitted directly to the COPS Office through the JustGrants system. Your organization is also required to submit quarterly Federal Financial Reports using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 120 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period, and the remaining unobligated balance of federal funds. Under federal regulations, your organization is not permitted to draw down federal funding for costs incurred after the official award end date; however, you will have a 120-day grace period after the award end date during which you can drawdown funds for eligible expenditures incurred before the award end date. Organizations with more than one delinquent programmatic or financial report submission per fiscal year may be subject to delays in receiving reimbursement for allowable expenses and may be required to receive technical assistance to improve compliance with reporting. These reports are discussed in greater detail in the section titled "Reports" in this manual. All reports should be submitted within the deadlines given to avoid suspension or possible termination of award funds or other remedial actions; failure to submit required reports may also impact future funding opportunities.

20. Recipient Integrity and Performance Matters

Condition:*I. Reporting of Matters Related to Recipient Integrity and Performance**a. (a) General Reporting Requirement.*

(1) If the total value of your active grants, Cooperative Agreements, and procurement contracts from all Federal agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient must ensure the information available in the responsibility/qualification records through the System for Award Management (SAM.gov), about civil, criminal, or administrative proceedings described in paragraph (b) of this award term is current and complete. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in responsibility/qualification records in SAM.gov on or after April 15, 2011 (except past performance reviews required for Federal procurement contracts) will be publicly available.

b. Proceedings About Which You Must Report.

(1) You must submit the required information about each proceeding that—

- (i) Is in connection with the award or performance of a grant, Cooperative Agreement, or procurement contract from the Federal Government;*

(ii) Reached its final disposition during the most recent five-year period; and

(iii) Is one of the following—

(A) A criminal proceeding that resulted in a conviction;

(B) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;

(C) An administrative proceeding that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or

(D) Any other criminal, civil, or administrative proceeding if—

1. It could have led to an outcome described in paragraph (b)(1)(iii)(A) through (C);

2. It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and

3. The requirement in this award term to disclose information about the proceeding does not conflict with applicable laws and regulations.

c. *Reporting Procedures.* Enter the required information in SAM.gov for each proceeding described in paragraph (b) of this award term. You do not need to submit the information a second time under grants and Cooperative Agreements that you received if you already provided the information in SAM.gov because you were required to do so under Federal procurement contracts that you were awarded.

d. *Reporting Frequency.* During any period of time when you are subject to the requirement in paragraph (a) of this award term, you must report proceedings information in SAM.gov for the most recent five-year period, either to report new information about a proceeding that you have not reported previously or affirm that there is no new information to report. If you have Federal contract, grant, and Cooperative Agreement awards with a cumulative total value greater than \$10,000,000, you must disclose semiannually any information about the criminal, civil, and administrative proceedings.

e. *Definitions.* For purposes of this award term—

Administrative proceeding means a non-judicial process that is adjudicatory in nature to make a determination of fault or liability (for example, Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with the performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

Total value of currently active grants, Cooperative Agreements, and procurement contracts includes the value of the Federal share already received plus any anticipated Federal share under those awards (such as continuation funding).

II. [Reserved]

[89 FR 30207, Apr. 22, 2024]

Why this condition:

Under 2 C.F.R. § 200.211(c)(1)(iii), recipients of awards in excess of \$500,000 are required to report certain civil, criminal, and administrative proceedings if they have active federal grants, Cooperative Agreements, or contracts (or any combination of these) that total more than \$10,000,000 during the COPS Office award period. The purpose of the requirement is to protect the public interest and to ensure proper management of federal activities by ensuring the Federal government conducts business with responsible parties.

What you should do:

If the total value of your active grants, Cooperative Agreements, and contracts from all federal awarding agencies exceeds \$10,000,000 during the COPS Office award period, then you must ensure that the proceedings described in paragraph 2 of this award term that are reported in the System for Award Management (SAM) are current. The information about the reported proceedings is made available in SAM

During the award period, you must either report for the most recent five-year period new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. You must also disclose semiannually any information about criminal, civil, and administrative proceedings.

21. System for Award Management (SAM) and Universal Identifier Requirements

Condition:

I. System for Award Management (SAM.gov) and Universal Identifier Requirements

a. Requirement for System for Award Management.

- (1) Unless exempt from this requirement under 2 CFR 25.110, the recipient must maintain a current and active registration in SAM.gov. The recipient's registration must always be current and active until the recipient submits all final reports required under this Federal award or receives the final payment, whichever is later. The recipient must review and update its information in SAM.gov at least annually from the date of its initial registration or any subsequent updates to ensure it is current, accurate, and complete. If applicable, this includes identifying the recipient's immediate and highest-level owner and subsidiaries and providing information about the recipient's predecessors that have received a Federal award or contract within the last three years.*

b. Requirement for Unique Entity Identifier (UEI).

- (1) If the recipient is authorized to make subawards under this Federal award, the recipient:*
- (i) Must notify potential subrecipients that no entity may receive a subaward until the entity has provided its UEI to the recipient.*
 - (ii) Must not make a subaward to an entity unless the entity has provided its UEI to the recipient. Subrecipients are not required to complete full registration in SAM.gov to obtain a UEI.*

c. Definitions. For the purposes of this award term:

System for Award Management (SAM.gov) means the Federal repository into which a recipient must provide the information required for the conduct of business as a recipient. Additional information about registration procedures may be found in SAM.gov (currently at <https://www.sam.gov>).

Unique entity identifier means the universal identifier assigned by SAM.gov to uniquely identify an entity.

Entity is defined at 2 CFR 25.400 and includes all of the following types as defined in 2 CFR 200.1:

- (1) Non-Federal entity;*
- (2) Foreign organization;*
- (3) Foreign public entity;*
- (4) Domestic for-profit organization; and*
- (5) Federal agency.*

Subaward has the meaning given in 2 CFR 200.1.

Subrecipient has the meaning given in 2 CFR 200.1.

Why this condition:

The purpose of this standard award term is to ensure government-wide uniformity in establishing a universal unique entity identifier for federal financial assistance applicants, as well as recipients and their direct subrecipients (if applicable) and to establish the SAM as the repository for standard information about applicants and recipients.

What you should do:

At the time of award application, your organization was required to provide its SAM unique entity identifier and be registered in the SAM database.

Your organization should continue to use the same unique entity identifier provided in your award application and to update, as needed, the information associated with that unique entity identifier. If your organization is authorized to make subawards under its award, your organization may make subawards only to entities that have unique entity identifiers.

Your organization must maintain active registration and current information in the SAM until you submit the final financial report or receive the final payment under your award, whichever is later. **Your organization must review and update its SAM information at least once per year to maintain an active registration status.** For more information about SAM registration, please visit www.sam.gov.

22. Additional High-Risk Recipient Requirements

Condition:

The recipient agrees to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient. 2 C.F.R. § 200.208.

Why this condition:

In accordance with 2 C.F.R. § 200.208, the DOJ may impose additional requirements specific to your award, as needed, when it determines that there is unsatisfactory performance, financial or administrative instability, noncompliance with award terms and conditions, or other lack of responsibility risk factors. In such cases, the DOJ may impose special conditions or restrictions that may include requiring the production of documentation, financial award administration training, on-site monitoring, prior approval for expenditure of funds, quarterly progress reports, separate bank accounts, or other requirements.

What you should do:

In order to obtain a COPS Office award, recipients must agree to comply with any additional requirements that may be imposed during the award performance period if the awarding agency determines that the recipient is a high-risk recipient.

23. Supplementing, Not Supplanting

Condition:

State, local, and tribal government recipients must use award funds to supplement, and not supplant, state, local, or Bureau of Indian Affairs (BIA) funds that are already committed or otherwise would have been committed for award purposes (hiring, training, purchases, and/or activities) during the award period. In other words, state, local, and tribal government recipients may not use COPS Office funds to supplant (replace) state, local, or BIA funds that would have been dedicated to the COPS Office-funded item(s) in the absence of the COPS Office award. 34 U.S.C. § 10384(a).

Why this condition:

The COPS Office statutory nonsupplanting requirement mandates that award funds not be used to replace state or local funds (or, for tribal recipients, BIA funds) that would, in the absence of federal aid, be made available for the award purposes.

What you should do:

For state, local, and tribal recipients, LEMHWA funds may not be used to pay for any item or cost funded under the award (equipment, personnel, training, etc.) if that item or cost was otherwise budgeted with state, local, or BIA funds. In addition, recipients may not reallocate state, local, or BIA funds already budgeted for award purposes as a result of receiving LEMHWA award funds. If you have questions concerning this award term and how it pertains to your project budget, please contact your COPS Office Program Manager.

24. Sole Source Justification

Condition:

Recipients who have been awarded funding for the procurement of an item (or group of items) or service in excess of the simplified acquisition threshold (currently, \$250,000) and who plan to seek approval for use of a noncompetitive procurement process must provide a written sole source justification to the COPS Office for approval prior to obligating, expending, or drawing down award funds for that item or service. 2 C.F.R. § 200.325(b)(2).

Why this condition:

In general, recipients are required to procure funded items through open and free competition. However, in some instances, recipients may have already determined that competition is not feasible.

What you should do:

If you have received an award for an item (or group of items) or service in excess of the simplified acquisition threshold (currently, \$250,000) and have already determined that the award of a contract through a competitive process is infeasible, you must provide a justification in JustGrants that explains why it is necessary to contract noncompetitively (see **Grant Award Modification Job Aid Reference Guide**).

The initial determination that competition is not feasible can be made if one of the following circumstances exists:

- Competition is determined inadequate after soliciting several sources.
- The COPS Office authorizes noncompetitive proposals in response to a written request from the recipient.
- The procurement transaction can only be fulfilled from a single source.
- The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation.

The COPS Office will review your request and the supporting information that you provide and will make a determination as to whether or not an exception can be made to the general rule regarding competition. If submitting a sole source justification request to the COPS Office, please use the format described in the *Sole Source Justification* fact sheet which can be found at the **Award Management Materials web page**.

25. Modifications

Condition:

Award modifications are evaluated on a case-by-case basis in accordance with 2 C.F.R. § 200.308(i). For federal awards in excess of the simplified acquisition threshold (currently, \$250,000), any modification request involving the reallocation of funding between budget categories that exceed or are expected to exceed 10 percent (10%) of the total approved budget requires prior written approval by the COPS Office. Regardless of the federal award amount or budget modification percentage, any reallocation of funding is limited to approved budget categories. In addition, any budget modification that changes the scope of the project requires prior written approval by the COPS Office.

Why this condition:

The COPS Office realizes that organizations may need to reprogram award funds. Acceptable examples of such award modifications include purchasing additional equipment using cost savings from approved items or purchasing a different type of equipment because of changing needs. Under federal regulations, you are required to expend federal funds only as approved in the award package. Requests to change or alter an award that meet certain threshold requirements must be submitted to the COPS Office for written approval prior to their purchase or implementation. Without prior written approval, you must continue to implement your award as it was originally outlined and accepted by your organization. Reprogrammed funds must be allocated for items covered within the original scope of the award. Please be advised that reprogramming requests for unallowable costs will not be approved.

Your organization may reprogram its budget up to an aggregate (over the course of your project) of 10 percent of the total project cost without prior written approval from the COPS Office. However, you should still notify your COPS Office Program Manager of any reprogramming that falls below the 10 percent threshold. For awards in excess of the simplified acquisition threshold (currently \$250,000), any reprogramming of funds totalling an aggregate of 10 percent or more of the approved budget requires prior written approval from the COPS Office.

What you should do:

You are required to notify your COPS Office Program Manager if you determine that your organization will need to reprogram award funds. If your modification exceeds an aggregated (over the course of your project) 10 percent of your overall award, your organization must log into JustGrants. Please contact your COPS Office Program Manager for further direction on any additional requirements that may apply to your modification request. The COPS Office will then evaluate your request and notify your organization of our decision in writing. Once you have written approval from the COPS Office, you may begin implementing the modified award budget. Please note that modification approvals for active awards will be accompanied by a modified financial section reflecting the approved changes.

26. Evaluations

Condition:

The COPS Office may conduct monitoring or sponsor national evaluations of its award programs. The recipient agrees to cooperate with the monitors and evaluators. 34 U.S.C. § 10385(b).

Why this condition:

The Public Safety Partnership and Community Policing Act of 1994 states that evaluations of the program may be carried out or commissioned by the Attorney General for the furtherance of the purposes of the Act. The COPS Office conducts evaluations to determine which programs are working, how programs may be improved, and why certain programs are more successful than others. Specifically, the COPS Office may assess the way in which your organization implements its LEMHWA award. COPS Office staff or evaluators may study the effectiveness of funded programs, projects, and activities. Evaluators may collect information about the programs' effect on crime, victims of crime, and the quality of life in communities. In addition, they may ask questions about the challenges encountered during project implementation, how residents feel about community policing, and how police feel about their work. This information will be useful to other communities and police agencies across the country.

What you should do:

When evaluations are undertaken, you may be contacted in writing with specific requests for information. In general, evaluators may need to speak with individuals in your organization, observe activities, and obtain written reports about and from your organization. You will be asked to facilitate any site visits and information-gathering activities. In addition, you will be asked to provide accurate and timely information about your award activities. You should fully comply with any requests made regarding these evaluations.

27. Allowable Costs

Condition:

The funding under this award is for the payment of approved costs for program-specific purposes. The allowable costs approved for your agency's award are limited to those listed in your agency's award package. In accordance with 2 C.F.R. § 200.400(g), the recipient or subrecipient must not earn or keep any profit resulting from the award. Your agency may not use award funds for any costs not identified as allowable in the award package.

Why this condition:

Funding may only be used to pay for items and services approved by the COPS Office as reflected in the financial information section of the award package. FY 2025 LEMHWA funds must be used as outlined in the approved Cooperative Agreement and budget. Please note that in accordance with 2 C.F.R. § 200.101(c), the COPS Office applies the cost principles set forth in 2 C.F.R. Part 200, Subpart E to for-profit organizations. In addition, in accordance with 2 C.F.R. § 200.400(g), the recipient or subrecipient must not earn or keep any profit resulting from the award.

To be eligible for payment under this award, the purchase of approved items must be made on or after the award start date and comply with the guidelines described in the section "Accessing Award Funds" in this manual. The section "Financial Record Maintenance" outlines the types of records you must keep to document that you followed this award condition. Purchases must also reflect the costs that were approved in the award package.

What you should do:

Refer to your award package for the list of approved allowable cost categories. Listed below are the budget categories that may appear. If your organization's operating budget categories differ from those approved in the award package, your organization should maintain a cross-reference to clearly identify where the funds were budgeted. As long as funds are spent during the award period on project costs that were documented in your application's budget summary and approved by the COPS Office through the issuance of the award package, this award condition will be satisfied. The award number should be included on all budgetary documentation including purchase orders, receipts, and other documentation. All recipients should keep and maintain the most recent, approved version of their 2025 LEMHWA application and award package for future reference.

Civilian Personnel (salaries and benefits)

Personnel expenses may be reimbursed for project activities that take place on or after the award start date. In addition, a position's salary must be reasonable for the services rendered and must be paid to a person appointed under the law or rules governing hiring by your organization. Salary payments must be based on payroll records. Time and attendance records or the equivalent must support payroll records. A recipient may not use federal funds to pay total cash compensation to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. The 2025 salary table for SES employees is available at the Office of Personnel Management website: <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/>.

If any civilian personnel are employed on a part-time or temporary basis, your organization must specify the percentage of time that each person is working solely on the project identified in your organization's LEMHWA proposal. Fringe benefits may be paid if they are part of a reasonable compensation package offered to your employees. Particular items of fringe benefits must fall within the categories authorized by the COPS Office. Authorized fringe benefits include FICA, Social Security, health insurance, life insurance, vacation, sick leave, retirement, worker's compensation, and unemployment insurance.

Travel

Travel costs for transportation, lodging, meals, temporary dependent care, and incidental expenses incurred by personnel while on official business, such as attendance at an award-related meeting or conference when travel is further than 50 miles from program location, are allowable with prior approval from the COPS Office. In accordance with 2 C.F.R. § 200.475, travel costs for official business directly related to the award will be reimbursed based upon

the recipient's written travel reimbursement policies if the costs are reasonable and allocable under the project. In the absence of an acceptable written policy regarding travel costs, allowable rates and amounts established by the U.S. General Services Administration (GSA) for the relevant geographic area will apply. The current GSA travel policy and per diem rates can be found at www.gsa.gov.

Allowable airfare costs will be reimbursed based upon the least expensive unrestricted accommodations class offered by commercial airlines—for example, lowest discount commercial airfare, the Federal Government contract airfare (if authorized and available), or standard coach airfare—unless otherwise authorized in advance by the COPS Office.

Temporary dependent care costs above and beyond regular dependent care that directly results from conference travels are allowable as long as the costs incurred (1) are a direct result of the individual's travel for the federal award; (2) are consistent with the recipient's documented travel policy for all entity travel; and (3) are only temporary during the travel period.

The LEMHWA program will fund award-related travel costs for the recipient agency or other (nonrecipient) individuals to attend training and technical assistance conferences, seminars, or classes or to visit a site specified in the application. Allowable award-related travel costs that were included in the application have been approved by the COPS Office as part of the LEMHWA award and final budget. Your organization should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Program Manager.

Equipment

To be eligible for payment under this award, the purchase of equipment and technology must occur on or after the award start date, the items must be those specifically applied for and approved by the COPS Office, and they must meet the guidelines described in 2 C.F.R. Part 200, Subpart E – Cost Principles. For recipients that are state, local, or tribal government entities, award-funded equipment and technology must supplement, not supplant (replace), locally funded items that would have been funded even in the absence of this award. Funds currently budgeted or obligated for the purchase of equipment and technology may not be reallocated to other purposes or reimbursed upon receiving the LEMHWA award. Organizations should establish practices to receive, label, inventory, and track the location of all purchases made for award-funded equipment and/or technology.

Supplies

All supplies must be solely used for the project identified in your project proposal. Reimbursements for office supplies that are consumed by routine administrative purposes instead of project-related activities are prohibited. Items must meet the guidelines described in 2 C.F.R. Part 200, Subpart E – Cost Principles. For any training awards, the COPS Office allows the purchase of flash drives or USB devices to distribute training materials with approval prior to purchasing.

Sub-awards/Procurement Contracts

The applicant should distinguish clearly between subawards and contracts in allocating any funds to other entities. Pursuant to 2 C.F.R. § 200.331, a subaward is for the purpose of carrying out a portion of the federal award, and a contract is for the purpose of obtaining goods and services for the recipient's own use. The substance of the relationship is more important than the form of the agreement in determining whether the recipient of the pass-through funds is a subrecipient or a contractor. Keep in mind that the awarding and monitoring of contracts must follow documented procurement procedures, including full and open competition, pursuant to the procurement standards in 2 C.F.R. §§ 200.318- 200.327, and the issuance of subawards must meet the requirements of 2 C.F.R. § 200.332.

Any recipient of an award will be responsible for monitoring subawards and contracts in accordance with all applicable statutes, regulations, and guidelines. Primary recipients will be responsible for oversight of subrecipient or partner spending and monitoring specific performance measures and outcomes attributable to the use of COPS Office funds.

All sole-source procurements of goods and services (those not awarded competitively) in excess of the simplified acquisition threshold (currently, \$250,000) require prior approval from the COPS Office. Please see the *Sole Source Justification* fact sheet, which can be found at the **[Award Management Materials web page](#)**.

Consultant expenses include goods or services that directly contribute to the implementation or enhancement of the project. The use of a consultant should be more economical than direct employment. Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with Office of Management and Budget (OMB) cost principles, and consistent with that paid for similar services in the marketplace. The services should be commensurate with the rate or salary paid by the primary employer.

Unless otherwise approved by the COPS Office, independent consultant rates will be approved based on the salary a consultant receives from his or her primary employer, as applicable, up to \$650 per day (or \$81.25 per hour). Please note that this does not mean that the rate can or should be as high as \$650 for all consultants. If individuals receive fringe benefits from their primary employer, such fringe benefit costs should not be included in the calculation of consultant rates. A consultant rate justification will need to be submitted for review and approval to the COPS Office for any consultants paid more than \$650 per day prior to incurring any costs. Determinations of approval will be made on a case-by-case basis. Please see the *Consultant Rate Justification* fact sheet, which can be found at the **[Award Management Materials web page](#)**.

Consultant travel costs follow the same guidelines as the "Travel" category but should be costs associated with consultant travel. These costs should not be reflected in the "Civilian Personnel" or "Travel" categories.

All other consultant-related expenses should be included in this section such as supply and equipment requests. The same guidelines as previously stated in the above sections will apply.

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. Reasonable steps to provide meaningful access to services or benefits may include interpretation or translation services, where appropriate. For additional information, see the "Civil Rights Compliance."

Other costs

Items that do not conform to any of the category descriptions specific above but that have a direct correlation to the overall success of a recipient's project objectives and are necessary for the project to reach full implementation will be considered on a case-by-case basis by the COPS Office.

If at any time you are unsure if an item is considered allowable or unallowable, please contact your COPS Office Program Manager for further assistance.

Indirect costs

Indirect (facilities and administrative, or F&A) costs are costs that are incurred for a common or joint purpose benefiting more than one cost objective and not readily assignable to a particular project but are necessary to the operation of the agency and the performance of the project. Indirect costs are allowable for this program, but must adhere to the standards set forth in the applicable Office of Management and Budget (OMB) guidance as stated in

2 C.F.R. Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted by the U.S. Department of Justice in 2 C.F.R. § 2800.101. Examples of indirect costs include those incurred for facility operation and maintenance, depreciation, and administrative salaries.

Indirect cost rates are federally negotiated and approved rates that are based on audited and documented expenses approved to be included within an indirect cost rate. It is important that your organization carefully track and update its indirect cost rate during the COPS Office award period.

The recipient understands that if they were approved for indirect costs based on an expired indirect cost rate at the time of application, a special condition may have been added to the award prohibiting the drawdown of funds for reimbursement of indirect costs until a current indirect cost rate has been determined by their cognizant agency and a copy of the “new” approved and signed Indirect Cost Negotiation Agreement has been submitted to the COPS Office.

The recipient understands that indirect costs may typically only be requested at the time of application. Transferring funds into or out of the indirect cost category is not allowable without prior approval from the COPS Office. A budget modification is required.

If your organization's approved indirect cost rate expires during the award period, a current approved rate must be submitted to the COPS Office in order to continue to draw down award funding for indirect costs. Your expired rate must be renegotiated or extended by your cognizant federal agency. An approved indirect cost rate may be extended one time for up to four years, and once the cognizant federal agency has approved your extension, you must abide by that rate for the agreed-upon time period. At the end of the extension period, you must renegotiate a new indirect cost rate. Your organization must advise the COPS Office in writing of any changes to your approved indirect cost rate during the award period and must request a budget modification with the COPS Office to reflect any rate change.

In addition, if a provisional indirect cost rate is in effect at award closeout, your organization shall proceed with closeout, but you will need to complete an expenditure analysis upon receipt of the approved final indirect cost rate to determine if an adjustment is necessary. If your organization drew down excess COPS Office funding for indirect costs, then your organization must return the overpayment to the COPS Office and submit a revised Federal Financial Report (SF-425). If your organization incurred additional indirect costs, then your organization may request a budget modification if the award is still open and award funds are available. If your organization returns or draws down COPS Office funding, then your organization will need to submit a revised final Federal Financial Report (SF-425).

Please see the *Indirect Costs* fact sheet, which can be found at the [**Award Management Materials web page**](#).

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Please also see “Duplicative Funding” condition.

28. Extensions

Condition:

Recipients may request an extension of the award period to receive additional time to implement their award program. Such extensions do not provide additional funding. Only those recipients that can provide a reasonable justification for delays will be granted no-cost extensions. Extension requests must be received prior to the end date of the award. 2 C.F.R. §§ 200.308(f)(10) and 200.309.

Why this condition:

Under federal regulations, requests to extend the award period require prior written approval from the COPS Office. Without an approved extension, your organization is not permitted to draw down federal funding for costs incurred beyond the official award end date. When justified, the COPS Office will seek to accommodate reasonable requests for no-cost time extensions to fully implement the COPS Office award.

What you should do:

The COPS Office will contact your organization during the last quarter of the award period to determine whether a no-cost time extension is needed. Requests to extend the award period must be received by the COPS Office before the official award end date. Failure to submit a request for a no-cost time extension before the award end date may result in the immediate deobligation of any remaining award funds. Please note that the project period of performance will be extended, if necessary, until the deliverable is considered final. If the award is set to expire, prior to the final approval of the deliverable, a no-cost extension will be executed for a reasonable amount of time for the recipient to complete the final deliverable.

29. Computer Network Requirement

Condition:

The recipient understands and agrees that no award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography. Nothing in this requirement limits the use of funds necessary for any federal, state, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities. Full-Year Continuing Appropriations and Extensions Act, 2025, Public Law 119-4; Consolidated Appropriations Act, 2024, Public Law 118-42, Division C, Title V, Section 527.

Why this condition:

The Appropriations Act prohibits the use of federal funds to maintain or establish a computer network that does not block the viewing, downloading, and exchanging of pornography. This provision protects the public interest in the proper management and use of federal funds.

What you should do:

The recipient must not use award funds to maintain or establish a computer network unless the network blocks pornography. This does not limit the use of funds for criminal investigations, prosecution, or adjudication activities.

30. Public Release Information

Condition:

The recipient agrees to submit one copy of all reports and proposed publications resulting from this award ninety (90) days prior to public release. Any publications (written, curricula, visual, sound, reports, or websites) or computer programs, whether or not published at government expense, shall contain the following statement:

"This project was supported, in whole or in part, by federal award number YYYY-XX-XXXX awarded to [entity] by the U.S. Department of Justice, Office of Community Oriented Policing Services. The opinions contained herein are those of the author(s) or contributor(s) and do not necessarily represent the official position or policies of the U.S. Department of Justice. References to specific individuals, agencies, companies, products, or services should not be considered an endorsement by the author(s) or the U.S. Department of Justice."

Why this condition:

The COPS Office wants to ensure the quality, objectivity, utility, and integrity of information in funded projects that are disseminated to the public. However, award-funded reports and publications are not works of authorship by the Federal Government and should not be construed to reflect the official policy or position of the U.S. Department of Justice.

What you should do:

Ensure that all publications, excluding press releases and newsletters, developed under your award contain the required statement listed above.

31. Paperwork Reduction Act Clearance and Privacy Act Review

Condition:

The recipient agrees, if required, to submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget (OMB) for clearance under the Paperwork Reduction Act (PRA). Before submission to OMB, all information collections that request personally identifiable information must be reviewed by the COPS Office to ensure compliance with the Privacy Act. The Privacy Act compliance review and the PRA clearance process may take several months to complete. 44 U.S.C. §§ 3501-3520 and 5 U.S.C. § 552a.

Why this condition:

The purpose of the Paperwork Reduction Act is to reduce, minimize, and control paperwork burdens on the public while maximizing the practical utility and public benefit of information created, collected, disclosed, maintained, used, shared, and disseminated by or for the Federal Government. See 5 C.F.R. § 1320.1. In addition, the Privacy Act establishes a “code of fair information practices” that regulates the collection, maintenance, use, and disclosure of personally identifiable records. 5 U.S.C. § 552a.

A collection of information undertaken by a recipient is considered to be conducted or sponsored by a federal agency only if (1) the recipient is conducting the collection of information at the specific request of the agency, or (2) the terms and conditions of the award require specific approval by the agency of the collection of information or the collection procedures. See 5 C.F.R. § 1320.3(d).

What you should do:

When you undertake surveys, interviews, and other methods of information collection in furtherance of the objectives of the award, you should contact your COPS Office Program Manager. The COPS Office Program Manager will inform you whether Office of Management and Budget (OMB) approval of the information collection method is required and of the procedures necessary to obtain this approval. As part of the OMB approval process, a privacy assessment will be completed to determine if an information collection requires a privacy-related notice. OMB approval may take several months to receive, so recipients are advised to allow ample time for the processing of this request.

32. Copyright

Condition:

If applicable, the recipient may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under this award in accordance with 2 C.F.R. § 200.315(b). The COPS Office reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish, or otherwise use the work, in whole or in part (including create derivative works), for Federal Government purposes, and to authorize others to do so. The COPS Office also reserves the right, at its discretion, not to publish deliverables and other materials developed under this award as a U.S. Department of Justice resource.

Products and deliverables developed with award funds and published as a U.S. Department of Justice resource will contain the following copyright notice:

"This resource was developed under a federal award and may be subject to copyright. The U.S. Department of Justice reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use the work for Federal Government purposes and to authorize others to do so. This resource may be freely distributed and used for noncommercial and educational purposes only."

Why this condition:

U.S. Department of Justice regulations allow the recipient of a LEMHWA award to copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award.

As a Federal Government agency whose activities include producing and disseminating law enforcement materials to advance public safety through community policing across the nation, the COPS Office has an interest in making your deliverables and products widely available and accessible to the public. The COPS Office may make any work that was developed or purchased under this award publicly available by any means without restriction, including through designated public access repositories, a U.S. Department of Justice website, social media account, a hard copy, or in electronic form. The COPS Office also reserves the right, at its discretion, to not publish deliverables and other materials (e.g., reports, publications, manuals, and training curricula) developed under this award as a U.S. Department of Justice resource.

What you should do:

The recipient is responsible for acquiring the rights, and ensuring that its subrecipients/contractors/authors acquire the rights, including the payment of required fees, to use copyrighted material for inclusion in deliverables that are developed under this award. All licensing, publishing, or similar agreements with a copyright holder, publisher, or other relevant party must include provisions giving the COPS Office a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use the work in whole or in part (including create derivative works) for Federal Government purposes and to authorize others to do so. If the recipient retains a contractor or consultant to author or coauthor a work under this award, the recipient must ensure that there is a written agreement with the contractor or consultant that explicitly (1) assigns and transfers all rights to the copyright in the work to the recipient for the full term of copyright and, if a copyright transfer is not feasible, (2) awards the COPS Office the same royalty-free, nonexclusive, and irrevocable license to use, and authorize others to use, the work for Federal Government purposes.

The U.S. Department of Justice is a nonexclusive licensee to copyrighted work that was developed, or for which ownership was purchased, under this award. Only the legal or beneficial owner of an exclusive right under a copyright is entitled to institute an infringement action. The recipient should therefore consult its own legal counsel with any copyright infringement questions. For more information about registering a copyright, please visit the U.S. Copyright Office at www.copyright.gov.

33. Human Subjects Research

Condition:

The recipient agrees to comply with the provisions of the U.S. Department of Justice's common rule regarding Protection of Human Subjects, 28 C.F.R. Part 46, prior to the expenditure of Federal funds to perform such activities, if applicable. The recipient also agrees to comply with 28 C.F.R. Part 22 regarding the safeguarding of individually identifiable information collected from research participants.

Why this condition:

Protections for human subjects of research are required under U.S. Department of Justice regulations at 28 C.F.R. Part 46. This regulation constitutes the Federal Policy (Common Rule) for the Protection of Human Subjects. Each institution engaged in (nonexempt) COPS Office-supported human subjects research must provide a written assurance of compliance, satisfactory to the COPS Office, that it will comply with the U.S. Department of Justice human subjects regulations.

What you should do:

If any part of your LEMHWA project contains research or statistical activities which involve human subjects that are not covered by an exemption set forth in 28 C.F.R. Part 46.101(b), you must comply with the requirements in the U.S. Department of Justice's common rule regarding the Protection of Human Subjects, 28 C.F.R. Part 46, including, but not limited to Institutional Review Board (IRB) approval and the appropriate assurances prior to the expenditure of federal funds to perform such activities. By signing the award document, you also agree to comply with 28 C.F.R. Part 22 regarding the confidentiality of identifiable research and statistical information including safeguarding of identifiable information collected from research participants.

34. Domestic Preferences for Procurements

Condition:

Recipient agrees that it, and its subrecipients, to the greatest extent practicable, will provide a preference for the purchase, acquisition, or use of goods, products, and materials produced in, and services offered in, the United States. 2. C.F.R. § 200.322 and Executive Order 14005, Ensuring the Future is Made in All of America by All of America's Worker, January 25, 2021.

Why this condition:

35. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

Condition:

Recipient agrees that it, and its subrecipients, will not use award funds to extend, renew, or enter into any contract to procure or obtain any covered telecommunication and video surveillance services or equipment as described in 2 CFR §200.216. Covered services and equipment include telecommunications or video surveillance services or equipment produced or provided by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities); Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities); or an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of China. The use of award funds on covered telecommunications or video surveillance services or equipment are unallowable. 2. C.F.R. § 200.216 & 471. See also Section 889 of the John S. McCain National Defense Authorization Act of Fiscal Year 2019, Public Law 115–232.

Why this condition:

Section 889 of the John S. McCain National Defense Authorization Act of Fiscal Year 2019, Public Law 115–232, as implemented by 2 C.F.R. §200.216, prohibits the use of award funds to extend, renew, or enter into any contract to procure or obtain any covered telecommunication and video surveillance services or equipment as explained in the condition.

What you should do:

Ensure that your organization does not use award funds to extend, renew, or enter into any contract to procure or obtain any covered telecommunication and video surveillance services or equipment.

36. Travel Costs

Condition:

Travel costs for transportation, lodging and subsistence, and related items are allowable with prior approval from the COPS Office. Payment for allowable travel costs will be in accordance with 2 C.F.R. § 200.475.

Why this condition:

LEMHWA funding will cover award-related travel costs for the recipient agency or other (nonrecipient) individuals to attend training and technical assistance conferences, seminars, or classes or to visit a site specified in the original application. Allowable expenses for award-related lodging, meals, temporary dependent care, and incidental expenses that were included in the application were approved by the COPS Office as part of your organization's LEMHWA award and final budget. For more information, please refer to the award condition on "Allowable Costs."

What you should do:

Your organization should refer to your JustGrants approved budget for a list of approved travel costs and use LEMHWA funds only for approved travel costs incurred during the award period. In addition, your organization should keep timely and accurate records of all travel expenses. If at any time these costs change, you should immediately contact your COPS Office Program Manager.

37. Information Data Breach

Condition:

The recipient (and any subrecipient at any tier) must have written procedures in place to respond in the event of an actual or imminent breach (as defined in OMB M-17-12) if it (or a subrecipient)-- 1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of personally identifiable information (PII) (as defined in 2 C.F.R. 200.1) within the scope of a COPS Office grant-funded program or activity, or 2) uses or operates a Federal information system (as defined in OMB Circular A-130). The recipient's breach procedures must include a requirement to report actual or imminent breach of PII to the recipient's COPS Office Program Manager no later than 24 hours after an occurrence of an actual breach, or the detection of an imminent breach. OMB Memorandum M-17-12, Preparing for and Responding to a Breach of Personally Identifiable Information.

Why this condition:

OMB requires recipients and subrecipients to establish written procedures to respond to an actual breach, or the detection of an imminent breach involving personally identifiable information (PII), if within the scope of their award, they will create, collect, use, process, store, maintain, disseminate, disclose, or dispose of PII or will use or operate a Federal information system. Recipient breach procedures must include a requirement to notify the Federal awarding agency in the event of such a breach.

What you should do:

If any part of your COPS Office award involves your agency creating, collecting, using, processing, storing, maintaining, disseminating, disclosing, or disposing of PII, or the use or operation of a Federal information system, your agency must have written procedures in place to respond to an actual breach, or the detection of an imminent breach involving personally identifiable information (PII), including notification to your COPS Office Program Manager no later than 24 hours following such breach.

Written procedures should promote cooperation and the free exchange of information with the COPS Office, as needed, to properly escalate, refer, and respond to a breach.

38. Training Guiding Principles

Condition:

Any training or training materials developed or delivered with award funding provided by the Office of Community Oriented Policing Services is to adhere to the following guiding principles–

1. *Trainings must comply with applicable law.*

In developing and conducting training under the award, recipients (and any subrecipients) shall not violate the Constitution or any federal law, including any law prohibiting discrimination.

2. *The content of trainings and training materials must be accurate, appropriately tailored, and focused.*

The content of training programs must be accurate, useful to those being trained, and well matched to the program's stated objectives. Training materials used or distributed at trainings must be accurate, relevant, and consistent with these guiding principles.

3. *Trainers must be well-qualified and skilled in presenting the subject area.*

Trainers must possess the subject-matter knowledge and the subject - specific training experience necessary to meet the objectives of the training. In selecting or retaining a trainer, recipients (or subrecipients) should consider such factors as the trainer's resume and written materials, interviews with

the trainer, observation of other trainings conducted by the trainer, feedback from other entities with which the trainer has worked, training participant feedback and evaluations, and the general reputation of the trainer.

4. *Trainers must demonstrate the highest standards of professionalism.*

Trainers must comport themselves with professionalism. While trainings will necessarily entail varying teaching styles, techniques, and degrees of formality, as appropriate to the particular training goal, professionalism demands that trainers instruct in the manner that best communicates the subject matter while conveying respect for all.

Why this condition:

This condition sets forth the Training Guiding Principles for the development and delivery of training and training materials funded under a COPS Office award to ensure that such deliverables meet the highest standards for compliance with applicable law, content accuracy and effectiveness, and skilled and professional trainers.

What you should do:

This includes, but is not limited to, the following: (1) **In-Person Curriculum Standards and Review Process Guide**; (2) **Instructor Quality Assurance Guide**; (3) **On-Demand Online Curriculum Process Guide**; and (4) **Video Development Process Guide**. To access these guides and other helpful resources, please visit **TRAINING | COPS OFFICE (usdoj.gov)**.

39. Compliance with 8 U.S.C. § 1373

Condition:

Authority to obligate or expend contingent on compliance with this condition.

State or local government entity recipients of this award, and any subrecipient of this award at any tier that is an entity of a State or of a unit of local government, must comply with 8 U.S.C. §1373, which provides that such entities may not prohibit, or in any way restrict, any government entity or official from sending to, receiving from, maintaining, or exchanging information regarding citizenship or immigration status, lawful or unlawful, of any individual with components of the U.S. Department of Homeland Security or any other federal, state or local government entity. This includes any prohibitions or restrictions imposed or established by a State or local government entity or official.

Any obligations or expenditures of a recipient or subrecipient that are impermissible under this condition shall be unallowable costs for purposes of this award.

References to the Immigration and Naturalization Service in 8 U.S.C. 1373 are to be read, as a legal matter, as references to components of the U.S. Department of Homeland Security.

Why this condition:

All FY 2025 State or local government recipients or subrecipients of COPS Office funding must comply with 8 U.S.C. 1373 throughout the life of the award.

What you should do:

During the life of the award, State and local government recipients and subrecipients may not obligate or expend award funds if any program or activity funded in whole or in part with award funds is subject to any prohibitions or restrictions on sharing information on citizenship or immigration status with components of the U.S. Department of Homeland Security or any federal, state, or local government entity.

40. Federal Civil Rights and Nondiscrimination Laws (certification):

Condition:

The recipient agrees that its compliance with all applicable Federal civil rights and nondiscrimination laws is material to the government's decision to make this award and any payment thereunder, including for purposes of the False Claims Act (31 U.S.C. 3729-3730 and 3801-3812), and, by accepting this award, certifies that it does not operate any programs (including any such programs having components relating to diversity, equity, and inclusion) that violate any applicable Federal civil rights or nondiscrimination laws.

What you should do:

By accepting this award, your agency certifies to the U.S. Department of Justice that it is in compliance with applicable federal civil rights and nondiscrimination laws and does not operate programs that violate any of these applicable laws. Electronic signatures on award documents, including grant payment requests, are treated as a material representation of fact relied upon by the U.S. Department of Justice that your agency is complying with this award condition.

Recipients of grant funding must comply with all applicable federal laws and Presidential Memoranda and all Executive Orders by the President.

Why this condition:

The purpose of this award condition is to advise recipients that the use of Federal award funding must comply with all applicable federal laws and Presidential Memoranda and all Executive Orders by the President. Applicants were informed of this requirement at the time of the application.

What you should do:

Ensure your agency's use of award funding throughout the life of the award is in compliance with this condition.

II. Accessing Award Funds

This section provides answers to payment-related questions, including all the information needed to provide access to request payments from your COPS Office awards. For assistance with financial management and award administration, please contact the COPS Office Response Center at AskCOPSRC@usdoj.gov or visit our website at <https://cops.usdoj.gov>.

Payment method

What method of payment is used?

There is currently one payment system available for accessing federal award funds—The Automatic Standard Application for Payments (ASAP) which is the shared services payment system used by the Department of the Treasury. Through this platform, recipients of DOJ grant awards and other forms of federal assistance will be able to request and receive payments for grants managed through JustGrants.

To learn more about the ASAP registration process, please see the ASAP Registration Checklist at <https://justicegrants.usdoj.gov/training/checklist-asap-enrollment>.

If you have questions or need help using ASAP, you can contact the OCFO Customer Service Center by email at Ask.OCFO@usdoj.gov or by phone at 800-458-0786.

When should Federal Financial Reports be filed?

After your agency accepts the award, under current regulations, you are required to submit quarterly Federal Financial Reports (FFRs) using a Standard Form 425 (SF-425). This report reflects the actual monies spent and unliquidated obligations incurred by your agency. *You will not be able to make drawdowns from you ASAP account if the SF-425 for the most recent reporting quarter has not been submitted in JustGrants by the deadline date.* Recipients are required to submit their SF-425 reports in the JustGrants portal: <https://justicegrants.usdoj.gov/>.

For more information on how to complete and where to submit your quarterly SF-425 report, see the section in this manual titled “Reporting Requirements.”

Filing the Federal Financial Report (SF-425) identifies your federal and local expenditures made during that calendar quarter. However, to receive actual payment, you must request it through ASAP.

The FFR is submitted in JustGrants and can only be submitted by someone with the role of “Financial Manager.” FFRs are due by the end of a reporting period and may only be submitted during the last ten calendar days of a reporting period. Once the due date passes, a delinquent report can still be submitted by a Financial Manager. A Financial Manager also has privileges to edit and resubmit FFRs. The most recent Quarterly FFR can be reopened and resubmitted if the due date has not passed. Similarly, a Final FFR can be reopened and resubmitted up to 120 days after the project period end date. Beyond this 120-day window, you must contact your awarding office to reopen and resubmit a final FFR. Funds are frozen one day after the due date if the report is not submitted. Funds are released once the delinquent FFR is submitted.

Additional payment questions

Can we receive advances?

Yes. If you receive funds through electronic transfer, the period allowed is 10 days in advance. In general, the concept of “minimum cash on hand” applies to COPS Office awards. This concept requires that your organization request funds based upon immediate cash disbursement needs. You should time your request for payment to ensure that federal cash on hand is the minimum that you need.

There should be no excess federal award funds on hand, except for advances not exceeding 10 days, as noted above.

The Federal Government has four basic rules regarding advances. Advances can be terminated if the recipient

1. is unwilling or unable to attain project goals;
2. maintains excess cash on hand;
3. does not adhere to the terms and conditions of the award;
4. fails to submit reliable or timely reports.

How often can we request reimbursement of costs?

There are no limitations on how often your organization may request reimbursements; however, your reimbursement requests should cover a specific time frame and include only costs that were approved in the award package. As a general guideline, most organizations request reimbursement on a monthly or quarterly basis. Also, please note that a date range for a reimbursement request can only be used once.

Can we earn interest on our award funds?

For nonfederal entities other than states, payment methods must minimize the time between your drawdown of federal funds and your payment of award costs to avoid earning excess interest on your award funds. You must account for interest earned on advances of federal funds as follows:

- The Office of Management and Budget (OMB) uniform guidance at 2 C.F.R. § 200.305(b)(12) states that interest earned on federal advance payments deposited in interest-bearing accounts **up to \$500 per year** may be retained by the nonfederal entity for administrative expenses.
- Any interest earned on federal advance payments deposited in interest-bearing accounts that is **in excess of \$500 per year** must be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment. Detailed remittance instructions, including a check return option if your agency is unable to remit electronically, can be found at <https://pms.psc.gov/grant-recipients/returning-funds-interest.html>.
- Please notify your COPS Office Staff Accountant in the COPS Office Finance Business Unit when any interest that is earned is remitted to the Department of Health and Human Services, Payment Management System.

Matching funds

Under the COPS Office LEMHWA Program, no local match is required. The COPS Office is funding 100 percent of the allowable items approved in your award package. Any organization desiring to contribute additional funds to this project is encouraged to do so by reporting these funds on the SF-425 as a recipient share of expenditures (line 10j).

III. Procurement Process

In general, recipients are required to procure funded items through open and free competition when feasible. When conducting a procurement transaction under a Federal award, a State or Indian Tribe must follow the same policies and procedures it uses for procurements with non-Federal funds. If such policies and procedures do not exist, States and Indian Tribes must follow the procurement standards in §§ 200.318 through 200.327. In addition to its own policies and procedures, a State or Indian Tribe must also comply with the procurement standards: §§ 200.321 (Contracting with small and minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms), 200.322 (Domestic preferences for procurement), and 200.323 (Procurement of recovered material) and ensure that every purchase order or other contract includes any clauses required by § 200.327 (Contract provisions). All other recipients and subrecipients, including subrecipients of a State or Indian Tribe, must follow the procurement standards in §§ 200.318 through 200.327. 2 C.F.R. § 200.317.

Consistent with the uniform administrative requirements that prohibit procurement practices that restrict competition, recipients and subrecipients may not discriminate against any person or entity on the basis of a person or entity's status as an "associate of the Federal Government" (or on the basis of a person or entity's status as a parent, affiliate, or subsidiary of an associate of the Federal Government). The term "associate of the Federal Government" means any person or entity engaged or employed (in the past or at present) by or on behalf of the Federal Government as an employee, contractor, subcontractor, award recipient, subrecipient, agent, or otherwise.

As described in the award condition titled "Sole Source Justification," recipients are required to submit a sole source justification (SSJ) request to the COPS Office for noncompetitive procurements in excess of \$250,000 prior to purchasing equipment, technology, or services; obligating funding for a contract; or entering into a contract with award funds. If submitting a sole source justification request to the COPS Office, please follow the steps described in the *Sole Source Justification* fact sheet, which can be found at the [**Award Management Materials web page**](#).

If you have any questions regarding the federal requirements that guide procurement procedures, please contact your COPS Office Program Manager.

IV. Financial Record Maintenance

Your organization is required to establish and maintain accounting systems and financial records to accurately account for funds awarded and disbursed. These records must include both federal funds and any local funds contributed to this project.

What accounting systems are required?

Your organization needs to establish and maintain accounting systems and financial records to accurately account for the funds awarded.

As required by 2 C.F.R. § 200.1, 200.302, and 200.303, internal controls and financial management systems must provide reasonable assurance that your organization is managing the Federal award in compliance with the U.S. Constitution, Federal statutes, regulations, and award terms and conditions and provide full accountability for expenditures including but not limited to the following:

- Transactions are properly recorded and accounted for to prepare reliable financial statements and federal reports and to maintain accountability over assets.
- Transactions are executed in compliance with all applicable federal statutes, regulations, and the award terms and conditions.
- Funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

What records must be kept?

Your organization's fiscal control and accounting systems should enable you to make accurate, current, and complete disclosure of the financial activity under your award. Your accounting records should contain information showing expenditures under the award and must be supported by items such as payroll records, time and attendance records, canceled checks, purchase orders, or similar documents.

Your organization must adequately safeguard award funds and make sure that they are used for authorized purposes only. Your organization will be responsible for refunding any unallowable expenses.

How long must records be kept?

All financial records and supporting documents associated with your award (including payroll, time and attendance records, canceled checks, and purchase orders) must be retained for a period of three years from the date of submission of the final expenditure report as stated in 2 C.F.R § 200.334 (Retention requirements for records).

Your organization should maintain records so that you can identify them by award year or by fiscal year, whichever you find more convenient. If any litigation, claim, negotiation, audit, or other action involving these records has been started before the end of the three-year period, the records should be kept until completion of the action. These records should be easily located and should be properly protected against fire or other damage. *Failure to maintain adequate records to document award expenditures may result in a requirement to repay all federal funds that cannot be supported with appropriate records.*

What if we have more than one award?

If your organization has more than one COPS Office award or an award from another federal agency, funds received under one project may not be used to support another project without specific written authorization from the COPS Office, or in the case of an award from another agency, from both awarding agencies. Your accounting systems and financial records must reflect expenditures for each project separately.

Who may access our records?

Authorized federal representatives, including representatives from the U.S. Department of Justice, the Comptroller General of the United States, the COPS Office, and any entity designated by the COPS Office may access these records for the purposes of conducting audits, site visits, or other examinations.

V. Federal Audit Requirements

In addition to oversight by the COPS Office, your award may be subject to an audit by independent examiners. The two primary types of audit are Single Audit Act (SAA) audits and U.S. Department of Justice, Office of the Inspector General (OIG) audits.

Single Audit Act (SAA) requirements

What are the regulations governing SAA requirements?

The Single Audit Act (SAA) of 1984 established uniform guidelines for state and local governments, and Indian tribal governments receiving federal financial assistance. The 1984 Act was amended in July 1996, by extending these requirements to all nonprofit recipients of federal financial assistance. The Office of Management and Budget (OMB) issued final guidance for 2 C.F.R. Part 200—Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) on December 26, 2013. This guidance applies to all federal awards or funding increments awarded on or after December 26, 2014, and provides additional guidelines regarding the implementation of SAA requirements. 2 C.F.R. Part 200, Subpart F – Audit Requirements, available at <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200/subpart-F>, establishes the requirements for organizational audits that apply to COPS Office award recipients. Recipients must arrange for the required organization-wide (not award-by-award) audit in accordance with the requirements of Subpart F.

Who must have an SAA audit?

A recipient that expends \$1,000,000 or more during the recipient's fiscal year in federal awards must have a single audit conducted in accordance with 2 C.F.R. § 200.514 (Scope of audit) except when it elects to have a program-specific audit conducted in accordance with 2 C.F.R. § 200.501(c). An auditee may be a recipient, a subrecipient, or a vendor.

SAA audits are required to be conducted annually, unless a state or local government, or Indian tribe is required (by constitution or statute that was in effect on January 1, 1987), to undergo audits less frequently than annually. The primary objective of an SAA audit is to express opinions on the recipient's financial statements, internal controls, major and nonmajor award programs, and compliance with government laws and regulations. Single Audits may also address specific compliance issues with respect to COPS Office award requirements.

In cases of continued inability or unwillingness to have an audit conducted in accordance with this part, federal agencies and pass-through entities must take appropriate action as provided in §200.339. Remedies for noncompliance (see 2 C.F.R. § 200.505).

If the Federal awarding agency or pass-through entity determines that noncompliance cannot be remedied by imposing additional conditions, the Federal awarding agency or pass-through entity may take one or more of the following actions under 2 C.F.R. § 200.339, as appropriate in the circumstances:

- Temporarily withholding cash payments pending correction of the deficiency by the nonfederal entity or more severe enforcement action by the federal awarding agency or pass-through entity.
- Disallowing (that is, denying both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
- Wholly or partly suspending or terminating the federal award.

- Initiating suspension or debarment proceedings as authorized under 2 C.F.R. part 180 and federal awarding agency regulations (or in the case of a pass-through entity, recommending such a proceeding be initiated by a federal awarding agency).
- Withholding further federal awards for the project or program.
- Taking other remedies that may be legally available.

Your SAA reports should not be sent to the COPS Office.

Your SAA reports should not be sent to the COPS Office. If the U.S. Department of Justice is your cognizant federal agency (see the Glossary of Terms in the appendices), they should be sent to the Federal Audit Clearinghouse at <https://www.fac.gov>.

The U.S. Department of Justice, Office of Justice Programs (OJP) Office of Audit Assessment and Management (OAAM) serves as the liaison between recipients and auditors in resolving and closing SAA audits. Questions and comments regarding SAA audits may contact the OJP Customer Service Center at 800-458-0786.

Office of Inspector General (OIG) recipient audits

What is the role of the OIG for award audits?

The OIG is a separate component of the U.S. Department of Justice and is independent of the COPS Office. The primary objective of OIG recipient audits is to assess compliance with award terms and conditions. OIG audits are designed to prevent fraud, waste, and abuse of federal funds. The OIG audit process promotes efficiency and effectiveness in the administration and implementation of awards by evaluating compliance with the terms and conditions of awards.

How are COPS Office awards selected for an OIG audit?

The OIG may randomly select awards to be audited or may conduct an audit in response to a referral that it believes warrants further evaluation. The OIG also surveys DOJ award-making agencies on an annual basis to solicit input on suggested audit areas for the upcoming fiscal year. In most instances, however, the OIG selects awards to be audited based on a number of factors, including the geographical distribution of awards funded, award amount, population served, award status (active and expired), and type of award (hiring and non-hiring). As such, the fact that a recipient has been selected for an OIG audit is not necessarily indicative of a suspected concern or problem area.

What are the steps in an OIG audit?

The COPS Office Grant Monitoring Division's Audit Liaison serves as the liaison between recipients and the OIG's Audit Division, which conducts the audit. Each step in the OIG audit process calls for particular interactions between the OIG, the recipient, and the COPS Office Grant Monitoring Division Audit Liaison Section:

- **Call for award data.** The OIG requests award documentation from the COPS Office.
- **Entrance conference.** The OIG meets with the recipient to gather documentation and conduct the audit.
- **Draft audit report.** The OIG reviews documentation and presents initial findings and recommendations to the recipient and copies the COPS Office. The COPS Office interacts with the recipient to coordinate any repayments and/or policy or procedure documents to be submitted to the OIG before release of the final audit report.

- **Final audit report.** The OIG has completed its direct interaction with the recipient. The COPS Office directs the recipient to formulate a Corrective Action Plan to address recommendations. As each recommendation is successfully addressed by the recipient, the COPS Office requests closure on the recommendation.
- **Closing the audit.** When all recommendations have been closed, the COPS Office requests closure of the audit from the OIG and notifies the recipient that the audit is closed.

If you have any questions regarding an OIG audit, please contact the COPS Office Grant Monitoring Division's Audit Liaison Section via the COPS Office Response Center at AskCOPSRC@usdoj.gov. Questions and comments regarding the administration of your COPS Office LEMHWA award, not specifically related to an audit, should be referred to your COPS Office Program Manager.

Typical audit findings

The OIG has typically reported the following audit findings pertaining to awards as a result of lack of proper documentation, poor business practices, or inadequate accounting and record keeping systems:

- **Unallowable costs.** Recipient incurred costs that were not approved in the original budget or a budget modification, were in excess of the approved budget, or were charged to the award after the expiration date and an award extension was not obtained.
- **Unsupported costs.** Specific award expenditures and reimbursements could not be supported by adequate documentation (including but not limited to receipts or purchase orders), that may have been allowable under the program, but for which no prior written approval was obtained from the COPS Office, or award expenditures were in excess of actual approved award costs.
- **Lack of complete/timely programmatic and financial reporting.** Recipient failed to submit required programmatic and financial reports in a timely manner and/or had inadequate record keeping systems.
- **Funds to better use.** Funds could be used more efficiently based on management actions such as reductions in outlays; deobligation of funds; withdrawal; costs not incurred by implementing recommended improvements; and other identified savings.
- **Questioned costs.** Costs that are questioned by the auditor because of an audit finding which resulted from a violation or possible violation of a provision of law, regulation, award terms and conditions, or other document governing the use of federal funds; or because costs incurred appear unreasonable and do not reflect the actions a prudent person would take under the same circumstances; or because costs at the time of the audit are not supported by adequate documentation.
- **Policy and procedure.** Weaknesses are identified in a recipient's accounting practices, fiscal stewardship, accuracy of data used in the development of the award applications, and/or inventory controls that led to the recommendation cited in the audit. The recipient is required to develop or revise policies and/or procedures consistent with their existing practices and submit to the COPS Office to forward to the OIG to close the recommendation.

After the final OIG audit report has been issued, the COPS Office Grant Monitoring Division's Audit Liaison will continue working as the liaison between your organization and the OIG to obtain closure on any audit findings. The COPS Office will issue a closure letter once all audit recommendations have been closed by the OIG.

VI. Reporting Requirements

Your organization will be required to submit quarterly Federal Financial Reports as well as semiannual Performance Reports. Award recipients should be prepared to track and report award funding separately from all other funding sources (including other COPS Office awards) to ensure accurate financial and programmatic reporting on a timely basis. Your organization should ensure that you have adequate internal financial controls in place to monitor the use of all funding and ensure that its use is consistent with the award terms and conditions. Good stewardship in this area includes written accounting practices and use of an accounting system that adequately tracks all award drawdowns and expenditures and has the ability to track when COPS Office award-funded positions are filled or approved purchases are made. *Failure to submit complete reports or submit them in a timely manner may result in the suspension and possible termination of your organization's COPS Office award funding or other remedial actions.*

Federal Financial Reports

As a reminder, the only role within JustGrants that can submit the Federal Financial Report (FFR) is the Financial Manager. Individuals with that role in JustGrants should review JustGrants resources online for guidance on how to complete and submit FFRs in the JustGrants system.

Your organization is required to submit a quarterly FFR using Standard Form 425 (SF-425) within 30 days after the end of each calendar quarter. A final SF-425 will be due within 120 days after the end of the award period. This report reflects the actual cumulative federal expenditures incurred during the funding period and the remaining unobligated balance of federal funds. Under federal regulations, your organization is not permitted to draw down federal funding for costs incurred after the official award end date; however, you will have a 120-day period after the award end date during which you can draw down funds for eligible expenditures incurred before the award end date.

How do we file Federal Financial Reports?

All COPS Office award recipients are strongly encouraged to submit the required quarterly SF-425 online.

To submit an FFR, follow these steps:

1. Navigate to the JustGrants Home link on the left-hand side.
2. Go to your Task List.
3. Open the FFR you want to edit/submit.

Once the FFR opens and the Recipient Information appears, select Continue to move to the next screen. Note: The data on this page is prepopulated from the award document and the entity profile.

The Report Information screen contains several required fields.

- (a) Enter the Recipient Account Number.
- (b) Select the Report Type.
- (c) Select the Basis of Accounting. Scroll down to the Transactions section.

The following fields are not editable because they are not required for DOJ:

- (a) 10a. Cash Receipts
 - (b) 10b. Cash Disbursements
 - (c) 10c. Cash on Hand (line a minus b)
4. Enter information in the following fields as appropriate:
- (a) 10d. Total Federal funds authorized
 - (b) 10g. Total Federal share (sum lines e & f)
 - (c) 10e. Federal share of expenditures
 - (d) 10f. Federal share of unliquidated obligations
 - (e) 10h. Unobligated balance of Federal funds (line d minus g)
 - (f) 10j. Recipient share of expenditures

Cumulative expenditures must be entered in line 10e, 10f, 10j, 10m, and 10n. Cumulative expenditures are defined as the amount spent from the awards inception to the end of the reporting period.

5. Enter information in the following fields as appropriate:
- (a) 10k. Remaining recipient share to be provided (line i minus j)
 - (b) 10l. Total Federal program income earned
 - (c) 10m. Program Income expended in accordance with the deduction alternative
 - (d) 10n. Program Income expended in accordance with the addition alternative
 - (e) 10o. Unexpended program income

6. Select Continue

In the Remarks and Certification screen, enter text in box 12. Additional Information.

7. Note: If the figures in line 10e or 10j are less than the previous reporting period, you are required to add additional narrative in box 12 "Remarks" explaining this discrepancy. Failure to do so will result in a validation error.
8. Select Upload Supporting Documents to attach a document
9. Review the certification information. Select the Submit button.

The FFR status will be changed to "Resolved-Completed" once the FFR data is transferred to the Unified Financial Management System (UFMS).

When are Federal Financial Reports due?

An SF-425 report must be submitted for each COPS Office award at the end of every calendar quarter and no later than 30 days after the last day of each reporting period, as detailed in table 1.

Table 1. Due dates of SF-425 by quarter

Reporting quarter	SF-425 due date
January 1–March 31	April 30
April 1–June 30	July 30
July 1–September 30	October 30
October 1–December 31	January 30

For your initial SF-425 submission, determine which SF-425 reporting period includes your period of performance start date and complete an SF-425 to cover the entirety of that period of performance, regardless of when the award was accepted. **You are required to submit an SF-425 even if you have not spent any money or incurred any costs during a reporting period.**

Example:

If your award start date is 09-01-25 and the current date is 10-15-25, then your first SF-425 would be due no later than 10-30-25 and would cover the period 09-01-25 (award start date) through 09-30-25 (end of the initial reporting quarter for this award). This SF-425 must be on file with the COPS Office before the submission deadline so that you can avoid being delinquent and successfully complete a drawdown of funds through ASAP. Accordingly, it is best to submit the report as soon as you accept the award and have access JustGrants and ASAP.

Award recipients who do not submit an SF-425 report by the due date each quarter will be unable to draw down funds. The payment system contains a function which checks for SF-425 delinquency and will reject a drawdown attempt if the SF-425 is not current. Subsequent outreach through email or hard copy reminders may be sent to the recipient if the SF-425 is delinquent.

For general information or assistance in completing the SF-425 reports, go to <https://cops.usdoj.gov> or contact the COPS Office Response Center by phone at AskCopsRC@usdoj.gov.

How will award funds be monitored?

The COPS Office and designated representatives from the Office of the Chief Financial Officer, Office of Justice Programs monitor the financial aspects of your organization's award through financial reports, on-site visits, office-based award reviews, meetings, telephone contacts, reports, audits, reviews of award change requests, and special request submissions.

Performance Reports

Semiannual Performance Reports and a Final Performance (Closeout) Report are required to be submitted directly to the COPS Office via JustGrants. Agencies must submit a separate performance report for each award.

How do we file a Performance Report?

Only the Grants Award Administrator for your organization will be able to view and submit a performance report.

For information on assigning a Grant Award Administrator to your award, see the Entity Management Job Aid Reference Guide on the [JustGrants website](#).

To submit your performance report, please log in to JustGrants and check your worklist or the "Funded Award Performance Management" tab for performance reports. The Grant Award Administrator can locate the current report question set in JustGrants in two locations: My Worklist or the Performance Management tab of the funded award. Information on JustGrants Performance Reporting is found at <https://justicegrants.usdoj.gov/training/training-performance-reporting>.

If you experience issues with submitting your performance report, please contact JustGrants Support at JustGrants.Support@usdoj.gov or 833-872-5175.

You should complete a final performance report within 120 days of the period of performance end date. To submit a final report, the Grants Award Administrator should locate the report question set in My Worklist or on the Performance Management tab. The report cover page will ask whether the report is an interim progress report or a final report—please select “final” to view final report questions.

When are Performance Reports due?

Semiannual performance reports are due March 2 and August 31, as shown in table 2.

Table 2. Due dates of Performance Reports by semiannual dates

Reporting period	Performance Report due date
August 1–January 31	March 2
February 1–July 31	August 31

What kind of information will these reports require?

These reports will request information about the status of your award in terms of purchasing equipment, hiring personnel, delivering services, and progress in meeting milestones identified in the submitted timeline or Cooperative Agreement, as well as general information about your organization.

What if we make a mistake or need to modify the report after it is submitted?

You may log in to JustGrants to reopen and make edits to your Performance Report.

Will the data that we submit be publicly available?

Performance Reports submitted to the COPS Office may be reported publicly in response to a Freedom of Information Act (FOIA) request.

If your organization has any questions regarding the submission of these required reports, please call the COPS Office Response Center at AskCOPSRC@usdoj.gov.

Entity management

If you do not have the ability to submit your federal financial report or performance report, this may indicate that the Entity Administrator for your organization has not made the correct user role assignment to your award. The Entity Administrator should follow the steps included in the [Entity Management Job Aid Reference Guide](#) to either confirm, assign, or reassign the user roles. Once the role assignments have been properly made, those users should be able to complete and submit the reports.

If the names do not appear in the respective columns, the Entity Administrator should take the following steps: 1. Click the check box next to the award ID. 2. Choose a role (e.g., Financial Manager, Grant Award Administrator) from the “Choose Role” dropdown menu (bottom of the screen). 3. Choose the individual’s name from the “Assign to” drop-down menu. 4. Click “Assign.” Once the Entity Administrator has completed these steps, the assigned Financial Manager and Grant Award Administrator should be able to access and submit the respective reports.

Contact points to obtain technical assistance and report violations

Any alleged violations, serious irregularities, or acts that may result in the use of public funds in a manner inconsistent with the Public Safety Partnership and Community Policing Act of 1994 or the purposes of this award may be reported to the U.S. Department of Justice. Furthermore, the COPS Office welcomes the opportunity to provide assistance regarding the implementation of award provisions to help ensure that federal award funds are spent responsibly. As such, the following contacts are provided to address noncompliance and technical assistance issues:

- If you suspect violations of a criminal nature, please contact the U.S. Department of Justice, Office of the Inspector General (OIG) at <https://oig.justice.gov/hotline>, OIG.hotline@usdoj.gov or 800-869-4499.
- If you suspect award violations (not criminal in nature) related to the award conditions listed in this manual, please contact the COPS Office Grant Monitoring Division at 800-421-6770.
- If you have any questions or need assistance regarding your award, please contact your COPS Office Program Manager.

VII. When the Award Period Has Ended

At the end of your organization's award period, the COPS Office is responsible for the closeout of your award. As part of this process, the COPS Office requires documentation demonstrating that your organization has met all the programmatic and financial requirements of the award.

After the end of the award period, your organization will be asked to submit a Final Federal Financial Report (SF-425) and any applicable final performance reports.

Final Federal Financial Report (SF-425)

The final Federal Financial Report (SF-425) for your award is due to the COPS Office no later than 120 days after the end date of the award period. The final report should reflect the total amount of allowable federal expenditures that were incurred during the life of the award, as well as the amount of unobligated funds remaining, if any. The federal funds expended should reflect only the actual allowable costs incurred relative to the specific program requirements for that award. In addition, once you have completed your final drawdown, this report should reconcile with the total amount of federal funds drawn down by your organization. The final SF-425 should also include the required minimum total amount of local (recipient) cash match contributed, if applicable.

When should all the award monies be spent?

Award funds reflecting allowable project costs must be obligated before the end of the award period. Obligated funds cover monies spent, and expenses incurred but not yet paid, for any approved items listed in the award package. Your organization has up to 120 days after the end of the award period to pay for eligible expenses previously incurred, and to request reimbursement for any remaining eligible balance.

Please be advised that 2 C.F.R. § 200.344(b) requires recipients to submit final SF-425s within 120 days after the expiration of the award.

It is possible that your organization may have unobligated and unspent award funds remaining in your account following the award period due to an overestimate of item costs during the application period. Your organization should review its records carefully to ensure that it draws down and expends only the amount required for actual costs incurred during the award period. Any remaining unobligated or unspent funds should remain in your account and will be deobligated during the closeout process.

Final Performance (Closeout) Report

After your award period has ended, your organization will be sent a final performance report via JustGrants and asked to complete it. This report will serve as your organization's final programmatic report on the award, and the information your organization provides in this report will be used to make a final assessment of your award progress.

Equipment disposition

Each recipient must use any equipment funded through a COPS Office award for approved award-related purposes and must retain the equipment for the life of the award. Property records must be maintained by the recipient, which should include a description of the property; a serial number or another identification number; the source of the property; the name of the person or entity that holds the title; the acquisition date and cost of the property; the percentage of federal agency contribution toward the original purchase; the location, use, and condition of the

property; and any ultimate disposition data, including the date of disposal and sale price of the property. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. A physical inventory of the property must be conducted, and the results must be reconciled with the property records at least once every two years. (2 C.F.R. § 200.313(d).)

A State or an Indian Tribe must use, manage, and dispose of equipment acquired under a Federal award given to the state or an Indian Tribe in accordance with state or tribal laws and procedures. If an Indian Tribe does not have such laws and procedures, it must follow the guidance in 2 C.F.R. § 200.313. 2 C.F.R. § 200.313(b).

When the award has expired and equipment obtained under the award is no longer needed for the original project, program, or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

- Items of equipment with a current per-unit fair market value of \$10,000 or less may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.
- Items of equipment with a current per-unit fair market value in excess of \$10,000 may be retained or sold and the awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's federal share in the cost of the original purchase.

For more information, please see 2 C.F.R. §§ 200.1 and 200.313.

VIII. Conclusion

We welcome and encourage any comments you have regarding the COPS Office LEMHWA Program and the materials we have developed for its administration. If you have specific comments regarding this manual or have any questions about your award, please call your COPS Office Program Manager.

Appendix B. U.S. Department of Justice Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing

Although the U.S. Department of Justice (DOJ) has made every effort to simplify the application process, federal law requires that an applicant must provide with its application a certification as to certain matters in order to be eligible to receive a federal grant or Cooperative Agreement. Applicants are expected to read carefully the certification requirements as set forth below—and any cited statute, regulation, or other material—before determining whether a certification properly may be made. (As an example, the applicant should first determine whether any condition legally required to be met has been met, such that an applicant's certification as to the condition would be verifiably accurate and true.)

Any certification that the applicant submits must be executed by an official who is both familiar with the requirements of the certification and authorized to make the certification on behalf of the applicant.

Elections or other selections of new officials—that is, changes in authorized representatives, such as a chief executive officer authorized to bind or otherwise act on behalf of the applicant—will not relieve the applicant of its obligations under any grant or Cooperative Agreement if funded.

Where the applicant is unable to make a certification or provide an assurance set out in this form, the applicant may still apply but is to attach an explanation to this application regarding the particular certification that cannot be made or assurance that cannot be provided. The DOJ may not be able to make an award to an applicant that is unable to make certifications or provide assurances required by law as a condition of eligibility for a DOJ federal award.

The DOJ will treat the applicant's certifications, upon their submission with the application, as representations of fact upon which the DOJ will rely in making any determination with respect to the application or in making any decision to award a federal grant or Cooperative Agreement to the applicant.

False statements or claims made in connection with DOJ grants (including Cooperative Agreements) may result in fines, imprisonment, debarment from participating in federal grants or contracts, or any other remedy available by law.

Applicants should refer to the regulations and other requirements cited below to determine the certification to which they are required to attest. Applicants should also review the instructions for certification included in the regulations or other cited requirements before completing this form. The certifications shall be treated as a material representation of fact upon which reliance will be placed when the U.S. Department of Justice ("Department") determines to award the covered transaction, grant, or Cooperative Agreement.

Lobbying

As required by 31 U.S.C. § 1352, as implemented by 28 C.F.R. Part 69, the Applicant certifies and assures (to the extent applicable) the following:

- a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the Applicant, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress

- in connection with the making of any Federal grant, the entering into of any Cooperative Agreement, or the extension, continuation, renewal, amendment, or modification of any Federal grant or Cooperative Agreement;
- b. If the Applicant's request for Federal funds is in excess of \$100,000, and any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal grant or Cooperative Agreement, the Applicant shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities" in accordance with its (and any DOJ awarding agency's) instructions; and
 - c. The Applicant shall require that the language of this certification be included in the award documents for all subgrants and procurement contracts (and their subcontracts) funded with Federal award funds and shall ensure that any certifications or lobbying disclosures required of recipients of such subgrants and procurement contracts (or their subcontractors) are made and filed in accordance with 31 U.S.C. § 1352.

Debarment, Suspension, and Other Responsibility Matters

- A. Pursuant to Department regulations on nonprocurement debarment and suspension implemented at 2 C.F.R. Part 2867, and to other related requirements, the Applicant certifies, with respect to prospective participants in a primary tier "covered transaction," as defined at 2 C.F.R. § 2867.20(a), that neither it nor any of its principals—
 - a. is presently debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of Federal benefits by a State or Federal court, or voluntarily excluded from covered transactions by any Federal department or agency;
 - b. has within a three-year period preceding this application been convicted of a felony criminal violation under any Federal law, or been convicted or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, tribal, or local) transaction or private agreement or transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion or receiving stolen property, making false claims, or obstruction of justice, or commission of any offense indicating a lack of business integrity or business honesty that seriously and directly affects its (or its principals') present responsibility;
 - c. is presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, tribal, or local) with commission of any of the offenses enumerated in paragraph (b) of this certification; and/or
 - d. has within a three-year period preceding this application had one or more public transactions (Federal, State, tribal, or local) terminated for cause or default.
- B. Where the Applicant is unable to certify to any of the statements in this certification, it shall attach an explanation to this application. Where the Applicant or any of its principals was convicted, within a three-year period preceding this application, of a felony criminal violation under any Federal law, the Applicant also must disclose such felony criminal conviction in writing to the Department (for OJP Applicants, to OJP at Ojpcompliancereporting@usdoj.gov; for OVW Applicants, to OVW at OVW.GFMD@usdoj.gov; or for COPS Applicants, to COPS at AskCOPSRC@usdoj.gov), unless such disclosure has already been made.

Appendix C. Conference and Event Guidance

Conference and Event Approval, Planning, and Reporting FAQ

Prior Approval

i. Approximately how long should it take to adequately complete the Conference & Events Submission form?

The amount of time required to adequately complete the Conference & Events Submission Form will vary depending on the complexity of the proposed event. A small event (in terms of number of attendees, total cost, etc.) may require only an hour or two to complete the form because the event is basic or routine and data are not required in all of the available categories. On the other hand, a large event (in terms of number of attendees, multiple sessions occurring at the same time, etc.) may require several hours or days depending on the amount of required data (categories) and level of justification needed to support the event. Regardless of the size of any event, the supporting justification should be sufficient to support the agency's mission for conducting the event.

ii. Which types of events do not require prior approval?

Currently there are six types of events that do not require prior approval:

- a. Conferences held by grant recipients. (Note: Conferences held by Cooperative Agreement recipients do require prior approval.)
- b. Law enforcement operational activities, including staging, surveillance, investigation, intelligence, and undercover activities.
- c. Routine operational meetings (e.g., staff meetings or all-hands meetings) if held in a federal facility, if held by Cooperative Agreement recipients in a nonfederal facility that does not charge for its use, and if there are neither costs to the DOJ for logistical conference planning nor government-provided food or beverages. In all three of these instances, the answer to all the questions on the Prior Approval Not Required Checklist must be "No." Site visits are considered routine operational meetings regardless of location so long as there are no costs to the DOJ for meeting rooms, logistical conference planning, or food and beverages.
- d. Testing activities where the primary purpose of the event is to evaluate an applicant's qualifications to perform certain duties necessary to his or her job. This includes firearms and weaponry proficiency testing and certifications. A majority of the event must be devoted to administering and taking the test. Testing activities that are incidental to a training course or conference or are given upon its completion do require prior approval.
- e. Video conferences and webinars where there are neither costs to the DOJ for logistical conference planning nor government-provided food or beverages.
- f. Technical assistance visits where travel was made by an individual or a small group of project staff members to provide training or technical assistance to a particular entity; in this instance, the answer to all the questions on the Prior Approval Not Required Checklist must be "No."

iii. Where should time staff spent working on the conference that is not related to planning be captured?

Time spent working on a conference by staff or contractors can be classified as either logistical planning time or programmatic planning time. Programmatic planning includes time spent on activities such as developing the conference content and agenda, identifying and recruiting subject matter experts, and preparing written materials. Logistical planning includes time spent on tasks such as selecting a venue, ordering and setting up audio-video equipment, securing hotel rooms, processing registrations, providing onsite support during the event, and undertaking other nonprogrammatic functions.

iv. If a Cooperative Agreement recipient or contractor is able to obtain a no-cost site for the event, are we still required to look into other facilities and provide justification for not selecting the other facilities?

Yes. Cooperative Agreement recipients and contractors should compare three or more facilities in a location. Facilities being compared should have provided a cost estimate and be able to accommodate the event as detailed in the requirements. A desired hotel may offer an incentive of no overall facility cost (e.g., for meeting rooms or audio-visual equipment) but may not be economical in other cost comparison items such as the availability of lodging at per diem rates, travel distance for attendees, etc. Also, recipients and contractors should maintain written documentation justifying their decision to select the chosen location in the event of a future audit.

v. Is there a time frame after the COPS Office accepts a conference request that a Cooperative Agreement recipient or contractor can expect notification of approval?

Each event request (meeting, conference, webinar, etc.) is unique with respect to how it will accomplish the COPS Office's mission. The key to any conference request moving through the review process is whether the package is complete. A complete package contains a detailed cost analysis and sufficient justification to support all categories within the package.

Example: An event is submitted for approval and consists of the following categories: printing and distribution, meals and incidental expenses (M&IE), lodging, transportation, and trainer or facilitator costs. The package contains a detailed cost analysis of each cost category (e.g., one trainer at \$450 per day x 2 days = \$900) and adequate justification explaining the purpose of the event and the role of the trainer. This package can move through the review process in a few days and allow ample time for travelers to make reservations, if the package is submitted within the required time frame. However, if the trainer or facilitator's costs in the submitted package exceed the COPS Office's threshold and if supporting justification is not included, a delay may occur while this justification is being retrieved.

To avoid delays in the approval process, all recipients and contractors should adhere to the time frame requirements for the dollar amount of their proposed event.

vi. Once an event is approved, how do we handle any increases or decreases in the number of attendees originally proposed on the cost analysis spreadsheet submitted to the DOJ for approval?

After receiving notification of approval from the COPS Office, all subsequent changes prior to the start day of the event should be sent to the COPS Office Conference Costs email address, as appropriate. **Example:** If the COPS Office approved on 9/1/2020 an event scheduled for 12/15/2020, the Cooperative Agreement recipient or contractor should notify the COPS Office of any changes in attendees as soon as possible (preferably 30 days or more in advance). This scenario holds true for changes to the start and end date, location, and any other cost-related category.

vii. Does the \$25 per person per day limit for meeting rooms and audio-visual costs also include service fees and taxes?

Yes. The cost allowed for conference space and audio-visual equipment and services (fees and taxes) is limited to \$31.25 per day per attendee and is not to exceed a cumulative total cost of \$25,000. Total costs are defined as direct and indirect costs.

viii. What if there are multiple meetings occurring within the larger event offered to all the attendees? Is the \$31.25 per day per attendee limit applicable to each meeting? Example: A general session meeting contains all attendees and later breakout sessions are offered to the groups. Can each breakout session have its own \$31.25 per person per day limit?

No. Despite the multiple meetings offered within the larger event, the COPS Office considers and approves this type of situation to be a single event.

ix. Can we accept complimentary food and beverage?

Yes. Complimentary food and beverages may be accepted if offered to everyone. **Example:** Hotel W offers a complimentary continental breakfast to all its overnight customers regardless of any status they may have with the hotel chain. This type of complimentary offer is considered a business strategy of the hotel to promote an increase in overnight stays. You are not required to reduce your M&IE by the value of the food and beverage it offered to all customers as noted in this example.

x. Are the thresholds (\$8,750 for logistical planner, \$35,000 for programmatic planner, and \$20,000 for conference space and audio-visual equipment and services) a cumulative cost for the entire event or a per day cost?

The cost allowed for conference space and audio-visual equipment and services (fees and taxes) is limited to \$31.25 per day per attendee and is not to exceed a cumulative total cost of \$25,000. The cost allowed for a logistical planner is the lesser of \$62.50 per attendee or \$11,000 per event. The cost allowed for a programmatic planner is the lesser of \$250 per attendee or \$43,750 per event.

xi. To whom should I submit event requests?

For all COPS Office events, the form should be sent to the COPS Office Conference Costs email address (COPS.Conferencecosts@usdoj.gov) and your Program Manager. Please do not send questions or other correspondence to this email address. This mailbox should be used only for the submission of conference forms and supporting documentation (e.g., hotel contracts).

xii. How far in advance do I have to submit an event for review and approval?

Requests for conferences costing \$100,000 or less and not exceeding any cost thresholds (conference space and audio-visual equipment and services, logistical conference planner, and programmatic conference planner) must be submitted to the COPS Office 90 calendar days in advance of the earliest of the following:

- Start date of the conference
- Deadline for signing conference-related contracts
- Obligation of funds for conference costs (except for minimal costs required to assemble and submit the approval request)

Requests for conferences costing more than \$100,000, or exceeding any one cost threshold (conference space and audio-visual equipment and services, logistical conference planner, or programmatic conference planner), must be submitted to the COPS Office 120 calendar days in advance of the earliest of the following:

- Start date of the conference
- Deadline for signing conference-related contracts
- Obligation of funds for conference costs (except for minimal costs required to assemble and submit the approval request)

If approval requests are submitted less than the required number of days in advance (as noted above), the COPS Office, in its sole discretion, may consider the late requests but cannot ensure the requests will receive a decision in time to avoid having to cancel the conference (particularly if any issues arise with specific items of cost in the request). Cancellation costs associated with conference requests that are submitted for late prior approval may be determined to be unallowable costs by the COPS Office.

xiii. What are the most common mistakes made on the forms so that I can avoid them in the future and increase the likelihood of a quick review and approval decision for my event?

The following are the most common mistakes found:

- *Inaccurate calculation of daily per diem.* Daily per diem rates for locations across the nation can be found on the GSA website. Ensure the daily rate used in the calculations corresponds to the specific location and dates of the meeting. In addition, remember that travel days are reimbursed at a slightly lower rate than meeting days. The lower rates must be used for days of travel both before and after the event. Table 3 includes these lower rates:

Table 3. Per diem rates

Full per diem rate	Corresponding travel day rate (75%)
\$46.00	\$34.50
\$51.00	\$38.25
\$56.00	\$42.00
\$61.00	\$45.75
\$66.00	\$49.50
\$71.00	\$53.25

EXCEPTION: If your organization has its own formal, written travel policy, your event submissions can reflect that policy instead of the rates in table 3. In these instances, state that you have a formal, written travel policy, and clearly explain the rates in the policy and how the corresponding numbers in your submission were derived.

- *Insufficient explanation and justification of transportation costs.* Remember to break out and briefly describe and justify the transportation costs that are included. **Example:** If participants are flying to your event and the tickets are being paid for with DOJ funding, you should include the anticipated number of people flying multiplied by the estimated cost per ticket. If cars will be rented, you should include a brief justification for why rental cars are being used instead of another form of ground transportation, such as taxis or shuttles.

- *Insufficient explanation and justification of audio-visual costs.* All audio-visual costs should be broken out and briefly described. The quantity of equipment to be rented (number of microphones, projectors, etc.) should be included, along with relevant costs and a brief justification for why the proposed equipment is required to conduct a successful meeting. A discussion of how the audio-visual services provider was selected should be included (for example, did you obtain three quotes?).
- *Insufficient explanation and justification of printing costs.* Proposed printing costs for participant materials should also be itemized and briefly described. Specifically, it is important to articulate why printed materials are needed instead of making materials available electronically (at low or no cost) to attendees before or after the event.
- *Insufficient explanation and justification of shipping costs.* Provide an itemization of these costs, along with a brief description of why the equipment and other materials being shipped are essential to hosting a successful conference.
- *Insufficient explanation and justification of consultant costs.* The maximum daily rate for subject matter experts who are being reimbursed for their time is noted in the Consultant/Contractor Fact Sheet at <https://cops.usdoj.gov/programdocuments>. Describe all consultant costs in detail and include a brief yet compelling justification for the proposed costs. Daily rates for subject matter experts above the maximum daily rate require prior approval by the COPS Office and DOJ. In cases where higher rates are included in the event submission, written documentation of prior approval is required and should be attached.

xiv. Should I continue to exclude all food and beverage costs in my event submissions?

Yes. The inclusion of food and beverage costs will delay the review process, and these costs are not likely to be approved. The only exception is when the location of the conference does not allow attendees to obtain food or beverages on their own or when this restriction would greatly disrupt the conference schedule. If you believe your event qualifies for such a rare exception, contact your Program Manager to discuss it before completing and submitting your form. If meals are included in your event submission, remember that attendees must subtract the meal costs from the M&IE reimbursement for the days on which the meals will occur.

xv. Can you summarize what I can do to prevent follow-up questions about my submitted events that delay the review and approval process?

As a general rule, explain how you derived every cost that you include in the conference submission form. For lines that do not provide space for you to add descriptive narrative, include your explanations and specific cost breakdowns in a separate tab or in a separate document that is submitted with the form. In addition, include the Cooperative Agreement or contract number on the form.

xvi. What events qualify for the expedited review process?

There is no expedited review process. Every effort is made to review all events as quickly as possible.

Most delays result from a need for additional information. Event requests are prioritized for review by balancing the following three criteria:

- The start date of the event
- The date the event submission was received by COPS Office
- The overall cost and complexity of the event

For example, conferences requiring approval by the assistant attorney general's administration and the deputy attorney general (over \$100,000–\$250,000) typically take longer to process, as they must go through COPS Office and DOJ reviews, result in more questions, and are more likely to have issues related to cost thresholds.

Reporting

xvii. Where can I find the most updated version of the conference reporting form to use for my submissions?

The most updated version of the conference reporting form can be found under the Training Resources for award recipients section on the COPS Office Training page at <https://cops.usdoj.gov/training>.

xviii. If I have a question about conference reporting, to whom should I send it?

Send your questions to your designated Program Manager. They are great resources and will be happy to assist you.

xix. Are we expected to have our staff track their time hour for hour for time spent on the event for planning, etc., or are reasonable estimates adequate for cost reporting purposes?

Post-event reports must contain actual costs, not estimates. These costs should include logistical and programmatic planner staff time spent on these activities and any contracted planner costs.

xx. With conference cost reports now being due 30 days after the event, how should we handle costs for invoices that have not been received yet? Many invoices (such as for hotels) are not received within 30 days after the event. Should estimates be included on the cost report?

All conference costs for events held by Cooperative Agreement recipients or contractors costing more than \$20,000, or where more than 50% of attendees are DOJ employees, must be reported within 45 *calendar days after the last day of the event*.

xxi. On the DOJ Conference & Events Submission Form under "A. General Conference Information," is item 19, "Reporting Period," the period in which the actual cost of the event is being reported, or should this be based on the end date of the event?

This reporting requirement is based on the end date of the event. All conference costs for events held by Cooperative Agreement recipients or contractors costing over \$20,000, or where more than 50% of attendees are DOJ employees, must be reported within 45 calendar days after the last day of the event. Example: A COPS Office–approved conference was conducted from 3/16/2021 through 3/20/2021. A completed Conference & Events Submission Form must be submitted, showing the prior approval amounts compared to the actual costs and explaining all variances greater than 10% or \$1,000. Reports should be emailed to the COPS Office Conference Cost email address at COPS.Conferencecosts@usdoj.gov.

Appendix D. Enhancement of Contractor Protection from Reprisal for Disclosure of Certain Information (41 U.S.C. § 4712)

(a) Prohibition of reprisals.--

- (1) In general.--**An employee of a contractor, subcontractor, grantee, or subgrantee or personal services contractor may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing to a person or body described in paragraph (2) information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract or grant, a gross waste of Federal funds, an abuse of authority relating to a Federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract) or grant.
- (2) Persons and bodies covered.--**The persons and bodies described in this paragraph are the persons and bodies as follows:
 - (A)** A Member of Congress or a representative of a committee of Congress.
 - (B)** An Inspector General.
 - (C)** The Government Accountability Office.
 - (D)** A Federal employee responsible for contract or grant oversight or management at the relevant agency.
 - (E)** An authorized official of the Department of Justice or other law enforcement agency.
 - (F)** A court or grand jury.
 - (G)** A management official or other employee of the contractor, subcontractor, or grantee who has the responsibility to investigate, discover, or address misconduct.
- (3) Rules of construction.--**For the purposes of paragraph (1)--
 - (A)** an employee who initiates or provides evidence of contractor, subcontractor, or grantee misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract or grant shall be deemed to have made a disclosure covered by such paragraph; and
 - (B)** a reprisal described in paragraph (1) is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.

(b) Investigation of complaints.--

- (1) Submission of complaint.--**A person who believes that the person has been subjected to a reprisal prohibited by subsection (a) may submit a complaint to the Inspector General of the executive agency involved. Unless the Inspector General determines that the complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant, the Inspector General shall investigate the complaint and, upon completion of such investigation, submit a report of the findings of the investigation to the person, the contractor or grantee concerned, and the head of the agency.

(2) Inspector General action.--

- (A) Determination or submission of report on findings.--**Except as provided under subparagraph (B), the Inspector General shall make a determination that a complaint is frivolous, fails to allege a violation of the prohibition in subsection (a), or has previously been addressed in another Federal or State judicial or administrative proceeding initiated by the complainant or submit a report under paragraph (1) within 180 days after receiving the complaint.
- (B) Extension of time.--**If the Inspector General is unable to complete an investigation in time to submit a report within the 180-day period specified in subparagraph (A) and the person submitting the complaint agrees to an extension of time, the Inspector General shall submit a report under paragraph (1) within such additional period of time, up to 180 days, as shall be agreed upon between the Inspector General and the person submitting the complaint.
- (3) Prohibition on disclosure.--**The Inspector General may not respond to any inquiry or disclose any information from or about any person alleging the reprisal, except to the extent that such response or disclosure is--
 - (A)** made with the consent of the person alleging the reprisal;
 - (B)** made in accordance with the provisions of section 552a of title 5 or as required by any other applicable Federal law; or
 - (C)** necessary to conduct an investigation of the alleged reprisal.
- (4) Time limitation.--**A complaint may not be brought under this subsection more than three years after the date on which the alleged reprisal took place.

(c) Remedy and enforcement authority.--

- (1) In general.--**Not later than 30 days after receiving an Inspector General report pursuant to subsection (b), the head of the executive agency concerned shall determine whether there is sufficient basis to conclude that the contractor or grantee concerned has subjected the complainant to a reprisal prohibited by subsection (a) and shall either issue an order denying relief or shall take one or more of the following actions:
 - (A)** Order the contractor or grantee to take affirmative action to abate the reprisal.
 - (B)** Order the contractor or grantee to reinstate the person to the position that the person held before the reprisal, together with compensatory damages (including back pay), employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.
 - (C)** Order the contractor or grantee to pay the complainant an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the complainant for, or in connection with, bringing the complaint regarding the reprisal, as determined by the head of the executive agency.

Exhaustion of remedies.--If the head of an executive agency issues an order denying relief under paragraph (1) or has not issued an order within 210 days after the submission of a complaint under subsection (b), or in the case of an extension of time under paragraph (b)(2)(B), not later than 30 days after the expiration of the extension of time, and there is no showing that such delay is due to the bad faith of the complainant, the complainant shall be deemed to have exhausted all administrative remedies with respect to the complaint, and the complainant may bring a de novo action at law or equity against the contractor or grantee to seek compensatory damages and other relief available under this section in the appropriate district court of the United States, which shall have jurisdiction

over such an action without regard to the amount in controversy. Such an action shall, at the request of either party to the action, be tried by the court with a jury. - (3) Enforcement of orders.**--Whenever a person fails to comply with an order issued under paragraph (1), the head of the executive agency concerned shall file an action for enforcement of such order in the United States district court for a district in which the reprisal was found to have occurred. In any action brought under this paragraph, the court may grant appropriate relief, including injunctive relief, compensatory and exemplary damages, and attorney fees and costs. The person upon whose behalf an order was issued may also file such an action or join in an action filed by the head of the executive agency.
- (4) Judicial review.**--Any person adversely affected or aggrieved by an order issued under paragraph (1) may obtain review of the order's conformance with this subsection, and any regulations issued to carry out this section, in the United States court of appeals for a circuit in which the reprisal is alleged in the order to have occurred. No petition seeking such review may be filed more than 60 days after issuance of the order by the head of the executive agency. Review shall conform to chapter 7 of title 5. Filing such an appeal shall not act to stay the enforcement of the order of the head of an executive agency, unless a stay is specifically entered by the court.
- (5) Burdens of proof.**--The legal burdens of proof specified in section 1221(e) of title 5 shall be controlling for the purposes of any investigation conducted by an Inspector General, decision by the head of an executive agency, or judicial or administrative proceeding to determine whether discrimination prohibited under this section has occurred.
- (6) Rights and remedies not waivable.**--The rights and remedies provided for in this section may not be waived by any agreement, policy, form, or condition of employment.

- (e) Construction.**--Nothing in this section may be construed to authorize the discharge of, demotion of, or discrimination against an employee for a disclosure other than a disclosure protected by subsection (a) or to modify or derogate from a right or remedy otherwise available to the employee.

Appendix E. 2 C.F.R. Appendix II to Part 200: Contract provisions for nonfederal entity contracts under federal awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable

to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Program income. Gross income earned by the recipient or subrecipient that is directly generated by a supported activity or earned as a result of the Federal award during the period of performance except as provided in § 200.307(c). Program income includes, but is not limited to, income from fees for services performed, the use or rental of real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees, royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. Interest earned on advances of Federal funds is not program income. Except as otherwise provided in Federal statutes, regulations, or the terms and conditions of the Federal award, program income does not include rebates, credits, discounts, and interest earned on any of them. See § 200.407. See also 35 U.S.C. 200-212 “Disposition of Rights in Educational Awards,” which applies to inventions made under Federal awards.

Public Safety Partnership and Community Policing Act of 1994. The COPS Office is charged with fulfilling the mandates of this law. The purposes of the law are to

- increase the number of community policing officers on the beat;
- provide additional and more effective training to law enforcement officers to enhance their problem-solving, service, and other skills needed in interacting with members of the community;
- encourage the development and implementation of innovative programs to permit members of the community to assist law enforcement agencies in the prevention of crime;
- encourage the development of new technologies to assist law enforcement agencies in reorienting the emphasis of their activities from reacting to crime to preventing crime.

Recipient. Recipient means an entity that receives a Federal award directly from a Federal agency to carry out an activity under a Federal program. The term recipient does not include subrecipients or individuals that are participants or beneficiaries of the award.

Research and development. All basic and applied research activities and all development activities performed by a recipient or subrecipient. The term research also includes activities involving the training of individuals in research techniques where such activities use the same facilities as other research and development activities and where such activities are not included in the instruction function. “Research” is the systematic study directed toward fuller scientific knowledge or understanding of the subject studied. “Development” is the systematic use of knowledge and understanding gained from research to produce useful materials, devices, systems, or methods, including designing and developing prototypes and processes.

Subaward. See [https://www.ecfr.gov/current/title-2/part-200/section-200.1#p-200.1\(Subaward\)](https://www.ecfr.gov/current/title-2/part-200/section-200.1#p-200.1(Subaward)).

Subrecipient. See [https://www.ecfr.gov/current/title-2/part-200/section-200.1#p-200.1\(Subrecipient\)](https://www.ecfr.gov/current/title-2/part-200/section-200.1#p-200.1(Subrecipient)).

Supplanting. For the purposes of your COPS Office LEMHWA award, supplanting means replacing state, local, or Bureau of Indian Affairs (BIA) funds that otherwise would have been spent on award purposes with federal COPS Office funds. State, local, and tribal governments are prohibited from supplanting throughout the award period. This means that your agency may not use COPS Office funds to pay for any equipment/technology, services, personnel, or other items which, in the absence of the COPS Office program, would otherwise have been funded with state or local funds or with funds supplied by the BIA. The COPS Office funds must instead be used to supplement, or increase, your budget on award purposes. For additional information on supplanting, please review the award condition titled "Supplementing, Not Supplanting" in this manual.

Supplies. See [https://www.ecfr.gov/current/title-2/part-200/section-200.1#p-200.1\(Supply\)](https://www.ecfr.gov/current/title-2/part-200/section-200.1#p-200.1(Supply)).

System for Award Management (SAM). The SAM database is the repository for standard information about federal financial assistance applicants, recipients, and subrecipients. Organizations that have previously submitted applications via [Grants.gov](https://www.grants.gov) are already registered with SAM, as it is a requirement for [Grants.gov](https://www.grants.gov) registration. Please note, however, that applicants must update or renew their SAM at least once per year to maintain an active status. Information about registration procedures can be accessed at www.sam.gov.

Unallowable costs. Charges to a Federal award that the Federal agency or pass-through entity determines to be unallowable in accordance with applicable Federal statutes, regulations, the provisions of this part, or the terms and conditions of the Federal award.

Unique Entity Identifier. The Unique Entity Identifier (UEI) is a 12-character alpha-numeric value which, once issued, will not change. A unique entity identifier is required of all applicants for COPS Office awards and must be updated every year in SAM.gov. This number will be used by the Federal Government to better track award recipient information throughout the award cycle and to provide consistent name and address data for electronic award application systems.
