April 18, 2011

Dear Colleague:

The Office of Community Oriented Policing Services (COPS) is pleased to announce that we will be accepting grant applications for the Fiscal Year (FY) 2011 **COPS Hiring Program (CHP)**. Subject to funding availability, approximately \$200 million may be available under FY 2011 CHP for the hiring and rehiring of additional career law enforcement officers.

The FY 2011 CHP solicitation will open on May 2, 2011. The application deadline will be **May 25, 2011, at 8:59 PM, EDT**. Please note that applications for this program must be submitted in two parts. First, applicants must apply online via www.grants.gov to complete the SF-424, which is a government-wide standard form required for competitive grant application packages. The SF-424 is intended to reduce the administrative burden to the Federal grants community, which includes applicants/grantees and Federal staff involved in grants-related activities. Once the SF-424 has been submitted, you will receive an e-mail from the COPS Office with instructions on completing the second part of the CHP application through the COPS Office Online Application System found on the COPS Office website at www.cops.usdoj.gov. Applications must be submitted via the COPS Office Online Application System by **8:59 PM, EDT, on May 25, 2011** to be considered for FY 2011 CHP funding.

CHP is a competitive grant program that provides funding directly to law enforcement agencies having primary law enforcement authority to impact their community policing capacity and problem solving efforts.

CHP grants provide 100 percent funding for approved entry-level salaries and benefits for 3 years (36 months) for newly-hired, full-time sworn officer positions (including filling existing unfunded vacancies) or for rehired officers who have been laid off, or are scheduled to be laid off on a specific future date, as a result of local budget cuts. There is no local match requirement or cap on the amount of funding that can be requested per officer position, but CHP grant funding will be based on your agency's current entry-level salary and benefits packages. Any additional costs for higher than entry-level salaries and fringe benefits will be the responsibility of the grantee agency. All agencies' requests will be capped at no more than 5% of their actual sworn force strength reported in their application, up to a maximum of 50 officers. The request of any agency with a sworn force strength less than or equal to 20 will be capped at one officer.

At the conclusion of federal funding, grantees must retain all sworn officer positions awarded under the CHP grant for a minimum of one year (12 months). The retained CHP-funded position(s) should be added to the grantee's law enforcement budget with state and/or local funds, over and above the number of locally-funded positions that would have existed in the absence of the grant.

The COPS Office looks forward to working with your agency. If you would like more information or require technical assistance during the solicitation process, please contact the COPS Office Response Center at 1.800.421.6770.

Sincerely,

Bernard K. Melekian
Director

Before Preparing Your Application

The COPS Office wants to ensure that your agency has sufficient time to complete your FY 2011 CHP application once the solicitation opens. We strongly recommend that your agency begin preparations for submitting your application at this time. To minimize delays in submitting your application, please take some time now to address the following items.

- Register at www.grants.gov to apply for federal funding. In order to apply for a grant, your organization must complete the Grants.gov registration process. The registration process can take between three to five business days or as long as four weeks if all steps are not completed in a timely manner. Therefore, you should register early. You must have a Data Universal Numbering System (DUNS) number and be registered with the Central Contractor Registration (CCR) database to begin your application with Grants.gov. For additional instructions on how to register with Grants.gov please visit http://www.grants.gov/applicants/get_registered.jsp.
- All Applicants must have a Data Universal Numbering System (DUNS) number prior to submitting an application for COPS funding. A DUNS number is a unique nine or thirteen-digit sequence recognized as the universal standard for identifying and tracking entities receiving federal funds. Please note that obtaining a DUNS number may take one to two business days. To obtain or verify your DUNS number, please call 1.866.705.5711 or visit www.dnb.com/us.
- All Applicants must be registered with the Central Contractor Registration (CCR) database prior to submitting an application for COPS funding. The CCR database is the repository for standard information about federal financial assistance applicants, recipients, and sub-recipients. Applicants must maintain an active CCR registration with current information at all times during the grant application process and, if awarded, the grant award period. If you have an active CCR registration that is set to expire before September 30, 2011, you must renew your CCR registration before completing the application. Please note that the CCR verification process may take up to two weeks to complete. To register or to verify that your CCR registration has not expired, please visit www.ccr.gov.
- Applicants should note that all recipients of awards of \$25,000 or more under this solicitation, consistent with the Federal Funding Accountability and Transparency Act (FFATA), will be required to report award information on any first-tier subawards totaling \$25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. If applicable, the FFATA Subaward Reporting System (FSRS), accessible at www.fsrs.gov, is the reporting tool recipients under this solicitation will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on www.USASpending.gov associated with the prime award, furthering Federal spending transparency. **Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the applicable reporting requirements should it receive funding.**
