If you do not currently have an ORI number, the COPS Office will assign one to your agency for the purpose of tracking your grant. ORI numbers assigned to agencies by the COPS Office may end in "ZZ."

B.Applicant Data Universal Numbering System (DUNS) Number: 076949197

A Data Universal Numbering System (DUNS) Number is required. SECTION 6A: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

COPS Office grants must be used to reorient the mission and activities of law enforcement agencies through initiating community policing or enhancing their involvement in community policing. If awarded funds, your responses to this section will constitute your agency's community policing plan under this grant. Your organization may be audited or monitored to ensure that it is initiating or enhancing community policing in accordance with this plan. The COPS Office may also use this information to understand the needs of the field, and potentially provide for training, technical assistance, problem solving and community policing implementation tools.

We understand that your community policing needs may change during the life of your grant (if awarded), and **minor changes to this plan may be made without prior approval from the COPS Office**. We also recognize that this plan may incorporate a broad range of possible community policing strategies and activities, and that your agency may implement particular community policing strategies from the plan on an as-needed basis throughout the life of the grant. **If your agency's community policing plan changes significantly, however, you must submit those changes in writing to the COPS Office for approval.** Changes are "significant" if they deviate from the range of possible community policing activities identified and approved in this original community policing plan submitted with your application.

SECTION 6A: LAW ENFORCEMENT & COMMUNITY POLICING STRATEGY

Community Policing Definition Framework

The following is the COPS Office definition of community policing that emphasizes the primary components of community partnerships, organizational transformation, and problem solving.

Community policing is a philosophy that promotes organizational strategies, which support the systematic use of partnerships and problem-solving techniques, to proactively address the immediate conditions that give rise to public safety issues, such as crime, social disorder, and fear of crime.

The COPS Office has completed the development of a comprehensive community policing self-assessment tool for use by law enforcement agencies. Based on this work, we have developed the following list of primary sub-elements of community policing. Please refer to the COPS Office website (www.cops.usdoj.gov) for further information regarding these sub-elements.

<u>Community Partnerships:</u> Collaborative partnerships between the law enforcement agency and the individuals and organizations they serve to both develop solutions to problems and increase trust in police.	<u>Organizational Transformation:</u> The alignment of organizational management, structure, personnel and information systems to support community partnerships and proactive problem-solving efforts.	<u>Problem Solving:</u> The process of engaging in the proactive and systematic examination of identified problems to develop effective responses that are rigorously evaluated.

SECTION 7: NEED FOR FEDERAL ASSISTANCE

A. Waivers of the Local Match

Section Not Applicable to 2011 COPS Application Attachment

B. Explanation of Need for Federal Assistance

All applicants are required to address the need for federal assistance. In the space below, please provide a brief explanation of your agency's inability to address your public safety needs and implement this project without federal assistance.

[Please limit your response to a maximum of 3,000 characters.]

Montebello Unified School District (MUSD) has suffered serious cutbacks due to the financial crisis in the state of California. A total of \$30 million dollars (roughly 28%) of our operating budget has been cut from July 2008 to present. Between the 2008-2009 and 2010 and 2011 school years, our per-pupil revenue decreased from \$6,200 to \$4,400 per student. These financial constraints restrict our ability to address our public's safety needs and implement a comprehensive community policing strategy without federal assistance. With resources scarce, we are no longer able to rely as heavily on the expertise and support of our community partners, LA County Office of Education, Departments of Child and Family Services, Mental Health, and Probation, neighboring police departments from the cities of Bell Gardens, Commerce, and Montebello, as well as the LA County Sheriff's Department. MUSD and the School Police Department lack the manpower and expertise to implement a comprehensive community policing strategic plan. Grant funds will be utilized to hire technical assistance to provide support in analyzing current systems, policies, and practices; align systems with community policing principles; provide training to our department; conduct comprehensive security assessments; evaluate our efforts – including process, outcome and fidelity evaluations; and to create a sustainability plan to ensure activities can continue beyond the funding period. Mandated budget cuts prevented us from purchasing the equipment necessary to improving safety conditions at our schools. We do not have the funds to purchase the tools necessary to prevent, mitigate, and respond to the growing number of violent incidents on and around our school properties. We lack the equipment to enhance interoperability and communications within the department, with neighboring police departments, and among city, county, and state Emergency Operations Centers. We have not been able to afford additional security cameras and related monitoring systems for our schools. The need for an enhanced camera system was identified by school personnel, parents, and the community at-large as a safety concern on a recent survey. The results from this survey reported that the lack of security cameras impeded the police departments' ability to successfully perform their duties and keep their children safe. Stakeholders insisted the presence of security cameras would decrease the public's fear of a crime committed on school property, as well as inhibit an offenders' confidence in committing a crime without being caught. The SOS grant funds will allow the department to purchase hand-held and walk through metal detectors for four high schools, as well as install camera systems and related monitoring equipment at all school sites that do not currently have these systems (22 total schools).

SECTION 8: CONTINUATION OF PROJECT AFTER FEDERAL FUNDING ENDS

B. Continuation of Project after Federal Funding Ends (for other COPS grants with no retention plan requirement)

Please complete these questions to indicate any plans you may have to continue this program, project, or activity after the conclusion of federal funding

SECTION 9: SCHOOL SAFETY ASSESSMENT

Agencies which have conducted a school safety assessment within the last three years must answer questions 1-5 regarding the assessment. If your agency has not conducted a school safety assessment within the last three years, your agency must answer questions 6-11, but these questions will be focused on the assessment that will be conducted during the grant implementation period. Your agency may request funding through this grant application to conduct a school safety assessment. Please note, your agency may request other allowable items and is not limited to solely funding a school safety assessment.

5. Did the assessment include any staff, teacher, student, or parent survey data related to school climate?

Yes No

If yes, please describe the survey instrument your agency used. Answers are limited to 1000 characters.

Assessments included one-on-one interviews with school site personnel, including administrators, security, custodians, and front office staff. The interviews provided a qualitative understanding of the daily operations in the school building and compliance with district policies on access control and student supervision. Formal surveys were conducted with a random sampling of employees utilizing the California Healthy Kids Survey and the National Evaluation Team's School Climate Survey. These surveys assessed participants' current level of safety concerns, as well as school-student related issues, such as bullying, fighting, drugs, etc. The surveys ascertained perceptions of school climate and connectedness to the school by individuals who work at the school. Administrators at each school site also completed an emergency preparedness survey to get a snapshot of the current level of emergency preparedness and understanding of response protocols.

SECTION 14: BUDGET DETAIL WORKSHEETS

Instructions for Completing the Budget Detail Worksheets

The following Budget Detail Worksheets are designed to allow all COPS grant and cooperative agreement applicants to use the same budget forms to request funding. Allowable and unallowable costs vary widely and depend upon the type of COPS program. The maximum federal funds that can be requested and the federal/local share breakdown requirements also vary.

Please refer to the program-specific Application Guide to determine the allowable/unallowable costs, the maximum amount of federal funds that can be requested, and the federal/local share requirements for the COPS program for which your agency is applying. To assist you, sample Budget Detail Worksheets are included in each Application Guide.

Please complete each section of the Budget Detail Worksheets applicable to the program for which you are applying (see the program-specific Application Guide for requirements). If you are not requesting anything under a particular budget category, please check the appropriate box in that category indicating that no positions or items are requested.

All calculations should be rounded to the nearest whole dollar. Once the budget for your proposal has been completed, a budget summary page will reflect the total amounts requested in each category, the total project costs, and the total federal and local shares.

If you need assistance in completing the Budget Detail Worksheets, please call the COPS Office Response Center at 800.421.6770.

SECTION 14: BUDGET DETAIL WORKSHEETS

Instructions: This worksheet will assist your agency in reporting your agency's current entry-level salary and benefits and identifying the total salary and benefits request per officer position for the length of the grant term. Please list the current entry-level base salary and fringe benefits rounded to the nearest whole dollar for one full-time sworn officer position within your agency. Do not include employee contributions. (Please refer to the program-specific Application Guide for information on the length of the grant term for the program under which you are applying.)

Special note regarding sworn officer fringe benefits: For agencies that do not include fringe benefits as part of the base salary costs and typically calculate these separately, the allowable expenditures may be included under Part 1, Section B. Any fringe benefits that are already included as part of the agency's base salary (Part 1, Section A of the Sworn Officer Budget Worksheet) should not also be included in the separate fringe listing (Part 1, Section B).

Please refer to the program-specific Application Guide for information about allowable and unallowable fringe benefits for sworn officer positions requested under the program to which your agency is applying.

C. EQUIPMENT/TECHNOLOGY

Instructions:List non-expendable items that are to be purchased. **Provide a specific description for each item and explain how the item supports the project goals and objectives as outlined in your application.** Non-expendable equipment is tangible property (e.g., technology) having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Expendable items should be included either in the “**SUPPLIES**” or “**OTHER**” categories. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially for high-price items and those subject to rapid technical advances. Rented or leased equipment costs should be listed in the “**CONTRACTS / CONSULTANTS**” category.

Please be advised that, to the greatest extent practical, all equipment and products purchased with these funds must be American-made.

For agencies purchasing items related to enhanced communications systems, the COPS Office expects and encourages that, wherever feasible, such voice or data communications equipment should be incorporated into an intra- or interjurisdictional strategy for communications interoperability among federal, state, and local law enforcement agencies.

See the [program-specific Application Guide](#) for a list of allowable/unallowable costs for this program. Agencies are encouraged to limit their requests to the lines shown below and group similar items together so that all items are accounted for on the budget worksheet for each category. However, if your agency requires more lines please check the available box. Please limit your descriptions to 1000 characters.

Item Name	Computation (# of Items/Units X Unit Cost)	Per Item SubTotal	Description
Surveillance cameras	(90 X 250)	\$22,500.00	MSPD and MUSD are requesting funds to purchase security cameras and related monitoring systems for the 22 school sites that currently do not have any surveillance systems. The results from the security and vulnerability assessments indicated that 22 of MUSD school sites do not have surveillance equipment, which limits the ability of the school sites and the school police department to both deter and investigate crime. The camera systems will be utilized for both prevention and investigation by the school sites and school police department. All cameras purchased through the grant will be fixed cameras. The locations may vary slightly at each school site, but we expect cameras to be placed at the main entrance in the front and in the back of the school, as well as the parking lot and play area. A chart delineating the number of cameras, monitors, and DVRs that will be placed at each of the identified school sites is included in the attachments.

Security Monitors	(22 X 1000)	\$22,000.00	MSPD and MUSD are requesting funds to purchase security cameras and related monitoring systems for the 22 school sites that currently do not have any surveillance systems. The results from the security and vulnerability assessments indicated that 22 of MUSD school sites do not have surveillance equipment, which limits the ability of the school sites and the school police department to both deter and investigate crime. The monitors for each system will be placed in the Administrator's Office at each school site, and all appropriate personnel (police, administrators, security, district officials) will have access to the cameras via secure internet access.
DVR	(22 X 1500)	\$33,000.00	MSPD and MUSD are requesting funds to purchase security cameras and related monitoring systems for the 22 school sites that currently do not have any surveillance systems. The results from the security and vulnerability assessments indicated that 22 of MUSD school sites do not have surveillance equipment, which limits the ability of the school sites and the school police department to both deter and investigate crime. The DVR will record the images and retain them for a 30-day period. The school police department and school district will implement protocols to back up all recordings from the cameras and retain the information for a 12-month period. Images relating to criminal activity will be retained for a longer period of time as specified by law enforcement and judicial authorities.

Narrow band capable portable radios	(100 X 750)	\$75,000.00	The Montebello School Police Department and Montebello Unified School District are requesting funding for 100 narrow band portable radios. The results from emergency drills and emergency preparedness evaluation indicated that school sites do not have communication devices that are reliable and able to effectively communicate with staff on school campus, the school police department, the school district, or neighboring schools. The radios purchased through this grant will be licensed through the FCC and connect to the repeater towers in the communities where the schools reside. This will ensure interoperability and communication in a crisis as well as day to day operations at each individual school site. The radios will be distributed to administrators, custodians, security personnel, front office staff, and school nurses at each of the 29 MUSD school sites.
VHF Vehicle Radios for Police Units	(9 X 4000)	\$36,000.00	The Montebello School Police Department and Montebello Unified School District are requesting funding for nine VHF vehicle radios for police units to meet interoperability standards of our County and State Emergency Operations Center.
Hand-held metal detectors	(10 X 350)	\$3,500.00	The MSPD and MUSD are requesting funding for weapons screening equipment, which will include ten hand held metal detectors and four walk-through metal detectors. The need for weapons screening equipment is based on the results from the Security and Vulnerability Assessments, as well as an analysis of school district incident reports and police department crime statistics, which has revealed an increase in the number of incidents of students bringing weapons onto school campus. The cost for the hand-held metal detectors is \$350 per unit for a total of \$3,500. Each high school will receive two hand-held metal detectors, except for Vail High School, which will receive 4 hand-held metal detectors. Training will be provided to school police officers, campus security officers, and school administrators on the proper usage of all weapons screening equipment.

Walk-through metal detectors	(4 X 5000)	\$20,000.00	The MSPD and MUSD are requesting funding for weapons screening equipment, which will include ten hand held metal detectors and four walk-through metal detectors. The need for weapons screening equipment is based on the results from the Security and Vulnerability Assessments, as well as an analysis of school district incident reports and police department crime statistics, which has revealed an increase in the number of incidents of students bringing weapons onto school campus. The cost for the walk-through metal detectors is \$5,000 per unit for a total of \$20,000. One walk-through metal detector will be placed at each of the four high schools (Bell Gardens, Montebello, Schurr and Vail)
		Equipment/Technology Total: \$212,000.00

Marketing materials will include posters for each school site and community partners, brochures for students and their parents, and magnets for families in the community. The materials will include information on the department's mission statement and values, where to anonymously report criminal activity or complaints, and emergency contact information for the district and community. The brochures will also include information such as "Warning Signs my Child is Involved with a Gang," "Signs of Drug and Alcohol Abuse," and "Tips for Keeping Children Safe" (at school, on the way to and from school, at home, etc.). The cost of the materials is based on previous marketing campaigns: 100 posters at \$6 per poster, 12,700 magnets \$0.15 each,. 15,000 brochures at \$0.50 each.
		Supplies Total: \$10,012.00	

E. TRAVEL/TRAINING

Instructions: Itemize grant-related travel expenses of grantee personnel (excluding consultants, whose expenses are listed in Section F) by event (e.g., mandatory training, staff to training, field interviews, advisory group meetings). Identify the location of travel whenever possible, and show the number of staff expected to attend each event. Training fees, transportation, lodging and per diem rates for trainees should be listed as separate travel items. Grantee travel costs specific to the grant project may be based on the grantee's written travel policy, assuming the costs are reasonable. Grantees without a written travel policy must follow the established federal rates (found at www.gsa.gov) for lodging, meals, and per diem. For all grantees (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available). Note: Any local training costs (within a 50-mile radius) should be listed under Section G ("Other Costs").

Several provisions of federal law and policy apply to all grant programs. The Office of Community Oriented Policing Services needs to secure your assurance that the applicant will comply with these provisions. If you would like further information about any of these assurances, please contact your state's COPS Grant Program Specialist at 800-421-6770.

By signing this form, the applicant assures that it will comply with all legal and administrative requirements that govern the applicant for acceptance and use of federal grant funds. In particular, the applicant assures us that:

1. It has been legally and officially authorized by the appropriate governing body (for example, mayor or city council) to apply for this grant and that the persons signing the application and these assurances on its behalf are authorized to do so and to act on its behalf with respect to any issues that may arise during processing of this application.
2. It will comply with the provisions of federal law, which limit certain political activities of grantee employees whose principal employment is in connection with an activity financed in whole or in part with this grant. These restrictions are set forth in 5 U.S.C. § 1501, et seq.
3. It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, if applicable.
4. It will establish safeguards, if it has not done so already, to prohibit employees from using their positions for a purpose that is, or gives the appearance of being, motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business or other ties.
5. It will give the Department of Justice or the Comptroller General access to and the right to examine records and documents related to the grant.
6. It will comply with all requirements imposed by the Department of Justice as a condition or administrative requirement of the grant, including but not limited to: the requirements of 28 CFR Part 66 and 28 CFR Part 70 (governing administrative requirements for grants and cooperative agreements); 2 CFR Part 225 (OMB Circular A-87), 2 CFR 220 (OMB Circular A-21), 2 CFR Part 230 (OMB Circular A-122) and 48 CFR Part 31.000, et seq. (FAR 31) (governing cost principles); OMB Circular A-133 (governing audits) and other applicable OMB circulars; the applicable provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended; 28 CFR Part 38.1; the applicable COPS Application Guidelines; the applicable COPS Grant Owner's Manuals; and with all other applicable program requirements, laws, orders, regulations, or circulars.
7. It will, to the extent practicable and consistent with applicable law, seek, recruit and hire qualified members of racial and ethnic minority groups and qualified women in order to further effective law enforcement by increasing their ranks within the sworn positions in the agency.
8. It will not, on the ground of race, color, religion, national origin, gender, disability or age, unlawfully exclude any person from participation in, deny the benefits of or employment to any person, or subject any person to discrimination in connection with any programs or activities funded in whole or in part with federal funds. These civil rights requirements are found in the non-discrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (42 U.S.C. § 3789d); Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Indian Civil Rights Act (25 U.S.C. §§ 1301-1303); Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); Title II, Subtitle A of the Americans with Disabilities Act (ADA) (42 U.S.C. § 12101, et seq.); the Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.); and Department of Justice Non-Discrimination Regulations contained in Title 28, Parts 35 and 42 (subparts C, D, E, G and I) of the Code of Federal Regulations.
 - A. If your organization received an award between \$25,000 and \$500,000 and has 50 or more employees, your organization still has to prepare an EEO, but it does not have to submit the EEO to OCR for review. Instead, your organization has to maintain the EEO on file and make it available for review on request. In addition, your organization has to complete Section B of the Certification Form and return it to OCR. If your organization received an award for less than \$25,000; or if your organization has less than 50 employees, regardless of the amount of the award; or if your organization is a medical institution, educational institution, nonprofit organization or Indian tribe, then your organization is exempt from the EEO requirement. However, your organization must complete Section A of the Certification Form and return it to OCR.
9. Pursuant to Department of Justice guidelines (June 18, 2002 Federal Register (Volume 67, Number 117, pages 41455-41472)), under Title VI of the Civil Rights Act of 1964, it will ensure meaningful access to its programs and activities by persons with limited English proficiency.
10. It will ensure that any facilities under its ownership, lease or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency' (EPA) list of Violating Facilities and that it will notify us if advised by the EPA that a facility to be used in this grant is under consideration for such listing by the EPA.
11. If the applicant's state has established a review and comment procedure under Executive Order 12372 and has selected this program for review, it has made this application available for review by the state Single Point of Contact.

12. It will submit all surveys, interview protocols, and other information collections to the COPS Office for submission to the Office of Management and Budget for clearance under the Paperwork Reduction Act of 1995 if required.

13. It will comply with the Human Subjects Research Risk Protections requirements of 28 CFR Part 46 if any part of the funded project contains non-exempt research or statistical activities which involve human subjects and also with 28 CFR Part 22, requiring the safeguarding of individually identifiable information collected from research participants.

14. Pursuant to Executive Order 13043, it will enforce on-the-job seat belt policies and programs for employees when operating agency-owned, rented or personally-owned vehicles.

15. It will not use COPS funds to supplant (replace) state, local, or Bureau of Indian Affairs funds that otherwise would be made available for the purposes of this grant, as applicable.

16. If the awarded grant contains a retention requirement, it will retain the increased officer staffing level and/or the increased officer redeployment level, as applicable, with state or local funds for a minimum of 12 months following expiration of the grant period.

17. It will not use any federal funding directly or indirectly to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law ratification, policy or appropriation whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy or appropriation as set forth in the Anti-Lobby Act, 18 U.S.C. 1913.

18. In the event that a portion of grant reimbursements are seized to pay off delinquent federal debts through the Treasury Offset Program or other debt collection process, it agrees to increase the non-federal share (or, if the awarded grant does not contain a cost sharing requirement, contribute a nonfederal share) equal to the amount seized in order to fully implement the grant project.

False statements or claims made in connection with COPS grants (including cooperative agreements) may result in fines, imprisonment, disbarment from participating in federal grants or contracts, and/or any other remedy available by law.

I certify that the assurances provided are true and accurate to the best of my knowledge.

Elections or other selections of new officials will not relieve the grantee entity of its obligations under this grant.
